challenges in conducting family-centered mental health services research, children with emotional or behavioral or mental disorders & their families, 43344
challenging behavior services for people with intellectual disabilities, heads of health districts, England, 2001
childhood behavior disorders & attentional difficulties & antisocial personality disorder, males vs female alcoholics vs polysubstance abusers, 35798
Children's Behavioral Classification Project Inventory brief form & factor analysis for behaviorally based classification of emotional disorders, 6–13 yr olds, 14300
cognitive & academic functioning & social competence & externalizing problem behaviors & school history, 2nd–4th graders at high vs moderate vs low risk for behavior disorders, 13833
cognitive & emotional behaviors, 1–51 yr old males with autistic vs nonautistic subtype of fragile X syndrome, 4509
cognitive status & presence of physical or verbal aggressiveness & agitation & other behavior problems, elderly nursing home residents, Australia, 13379

conceptual model for understanding comorbid learning & emotional/behavioral disorders & related identification & assessment & intervention issues, students, 35434
concurrent validity of Minnesota Multiphasic Personality Inventory-2 & Personality Assessment Inventory Spanish versions, Hispanics with behavior or mental disorders (mean age 41.99 yrs), 37434
contextual determinants in sense of control, 11–18 yr olds with externalizing vs internalizing disorders, 7872
correlations between WISC-III & PPVT—R, 6–16 yr olds with mental or learning disability or behavior disorder, 28417
counseling as related service of Individuals with Disabilities Act, students with emotional or behavioral disorders, 13898
covariation of anxious-depressed syndrome & other syndromes of emotional & behavioral problems, 11–19 yr olds, 19088
descriptive & functional assessment based curricular intervention, classroom behavior & task performance, 7–9 yr olds with emotional & behavioral disorders, 17225
development & treatment & prevention practices of & assessement in McGill Infant Psychiatry program, 15–48 mo olds with behavior disorders & their parents, 35731
development of problem behavior database for professionals working with persons with intellectual disabilities, 10234
developmental delays & SES, clinical presentation of ADHD, Black & White children diagnosed with behavior or learning disorder or speech delay, South Africa, 8357
developmental framework of onset & stability of clinical symptomatology of behavior disorder, Lifetime Alcohol Problems Score as example, 39175
developmental perspectives on dual diagnosis of mental retardation & emotional & behavioral disorders, children, literature review, translated article, 22668
diagnostic classification as ADHD or emotionally or behaviorally disordered & actual classroom placement decisions, 2nd–4th graders referred for assessment, 13843
direct instruction vs cooperative vs independent learning instructional practices, on task & disruptive behavior, behaviorally disordered male 3rd graders, 17239
disruption of group cotherapy processes by members' anxiety & aggression, ability to contain & transform destructive impulses, children with aggressive & disruptive behavior problems, 32256
divalproex treatment with vs without neuroleptic, 62–86 yr olds with dementia & behavioral disturbances, conference presentation, 43257
early detection & prevention in school-based service systems, children with or at risk for emotional & behavioral disorders, 1204
easy vs difficult academic tasks, time on-task & disruptive behaviors, 9 & 12 yr old male students with severe emotional & behavioral problems, 2222
effectiveness of functional assessment, target behaviors, students with emotional & behavioral disorders, 17228
evaluation of combined classroom model, 4th & 5th graders with vs without learning disabilities or emotional & behavioral disorders, 2225
exposure to earthquake & relocation from disaster zone, development of PTSD & depression & behavioral difficulties, 11–13 yr olds, Armenia, 2.5 yr followup, 11907
family circumstances & individual characteristics & adolescent peer affiliations, continuity & change in disruptive behavior patterns, adolescents, 16-yr study, New Zealand, 19280
FIRO-B Wanted Inclusion & Affection & Total scores, discrimination of successful graduation from peer-culture residential program, male 13–17 yr olds with behavior disorders, 20264
foster care &/vs special education for emotional or behavioral disorders, school related problems, students, 17245
functional assessment techniques in school based multicomponent intervention, challenging behaviors, 5 yr old male with autism, Ireland, 9989
functional communication & choice making training, 22 mo to 4 yr olds with developmental disabilities & severe aberrant behavior maintained by positive vs negative reinforcement, 8873
functional strategy assessment, evaluation of academic instructional approaches, emotionally & behaviorally disordered 3rd & 4th graders, 13836
gay-related stressful life events & emotional distress & self-esteem & multiple behavior problems, predominantly Black or Hispanic male homosexual & bisexual 14–19 yr olds, 3471
genetic factors in childhood & adolescent behavioral disorders, 22964
interspersal of known items & multiple response error correction in treatment package, teaching of sight words, 12 & 13 & 16 yr old middle school students with moderate mental retardation & severe behavior disorders, 13815
legal & policy developments for special education, emotionally & behaviorally disordered students, 13857
literary text-based course in emotional & behavioral disorders vs professional text approach, attitudes toward teaching children with emotional or behavioral disorders, preservice teachers, 40354
measurement & predictability & control of aggressive behavior, students with emotional & behavior disorders, 17247
methodological issues in neuroleptic treatment response study, elderly with dementia & associated behavior problems, 36484
methods & current status & usefulness of social validation in research on treatments, students with emotional or behavioral disorders, 17236
methylphenidate &/vs desipramine, behavioral symptoms & mood, hospitalized 7–12 yr olds with ADHD &/vs mood disorder & conduct or oppositional defiant disorder, 12951
multiple family groups, addressing behavioral difficulties of children, urban families & their children, 16557
nature & extent of social & professional support, emotionally or behaviorally disordered 3–28 yr olds & their 20–72 yr old parents, 11848
original & simplified habit reversal procedures, children with habit disorders, literature review, 4888
parental disclosure of child psychosocial problems, identification & intervention by family physicians, parents & physicians of 3–10 yr olds, 39949
perceived efficacy of intervention strategies, teachers of students with behavior disorders, 43679
perception of role & activities in & implementation of strength based program for families with children with severe emotional & behavioral disabilities, rural child case management staff, 5316
perceptions of junior high inclusion pilot program based on teacher & student collaborative teams, parents of students with learning disabilities or behavior disorders, 43686
pharmacological manipulation of CSF kynurenic acid, neurobehavioral disturbances in & therapeutic perspectives on Huntington's disease, 12688
pharmacotherapy of behavioral disturbances, patients with dementia, literature review, 39907
physical activity & behavioral approach, disruptive behavior disorders, 8–13.5 yr old males with behavior disorders, 42480
preparation of teachers & other professionals & measurement program effectiveness & future research needs, children & youth with emotional & behavior disorders, 17113
presenting problems & appropriateness of prereferral educational interventions & ethnic & gender differences in referral rates, elementary school students at risk for emotional or behavioral disorders, 13820
prevalence of emotional & behavioral disorders & mental health service utilization, 9–17 yr old homeless & poor housed youths, 38909
prevalence of psychiatric disorders & maladaptive behaviors, 20–29 vs 60–79 yr olds with severe & profound mental retardation, 26803
psychometric assessment of social disability construct, male 6–17 yr olds with ADHD, 8345
psychometric assessment of social disability construct, male 6–17 yr olds with ADHD, commentary and reply, 31441

reduction of youth to staff ratios, protection vs termination from placements & subsequent cost estimates & treatment outcomes, troublesome 9–16 yr olds in voluntary residential care, 16896
relation between taxonomic & quantitative diagnostic systems with focus on disruptive disorders, 2–5 yr olds with disruptive &/or other psychological disorder, 15803
reliability & validity of Behavior Checklist & prevalence & correlates of behavior disorder, 2.5–5 yr olds, New Zealand, 2615
reliability & validity of Disruptive Behavior Rating Scale-Teacher Version, teachers of 5–10 yr old students, 25055
repetitive motor patterns & object manipulation & behavioral rigidities & tactile defensiveness, 7–14 yr olds with developmental disabilities & autism, 26744
reported use of classroom behavior management strategies & student–teacher interaction, teachers of 5–15 yr old students with serious behavior disorders, 17230
research issues & needs in determination of long-term effectiveness of social skills training, students with emotional & behavioral disorders, 17237
research issues & needs regarding teacher use of classroom management strategies, students with emotional & behavioral disorders, 17229
rest vs tone vs RT, CSF monoamine metabolites & ACTH & corticotropin releasing factor & heart rate & skin conductance, children & adolescents with obsessive compulsive vs disruptive behavior disorders, 7814
restrictiveness of behavioral placement, language deficits, 6–12 yr old students with behavioral disorders in a day school program vs residential treatment center, 40481
role of early childhood intervention, prevention of behavior disorders, at risk children, 16428
role of maternal depression in mother–child interactions, depressed mothers & their 6–11 yr olds with externalizing or internalizing behavior disorder, 39156
routine & unstructured socializing activities & deviant behavior, 18–26 yr olds, 16106
schedule induction & entrainment in experimental & classroom settings, 8 & 12 & 13 yr olds with severe mental retardation & challenging behaviors, 8859
school based consultative intervention program, academic on task behavior & compliance in regular education classrooms, 7–18 yr old elementary & middle & high school students with behavior disorders, 13842
school exclusion vs in-school suspension & prevention model for development of school based social skills, behaviorally disturbed students, literature review, 1975–95, 20671
self evaluation & videotape feedback, peer interactions, 6th–8th graders with externalizing & internalizing behavior problems, Canada, 13825
self-management intervention requiring alternating written vs verbal responses, response efficiency & learning rates, 10–11 yr old males with behavior disorders, 33555
self management strategies, disruptive off task behavior & self concept & generalization & maintenance of treatment gains, 13–14 yr olds with behavior disorders, 32155
sex & age & minority status, risk for suicidal ideation or attempt or oppositional-defiance or aggression related emergency room visits, cohort under age of 16 yrs, 10 yr study, 8148
sex & race & other variables moderating teacher's decision to refer students to school psychological assessment service, 4–18 yr olds with developmental or severe behavioral handicap, 37129
sleep–wake patterns, 3–21 yr olds with mental retardation & severe behavior disorders, 31481
stability of behavioral & emotional problems, 13–16 yr olds, 8 yr followup, commentary, letter, 19123
stability of behavioral & emotional problems, 13–16 yr olds, 8 yr followup, commentary reply, letter, 19119
standards for classroom behavior of behaviorally disordered students, elementary & secondary school teachers across cascade of special education placements, 13848
state certification requirements for teachers of students with emotional or behavioral disorders, 40352
structural analysis & assessment based intervention, treatment of aggressive & noncompliant behavior, male 4 yr old at-risk for behavioral disorder, 32178
structural model for appropriate adult functioning & outcome, males with disruptive behavior disorders released from residential treatment center, 2 & 5 yr & 24th birthday followups, 5336
structural vs functional criteria in & utility of DSM-IV, children & adolescents with mental retardation or disruptive behavior or anxiety disorders, 15826
student views of current & future outcomes of interpersonal social interactions, 3rd & 6th & 8th graders with vs without behavioral disorders, 39160
teacher instructional language & negative reinforcement, students with emotional & behavioral disorders, 5703
use of comprehensive school-based wraparound services for students with or at risk for behavioral &/or emotional needs, 40498
use of medication for ADHD, elementary & middle & senior high school students with emotional & behavioral disorders, 13042
variant vs high-probability request sequences, compliance with low-probability requests to initiate interaction with social peer, 4 & 5 yr olds with emotional-behavioral disorders, 16530
whole blood serotonin, 7–18 yr olds with mood disorders vs behavior disorders treated with vs without serotonin reuptake inhibitors vs other psychotropic drugs, 22664
1-yr prevalence rates of psychiatric disorder, 15–64 yr olds, Canada, 30790

Behavior Modification [See Also Behavior Therapy, Biofeedback Training, Classroom Behavior Modification, Contingency Management, Fading (Conditioning), Omission Training, Self Management, Time Out]—Serials

abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24400
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24394
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24382
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, erratum, 5454
assessment-based antecedent intervention, alleviation of problem behaviors in sheltered workshop setting, female 26 yr old with severe retardation, case report, 36308
assessment of effects of level of behavioral treatment of pica & aggression, adults & child with developmental disabilities, 43009
behavior problems, escape extinction vs functional communication training intervention fidelity & probability of durable behavior change, developmentally disabled 8 & 9 & 17 yr olds & their teachers, 27222
behavioral intervention &/vs methylphenidate, disruptive behavior & task engagement, 6 & 7.5 & 11 yr old males with severe to profound mental retardation, 8701
behavioral modification program, sleep problem extinction, severely learning disabled children (mean age 7.2 yrs) with severe & lifelong night-settling & night-waking, 13123
behavioral monitoring, physical activity & psychosocial determinants of exercise behavior, adult females, 32738
behavioral relaxation training, short & long term memory & incidental learning, adults with severe intellectual disabilities, 16534
behavioral self-management technique, parental ratings of homework-related improvements assessed at baseline vs 6 vs 12 wks vs 11 mo posttreatment, 6–14 yr olds, 24553
behavioral teaching procedures to teach name printing skills, 6–14.2 yr olds with mental retardation, 9981
behavioral treatment, multiply controlled problem behavior, 6 yr old male with mild developmental delays & severe aggressive behavior, 8866
brief cognitive behavioral Primary & Secondary Control Enhancement Training program, elementary school children with mild to moderate depression, 39711

brief vs extended zone discrimination reinforcer assessment procedure, 1–9 yr olds with feeding disorders, 4884
characteristics & treatment & outcome of household vs non-household aggression toward other dogs, pet dogs, 6531
characteristics of incontinence & effectiveness of behavioral therapies, cognitively intact homebound elderly, 20053
chewing gum treatment of rumination, 15 yr old female with bulimia & anorexia nervosa & esophagitis, case report, 43011
combined medical & positive reinforcement & response cost treatment approach, encopresis, 4 yr old female & 5 yr old male, 13134
competence-based supported routines, self injury, 13 & 18 yr old males with profound mental retardation, 1744
computer-based behavioral self control training, change in drinking behavior, nonalcoholic heavy drinkers, 40165
conditioned & unconditioned stimuli, appetitive motivation & cardiac response, adult male rats, 34372
consequent stimuli, stereotypical & self injurious behavior, 9 yr old male & 20 yr old female with severe developmental disabilities & sensory impairments, 27226
cost benefit analysis of regional behavior intervention support teams vs standard service system, clients with intellectual disabilities, Australia, 1739
degree of intellectual disability & frequency of target behavior, DRO, literature review, 32181
delivery time of verbal & graphic feedback &/or praise, recording of reinforcer delivery & client's problem behavior, direct care trainers working with mentally retarded persons, 33207
desmopressin & behavior oriented bladder retention training, primary nocturnal enuresis, 5–15 yr olds, implications for psychological & psychosocial factors, 5182
differential reinforcement of compliance & continuous prompting with vs without physical guidance & demand fading, aggression & self injury & disruption, 11 yr old male with autism & mild retardation, 16540
effectiveness of multimethod assessment & behavioral intervention, 7 yr old male with school refusal, 12846
effectiveness of nurse directed coronary risk factor modification program, female coronary artery bypass surgery patients, 13180
effectiveness of response contingent vs noncontingent vs pharmacological vs antecedent control procedures, problem behavior, individuals with mental retardation, meta analysis, 1968–1994, 36178
efficiency & durability & generality of treatment effects in group errorless compliance training, parents & their 4–5 yr olds with developmental disabilities & severe oppositional behavior, 19830
ethical use of media & abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary reply, 24398
extinction with vs without functional communication training, problem behaviors, 19 yr old male with severe developmental disabilities, 16541
food vs obsessions with inanimate objects as reinforcers with vs without mild reductive procedures, reduction of inappropriate behavior, 5.5–6.10 yr old children with autism, 8856
framework for addressing emotional needs & cognitive themes & behavioral strategies via rehabilitation counseling, consumers with Cluster B personality disorders, 40151
functional assessment & comprehensive intervention in the design and implementation of effective behavioral support, students with severe disabilities & behavior problems, commentaries included, 33536
functional assessment techniques in school based multicomponent intervention, challenging behaviors, 5 yr old male with autism, Ireland, 9989
group behavior modification, coping with fear of long term complications, patients with diabetes mellitus, 16735
habit reversal intervention, pain, patients with temporomandibular disorder, 20048
habit reversal intervention, pica, 6 yr old male with normal intelligence, 19838
health belief model & social cognitive theory behavior intervention, AIDS knowledge & sexually transmitted diseases & condom use, female commercial sex workers & their pimps & male clients, Indonesia, 9309
immediate vs long term strategies & explanations for intervention with stereotypy of self injurious or aggressive or other challenging behavior of intellectually disabled, nursing staff, UK, erratum, 16897
implementation of comprehensive family support process, behavioral improvement in family routines, family of 14 yr old female with intellectual disability & problem behaviors, 23786
in vivo desensitization & self-modeling, reduction of fear & physiological arousal, 29 yr old female with PTSD & child phobia, 23749
individual vs group instruction from behavior management consultants, control over K–3rd graders with chronic behavior problems in class, teachers, 13682
integration of pharmacologic & behavioral treatment methods for reducing or preventing pain & distress associated with different phases of medical procedures, children, implications for practice, 42882
intensive behavioral treatment with negative reinforcement contingencies, 2.8 & 3 & 3.5 yr olds with food refusal, 8853
Judeo-Christian Biblical behavior modification examples, implications for therapy, 1741
laboratory methods & measures used in research on behavioral momentum, application to high-probability procedure for establishing compliance in clinical setting, research review, 16537
laboratory methods & measures used in research on behavioral momentum, application to high-probability procedure for establishing compliance in clinical setting, research review, commentary, 16532
methylphenidate vs improved parent &/or teacher attention, children with ADHD, 8702
multicomponent behavioral intervention, behavior during routine intraoral exam & prophylaxis, 25–41 yr old males with mild to severe mental retardation, 8870
multicomponent competence enhancement vs information/attention control school-based prevention program, problem solving & social skills, 1st–4th graders with disruptive behavior, 2 yr study, 36296
multicomponent small group intervention, reduction of self injurious hand mouthing & increase of rate of engagement with daily activities, adults with mental retardation, 4885
multimodal & integrative treatment based on nonaversive approaches, self injurious behavior, profoundly retarded male 16 yr old, 16542
multiple behavioral intervention, smoking cessation, 30 & 34 yr old male smokers, longitudinal study, 16971
multiple dose methylphenidate & attentional training, behavior & neurocognitive performance, 6 yr old dizygotic twin females with ADHD, 12724
noncontingent delivery of arbitrary reinforcers, self-injurious behavior, 34 & 44 yr olds with profound mental retardation, 39139
noncontingent reinforcement & omission contingency to avoid extinction bursts & incidental reinforcement, 13 yr old female with severe aggression, 32179
noncontingent reinforcement/satiation vs stimulus competition vs liquid rescheduling, rumination, 46 yr old male with developmental disabilities, 32182
parent-conducted intervention, 6–12 yr old males with ADHD, 31941
pathogenesis of & behavior modification & other treatments for obesity, 42668
perceptions of type of behavioral interventions & program outcomes & impressions of mentally retarded individual with severe self injury, university students, 32149
physical activity & behavioral approach, disruptive behavior disorders, 8–13.5 yr old males with behavior disorders, 42480
pivotal response training implemented by multiple peers, social behavior, 7 & 8 yr old males with autism, 32168

Planned Activities Training, mother & child behavior, mothers of children with autism or ADHD or Down syndrome or developmental delay, 12847
portable auditory feedback device, reduction of excessive vocal loudness, 24 yr old male & 60 yr old female with mild mental retardation, 36303
positive reinforcement, decreased running away from institution, 45 yr old male with Down's syndrome dementia, case report, 24244
presentation of video vignette of aggressive individual, acceptability of positive reinforcement vs negative consequences, adults working with persons with developmental disabilities, 19831
prevocational training project with behavior modification system, work habits over course of 10 wks, male adolescent inpatients with moderate to severe emotional disturbances, 4 yr study, 20358
problems with Skinner's definition of verbal community behavior reinforcement illustrated by esoteric Buddhist concepts, 30576
prompting & repetition & reinforcement procedure, gestural yes-no responding, profoundly mentally retarded 32–33 yr old females, 27217
psychodynamic approach to case formulation & treatment planning with emphasis on role of conflict & integration of cognitive & behavioral strategies, 24 yr old male, case report, commentary, 32080
regional behavior intervention support team intervention, treatment of challenging behavior, referred clients with intellectual disabilities, Australia, 1740
reinforcement & shaping & superstitious behavior, ongoing verbal behavior, adults, 6322
reinforcement vs punishment method of decreasing sedentary behavior, activity choice, obese 8–12 yr olds, 23739
relaxation therapy & behavioral counseling, 20–40 yr old males with duodenal ulcer, 32665
reported use of classroom behavior management strategies & student–teacher interaction, teachers of 5–15 yr old students with serious behavior disorders, 17230
response contingent interruption prompting of stereotypic behavior, on-task behavior, 9–31 yr olds with severe intellectual disability & autism, 16531
response interruption & differential reinforcement, hand-mouthing behavior, 66 yr old profoundly mentally retarded male, 19833
restraint vs no restraint method, maintenance of safety & therapist effort & quality of life, severely intellectually impaired 4 yr old female with pica, 43007
retention control training as preliminary treatment to increase functional bladder capacity, 4–5 vs 7–8 yr olds with primary nocturnal enuresis in families with vs without history of enuresis, 9230
review of behavioral interventions in HIV prevention & sexual health education fields, evaluation methods & design of intervention studies, commentary, letter, 14466
scheduled awakenings, elimination of sleepwalking, 6 yr old male & 12yr-old male & 7 yr old female, 36301
school based consultative intervention program, academic on task behavior & compliance in regular education classrooms, 7–18 yr old elementary & middle & high school students with behavior disorders, 13842
school-wide behavioral support system, office referral rates for problem behavior, 6th & 7th & 8th grade middle school students & staff & faculty, 33513
self-control intervention program, eating & relaxing behaviors, 37 & 42 & 47 yr old females with Type A behavior pattern & physical/psychosomatic symptoms, Japan, 8872
self control, 18–21 yr olds with Type A behavior pattern, implications for behavior modification, 7733
self-injury & aggression & delay in reinforcement & mand training & extinction, 15-yr-old female with autism & severe mental retardation, case report, 42647
sequential habit reversal treatment with awareness training & self monitoring & social support & competing response, 8–12 yr olds with chronic motor tics, 16544
structural analysis & assessment based intervention, treatment of aggressive & noncompliant behavior, male 4 yr old at-risk for behavioral disorder, 32178
systematic replication strategy intervention, school refusal behavior, 10 yr old female with separation anxiety disorder & social phobia, 19829
token economy vs cognitive modification, learning problems & conduct disorder, 8–12 yr olds, 32164
training & generalization of contextually appropriate affective behavior, autistic 11.3–18.9 yr olds, 1 mo followup, 8863
use of behavior modification & externalizing techniques in family therapy, children with soiling problems, 27274
variant vs high-probability request sequences, compliance with low-probability requests to initiate interaction with social peer, 4 & 5 yr olds with emotional-behavioral disorders, 16530
verbal & written & graphic information vs verbal process information, process & outcome behavior, instructors & 5 yr old male with autism, conference presentation, 23735

Behavior Problems—Serials

aberrant behaviors as risk factors for rehospitalization, schizophrenic patients, 40145
abnormal local cerebral glucose metabolic rates, traumatically brain injured 12–59 yr olds with long term behavioral & cognitive deficits, 1–5 yr followup, 1575
acceptability of behavioral vs traditional assessment procedures for externalizing problem behaviors, school psychologists, 40499
acting up & self-destructive behavioral reactions & somatic complaints before & during & after therapist's vacation, hospitalized female 14–45 yr olds with borderline personality disorder, 19755
adaptive functioning & communication & daily living skills, behavioral problems, Asian vs Afro Caribbean vs European 5-16 yr olds with special needs, 7784
adolescent behavior problems & adverse home upbringing conditions & parental illness & substance abuse & adult criminality, premature mortality, 18 yr old males, Sweden, longitudinal study, 8165
age & child & mother reported symptomatology, self perception, male vs female 8–12 yr olds with behavioral & emotional problems, 22984
age & severity & group parent training, improvement of child behavior, mothers of 2–16 yr olds with behavior problems, 4931
age & sex & experience of abuse, patterns & frequency & object of behavior problems, 3–10 yr old witnesses of family violence, Canada, 8093
age & sex & type of school, social & behavior problems, Arabic speaking vs bilingual 14–17 yr olds, Algeria, 22105
age & sex, factor structure & scale characteristics of shortened version of Social Competence & Behavior Evaluation Scale, 3–6 yr olds, US vs Canada, 14243
age at entry & quality of day care & family characteristics, psychological maladjustment & behavioral problems, 4–5 yr olds attending excellent vs average vs low quality day care centers, Canada, 35111
agreement on Student Guided Functional Assessment Interview, 10–13 yr old students with ADHD & other behavior problems & their teachers, instrument appended, 31436
alcoholic beverage preferences, alcohol-related behavioral & social problems, literature review, 15558
application of diagnostic label ADHD vs emotional & behavioral difficulties on children, teachers & school administrators & educational psychologists & parents, 23166
application of functional analysis/assessment procedures for severe/common classroom behavior problems, implications for school psychology, literature review, 2256
aromatherapy &/vs massage, disturbed behavior, 74–91 yr olds with severe dementia, 32605
assessment-based antecedent intervention, alleviation of problem behaviors in sheltered workshop setting, female 26 yr old with severe retardation, case report, 36308
assessment of psychological impairment & dangerous or unacceptable behaviors & relationship problems, institutional vs community care needs, 18–65 yr old psychiatric inpatients, Canada, 24194
attachment based on reunion behavior with mother, problem behavior, 3–5 yr olds, Canada, 2 yr followup, 7355

attachment classification, parent & playgroup interactions & behavior problems & achievement test performance, 7 yr olds 1st observed at 18 & 30 mo of age, 29871
attitudes toward special education programs in self contained vs mainstreamed settings for students with emotional & behavioral disorders, school district personnel, 5 yr followup, 2227
attitudes toward working environment & training background & responses to challenging behavior, 18–51 yr old day time direct care staff working with severely learning disabled clients, UK, 5338
authoritarianism & conformity & value orthodoxy, self reported misconduct, law enforcement officers, 38770
ban on cigarette smoking in inpatient unit, behavior, psychiatric patients immediately after ban vs 2 yrs later, 20291
basketball training, maladaptive behavior, trainable 10–14 yr olds with mental retardation, Turkey, 28067
behavior & depression & self esteem, sexually abused 5–15 yr olds, Australia, 5 yr followup, 31274
behavior analysis of child behavior & development, mentally retarded & normal children with normal & problem behavior & their mothers, 8855
behavior problems & social & self-care & community living skills, patients aged over 60 yrs with schizophrenia or schizoaffective disorder vs bipolar disorder vs major depression, 42190
behavior problems, escape extinction vs functional communication training intervention fidelity & probability of durable behavior change, developmentally disabled 8 & 9 & 17 yr olds & their teachers, 27222
behavior problems measured by Time-based Behavioral Disturbance Questionnaire, actigraphic measures of sleep–wake activity, 56–88 yr olds with Alzheimer's disease, 39502
behavior problems reported by mothers, Jewish vs Palestinian 2–4 yr old males vs females, Israel, 16003
behavioral & psychological control, protection from negative influence of problem peers, 12–14 yr old African Americans & their mothers, 18590
behavioral disturbance & apolipoprotein E epsilon 4 allele, elderly patients with Alzheimers disease, letter, 23445
behavioral intervention &/vs methylphenidate, disruptive behavior & task engagement, 6 & 7.5 & 11 yr old males with severe to profound mental retardation, 8701
behavioral intervention with vs without methylphenidate, inappropriate behavior & sleep disturbance, male 6 yr old with ADHD, 31963
behavioral risk factors for injury, 4–18 yr olds with intellectual disabilities, Australia, longitudinal study, 26810
behavioral treatment, multiply controlled problem behavior, 6 yr old male with mild developmental delays & severe aggressive behavior, 8866
birth order & gender & parent reported behavior problems, chronically ill children & healthy siblings, 35744
Brief Structural/Strategic Family Therapy, treatment outcome on behavior problems & alcohol & drug use, African American & Hispanic high risk 12–14 yr olds, 43044
causes & characteristics of problem behavior, adopted adolescents, Netherlands, literature review, 29713
changes in heritability & severity of parent reported internalizing vs externalizing behavior problems, 5–15 yr old identical vs fraternal twin pairs, Norway, 18569
child based &/or family centered &/or contextual factors as risk for behavior problems, children, literature review, 42449
child neglect with vs without abuse, academic achievement & school disciplinary problems, elementary vs junior high vs high school students, 4262
childhood & early adolescent behavior problems, sexual intercourse patterns, 10th & 11th grade students, 2 yr study, implications for health risk, 7383
childhood behavior precursors of schizotypal personality disorder diagnosed in adolescence or adulthood, male vs female 9–20 yr olds, longitudinal study, Denmark, 19262
childhood conduct problems, mental disorders & criminal records, 30 yr old males vs females, Sweden, 26400
childrearing practices & stress & adjustments & perception of child behavior problems, fathers vs mothers of preschoolers with externalizing behaviors, 7501
child's sex & age & type of problem, perceived responsibility for & treatment acceptability of child's emotional/behavioral maladjustment, parents, 15885
choice making during domestic & vocational activities, problem behavior & task engagement & student affect, 14–21 yr old high school students with intellectual disabilities, 17244
choice vs assignment of preferred vs nonpreferred tasks, work performance in a vocational classroom setting, male 11–13 yr olds with developmental disorders & behavior problems, 31415
choosing academic assignments, undesirable behaviors, male 7 yr old with ADHD, 33420
chronicity of troubled parent child interactions during parental efforts to control child, externalizing problem behavior, toddlers observed at 27 &/vs 33 mo, 7502
citalopram, 60–99 yr olds with dementia & behavioral disturbances, 23917
clarification & research needs, educators working with vulnerable children with emotional & behavioral problems, literature review, 8122
classroom based social skills training program with coaching & social problem solving approaches, social skills & acceptance & problem behaviors, 9–12 yr olds with learning disabilities, Canada, 28088
classroom behavioral problems arising from misunderstandings of cognitive styles, students of cultural background different from norm of school, 13785
classroom intervention strategies, management of behavioral disturbances & cognitive deficits, traumatic brain injured children & adolescents, 17233
clonidine, problem behaviors, 3–14 yr olds with fragile X syndrome, 5188
co-occurring vs not co-occurring internalizing & externalizing behavior problems, parental reasoning for clinical referral, 12–16 yr old psychiatric inpatients, 35438
cognitive & academic functioning & social competence & externalizing problem behaviors & school history, 2nd–4th graders at high vs moderate vs low risk for behavior disorders, 13833
cognitive & behavioral deficits, children of alcoholic parents or exposed prenatally to alcohol, literature review, 42547
cognitive & behavioral deterioration & quality of life, 60–90 yr olds with chronic cerebrovascular disorders vs noninsulin dependent diabetes mellitus vs hypertension, 19502
cognitive functioning & early problem severity & sex & expressive language ability & parent practices & stress, predicting externalizing behavior, preschoolers–1st graders & mothers & teachers, 16023
community based parent training program, reduction of children's conduct problems & promotion of social competence & increasing parent social support, low income parents, 43398
community context & parenting quality & involvement with peers, adolescent adjustment & problem behavior, rural single-parent families with 8th or 9th graders, 3481
comorbidity of behavioral & emotional & cognitive problems, 12–17 yr olds, Netherlands, 38915
comorbidity of depressive symptoms & conduct problems & alcohol & drug abuse, 12–21 yr old junior & senior high school students, implications for attempted suicide, 23006
comorbidity with psychiatric symptoms & disruptive behavior disorders, juveniles (mean age 12.6 yrs) with obsessive-compulsive disorder, 31075
comparative & interactive effects of teacher &/vs peer attention using functional assessment techniques, problem behaviors in general education settings, male 1st–4th graders, 2200
comprehensive classroom behavior management program, academic performance & on task behavior & teacher ratings & satisfaction, emotionally & behaviorally disturbed elementary & high school students, 13813

control beliefs, emotional reactions to inattentive-overactive & aggressive-oppositional child behaviors, high vs low control mothers of 7–10 yr old males & college students without children, 18976
convergent & divergent validity of fear/uncertainty & attention & aggressive behavior & restlessness scales of Amsterdam Child Behavior Checklist, elementary school students, Netherlands, 2533
course of attention vs conduct problems, 10–22 yr olds assessed since 4–16 yrs old, 7184
course of emotional & behavioral problems, 5 yr olds, 6 yr followup, Australia, 30800
cross cultural differences & behavior problems reported by parents, 6–17 yr olds, 12 countries, 42440
cross cultural generalizability of Child Behavior Checklist & factor analyses of cross informant syndromes, 4–16 yr olds referred to mental health services, Netherlands & France, 34002
cross-cultural generalizability of 8 cross informant Youth Self-Report & Teacher's Report Form, 5–18 yr olds with behavior problems & their teachers, Netherlands, 17638
cultural context of parenting & therapist sensitivity in parent training for child behavior problems, African & Asian & Latino & Native Americans, 4882
current clinical view of ADHD & model incorporating prefrontal lobe executive functions that explains associated cognitive & behavioral deficits, 42588
day treatment/school program, behavioral & academic improvement, 7.8–13.3 yr olds with severe psychiatric disorders, 9 mo followup, 16921
debriefing strategy & transition step for promotion of proactive & preventative behavior, students, 43612
delusions & hallucinations & agitation & dysphoria & anxiety & euphoria & apathy & disinhibition & irritability & motor behavioral abnormalities & changes, Alzheimer's disease patients, 19628
description & evaluation of summer school for children with learning disabilities & challenging behavior, mothers & teachers & project workers & volunteers, 28074
development & validity & reliability of Toddler Behavior Screening Inventory, assessment of toddler behavior problems, mothers, 25003
development of therapeutic relationship & possible impact of managed care on treatment, 11 yr old emotionally deprived male referred for disruptive behavior & suicide threats, 8807
differences in parental reports of ADHD & speech & reading & behavior problems, 4–12 yr old twin &/vs siblings, Australia, 7802
differential reinforcement, inappropriate behavior & self-esteem, students with emotional & behavioral disorders (mean age 12.3 yrs), 17240
differential reinforcement of compliance & continuous prompting with vs without physical guidance & demand fading, aggression & self injury & disruption, 11 yr old male with autism & mild retardation, 16540
differential reinforcement tokens, disruptive classroom behavior, 5.5–6.8 yr olds with mental &/or physical handicaps, 33530
discipline strategies, mothers vs fathers of hard to manage 25–41 mo olds, 35103
distressing stimuli, regulation & emotionality & physiological reactivity & problem behaviors, K–3rd graders, 7321
disturbed thoughts vs social withdrawal vs depression vs antisocial behavior, symptoms & social functioning, community dwelling vs acute vs long stay schizophrenic 19–60 yr olds, England, 7964
divalproex sodium for behavioral management, cognitive status, 63–74 yr old patients with dementia, 32511
domestic violence, behavior problems, children of females at family violence shelters, implications for social constructivist intervention, 42475
drug treatment & clinical features of behavioral symptoms of Alzheimer's disease, 67 & 83 & 87 yr olds, 36059
DSM-IV vs empirically based assessment approach to child & adolescent behavioral-emotional problems, 4227
early mother child co-construction of separation-reunion narrative, children's concurrent & later emotion narratives & behavior problems, 4.5 yr olds & their mothers, 1 yr followup, 22126
easy vs difficult academic tasks, time on-task & disruptive behaviors, 9 & 12 yr old male students with severe emotional & behavioral problems, 2222
EEG assessment of electrophysiological differences, 7–13 yr olds with ADHD vs undifferentiated ADD vs disruptive disorder, commentary reply, 35880
EEG assessment of electrophysiological differences, 7–13 yr olds with ADHD vs undifferentiated ADD vs disruptive disorder, commentary, letter, 35872
EEG assessment of electrophysiological differences, 7–13 yr olds with ADHD vs undifferentiated ADD vs disruptive disorder, 16132
effectiveness of response contingent vs noncontingent vs pharmacological vs antecedent control procedures, problem behavior, individuals with mental retardation, meta analysis, 1968–1994, 36178
Ego Control & Ego Resiliency & the Five-Factor Model of Personality, behavioral & emotional problems, 7–17 yr old mental health clinic-referred outpatients, 39150
evaluation of specialist community support teams for adults with learning disabilities & challenging behavior, 16850
evolution & comorbidity of childhood-onset psychosis, 14 yr old male followed from age 12 with history of problems in behavior & mood & reality testing, case report, 22837
explanations for & severity of student behavior problems & experience level, preference for positive vs negative interventions, teachers, 33375
exposure to high vs low political violence & family negativity & sex, behavioral problems, Palestinian 6–9 vs 12–15 yr olds & their mothers, Israel, 8108
exposure to marital conflict, coping responses & self esteem & adjustment & problem behavior, preadolescents, 18605
externalizing vs internalizing behavior problems & student sex differences in referral for mental health services, 1st–3rd grade teachers, 28113
extinction with vs without functional communication training, problem behaviors, 19 yr old male with severe developmental disabilities, 16541
Families & Schools Together school based early intervention program using community organization & family & play therapy techniques, elementary school students with behavior problems, 43717
families' definition & current challenges & successful approaches & helpful information, problem behavior, families with mentally retarded member, 4428
family & marital conflict, behavioral functioning, 11.3–15.1 yr olds, replication, 8095
family environment & psychological well being, school adjustment & problem behavior, 12–16 yr olds, Hong Kong, 17206
family functioning & conflict & temperament, resilience vs vulnerability to internalizing vs externalizing behavior problems & aggression rated by teachers vs mothers vs independent Os, 2–5 yr olds, 7382
family management & maternal attachment vs deviant peers, delinquency & substance use & sanctioned misbehavior, 9–14 yr old children of parents in methadone treatment for heroin addiction, 26614
family relationships, adolescent social competence & cognitive agency & externalizing behavior, nondivorced vs stepfather families with 9–13 yr old children, 38540
family-school collaboration in dealing with problem children, 17 yr old student, implications for changed roles for school counselors, 28120
father's alcoholism & son's disruptiveness & mother's parenting, early-onset substance abuse, 13 yr old males with vs without alcoholic fathers & with vs without behavior problems, 19363
food vs obsessions with inanimate objects as reinforcers with vs without mild reductive procedures, reduction of inappropriate behavior, 5.5–6.10 yr old children with autism, 8856

FR vs continent schedule of compliance with mands & functional communication training, destructive behavior function, male 12 & 15 yr olds exhibiting self-injury & aggression & property destruction, 39134
frequency & severity of behavior problems in classroom, at-risk male &/vs female K–6th graders, 33496
frequency of & early onset of gambling involvement & experiences & problematic gambling behaviors, American Indian vs non-Indian 14–19 yr olds, impact of gambling availability, 19314
frontal EEG asymmetry & sociability, maladaptive behavior, 4 yr olds interacting in play quartets, 7325
frontal hemisphere EEG activity & neuropsychological testing, prediction of antisocial personality disorder & self ratings of childhood behavior problems, 21–25 yr old males with antisocial traits, 12112
functional analysis & noncontingent reinforcement with vs without extinction, male 3 & 7 & 9 olds with severe problem behaviors, 32157
functional analysis & peer interventions, disruptive classroom behavior, 7–9 yr old males with behavior problems, 33381
functional assessment & comprehensive intervention in the design and implementation of effective behavioral support, students with severe disabilities & behavior problems, commentaries included, 33536
functional assessment of problem behaviors & binge eating disorder, literature review, 26825
gender & health & personnel & therapeutic issues & cultural learning in wilderness therapy program, behaviorally problematic & emotionally disturbed 13–15 yr olds, New Zealand, 13088
genetics & environment & regulation patterns & internalization & externalization of control, behavior problems, 5 yr old monozygotic & dizygotic twins, 7391
group counseling intervention, behavioral adjustment, male 2nd & 5th–6th graders exhibiting disruptive behavior, 33577
group intervention focused on planning & perseverance at prosocial behavior & flexibility, 2nd graders with & without emerging behavior problems, 33385
guidelines for responding to & management of student misbehavior, school principals & teachers, 24639
heart focused anxiety & illness beliefs & behavioral impairment, healthy heart anxious vs cardiac vs orthopedic surgery patients, 4513
heart surgery using total circulatory arrest vs continuous low flow cardiopulmonary bypass, behavior problems & development at age 1 & 2.5 yrs, children with d-transposition of great arteries, 32680
high-preference single-digit mathematics problem completion, multiple-digit mathematics problem performance, female 14–15 yr olds in alternative school for academic & social noncompliance, 39131
home environment, behavior problems, preschool urban & rural children, India, 29874
hyperactive & conduct problems as risk factors for adolescent development, 6 & 7 yr old males, 9 yr followup, England, 8170
hyperactivity & antisocial & neurotic behaviors as dimensions of problem behaviors, 7 yr old males, Hong Kong, longitudinal study, 8117
hyperactivity/attention & aggressiveness/conduct problems, school based adaptive functioning, 7–12 yr olds, 3.5 yr followup, 3403
identification of assessment procedures to treat severe behavior problems of clients with mental retardation, practitioners, 26805
immediate vs long term strategies & explanations for intervention with stereotypy of self injurious or aggressive or other challenging behavior of intellectually disabled, nursing staff, UK, erratum, 16897
implementation of comprehensive family support process, behavioral improvement in family routines, family of 14 yr old female with intellectual disability & problem behaviors, 23786
implementation of Comprehensive Services Act in rural Virginia, youth with emotional &/or behavioral problems, 24149
incidence of behavior problems & home environment & family background, 6–11 yr olds, India, 8160
inclusion of peer social attention in functional assessment & effectiveness of assessment based intervention, rates of inappropriate & on task behavior in classroom, 6 yr old male, 16533
ineffective parenting, conduct problems, 6–13 yr olds with vs without callous or unemotional traits, 23010
infant & parent characteristics & sociodemographic characteristics, development of preschool disruptive behavior, low SES 17–36 yr old mothers & infants, 5 yr study, 26629
infant attachment & cognitive functioning & anger & distress & sex & family relations as predictors of internalizing & externalizing problems, 7 yr olds & mothers, 7 yr study, conference presentation, 38398
infant temperament, behavior problem development, 1.5 yr olds & their mothers & teachers, 10 yr study, 29875
influence of internalizing problems through socialization vs differences in biological & cognitive & social-emotional development on problem behaviors, females vs males from infancy through school entry, 16026
inhibitory control as measured by stop signal task, 6–12 yr olds with ADHD or behavior problems, 42162
initial emotional & behavioral effects of intrafamilial & extrafamilial sexual abuse, 3–5 yr old females, 8138
initiation & completion latencies of compliance with parental commands, 2–10 yr olds with behavior problems, 32175
intensive behavioral treatment with negative reinforcement contingencies, 2.8 & 3 & 3.5 yr olds with food refusal, 8853
interactions & behavior problems, children of dysphoric 20–42 yr old females, 3–5 yr followup, 4091
interinformant agreement on Motivation Assessment Scale across topographies of challenging behavior, 8-16 yr olds with severe intellectual disabilities, 6006
interparental conflict & internalizing & externalizing problems, 5–18 yr olds, meta analysis, 38846
interpersonal treatment model for psychotherapy with young children, 3 yr old male with emotional & behavioral disorders, 1690
interrater reliability of Behavior Pathology in Alzheimer's Disease Rating Scale, 58–90 yr olds with dementia, US vs France, 21115
interspersal drills & practice ratios, acquisition & generalization of multiplication or division facts, 10–12 yr olds with learning disabilities or behavioral-emotional handicaps, 3995
intuitive parenting vs reflecting on own parenting behavior & infant health & behavior problems, 21–41 yr old mothers, 41899
length of time in orphanage, behavior problems & developmental status & attachment, adopted Romanian 3–5 yr olds, Canada, 29715
length of time in orphanage, eating & medical & stereotyped behavior problems, adopted Romanian children (mean age 31.5 mo), Canada, 29709
level of urbanization, prevalence of conduct problems, 13-19 yr olds, Norway, 4302
likelihood of seeking help from general practitioners for common childhood physical vs behavioral problems, mothers of 9–18 mo olds attending clinics in less vs more affluent areas, UK, 8707
massage therapy communication of positive regard, challenging & disturbed behavior, 23 yr old female with severe learning disability, case report, 5128
maternal punishment &/vs reasoning, delay of misbehavior recurrences, mothers & their 25–38 mo olds, erratum, 30175
maternal punishment &/vs reasoning, delay of misbehavior recurrences, mothers & their 25–38 mo olds, 930
meaning of locus of control & other control-related constructs, children with learning &/or behavior problems, implications for counseling, 32018
measurement of problem behaviors in persons with dementia & caregiver observations, 42794

mental health & behavior problems & incidence of child abuse, 8 yr old offspring of mothers at psychosocial risk studied since birth, Sweden, 26362
methylphenidate, attention & behavior problems, 7- & 8-yr-olds with Williams Syndrome, case study, 19965
methylphenidate, normalization of behavior & indirect influence on behavior of peers, 6.1–11.9 yr olds with ADHD & tic disorder & behavior problems & their classmates, 36487
model of behavioral inhibition deficit in ADHD & relation to working memory & self regulation of affect & internalization of speech & reconstitution & motor control & fluency & syntax, 16122
modified curriculum to fit student interests & produce meaningful & reinforcing outcomes, problem behavior & on-task responding, developmentally disabled 9–13 yr old students, 24667
moral/conventional distinction & emotional attributions, children with emotional & behavior problems with vs without psychopathic tendencies, 31177
mother child interaction & disruptive child behavior & maternal characteristics, maternal facilitation of problem solving, children & their mothers, 3639
mother's inconsistent vs consistent discipline & positive vs negative feedback, misbehavior, 18–32 mo olds, 22080
move from hospital to small community unit, quality of life, 33–57 yr old males with learning disabilities & challenging behavior, longitudinal study, England, 1961
multicomponent competence enhancement vs information/attention control school-based prevention program, problem solving & social skills, 1st–4th graders with disruptive behavior, 2 yr study, 36296
multiple family groups, addressing behavioral difficulties of children, urban families & their children, 16557
need for more specialized care & lack of caregiver & psychiatric diagnosis, decision to admit to nursing home due to disruptive behavior problems, relatives of elderly nursing home residents, 5341
need for specialized hospital services for challenging behavior, 17–69 yr old mentally retarded residential care clients, 16914
negative maternal control & family stress, hard to manage 4 yr old males, 5 yr study, 26603
neuroleptic drugs, change in developing & resolving disruptive behavior, nursing home residents with dementia with vs without complications vs other psychiatric disorder, 32685
newly opened pupil referral unit, pupils with emotional & behavioral problems & teachers & special needs coordinators, 43688
noncontingent presentation of attention & alternative stimuli, attention-maintained destructive behavior, mentally retarded 11 & 16 yr old males, 39145
norms & reliability & validity of Behavior Assessment System for Children, assessment of emotional disorders & personality constructs & behavior problems, 4–18 yr olds, 6046
olanzapine, 9 & 10 yr old males with externalizing disruptive behaviors, letter, 43144
oligoantigenic diet vs methylphenidate, behavior, 6–12 yr olds with hyperactive-disruptive behavior disorder, 42892
owner characteristics & interactions & prevalence of canine behavior problems, dog owners, 6498
parent & child & family factors as determinants of mental health service need & utilization, general population sample of 4–18 yr olds & their parents, Netherlands, 40005
parent child relations, autonomous behavior & risk for externalizing behavior problems & delinquency, African American vs Hispanic 10–15 yr old males, 16017
parent reported problems of behavior & development during childhood & adolescence, young adults adopted as babies vs as older children with satisfactory vs adverse baby care, 34917
parent training, compliance, 7 & 9 yr old males with behavior problems & their mothers, 39720
parental appraisal & patterns of behavior problems, 7–14 yr old males vs females with Down's syndrome & their parents, England, 4–5 yr follow up, 16176
parental behaviors & family stress levels & persistence of childhood problem behaviors, problem toddlers & preschoolers labeled at risk for psychopathology & their parents, 19273
parental chronic illness & family processes, child coping strategies & internalizing behavior problems, families with fathers with hemophilia, 26892
parental discipline & children's externalizing behavior problems, African vs European American mothers & their preschoolers, 4 yr study, 7317
parental presence vs absence in early family environment, endocrine stress responses & behavior patterns, male vs female 2 mo to 58 yr olds, 8 yr study, West Indies, 11419
parental psychiatric status & maltreatment, neuromotor functioning & behavior problems, 7–15 yr olds, 1 yr study, 35404
parental psychological vs behavioral control of children & associations with adolescent & preadolescent problem behaviors, 25845
parental vs self report of emotional & behavioral problems on Child Behavior Checklist, 2–16 yr olds & their parents, Iceland, 4003
parental warmth & control, sibling differences in internalizing vs externalizing behavior, 1–11 yr old siblings & their mothers vs fathers, 11571
Parents' Checklist vs Child Behavior Checklist & method of communication, detection of emotional & behavioral problems, parents of deaf children, England, 31934
parents' rearing practices & fearfulness & problem behaviors, clinically referred 8–18 yr olds & their parents, Netherlands, 15817
paternal alcoholism & maternal socioeconomic position, behavior problems & pubertal maturation & sexual behavior & school adjustment, 10–11 yr old males, 4 yr study, 25889
paternal antisocial behavior & degree of contact between father & child, conduct problems, 6–13 yr old mental health clinic outpatients, 8169
patient level of cognitive & behavioral dysfunction & caregiver gender & mental & emotional health, perceived burden & social support, caregivers of patients with Alzheimer's disease, 32950
patients' challenging behaviors & physical impairments & psychiatric disorders, caregivers of 18–76 yr olds with learning disabilities, England, 19457
patterns of behavior problems, 3 yr olds, 5 yr followup, England, 38409
perceived accuracy of informants for information about children's emotional & behavioral problems, parents (mean age 31.57 yrs), 26358
perceptions of emotional & behavior difficulties in children & young adults & consequences of diagnosis, teachers & educational psychologists, 8131
perceptions of own parenting, sociomoral reasoning & attributions for criminal behavior & self-reported delinquency, 18–27 yr old college students, England, 42081
perceptions of support from family & school & peers & emotional &/or behavioral problems, 16–18 yr olds, Netherlands, 31201
pharmacological & nonpharmacological management & other treatment of psychosis & agitation & other behavior problems, patients with dementia of Alzheimer's type, literature review, 36182
pharmacotherapy for tics & associated behavioral problems, children & adolescents with Tourette's syndrome, 32373
physical vs sexual vs psychological abuse vs neglect vs exposure to domestic violence, behavior problems, 11–17 yr olds, 35729
picture activity schedules, engagement & maladaptive behaviors, 21 & 22 & 37 yr old with moderate or severe mental retardation living in group homes, 43317
positive parenting, child misbehavior, middle class White families with 6–7 yr old boys vs girls, 934
positive vs negative reinforcement sensitivity, escape-maintained destructive behavior, 7–9 yr old inpatients, 39165
pre-disorder personality, vocally disruptive behavior, institutionalized severely demented patients (mean age 85 yrs), Sweden, implications for provision of nursing care, 40139

precare family & infant psychological & social & health characteristics, early child care arrangements & internalizing vs externalizing behavior problems, parents & their 2–11 vs 12–30 mo olds, 932
prenatal alcohol exposure, behavior & learning problems, 14 yr olds, longitudinal study, 42536
preschool behavioral problems, adjustment in later life, application of transactionalism, 15295
presence & characteristics & functional impact of nonobscene socially inappropriate behavior, 14–82 yr olds with Tourette's syndrome, US & UK, 1591
presence of cleft in septum pellucidum, sensory changes & neuropsychological test performance & neurobehavioral symptoms, HIV seronegative vs seropositive patients, 4599
preterm birth & serious neonatal complications, subsequent competence & prevalence of behavior problems, nonhandicapped children assessed at 5–7 vs 7–9 vs 10–12 yrs old, 8489
prevalence & nature of sleep disturbances & behavioral & psychiatric symptoms, patients with Alzheimers disease, 12597
prevalence of behavioral disturbances from & psychotic reactions to vigabatrin, epileptic adults & children, literature review, 16744
prevalence of self reported behavior & emotional problems, male vs female 19–24 yr olds, Netherlands, 3998
production & repetition & comprehension of emotional prosody & affective & behavioral disturbances, mildly vs moderately demented Alzheimers disease patients, 19644
programing & planning & self-regulatory behavior & verification & use of feedback, 9.7–18.7 yr olds with fetal alcohol syndrome or fetal alcohol effects, 8258
prompting & reinforcer sampling & assistance, participation & challenging behavior during leisure skills programming, 23 yr old males with mental retardation, 36307
psychological & social adjustment & perceived self-worth & behavior problems, obese vs nonobese 9–12 yr olds, 19472
psychosocial characteristics & psychiatric symptoms or problematic behavior, homeless 2–15 yr olds & their mothers, UK, 22684
quantity & type of foster care placements & age, behavioral maladjustment, 5–18 yr old foster children referred for therapy, 16839
rare & common problem behaviors, 5–17 yr olds, 4276
reflection enhancing regulative communication across children's misbehavior situations & resistance, 23–44 yr old parents, 30186
regional behavior intervention support team intervention, treatment of challenging behavior, referred clients with intellectual disabilities, Australia, 1740
reinforcement & latency & frequency of problem behavior & multicomponent intervention, severe problem behavior in community employment, autistic & mentally retarded 26 & 28 & 30 yr olds, 24288
relationship between substance use & emotional & behavioral adjustment, inner-city 9th-graders (mean age 15.2 yrs), 6 mo study, 39210
reliability & validity of Disruptive Behavior Rating Scale-Teacher Version, teachers of 5–10 yr old students, 25055
reliability & validity of Social Adjustment and Behaviour 2, sexually abused 5–16 yr olds & their teachers, 28590
reliability of defined function assignment to problem behaviors of people with intellectual disability, psychologists, Australia, 1441
residence on or near reservation, problematic & pathological gambling behaviors, American Indian vs non-Indian adults, 19315
residential schooling based on interagency cooperation & use of therapeutic approaches, children with emotional &/or behavioral problems, Slovenia, 20655
restructuring & reform movements & overview of historical trends & sociocultural factors affecting general & special education, African American students with problem behaviors, 13849
right temporoparietal & temporo-occipital perfusion & impairment in daily functioning & illness severity, problem behavior & loss of insight, 54–86 yr olds with Alzheimer's disease, 4692
role of group leader, containment of destructive behavior in new psychotherapy group & effect on group processes, patient with borderline personality disorder new to group, 32241
school & behavioral adjustment, prematurely born 7–8 yr olds of very low birth weight, Northern Ireland, 31444
school-based intervention program, social adjustment & academic performance & school survival skills, disadvantaged elementary school students with disruptive or externalizing behavior, 2 yr study, 28079
School Behaviour Game as a measure of children's perceptions of school, problematic vs non-problematic 8–11 yr olds, implications for guidance & counseling, 40932
school-wide behavioral support system, office referral rates for problem behavior, 6th & 7th & 8th grade middle school students & staff & faculty, 33513
scripting procedure to modify sequences of behavior management statements while retaining teacher–student interaction, 4.7–5.4 yr olds with inappropriate play behavior & their teacher, 40396
selegiline, behavioral & cognitive improvements, 65–85 yr olds with Alzheimer's disease, 32450
self-esteem & social competence & externalizing behavior, male 7–12 yr olds with difficulties making &/or keeping friends, 7326
self-initiation & situational discrimination for inappropriate target behaviors, independence of self-management, 7 & 14 yr old males with developmental disabilities and inappropriate vocalizations, 33540
self management intervention program with adult attention contingent on appropriate behavior, disruptive classroom behavior, 6 yr old male with average intellectual functioning, 32154
self management strategies, disruptive off task behavior & self concept & generalization & maintenance of treatment gains, 13–14 yr olds with behavior disorders, 32155
self vs mothers' ratings of behavior problems following immigration, 11–18 yr olds from former USSR, Israel, 16039
sensitivity theory & mental retardation & need for alternatives to functional analysis of behavior problems, implications for communication theory & assessment & treatment, 31483
sex & birth order & severity of patient's illness, behavioral & emotional & affective symptoms & positive changes, adjustment after diagnosis of cancer in sibling, 4-18 yr olds, 8537
sex differences in quality of peer relations vs comorbidity vs degree of cross-sex-typed behavior in relation to sex disparity in referral rates for gender identity disorder, males vs females, 35501
short term psychodynamic psychotherapy, mother–infant dyads with infant behavioral & functional symptoms, implications for child psychiatry, 32199
Snozelen environmental stimulation therapy, stereotypic self-stimulation behavior & facilitation of adaptive behavior, 5–10 yr olds with severe or profound mental retardation, 43430
social & ecological validity of functional analog assessment vs direct classroom observation, prediction of challenging behaviors, 5–12 yr old males with developmental disabilities, 13819
social competence & maladaptive behavior, children & adults with learning disability, Northern Ireland, 42637
social skills & problem behaviors, prediction of academic success & promotion or retention, 60–93 mo old kindergartners at end of school year, 37022
sociodemographic variables & amounts of parent to child violence & witnessing interparental violence, externalizing & internalizing behavior problems, male vs female 14–20 yr olds, 4281
special care unit in nursing home, functional status & cognitive performance & behavioral symptoms & use of psychotropic drugs & physical restraints, 65–91 yr olds with dementia, Italy, 6 mo followup, 32970
spousal violence & maternal parenting style, children's behavioral adjustment, mothers & their 3–6 yr olds, 22139

"Stack-the-Deck" table game, social skills training & generalization, institutionalized mildly & moderately mentally retarded 16–17 yr olds with behavior problems, 16543
staff assistance & restraint, engagement in nonsocial activity & disengagement & social interaction & challenging behavior, intellectually disabled in hospital vs residential community housing, 5335
stress & behavioral pathways preceding onset of schizophrenia, children, 26522
structural analysis & assessment based intervention, treatment of aggressive & noncompliant behavior, male 4 yr old at-risk for behavioral disorder, 32178
student needs & promotion of learning & development within Code of Practice, assessment & curriculum development & management, pupils with emotional & behavioral difficulties, 16803
student vs teacher choice of instructional task, problem behaviors, moderately or severely mentally retarded 7–12 yr olds & their teachers, 39174
systemic POETICS model, conceptualization of learning & behavior problems in classroom & application by teachers & counselors, 10022
teacher ratings of childhood internalized & externalized & mixed behavior problems, depression & anxiety & conduct disorders in adolescence, 17 yr olds, longitudinal study, 26382
teacher vs parent perceptions of frequency & importance of social skills & problem behaviors, 32–64 mo olds considered typical vs at risk for educationally disabling conditions, 35893
teaching knowledge & skills & management strategies for their students talking-out-of-turn, elementary school teachers, England, 36956
temperament & behavior from infancy to 6 yrs of age, 7–8 yr olds with reading disability &/vs behavior problems, Australia, 7811
temperament arousal & same-sex peer play, problem behavior & social adjustment, male vs female preschool & kindergarten students, 38379
therapist methods to reduce interfering provocative behaviors in expressive vs interpersonal vs unified psychotherapy vs dialectical behavior therapy, patients with borderline personality disorder, 12762
thyroid hormone concentrations, mood & problem behaviors, 12.7–16.9 yr olds with depression, 11957
thyroid hormone concentrations, mood & problem behaviors, 12.7–16.9 yr olds with depression, commentary, 30821
tobacco smoking & drug abuse & dependence & major depression & disruptive behavior, 14–18 yr olds, 30302
transmission & liability models in study of genetic & environmental mechanisms underlying continuity & change in maladjustment, 4–6 vs 6–8 vs 8–10 yr olds with maternal ratings of problem behaviors, 23005
type of maltreatment & behavior problems, utilization of mental health services, 2–17 yr olds in foster care, 9365
type of problem at admission & parent's previous psychiatric hospitalization, functioning & behavior problems after discharge from inpatient psychiatric treatment, 3.5–15 yr olds, Finland, followups, 5378
use of school &/vs parental interaction & help seeking behavior & behavior modification, student behavior problems, junior secondary school teachers, Ghana, 33503
usefulness of measures of child functional impairment vs DSM- III-R symptoms vs stressful life events vs child vs parent report for mental health services research, 9–17 yr olds & parents, 37439
validation group therapy, problem behavior & use of physical restraint & psychotropics & positive social interaction & psychosocial well-being, nursing home residents with dementia, longitudinal study, 32978
verbal marital conflict, subsequent interactions, 28–48 yr old mothers & their 4–10 yr old sons with oppositional & conduct behavior problems, 4274

Behavior Therapy [See Also Exposure Therapy, Implosive Therapy, Response Cost, Systematic Desensitization Therapy]—Serials

alternative to triple response mode in behavior analysis and therapy, 8861
antidepressants & behavioral counseling, course & outcome & comorbidity & predictors of outcome of panic disorder, patients, 5–6 yr followup, 4747
applications of behavioral decision research to treatments for substance abuse & related risky behaviors & other disorders, commentary, 36306
awareness & competing response training, stuttering, male 19 & 27 yr olds, 1.5 & 2.3 yr followups, 8871
basic & applied research implications in behavioral therapy & psychological science & practice, commentary, conference presentation, 36298
behavior & cognitive therapy model for treatment of obsessive compulsive disorder, 32048
behavior analytic interpretation of attributions in context of behavior therapy, 32153
behavior analytic perspective on attitude change attributed to cognitive dissonance & counterattitudinal advocacy in terms of environment-behavior relations & application to behavior therapy, 32173
behavior management evaluation methods, academic & behavioral performance, 15 yr old male students with serious emotional disturbance, 28076
behavior therapy techniques based on nosological classification vs functional analysis, dysphoric students, Spain, commentary, 19837
behavior therapy techniques based on nosological classification vs functional analysis, dysphoric students, Spain, 8862
behavior therapy using exposure & ritual prevention with vs without pharmacotherapy with serotonin reuptake inhibitors, effective treatment of obsessive compulsive & panic disorder, 19684
behavior therapy with vs without contingency management targeting weight gain, 12 yr old Hispanic female with globus hystericus, case report, 27216
behavioral & pharmacologic treatment of agitation as expression of generalized anxiety disorder, elderly with dementia, 8717
behavioral couples therapy, drug use & relationship outcome, male adult substance abusing patients & their partners, 9574
behavioral group approaches to sex therapy focusing on interpersonal &/vs sexual problems, sexually dysfunctional single males, 36591
behavioral interventions, empowerment facilitation vs undermining of independent decision making & self-control abilities, persons with severe mental illness, 16529
behavioral-medical treatment, toileting refusal, 2.5–4 yr olds, 23746
behavioral medicine interventions, quality of life & nutritional & sleep & pain sequelae of illness & treatment adherence, HIV positive patients, literature review, 13136
behavioral parent training, child behavior modification & parental adjustment, pre- & elementary school age children with antisocial behavior & their parents, meta analysis, 4887
behavioral skills training vs intensive case management vs 12-Step recovery, psychosocial outcomes & symptomatology & service use & costs, male vs female patients with substance abuse & mental illness, 2068
behavioral therapy & medication in treatment of childhood & adolescent obsessive compulsive disorder, consideration of child's personality & comorbid disorders, literature review, 4754
behavioral treatment, auditory hallucinatory responding, schizophrenic 49 yr old male, 19832
behavioral treatment for depression, medical rehabilitation inpatients (mean age 78 yrs), 23745
behavioral treatment, insomnia, 61–72 yr old caregivers of patients with Alzheimer's disease, 23747
behavioral treatment, motor skills & tremor reduction, patients with Parkinson's disease, 5168
behavioral treatment of persons with autism, literature review, 32162
behavioral treatment with exposure & response prevention, male 20 yr old with coprophagia as manifestation of obsessive compulsive disorder, commentary on case report, 8868
behavioral vs cognitive-behavioral interventions & etiology & assessment of excessive nighttime fears, children, 36212

behavioral vs nicotine replacement approach to smoking cessation, 9578
burnout & collegial support, perceived barriers to behavior therapy in rehabilitation programs, acute care unit staff, 12843
change mechanisms & social reinforcement in therapeutic relationship in behavior therapy, 27219
changes in comorbid personality disorders & outcome of time limited behavior therapy for obsessive compulsive disorder, 19–63 yr olds, 27223
classically conditioned behavioral treatment, cold elicited peripheral vasospasm, 19–54 yr olds with Raynaud's disease, 12 mo followup, 9223
cognitive & behavioral therapies, child molesters, 13510
cognitive behavior therapy, dissociative symptoms & identity disorder, 12836
cognitive or guided mastery therapy, interpersonal problems, adults with panic disorder & agoraphobia, 1 yr followup, 39648
cognitive vs behavior analytic approaches to cognition in behavior therapy, 32183
cognitive vs environmental contextual causation & multiple causal pathways of behavior & cognitivist vs behaviorist world views & differing emphases in therapy, 17903
computer generated virtual reality & tactile exposure, anxiety & avoidance & attitudes, 37 yr old female with spider phobia, case report, 32150
conceptualization & behavioral treatment of bowel obsessions, 25 yr old male & 69 yr old male, case reports, 23742
controversy regarding eye movement desensitization & reprocessing treatment, clients with traumatic memories, commentary, 16438
correction & reinforcement & escape extinction & choice of food, 34 yr old female with severe mental retardation with gastroesophageal reflux & projectile vomiting & weight loss, clinical case report, 36304
cultural context of parenting & therapist sensitivity in parent training for child behavior problems, African & Asian & Latino & Native Americans, 4882
defense style, outcome of behavior therapy, 16–51 yr olds with spider phobia, 12850
development of Transformational Paradigm for treatment of sex offenders & compulsive sexual behavior, 33130
diagnosis & psychobiology & pharmacologic & behavioral treatment of agitation, patients with dementia, 8721
differential reinforcement, 13 yr old female with psychogenic cough, 12 mo study, case report, 16734
effective treatments for late life depression & benefits of cognitive & behavioral therapies, 42961
effectiveness of differentially reinforcing alternative behaviors intervention, drug abuse, adult opiate dependent patients, 36792
emotive performance treatment, 4–8 yr olds phobic of dark & loud noises, 1742
empirically validated criteria for behavioral couples therapy, implications for practice & training, 36302
epidemiologic & etiologic factors in & treatment strategies for anxiety & distress evoked school refusal, 8865
exposure vs participant modeling, 26 yr old female with resistant injection phobia, 23751
eye movement desensitization & reprocessing, 53 & 68 yr old males with claustrophobia, 27221
fluoxetine & behavior therapy, 8 yr old male with selective mutism, case report, letter, 16427
group vs multifamily behavioral treatment, patients with obsessive compulsive disorder, 43049
I. P. Pavlov's contributions to behavior therapy, 43012
integration of behavioral & cognitive & symbolic approaches to foster griefwork, 24 yr old bereaved female with recurrent death related nightmares, 23550
intensive behavior therapy followed by maintenance self-monitoring & brief therapist contact, symptoms & relapse prevention, 21–37 yr olds with obsessive compulsive disorder, 6 mo followup, 12849
interview with Hans Eysenck, effectiveness of psychoanalysis vs behavior & other therapies, development of behavior therapy, 27118
lack of access to & services for rural & indigenous & minority groups & attention to empirically validated cognitive behavioral treatment for children with behavioral & emotional problems, Australia, 36291
length of outpatient behavior therapy, 18–77 yr old introverts vs extraverts with anxiety &/or mood disorders, Netherlands, 23750
nature & advantages & limitations of behavior analysis & behavior therapy, 32156
nger & exhaustion reduction breathing intervention, new coronary event, angioplasty patients (mean age 55.6 yrs), 43005
original & simplified habit reversal procedures, children with habit disorders, literature review, 4888
outcome data for cognitive & cognitive-behavioral therapies, depressed elderly, research review, 12837
outpatient graded exposure & response prevention, self monitoring of treatment outcomes, male 45 yr old Israeli immigrant with obsessive compulsive disorder, 1996
paradoxical behavioral approach with psychoanalysis, ritual of hate, couples with passive husband & aggressive wife, 4905
pathogenesis & pathophysiology & pharmacological & nonpharmacological treatment of obsessive compulsive disorder, literature review, 19231
personality disorder traits & cognitive or guided mastery therapy, symptoms, 20–65 yr olds with panic disorder with moderate or severe agoraphobia, 1-yr follow-up, 32035
pharmacotherapy & behavior & dietary therapies & relief of constipation & spinal manipulation & combined therapies for treatment of nocturnal enuresis, 23541
physical activity & behavioral approach, disruptive behavior disorders, 8–13.5 yr old males with behavior disorders, 42480
predictors of outcome at 1 wk vs 1 yr after behavior therapy, 18–60 yr olds with spider vs injection vs blood phobia, 4883
pretreatment reasons for depression, homework compliance & perceived helpfulness & outcome of cognitive therapy vs behavioral activation treatment, depressed clients, 16466
problem solving behavioral intervention, 17–43 yr old male sex offenders, Australia, 13508
process model of individualization vs standardization as complementary strategies of behavior therapy, 8876
psychological vs pharmacological treatments for obsessive-compulsive disorder, meta analysis, 19682
psychophysiological model & treatments for chronic lower back pain, 9216
racially sensitive social effectiveness therapy with exposure treatment over 4 mo, female African American with chronic & severe social phobia, case report, 12844
reconciliation of multimodal & rational emotive behavior therapy, 39703
reinforcement history as underutilized concept in behavior analysis, 19835
reinforcement schedule, behavioral momentum, college students, implications for behavior analysis & therapy, 8874
self-monitoring procedure & pharmacological treatment, on-task behavior, male 8–11 yr olds with ADHD, 28073
sexual dysfunction & behavioral & cognitive behavioral interventions, 65 yr olds & older, literature review, 43247
smoking, standard treatment vs behavioral counseling with physical exercise vs with nicotine gum, recovering alcoholics (mean age 41.8 yrs) with 3 mo abstinence from smoking & other drugs, 12 mo study, 20326
standard or "fake good"or prompted honesty instruction & type of behavioral intervention, treatment acceptability ratings, 18–60 yr old direct-care staff at mental retardation facility, 12848
standardized vs customized behavior therapy, 8860
supervision of combined behavioral & psychodynamic social skills training groups, patient attitudes & relationship between supervisees & supervisors, 24428
symposium on bridging the barriers between cognitive & behavior analytic approaches in behavior therapy, 32151
theory driven alternative to DSM-based behavior therapy, 8858

therapist methods to reduce interfering provocative behaviors in expressive vs interpersonal vs unified psychotherapy vs dialectical behavior therapy, patients with borderline personality disorder, 12762
time-in & time-out as treatment for noncompliance & elopement & aggression & object tossing, 4 yr old male with severe language disabilities & 8 yr old female with mental disability & cerebral palsy, 16538
token economy vs cognitive modification, learning problems & conduct disorder, 8–12 yr olds, 32164
trauma management therapy, chronic combat-related PTSD, 44–52 yr old male Vietnam veterans, 1738
treatment duration & pretreatment neurocognitive & behavioral characteristics, learning difficulties, 6–11 yr olds, Chile, 2 yr study, 40153
use of empirically validated treatments in developmental disability, implications for behavior therapists, 36295
use of operant extinction in clinical settings, literature review, commentary, 8878
use of operant extinction in clinical settings, literature review, 8867
video vignette of extremely aggressive & self-abusive man, treatment acceptability ratings of behavioral interventions, college students, experimental replication, 12845
virtual reality therapy, 42 yr old male with fear of flying, case report, letter, 23748
washing and dressing behavioral training techniques & efforts to redevelop activities of daily living skills, treatment outcome, 20–34 yr olds with brain injuries, 27799
weight-control self-efficacy beliefs, nutritional & behavioral treatment outcome, obese females, 2 yr study, 8857
1-session small vs large-group treatment session of exposure & modeling, 18–55 yr old patients with spider phobia, Sweden, 8789

Behavioral Assessment—Serials

acceptability of behavioral vs traditional assessment procedures for externalizing problem behaviors, school psychologists, 40499
agreement on Student Guided Functional Assessment Interview, 10–13 yr old students with ADHD & other behavior problems & their teachers, instrument appended, 31436
alternative to triple response mode in behavior analysis and therapy, 8861
ambulatory monitoring device, assessment of physiological & behavioral & psychological effects of viewing different types of TV programs, 10–13 yr old males with high vs low TV consumption, Germany, 15184
analysis of school & family & family-school interaction subsystems, family counseling interventions for student behavior problems, school counselors, 33575
applicability of revised Conners Teacher Rating Scale for problem behavior assessment, age & sex norms of preschool classroom behavior, nonreferred vs clinically referred 3–5 yr olds with ADHD, 26764
application of behavior analysis to human geography & explanation of human landscapes, 38478
application of functional analysis/assessment procedures for severe/common classroom behavior problems, implications for school psychology, literature review, 2256
application of structural analysis of social behavior to study of process & outcome in time limited dynamic psychotherapy & development of general theories of psychopathology & psychotherapy, 16482
applied behavior analysis as model for consultation in general education settings, 33401
applied behavior analysis research & practice, 8864
assessment of core symptoms & conduct & academic problems & social deficits, psychometric properties of Adolescent Behavior Checklist, 11–17 yr olds with ADHD, 21042
assessment of effects of level of behavioral treatment of pica & aggression, adults & child with developmental disabilities, 43009
attention as establishing operation vs reinforcement during functional analyses, individuals with self-injurious behavior, 39138
behavior analysis & school psychology, 33335
behavior analysis of child behavior & development, mentally retarded & normal children with normal & problem behavior & their mothers, 8855
behavior analysis with fixed time extinction schedule, pigeons, application of linear analysis in determination of transfer function & predictability of behavior, 14440
behavior-analytic & language research perspective on etiology & pathogenic process & harmful effects & pervasiveness of experiential avoidance, 35723
behavior analytic interpretation of attributions in context of behavior therapy, 32153
behavior analytic perspective of reasonable accommodation under Americans with Disabilities Act, mentally disabled employees, 5747
behavior analytic perspective on attitude change attributed to cognitive dissonance & counterattitudinal advocacy in terms of environment-behavior relations & application to behavior therapy, 32173
behavior analytic perspective on human sexual behavior, 30283
behavior-analytic vs biological view of sexuality & transsexuality & homosexuality & heterosexuality, 30271
behavior theory-referenced validity of observational methodology in assessment & analysis of small group behavioral interactions, 20949
behavior therapy techniques based on nosological classification vs functional analysis, dysphoric students, Spain, commentary, 19837
behavior therapy techniques based on nosological classification vs functional analysis, dysphoric students, Spain, 8862
behavioral analytic model of medical illness & frequency & severity of aggression & self-injury, developmentally disabled persons, 19439
behavioral assessment of childhood phobias, 28489
behavioral elements in free child–adult interaction, 3.8–14.6 yr olds with infantile autism-full syndrome present vs infantile autism-residual state vs hyperkinetic syndrome vs mental retardation, 42610
behavioral interactionist perspective of behavior analysis in special education, 5710
behavioral intervention with vs without methylphenidate, inappropriate behavior & sleep disturbance, male 6 yr old with ADHD, 31963
behavioral monitoring, physical activity & psychosocial determinants of exercise behavior, adult females, 32738
behavioral repertoire & incompleteness of behavioral analysis axiomatic system, 14488
behavioral sensitivity to changing rates of reinforcement, 8–12 yr olds with ADHD, 23164
Brazelton Scale measured behavior & cardiorespiratory reactivity at 40 wks gestational age, term vs preterm infants, 18429
brief behavior analysis of instructional strategies as stimulus prompts for improved academic performance, 7–10 yr olds with learning disorders, 9980
Children's Behavioral Classification Project Inventory brief form & factor analysis for behaviorally based classification of emotional disorders, 6–13 yr olds, 14300
clonidine or droperidol administration, behavioral & ERP indices of selective attention, 20–32 yr old healthy males, 21919
coaching behaviors & targets of behavior, 30–45 yr old youth ice hockey coaches, Canada, 2339
cognitive vs behavior analytic approaches to cognition in behavior therapy, 32183
comparative & interactive effects of teacher &/vs peer attention using functional assessment techniques, problem behaviors in general education settings, male 1st–4th graders, 2200
complexity theory & use of physics methods & qualitative & quantitative approaches within behavior analysis, 5916
conceptual & empirical bases of conjoint behavioral consultation to address academic or social or behavioral needs of child, school personnel & families & other support systems, conference paper, 40505
connection between basic & applied research on behavior analysis & strategies for establishing generality of behavioral relations & behavioral momentum, 16535

construct validity of Behavior Rating Scale of Bayley Scales of Infant Development-II, 1–5 vs 6–12 vs 13–42 mo olds with vs without disabilities, 10463
contemporary mechanistic philosophy & contextualism & relation to behavior analysis, commentary reply, 5920
content validity & interrater reliability & criterion-related validity of Modified Infant Behavior Observation Record, neonates, 37388
contribution to behavior analysis, F. Keller, obituary, 36844
critical reexamination of fundamental assumptions underlying scientific model of behavioral consultation, educational psychologists & teachers & students, 24691
critique & applicability to behavior analysis of D. Bickerton's book "Language & Human Behavior", 32160
cutoff scores & interobserver agreement & validity & reliability of behavioral rating scales, assessment & diagnosis of ADHD, students, commentary, 14328
definition & subtyping & interfacing of school refusal behavior with appropriate assessment & prescriptive treatment strategies, children & adolescents, 19292
descriptive & functional assessment based curricular intervention, classroom behavior & task performance, 7–9 yr olds with emotional & behavioral disorders, 17225
development & validity of structured criteria for visual inspection of multielement functional analysis data, interrater agreement with graphs, interns vs experts, 37580
development of behavioral analog, assessment of differences in sex-typed household task performance, males, 2538
development of standardized behavioral rating system for Marschak Interaction method, assessment of parenting stress & parent–child interaction quality, parents & 3–14 yr olds, 17573
Devereux Scales of Mental Disorders, measurment of psychopathology in behavior, 5–20 yr olds, implications for treatment evaluation, 32908
diagnostic & functional classification & treatment approaches, children with school refusal behavior, 26402
differences between constructs of education & social sciences & rejection of behavior analysis methods, 14
differences in behavior analysis vs social psychology research focus & methods, study of behavior–consequence linkages, 30579
differential validity of Behavior Assessment System for Children Teacher Rating Scale & Student Observation System, students with vs without ADHD or ADHD & comorbid diagnoses, 34065
direct behavioral consultation as alternative to traditional consultation, educational psychologists & teachers & preschool and school age students with behavior problems, 24692
dispositional vs adjustment vs behavioral approach in 3 tests of personality & their interrelationships & prediction of depression, 18–79 yr olds, 14257
DSM-IV &/vs multiaxial empirically based assessment &/vs behavioral assessment, clinical diagnosis, implications for treatment utility, 4743
ecological approach to early intervention & use of planned activities as units for problem analysis & review of sampling strategies in special education, 37087
educational agency's implementation of problem solving consultation model, agency staff & teachers, 24689
effectiveness of behavioral screening methods in pediatric settings, research review, 37395
effectiveness of functional assessment, target behaviors, students with emotional & behavioral disorders, 17228
effectiveness of multimethod assessment & behavioral intervention, 7 yr old male with school refusal, 12846
effectiveness of Stereotypy Analysis in determining differential rates of stereotypic behaviors in relation to ongoing environmental events, 26–48 yr olds with developmental disabilities, 25084
existing conceptual work on & behavioral analytic conceptualization of private events, 43004
factor structure of Revised Behavior Summarized Evaluation Scale, assessment of autistic behavior association with evolution of developmental disabilities, autistic 2–11 yr olds, 2621
family relations & autonomy & attachment, polydrug abusing vs bulimic adolescent females & their parents, application of structural analysis of social behavior, 15823
follow up validity of Children's Global Assessment Scale & treatment outcomes, 3.5–15 yr old short-term inpatients with antisocial or behavior or emotional disorders, Finland, 6063
functional analysis & noncontingent reinforcement with vs without extinction, male 3 & 7 & 9 olds with severe problem behaviors, 32157
functional analysis & peer interventions, disruptive classroom behavior, 7–9 yr old males with behavior problems, 33381
functional analysis of moment-to-moment decision making in animal combat, 29166
functional analysis of positive vs negative behaviors, 3–4.5 yr old African-American prenatally drug exposed preschoolers & their 27–34 yr old mothers, 12226
functional analysis of respite care & episodic self injury, moderately mentally retarded 25 yr old male, 8393
functional analysis, 26 mo old female with episodic self injurious behavior & recurrent otitis media, 32166
functional analytical strategy, diagnosis of transient tic disorder, 11 yr old male student, 19594
functional assessment & comprehensive intervention in the design and implementation of effective behavioral support, students with severe disabilities & behavior problems, commentaries included, 33536
functional assessment evaluation & relation to intervention design, children with ADHD, 27218
functional assessment techniques in school based multicomponent intervention, challenging behaviors, 5 yr old male with autism, Ireland, 9989
functional strategy assessment, evaluation of academic instructional approaches, emotionally & behaviorally disordered 3rd & 4th graders, 13836
history of & issues in structural analysis of social behavior, 15568
identification of assessment procedures to treat severe behavior problems of clients with mental retardation, practitioners, 26805
identity & introject, diagnostic differentiation, 19–55 yr old females with dissociative vs other psychiatric disorders, application of structural analysis of social behavior, 15853
inclusion of peer social attention in functional assessment & effectiveness of assessment based intervention, rates of inappropriate & on task behavior in classroom, 6 yr old male, 16533
integration between behavior analysis & general education settings, 33327
intelligent tutoring system vs informal on-the-job training, task analysis of cognitive & behavioral components of troubleshooting skill, Air Force avionics technicians, 20739
interparent agreement on 4 preschool behavior rating scales, mothers vs fathers of 4–5 yr olds, 10376
manipulation of classroom instruction & demand & attention, performance under analog assessment, 7 yr old female with severe intellectual disabilities & aggressive behavior, 16539
measure of overt & covert coparenting behaviors & processes, 19–49 yr old married couples, 40835
minimum data set plus ratings of behavior & function & mood & communication & cognition compared with rating scales score, 30–100 yr old nursing home residents, 10362
model of functional assessment & curricular revision to promote desirable behavior, 17124
moving average & exponential data smoothing in prediction of human behavior & patterns & treatment effectiveness, 37569
music therapy, caregiver vs therapist rating of agitation behavior, 70–96 yr old nursing home Alzheimer's disease patients with vs without musical background, 9214
naming & formation of stimulus & equivalence classes & relevance for applied behavior analysis, children with developmental disorders, 8359
nature & advantages & limitations of behavior analysis & behavior therapy, 32156

need for further investigation of validity & generalizability of Behavior Dimensions Rating Scale, self scoring behavioral assessment, K–11th graders, 17589
Neonatal Behavioral Assessment Scale based parental interventions & later parenting quality, families, meta analysis, 18732
norms & reliability & validity of Behavior Assessment System for Children, assessment of emotional disorders & personality constructs & behavior problems, 4–18 yr olds, 6046
object manipulation maintained by substitutable reinforcement, stereotypic self injurious behavior, 30–33 yr olds with profound mental retardation, 32174
ongoing stressful & problem situations, social & emotional functioning, 12–17 yr olds with cystic fibrosis & parents & health care professionals, application of behavior-analytic model, 24019
overt & covert self instructional training, responses on shopping task analysis, 23–39 yr olds with intellectual disabilities, 32176
paradigm for integration of behavior-analytic & psychopharmacological treatment, people with developmental disabilities, 42889
paradigmatic vs radical behaviorism approach, behavior analysis of language & feelings of anxiety/fear & other emotional phenomena, research review, 6405
parent sensitivity & interaction & infant characteristics, attachment theory & assessment, 3477
perception of relationship with parents, self concept, bulimic 18–44 yr old females, application of structural analysis of social behavior, 16189
performance on Autism Behavior Checklist, speaking vs mute 2–44 yr olds with autism & autistic-like conditions, 35884
preference reversals for equal probability gambles, adults, commentary, 5911
psychometric & curriculum-based tests & demographic & biographical data & rating by parents & teachers of everyday behavior, prediction of achievement, 2nd graders living in rural area, South Africa, 41652
reasons for underutilization of behavior analysis, 7
reasons for underutilization of behavior analysis, commentary, 20
rebirth of interest & phases & methods in functional analysis approach to behavioral assessment, 23736
referee behaviors & targets & objectives of behavior, 20–35 yr old male minor league ice hockey referees, Canada, 2338
reinforcement schedule, behavioral momentum, college students, implications for behavior analysis & therapy, 8874
reinforcer quality, resistance to change, male 14 & 16 yr olds with mental retardation & mice, 32159
relational frame theory in exploration of human sexuality, 38601
relevance of physiology & biological research to behavior analysis, commentary, 5908
relevance of physiology & biology to behavior analysis, commentary reply, 5921
relevance of physiology & biology to behavior analysis, commentary, 5912
relevance of physiology & neurobiology to behavior analysis, commentary, 5910
relevance of physiology to behavior analysis, commentary, 5918
relevance of physiology to behavior analysis, 5919
reliability & validity of behavioral measurements, assessment of dental anxiety & fear, children, literature review, 5955
reliability & validity of Conners Teacher Rating Scale-28, assessment of student attention deficit/hyperactivity or passive-withdrawal behavior or emotional lability, teachers of 5–10 yr olds, 2677
reliability of defined function assignment to problem behaviors of people with intellectual disability, psychologists, Australia, 1441
research approaches & data analytic strategies in examining individual differences in age-related cognitive decline & neurobiological changes, aged, commentaries with reply, 10921
research limitations in questionnaire vs interview methods of panic ascertainment & clinical correlates of panic symptoms, 11–16 yr old girls, 28402
research on & definition & social validity & functional outcome analysis of inclusion in special education, 2229
rule governed behavior & pedophilia, implications for behavioral assessment of pedophiles, 8318
selectionistic & mechanistic accounts of Skinner's 3-term contingency of reinforcement on pragmatism & determinism & natural selection & operant behavior, 29654
self concept & spousal relational experience, antisocial vs nonantisocial alcoholic males, application of structural analysis of social behavior, 16081
sensitivity theory & mental retardation & need for alternatives to functional analysis of behavior problems, implications for communication theory & assessment & treatment, 31483
Shewhart quality control charts, identification of intervention effects in single S behavioral experiments, 34133
situational analysis as neglected situation in psychology & sociology & proposed model, 28384
Skinnerian behavior analytic approaches to self awareness & relational frame interpretation of human self discrimination, 30575
social & ecological validity of functional analog assessment vs direct classroom observation, prediction of challenging behaviors, 5–12 yr old males with developmental disabilities, 13819
social learning theory perspective & behavior analytic interpretation of vicarious learning, 28967
stimulus response in behavior analysis & neural network models of conditioning, commentary reply, erratum, 41196
stimulus response issues in behavior analysis & neural network models of conditioning, erratum, 41197
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25368
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25362
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25366
stimulus response issues in behavior analysis & neural network models of conditioning, 25363
stimulus response issues in behavior analysis & neural network models of conditioning, commentary reply, 25364
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25371
stimulus response issues in behavior analysis & neural network models of conditioning & behavioral neuroscience, commentary, 25380
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25377
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25378
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25387
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25384
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25390
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25375
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25372
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25370
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25385
strategies for early detection & monitoring, preschoolers with suspect delays in cognitive &/or motor &/or language &/or behavioral development, 16135
structural analysis & assessment based intervention, treatment of aggressive & noncompliant behavior, male 4 yr old at-risk for behavioral disorder, 32178
structural vs functional criteria in & utility of DSM-IV, children & adolescents with mental retardation or disruptive behavior or anxiety disorders, 15826
symposium on bridging the barriers between cognitive & behavior analytic approaches in behavior therapy, 32151

theory driven alternative to DSM-based behavior therapy, 8858
transfiguration of behavior analysis with respect to society's values & language & politics of education & psychology, 8
use of Client Behavior System, verbalization patterns & therapeutic process, 7–17 yr old sexually abused females enrolled in psychoeducationally based individual counseling, 19741
use of parent & teacher ratings to determine reliability of Aberrant Behaviour Checklist for assessing challenging behavior, 20–72 mo olds with developmental disabilities, Australia, 28420
validity & reliability of aggression behavior test for breeding exclusion, biting vs nonbiting dogs, models for unacceptable aggression, Netherlands, 34449
validity of Behavioral Rating Scale, observational method of assessing degree to which individuals show relaxation response, 18–24 yr olds, implications for stress management, 34055
validity of CERAD Behavior Rating Scale for Dementia vs Cohen-Mansfield Agitation Inventory, detection of behavioral symptoms, caregivers of dementia patients with mild to moderate global impairment, 20970
yohimbine, behavioral & cardiovascular & neurochemical responses, panic disorder patients, 43138

Behavioral Contrast—Serials

changes in duration of reinforcement, behavioral contrast, pigeons, 34476
mixed VI schedules of reinforcement, behavioral contrast & discrimination training, pigeons, 6458
rebound effects in impression formation & assimilation & contrast effects following intentional suppression, adults, 22484
stimulus–reinforcer & location–reinforcer contingencies, resistance to change, pigeons, 18072
sucrose solution concentration vs chlordiazepoxide & repeated reward reduction, tolerance to anticontrast & sedative effects, rats, 6886

Behavioral Ecology—Serials

ecological approach to factors that contribute to or maintain domestic violence & related issues in treatment, community dwelling females with developmental disabilities, 31413
evolutionary deduction of & empirical evidence for socioecology of sex ratio variation, primates, 34474
metrics of annual rainfall distribution & behavioral ecology studies, 24893
self-efficacy & attachment & human ecology theories, content & clinical methods of prenatal & early childhood home visitation program, 20258
temporal & spatial variation in distribution of plant resources, foraging & ranging patterns, white-bellied spider monkeys, Brazil, 2.2 yr study, 37902

Behavioral Genetics—Serials

age & sex & severity, genetic vs environmental influences on attention deficits & hyperactivity, 5–9 vs 12–15 yr old fraternal vs identical twins, Norway, 8344
age & sex & severity, genetic vs nonshared environmental influences on attention deficits & hyperactivity, 5–9 vs 12–15 yr old fraternal vs identical twins, Norway, commentary, 8339
behavioral & biological responses associated with high & low levels of aggression, aggressive vs nonaggressive mice lines selectively-bred for isolation-induced intermale aggression, 10913
behavioral genetic methods in relation to child & adolescent psychopathology & focus on nonshared environmental factors in adolescent depression, research review, 7927
behavior–genetic concepts in developmental psychopathology, 38852
c-fos & c-jun gene expression in conditioned defensive reflex, edible snail, 34497
cardiovascular disease risk factors as model system for application of techniques of genetic epidemiology & behavioral genetics to behavioral health problems, 23995
changes in heritability & severity of parent reported internalizing vs externalizing behavior problems, 5–15 yr old identical vs fraternal twin pairs, Norway, 18569
degree of Native American heritage & recent drinking history & family history of alcoholism, alcohol expectancies, nonalcoholic 18–25 yr old male Mission Indians, 26661
D2 dopamine receptor A1 allele, general cognitive ability, 6–15 yr olds with high vs average vs low IQ, 29814
evaluating genetic models, cognitive evolution & behavior, 447
evolution & genetic control of mate recognition & selection & stimulation & courtship, Drosophila melanogaster, 441
evolutionary mechanisms of social organization & breeding structure, lifetime breeding success, red junglefowl, 7 yr study, 379
frequency & heritability of behavioral acts of hatchling & juvenile & adult dominance, Japanese quail, 14810
genetic & environmental factor-related subtyping, mild vs severe vs dyssocial alcohol dependent adult males, 26667
genetic & environmental factors, individual differences in alcohol expectancies, monozygotic vs dizygotic adult twin pairs, Canada, 3038
genetic & environmental influences, etiology of & risk for conduct disorder, 27–90 yr old male vs female vs unlike-sex twin pairs, Australia, 31265
genetic differences, acoustic & tactile startle responses in a prepulse inhibition paradigm, male mice from 13 inbred strains, animal model of schizophrenia, 41295
genetic factors in childhood & adolescent behavioral disorders, 22964
genetic linkage of schizophrenia & bipolar disorder & behavioral traits, 30735
genetic trait of degree of lateralization of paw usage, mouse strains, 18128
genetic variation & plasticity in brain structures, evolution of brain & cognition & behavior, mammals, 443
genetic variations in brain size & neuronal features & neurogenetic bases & evolution of cognitive & behavioral processes, 442
genetic vs environmental covariance, prediction of general intelligence by elementary cognitive tasks, 6–13 yr old monozygotic vs dizygotic twin pairs, 3032
genetic vs environmental factors, comorbid hyperactivity & oppositional & conduct disturbance, same vs mixed sex 8–16 yr old twin pairs-590 06, 11862
genetic vs nonshared environmental contributions to depressive behavior & symptoms, same sex 4–12 yr old twin pairs, 11989
genetically determined programs of individual development, neuroendocrine mechanisms in formation of adaptive behavior, infant rats, 34491
genetics & phenotypic variance of temperamental traits postulated by regulative theory of temperament, monozygotic vs dizygotic male & female same sex 21–66 yr old twin pairs, 10916
genome organization, Drosophila with mutated 2nd messenger metabolism & calmodulin activation & learning ability, 34502
genotype, acute sensitivity vs context-specific sensitization to cocaine, male mice of 6 inbred mice, 11129
genotypic & gender influences, cooperation & competition with unfamiliar partners, 8–11.7 yr old monozygotic vs dizygotic twins, 7369
geographic location & genetics & evolution, behavioral phenotypic variation, 3 spined sticklebacks, implications for behavioral ecology, 448
handedness according to zygosity & chorion type, 6–28 yr old twin pairs, Belgium, 18476
heritability of copula duration & body size & development time & genetic covariances, yellow dung flies, 444
heritability of "g" factor of general intelligence, monozygotic vs dizygotic male twin pairs, India, 29223
human behavioral genetics & evolutionary evidence for biological mechanisms of randomness, genotype diversification vs canalization of phenotypes, 41294
hypothetical quantitative trait loci for circadian period of locomotor activity, recombinant inbred mice strains, conference presentation, 10911
individual S variability in study of genetics & behavioral medicine vs consideration only as error term, 23992

integration of "knockout" mutations & transgenic expression & antisense oligonucleotides molecular biological techniques in behavioral pharmacology, mice, commentary, 25599
integration of "knockout" mutations & transgenic expression & antisense oligonucleotides molecular biological techniques in behavioral pharmacology, mice, 25576
integration of "knockout" mutations & transgenic expression & antisense oligonucleotides molecular biological techniques in behavioral pharmacology, mice & rats, commentary, 25596
integration of "knockout" mutations & transgenic expression & antisense oligonucleotides molecular biological techniques in behavioral pharmacology, mice, commentary, 25559
issues & standard tester design & other methodological strategies in research on inheritance of social behavior, mice, literature review, 1976–94, 10839
issues in genetic testing for alcoholism susceptibility, 26679
latent class analysis of observed characteristics, subtyping of alcoholism, relatives of alcoholic probands, 26650
mapping of genes responsible for ethanol sensitivity, Long- vs Short-Sleep vs recombinant inbred mouse strains, 18132
model of individual differentiation & social structure/allocation & behavioral genetics, internal differentiation of personality characteristics with aging, birth cohorts, conference presentation, 3530
model of niche construction & role of natural selection in genetic evolution & cultural change, humans, 445
molecular biology perspective on & techniques for assessment of gene expression in pathophysiology of major psychoses, 31010
multiple selection responses, house mice bidirectionally selected for thermoregulatory nest building behavior, 18130
multipoint sibling pair analysis of quantitative traits in behavioral genetics, conference presentation, 10908
multivariate multipoint linkage analysis of behavioral genetic data, sibling pairs, conference presentation, 10907
number & length & frequencies of whistle & click emissions at 15 vs 23 degrees Celsius & age, 1–8 day olds from inbred mice strains, implications for ultrasound production in mouse maternal behavior, 18135
overview of special issue of "Behavior Genetics" dealing with neurobehavioral genetics of aggression, 10906
P-insertion mutagenesis & cloning & learning ability in conditioned defensive response, Drosophila, 34505
parenting styles & genetic vs environmental influences, child development, research review, 21982
personality & divorce risk heritability, 40–43 yr old twins, 3916
polymorphism in 5-HT transporter gene regulatory region, anxiety related neuroticism, general population & family members, commentary, 29215
polymorphism in 5-HT transporter gene regulatory region, anxiety-related personality traits, general population & family members, 29220
positional candidate approach to research on candidate genes with effects on agonistic behavior & offense, mice, conference presentation, 10910
recent findings from behavioral genetics research in personality, 15712
research into genetic elements of behavior & personality & ethical issues in genetic linkage studies of psychiatric disorders, 1133
role of inheritable biological factors within framework of behavioral genetics & law, genesis of repetitive antisocial behavior, implications for forensic psychiatry & psychology & insanity defense, 2445
sensitivity to taste of 6-n-propylthiouracil, 14–21 yr olds with vs without history of paternal alcoholism, experimental replication, implications for biological risk markers, 26669
sex vs additive genetic influences vs shared vs nonshared environmental factors, symptoms of separation anxiety vs overanxious disorder vs manifest anxiety, 8–10 vs 11–13 vs 14–16 yr old twins, 31125
standardization of maternal environment by means of embryo transfer, intermale aggression, genetically selected aggressive & nonaggressive wild house mice, conference presentation, 10914
temperament & task orientation, genetic variance on Home Observation for Measurement of Environment, nonadoptive vs adoptive sibling pairs assessed at 2 yrs of age, 21984
tetracycline transactivator control of CaMKII transgene expression, explicit & implicit memory storage in spatial & fear conditioning & role of hippocampus & forebrain, modified mice, 25447
transmission & liability models in study of genetic & environmental mechanisms underlying continuity & change in maladjustment, 4–6 vs 6–8 vs 8–10 yr olds with maternal ratings of problem behaviors, 23005
use of genetically altered mice in behavioral endocrinology research, conference presentation, 37947
Y chromosomal & maternal effects on & physiological & neuronal correlates of aggression based on attack latency, selectively-bred male wild house mice, conference presentation, 10915

Behavioral Health [See Health Care Psychology]

Behavioral Medicine [See Health Care Psychology]

Behavioral Sciences [See Also Psychology]—Serials

behavioral & social sciences, government policy making on public health, 20175
behavioral research with zoo animals, academic vs nonacademic researchers, 34330
critical role of behavioral & social sciences in mission of Centers for Disease Control & Prevention, 20196
highlights of behavioral research & surveillance activities in domestic violence & tuberculosis & HIV prevention & occupational health at Centers for Disease Control & Prevention, 20171
historical tradition & behavioral science perspective & family systems theory of active faith in Christian marriage, conference presentation, 41872
nature of complexity in cognitive & behavioral science, commonsense usage vs information theorists' definition of complexity, 33915
principles of advancement for the field of behavioral medicine, 43486
role of psychological theories & methods & behavioral scientists in public health efforts of Centers for Disease Control & Prevention, 20190
use of high-performance computing & MRI in behavioral sciences, commentary, conference presentation, 28329

Behaviorism—Serials

application of behavioral principles to antecedent events & interpretation of functional properties of behavior disorders as discriminative & establishing operations, literature review, 39171
B. F. Skinner & analysis of psychological or mentalistic terms, implications for mental health & verbal behavior, 7143
behaviorism vs cognitivism vs humanism, historical success vs failure in influencing building design, architectural psychology, implications for change, 17473
cognitive vs environmental contextual causation & multiple causal pathways of behavior & cognitivist vs behaviorist world views & differing emphases in therapy, 17903
communication problem in behavior analytic evaluation of psychological behaviorism, commentary reply, 5923
contemporary mechanistic philosophy & contextualism & relation to behavior analysis, commentary reply, 5920
Darwinian view of material existence of mind, status of behaviorist critiques of cognitive theories, 17905
early development & self-education & consultation services & cultural design research of Walden Fellowship, 28368
H. Harlow's discovery of learning set & rational behaviorism, 40765
influence of respective underlying paradigms on theoretical possibility of debate between cognitivists & behaviorists on causal efficacy of human thought, 17930
integrated behaviorist & humanist perspectives in actively caring model for environmental protection, 2398

ontology & epistemology of cognitive & self-efficacy vs operant behaviorist & epiphenomenal theories of human thought, 17884
paradigmatic vs radical behaviorism approach, behavior analysis of language & feelings of anxiety/fear & other emotional phenomena, research review, 6405
picture theory of meaning of sentences & role of coherence & pragmatics, implications for theory of truth & its discrimination in linguistic behaviorism, 11275
psychoanalytic psychobiographical inquiry of B. F. Skinner & behaviorism theory based on his autobiography "Particulars of My Life", 7780
radical behavioral approach to diagnosis & essential criteria of ideal diagnostic system & application to DSM-IV Axis II personality disorders, 15997
radical behavioral interpretation of causality & confusion of events with descriptive constructions, 21344
response to conceptual & empirical objections to self-management, 30518
science vs philosophy & cognition vs action & role of consciousness & self-consciousness, implications for cognitivist vs behaviorist debate on causal efficacy of human thought, 17932
self-efficacy as valid cause of behavior & effects of debate between cognitivists & behaviorists on psychology teaching & clinical decision making, 17911
Skinner & behaviorism & role of cognitions in human behavior, 14191
work in experimental behavioral analysis & authorship of Personalized System of Instruction, F. S. Keller, obituary, 17016

Bekesy Audiometry [See Audiometry]

Belgium—Serials
factor analysis & psychometric properties of Coping Strategy Indicator, seeking social support & problem solving strategies & avoidance, 18–67 yr olds, Belgium, 37398
reliability & validity of concepts & scales of authoritarianism by T. W. Adorno et al vs G. Lederer vs B. Altemeyer, modern political racism, high school students, Belgium, 17587

Beliefs (Nonreligious) [See Attitudes]

Beliefs (Religion) [See Religious Beliefs]

Bem Sex Role Inventory—Serials
factor structure & construct validity of scores on short vs long form of Bem Sex Role Inventory, college students, 17598
internal consistency & discriminant validity of Bem Sex Role Inventory, assessment of sex role orientation, 18–65 yr old heterosexual vs gay males, 14258
validity of masculine vs feminine vs buffer items in Bem Sex Role Inventory, 16–19 yr old females, England, 37416

Benadryl [See Diphenhydramine]

Bender Gestalt Test—Serials
Bender Gestalt Test vs Goodenough-Harris Draw A Person Test indicator scores, emotional maladjustment screening, maladjusted vs borderline vs non-maladjusted primary school aged children, Ireland, 54
efficacy of Bender Visual Motor Gestalt Test in detecting visuo-motor neurological impairment, epileptic 15–51 yr olds, India, 6075

Benzedrine [See Amphetamine]

Benzodiazepine Agonists—Serials
adverse effects of abecarnil vs diazepam, alcohol withdrawal, adult male alcoholic inpatients in detoxification units, 40160
antagonism by benzodiazepine partial inverse agonist Ro 15-4513 of discriminative stimulus effects of ethanol, male rats, 41457
anxiolytic-like effects of benzodiazepine receptor partial agonist PNU-101017, rats & mice, 38165
benzodiazepine inverse agonist FG 7142 & kainic acid into dorsal raphe nucleus 5-HT pathways with dexfenfluramine, inhibitory avoidance vs 1-way escape in elevated T-maze, male rats, 3219
benzodiazepine partial receptor agonist bretazenil, hyperphagia & ingestive patterns & satiety sequences, male rats, 29521
benzodiazepine receptor agonist ZK-93426, effects of scopolamine on information processing & memory & psychomotor skills, adults, 6874
benzodiazepine receptor agonists & inverse agonists & interaction with effects of flumazenil, humans & animals, 633
benzodiazepine receptor agonists diazepam vs FG 8205 vs quazepam vs zolpidem, performance in operant test & rotarod test, male rats & mice, 6823
benzodiazepine receptor partial inverse agonist FG 7142, somatic & cardiovascular components of acoustic startle response, male rats, replication, 34639
chlordiazepoxide, development of tolerance to response-suppressant & antipunishment effects in multiple schedule of operant behavior, male rats, 11204
cholinergic agonist carbachol & atropine & IgG-saporin induced lesions of basal forebrain cholinergic neurons, potentiation of cardioaccelatory response by betacarboline FG 7142, male rats, 6826
continuous FG 7142, anxiety during elevated plus maze & benzodiazepine/GABA receptor coupling response to challenge dose of FG 7142, male rats, animal model of anxiety, 15009
diazepam & N-methyl-b-carbonline-3 carboxamide, behavioral reactivity to novel stressful stimuli, male transgenic vs B6C/3FI mice, 41513
flumazenil, benzodiazepine withdrawal symptoms, 28–51 yr old patients with benzodiazepine dependency, 39835
flumazenil, provocation of panic attack & symptom change, patients with PTSD (mean age 36 yrs), implications for behavioral sensitization by benzodiazepine inverse agonists, 32384
imidazenil vs diazepam vs flumazenil, basal dopamine release in the nucleus accumbens, male Sprague-Dawley rats, 34686
inverse benzodiazepine receptor agonist beta-carboline-3-carboxylate & REM sleep, 3291
multiple receptor subtypes of partial agonism, heterogeneity of benzodiazepine receptor ligands in anxiolysis & sedation & hypothermia & hyperphagia & anticonvulsant/proconvulsant activity, male rats, 3202
psychological & physiological dependence & adverse behavioral effects & abuse liability of flunitrazepam, literature review, 39220
role of benzodiazepine-GABA receptor complex in modulating ethanol & sucrose consumption, rats, 38147
selective vs non-selective benzodiazepine agonists, maze-running & spontaneous locomotor activity, male rats, 6912
zolpidem vs bretazenil vs ZG-63 vs loreclezol vs diazepam, motor impairment & ligand binding & benzodiazepine agonist action at GABA-A receptor subunit, alcohol tolerant vs alcohol nontolerant rats, 11226
zolpidem vs triazolam vs temazepam, learning & recall & motor performance & other estimates of drug effects, healthy 21–50 yr olds, 11198

Benzodiazepine Antagonists—Serials
benzodiazepine receptor agonists & inverse agonists & interaction with effects of flumazenil, humans & animals, 633
flumazenil & midazolam, levels of adrenocorticotropic hormone & cortisol & pituitary responses, 22–30 yr old males, 29623
flumazenil, antianxiety action, male rats with or without ethanol withdrawal vs corticotropin-releasing factor treatment vs chlordiazepoxide, 38138
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, 8248
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary, 8260
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary reply, 8249
flumazenil, cognitive function, male 65 & 85 yr olds with probable Alzheimer's disease, 32711
flumazenil, schedule-controlled behavior, chlordiazepoxide-treated female rhesus monkeys, 34658
flumazenil vs isatin, atrial natriuretic peptide & lorazepam induced anxiolytic activity, male rats, 6828

intraseptal flumazenil vs benzodiazepine binding inhibitor, spatial working memory vs anxiety vs locomotor activity, male rats, 25583
liver regeneration by hepatectomy, voluntary alcohol intake & brain beta-carbolines & serotonin system activation, rats with liver dysfunction induced by portocaval anastomosis vs thioacetamide, 38099
long term iv & oral flumazenil, acute diazepam overdose, female 85 yr old, case report, letter, 13072
midazolam &/vs flumazenil in nucleus accumbens & striatum & reticular zone, acquisition of conditioned hypoalgesia in hot plate paradigm, male rats, 11150
midazolam, acquisition of conditioned analgesia & enduring naloxone reversible analgesia & reversal with flumazenil, male rats, 15043
midazolam vs flumazenil, benzodiazepine receptor function in dorsal raphe nucleus & social interaction, rats naive to vs experienced with plus maze, 34662
midazolam with flumazenil vs naloxone, licking patterns during exposure to fat emulsion, male rats, 38111
synthetic predator TMT vs butyric acid odor, conditioned fear & analgesia responses, male rats injected with benzodiazepine reverse agonist FG-7142, 29561

Benzodiazepines [See Also Alprazolam, Chlordiazepoxide, Clonazepam, Diazepam, Flurazepam, Lorazepam, Midazolam, Nitrazepam, Oxazepam]—Serials

abuse & adverse behavioral effects of benzodiazepines & physiological dependence, literature review, 8291
abuse & behavioral effects of benzodiazepines & physiological dependence, literature review, commentary reply, 8290
abuse & behavioral effects of benzodiazepines & physiological dependence, literature review, commentary, 8259
abuse & dependence potential of zopiclone, polydrug using patients attending a methadone maintenance program, 19392
abuse potential of & dependence on & withdrawal from & side effects of & guidelines for use of benzodiazepines for panic & anxiety & disturbed sleep, clinicians, 23924
accelerometry as a means to quantify physical activities in studies with Lorazepam & other benzodiazepines, males aged 19–25 yrs, 34136
addiction & abuse & behavioral effects of benzodiazepines & physiological dependence, literature review, commentary, 8247
antagonism of discriminative stimulus effects of benzodiazepine ligands assessed from in vivo animal studies, literature review, 15088
benzodiazepine & sedative/hypnotic & anticonvulsive drugs, seizure & overall ECT treatment efficiency & efficacy, psychiatric patients, 32612
benzodiazepine & serotonin selective reuptake inhibitors, psychosis, 40–48 yr olds with panic & anxiety disorder, case report, 19934
benzodiazepine prescribing patterns, general practitioners, Spain, 9041
benzodiazepine receptor binding sites, 19–54 yr olds with vs without schizophrenia & suicide victims, 42219
benzodiazepine receptor ligands, palatibility-induced ethanol intake, alcohol nonpreferring male rats, 6939
benzodiazepine withdrawal induced psychotic & other symptoms, elderly male patient & female 87 yr old, commentary, letter, 1850
benzodiazepines & exposure-based cognitive behavior therapies as combined therapies for panic disorder, 42895
benzodiazepines, stupor, male 63 & 65 yr olds in need of diagnostic interview & treatment, case reports, 13065
benzodiazepines vs buspirone treatment strategies, short & long term management of generalized anxiety disorder among primary care patients, conference presentation, 36505
benzodiazepines with vs without specific norepinephrine vs serotonin uptake blockers, behavior in learned helplessness paradigm, rats, 6985
binding at forebrain sites of GABA-benzodiazepine receptor complex, quail selectively bred for short vs long tonic immobility responses to manual restraint, 15046
buprenorphine vs methadone maintenance phase, addiction severity & positive urinalysis & self reported withdrawal symptoms & illicit drug use, 18–50 yr old opioid dependent detoxification outpatients, 9618
catatonia after withdrawal of benzodiazepines, 53–88 yr olds with mental or physical illnesses, case reports, 13038
causes & symptoms of catatonia, treatment with lorazepam & other benzodiazepines or ECT, adolescents & adults, literature review, 22841
clinical efficacy & side effects & advantages & disadvantages & effects on quality of life & work productivity, benzodiazepine treatment, patients with panic disorder, 27400
clinical use of benzodiazepines for treatment of depressive disorder, letter, 9104
concurrent & lifetime psychiatric comorbidity & drug use patterns, 22–58 yr olds in detoxification for benzodiazepine dependence, Canada, 8229
dependency on benzodiazepines & other prescribed drugs, misuse & usage patterns, elderly, 20066
dothiepin vs placebo, symptoms of benzodiazepine withdrawal, psychiatric outpatients, 5114
ECT, platelet peripheral-type benzodiazepine receptors, 28–59 yr olds with medication resistant major depression, 13095
epidemiology of cognitive change related to benzodiazepine or non-benzodiazepine psychotropic drug use, 65 yr olds & older, 36431
flumazenil, benzodiazepine withdrawal symptoms, 28–51 yr old patients with benzodiazepine dependency, 39835
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, 8248
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary reply, 8249
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary, 8260
gap vs abuttal vs overlap method of switching to zopiclone, benzodiazepine withdrawal symptoms, 25–86 yr olds with insomnia, Canada, conference presentation, 5213
improvement of sleep environment & quality of life & treatment of insomnia with hypnotics & benzodiazepines, Japan, conference presentation, 5209
in vivo benzodiazepine receptor binding & psychotic symptoms, 18–37 yr olds with vs without schizophrenia, England, 22827
in vivo benzodiazepine receptor binding & psychotic symptoms, 18–37 yr olds with vs without schizophrenia, England, erratum, 31743
ligand binding to glutamate receptor subtypes & benzodiazepine/GABA receptor complex in brain during repeated alcohol withdrawal induced seizures, rats, 7099
low vs moderate vs high maze-learning performance & acute swimming stress, 3H-flunitrazepam & 3H-Ro 5-4864 receptor bindings in synaptosomal/mitochondrial forebrain membranes, chicks, 11164
LSD, development of catatonia & role of benzodiazepine treatment, 21 yr old female, case report, commentary, letter, 12237
muscarinic acetylcholine & NMDA & protein kinase C & 5-HT & benzodiazepine receptor binding, senescence-accelerated mice, 21897
naloxone, chlordiazepoxide- or diazepam-induced light/dark anxiety & free exploratory behavior, male Swiss vs Balb/c mice, 41436
neutral vs cat predator odor, behavior & benzodiazepine binding, chicks, 14833
nonselective vs selective benzodiazepine receptor ligands, defensive reaction when confronted with natural threatening situations, mice & rats, animal model of anxiety, 21851
ovarian steroids, benzodiazepine receptor & postrestraint stress receptor binding over estrus cycle, female rats, 6830
over the counter benzodiazepine availability, drug use & abuse & dependence, 15 yr olds & older, Chile, 31298

pharmacodynamics & pharmacokinetics & sedation & psychomotor properties of adinazolam & N-demethyladinazolam, healthy Asian vs Caucasian vs African American males, 21811
physiological & psychomotor performance & subjective effects & abuse liability of flunitrazepam vs triazolam, 20–29 yr old males, 6882
platelet peripheral-type benzodiazepine receptors, 25–69 yr old post-Persian Gulf War outpatients with PTSD, Israel, 8023
polysomnographic effects of flurazepam & flunitrazepam & temazepam & triazolam & zopiclone & zolpidem, healthy volunteers & Ss with insomnia, 9278
potency of flunitrazepam vs nitrazepam, psychomotor & subjective & memory effects, healthy 18–34 yr olds, 21906
presence of DSM-III-R Axis I & Axis II disorders, comorbid diagnoses of cocaine & benzodiazepine dependency in early treatment, outpatients in methadone maintenance, 24314
prevalence of benzodiazepine intake & duration of intake & daily dosage & relationship with occurrence of falls, elderly female emergency room patients, 1868
rapid tranquilization with neuroleptic drugs & benzodiazepines vs iv diazepam & haloperidol, aggressive incidents, acutely disturbed psychiatric patients, England, 9105
recent benzodiazepine use, natural killer cell & lymphocyte function & proliferation, patients with current major depressive disorder (mean age 35.8 yrs), Switzerland, 23860
reduced GABA/benzodiazepine receptor sensitivity to benzodiazepines, 30–45 yr olds with PMS, 31633
repeated swim stress, peripheral-type benzodiazepine receptors, rats, 6768
role of benzodiazepine like substances in pathogenesis of hepatic encephalopathy, literature review, 42792
serotonin 1A receptors, discriminative stimulus effects of chlordiazepoxide or bretazenil, rats, 6851
social circumstances & life events & coping & level & length of drug intake, benzodiazepine dependence & withdrawal, long term benzodiazepine users, 6 mo followup, 4991
SPECT assessed benzodiazepine receptor distribution & diazepam binding, patients with schizophrenia (mean age 30.2 yrs), 26511
temazepam, nighttime sleepiness after daytime administration, males mean age 33.5 yrs, 41507
tolerability of benzodiazepine treatment, elderly patients, literature review, 23898
tricyclic antidepressant vs benzodiazepine vs MAO inhibitor vs selective serotonin reuptake inhibitor treatment, patients with panic disorder, research review, 32585
withdrawal & dosage level of flunitrazepam or lorazepam or triazolam, seizures, 22-63 yr old benzodiazepine dependent patients, case reports, 5065
zolpidem vs triazolam vs diazepam, recurrent inhibition & electrophysiological mechanism in hippocampus, rats, 38110
zopiclone vs benzodiazepines vs other medications, daytime sleepiness & lifestyle & depressive symptoms & quality of life, patients with insomnia, Canada, conference presentation, 5181
zopiclone vs flunitrazepam, insomnia, depressed patients treated with amitriptyline, conference presentation, 5118
zopiclone vs triazolam vs flunitrazepam, sleep quality & daytime well being, patients with insomnia, conference presentation, 5189
3-dimensional visualization & quantification of benzodiazepine receptor population using positron emission tomography & MRI, healthy male 29 yr old, 34570
Bereavement [See Grief]
Beta Blockers [See Adrenergic Blocking Drugs]
Beverages (Alcoholic) [See Alcoholic Beverages]
Beverages (Nonalcoholic)—Serials
beverages sweetened with sucrose vs fructose vs aspartame, sweet taste perception & pleasantness ratings & daily energy intakes & diet macronutrient composition, 43–72 yr olds with diabetes, 8498
caffeine self-administration & subjective effects, adult cola drinkers, 38640
coffee drinking & cigarette smoking, 32–50 yr olds, 7580
flavor preference conditioning, postlunch caffeine-paired target drink consumption & mood dip alleviation, 18–23 yr old caffeine users vs nonusers, 7046
nonalcoholic beer with vs without 10% added ethanol, alcohol intake & preferences & operant reinforcement, male rats, 631
reduced energy diet & meal patterns, tobacco smoking & coffee drinking, females (mean age 28 yrs), 30312
reinforcing effect of caffeine self-administration & subjective effects & serving dose, 32–57 yr old coffee vs cola drinkers, 38639
Bias (Experimenter) [See Experimenter Bias]
Bias (Response) [See Response Bias]
Biased Sampling—Serials
apolipoprotein epsilon-4 allele frequency, elderly with Alzheimer's disease from research clinic vs community, implications for selection bias, 12686
assessment of associative biases in first name cued recall interview procedure on personal networks, adults, conference presentation, 41123
bias in recruiting probands & relatives, participation in family studies, outpatients with mood or personality disorders, commentary, letter, 1195
demographic characteristics & response validity & habitual thinking, college students volunteering for in-class vs afterclass experimental data collection, 17782
demographics & selection biases in antipsychotics trial & potential effects in hypothetical clinical trials, 18–55 yr olds with schizophrenia or schizoaffective or schizophreniform disorder, 10599
mathematical techniques for decomposition of selection bias in concrete empirical analyses, 37570
methodology for screening test & diagnostic data, unbiased prevalence estimates from biased sample of definitive diagnosis, 22651
random effects selection model, estimation of effect size & reduction of publication bias effects in meta-analysis, 17744
representation in test construction samples, systemic test bias, Whites vs Hispanics vs African Americans vs Asians, 10361
sample biases in indices of neighborhood income & urban residence, prevalence rates of adult psychopathology, 8–16 yr old twins & their parents, 26409
sampling distribution of swap rate under normality assumptions vs bootstrapping using real selection data, selection based on entrance examination rates, university applicants, 2719
selection bias in inpatient outcomes monitoring project, 18–65 yr old patients, 28679
social reputation & preference or acceptance of children, sampling bias, teachers & 2nd–12th graders with vs without parental permission to participate in classroom research, 24655
use of Gibbs sampling to account for publication bias in meta analyses, 37553
Bible—Serials
agreement vs disagreement in integration of psychology & theology & Scripture evaluation of psychoanalysis & behaviorism & cognitive & humanistic psychology, 35039
attitudes toward work in biblical times as seen in King James Bible & in modern times as seen in S. Terkel's "Working", implications for modern management, 17329
bridge-burning tactics of & bridge-building dialogue suggestions for Christian psychologists & biblical counselors, 36567
Christian feminist vs evangelical interpretations of marital male domination & female submission patterns in Ephesians 5:22, 41845
integration of psychological theology & personal experience & biblical hermeneutics, commentary reply, 3582
Judeo-Christian Biblical behavior modification examples, implications for therapy, 1741
perceptions of educational process & students' attitudes toward Bible teaching, elementary & junior high & high school teachers, Israel & Jewish schools outside Israel, 33431

phenomenological psychological interpretation of biblical parable of prodigal son with focus on father's self image, 29645
psychoanalytic interpretation of Noah myth, conference presentation, 30596
utility of Christian faith & learning & Bible as framework for psychology, 7454
Bibliography—Serials
annotated bibliography on AIDS epidemic & education & pedophilia research, conference presentation, 30685
articles from 'Journal of Adolescent Health', July–December 1993, bibliography, 7167
clinical judgment & case formulation, bibliography, 33164
commemorative review of A. T. Welford's contribution to experimental psychology & ergonomics, bibliography appended, 20396
effectiveness of social interventions, homeless substance abusers, bibliography, 13443
ethical & legal & clinical components of informed consent, hospital-based psychiatric & medical patients, bibliography, 1977–96, 14142
ethics in forensic psychiatry, 1959–1994, bibliography, 9806
experiences of exceptionality, people with disabilities, 1976–92, bibliography, 4015
hypnosis & cancer, bibliography, 1985–1995, 27532
interactive bibliocounseling for adolescents, bibliography, 33569
issues in & cognitive & self-help & behavioral & controlled therapies & psychotherapy for pathological gambling, bibliography, 12784
journal articles & books & book chapter literature on employee assistance programs, 1991–1995, bibliography, 28168
legal analysis of cults & psychological coercion & related lawsuits, bibliography appended, 17508
management of reading & spelling problems, children & adults, bibliography, 31456
psychodynamic psychotherapy & psychoanalysis, bibliography, 4765
psychotherapy & other treatment of personality disorders, bibliography, 31947
seminal educational & psychological measurement reliability & validity studies, 1950–present, bibliography, editorial, 10332
staff stress & training & management in services for people with learning disabilities & challenging behavior, bibliography, 13549
topics concerning Persian Gulf War veterans, bibliography, 1135
use of health related quality of life instruments in comparative clinical studies, bibliography with indexes, 14357
Bibliotherapy—Serials
bibliotherapy & the use of literature & television to promote mental health, 27307
bibliotherapy for treatment of unipolar depression, meta-analysis, 36285
cognitive bibliotherapy, depressed adults (mean age 71.8 yrs) with a disability, 6 mo followup, 32129
cognitive bibliotherapy, symptoms, adults with mild to moderate depression, 3 yr followup, 23655
fictional vs autobiographical vs self help book in supervised vs unsupervised reading, self description on Eysenck Personality Questionnaire & Personal Orientation Inventory, female college students, 26235
interactive bibliocounseling for adolescents, bibliography, 33569
interactive bibliotherapy using Nuyorican poetry, ethnic identity & self esteem, 16 yr old Puerto Rican male, 27127
use of bibliotherapy in Adlerian counseling, 8797
Bicuculline—Serials
baclofen vs bicuculline attenuation of effects of antidepressants, immobility in forced swim test, rats, implications for role of GABA B receptors in action of antidepressants, 15067
bicuculline methiodide microinjection into basolateral amygdala, conditioned odor aversion, rats, 34652
enhanced training with high level of foot shock, effect of picrotoxin or bicuculline in substantia nigra vs zona incerta on amnesia & memory consolidation, male rats, 3205
GABA agonist muscimol vs GABA-A antagonist bicuculline in medial hyperstriatum ventrale, amnesia & retention in passive avoidance task, day-old chicks trained with strong vs weak aversants, 11117
GABA agonists & PCP & bicuculline, muscimol-like discrimination, male rats, 25580
intercranial self administration of bicuculline into ventral tegmental area with vs without sulpiride, spatial discrimination, male mice, 29529
intrahypothalamic tubocurarine & bicuculline, noradrenergic activity in emotional brain area & frontal cortex during fear response, cats, implications for cholinergic vs GABA blockade evoked fear, 642
nitric oxide synthase inhibitor N-omega-nitro-L-arginine, suppression of tonic or clonic seizures induced by NMDLA vs pentylenetetrazol vs bicuculline vs picrotoxin, male mice, 11145
nucleus accumbens infusions of GABA agonist muscimol &/or antagonist bicuculline, onset & maintenance & termination of ethanol-reinforced responding, male rats, 6924
ventral tegmental bicuculline, self stimulation thresholds & regional brain cytochrome oxidase activity, male rats, 7059
Big Five Personality Model [See Five Factor Personality Model]
Bilingual Education—Serials
ethnographic study of debate between Latino & Euro-American senior communities concerning need for multicultural & bilingual education in public school, 33378
roles in cooperative teaching, bilingual special educators, 24680
traditional vs error correction teaching strategy using English vs Spanish words, spelling accuracy, 6th & 7th graders with vs without learning disabilities in bilingual migrant education program, 33438
Bilingualism—Serials
age & sex & type of school, social & behavior problems, Arabic speaking vs bilingual 14–17 yr olds, Algeria, 22105
age of acquisition & familiarity & concreteness & imageability in Welsh vs English, bilingual & monolingual high school & college students, 41562
age of exposure to 2nd language & maturation effects, language proficiency & ERPs during sentence reading & judgment of grammaticality, 19–44 yr old Chinese-English bilinguals, 14942
age of second language acquisition, perception of speech in noise, 20–49 yr old bilingual Spanish speakers with early vs later English acquisition vs monolingual English speakers, 37678
bilingual competence & structural properties & lexical borrowing in relation to Papiamento/Dutch code switching in reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22033
bilingual or interpreted psychiatric evaluation & psychotherapy, psychiatric patients whose 1st language & culture differ from clinician's, 8788
bilingualism & biliteracy, understanding of concepts of print & symbolic function of written language, 4–5 yr olds, 29764
code switching at random tones at 8–12 sec intervals, intrasentential code switching at syntactically definable constituents & during speech production, bilingual 23–24 yr olds, 11255
color & semantic context in picture vs word stimuli, forward vs backward word reading & translation, bilingual college students, Netherlands, 17929
communicative competence in verbal exchange with bilingual parents vs monolingual strangers, bilingual females (mean age 2.2 yrs), 22009
cross-language facilitation & nonoccurrence of repetition blindness & list-sentence effects during split-language translation, commentary, 14650
development of religious sensibilities & cultural identity & race awareness & bilingualism & multiculturalism as part of childrearing practices, Punjabi mothers & their children, UK, 1970 vs 1995, 41896

development of segmental phonological production, bilingual 1.5 yr old male, 3 yr study, Puerto Rico, 25785
disambiguation & restriction & rejection as tests of mutual exclusivity constraint, 3–4 vs 5–6 yr old monolingual vs bilingual children, conference presentation, 34790
English language proficiency & role of bilingual clinicians, use of mental health services & general practitioners, inpatients with psychiatric or substance abuse disorders or dementia, Australia, 5279
English–Spanish emotion word vocabulary disparities, acting out & social withdrawal, bilingual Hispanic 6–11 yr olds, 38342
ethnolinguistic vitality & linguistic contacts & ethnic identification, minority language use, second generation Italian Australian 20–35 yr olds, Australia, 7139
experience of linguistic landscape, ethnolinguistic vitality of in-group language & social psychological aspects of bilingual language development, francophone 11–12th graders, Canada, 38325
issues for hiring & training & supervising bilingual & bicultural paraprofessionals in mental health services, 33264
language choice & functional differentiation of languages in bilingual reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22052
language proficiency & orthographically related vs dissimilar primes, target word recognition in bilingual lexical decision task, French–English bilingual vs French monolinguals, France, 41558
lexical & conceptual representation in bilingual memory, novice vs expert bilingual college students, 29669
literacy & pre-literacy skills & phonological awareness, Panjabi & English speaking children, 43647
methodology to examine cross language equivalence for tests measuring short term memory using word length & spoken duration, bilingual Mexican American male college students, 33958
mixed language sentences with identical vs semantically identical vs nonidentical across or within language target words, repetition blindness, monolingual vs bilingual undergraduates, 14632
"more" & "less" in English vs Filipino math problems vs stories, verification response & time in word problem solving, bilingual students, Philippines, 21325
mother tongue & language of schooling & cross-linguistic differences in word length, language differences in digit span, Finnish-Swedish bilingual college students, Finland, 7133
phonological &/vs orthographic basis for masked translation priming of cognates vs noncognates, Hebrew vs English dominant bilingual adults, Israel, 41566
phonological awareness, Punjabi-English bilingual 7- yr-olds with phonological difficulties, England, 35912
portfolio vs standardized assessment data, competence judgments of bilingual students with academic difficulties, special educators vs bilingual credentialed teachers vs school psychologists, 37115
quantity of language input factors, lexical learning, bilingual 8–30 mo olds, 29813
recognition of code switched words in speech, Chinese-English bilingual college students, Hong Kong, 14564
sentence lexical vs conceptual constraint & word frequency, reading mixed-language sentences, Spanish-English bilingual adults, 237
Spanish vs English language orientation & beliefs about smoking, 14–24 yr old Latina clients at family planning clinics, 35177
spatial representation of native vs 2nd language in Broca's & Wernicke's cortical brain areas, bilingual Ss who acquired 2nd language during infancy vs early adulthood, 37976
strategic literacy knowledge & abilities & potential, low literacy bilingual middle school students, 6 mo study, 40482
strategies for resolving syntactic ambiguities when reading 2nd vs native language, bilingual adults, France, 21339
test–retest correlation of English vs Spanish version of Problem Oriented Screening Inventory for Teenagers, unique Spanish–English bilingual adolescents living on US-Mexico border, 21062
transfer of refractory states across languages, bilingual 72 yr old male with global aphasia after stroke, case study, 31769
visual field advantage in language-specific scanning & reading, laterality in chair identification & chimeric face perception, native Hebrew speaking & Arabic–Hebrew bilingual college students, Israel, 34151
visual search process for letters & nature of script, English monoscriptal vs English/Mandarin biscriptal college students, Singapore vs England, 6309
word recognition & language context processes in 1st vs 2nd language, bilingual vs monolingual 15–16 yr olds Greece, 41637
word selectivity/avoidance & early phonological pattern development during 1st 50-word period, Portuguese-Turkish bilingual 19 mo old, Brazil, 753

Binge Eating—Serials

absence of metabolic & neuroendocrine & biologic abnormalities & starvation & compensatory behaviors, binge eating without purging, comparison with pathophysiology of bulimia & anorexia nervosa, 8427
activation of internalized family images, affective states & behavioral self-regulation, 18–31 yr old female binge eaters, 35953
antidepressants & serotonin reuptake inhibitors & appetite suppressants & other pharmacotherapies for bulimia & binge eating disorder & obesity, 9166
avoidance coping & binge eating & depression, female college students (mean age 20.52 yrs), Australia, implications for escape theory, 31517
biliopancreatic diversion, binge eating episodes & dieting & psychological traits & body weight, severely obese 19–61 yr old patients, 2 yr study, 27511
binge eating at intake vs later onset vs dietary restriction, risk for developing substance use disorder, adult females with anorexia nervosa, 10 yr prospective longitudinal study, 12425
binge eating before onset of dietary restriction vs after, females in treatment for bulimia, 6 mo followup, 31514
bulimia nervosa, implications for social work & social workers, 23545
childhood sexual abuse & dissociation & binge purge cycle, 18–52 yr old females with bulimia, 31533
chronology of dieting & binge eating & onset of bulimia nervosa & S clinical features & psychological characteristics, 17–45 yr old females, 42655
classification & validity of bulimic eating disorders subgroups & comparison with predictive validity of DSM-IV scheme, 16–35 yr old females with recurrent binge eating, UK, 1 yr followup, 1469
clinical guidelines for antidepressant treatment, individuals with binge-eating disorder, literature review, 26823
cognitive behavior therapy & weight loss treatment, binge eating & weight gain, obese females with binge eating disorder, 1 yr followup, 23719
comorbid psychopathology & psychological distress & self esteem & social problems in obesity with vs without binge eating disorder, literature review, 8420
d-fenfluramine, number of binges, obese females with binge eating disorder, 13055
DSM-IV subtyping for bulimia nervosa, patients with nonpurging vs purging bulimia vs binge eating vs compensatory behavior disorder, 42673
emotions & cognitions during bingeing & compensatory weight control cycles, females with bulimia, 4467
extension of cognitive-behavioral therapy past 12 wks, binge eating, adults (mean age 45.2 yrs) with binge eating disorder, 32124
feasibility of & program adherence & outcome & satisfaction with telephone-based guided self-help, 26–47 yr old females with binge eating disorder, 32180
feminist therapy & boundary model of treatment, obese female binge eaters, 4806
food exposure, heart rate & blood pressure & electrodermal activity & respiration rate & nervousness & distress & desire to binge & hunger, females (mean age 27.5 yrs) displaying binge-eating episodes, 31542

food exposure, serum insulin & fatty acids & plasma glucose concentrations & salivation & hunger & desire to eat & consumption, obese binge-eating vs obese nonbinge-eating females, Finland, 31509
food selection & temporal consumption patterns, obese females with vs without binge eating disorder, 42658
frequency & distribution of depressive symptoms, females with binge eating disorder vs bulimia nervosa vs major depression, 11834
functional assessment of problem behaviors & binge eating disorder, literature review, 26825
gender of model & S & amount of food & rate of & social vs solitary context of eating, perceptions of eating as binging, college students, 18889
gender role socialization & adolescent psychological developmental tasks, females at risk for development of binge eating, 8425
history of sexual abuse & related level of dissociation, frequency of bingeing & other bulimic symptomatology, females with eating disorders, 1467
lifestyle & self & body esteem & attitudes about attractiveness, rates of bulimia nervosa vs binge eating disorder, lesbian 17–65 yr olds, 4448
lifetime & point prevalence of bulimia & anorexia nervosa & binge eating disorder & eating disorder not otherwise specified, adults, Norway, 4475
nutrient intake, 17–45 yr old women with bulimia nervosa with purging, New Zealand, 31502
onset prior to vs after 18 yrs old, weight & body mass index & severity of binge eating & comorbid psychopathology, obese females with binge eating, 8418
perceptions of & affect aroused by others' evaluation of their weight-related behavior, patients with binge eating disorder, 31500
physiological & metabolic determinants & response to opiate blockade in etiology of binge eating, implications for role of familial obesity, literature review, 8408
prescribed exercise intervention, binge eating, obese females, 5134
prescribed exercise intervention, binge eating, obese females, 13091
prevalence & severity of binge eating & psychopathology & weight control, obese 20–73 yr olds, 8413
prevalence of bulimia nervosa & binge eating disorder, ethnic minority groups, 8423
psychopathology & weight cycling, obese adult females with binge eating disorder, 4440
psychopathology, obese females with vs without binge eating disorder vs bulimic females, 42667
self-reported traumatic experiences & dissociative symptoms, obese females with vs without binge eating disorder, 42660
skills training treatment for adaptive affect regulation, 36-yr-old female with binge eating disorder, case report, 32177
trade-off between highly & less aversive emotional states, obese binge eating females, 31511
TSH & thyroid hormone levels during active bingeing & vomiting & after 7 wks of abstinence from these behaviors, female 20–34 yr olds with bulimia, 4432
use of antidepressant therapy & brief cognitive behavior therapy & self help manuals with vs without supervision from nonspecialist therapist, treatment of binge eating problems in primary care, 9350
weight gain prevention program, stress & depression & dietary restraint & binge eating behavior & coronary heart disease risk factors, 44–50 yr old premenopausal women, 32754
weight histories, adults with binge eating disorder with vs without loss of control vs eating disorders not otherwise specified, 12405

Binocular Vision—Serials

activity in deep midtemporal cortex & 1st & 2nd visual cortex regions, implications for neural correlates for consciousness, 6616
background color, reversal in sign of monocular chromatic diplopia & binocular chromostereopsis, adults, 6253
binocular cues, discrimination of monocularly visible object's speed & direction of motion in depth, 21 & 22 & 27 yr olds, 14537
binocular disparity & motion parallax, surface detection, Os, 28776
binocular matching of vertical & horizontal contours & detection of interocular correlation for oriented dynamic random line stereograms, adults, 14505
binocular vision & visuomotor behavior, frogs with intact vs unilateral regeneration of optic nerve, 25466
binocular vision problems, frequency of crashes & number of crash victims, taxi drivers, Canada, conference presentation, 28323
depth of monocularly recognizable vs purely binocular objects & S's eye dominance, perception of direction, adults, 14539
dynamical implementation of torsional vergence component in pure vergence & combined direction/depth binocular eye movements using 3-dimensional search coil technique, adults, 21272
experimental strabismus during infancy, cortical binocular neuron loss & size changes & recovery of cells in lateral geniculate nuclei, macaques, 6615
experimental strabismus induced diplopia during infancy, developmental reduction in excitatory binocular neurons of visual cortex, monkeys, 6614
extent of deviation of binocular & monocular visual fields & nasal & temporal hemifield loss, cats with surgically induced esotropia, 6619
field of view & viewing distance & environmental effects, fusional limits of binocular vision in stereoscopic displays, 22–50 yr olds, 21276
human performance vs matching constraint models of binocular disparity processing for fine-scale depth judgments, adults, 37623
illuminants & luminance level, memory vs binocular vs haploscopic methods of viewing CRT vs printed images, adults, implications for study of cross media image comparison, 14500
impairment of binocular inversion, 31–48 yr olds with mild alcohol withdrawal, 26684
linear spatial frequency & disparity tuned filters of correlated vs uncorrelated band pass 1 dimensional noise pairs & orientation of stimulus envelope, stereopsis & localization, Os, 218
measurement theoretic approach as partial explanation of empirical contradictions of R. Luneberg's conception of a psychophysical theory of binocular space perception, conference presentation, 34095
observing binocular 3-D images & visual distance, accommodation & pupil functions, female students, 21243
perceived orientations of rival gratings of 2 orthogonal rotations, activity of neurons & visual pathways in visual cortex, monkeys, letter, 6643
reverse suturing & resultant inability of eyes to see at same time, alignment of orientation preference maps, kittens, implications for visual experience as necessary for match of orientation, letter, 542
size of reconstituted image in front of vs behind monitor image, accommodation point of stereoscopic 3-dimensional images with binocular disparity, females (mean age 21.1 yrs), 21253
spatiotemporal aspects of binocular correlation in stereopsis, Os, 10629
static vs rapid alternation of rival stimuli between left vs right eye, temporal dynamics & neural representation of stimuli & visual awareness & general binocular rivalry, adults, 2776
transport & grasp kinematics in goal-directed prehension movements under binocular vs monocular vs memory-guided condition, 20–28 yr old college students, Wales, 34143
vector summation vs winner-take-all model in binocular perception of direction of random dot displays, adults, 14550

Binomial Distribution—Serials

binomial distribution method & use of F tables, derivation of confidence intervals for proportion of domain mastery in criterion referenced mastery measurement contexts, students, 2714
evaluation of R. Rosenthal & D. B. Rubin's binomial effect size display, 28647

sparse multilevel data structure, extra-binomial variation estimates & logistic modeling, 34113
Bioavailability—Serials
acute intranasal cocaine, subjective effects & plasma cocaine levels, male vs female 21–35 yr old occasional cocaine users, 610
cytochrome P450 enzymes in metabolism of antidepressants & neuroleptics & benzodiazepines & alkaloids & adverse effects with selective serotonin reuptake inhibitors, 7094
cytochrome P450 enzymes in metabolism of antidepressants & neuroleptics & benzodiazepines & alkaloids & implications for adverse effects with selective serotonin reuptake inhibitors, commentary, 21821
detectability of memory enhancing effects of GABA antagonist CGP 36742 or nootropic agent oxiracetam following learning experience, mice, implications for formation of long term memory trace, 619
elimination half-lives for plasma clozapine, 34–42 yr old schizophrenic patients, letter, clinical implications, 12960
elimination pharmacokinetics in serum following overdose with fluvoxamine, female 32 yr old with recurrent depression, case report, letter, 1861
florescence polarization immunoassay vs high pressure liquid chromatography vs gas chromatography/mass spectrophotometry, measurement of plasma methadone, methadone maintenance outpatients, 5410
haloperidol vs reduced haloperidol, plasma concentrations, 60–99 yr olds vs schizophrenic patients (mean age 31.3 yrs), 9051
high vs low scores for neuroticism, sleep quality & caffeine kinetics, 22–24 yr olds, letter, 3161
iv vs sc vs ip vs po midazolam, pharmacokinetics & bioavailability & DRL performance, chronically food-limited male rats, 3239
neuroleptic drugs, platelet 3H dopamine, adults with schizophrenia vs schizophreniform disorder vs other mental illness, 4149
observed drug level 24 hrs after single test dose, prediction of haloperidol steady state plasma level to achieve maintenance dose, schizophrenic or schizoaffective patients, prospective study, 9091
paroxetine, metabolism of single dose of imipramine or desipramine & adverse effects, depressed 31–60 yr olds, implications for interaction with cytochrome P450 2D6 isoenzyme, 4978
pharmacokinetic profile & bioavailability of selective 5-HT 1B/1D receptor agonist zolmitriptan 311C90 & its effectiveness as acute migraine treatment, 39903
pharmacokinetics & pharmacodynamics of coadministration of nefazodone & haloperidol, healthy male 22–31 yr olds, 6820
pharmacokinetics interactions & clearance rates following abrupt switch from fluoxetine to paroxetine, 42–69 yr olds with major depression or other mood disorder, 12962
po vs iv dexamethasone bioavailability & peak plasma level & time to maximum concentration & elimination half-life & DST outcome, melancholically depressed inpatients, 27440
single dose fenfluramine challenge relative to body weight, plasma drug concentration & prolactin response & physical & psychological symptoms, healthy male vs female 25–60 yr olds, 11175
steady state metabolism time &/or tolerability of side effects of lithium &/vs carbamazepine vs divalproex sodium, time course of drug response, inpatients with acute classic vs dysphoric mania, 5016
zopiclone vs zolpidem vs flunitrazepam, nocturnal attention & vigilance & memory during absorption phase, healthy males, conference presentation, 3184
Biochemical Markers [See Biological Markers]
Biochemistry [See Also Neurochemistry]—Serials
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, erratum, 5454
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24400
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24394
abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary, 24382
antidepressants, 5-HT-2C receptor mediated calcium mobilization in ovary cells transfected with 5-HT-2C clone & subsequent regulation of 5-HT-2C receptor function, Chinese hamsters, 11101
biochemical perspective on molecular mechanisms of long term potentiation, 21693
clinical & animal neuropathological & biochemical studies of protein & genetic & neurofibrillary changes, cognitive change in normal aging & Alzheimer's disease, 1961–95, research review, 8629
disorder of transmethylation mechanisms in schizophrenia & other disorders, literature review, 31041
ethical use of media & abandonment of peer review science & popularization of planarian learning & behavior modification & biochemical engram, J. McConnell, commentary reply, 24398
lancing & squeezing of heel during blood sampling, oxygen saturation & behavior, preterm infants, Scotland, 9273
pathobiochemical mechanisms & potential pharmacological intervention in cerebral ischemia, 9255
serum acute phase reactants 1-antichymotrypsin & c-reactive protein & protease inhibitors alpha-1-antithrombin & C1 esterase inhibitor, elderly with probable Alzheimer's disease, 12633
similarities of medial temporal pathology & biochemical dysfunction & positive & negative & other psychotic symptomatology between schizophrenia & Alzheimer's disease, 7813
subjective feelings & biological variability of responses to alcohol & nitrogen, 19–43 yr old male divers, 7006
urinary levels & time course & excretion patterns of beta-carbolines harman & norharman & relation to life events & psychopathology, male alcoholics, 23097
Bioequivalence [See Bioavailability]
Biofeedback [See Also Biofeedback Training]—Serials
biofeedback &/vs relaxation, symptoms of psoriasis, patients, 24000
biofeedback, blood pressure, 35–65 yr old outpatients with hypertension, Japan, 36043
biofeedback induced reduction of respiratory resistance, 66 yr old female patient with bronchial asthma, 23962
clinical techniques & materials & equipment & applicable developmental principles in teaching biofeedback, children with various disorders, 13086
conventional vs biofeedback assisted singing lessons, development of voice parameters, adults, 25227
EMG & thermal biofeedback techniques, anxiety reduction, 7th & 8th graders with greater than average anxiety, 5140
ethical & practice considerations, biofeedback therapists treating patients with urinary incontinence, 17093
learned control of heart rate & skin temperature responses & biofeedback, motion sickness, 18–45 yr olds, Canada, 14955
migraine therapies, use of biofeedback & drugs for treatment & prophylaxis, literature review, 23990
perceived self efficacy, mediation of outcome in thermal biofeedback treatment, 20–49 yr old female migraine sufferers, 43248
prediciting outcomes for home based thermal biofeedback treatment, 8–16 yr olds with pediatric migraine, 39861
sex & self-efficacy level, ability to increase & decrease heart rate with vs without visual feedback, 19–28 yr old exercise science students, 29475
statistical equivalence testing, clinical biofeedback research, 5127
Biofeedback Training—Serials
biofeedback & hypnosis & relaxation & cognitive behavioral approaches, patients with tinnitus, literature review, 32658
biofeedback-assisted relaxation, mental stress test reactivity, adults with mild hypertension, Israel, 6 mo followup, 9227
biofeedback assisted relaxation therapy, 20–60 yr olds with posttraumatic headache, 5126

biofeedback in treatment of urinary incontinence, literature review, 9236
biofeedback pretraining with vs without infant crying stressor during training vs crying stressor without pretraining, EEG cortical & perceived arousal & anxiety, female college students, 16676
biofeedback visual training technique, changes in myopia & visual acuity & psychological distress, 16–22 yr old females with myopia vs emmetropia, 1 yr study, Italy, 36590
continuous negative vs positive biofeedback of R-wave to pulse interval, differential learning of BP control & heart rate, normotensive 19–40 yr olds, 6793
EEG biofeedback, cognition & attentive behaviors, 5-15 yr olds with ADHD, 5135
EEG biofeedback, cognition & attentive behaviors, 5–15 yr olds with ADHD, erratum, 16670
EEG neurofeedback, neurocognitive functioning & activity levels & quality of life, 31 yr old White female Naval officer with chronic fatigue syndrome, case report, 5132
laxative vs enhanced toilet training vs biofeedback therapy, 6–15 yr olds with encopresis, 9215
neurophysiological & functional bases of EEG characteristics & clinical use of EEG in self regulation, literature review, 3129
perceived air flow obstruction & added resistive load discrimination training, 18–24 yr old asthma patients, 42712
race & sex & own or parental history of hypertension, forehead muscle tension & finger temperature response to biofeedback assisted relaxation training, adults, 5137
symptomatology & biofeedback treatment of Raynaud's disease, 9232
thermal biofeedback vs blood pressure monitoring, elevated blood pressure levels, nonmedicated male vs female hypertensive adults, 4626

Biographical Data—Serials

adoption & family & biographical variables, decision to tell vs not tell adoptive parents of search for biological parents, 18 yr old & older adoptees, Israel, 22267
biographical accounts of significant life events & changes in integrative complexity, historical figures, commentary reply, 3947
biographical accounts of significant life events & changes in integrative complexity, historical figures, commentary, 3935
career tracking vs personnel selection purposes, perceived fairness in collection of biodata items, male vs female business students (average age 22.58 yrs), 40539
construct validity & factor analysis of taxonomy of biographical & personality items, assessment of dependability & demeanor & ambition, job applicants, 2707
demographic characteristics & criminal history, employment rates & earnings levels, prison releasees, 23116
demographics & reasons for presentation & initial vs eventual diagnosis & method of subsequent identification, anonymous presentations to emergency psychiatric unit, retrospective study, Ireland, 1143
family structure & formation & personal characteristics & timing of home leaving, 17 yr olds or younger vs 18–24 vs 24–30 yr olds, 25903
interests & values & personalities of career development & choice theorists, D. Super vs J. Holland, 17278
organizational climate perceptions vs biographical factors, prediction of job satisfaction & pride in organization, public sector employees, 5774
perceived invasiveness of biodata items, social scientists vs college students vs military personnel, implications for personnel selection, 10057
reliability & validity & factor structure of biodata scoring key, selection of entry level sales personnel, life insurance company applicants, US vs UK & Republic of Ireland, 2702
use of biodata instrument to predict vocational interests in managers, postgraduate & undergraduate students & managers, 28191
use of senior citizens' biographical data for life span developmental psychology course, undergraduate students & individuals 65 yrs old & older, 33417
verbal creativity, prevalence of personality & affective disorders & alcoholism & other psychopathology & psychosocial aspects in biographical data, American & British male writers, 7809

Biography [See Also Autobiography]—Serials

analysis of 5 14th–17th century German autobiographical childhood accounts, 34759
commemorative review of A. T. Welford's contribution to experimental psychology & ergonomics, bibliography appended, 20396
contributions to neuropsychological rehabilitation, A. R. Luria, biography, 16938
humanistic psychologist R. May, biography, 9674
interview with Amedeo Giorgi & his intellectual biography & theoretical & methodological innovations for foundations of phenomenological psychology, 10336
personal comment on life of R. May, biography, 9671
psychological contribution to understanding development of exceptional individuals, 34760

Biological Clocks (Animal) [See Animal Biological Rhythms]

Biological Family—Serials

adoption & family & biographical variables, decision to tell vs not tell adoptive parents of search for biological parents, 18 yr old & older adoptees, Israel, 22267
altruistic motivation & morale & commitment, attitudes toward relationship with biological parents & need for support & perception of child's behavior & needs, foster carers, Ireland, erratum, 9417
birth mothers post adoption experiences, 25–64 yr old mothers who had relinquished a child for adoption, 26262
children's rights & biological bias in biological parents vs 3rd-party custody disputes & cases of DeBoer v. Schmidt & In Re Doe as illustrating notion of children as property, 22286
communication with mother vs father, 12–19 yr olds in stepfamilies formed after mother's divorce & remarriage vs father's death & mother's remarriage vs biological families, 30161
conflict between research on children's resiliency vs bonding following removal from psychological parents & return to biological parents in parental rights cases, 20913
disruption of relationship with biological or foster parent, crisis & emergency psychiatric intervention, foster children, implications for clinicians & child welfare planners, 16860
existential treatment perspective on search for biological parents, adult adoptees, 23624
genetic influences & prevalence of mental illness among half-siblings, adoptees with vs without schizophrenia & biological vs adoptive relatives, Denmark, 19200
intensive casework program in family reunification, 1–17 yr olds in foster care, 1 yr study, 9415
knowledge about & attitudes toward openness & contact with adopted child &/or adoptive parents, 25 yr old & older birth parents, England, 928
openness arrangement by adoptive parents, understanding of adoption & self-esteem & curiosity about birthparents & satisfaction with level of openness, 4.72–12.98 yr olds, 18632
parental visitation, permanency planning & prediction of family reunification, 12 yr olds & younger in foster care, 1 yr study, 9407
post adoption contact following contested adoptions, 9.4–16.6 yr old adoptees & birth & adopted relatives, 26068
postnatal cognitive & perceptual processes & considerations for parents & birthparents during adoption proceedings of infant children, 26073
prevalence & aggregation of psychiatric disorders in Danish Adoption vs Iowa 500-non 500 family vs Roscommon Family Study, 1st degree relatives of persons with schizophrenia, reanalysis, 35604
SES & ethnicity & family constellation & contact with biological mother & father, 3–18 yr old outpatients with psychological problems &/vs learning difficulties, 35086
sex differences in neuropsychological function, 18–59 yr old relatives of schizophrenic patients, 31004
thought disorder, schizophrenic adoptees vs biological & adoptive relatives, Denmark, 31001

understanding of offspring resemblance to biological vs adoptive parent, adults vs preschool vs 6 vs 7 yr old children, 7279

Biological Markers—Serials

activity of dipeptidyl-peptidase IV, patients with major depression vs schizophrenia, implications for role in pathophysiology, 30777

allelic or genotype frequency response to G-protein receptor gene & chromosome 18p markers, excellent lithium responders with bipolar disorder or recurrent major depression, 16661

alpha 1 antichymotrypsin levels, patients with probable Alzheimer's disease (mean age 74.94 yrs), 31815

apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, 4119

apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, commentary reply, 30869

apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early- vs late-onset depression, commentary, 30853

apolipoprotein E gene deletion, CNS cholinergic function & learning & acquistion, female apolipoprotein E knockout vs wild-type mice, implications for Alzheimer's disease, 41433

apolipoprotein E genotype & late onset depression vs current depression with vs without history of depression, patients (mean age 75 yrs) with Alzheimer's disease, 31745

apolipoprotein E genotype, age of onset, family with autosomal dominant schizophreniform disorder with progressive dementia & neurofibrillary tangles, 31047

apolipoprotein E genotype, phenotypic heterogeneity between vs within families, male vs female Ashkenazi Jewish vs White-Hispanic vs Caucasian individuals with familial Alzheimer's disease, 31826

apolipoprotein E, risk & onset of dementia, patients with frontal lobe dementia, Netherlands, 39560

application of transmission disequilibrium test to genotype data, genetic linkage between & parental transmission of allelic markers on chromosome 22q12, schizophrenic offspring, 12075

atrophy of mammillary bodies & cerebellum, adults with Korsakoff's syndrome (mean age 65.3 yrs) vs nonamnesic chronic alcoholism (mean age 49.4 yrs), 26685

biological & cognitive criteria for mild cognitive impairment, older adults at risk for developing dementia, 31883

biological markers of crack cocaine use during pregnancy & class & racial divisions & US reproductive politics, construction of "dangerous mother" stereotype, 41922

carbohydrate-deficient transferrin & condensation products in blood as state markers for alcoholism, 4343

carbohydrate-deficient transferrin levels, gamma glutamyl transpeptidase levels & CAGE questionnaire scores, alcoholic patients, implications for clinical screening & forensic medicine, 31314

carbohydrate deficient transferrin vs gamma-glutamyltransferase levels as relapse detection methods, male alcoholics in outpatient aftercare, Germany, 24324

chromosome 18 linkage to polymorphic microsatellite markers, 19 yr olds & younger to 30 yr olds & older with manic depression & their family members, 15910

circulating antimuscle & anti-CNS antibodies, chronic fatigue syndrome, 20–67 yr old patients, 39390

clinical & biochemical correlates of temperament profiles, 18–81 yr olds hospitalized after a suicide attempt, 35720

combined flash visual evoked responses & ERP P300 component latencies as predictive markers in differential diagnosis, patients with Alzheimer's disease vs depression, 22680

concentration of neuronal marker N-acetyl aspartate in hippocampus, schizophrenic 18–55 yr olds, England, erratum, 1292

CSF concentrations of corticotropin-releasing factor & somatostatin, Vietnam combat veterans with PTSD, 31066

CSF neurotrophic factor as marker of CNS damage associated with reduction in dopaminergic activity, schizophrenic patients, 1285

degree of anxiety induced by test taking, plasma glucose & cortisol & prolactin, female medical students, 6759

demographic & psychometric & biological indices, Mini-Mental State Examination, 75–95 yr olds with Alzheimer's disease & vascular dementia, Sweden, 2.5 yr longitudinal study, 36147

dermatoglyphic abnormalities & psychosis, adult monozygotic twin pairs concordant vs discordant for schizophrenia, implications for prenatal markers of etiology of schizophrenia, 26520

DNA analysis & genetic marker & maternal origin of extra inverted duplicated chromosome 15, 9–25 yr old patients with infantile autism, 26761

dopamine D4 receptor genotypes & novelty seeking, 25–61 yr olds, Sweden, replication, 29311

DST vs TSH response to TRH as markers of depression, 53–78 yr old male nondepressed stroke vs major depression patients, 26999

D8/17 identification of antineuronal antibodies prevalent in rheumatic fever, 7–24 yr olds with obsessive-compulsive disorder &/or Tourette's syndrome, implications for use as biological marker, 22906

empirical studies of biomarkers & measurements of human functional age, literature review, 15173

etiology & diagnosis & assessment & associated psychopathology & model & treatment & biological & psychosocial correlates of gender identity disorder in children & adolescents, literature review, 38908

eye-tracking dysfunction as biological marker for schizophrenia, 18–48 yr old children of parents with schizophrenia vs unipolar or bipolar depression vs normal psychiatric histories, 30798

fibrin degradation products in brain tissue & inflammatory processes, deceased patients with schizophrenia, implications for biological marker, 7974

focal subcortical lesions, clinical & motor & biological correlates of various depressive disorders, adults, 30875

food sensitivities & plasma beta-endorphin as marker of response to physiological stress, elderly high vs low in self reported frequency of illness from environmental chemical odors, 1485

frequency of alleles of marker at pancreatic phospholipase A2 gene locus, adults with bipolar affective disorder, 19148

genetic linkage under heterogeneity with markers on chromosome 13, families multiply affected with schizophrenia, 12052

genetic markers & linkage for vulnerability locus for schizophrenia & associated disorders in chromosome 8p region, high density schizophrenic families, Ireland & Northern Ireland, replication, 19202

genetic mutations in familial cases & genetic risk factors & interaction of environmental factors, Alzheimer's disease as multifactorial disorder, 1965–95, research review, 8601

gonadal hormones & HVA plasma level across menstrual cycle, females (mean age 32.6 yrs), 29445

identification of biochemical measures of alcohol consumption & development of diagnostic trait markers, 19–67 yr olds, 35809

linear & nonlinear indices of processes in brain dynamics & EEG changes associated with recovery, 1st episode untreated vs recurrent antidepressant-treated inpatients with depression (mean age 36 yrs), 30897

linkage analysis & markers from chromosome 20, lack of evidence for major disease allele & mode of inheritance, probands with bipolar disorder & their families, Denmark, 11961

linkage of schizophrenia to X chromosome markers, families, 39032

markers at dopa decarboxylase on 7p & 7q chromosomes, synthesis of dopamine & noradrenaline & linkage for manic depression, families, Denmark, 19150

mood reactivity with vs without associated features, cortisol responses to desipramine challenge, atypically depressed outpatients, implications for biological validation of atypical depression, 4113

morphological markers & gliosis of lesion in locus coeruleus in postmortem tissue, young suicide patients diagnosed with depression, Greece, 30858

nonisolated randomly interconnected Gaussian neural networks with chemical markers which receive varying excitatory or inhibitory inputs, 17496
normative data from monoamine metabolites in leftover CSF, human infants with vs without neurological compromise, implications for biobehavioral research, 29706
overlap of genetic risks for disease, 1st degree relatives & patients with Alzheimer's disease (mean age 74.9 yrs) or Parkinson's disease (mean age 67.8 yrs), 36114
passive auditory oddball stimuli, attentive vs automatic mismatch negativity in electrocortical ERPs, 9–18 yr old children of alcoholics, implications for state vs trait markers of alcoholism, 38023
pharmacological & biochemical parameters, brain morphology & treatment outcome in schizophrenia, 27450
platelet MAO activities as biological marker in forensic psychiatry examinations, 18–56 yr old nonpsychotic males, Sweden, 37320
prenatal dermatoglyphic markers, monozygotic twins concordant vs discordant for schizophrenia, 12032
P300 auditory ERP amplitudes as biological marker for schizophrenia, commentary, letter, 18215
P300 latency & eye movement disorders as biological markers of bipolar or major depressive or anxiety disorder or cyclothymia or alcoholism, relatives of probands with bipolar disorder, 11945
random amplified polymorphic DNA markers & estimated genotypes of workers specialized by foraging, eusocial wasps, 6587
recent life stressors & biological markers & psychosocial & clinical variables, 18–50 yr old newly admitted patients with an acute psychotic episode, 31015
resting EEG beta activity as CNS marker of withdrawal & cocaine dependence, cocaine dependent males, 35810
rheumatic fever trait marker, identification of disorders associated with streptococcal infections, children with vs without pediatric autoimmune neuropsychiatric disorders or Sydenham's chorea, 22681
role of biological factors in genesis of anorexia nervosa, 8–16 yr olds, 42659
sensitivities & specificities & half-lives of laboratory markers of alcohol abuse, 23086
sensitivity & specificity of weighted alcohol markers screening test for alcohol problems, trauma patients, 19381
sensitivity to taste of 6-n-propylthiouracil, 14–21 yr olds with vs without history of paternal alcoholism, experimental replication, implications for biological risk markers, 26669
serum autoantibodies against organ specific CNS & other antigens, 57–85 yr olds with Alzheimer's disease or multi-infarct or other dementias, implications for markers of dementia, 4705
serum carbohydrate deficient transferrin vs gamma-glutamyl transferase, patients in alcohol rehabilitation, Sweden, 6 mo study, implications for biochemical markers, 8250
state vs trait related marker status of transmembrane potential of immortalized lymphoblasts, 16–78 yr olds with bipolar illness & their 23–70 yr old siblings from Old Order Amish pedigree, 4081
tau protein CSF levels as biological marker, mildly demented 50 yr olds & older with Alzheimer's disease, 39503
thyroid function screening utility, 11–18 yr old psychiatric inpatients, 30681
type & severity of clinically detectable abnormalities in MRIs, DSM-III-R diagnosed psychotic disordered 45–87 yr olds with schizophrenia majority, 31042
underlying pathophysiology & psychopathological correlates of dexamethasone suppression & clonidine stimulation tests, patients with major depression, 13067
use of biochemical markers in monitoring & prevention of relapse, alcohol abusing patients, implications for treatment, 24299
utility of serum carbohydrate deficient transferrin levels to distinguish between patients who drink heavily from those who drink smaller amounts, alcohol dependent outpatients, conference presentation, 31336
visual field defects as biological markers, 20–52 yr olds with Gilles de la Tourette syndrome, letter, 8664

Biological Psychiatry—Serials
biological & psychotherapy oriented psychiatry & medical biological & empathic-narrative method of inquiry, implications for methods & theory & practice, 27362
biological & social & economic & cultural influences on mental health & failure of community psychiatric care, Great Britain, 32935
biological psychiatric approach to depression in women, implications for helplessness & dependence, 23530
brain & psychosocial development & molecular psychopharmacology mechanisms & developmental models of early onset psychiatric disorders, infants & children & adolescents, 30807
debate on biological vs psychosocial etiology of severe mental illness, implications for public policy, 1188
ethical issues & assessment of risks in biological psychiatry research, children & adolescents, reprint, 31939
inappropriateness of strict biologism vs need for diversity in mind-brain identity, commentary included, 29651
psychological strength orientations in personality & cognitive & biological & occupational domains & psychopathology, 1226
theoretical & methodological concerns with & reductionism & biological concepts in psychiatry, 31989
validity of opposing viewpoints regarding alcoholism & learning disability & bio-psychiatry & psychological diagnosis in training curricula, rehabilitation counselors, 9701

Biological Rhythms [See Also Animal Biological Rhythms, Human Biological Rhythms, Sleep Wake Cycle]—Serials
biorhythmic critical state & proneness to shoplifting, employee shoplifters, 4368
plasma cortisol & circadian rhythms of temperature & pulse & BP, depressed 19–72 yr olds with good vs disturbed sleep, Bulgaria, 4108
time of day & cigarette smoking, CFF test performance & choice RT, 24–45 yr olds, 38144
time of day & photoperiod phase shifts typical in humans, ethanol consumption, rats, 41230
time of day, recall of & processing strategies in comprehension of written text, 18–29 yr olds, 6325

Biological Symbiosis—Serials
age & foraging success, kleptoparasitic target, pelicans & gulls & terns, 2 yr study, 29175
aggressive behavior & prey stealing in intraspecific nest parasitism, sand wasps, 6541
body size & tick exposure, oral self grooming rates, infant vs adult impala, Zimbabwe & US & South Africa, 34448
brown-headed cowbird parasitism, success of & factors associated with nest desertion, blue-gray gnatcatchers, 10835
conspecific superparasitism & in vitro contests, wasps, 21570
cycle period from 1 to several host generations, population dynamics of simple predator-prey system of parasitoid & host moth vs 3-species system including viral pathogen, letter, 10805
effects of parasitic infection on male host mate responses & neuromodulatory correlates & relations to female mate choice, mice, 37887
egg capitulum, inducement of above ground egg dispersal, walking sticks & ponerine ants, 2995
environmental characteristics & colony size & density, interspecific brood parasitism rates by diederik cuckoos & egg recognition, red bishops, 10858
evolutionary significance of song mimicry by brood parasitic indigobirds of foster species Dybowski's twinspot, Cameroon indigobirds, 29165
exposure to males with vs without cytoplasmically inherited parasites, nonrandom fertilization & reproductive success, female flour beetles, commentary, 410
exposure to parasitoid wasp in laboratory environment, parasitism levels & natural selection for larval encapsulation ability, rover vs sitter larvae of Drosophila melanogaster strains, 3029
factors affecting regurgitation to guest beetle Claviger testaceus, Lasius flavus ants, 29096
host nest preference & choice of nests for parasitism, female cuckoo paper wasps, Italy, 2 yr study, 6481
mate selection & simultaneous parasitic spawning tactics in lek-like mating system, roaches, 29193

mortality risk & host distribution & host quality, foraging tactics, aphid parasitoid, Germany, 41284
odor learning, foraging upon emergence from stemborer tunnel & during adult life at oviposition, stemborer parasitoid Cotesia flavipes, 37842
parasitism & phenotypic uniformity & conspecific stimulus shoals consisting of fish with vs without externally visible black spots, shoal choice, banded killfish, 401
patterns & processes of assortative pairing by parasitic prevalence, male Gammarus insensibilis, 14790
quasi-parasitism vs kin selection hypothesis costs & inclusive fitness benefits of tolerating parasitic eggs & DNA fingerprinting to determine parasite-host relationship, moorhen hosts, 6586
responses to brood parasitism & nest predation in laying vs nestling stages, yellow warblers, 10834
self-host discrimination & short-term memory, parasitic female wasps, 10887
sexual ornamentation & physical condition & immune defense against parasites, male house sparrows, 21573
shoaling & foraging & feeding & predatory behaviors, 3 spined sticklebacks infected by Schistocephalus solidus parasites, literature review, 372
size & ownership status, host contest competition outcomes, female parasitoid wasps, implications for clutch size, 413
spatial abilities used to locate host nests & hippocampal size, male vs female brood parasite vs non brood parasite cowbird species, 29350
synchronization with hosts' egg laying schedule & multiple parasitism of hosts' nests, shiny cowbirds & house wrens, 29137

Biology [See Also Neurobiology, Sociobiology]—Serials
analysis of promotion of basic & integrated science process skills involved in scientific inquiry in high school biology lab manuals, 20543
beliefs about social & biological aspects in development of gender differences, 4–10 yr olds & adults, 11475
biological & psychosocial factors in vulnerability & application of need-adapted approach to treatment, schizophrenic patients, 42300
biological cues in disorder perception, patients with Koro syndrome, 11884
biological factors in old age depression, 30825
biological foundations of humanistic psychology, 12
biological significance in backward blocking, cue competition, rats, implications for apparent discrepancy between human causal judgment & animal Pavlovian conditioning, 18053
biomedical model & resolution of liminal medicolegal state of transsexualism, 30270
cognitive factors & guided practice, prediction problem solving, 10th grade biology students, 20594
development of understanding of biological & psychological change & vitalistic attributions to biological & psychological & mechanical causes, 6.4–7.5 vs 8.4–9.7 yr olds vs college students, 15239
developmental biology as possible metatheory for cognitive development, 29766
epidemiology & biology of host related factors in sexual transmission of HIV, 31686
evidence relating biological factors to violent behavior, literature review, 8125
faculty rank & institutional type & attitudes toward teaching & promotion, biology faculty members from institutions of higher learning, 36948
genetic & molecular biology & pharmacology advances in study of dopamine D1 & D2 in mammalian brain, implications for psychiatry, literature review, 21613
genetics & abnormal brain development & amino acid neurotransmitters as biological basis of schizophrenia, 31051
implicit dualism in eliminative materialism, 41551
molecular biology perspective on & techniques for assessment of gene expression in pathophysiology of major psychoses, 31010
need for consideration of biological influences in attempting psychological & theological integration, 25999
parallels in historical succession in biological & cognitive theories of adaptation & evolution, 434
psychological perspective on development of biological & personality abnormalities in late-onset psychosis, elderly, 30981
relevance of physiology & biological research to behavior analysis, commentary, 5908
relevance of physiology & biology to behavior analysis, commentary reply, 5921
relevance of physiology & biology to behavior analysis, commentary, 5912
serotonergic & beta endorphin regulatory systems in & etiology of anorexia & bulimia nervosa & obesity, 8409
shift from neuropsychopharmacological to interactive molecular biological paradigm in study of addictive disorders, 8270
social & psychological & biological explanations of sex differences in depression, 30819
systems & unity & other theories in exploration of metaphorical links between psychological & biological processes of shame, 28376
transactional interrelationships between & biological significance of organism & environment & behavior, 20936
understanding of biologically causal role of birth, determination of animal properties & species identity, 4–7 yr olds & adults, 41644

Biopsychosocial Approach—Serials
a biopsychosocial model for sexual history-taking, 38604
affect logic as integrative psychosociobiological approach to understanding & treatment of schizophrenia, 42314
biological & psychoanalytic & developmental & cognitive interpretations of visual functions, implications for psychovisual therapy, 16421
biological & psychological & social processes in theory of postoperative fatigue, literature review, 42891
biopsychosocial approach to diagnosis & treatment, female 13 yr old with undefined cyclic psychiatric illness, case report, commentary reply, implications for levonorgestrel, letter, 7860
biopsychosocial approach to diagnosis & treatment, female 13 yr old with undefined cyclic psychiatric illness, case report, commentary, implications for levonorgestrel, letter, 7843
biopsychosocial approach to education about sexuality & clinical care, females with/without AIDS, 39436
biopsychosocial conceptions of freedom & choice & purpose in mental disorder & its treatment, 26364
biopsychosocial features, 18–50 yr old patients with widespread chronic musculoskeletal pain fibromyalgia in primary care settings, 39393
biopsychosocial model & educational framework for improved detection of psychiatric morbidity & emotional distress & psychosocial problems, physicians, 33226
biopsychosocial perspective on biology & behavior & education, children with ADHD, implications for educational psychologists & researchers & policymakers, 23153
biopsychosocial perspective on Nursing Practice Paradigm for Depressed Rural Women, females with major depressive disorder, 27639
definition of failure to thrive & DSM-IV definition & characterization of feeding disorder & biopsychosocial approach to assessment & treatment, male 9 mo old, 31434
forensic treatment & rehabilitation of mentally ill criminal offenders, adult male criminal, case report, implications for biopsychosocial interventions, 31967
guidelines for integrated biopsychosocial approach to psychoanalytic treatment, depressed 39 & 40 yr olds, commentary reply, 12900
guidelines for integrated biopsychosocial approach to psychoanalytic treatment, depressed 39 & 40 yr olds, commentary, 12893
multifactorial biopsychosocial approach to biological & psychological & social factors in development of complaints & mood states during menopause, 6756
nature vs nurture in biosocial model of gender differences in sexual interest, 30256
perspectives on biological & psychosocial directions in prevention & treatment of schizophrenia, 26526
psychoanalytic vs biologic vs deficit theories of panic disorder & agoraphobia, 35667

psychobiological model for extraversion-sociability & impulsive unsocialized sensation seeking & neuroticism-anxiety & underlying behavioral mechanisms & neurotransmitters & enzymes & hormones, 22587
psychology's role in understanding positive consequences of seeking & gaining control for individual mental & physical health & application of biopsychosocial model, 11754
psychosocial factors in epilepsy, application of medical & sociological models, 12641
report of Pew-Fetzer task force for integration of biomedical model & psychosocial factors in health, 13189
role of personality & cognitions & affect & behavior & biogenetics & demographics & bonding in biopsychosocial model of etiology of drug use & abuse, 12247
sex differences & neurobiological correlates in etiology of psychiatric illness, 1211
social worker initiated change from biomedical to biopsychosocial approach to treatment of cancer at oncological institute, attitudes & coping skills, staff & patients & family, Israel, 5165
use of Temperament & Character Inventory, psychiatric assessment & case formulation, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother in conjoint family therapy, 40819
Biopsychosocial Model [See Biopsychosocial Approach]
Bipolar Affective Disorder [See Manic Depression]
Bipolar Mood Disorder [See Manic Depression]
Biracial Children [See Interracial Offspring]
Birth [See Also Premature Birth]—Serials
astrological positions of sun & moon & stars at birth, introversion vs extraversion & emotionality, male vs female college students, New Zealand, 3887
behavior after conception & during & after birth, female proboscis monkeys, 21550
bilateral infraorbital denervation prepartum, parturition behavior impairments & litter mortality & growth, primiparous rat dams & their pups, 6678
birth & violence, infants, conference presentation, 3416
birth risk conditions & SES & home environment, intelligence, 3 yr olds, 6 yr study, 34816
birth risk factors, visual & auditory sensory capacity, young adults, 2758
changes in eating habits & attitudes & development of eating disorder psychopathology following childbirth, females, health education implications, 12421
conceptions of self, mother–child birth stories, mothers & their 3–4 yr old children, New Zealand, 29929
demographic & medical & psychological & environmental variables, childbirth pain & maternal satisfaction, 18–42 yr old primiparous vs multiparous females, 32741
development & factor analysis & construct validity & internal consistency of Childbirth Schema Scale, assessment of schema formation & revision with childbirth, childbearing females, 14277
factor structure & internal consistency of Perception of Birth Scale, perception of labor & delivery experience, females who had vaginal vs unplanned cesarean deliveries, 6084
fertility motivation after childbearing & counterbalancing negative motivation & satiation & delay & desired family size, childbearing decisions, spouses with no vs 1 child, 2 yr study, 11585
fluoxetine, birth outcomes, pregnant females with depression & anxiety & other conditions, prospective study, commentary, 27445
fluoxetine, birth outcomes, pregnant females with depression & anxiety & other conditions, prospective study, 27398
gene–environment interaction & season of birth effect in & morphology of schizophrenia, adults, 4152
head circumference at birth, schizophrenic patients, replication, Japan, 26499
month & hemisphere of birth, patients with schizophrenia, Australia & New Zealand, 7977
mother to child relating of birth stories as determinant of misshaped early sensual feelings & subsequent tranference issues in psychoanalysis, 15781
obstetric complications during birth, risk for later autism, 4–35 yr olds with autism, Ireland, 1420
origins of cultural beliefs about birth pain & role of medical technology & patriarchy in abuse of obstetric anesthesia & alternative view of birth as empowerment, 26100
periodicity in birth year distribution, founders of quantum mechanics, commentary, 3867
periparturitional behavior, 4.5–6 yr old primiparous vs 8–20 yr old multiparous monkeys, 14791
prebirth interaction, marital adaptation & conflict during 1st 2 yrs of child's life, 23–37 yr old wives with their 23–42 yr old husbands at mid-pregnancy & 1 & 6 & 12 mo after birth, 11577
preference to cooperate with others differing in age by 7 yr intervals & similar periodicity in birth years, physicists involved in development of quantum mechanics, 1876–1903, 18239
pregnancy & birth complications, rate of psychosis, White vs 1st or 2nd generation African Caribbeans living in Britain, 42325
pregnancy & puerperium & premenstruum, females with obsessive-compulsive disorder (mean age 41.9 yrs), retrospective studies, 42394
prevalence of postnatal depression, Japanese females giving birth in UK, 39022
proband season of birth, risk of developing schizophrenia, 1st degree relatives of probands with schizophrenia or schizoaffective disorders of schizophrenia spectrum disorders, Ireland, 4159
psychological impact of devaluation of feminine consciousness & mothering in Western civilization & archetypal dimensions of birth & childbirth as transformation, 26318
psychophysical reactions to & perceptions of childbirth care, mothers, US vs Germany vs Italy vs France, implications for quality of care, 27755
season & month of birth, schizophrenic patients, South Africa, comparison with northern hemisphere data, 4141
seasonal variations in birth & relation to comorbid psychiatric disorders & learning disability & family history of ADHD, 6–17 yr old males with ADHD, 26762
SES based on education & poverty & Medicaid payment & use of supplemental food program during pregnancy & residential crowding, health behaviors, females who delivered infants in 1990–91, 24111
societal devaluation of childbirth & the psychological needs of birthing mothers during & after pregnancy, 26101
temporal disruption & social dislocation before birth vs 1 vs 4 vs 12 mos postpartum, adult heterosexual couples with infants, implications for well being, 933
variability & stability of employment sequences & role patterns, White vs Black American mothers 2–10 yrs postbirth, longitudinal study, 37161
Birth Control [See Also Contraceptive Devices, Vasectomy]—Serials
background characteristics & sexual relationships & condom use & risk perception, 18–30 yr old female bar workers, Tanzania, 41947
changes in initiation of sexual & contraceptive behavior, 15–44 yr old females, 1978–88, 781
contraceptive needs & risk behaviors for sexually transmitted disease, female outpatients (mean age 36.03 yrs) with schizophrenia & bipolar & mood disorders, New Zealand, 38913
contraceptive use & childrearing outcomes, male psychiatric outpatients, New Zealand, 42142
contraceptive use & expectation of fertility & understanding of reproductive physiology & pregnancy prevention program, patients with thalassemia or sickle cell disease treated with iron chelators, 42708
contraceptive use, rural Moslem females, Israel, 22289
husband's vs wife's influence in method-choice & method-use contraceptive decision making, 18–39 yr old married couples, 4.5 yr study, 11626
illusion of fertility control & adult attachment tendencies, contraceptive behavior & efficacy, 16–24 yr old college students, 26128
intention to become pregnant & contraceptive use, 15–18 vs 20–33 yr old mothers, implications for intervention & service provision, 7563

intentions to use condoms for birth control vs AIDS prevention, 14–25 yr olds, Germany, hierarchical model application of theory of planned behavior, 35165
Medicaid coverage & race & other social factors, choice of Norplant use, African American vs Non-Hispanic White post partum 12–20 yr olds, 41722
model of directive counseling to use long-acting contraception, family planning centers, 16786
programs & services for pregnancy prevention & childbearing intervention, adolescents, rural Southeastern US, 41720
reasons for abstinence & safer sex & unprotected sexual intercourse, 16–18 yr olds, 22112
school-based early intervention sex education program, use of condoms & other contraceptive methods, high school & college students, Norway, 5602
sociodemographic factors & contraception beliefs & attitudes & experiences, 16–37 yr olds with planned vs unplanned pregnancy, 968
Birth Control Attitudes [See Family Planning Attitudes]
Birth Order—Serials
birth order & development of narcissism, college students, comparison of psychodynamic & social learning hypotheses, 7715
birth order & gender & parent reported behavior problems, chronically ill children & healthy siblings, 35744
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22364
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22385
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary reply, letter, 22358
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22370
birth order & proximal family environment & educational & occupational attainment, 11 vs 16 vs 21 yr olds, Australia, longitudinal study, replication & extension, 38538
birth order & sex & gender composition of sibling dyad, advice about life plans & personal problems & satisfaction with support & sibling influence, 16–19 yr olds with 13–23 yr old siblings, 25906
birth order, hypochondria, 18–46 yr old females, 42709
birth order, male 16–67 yr old heterosexual vs homosexual vs bisexual pedophiles, Canada, 31179
birth order, vocabulary & conversational skills, 5 vs 6 yr olds, England, 15208
birth rank & overrepresentation of all-female sibships, patients with anorexia or bulimia nervosa (mean age 23.9 yrs), UK, 31490
egg substitution & hatching order across clutches, paternal egg incubation & nestling feeding in primary vs secondary broods, bigynous male European starlings, 41216
individually distributed birth order analysis vs aggregate pattern analysis as predictors of test scores & confluence model of intellectual development, 34841
number of older & homosexual brothers, heterosexual marriage or cohabitation, 40+ yr old siblings of hetero vs homosexual males, Canada, genetic implications for prediction of sexual orientation, 30258
perceptions of experiences of school work & teacher & peer relations in school adjustment, 2nd born 6.0–7.1 yr olds & their mothers & older siblings, end of school year followup, 33491
psychological & actual birth order & lifestyle, 21–56 yr olds, 3954
psychological birth order & occupational interests, 17–50 yr olds, 40529
psychological birth order & perceived coping resources, 9–13 yr olds, 38402
social rank by birth, grooming relationships, long tailed macaques, 21477
total food begging & feeding times of 1st vs later-hatched siblings, asynchronously hatching jackass penguins, 427
wealth in herd size & sex biased parental investment of resources & sibling number & birth order, competition for heritable wealth & fertility & reproductive success, Gabbra pastoralists, Kenya, 7465
Birth Parents [See Biological Family]
Birth Rate—Serials
family building characteristics & persistent high fertility rate, ever married females 15 yrs old & older, Nigeria, 22304
marriage & birth & suicide rates & source of suicide statistics, Spain, 1950–85, 4271
marriage & birth & suicide rates, males & females, 1950–1985, Spain, 19298
sex & age & family history, birth rate & season of birth effect, schizophrenic patients, Reunion Island, 4146
Birth Rites—Serials
perception of penis size vs appearance & sexual orientation & heterosexual experiences & circumcision & experiences with sexually explicit material & brother & fathers, 18–28 yr old males, 15532
prevalence of circumcision & sexually transmitted diseases & sexual dysfunction & practices, 18–59 yr old males, US, 32818
ritual female circumcision, sexual function & health, females, Africa, 22234
societal beliefs behind & levels & circumstances of female & male circumcision & relationship to reduced HIV risk, Nigeria & West Africa, 38510
Birth Trauma—Serials
psychoanalytic perspective on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, 3718
psychoanalytic perspectives on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, commentary, 3562
psychoanalytic perspectives on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, commentary, 3556
psychoanalytic perspectives on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, commentary, 3561
psychoanalytic perspectives on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, commentary, 3564
psychoanalytic perspectives on psychology & neurobiology of fetal life & fetal memories & restaging of birth traumas in war & social violence & economic injustice, commentary, 3559
Birth Weight—Serials
birth weight & development & biological vs social risks of developmental delays & later IQ prediction, preterm vs full term infants, Italy, 5 yr study, 23175
birth weight & SES & medical history, scores on McCarthy Scales of Children's Abilities, normal vs very low birth weight 3–7 yr olds, longitudinal & cross-sectional study, Israel, 22039
child's developmental status & quality of infant–parent relationship, early childhood parenting stress, parents of low birth weight 5.8 yr olds, longitudinal study, 35117
early intervention of 3-yr Infant Health & Development Program for low-birthweight premature infants, cognitive functioning & academic achievement & behavior problems, 8-yr-olds, 24132
effectiveness of Infant Health & Development Program & other interventions to reduce developmental & behavioral & health problems, low birth weight premature infants, 5 yr study, 16812
empirically derived social support intervention, low birthweight, pregnant African American females, 36653
extremely low birthweight, intellectual ability & learning disabilities, 6–8 yr olds, 31459
father involvement with child from birth, intellectual & behavioral outcomes, 13–54 yr old fathers & their low birth weight preterm infants, 3 yr study, commentary, letter, 8472

father involvement with child from birth, intellectual & behavioral outcomes, 13–54 yr old fathers & their low birth weight preterm infants, 3 yr study, commentary reply, letter, 8503
health status, activities of childrearing & daily functioning, families of extremely low birth weight neonates, 4 yr study, Sweden, 16263
heart rate & respiratory sinus arrhythmia, social & gross motor skill & mental processing developmental outcomes, low birth weight neonates, 3 yr study, 34758
hypothyroxinemia, risk of disabling cerebral palsy, preterm 2 yr olds, 23172
infant neurobiological & maternal psychosocial risk at birth, developmental outcome status, very low birth weight infants, 4 yr followup, 29728
intelligence & memory & visuomotor & language development, very-low-birthweight 6 yr olds, followup study, Germany, 3355
maternal & child & family factors related to employment status & employment history, single mothers of low birth weight vs full term 3–5 yr olds, 37164
neurocognitive abilities, low vs normal birth weight infants from urban vs suburban environments, 6 yr followup, 29770
neurologic examination at 6 & 12 & 24 mo, cognitive & psychomotor development at 40 mo, very low birth weight infants with high vs low medical risk, 42716
patterns of maternal ill health over 9 data collection points from delivery to 6 mo intervals past infant discharge, mothers who delivered low birth weight infants, 24072
perinatal & demographic & 1-yr & 3-yr & 7–8 yr measures, development of learning disabilities, very low birth weight birth infants with normal IQ & neurological status, 8 yr study, 23187
perinatal biomedical risk & IQ & paternal sociodemographic factors & family composition & paternal caregiving & child development, extremely low birth weight 6–8 yr olds, Japan, 22109
predictive validity of prenatal biomedical risk vs biopsychosocial risk assessments of low birth weight, mother–infant pairs, Argentina & Columbia & Honduras & Uruguay, 37441
predictors of differences in attention, low birth weight infants, 5 yr followup, Canada, 22040
premature birth & birth weight & size & asphyxia, neuropsychological functioning & cognitive impairment, 5–9 yr olds followed from birth, Finland, 7246
prenatal ethanol supplemented with linolenic acid vs gamma linolenic acid, 20 & 22 carbon n-6 & n-3 fatty acids & adult brain & body weight & circadian activity & birth weight, mice, 7105
prenatal exposure to magnesium sulfate, risk for cerebral palsy & mental retardation & infant mortality, 3–5 yr old very low birth weight cohort, 26360
prenatal low vs high dose alcohol, birth weight & passive avoidance learning & ambulation, rats, 6811
prevalence of learning problems & cognitive & motor impairment, school attainment & IQ, 8 yr olds in special vs mainstreamed classrooms, Scotland, 24670
psychometric properties of H & H Lactation Scale, maternal confidence & infant satiety & maternal infant breast feeding satisfaction, mothers of low birth weight vs term infants, 6085
quiet vs active sleep state & health status & heart rate variables & 3-yr developmental outcome, healthy vs high risk very low birth weight infants, 19498
school & behavioral adjustment, prematurely born 7–8 yr olds of very low birth weight, Northern Ireland, 31444
SES & cognitive development & social responsiveness & initiation, high risk vs low risk children with low birth weights vs full term children, 3 yr study, 34807
severity of medical & neurologic complications, degree of neurodevelopmental abnormality, high vs low-risk low birth weight 6–12 mo olds, 34780
social interactive variables, performance on Bayley Scales of Infant Development & Mental Development Index, small-for-gestational-age vs appropriately-grown neonates, 12 mo study, 15243
sucking behaviors & developmental outcomes at 6 mo using Bayley Scales of Infant Development, very low birthweight infants, 11312
validity of preverbal communication skills in prediction of later cognitive & language competencies, low birth weight infants, 4 yr study, Norway, 22051
visual acuity, extremely low birth weight preterm 2–42 month olds, Canada, 23244

Bisexuality—Serials
access to support services, lesbian & gay & bisexual medical students, replication, 33163
ambiguous identity & dual stigmatization for bisexual women, 15526
attendance at sexual attitudes reassessment workshop & sexual orientation & educational background, attitudes toward bisexuality, therapists, clinical education implications, 24419
attendance at 1 vs 3 session interventions, change in high risk sexual behavior, bisexual & homosexual African American males, 12 & 18 mo followups, 16788
attitudes toward bisexuality & demographic predictors of biphobia & homophobia, 18–34 yr old college students, 30262
attitudes toward lesbian or gay or bisexual employees or students, 21–71 yr old university employees, 7555
cognitive-behavioral group counseling, prevention of HIV transmission, 18–65 yr old gay & bisexual males, 39448
content analysis of gay or lesbian or bisexual or sexual orientation themes in marriage & family therapy journals, 43021
demographic & psychological & behavioral factors related to HIV risk & sexual behavior, need for intervention focused on condom & risk sensitization & safe sex norms, gay & bisexual males, 5229
development & conduct of "Psychology of Sexual Orientation" college course, psychological experiences of lesbian & gay & bisexual individuals, 24548
disease progression, mental health & psychosocial adjustment, HIV-infected gay or bisexual 20–45 yr old males, 4608
intention to take HIV antibody test, previously tested vs untested 15–64 yr old gay & bisexual males, Canada, 36645
male prostitution & injecting drug use & sexual identity & culturally specific gender norms & roles, risk for HIV, bisexual males, individual & community intervention implications, 12510
model for cognitive behavioral therapy, bisexual couples, 32121
models of sexual identity & development & concept of "2 spirit", lesbian & gay & bisexual Indigenous Americans, Canada, 11633
nature of relationship & age & education level & alcohol or drug use & self esteem, safe sex & sexual risk taking, gay & bisexual men, 3692
primary sense of femaleness & bisexuality & ego ideal in sexual development, females, 41704
psychosocial correlates of risky sexual activity & placing others at risk, HIV+ vs HIV– homosexual or bisexual males, 39447
psychotherapy needs, bisexual females vs lesbians vs heterosexual females, 23660
reliability & validity of Personal Experience Screening Questionnaire, drug abuse assessment & association with risky sexual behavior, gay or bisexual male 13–21 yr olds, 6092
sexual risk-taking behavior & risk of HIV transmission & response to HIV/AIDS community outreach or home meetings or safer sex workshops or antibody testing, homosexual & bisexual men, letter, 43285
subjective sexual arousal, bisexual vs heterosexual vs lesbian 18–28 yr olds, 30257

Bitterness [See Taste Perception]

Blacks—Serials
acculturation & distrust of Whites, AIDS knowledge, 15–70 yr old African Americans, 27599
accuracy of ingroup & outgroup stereotypes, Black vs White college students, 11693

adaptive social role of gangsta persona, 14 yr old Black male, case report, 41965
African American critiques of White presumptions of innate Black mental inferiority applied to analysis of R. Herrnstein & C. Murray's "The Bell Curve", 3917
African American English & linguistic complexity in discourse, African American 4–5.5 yr olds, 11339
African American suicide rates & patterns & risk factors & protective factors & cultural factors, implications for preventive policies & programs, 31203
Africentric theory of ethos & values of Africans & African Americans, challenge to privilege & oppression in American society through social work based on multicultural literacy, 9444
Africentric values & spirituality & demographics, drug knowledge & atttitude & use, African American 8.5–13 yr olds, 41683
Afrocentric model of lived experience & decision making process of participation in breast & cervical cancer screening, 18–62 yr old low income Black females, 20130
Afrocentricity as social science paradigm in social work practice, 13320
age & education level & race, AIDS attitudes, 20–54 yr old Black females, 19539
age & ingroup vs outgroup racial preference & self-esteem, Black 6–12 yr olds, South Africa, 11445
alcohol & drug use, urban African American adolescents who attempted suicide, 26136
alcohol & other drug use, African American college students at predominantly White university, counseling implications, 5678
alcohol consumption & cognitive performance & daily functioning, 65 yr old & older Blacks, US, 22170
alexithymia & eating disorders & racial identity, 18–44 yr old African American females, 19086
anti-Hispanic & anti-Asian attitudes, African Americans, 41851
anxiety disorder symptoms & treatment, African Americans, 19229
application of R. Stark's theory of racial accommodation to Blacks & Whites, US, 15432
application of 12 step programs to problems of codependence & sex addiction, promotion of powerlessness with marginalized people, African American females, 23979
appraisal & coping model of protective factors & resilience vs ethnocentric bias & decontextualization of sociocultural influences, African American youth exposed to violence, 22239
aspects of parenting & parent-child relationships & demographic characteristics, participation in sexual possibility situations, urban African American 9–12.9 yr olds, implications for HIV prevention, 18606
assessment practices & cultural sensitivity & cultural competence training, development of culturally responsive psychosocial rehabilitation programs, African American clients, 13419
assimilation & racial compositions of schools, academic achievement, White vs Black high school students, 43621
attendance at 1 vs 3 session interventions, change in high risk sexual behavior, bisexual & homosexual African American males, 12 & 18 mo followups, 16788
attitudes & motivation toward studying, Black 14–21 yr old high school students, South Africa, 43673
attitudes toward interracial contact & multicultural education issues & racial & ethnic stereotypes & quotas & discrimination, Blacks vs Whites, 17151
awareness of social/cultural difference & power & need for empowerment, African American families, implications for intervention, 41814
background & stress & coping & self efficacy & attributions & social support & external factors & personality, predictors of career development, high achieving female Black vs White 34–72 yr olds, 22345
behavioral & psychological control, protection from negative influence of problem peers, 12–14 yr old African Americans & their mothers, 18590
belief in responsibility for condoms & susceptibility to HIV infection & skills in condom use, sexually active African American & Hispanic 15-24 yr old males, intervention implications, 4594
beliefs about breast cancer caused by physical abuse & fears of mammograms & trust in God over doctors & sharing beliefs with daughters, urban Black female 40–86 yr olds, 13206
Black students' perceived & actual value violations & sexual orientation, judgments of Blacks' values violations, White college students, 3589
body image & ideal, low income African American mothers & their preadolescent daughters, 7324
Boston Naming Test short version scores, cognitively healthy Whites vs Blacks aged 70 yrs & older, 33951
challenges experienced by nurses in prenatal & early childhood home visitation program, 28–50 yr old nurses & 13–26 yr old African-American mothers, 20252
changes in demand for soft skills & perceptions of these skills in employees, Black males' access to entry level jobs, managers, 17289
childrearing & discipline & peer network & socialization, social judgments & distinction between familiar moral & conventional transgressions, African American 5.9 yr olds & their mothers, 7338
Christian religious traditions, African Americans, implications for counseling practice, 30069
chronic dependency behaviors in friendships with other Black females, overextension of help giving, African American females, social work implications, 7540
class privilege dilemmas in therapy, African-American female therapists & clients, 36902
clinical & psychological & cognitive & treatment factors involved in noncompliance with antiepileptic drug therapy, Black male patients, letter, 16751
clinical issues in pharmacotherapy with African Americans, literature review, 5051
community based AIDS risk reduction intervention program focusing on cultural context & sexual behavior, low income & urban African American adolescents, 18 mo follow-up, 20135
concern & respect for children through fatherhood or mentorship, decision to make positive behavioral changes, 18–27 yr old Black & Latino males who had previously been involved in crime, 42574
concern for physical environment of community & participation in environmental activity, Black males vs females, 33813
concurrent validity of MMPI-2, 19–24 yr old Black females, conference presentation, 2618
condom use attitudes & HIV-related risk behaviors, 16–70 yr old heterosexual African American males, 18789
construction of racial identity attitudes, 14–20 vs 21–39 vs 40–59 yr old African Americans, 7361
counseling intake concerns, 17–43 yr old Hispanic- or Asian- or African- or Native-Americans, 42921
court opinions & statutes & regulations addressing prosecution & remedy of sexual harassment & institutional liability on historically Black college & university campuses, 14157
crime statistics & criminological theories to explain race differences in offending, application of cultural determinism & implications for Black culture, 23106
cross cultural research on symptoms & causes & nature of dementia & accompanying cognitive impairment, elderly Afro Caribbeans, UK, 12669
cultural & social changes & depiction of race relations & Black characters in children's picture books, 1937–93, US, 38489
cultural competence & empowerment framework of Afrocentric rites of passage program, African American adolescent males in high-risk environments, applications for social work practice, 32902
cultural practice of unique naming & meaning, African American families, 35061
cultural sensitivity in rite of passage treatment approach, substance abuse, African American women, 42540

cultural value differences & responses to biodata employment items, Black vs White college students, 24718
culturally responsive psychotherapeutic environment based on sociocultural experience embedded in communal activities, African American youth, 8772
culturally specific rites of passage model, empowerment & psychological development & resistance to oppression, African American adolescents, 11428
deconstruction of narratives in & discourse analytic & narrative approach to family therapy, Colored South African parents & their 3–15 yr old children, South Africa, 39735
degree of earlier substance use & abuse, vocational performance & employment & occupational level, urban Black 24–30 yr olds, 2.5 yr followup, 23051
demographic & clinical features & medical comorbidities & frequency of Alzheimer's disease, 58–93 yr old African Americans diagnosed with probable or possible or no Alzheimer's disease, 31737
demographic & psychological/emotional & physiological determinants of physical activity behavior, 29–66 yr old African American Head Start employees, 36910
depression & stressful life events & social support & self esteem, 20–35 yr old African American females, 39019
depressive symptomatology & correlates of depression, White vs Black elderly (mean age 70 yrs old), 18 mo study, 19159
development & reliability & validity of Schedule of Racist Events, assessment of racism & related physical & mental health consequences, 15–70 yr old African Americans, scale appended, 5988
development & validation of Index of Race Related Stress, 18–61 yr old African Americans, 17576
development of adult identity, poor urban pregnant vs nonpregnant Black 17–19 yr olds, 22141
development of narrative-like talk, 2.0–2.6 yr old male vs female African Americans & their families & community members, 3 yr study, 750
discourse analysis of articles on public violence in newspaper & how these articles aid in reproduction of racist ideological representations of Blacks, South Africa, 38251
disordered eating attitudes & abnormal eating behavior, African Caribbean vs White females, Britain, 23212
drinking level & self-esteem & family health & social support during adolescence, male vs female 18–24 yr old Black college students with vs without alcoholic parent, 19385
eating disorder symptomatology & body image dissatisfaction, Black vs White mothers of 9–10 yr olds, 26839
educational gains & involvement in various college activities, Black college students attending historically Black vs predominantly White institutions, 24646
emotional life complexes of racial discrimination & financial strain & optimism–pessimism, stress balance, African American college students, 26260
ethnicity identity & drinking patterns, Black adults, 18821
evaluation of health promotion intervention program & increasing participation, African Americans aged 55 yrs & older, 24090
evaluation of Inner City Mental Health Project, Afro-Caribbeans & Asians, England, 1987–90, 20199
event history analysis & ethnic competition arguments & models of diffusion to investigate effects of local conditions, city level hazard rates of rioting, Blacks, 1961–1968, 25979
experience & perceptions of fatherhood, African American teenage fathers, 22082
experiences with & adjustment to attending predominantly White higher education institutions, Black social work students, 9686
exposure to negative stereotype-related behavior of single Black confederate, perceptions & avoidance of subsequently encountered Black confederate, college students, 3592
factor analysis of Ways of Coping Questionnaire, employed 22-64 yr old African American females, 60
factors & prevalence of self-reported delinquent behavior, African-American vs Hispanic vs White adolescent females, 31390
factors affecting rates of participation in stroke prevention clinical trials, African Americans, 13192
factors influencing decision to enter male dominated legal profession, African American female lawyers, 5741
family drug use, cocaine abuse, African American female crack users (mean age 31 yrs), 23034
family personality & therapy, African Americans, 43036
family status vs parenting variables vs peer support vs neighborhood risk, academic performance, 12–14 yr old African American junior high school students, 1 yr followup, 9923
food preferences & eating attitudes, Black vs White females, implications for risk of developing anorexia & bulimia, 11699
frequency of functional problems & related risk factors, poor inner city 70 yr old & older Blacks, US, 22173
frequency of weapon carrying, physical fights & serious injury & attack with intent to maim or kill, male vs female Black adolescents living in or around public housing projects, 19411
future orientation & self expectancy for opportunity for social mobility & decision to postpone childbearing, 17–19 yr old urban Black females, 41736
gender & income & educational & occupational status resources, male dominance ideologies, middle-class African American married couples, 41805
gender & race & class perceptions, 14–18 yr old African American females, 29909
gender differences, career maturity & choice expectations & educational plans, African American urban 9th–12th graders (mean age 16 yrs), 33489
gender identity, African Americans vs Anglo Americans, 7539
grant funds for urban historically Black college in partnership with Head Start centers, Head Start coordinators pursuing BA degree in early childhood education, 33409
health & functional status in activities of daily living, newly admitted Black male vs female nursing home residents (mean age 71.1 yrs), 36584
health & illness beliefs & behavior, help seeking behavior, urban Black adults, South Africa, 20188
health seeking by parents & barriers to health care & provider practices, immunization rates, poor urban African American preschoolers, implications for role of social workers in improving immunization access, 9353
health values & life practices, 18–80 yr old Black Seventh-Day Adventist, 36651
heavy substance use & mental disorders, 18–50 yr old African American men at risk for HIV, 38871
historical hostility & cross racial counseling, African Americans, 42957
history & prevalence of affect symbolic imagery in African culture, implications for culturally relevant learning paradigm for Africans & African Americans, erratum, 25637
history & prevalence of affect symbolic imagery in African culture, implications for culturally relevant learning paradigm for Africans & African Americans, 11545
history of & effect of public & private policies & educational & social & economic factors on participation in higher education, African Americans, 3568

underlying funder interest & potential biases, neuropsychological assessment of Black children, South Africa, commentary, 42157
underlying funder interest & potential biases, neuropsychological assessment of Black children, South Africa, commentary reply, 42159
underlying funder interest & potential biases, neuropsychological assessment of Black children, South Africa, 42158
unique benefits of group therapy for Blacks & Latinos & guidelines for training therapists for work with ethnic minorities, 23772
use of social services, African American parents of minor children, 24201
using attribution theory to understand social & academic motivation in Black youth, 28011
views of & participation in effective early instruction, urban Black low to middle income parents of regular or special education students, 3-yr study, 5704
violence as adaptation to death anxiety, 15–17 yr old urban Black gang members, 42583
Voting Rights Act, increase in Black officeholdings, Mississippi, 1964–1993, 38586
3 dimensional model of identity formation & gender identity formation & identity complexity, 11–14 yr old African American females, longitudinal study, conference presentation, 41737

Blacky Pictures Test [See Projective Personality Measures]

Blame—Serials

attribution of blame to self &/vs fate vs perpetrator, symptomatology & recovery, female 18–65 yr old survivors of childhood sexual abuse, 8101
blame & cultural ideology, antifat prejudice, college students, US vs Mexico, 11542
blame & its discussion in family therapy, 27245
counterfactual reasoning & assignment of blame in scenario involving product failure & personal injury & luck, college students, implications for advertisers, 33762
development & construct validity of victim & society blaming scales, college students, 17610
development & factor structure of characterological & behavioral self blame attributions about social events measurement, 3rd–9th graders, implications for cognitive diathesis-stress depression model, 28416
development of PTSD & self blame, female 17–34 yr olds who had coercive sexual experiences, 22957
feminist ideas & disclosure to mother, blame & anger in general & at mothers vs fathers, adult females with vs without history of incest, 4279

general & personal mortality salience of car accident scenario with driver suing American vs Japanese auto manufacturer, nationalistic bias in assignments of blame, college students, 42079
judgments of blame & willingness to forgive romantic partner's hurtful behavior, college students, 26162
level of perpetrator vs victim alcohol intoxication, attributions of responsibility & blame in acquaintance rape scenario, male vs female undergraduates, 18907
perceived avoidability & attributions of causality & judgments of blame, patients with accident-induced spinal cord injury, 8580
reactions from social network members upon disclosure of assault, adjustment & coping & self blame, female 18 yr old & older victims of pressured or forced sexual intercourse or other experiences, 16045
reliability & construct validity of AIDS victim blaming scales, college students, 2666
sex role identity & rape myth acceptance & time of resistance, assigning blame to victim vs perpetrator vs situation vs chance following acquaintance rape, male vs female college students, 22981
target focus & counterfactual comparison, judgment of victim vs perpetrator blame & injustice & severity of rape, college students, 1023
transition from anger & blame to empathy in conjoint family therapy session, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother, 43052

Blind [See Also Deaf Blind]—Serials
absolute vs graded circle sizes, tactile discrimination accuracy on cartographic displays, legally blind adults, commentary reply, letter, 19676
absolute vs graded circle sizes, tactile discrimination accuracy on cartographic displays, legally blind adults, commentary, letter, 19673
activation of occipital cortex during haptic perception &/or transformation of haptic image, sighted vs blind 19–33 yr olds, 34146
assessment of control device, ability to work independently & successfully with acoustic orientation system, 17 & 28 yr old male & female with blindness & severe or profound mental retardation, 13416
assistive devices, independence, blind & handicapped patients, Asia, 9552
auditory discrimination & ERPs, early- vs late-blinded vs sighted 21–35 yr olds, implications for cross-modal plasticity in adulthood, 27064
development of audiometric test battery for blind, relationship between high frequency hearing sensitivity & echolocation ability, adults with normal vision, 16408
education level & personality traits & employment, blind 20–62 yr olds, 19678
gesture use during Piagetian conservation & direction-giving & narrative tasks, blind 10–12 yr olds, 31928
haptic exploration of gradient textures, congenitally blind 8–24 mo olds, 31933
judgment of distance in home based on layout of space vs familiarity with routes between locations, visually impaired vs totally blind vs normally sighted 8–12 yr olds, longitudinal study, 19674
judgment of rectangular areas using gestural strategies, blind 5.3–8 yr olds, 8680
manual guidance with vs without verbal prompts & cross modal transfer on manual tasks involving sorting & matching, blind 9.0–19.5 yr olds with severe mental retardation, 19675
motor–perceptual interactions & illusions & between-arm asynchrony of horizontal & vertical elliptic trajectories in tactual tracking of kinesthetic stimuli, blindfolded college students, Italy, 37613
nature & style of victimization & disability type, legally blind 20–70 yr olds, 4730
presence of separate blindness specific vocational rehabilitation agency within state, receipt of services, visually impaired developmentally disabled clients, 16995
role of vision in spatial abilities & effect of lack of visual experience on brain functioning, Ss with early blindness, 16419
similarities in order of development of understanding of conservation concept, blind vs partially sighted vs sighted 4.4–17.1 yr olds, 16415
standard reference memory vs cued platform vs straight swim versions of Morris water maze, identification of blindness, male rats dosed with atropine vs blind & enucleated rats, 37980
tactile &/vs auditory semantic vs nonsemantic priming & 1 vs 3 stimulus presentations, implicit vs explicit memory processing in Braille stem completion task, blind 25–58 yr olds, Canada, 4724
tactual activation of primary visual cortex & compensatory sensory changes with performance of tactual tasks, blind braille reader, 4729

Blink Reflex [See Eyeblink Reflex]
Block Design Test (Kohs) [See Kohs Block Design Test]
Blood [See Also Blood Plasma]—Serials
blood oxygen enhancement, memory consolidation & mood, 18–21 yr olds, 6389
clozapine treatment & incidence of agranulocytosis & neutropenia & associated risk factors, 9–91 yr olds, 4.5 yr study, United Kingdom & Ireland, 32347
mental & hydraulic component in hemodynamic variations, adults in real vs hypnosis simulated phlebotomy, 41411
relapse in cognitive behavior therapy, patient with panic disorder arising from preexisting vasovagal reactions to blood injury stimuli, case study, 19225
relaxation technique, blood lipid levels, 39–76 yr old males with hyperlipidemia, 13126
screening, detection of behavioral & other risk factors, allogenic blood donors, 26898
test of nicotine compensation hypothesis & usual-brand nicotine yield & blood cotinine concentrations, smokers, 7037
use of ratings of perceived exertion to regulate blood lactate concentration during running, recreationally active adults, 14994
usefulness of blood chemistry tests to screen for excess iron abnormalities, psychiatric morbidity, 22–56 yr old outpatients, 30668

Blood Alcohol Concentration—Serials
accuracy of blood alcohol concentration estimations based on drinkers' behavior in small vs large vs public social groups, observers, 26173
administration of psychotropic dosages, traumatic brain injury patients with negative vs positive blood alcohol level & Glasgow Coma Scores, 16742
age related differences, ethanol interoceptive discriminative cue & consumption reduction, 6 mo vs 12 mo old female mice, 38106
alcohol & workload, detection of angular acceleration, male pilots (mean age 24.5 yrs), 21893
blood alcohol concentration, effects of negative punishment on risk-taking & decision making, adult males, 15556
drinking history & alcohol dose & acute tolerance, breath vs blood alcohol concentration, 29–46 yr old healthy male light vs moderate social drinkers, 38113
intention to drink at upcoming party & self reported vs actual blood alcohol concentration, male vs female college students, application of theory of reasoned action, 26662
perception of blood alcohol concentration & ability to fly aircraft, pilots, 37288
sex & change of transport mode & alcohol impairment, fatal accidents, pedestrians aged less than 16 yrs vs 16–29 yrs vs 30–44 yrs vs 45–64 yrs vs 65 yrs & older, France, 1990–91, 37278
single dose of ethanol administered by gavage, blood alcohol & corticosterone & behavioral changes & ataxia & liver damage, mice, animal model of binge drinking effects on antibody responses, 11114

Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria, Sickle Cell Disease]—Serials
brain calcifications & leukodystrophy & parenchymal cysts, cognitive & extrapyramidal & cerebellar & pyramidal signs, children & adolescents with progressive microangiopathy, 12464

clozapine & cephalexin & cellulitus & eosinophilia & unilateral pleural effusion, 37-yr-old male with schizoaffective disorder depressed type, 36427
clozapine, development of agranulocytosis, 74 yr old female with schizophrenia, case report, letter, 32408
clozapine, eosinophilia & agranulocytosis, 37 yr old male with schizophrenia, case report, letter, 36408
clozapine induced decline in neutrophil count, development of eosinophilia, male 44 yr old with chronic schizophrenia & tardive dyskinesia, letter, 5019
clozapine national registry system, incidence of morbidity & mortality related to agranulocytosis, 1990–94, 9260
clozapine treatment & incidence of agranulocytosis & neutropenia & associated risk factors, 9–91 yr olds, 4.5 yr study, United Kingdom & Ireland, 32347
continuation of clozapine in presence of neutropenia due to orchidectomy & chemotherapy for testicular teratoma with metastases, male 40 yr old with chronic schizophrenia, case report, 5121
contraceptive use & expectation of fertility & understanding of reproductive physiology & pregnancy prevention program, patients with thalassemia or sickle cell disease treated with iron chelators, 42708
cytokines, clozapine-induced agranulocytosis, 41 yr old male with schizophrenia, 1806
development of lymphocytopenia & thrombocytopenia after risperidone or clozapine treatment, 19 yr old hospitalized male with paranoid schizophrenia, case report, 19920
immunosuppressive therapy with prednisone & hydroxychloroquine & aspirin, reversible dementia & chorea, 22 yr old female with lupus anticoagulant, case report, 23298
leukocyte associated blood dyscrasias of eosinophilia & neutropenia, patients treated with clozapine vs haloperidol, 32338
methadone, pain & treatment adherence & functional interference & psychiatric symptoms, 55-yr-old Hispanic female with upper extremity lymphedema & recurrent major depression, 27569
predictive value of eosinophilia for clozapine induced neutropenia or agranulocytosis, patients, 5034
restarting clozapine treatment after agranulocytosis, 27 yr old male with chronic paranoid schizophrenia, case report, letter, 9032
role of sociocultural & behavioral factors in transmission of mosquito borne lymphatic filariasis, Thailand, implications for risky behavior & prevention & treatment, 8484
social services & caregiving & minority health needs related to hemoglobinopathies, families of disabled children in minority ethnic communities, 27675
thrombocytopenia, depression, male 62 yr old with late onset bipolar affective disorder, case report, 1243
tranylcypromine overdose secondary to probable abuse, development of delirium & thrombocytopenia, 42 yr old male with history of prescription drug abuse, case report, letter, 1398
treatment with granulocyte-monocyte colony stimulating factor, development of symptoms of mania, female 41 yr old with idiopathic neutropenia, case report, 16766
valproate, development of thrombocytopenia & macrocytic anemia, 48-yr-old female with bipolar I disorder, case report, letter, 32406
vitamin B12 deficiency & thrombocytopenia due to posttransfusion purpura, female 73 yr old with history of schizophrenia & anemia, case report with discussion, 13161

Blood Brain Barrier—Serials
assessment of in vitro metabolic conversion & enzyme cleavage characterization & blood–brain permeability of enkephalin analog prodrugs in blood serum & brain homogenate & cell culture, mice & cattle, 6910
blood–CSF barrier function, 45–87 yr olds with major depression or Alzheimer's disease, Germany, 38855
dietary prenatal alcohol exposure, development of blood brain barrier, pregnant female rats, 38148

Blood Cells [See Also Erythrocytes, Leucocytes]—Serials
antidepressants, number and percentage of peripheral blood mononuclear cells, adults with major vs treatment-resistant depression, Belgium, 36477
beta-2 receptor density on mononuclear blood cells, prediction of response to beta-blocker propranolol, 18–86 yr olds with neuroleptic induced akathisia, 13143
distribution of peripheral blood lymphoid subsets during ethanol intake vs after 3-mo withdrawal, alcoholic hepatitis patients (mean age 36 yrs), 39208
whole blood production of interleukins & interferon & monocytes & neutrophils & leucocytes, patients with residual vs paranoid schizophrenia, Germany, 8004

Blood Circulation—Serials
amitriptyline vs fluoxetine, functional reactivity of cutaneous microcirculation, Ss with major depression, 9129

Blood Coagulation—Serials
ADP vs collagen induced platelet aggregation & blood coagulation, patients with minor vs simple major vs melancholic depression, 30881
exaggerated platelet reactivity, 21–52 yr olds with major depression, implications for heart & cerebrovascular disease risk, 11990

Blood Disorders [See Blood and Lymphatic Disorders]

Blood Donation [See Tissue Donation]

Blood Flow [See Also Cerebral Blood Flow]—Serials
alpha- vs beta-adrenergic blockade, vascular responses during embarrassing tasks vs moderate exercise, 17–45 yr old frequent vs infrequent blushers, Australia, 25541
mental & hydraulic component in hemodynamic variations, adults in real vs hypnosis simulated phlebotomy, 41411
relation between induced elated vs depressed mood & blood flow in orbitofrontal cortex, 18–35 yr old males, 34517

Blood Glucose [See Blood Sugar]

Blood Plasma [See Also Blood Serum]—Serials
acute &/or chronic stress & sheep red blood cells, effects on plaque forming cell growth & antibody titers, male rats with vs without handling, 14970
alprazolam plasma concentration levels, 63–88 yr old multimorbid patients, 32476
apolipoprotein E phenotype, plasma lipid & lipoprotein concentration & chemical composition, 35–62 yr old male alcohol abusers, 39209
brain binding kinetics & distribution of venlafaxine & velafaxine's action on serotonin uptake inhibition & biodistribution & binding in human & pig blood platelets, female pigs, 41521
buspirone, plasma prolactin & growth hormone concentrations, 18–50 yr old male patients with chronic fatigue syndrome, 26888
clozapine, plasma levels of cytokine & cytokine receptors & white blood cell count & rectal temperature, 18–41 olds with schizophrenia, 32498
clozapine treatment, plasma levels of interleukin-6 & tumor necrosis factor alpha, drug free schizophrenic patients, 43166
dopamine receptor occupancy & plasma prolactin levels, 24–60 yr old males with schizophrenia or major depressive episodes, 7864
ECT, plasma noradrenaline & clinical improvement, 31–67 yr olds with melancholic vs psychotic vs nonmelancholic depression, 43220
etiologic heterogeneity & drug free plasma HVA concentrations, psychotic patients, 22838
florescence polarization immunoassay vs high pressure liquid chromatography vs gas chromatography/mass spectrophotometry, measurement of plasma methadone, methadone maintenance outpatients, 5410
fluvoxamine-clomipramine interactions & response, therapy resistant depressed male 62 yr old with low drug plasma levels due to rapid metabolism of cytochrome P-450 isozymes, 12956
gonadal hormones & HVA plasma level across menstrual cycle, females (mean age 32.6 yrs), 29445
haloperidol vs reduced haloperidol, plasma concentrations, 60–99 yr olds vs schizophrenic patients (mean age 31.3 yrs), 9051
increased plasma concentrations of tryptophan & other large neutral amino acids, adult offenders who committed violent vs nonviolent crimes, Sweden, 35847

levels of doxepin & doxepin metabolites, plasma & cerebrospinal fluid, depressed patients (mean age 45.7 yrs), 34646
long-term treatment with clomipramine, plasma amino acids & serotonergic parameters, patients with panic disorder &/ vs major depression, Netherlands, 43132
mother's use of sertraline, plasma concentrations of sertraline &/or norsertraline, 6–26 wk old breastfed infants, 32461
observed drug level 24 hrs after single test dose, prediction of haloperidol steady state plasma level to achieve maintenance dose, schizophrenic or schizoaffective patients, prospective study, 9091
plasma clozapine indicating intoxication & overdose in 2 suicide attempts, female 40 yr old with persistent severe depression, case report, letter, 7934
plasma clozapine, prediction of clinical response, treatment refractory patients with schizophrenia, 23909
plasma neurotransmitter abnormalities in functional illness, 26877
plasma 5-HT turnover & age, 21–63 yr olds, implications for Alzheimer's type dementia, 41614
platelet factor 4 & B-thromboglobulin plasma levels, thrombosis risk, patients with ischemic heart disease with (mean age 55.8 yrs) vs without (mean age 56.2 yrs) depression, 42152
role of peptide transport system in regulation of methionine enkephalin concentrations in blood & brain, 8 strains of mice, 34518
salivary & plasma measures of dim light melatonin onset & abnormal circadian rhythms, 28–51-yr-old medicated patients with rapid cycling bipolar disorder, 30877
selegiline administration, plasma monoamines & metabolities, 30.5–44.7 yr olds with ADHD, 26750
serotonin function & plasma tryptophan levels & prolactin response to fenfluramine, healthy adult males vs females, 41452
single oral dose of trazodone & m-chlorophenylpiperazine, plasma levels of m-chlorophenylpiperazine, healthy adults (mean age 62.6 yrs), 38123
use of clozapine plasma level monitoring, patients, conference presentation, 27399

Blood Platelets—Serials

ADP vs collagen induced platelet aggregation & blood coagulation, patients with minor vs simple major vs melancholic depression, 30881
age & sex, seasonal variability in blood platelet 3H-imipramine binding, healthy 24–72 yr olds, 11052
exaggerated platelet reactivity, 21–52 yr olds with major depression, implications for heart & cerebrovascular disease risk, 11990
fluoxetine vs desipramine, binding parameters of platelet imidazoline binding site & alpha2-adrenoceptor, adult patients with major depressive disorder, 5084
forskolin vs G protein stimulation, platelet adenylyl cyclase activity, 24–60 yr olds with major depression, 35545
glucocorticoids, platelet & CNS serotonergic transporter binding sites & serotonin uptake capability & imipramine induced uptake inhibition, male rats, implications for human depression, 25616
hostility & Type A behavior & depression, platelet activation induced by acute psychological stress, males with history of myocardial infarction, 4635
incorporation of arachidonic acid in resting platelets, turnover of membrane phospholipids before vs after haloperidol, 25–50 yr old schizophrenic males, 13080
intra & interindividual variability in platelet serotonin receptor binding, healthy 18–79 yr olds & 21–24 yr old females using contraceptive pills, Sweden, 25498
levels of G protein alpha subunits in platelets & lymphocytes, euthymic patients with bipolar affective disorder vs volunteers, 22784
outwardly expressed anger & collagen induced platelet aggregation, healthy 18–34 yr old males, implications for relation between anger/hostility & coronary heart disease, 21803
phosphatidylinositol-4,5-bisphosphate membrane values, 25 yr old female with bipolar disorder, case report, 35570
platelet endogenous adenosine 5'-diphosphate ribosylation in drug-free and lithium-treated adults with bipolar disorder, 43204
platelet factor 4 & B-thromboglobulin plasma levels, thrombosis risk, patients with ischemic heart disease with (mean age 55.8 yrs) vs without (mean age 56.2 yrs) depression, 42152
platelet G-protein coupled alpha2-adrenoceptors & platelet I1 binding site density & affinity, adult patients with major depressive vs generalized anxiety disorder, 4062
platelet serotonin transporter protein reduction, children & adolescents with obsessive compulsive disorder vs Tourettes syndrome, 31115
platelet 5-HT concentrations, 28–68 yr old unipolar depressed inpatients vs 16–68 yr old schizophrenic inpatients, 22715
reactivity of platelet derived growth factor B-chains homodimer & structure of sugar chain structure Lewis-X & relation to learning function, 21–38 yr olds with mental retardation, Japan, 35920
total fasting, 5-HT- vs A23187-induced platelet Ca2+ release, 15–50 yr old inpatients with atopic dermatitis or bronchial asthma, Japan, implications for depression, 25620
[3H]-imipramine platelet binding & clinical response to imipramine vs fluoxetine, 20–59 yr olds with major depression & compatible agitation, 9162

Blood Pressure [See Also Diastolic Pressure, Systolic Pressure]—Serials

alcohol consumption levels, BP, female alcohol abstainers vs moderate vs heavy drinkers vs alcoholics, use of BP in diagnosis of alcohol abuse, 12258
avoidant coping style & cardiovascular reactivity & self report of anxiety & estimation of BP during speech preparation & delivery & recovery, 17–21 yr olds, 3159
betel nut chewing, visual choice RT & digit span & eye-hand coordination & pulse rate & BP, 23–42 yr old male operators of earth movers, Papua New Guinea, 11228
biofeedback, blood pressure, 35–65 yr old outpatients with hypertension, Japan, 36043
blood pressure & cognitive decline, 70–91 yr olds, Japan, 3 yr followup, letter, 41789
BP & self-reported physical symptoms & job related stress, teachers with treated vs untreated hypertension, 26880
BP & stress-prone temperament, Labrador Retrievers in guide dog training, 6805
BP reactivity to ergometric & mental stress, normoreactive vs hyperreactive males, 6790
continuous BP monitoring, memory & attention efficiency & IQ, 20–77 yr olds with vs without hypertension, 23251
continuous negative vs positive biofeedback of R-wave to pulse interval, differential learning of BP control & heart rate, normotensive 19–40 yr olds, 6793
cross sectional relationships among depressive symptoms & anxiety & alcohol intake & BP, Black vs White 21–41 yr olds, 7577
cynical hostility & anger-in & -out & anger frequency & resting BP, adults, 29488
cynical hostility & anger out & anxiety & defensiveness & sex, waking vs sleeping ambulatory BP & heart rate, Black vs White college students, 11087
emotional stress, correlation between arterial pressure & heart & respiration rate, rats & 17–38 yr old female workers, 11090
emotionally meaningful situations, patterns of BP and heart rate, adult patients with hypertension vs inpatients with eating disorders or anxiety conditions, Germany, instrument appended, 31711
heart rate & heart rate variability & BP autonomic responses to orthostatic vs mental stress, males, 6801
high caloric meal, heart rate & BP & cutaneous heat nociception, fasted healthy males (mean age 27 yrs), 11081
hostility & perceived social support & daily interpersonal stress & health behavior, ambulatory BP, 18–25 yr olds, 29467
individual differences in perception of occupational stress, adults with high vs low blood pressure, England, 33670
intra-arterial vs finger pressure measurements of BP, effects of mental workload on BP, 20–40 yr olds, 6804

iv nicotine dose, blood pressure & heart rate &/vs subjective effects, 21–38 yr old smokers, 18339
laboratory cardiovascular stress response & neuroticism & mean BP change, 22–53 yr olds, 4-yr study, Germany, 6766
left ventricular structure & diastolic filling, BP during standard vs workplace stress, young adults without hypertension, 11072
lifestyle incongruity between material way of life & occupational class, BP, male vs female modernizing 25–64 yr olds, Western Samoa, 3146
medical & cognitive conditions associated with low blood pressure, elderly adults (mean age 85.0 yrs), Sweden, 34995
mental & hydraulic component in hemodynamic variations, adults in real vs hypnosis simulated phlebotomy, 41411
mood states, ambulatory BP & heart rate, college students, 41426
noninvasive continuous BP measurement methods & heart rate & BP responses to mental stress & application to study of cardiovascular disease risk, 6800
perceived job control & self efficacy & demands, blood pressure, health care professionals & employees of large company, 40584
perceptions of sex-specific ability & extreme vs high vs low performance standards, systolic & diastolic BP & heart rate response during memory task, male vs female college students, 38068
pretreatment BP & tic severity, behavioral & tic responses to oral clonidine, 5–18 yr olds with Tourette's syndrome, implications for role of central noradrenergic systems, 24040
psychobiologic reactivity & cardiovascular responses, 3–5 yr olds, 29768
relationship between blood pressure/hypertension & self reported stressor, literature review, 8553
relationship of antisocial behavior to cardiovascular profile of family history of hypertension & BP & obesity, younger brothers of adjudicated delinquents, 12301
relaxation psychotherapy vs medication, BP & emotional state, 35–50 yr old patients with arterial hypertension, 23987
resting BP & sex, thermal & ischemic pain sensitivity, adults, 11067
self efficacy as component of active coping, BP & heart rate in response to difficult task, 18–21 yr old females, 11069
self vs expert reported emotion inhibition, prediction of blood pressure reactivity, college students & clinical psychology graduate students, 18954
SES & hostility & blood pressure reactions to mental stress, male 35–55 yr olds, England, 21785
sex & ethnicity, effects of hostility & social support on home vs clinic vs work systolic & diastolic BP, healthy Blacks vs Whites, implications for coronary disease risk, 18243
sobriety, hemodynamic mechanisms of persistent transitory vs borderline hypertension vs normotension, male alcoholic inpatients, 1392
sodium lactate, BP & heart rate & lung volume, adults, 11229
stressful vs relaxed talking with clinician during medical visit, systolic & diastolic BP, 19–86 yr olds with essential hypertension, 19581
subchronic imipramine vs venlafaxine, BP & heart rate, 24–63 yr old inpatients with major depression, application of 24 hr monitoring of drug safety, 9075
test–retest interval & demographic characteristics & type of stressors, reproducibility of BP & heart rate reactivity, implications for coronary heart disease, meta analysis, 14995
thermal biofeedback vs blood pressure monitoring, elevated blood pressure levels, nonmedicated male vs female hypertensive adults, 4626
workload in simulated flight task, respiration & eye blinks & variabilities in heart rate & BP, 20–30 yr olds from military academy, Netherlands, 11093

Blood Pressure Disorders [See Also Hypertension, Hypotension, Syncope]—Serials

cardiovascular & physiological profiles, hypertensive vs normotensive 19–30 yr old males, 8549

Blood Proteins [See Also Hemoglobin, Immunoglobulins, Serum Albumin]—Serials

apolipoprotein E genotypes & frequency of specific allele, 57–88 yr olds with major depression, implications for irreversible dementia in late life, 12014
cytokines, clozapine-induced agranulocytosis, 41 yr old male with schizophrenia, 1806
serum carbohydrate deficient transferrin vs gamma-glutamyl transferase, patients in alcohol rehabilitation, Sweden, 6 mo study, implications for biochemical markers, 8250
serum trace zinc & albumin & transferrin & ceruloplasmin, nutritional status & disease stage, female 73–88 yr olds with vs without dementia of Alzheimer's type, conference presentation, 31842
14-3-3 brain protein & immunoassay in CSF, diagnosis of Creutzfeldt-Jakob disease, adults & animals with transmissible spongiform encephalopathies, 26990

Blood Serum—Serials

assessment of in vitro metabolic conversion & enzyme cleavage characterization & blood–brain permeability of enkephalin analog prodrugs in blood serum & brain homogenate & cell culture, mice & cattle, 6910
carteolol hydrochloride, brain penetration & intracerebral & serum concentrations, male rats, 38121
elimination pharmacokinetics in serum following overdose with fluvoxamine, female 32 yr old with recurrent depression, case report, letter, 1861
haloperidol dose, serum haloperidol, 45–83 yr olds with schizophrenia vs Alzheimer's disease & other organic mental syndromes, 19951
presence of drugs in blood that impair driving ability, fatal traffic accidents, drivers aged 65+ yrs, Sweden, letter, 43923
saturated & polyunsaturated fatty acid composition of serum cholesteryl esters & phospholipids, adults with major vs minor depression, 15921
serum & cerebrospinal levels of calcium & magnesium, 18–63 yr old acute vs 18–58 yr old remitted schizophrenics, Israel, 12049
serum & red blood cell & tissue electrolytes, stress induced hypertension, male rats, 6787
serum dipeptidyl-peptidase IV activity levels, major vs treatment resistant depressed patients, Belgium, 30880
serum lipid concentrations & intellectual performance, 25–60 yr olds with various total cholesterol concentrations, 41080
serum tricyclic antidepressant within therapeutic range, response to amitriptyline vs doxepin treatment, depressed 21–80 yr old inpatients, retrospective analysis, 13032
standards for monitoring therapeutic levels of lithium in general practice vs psychiatric outpatient settings, psychiatric patients, England, letter, 5281
10 vs 20 mg doses of baclofen, growth hormone response & serum baclofen & determination of preferred dose, 30–58 yr old healthy males, 11123

Blood Sugar—Serials

blood sugar metabolic changes & related cerebrovascular deficits, cognitive impairment & memory recall & depression, 70–86 yr olds with senile dementia &/vs diabetes mellitus, conference presentation, 31614
glycemic control & self-care behaviors, 4.1–20 yr olds with insulin-dependent diabetes mellitus, 1501
motivation & glycemic control, 17–85 yr old diabetic out-patients, 43304
nortriptyline, depression & glycemic control, 21–65 yr olds with diabetes with vs without major depression, 8 wk study, US, 35989
problem solving intervention, dietary management & blood glucose level, 19–53 yr olds with insulin dependent diabetes mellitus, 32660

Blood Transfusion—Serials

plasmapheresis treatment, basal ganglia size & symptom severity following group A beta-hemolytic streptococci infection, male 12 yr old with obsessive compulsive disorder, case report, 9179
vitamin B12 deficiency & thrombocytopenia due to posttransfusion purpura, female 73 yr old with history of schizophrenia & anemia, case report with discussion, 13161

Blood Vessels [See Arteries (Anatomy)]

Blue Collar Workers—Serials
aging, decline in intelligence & memory task performance, eminent academics aged 70 yrs old & older vs retired blue collar workers vs PhD students, Australia, 5 yr study, 38464
attributions of quality circle problem solving failure, management vs supporting staff vs blue collar quality circle members, 40585
comparative feedback on energy saving, energy consumption behavior & beliefs, metallurgic plant employees, Netherlands, 17481
development of conceptual framework of trust & structure of employee's trust in management, colliery workmen, UK, 43785
ergonomic evaluation of satchels for letter carrying, adult US postal employees, 10200
exposure vs nonexposure to organic solvents, neuropsychological performance, male journeyman painters (mean age 38 yrs), 31568
health promotion model, prediction of hearing protection use, blue collar workers, 17401
job stress & coping characteristics, development of coronary heart disease, healthy male middle age managers vs blue collar workers, 6.5 yr study, 12565
meaning attached to & preference for term Spanish American, urban blue collar Spanish surnamed adults residing in New Mexico, 35054
occupational styrene exposure, peripheral sensorimotor neuropathy & color vision deficits, industrial workers, case reports, implications for biological monitoring, 24791
perceived job security, college professors vs white collar vs blue collar workers, 13960
personel characteristics & family influences & role models & career guidance & other societal factors, decision to work in nontraditional blue collar trades, 19–39 yr old females, 33656
positive vs negative affectivity, occupational injury, adult blue collar unionized workers, Australia, 37226
predisposing & enabling & reinforcing factors, smoking behavior, 25–55 yr old blue-collar & white-collar workers, China, 11642
redesign & computer scoring of Test for Organizational Ability, assessment with effort & time scores, psychologists vs construction workers vs students vs other professionals, 20989
worksite alcoholism prevention program, alcohol consumption & attitudes & intentions & problem consequences of alcohol use & health beliefs, printing company personnel, 17284
Boarding Schools—Serials
development & initial evaluation of community oriented primary adolescent care program in family practice setting, 12–18 yr old boarding school students, Israel, 16808
residential schooling based on interagency cooperation & use of therapeutic approaches, children with emotional &/or behavioral problems, Slovenia, 20655
Body Awareness—Serials
academic psychology's vs transgender liberation theories of personal gendered embodiment, 18765
causal attributions about & normalizing explanations for common bodily sensations, frequent attenders of general practitioners, 13266
computer & cognitive psychology & feminist theory of embodiment & masculine morphology, 17554
directional whole-body mental imagery during dance movement performance, dance students, 40391
embodiment vs body as central to psychological life & social relationships & medium of display & expression, humans, 18830
feminist & psychological perspectives on woman as body, 18760
field & habitus framework for feminist exploration of emerging genre of body art, 18368
genital perception following surgery, male 9–38 yr olds treated for hypospadias, 20096
history & establishment of embodiment in psychology, 18386
positive & negative associations with specific foods & threatening vs nonthreatening body parts, cognitively restrained vs unrestrained female dieters vs nondieters, 30494
preoccupation with body size & eating disorders & body dysphoria as form of cognitive bias, research review, 4484
relationship of body dissatisfaction & restrained eating & core wellness to physical self-esteem, 16–72 yr olds, 38753
sustained attention & awareness of disability, 47–77 yr old stroke patients with chronic left unilateral visual neglect, Sweden, 12561
viewing of stressful vs nonstressful film segments, proprioceptive awareness, adults with temporomandibular disorders, 16244
Body Fluids [See Amniotic Fluid, Blood, Cerebrospinal Fluid, Mucus, Saliva, Urine]
Body Height—Serials
age reference growth curves for weight & height, 0–20 yr olds with Down's syndrome, Netherlands, comparison with US data, 8388
driver height & seat position, fractionated RT, motor vehicle drivers, South Africa, 17490
growth deficits in height & weight, 6–17 yr old males with vs without ADHD, 26773
growth hormone treatment, divided vs focused vs sustained attention, 7–13 yr olds with short stature following intrauterine growth retardation, Netherlands, 2 yr followup, 24060
height, death by suicide, 25 yr old & older males, 8164
increased head circumference, White 17–86 yr olds with schizophrenia or schizoaffective disorder, 22823
schizotypy & height, adults, 16000
self estimation of height & body weight, college students, 11732
social phobia & social anxiety, growth hormone-deficient patients vs volunteers with short stature 15–35 yrs old, followup study, 42706
Body Image [See Also Body Image Disturbances]—Serials
acculturation & body image & self esteem & eating disorder symptomatology, 12–18 yr old Mexican American females, 12413
age & weight, body & self-esteem, male vs female 8–12 vs 13–15 yr olds & 8–10 vs 11–13 yr olds, Canada, 2 yr study, 11454
age, body size perception & dissatisfaction, 7–65 yr old females, 15288
behavioral & psychological indices of eating disorders including drive for thinness & body satisfaction, male vs female college student nonathletes vs athletes in lean vs nonlean sport, 12417
body dissatisfaction & other eating disorder symptoms & self-efficacy for eating control, male vs female college students with vs without weight fluctuation, 35950
body esteem & eating attitudes & gender-role orientation, 6–11 yr olds, 18559
body figure perceptions & eating attitudes, 8–12 yr old males vs females, Australia, 34948
body image & ideal, low income African American mothers & their preadolescent daughters, 7324
body image & self concept, 20–34 yr old males vs females, 7751
body image & self esteem & eating behaviors & attitudes & depression & pubertal development as predictors of eating disorders, female vs male 5th–6th graders, 2 yr study, 35943
body image & social adjustment, 11–21 yr olds who completed cancer treatment, 19571
body image, female leukemia survivors (mean age 18.6 yrs), Finland, 23349
body-mass & perceived pressure & ideal-body internalization & body dissatisfaction & dietary restraint & negative affect & symptoms in dual pathway model of bulimia nervosa, 17–52 yr old females, 12424
body satisfaction & maternal fetal attachment & breast vs bottle feeding plans, females 32–38 wks pregnant, 22294
body shape & proportions of Ken & Barbie dolls at life size, implications for cultural ideals & body image, 7736

brief exposure to media images of ideal body types, self-consciousness & anxiety & body competence, non-eating-disordered 17–40 yr old males vs females, 30505
cognitive behavioral treatment model, adult patients with body dysmorphic disorder, 8846
cognitive-behavioral weight control program, body image before vs during vs after treatment, obese females, 32745
conceptual distinction between body image & schema & limitations on motor control, male with loss of sense of touch & proprioception from neck down, case report, 16242
development & reliability & validity of Body Dysmorphic Disorder Examination, adults, 6056
disordered eating patterns & body image & self-esteem & physical activity, 10–12 yr old male vs female school children, Australia, 6 mo study, 29932
eating disorder symptomatology & body image dissatisfaction, Black vs White mothers of 9–10 yr olds, 26839
effectiveness of modified version of Eating Disorders Examination to determine body weight & shape & intent behavior, 7–14 yr olds with eating disorders, UK, 10435
efficacy of Item 2 modification & adequacy & factorial invariance of Social Physique Anxiety Scale, male vs female college students, replication, 33979
emotion- vs avoidance-oriented coping strategies & body image & eating attitudes, risk for development of eating disturbances, female college students, 31512
factor structure & reliability & convergent & divergent validity of Body Esteem Scale, male vs female 5th–12th graders, 25016
family environment, body & self-esteem & development of eating & associated psychiatric symptoms, 12–17 yr old females, Canada, 26826
gender & relationship status, body image, 18–33 vs 39–55 vs 60–83 yr olds, 35324
healthy & pathological narcissistic behaviors & attitudes, body esteem, 18–32 yr old females, 22520
homosexual vs heterosexual orientation, body satisfaction & dieting & binge eating & purging, male vs female 12–20 yr olds, 4443
hypothetical scenarios of women dieting or overeating, self evaluation of own vs others' body weight & shape, female college students, implications for eating disorders research, 26814
"If only I were thin . . ." Treatment Program, improvement on fat phobia & restriction in activities & self esteem & depression, adult females, 8798
influence of methodological differences on outcome of body size estimation studies, patients with anorexia nervosa, meta analysis, 31529
lifestyle & self & body esteem & attitudes about attractiveness, rates of bulimia nervosa vs binge eating disorder, lesbian 17–65 yr olds, 4448
media & weight & social judgments of attractiveness & individual differences, body esteem, female college students, 30428
methodological issues in psychophysical measurement of perceptual & attitudinal components of body image & size, 6160
morning vs evening types, Big Five personality factors & self & body esteem & locus of control, college students, 11733
neuroticism & gender-role orientation, body dissatisfaction, male vs female adults, Canada, 3668
number of meals & snacks & conformity to parents & self esteem & body image, pyramid fat & sugar food scores & self efficacy for making healthful food choices, 14.2–19.1 yr olds, 15176
nutrition education program, knowledge about & attitudes toward nutrient intake & food preferences & body image, female athletes vs nonathletes, 9306
nutritional habits & knowledge level & body image & attitudes regarding overweight & obese people & dieting, 14–18 yr olds, Israel, 43276
object relations & grief & body image & verbalization during psychoanalysis, patients with physical illness, 27331
patterns & side effects & treatment of & influence of social & psychological & developmental factors & body image on androgenic anabolic steroid use & abuse, 26139
peer & friendship factors & body dissatisfaction & weight loss behaviors & disturbed eating, adolescent females, research review, implications for prevention interventions, 31516
perceived changes in sexual functioning & body image following weight loss, obese adult females, 26125
perception of body & issues in friendship & role of experts, physically disabled elementary school age children, 4554
perception of fat vs thin & male vs female body shapes, anorexic (mean age 28 yrs) vs adolescent (mean age 16 yrs) vs mature females (mean age 27 yrs), 26812
perceptions & awareness of social pressures & influences on societal body ideal as expressed in mass media, females with anorexia or bulimia, 4461
perceptions of children's weight, mothers, Japan, implications for etiology of eating disorders, 12415
perceptions of female ideal body size, Black vs White 14–19 yr old males, 15325
pharmacotherapy &/vs cognitive behavioral therapy vs other psychotherapeutic treatment, assessment of body image & treatment outcomes of eating disorder programs, literature review, 27091
physical activity level & sex, perceptions of relative weight & weight loss activities, White vs Hispanic vs Black high school students, 15282
program on dieting, experiences with & personal & political assumptions about dieting & therapeutic changes regarding relationship with food & own body, females, New Zealand, 3880
race & weight & desired weight change & body dissatisfaction & Eating Attitude Test scores, female White vs Black college students (mean age 19.2 yrs), 35932
self esteem & gender role identity & body image, mothers & their 11–16 yr old premenstrual & menstrual daughters, Canada, 25907
self image questionnaire vs interview for evaluation of perceived body image, female adolescent leukemia survivors, 25150
self-reported body image & satisfaction, Guatemalan-American vs White female college students, 42063
SES & body satisfaction & dieting behavior & body mass index, eating disordered behaviors, 7th–12th grade females, 31523
sex & SES, body shape satisfaction & self esteem, young adults, 7707
sexual assault, body & self esteem, 18–45 yr old females, 26722
single sex vs coeducational school, body figure preferences & eating disorder symptoms & sex role concerns, adolescent females, Australia, 24647
skin color preferences & body satisfaction, 18–24 yr old female South-Asian vs European university students, Canada, 30538
social physique anxiety & upper body esteem & social anxiety & body dissatisfaction, 18–48 yr old anabolic steroid using male body builders & weight lifters, 8279
sociocultural factors, perceptions of dieting & own & others' body weight & image, 14–16 yr old females, Australia, 29945
structural model of association between body dysphoria & social pressure for thinness & self-esteem & depression & menses, eating disorder symptoms in 8–13 yr old females, conference presentation, 31541
upward & downward social comparison tendencies & manipulations & body mass index, body image ratings, college students (mean age 23.9 yrs), 42062
validity & reliability of higher order factor model of Social Physique Anxiety Scale, assessment of body image anxiety, male vs female undergraduates (mean age 21.79 yrs), 14278
validity of Physical Self-Description Questionnaire, assessment of physical self-concept, male vs female elite athletes vs physical education high school students, Australia, 28446
viewing of same-gender photographic models, body self esteem, male vs female 17–32 yr olds, UK, 15686

weight & body dissatisfaction & self esteem, 21–65 yr old middle to high SES African American vs White female dieters, 42053
weight related positive vs negative feedback, self reported body satisfaction, White vs Black female undergraduates, 18968
Body Image Disturbances [See Also Koro, Phantom Limbs]—Serials
amount of soap opera vs sport vs music video TV viewed, body dissatisfaction & drive for thinness, female adolescents, Australia, implications for sociocultural role in eating disorders, 4476
anxiety & symptoms of depressive illness & body dissatisfaction & impaired functioning, clients presenting for commercial weight loss treatment, 5227
biliopancreatic diversion, binge eating episodes & dieting & psychological traits & body weight, severely obese 19–61 yr old patients, 2 yr study, 27511
body dissatisfaction & family dysfunction & depression, disordered eating behavior & attitudes, female Chinese 14–19 yr olds, Hong Kong, 4455
body dissatisfaction, coital & masturbation experience & sexual activity, 18–52 yr olds with bulimia nervosa, 31548
body dysmorphic disorder & pharmacologic treatment, 23914
body dysmorphic disorder manifested by compulsive weightlifting, 23 yr old White male, case report, 42382
body image disturbances, females with bulimia vs anorexia nervosa, meta analysis, 42657
categorization of body dysmorphic disorder as obsessive compulsive spectrum disorder & part of broad affective disorder spectrum, commentary reply, letter, 11911
categorization of body dysmorphic disorder as obsessive compulsive spectrum disorder & part of broad affective disorder spectrum, commentary, letter, 11924
childhood sexual & physical abuse, prevalence of bulimia & bodily shame & dissatisfaction, 15–25 yr old daughters of mothers who participated in 1995 study, 23203
concern with appearance of others in variant of body dysmorphic disorder & comorbid obsessive compulsive disorder, 32 yr old female & 39 yr old male, case reports, letter, 31088
detection of own vs others' body size differences, females with bulimia nervosa, 31534
diagnosis & symptoms & treatment strategies, patients with body dysmorphic disorder, 26414
differential diagnosis & cognitive behavioral & pharmacological treatment, individuals with body dysmorphic disorder, 39613
effects of ingested psilocybe fungi vs prescribed fluoxetine, 27 yr old male with body dysmorphic disorder, serotonergic implications, case report, letter, 12976
fluoxetine, 17 yr old female with body dysmorphic disorder & major depression, case report, letter, 39813
fluoxetine, 6.3 yr old male with body dysmorphic disorder, case report, letter, 27387
measures of body dysmorphic disorder, 19–58 yr olds, UK, 22730
perceived & actual control, body image distortion, adult females with anorexia or bulimia nervosa, UK, commentary, 16187
preoccupation with body size & eating disorders & body dysphoria as form of cognitive bias, research review, 4484
psychological characteristics & development & maintenance of eating disorders, adolescent females with body image disturbances, 1 yr followup, Italy, 16184
sexual harassment, development of body image problems & eating disorders, females, 4454
sexual orientation & affiliation with gay & lesbian community, body dissatisfaction & psychosocial distress, lesbian vs heterosexual females vs gay vs heterosexual males, 3689
weight preoccupation & eating psychopathology, mothers & their 9–15 yr old prepubertal vs postpubertal daughters, 31525
Body Rocking—Serials
vestibular activation by rocking, dream lucidity, adults, 2913
Body Rotation [See Rotational Behavior]
Body Size [See Also Body Height, Body Weight]—Serials
accounts of modifiability & development & origin of character or physical traits, 4 vs 6 vs 7 vs 10 yr olds, England, 25915
adult body condition & chick size, adjustment of parental effort & desertion, puffins, 25404
age & sex polyethism & relation to division of labor, worker size & choice of tasks, ants, 6475
age, body size perception & dissatisfaction, 7–65 yr old females, 15288
attitudes toward child body shape, 19–52 yr old South Asian vs Middle Eastern vs Caribbean vs African vs English mothers, 11579
body shape & proportions of Ken & Barbie dolls at life size, implications for cultural ideals & body image, 7736
body size & contest experience with other males, chances of winning interactions for access to females, male spiders, 34479
body size & fighting experience, dominance & mating success, male copperheads, 41276
body size & schooling behavior & foraging activity & time of day, physiological color patterns, juvenile bullethead parrotfish, 38030
body size & tail height & length, reproductive success & performance & mate competition & choice, eastern tiger salamanders, 37882
body size & tick exposure, oral self grooming rates, infant vs adult impala, Zimbabwe & US & South Africa, 34448
body size, assortative mating & sexual selection, male vs female water strider species, 10877
body size, mating success & male fighting ability, eucalyptus longhorned borers, 2960
body size vs cheliped size, fighting ability, fighting male prawns, 29086
compatibility & female aggressiveness & size, pairbond stability, convict cichlid mates, 21564
consequences of ignoring importance of statistical power analysis in study of effect of large body size on foraging behavior under predatory threat, juvenile rainbow trout, commentary reply, 14434
consequences of ignoring importance of statistical power analysis in study of effect of large body size on foraging behavior under predatory threat, juvenile rainbow trout, commentary, 14452
detection of own vs others' body size differences, females with bulimia nervosa, 31534
diet & excersise & disability status & degree of social integration, Body Mass Index, adults with Down syndrome (mean age 29.5 yrs), 42641
eating & weight loss behavior & attitudes & anthropomorphic characteristics, 15–19 yr old ballet dancers, Australia, 4430
female body size & fertility, patterns of concurrent multiple mating, sailfin molly, 34473
fluctuating asymmetry in forelegs of prestruggling & struggling & copulating pairs, male mating success, dung flies, 14749
food intake & relatedness, growth rates & communal feeding, subsocial spiders, Greece, 37915
gape growth in relation to body mass & gender & nourishment status, sexually dimorphic red winged blackbird nestlings, 18098
gender & sexual orientation & SES & race & age, body shape ideals, 18–80 yr olds, 11723
head circumference at birth, schizophrenic patients, replication, Japan, 26499
health & fitness facilities & presentation of male bodily attractiveness in men's fashion magazines as reflection of sociocultural expectations, 1960–92, 26019
heritability of copula duration & body size & development time & genetic covariances, yellow dung flies, 444
ideal body size perceptions & weight concerns, White vs Black male vs female 4th graders, 34956
influence of methodological differences on outcome of body size estimation studies, patients with anorexia nervosa, meta analysis, 31529

kinship & food quantity & relative size, context dependent kin discrimination & frequency of aggression, marbled salamander larvae, 2963
level & effectiveness of intra- and interspecific aggressive behavior, Plethodon ouachitae vs P. albagula salamanders, 29085
male body length & frontal femoral width & body size ratio of mating partners & number of mature eggs, duration of premating struggle & mating & number of successful matings, waterstriders, Canada, 6546
male body size distributions, courtship display rates & gonopodial thrusting & gonoporal nibbling, sailfin Mollies, 2980
maternal body size, provisioning & conditional sex allocation of offspring, wasps, 41281
mathematical model for predicting shell-size preference from prospective growth rate, moulting hermit crabs, implications for survival & fecundity, 41285
methodological issues in psychophysical measurement of perceptual & attitudinal components of body image & size, 6160
moonlight conditions of night & mass to size ratio, foraging behavior, juvenile vs adult scorpions, 2982
perceptions of female ideal body size, Black vs White 14–19 yr old males, 15325
population size & density, mating tactic, simultaneously hermaphroditic seabass, 37903
prior victory or defeat & size & prior residency, conflict outcome, unacquainted male green swordtail fishes, 10803
SES & body satisfaction & dieting behavior & body mass index, eating disordered behaviors, 7th–12th grade females, 31523
sex & asymmetries of residency & body size, agonistic & sensory behavior, western plethodontid salamander, 14797
sex & body size & age, feeding order & social tolerance for kittens, feral cats, 34481
sexual selection & male thorax length & number & symmetry of sternopleural bristles & sex comb teeth, mating vs nonmating Drosophila simulans vs pseudoobscura, 14808
size & ownership status, host contest competition outcomes, female parasitoid wasps, implications for clutch size, 413
size & vulnerability, habitat use & decision making between feeding opportunities & predatory risk, whelks, 14784
size, harem development & mating success, southern male elephant seals, 408
socio-emotional vs formal interviewing styles, self reported dieting & perceptions of ideal body size, 3rd vs 6th grade females, 22108
stored fat & integration of orientation cue information, migratory behavior & decision, red-eyed vireos, 21582
testis & body size & paternity factors & mate guarding & sperm competition, male sand lizards, 6517
testosterone implants, onset of adult throat color & body size as expressions of critical period development of permanent alternative reproductive traits, juvenile male tree lizards, 6920
time constraints & impact on costs of sampling & size of male & burrow quality, mate choosiness, female fiddler crabs, 10799
upward & downward social comparison tendencies & manipulations & body mass index, body image ratings, college students (mean age 23.9 yrs), 42062

Body Sway Testing—Serials
interaction between vestibular & somatosensory & visual information,perception of direction of self-motion & body sway, adults, 28763
nortriptyline vs paroxetine, body sway, depressed elderly, 1834
visual information specifying low & high speeds of self-motion, frequency & amplitude & timing components of postural sway, 3–6 yr olds, 25784

Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]—Serials
circadian core body temperature rhythm disorder & sleep disturbance, 12–18 olds with school refusal without physical or psychiatric disorders, 31124
circadian rhythms of temperature & cortisol & TSH before vs after morning bright light therapy, 20–39 yr old females with vs without hypersomnic winter depression, 36541
combined doses of angiotensin & isoproterenol, tail skin & colonic temperature & dipsogenic effects & metabolic rate, rats, 18291
daily m-chlorophenylpiperazine, development of tolerance to its panic & other behavioral & hormonal & cardiovascular & temperature effects, healthy adults (mean age 32.4 yrs), 15007
dosage level of neurotension in preoptic area, pain sensitivity & thermic effects in hypothalamus & nucleus accumbens, female rats, 21614
facial emotional expression as determinant of volume of ambient air nasal inhalation, forehead/brain temperature & affective states, adults, implications of vascular theory of emotional efference, 29477
lesions of preoptic anterior hypothalamus, role in heat retention & subsequent mediation of total sleep deprivation, male rats, 3063
light–dark cycle & thermal gradient, temperature selection & body temperature & locomotor activity rhythms, degus, implications for circadian & homeostatic systems asynchrony, 11049
long term intracerebroventricular infusion of corticotropin-releasing hormone, body temperature & locomotion & corticosterone levels & sickness response to acute inflammatory challenge, rats, 41485
pentylenetetrazol & bicuculline & icrotoxin & strychnine & memantine, ethanol-induced behavioral sleep & body temperature, rats, 38076
prolonged fasting & refeeding, circadian rhythms & body temperature & activity level, male rats kept in constant darkness, 25533
race & sex & own or parental history of hypertension, forehead muscle tension & finger temperature response to biofeedback assisted relaxation training, adults, 5137
relative weight at birth & environmental temperature during preweanling stage & situational weight & temperature differences, social play with unfamiliar group, weanling rats, 29133
reproductive phase, daily rhythms of core body temperature & nest attendance & activity & wheel running, female cold adapted hamsters, 547
sleep•quality & number of psychosomatic & digestive complaints, circadian rhythm of oral temperature & heart rate, oil refinery workers tolerant vs intolerant of shift work, 14025
time of day & oral temperature & resting pulse rate & stimulus sound pressure & frequency, 2f1-f2 distortion product otoacoustic emissions amplitude, males vs females with normal hearing, 14556
various mildly stressful incentives, face & hand skin temperatures, 18–22 yr old White females, 6794
5-HT1B agonist CGS 12066B vs 5-HT1B receptor antagonists, 5-HT behavioral syndrome & motor activity & body temperature, male rats, 29510

Body Types [See Somatotypes]

Body Weight [See Also Birth Weight, Obesity, Underweight]—Serials
age & assortative mating for similarity of relative body weight prior to marriage & cohabitation, prediction of survival of marriage, engaged couples, followup study, 3022
age & weight, body & self-esteem, male vs female 8–12 vs 13–15 yr olds & 8–10 vs 11–13 yr olds, Canada, 2 yr study, 11454
age at onset & body mass index, course & outcome of anorexia nervosa, female patients, Finland, 39318
age of help seeker, responsibility attributions for cause of & solution to memory vs weight problem, 18–22 vs 65–100 yr olds, conference presentation, 35278
age reference growth curves for weight & height, 0–20 yr olds with Down's syndrome, Netherlands, comparison with US data, 8388
alcohol administration during early or midlactational stages, suckling-induced prolactin release & milk consumption & litter growth, rats, 41527

amantadine, body-weight & food intake & neuroendocrine variables, drug free vs sulpiride treated female rats, animal model of neuroleptic-induced obesity, 34635
ambient temperature & food availability vs restriction, thermoregulatory capacity & total food intake & gross food efficiency & body weight, male rats, 11046
author race & weight & sex, evaluation of writing competence, White college students, 30442
body dissatisfaction & other eating disorder symptoms & self-efficacy for eating control, male vs female college students with vs without weight fluctuation, 35950
body image & ideal, low income African American mothers & their preadolescent daughters, 7324
body-mass & perceived pressure & ideal-body internalization & body dissatisfaction & dietary restraint & negative affect & symptoms in dual pathway model of bulimia nervosa, 17–52 yr old females, 12424
body mass index & atrophy of medial temporal cortex vs other brain regions & cognitive impairment, Alzheimer's disease patients, 23409
body mass, nutrition knowledge, adults with mild vs moderate mental retardation, 35919
body mass, titrating methylphenidate, 6–11 yr olds with ADHD, 27444
body weight & dieting & eating disorder symptoms during transition from college to early adulthood, male vs female 27–55 yr olds, 10 yr study, 19475
body weight & estrogen & cognitive functioning, males (mean age 72.6 yrs) vs females (mean age 73.2 yrs) with Alzheimer's disease, 31742
body weight & nutritional serum parameters, progression of dementia, female 60+ yr old with dementia of Alzheimer's type or age-associated memory impairment, 1 yr followup, conference presentation, 31770
body weight, avoidance vs approach of scent marked areas, male house mice, 6492
body weight, lever press response acquisition in delayed reinforcement procedure, female rats, 18067
body weight, limiting food & drink at meals & avoiding unnecessary fat & calories in snacks & exercising regularly & drinking little or no alcohol, normal weight 18–65 yr olds, 13184
castration at weaning & weight, frequency & patterns of play fighting during juvenile vs postpubertal phases, male rats, 3171
changes in body mass index & psychosocial variables, elderly spouse caregivers of adults with Alzheimer's disease, 18 mo study, 9501
chronic mild stress, sucrose intake & hedonic sensitivity relative to weight loss, mice & rats, animal model of depression, 6807
cognitive behavior therapy & weight loss treatment, binge eating & weight gain, obese females with binge eating disorder, 1 yr followup, 23719
concurrent validity of Shape & Weight Based Self-Esteem Inventory & eating disorder symptomatology & cognitive schemata, female 18–45 yr olds, 17698
correction & reinforcement & escape extinction & choice of food, 34 yr old female with severe mental retardation with gastroesophageal reflux & projectile vomiting & weight loss, clinical case report, 36304
cross-sectional parameters of fore- & hindlimb long bones relative to body weight & bone length & phylogenetic affiliation & leaping frequency & landing kinematics, strepsirhines, 38046
dexfenfluramine, energy metabolism & metabolite pattern changes, obese male rats, animal model of satiety & body weight reduction, 11110
dietary intake & body weight & composition & clinical factors, cortical & trabecular bone mineral density, 20–43 yr olds with anorexia nervosa, implications for role of malnutrition & hormonal dysfunction, 4471
dietary intake & physical activity & body weight, working adult smokers vs working adult non- or former smokers, 2 yr followup, 11638
eating habits & weight ranges, 29–44 yr old females who refused interview participation vs 29–46 yr old females who agreed to participate, 31544
effectiveness of modified version of Eating Disorders Examination to determine body weight & shape & intent behavior, 7–14 yr olds with eating disorders, UK, 10435
effects of interleukin-1 receptors, social exploration & body weight, mice, 29511
elevated cortisol & increased intra-abdominal fat deposition, females with melancholic type major depression, 35574
excessive weight gain during risperidone treatment, male 17 & female 15 yr olds with schizophrenia, case report, letter, 1846
fear related behavior, low vs high body weight quails, 34435
food restriction & reinforcement & body weight, progressive ratio performance, male rats, implications for appetite motivation, 29053
growth deficits in height & weight, 6–17 yr old males with vs without ADHD, 26773
history of family functioning & eating & weight characteristics, normal weight & obese adults, 42663
hypnosis & multicomponent program with vs without overt aversion, weight loss, tobacco smoking vs nonsmoking overweight adult females, 43218
hypothetical scenarios of women dieting or overeating, self evaluation of own vs others' body weight & shape, female college students, implications for eating disorders research, 26814
interactions among males that competed for mating opportunities in colonies of females & effects of age & mass on dominance rank, boat-tailed grackles, 41271
lithium, weight gain, unipolar vs bipolar patients, 22744
long vs short daylength & body/fat mass, diet selection, hamsters, 21760
loss of sense of smell & subsequent malnutrition & elevated body mass index, 65–92 yr olds, letter, 4673
low body weight at referral, low weight prognosis for future, 15–58 yr old females with anorexia nervosa, followup study, 31506
media & weight & social judgments of attractiveness & individual differences, body esteem, female college students, 30428
naloxone, postnatal stress-induced body weight gain, adult male mice, 29528
neonatal monosodium glutamate, food intake & weight gain & hypothalamic dopamine & proopiomelanocortin peptides & coat coloration, yellow obese vs black lean male mice, animal model of obesity, 6845
oxytocin & estrus cycle & endocrine profile, weight gain & food intake, female slowly vs rapidly growing Sprague-Dawley rat variants, 7100
perception of fat vs thin & male vs female body shapes, anorexic (mean age 28 yrs) vs adolescent (mean age 16 yrs) vs mature females (mean age 27 yrs), 26812
perceptions of children's weight, mothers, Japan, implications for etiology of eating disorders, 12415
perceptions of plastic bottles vs stuffed sparrowhawk predators, body mass, captive greenfinches, 21566
perfectionism & perceived weight & bulimic symptoms, female college students, test of diathesis-stress model, 19478
photographic presentations of male executives vs businesswomen, ratings of perceived body image & weight, male vs female American vs non-American undergraduates, 18902
phototherapy, body weight & mood, 46–54 yr old overweight females, 27479
prevalence & level of dieting & its association with body weight & social circumstances & psychiatric morbidity, 12–17 yr olds, Australia, 29919
prior experience & individual housing & running, weight loss, rats, 37816
race & weight & desired weight change & body dissatisfaction & Eating Attitude Test scores, female White vs Black college students (mean age 19.2 yrs), 35932
relative weight at birth & environmental temperature during preweanling stage & situational weight & temperature differences, social play with unfamiliar group, weanling rats, 29133
reproductivity & body weight, competition & aggression between queens & survival of 1 over other following cooperative founding of colony, fire ant queens, 10800

restricted food access, food hoarding & intake & body weight set-point & fat content vs lean mass, obese male rats, 11042
risperidone, weight gain & bulimia nervosa, 12 yr old female with schizophrenia, letter, 32385
self estimation of height & body weight, college students, 11732
serum leptin & ob gene mRNA secreted by adipocytes with vs without weight loss & maintenance of lower weight, percentage of body fat, obese adults, implications for food intake regulation, 4438
sex & body weight & behavioral characteristics, likability & trait attributions of unknown peer, 6–13 yr olds, 34894
sex & mean body weight & health locus of control attributions, 16–72 yr olds, Australia, 38782
smoking cessation, body weight, point prevalent vs continuously abstinent smokers, 1 yr study, 24315
sociocultural factors, perceptions of dieting & own & others' body weight & image, 14–16 yr old females, Australia, 29945
sociodemographic variables & pain & body weight, decrements in physical vs mental health related quality of life, male vs female overweight patients, 24071
stable vs unstable maternal social environment & stress in pregnancy &/vs lactation, female offspring courtship & play & social orientation & behavior masculinization & body weight, guinea pigs, 6527
target's obese vs normal body weight & gender, perception of target's sexual experiences & sexuality, 17–23 yr olds, 11691
timing of experimental intraspecific brood parasitism, nest abandonment & further egg laying & host vs parasite hatchling survival & body weights, Zebra finches, 18100
transplantation of fetal dopaminergic cells into lateral hypothalamic area, food intake & body weight, male rats, 29395
ventricle & total brain volume before & after significant weight gain, underweight anorexic patients, followup, 23213
voluntary vs trained wheel running & body weight gain & dietary self-selection, female rats, 21773
waist-to-hip ratios & weight, self vs other perceptions of male vs female body shape attractiveness, 18–47 yr old male vs female undergraduates, replication, 26204
weaning age or weaning weight, physical condition & stress level & plasma corticosterone level & stereotypy performance, male mice, 34493
weight & body dissatisfaction & self esteem, 21–65 yr old middle to high SES African American vs White female dieters, 42053
weight & body fat treatment program, active duty military personnel, Germany, 20841
weight change before vs after diagnosis of dementia, community-dwelling older adults, 20 yr study, 23366
weight concerns & smoking related self-efficacy, 20–64 yr old women smokers in smoking cessation intervention, 33063
weight histories, adults with binge eating disorder with vs without loss of control vs eating disorders not otherwise specified, 12405
weight loss, cerebral glucose metabolism, low-weight females with depression vs anorexia nervosa, 35408

Bolivia—Serials
resemblance between drawn figures of self with friend & pictorial strategies, 6–8 & 9–11 yr olds, Italy vs Bolivia vs Lebanon, 29920

Bombesin—Serials
cholecystokinin vs bombesin dose combinations, glucose intake & microstructural licking behavior, male rats, implications for role of neural receptors & peptides, 10985

Bonding (Emotional) [See Attachment Behavior]

Bone Disorders [See Also Osteoporosis]—Serials
dietary intake & body weight & composition & clinical factors, cortical & trabecular bone mineral density, 20–43 yr olds with anorexia nervosa, implications for role of malnutrition & hormonal dysfunction, 4471
prevalence of osteopenia, 20–46 yr old females recovered from anorexia nervosa, 31546
transdermal vs oral administration of estrogen, lumbar spine bone marrow density, 16 yr old female with osteopenia from anorexia nervosa, case report, 42661
use of ECT with prior Harrington rod implementation, 50 yr old depressed female with spinal disease, case report, 23529

Bone Marrow—Serials
ethical issues & psychosocial impact, child bone marrow donors, literature review, 32655
partner's transplant, psychological & immunological status, 19–53 yr old partners of patients undergoing bone marrow transplant, 29472
personality & coping style & symptom distress & disease stage & quality of graft match & chemoradiotherapy experience, prognosis of survival, adult bone marrow transplant patients, 1–2 yr followup, 27568
predonation ambivalence & postdonation physical difficulty & psychological reactions to donation to stranger, bone marrow donors, 1942
type & level of social support, quality of life, 18–65 yr old candidates for bone marrow transplant, 31697

Bones—Serials
bone mineral density, adult females with past or current depression, 30887
bone mineral density, 33 & 56 yr olds with chronic schizophrenia, letter, 30923
metastatic femoral bone pain management by implanted femoral nerve blockage as part of multidisciplinary treatment, 39-yr-old male with undifferentiated sarcomatoid renal cell carcinoma, case report, 9266

Book—Serials
brief review of & personal reaction to "The Making of an Analyst: Michael Fordham", 22596
psychoanalytic relevance of W. R. Bion's "A Memoir of the Future", 42131

Books [See Also Textbooks]—Serials
common scientific tradition & assumptions about intelligence & heredity & environment in "The Bell Curve" & K. Lashley's neuropsychological studies, 33918
cultural & social changes & depiction of race relations & Black characters in children's picture books, 1937–93, US, 38489
development & publication & distribution of guide to Texas criminal law & procedure concerning offenders with serious mental illnesses, 26730
development of literacy, 3 yr olds who participated in book gifting study since infancy, England, 22053
excerpts from I. P. Pavlov's "The Work of the Digestive Glands", 40764
factors in successful use of talking books, students with reading problems, research review, 24675
feminist theorizing & feminine style in rhetoric of Our Bodies Our Selves, 41920
juror use, significance & usefulness of selected books in consultation theory & research & practice, experts in consultation & participants in the 1995 Keystone Corporate Psychology Conference, 27835
personality traits & preference for violent vs scary vs romantic story, 2–4 yr old males vs females, 29859
quality of affective relationship & attachment security, picturebook reading, 12–15 mo olds & their mothers, 41690
rating of relevance of high frequency words in self help psychology books, college students, 27593
reflections on aging in individual interpretations of F. Scott-Maxwell's "The Measure of My Days," 86–97 yr olds, 7420
relevance & significance & assumptions of R. Mowbray's book "The Case Against Psychotherapy Registration: A Conservation Issue for the Human Potential Movement" for broad field of counseling, 19723
selective use of relevant materials & references in historical introduction of "The Bell Curve", 35349

Borderline Mental Retardation—Serials
fantasy of becoming female & schizotypal personality & borderline intellectual function, male 22 yr old who amputated penis by chain saw, case report, 8088

Borderline States—Serials
abuse & family violence & psychopathology, children of mothers with borderline personality disorder, 1339
academic performance & prevalence of Axis I diagnoses, college students with borderline personality disorder features, 2 yr followup, 31166
acting up & self-destructive behavioral reactions & somatic complaints before & during & after therapist's vacation, hospitalized female 14–45 yr olds with borderline personality disorder, 19755
analyst's orientation & self revelations & confrontations, behavior & associations during therapy, 53 yr old female with depression & 44 yr old female with borderline personality, 4944
applicability of adult diagnostic categories of schizophrenia & borderline disorder & depression & other mental disorders, adolescents, 7879
application of attachment theory to borderline personality disorder in adults & implications for psychotherapy, 42953
attachment behavior & style & history, patients with borderline personality disorders, 8070
barriers to psychological change & long term psychotherapy, patients with borderline & narcissistic character pathology, 12763
bedside stuffed animal display as clinical clue suggesting evaluation for borderline personality disorder, 18–80 yr old female psychiatric inpatients who were active or retired military personnel, 12118
borderline & impulsive personality traits & platelet monoamine & 5-HT & MAO function, females with bulimia nervosa vs recurrent suicidal behavior, 12428
brief & less intensive cognitive behavioral treatment, maladaptive behavioral & cognitive patterns, 19–57 yr olds with antisocial or borderline personality disorders, 12831
childhood sexual abuse, noradrenergic & serotonergic disturbances & development of borderline personality disorder, adults, literature review, 26583
childhood trauma as risk factors, female 16–45 yr olds with borderline personality disorder, Canada, 12119
clinical & demographic features of borderline personality disorder & concomitant diagnoses, discharged 18–46 yr old psychiatric inpatients, Turkey, 2–4 yr study, 31165
clinical field validity of Rorschach revised depression index & coping deficit index, 17–57 yr old inpatients with major depression vs borderline personality disorder, 17630
clinical perspectives on crisis intervention & therapy for suicidal & self-destructive behavior, patients with borderline personality disorder, 23597
clonazepam vs lithium, patients with manic phase bipolar affective disorder, 43124
content validity of revised DSM-IV criteria sets, narcissistic & borderline personality disorder diagnoses, patients (mean age 28 yrs) with axis-II disorder, 40859
correlation of reported childhood sexual abuse with SCL-90-R measure of psychopathology, 18–60 yr old inpatients with borderline personality disorder & with vs without major depression, 42202
cost vs quality of psychotherapeutic treatment in college settings, students with borderline personality disorders, 5725
cultural factors, emergence of borderline pathology, 25 yr old East Indian & 43 yr old Moroccan female immigrants, US & Canada, comment, 31159
cultural factors, emergence of borderline pathology, 25 yr old East Indian & 43 yr old Moroccan female immigrants, US & Canada, 31160
demographics & patterns of readmissions & prevalence of future psychotic diagnoses, 0–17 yr olds with psychosis limitaris infantalis admitted to psychiatric hospitals, 22 yr followup, Denmark, 15895
developmental & ego structure & relationship pattern considerations, choice of psychodynamic treatment of borderline patients, psychotherapists, 4780
diagnosis & comorbidity with Briquet's syndrome & somatization & antisocial personality & substance abuse & other disorders, 18–63 yr olds with borderline personality disorder, US & Italy, 19261
diagnostic distinctions, antisocial personality disorder vs borderline personality disorder, 42423
diagnostic utility of MMPI-2 Personality Disorder scales, classification of antisocial & borderline & narcissistic personality disorder, outpatients with personality disorder, 34004
dialectical behavior therapy, inpatient hospital days & suicide attempts & treatment attrition, adults with borderline personality disorder & suicidality, 32127
differences in self-reported pain during self-injurious behavior, 18–52 yr old females with borderline personality disorder, 39126
differential use of metaphor in psychoanalysis, borderline vs neurotic clients, commentary, 12891
dimensional diagnostic validity of 5 factor personality model, females with borderline vs nonborderline personality disorders, 4223
discrimination between imaginary vs mild vs pain related to dissociation, female 18–52 yr olds with borderline personality disorder who did not feel pain during self injury, 15999
dissociation & depression, 12.6–17 yr old hospitalized females with borderline personality disorder, 8061
distortions in self & other perceptions using object relations theory, inpatients with borderline personality disorder vs major depression, 19134
early intervention strategies, borderline clients, 8706
early vs current interactions with family of origin members, understanding & treatment of self destructive behavior, females with borderline personality disorder, 1336
efficacy of venlafaxine, patients with borderline personality disorder, 1840
encapsulated & entangled forms of transference resistance as autistic barriers in psychoanalysis, 50 yr old female & 45 yr old male borderline patients, 12892
environmental & constitutional & interactional factors in development of borderline personality disorder, literature review, 26594
etiological implications of relation between childhood trauma & borderline personality disorder, literature review, 26590
family therapy, adolescents with borderline personality disorder, commentary, 32196
family therapy, family anger & irritability & rates of sexual abuse & sibling psychopathology & attachment difficulties, adolescents with borderline personality disorder, 32218
fear reactions to termination of psychotherapy & psychoanalysis, borderline patients in mid-recovery, 19749
form accuracy & special scores on Rorschach Color Cards, borderline vs schizophrenic adults, 94
framework & strategy for dynamically oriented psychotherapy, borderline patients, 23614
Freudian vs interpersonal vs object relations concepts of primitive anxiety & relation to delusions of demonic influence, patients with borderline or schizophrenic disorders, 42211
histories of childhood abuse & neglect & borderline symptoms, 18–46+ yr old applicants for long-term inpatient treatment, conference presentation, 26587
history of physical &/or sexual abuse, borderline personality disorder, 12.5–17 yr old females, 4233
impaired self-representation, 15 yr old female with borderline personality organization & 27 yr old male with schizophrenia, implications for psychotherapy, 42189
importance of nontransferential aspects of working alliance & role in psychotherapy outcomes & usefulness of concept with borderline patients, psychotherapy patients, case reports, 8791
impulsivity & anger & suicidality & fear of abandonment symptoms & comorbid anorexia or mania or psychotic symptoms, prediction of multiple hospitalizations, females with borderline personality, 9526
impulsivity & defensive functioning, prediction of borderline personality disorder outcomes, Canada, replication, 4222
impulsivity & defensive functioning, prediction of borderline personality disorder outcomes, Canada, replication, commentary, letter, 26584

individual differences in metaphoric expression during psychoanalytically-oriented individual psychotherapy sessions, therapists & borderline vs non-borderline clients, Canada, 23835
interferon-gamma & neuropeptide Y & beta-endorphin & insulin neuroimmunological model of & gender differences in antisocial vs borderline personality disorder, 42420
issues in psychoanalytic treatment, patients with borderline personality, 36379
levels & fluctuations of unpleasant affects & related activation level, symptomatic vs asymptomatic patients with borderline personality disorder with vs without anorexia nervosa, 8071
lifetime self destructive behavior & experience of child abuse & neglect, 18–60 yr old patients with borderline personality disorder, 31156
long term hospital treatment received in 1987 vs typical 1997 brief inpatient protocol, 36 yr old patient with severe borderline personality disorder, 43426
MMPI-2 vs Personality Assessment Inventory for diagnosing borderline personality disorder, 20–52 yr old female inpatients, 34001
multimodal cognitive behavior therapy, 40 & 27 yr old female inpatients with borderline personality disorder & self injurious behavior, case report, 42999
multiple self states model & developmental damage classification for borderline personality disorder, 37 yr old female patient, extension of cognitive analytic therapy, 36290
naltrexone, self injurious behavior & accompanying analgesia & dysphoria, female psychiatric patients with primary diagnoses of borderline personality disorder or Axis I conditions, followup, 1854
object relations development & premature treatment termination, 21–39 yr old female expressive psychodynamic psychotherapy outpatients with borderline personality, 1678
origins & manifestations & long-term psychodynamic treatment of borderline personality disorder, 32 yr old female, case report, 27329
paranoia & grandiosity in disturbed object relatedness & symbiotic transference, borderline adolescents, case examples, 15773
parental psychopathology, disturbed family climate & disruptive & traumatic events & severity of disorder, 16–30 yr old females with borderline personality disorder, 42424
pathological & abusive & neglectful childhood experiences, 18–50 yr old inpatients with borderline vs other personality disorders, 42426
perceptions of family problems & environment & relationships, 18–35 yr old females with borderline personality disorder vs their parents vs normative families, 22941
pharmacotherapy & education based on cognitive behavior therapy, psychopathic male 38–50 yr old criminals with borderline & antisocial personality disorders, case reports, 5441
platelet serotonin dysfunction & [^{3}H]paroxetine binding, recurrent suicide attempts, 18–70 yr old patients with vs without borderline personality disorders, 1 yr followup, 42498
possession of transitional objects & borderline personality disorder diagnosis, 18–72 yr old inpatients, conference presentation, 22937
presence of borderline or other personality disorder, outcome of comorbid vs eating symptoms following cognitive behavioral outpatient therapy, patients with bulimia, 3 vs 12 mo followups, 4859
prevalence & significance of brain insult, patients with borderline personality disorder, 8072
prevalence of comorbid antisocial or borderline or paranoid personality disorders, adult alcohol abusers, 19379
prevalence of dissociation & self mutilation & childhood abuse, female inpatients with borderline personality disorder, commentary, letter, 22944
prevalence of dissociation & self mutilation & childhood abuse, female inpatients with borderline personality disorder, commentary reply, letter, 22936
primitive defense mechanisms & object relations, prediction of symptomatic expression, adult inpatients with borderline personality disorder, 8066
psychological autopsy of suicide attempts & process, patients with schizophrenia vs borderline personality vs major depression vs adjustment disorder who committed suicide, 31258
psychopathology patterns & type of hostility, males with borderline vs antisocial personality disorder, Greece, 42419
psychosocial rehabilitation, 53-yr-old male with borderline personality disorder & 34-yr-old male with chronic paranoid schizophrenia & alcohol abuse, case reports, 33017
recognitiion & processing of emotions, adults with borderline personality disorder, 26585
response to clozapine, female 27 yr old with therapy resistant obsessive compulsive disorder & borderline personality disorder, case report, 13054
risperidone, remission of impulsivity associated with self mutilation, 31 yr old female with borderline personality disorder, case report, 36462
role of group leader, containment of destructive behavior in new psychotherapy group & effect on group processes, patient with borderline personality disorder new to group, 32241
role of reflexive self-awareness, self-descriptions of severe psychopathology, adolescent & young adult inpatients with schizophrenia vs borderline personality disturbances, 7829
self-injurious behavior & mood regulation, adult females with borderline personality disorder with history of at least 5 episodes of self-injurious behavior, 35700
significant change for better & bimodal response as causes for relapse, borderline analysands with childhood traumatization, 19876
stress of growing up with family discord & parenting limitations & isolation from buffering social supports, patients with borderline personality & depression vs primary depression, 8064
subjective experience of limit setting in regard to self-destructive acts, 22–25 yr old females with borderline personality disorder, 42956
temporal stability of diagnosis & effectiveness of treatment, 18–65 yr olds with borderline personality disorder, 3 yr followup, Australia, 4220
theoretical & clinical perspectives on integrative approach of psychotherapeutic psychiatry, 32 yr old female with borderline personality disorder, 39639
therapist methods to reduce interfering provocative behaviors in expressive vs interpersonal vs unified psychotherapy vs dialectical behavior therapy, patients with borderline personality disorder, 12762
use of cognitive behavioral techniques vs psychodynamic techniques, borderline outpatients, 12835
use of perceptual defenses as measured by Defense Mechanism Test vs linguistic expressions, patients with neurotic vs borderline vs psychotic personality organization, 22727

Boredom—Serials

overt & covert narcissism & boredom, female undergraduates, 22585
resource allocation efficiency, indicator of boredom & work performance & absence, clerical personnel (mean age 32.3 yrs), 33616
self esteem & sensation seeking & leisure boredom, leisure-time usage & satisfaction & substance abuse & crime involvement, rural vs urban 12–19 yr olds, Australia, 11440

Bottle Feeding—Serials

body satisfaction & maternal fetal attachment & breast vs bottle feeding plans, females 32–38 wks pregnant, 22294
gustatory stimulation, increased ingestive behaviors & decreased nucleus ambiguus vagal tone, high-risk low-birthweight neonates, 38280
nutritive sucking patterns, bottle fed 1–3 mo olds with vs without colic, 11307

Boundaries (Psychological)—Serials

boundaries & boundary crossing & boundary management in counseling, symposium, 36208
boundaries & boundary violations in counselling & psychotherapy, clients & therapists, symposium, 36207
boundary issues in mental health services, 24096

concept of boundaries to describe ground rules & quality & type of therapeutic relationship in humanistic counseling, symposium, 36352
demographics & sense of coherence & self esteem & hope & emotional well being, self transcendence, healthy 19–85 yr olds, 7313
fiduciary theory & boundaries & boundary violations in therapeutic relationship & civil actions against therapists, 36918
identification with low vs unknown status in-group with permeable vs impermeable boundaries, desire for individual mobility to another group, 16–34 yr old college students, Netherlands, 22419
interpersonal self & boundary formation & symbolization & response differentiation in interpersonal treatment of severe psychopathology, 12792
need for training in boundary management, counselors, symposium, 36893
perceived role responsibilities & conflicts & boundary issues, experienced personal trainers, 17412
personality dimension of thick vs thin boundaries, dream recall & content, 17–68 yr olds, replication, Germany, 29011
professional ethics & rationales for exclusion of nonsexual dual relationships, clients & practitioners in health & human services, conference presentation, 33314
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary reply, 33504
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33495
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33488
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge & role of relationship between container & contained, 33505
sex & political orientation & civil discourse, external vs internal social group friends vs enemies & attachment to symbolic boundaries & attitudes toward national issues, adults, Australia, 7528
traumatic early object relations & regression, maintenance of boundaries & therapist's role as group leader vs figure of authority, adolescents in group therapy, 32228

Boundary Violations (Sexual) [See Professional Client Sexual Relations]
Bourgeois [See Middle Class]
Bowel Disorders [See Colon Disorders]
Boys [See Human Males]
Brachial Plexus [See Spinal Nerves]
Bradycardia—Serials

baroreflex stimulation & active vs passive stressors & hostility, bradycardia associated with cardiorespiratory fitness, 18–35 yr old White males, 3152
delta opioid antagonist naltrindole, attention-related heart rate orienting & CRs during habituation & conditioned bradycardia, rabbits, 38109
electrical stimulation of hypothalamic vigilance & defense areas & aortic nerve, bradycardia/depressor response, rabbits, 21631
pretraining with naloxone-HCL or quaternary naloxone-methiodide or selective mu-peptide CTOP, Pavlovian conditioning & extinction & bradycardiac responses, rabbits, 41467

Braille Instruction—Serials

teacher characteristics, teaching behavior & attitudes toward instruction, braille instructors in adult rehabilitation centers, commentary, letter, 20659

Brain [See Also Brain Stem, Forebrain, Hindbrain, Mesencephalon]—Serials

actions on brain dopamine reward system, abuse potential of drugs, 23064
acute & chronic in vivo & in vitro prenatal ethanol, heme oxygenase activity in hippocampus & frontal cerebral cortex & cerebellum, near-term fetal guinea pigs, 38088
aluminum & age, brain levels of aluminum & calcium & magnesium & iron & manganese & copper, young vs adult vs old male rats, implications for aluminum induced neurobehavioral deficits, 29291
androgens & brain & behavior, implications for psychiatric treatment, commentary on literature review, 38006
androgens & brain & behavior, literature review, implications for psychiatric treatment, 489
antidepressant desipramine, glucocorticoid receptor mRNA in brain areas controlling hypothalamic-pituitary-adrenocortical axis, mice, animal model of depression, 11105
assessment of in vitro metabolic conversion & enzyme cleavage characterization & blood–brain permeability of enkephalin analog prodrugs in blood serum & brain homogenate & cell culture, mice & cattle, 6910
behavioral lateralization & brain & neuroendocrine & immune responses to stress, mice, 18180
brain & immune system & CNS responses to stress & depression, 42281
brain & psychosocial development & molecular psychopharmacology mechanisms & developmental models of early onset psychiatric disorders, infants & children & adolescents, 30807
brain activation during inner speech & auditory verbal imagery, male schizophrenic hallucinators vs nonhallucinators, 22852
brain activity during rhyming & short term memory task with visually presented letters, adults with developmental dyslexia, 26794
brain generated electrical activity as reflection of functions of different language structures, 41393
brain mechanisms of emotions as determined by actual need & probability estimation of need satisfaction, 41362
brain morphometry, 6.6–14.4 yr old males with ADHD with vs without Tourettes syndrome, 19595
brain regions involved in retrieval of episodic memory, literature review, 21674
brain SPECT findings & physical aggression, 13–65 yr old psychiatric patients with vs without aggressive behavior, 28535
brain's molecular & cellular mechanisms of adaptive behavior, 34574
buprenorphine, opioid receptor adaptation in brain regions, male rats, implications for treatment of cocaine & other drugs of abuse, 6825
carteolol hydrochloride, brain penetration & intracerebral & serum concentrations, male rats, 38121
Cartesian theater vs multiple drafts model of consciousness of subjective timing & redrafting process, commentary, 328
chronic ethanol, brain [3H]nicotine & [125]alpha-bungarotoxin receptor binding, female LS & SS mice, 6 mo study, 38080
chronic novel stressors, behavior & 5-HT system, Sprague-Dawley vs Wistar Kyoto male rats, 18257
computerized apparatus to test strength of equilibrium point hypotheses of brain control of voluntary movements of arms & other limbs, 3091
concentrations of amino acid metabolites in thalmus & frontal pole & cerebellar vermis measured with high-resolution magnetic resonance spectroscopy, postmortem patients with schizophrenia, 42340
congestive heart failure & cerebrovascular events & brain tissue & cognitive impairment, elderly, conference presentation, 31709
connectionist models of brain & psychological function relevant to psychiatry, 14114
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience research, 25464
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25468
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25479

development & implementation of neuroimaging methodologies, knowledge of neurobiologic mechanisms of developmental brain disorders, literature review, 42699
developmental changes & sexual dimorphism of brain anatomy, 4–18 yr olds, implications for pediatric neuroimaging, 41616
developmental theories vs microgenetic framework, subjective timing of cognition & consciousness in brain, commentary, 326
differential effect of cytidine 5 dyphosphate-choline, brain choline levels, healthy young vs old adults, 15002
distribution of muscarinic receptors in developing brain, 16 vs 21 vs 90 day old vs 24 mo old rats, implications for learning & memory, 6681
dopamine transporter availability & cocaine uptake in brain, male detoxified cocaine abusers, 8285
dynamic character & age dependence of interhemispheric functional brain organization in attention, 7 & 9–10 yr olds & young adults, 41317
ECT after cerebral aneurysm repair, 60 yr old male with major depression with psychotic symptoms, case report, 19991
equilibrium point control hypothesis of trajectory command from brain, arm stiffness during multijoint movement, 26–34 yr olds, 3068
estrogen & progestin, hippocampal formation & basal forebrain, rats, implications for aging & neurodegenerative diseases, 34561
evolutionary & phylogenic basis & neuroanatomical brain changes & consciousness states & near death experiences, 29020
explanation of subjective timing by Cartesian theater vs multiple drafts model of consciousness in brain, commentary reply, 325
facial emotional expression as determinant of volume of ambient air nasal inhalation, forehead/brain temperature & affective states, adults, implications of vascular theory of emotional efference, 29477
fibrin degradation products in brain tissue & inflammatory processes, deceased patients with schizophrenia, implications for biological marker, 7974
food reflex excursions during normal vs dissociative learning, brain cholinergic system substances & mechanisms, male rats, 41306
functional systems theory, process of reinforcement & brain structure activity, 41364
genetic variation & plasticity in brain structures, evolution of brain & cognition & behavior, mammals, 443
genetics & abnormal brain development & amino acid neurotransmitters as biological basis of schizophrenia, 31051
hemispheric specialization vs activation & functional vs structural & hardwired vs dynamic modulation & cognitive vs physiological distinctions of brain lateralization, 29303
hierarchical brain mechanisms of anxiety, rats, 29478
high vs low alcohol preference, content of dopamine & DOPAC & 5-HT & 5-HIAA & HVA in nucleus accumbens & frontal cortex & anterior striatum & hippocampus, male rats, 6991
higher-order cognitive processes positron emission tomography studies, brain activation patterns & processing regions, meta analysis & literature review, 25249
ictal brain SPECT in differential diagnosis of true epileptic vs nonepileptic seizures, 36- & 43-yr-old females with histories of seizures, case reports, 19599
in vivo noradrenaline & carbachol in cortex & hippocampus, inositol triphosphate levels during acute vs chronic lithium treatment, male rats, implications for inositol depletion hypothesis, 29295
issues in how brain development is shaped by genetic & environmental factors, implications for psychoanalysis, 37989
left & right hemisphere location of 100 msec latency auditory magnetic source, males vs females with schizophrenia, 31032
local striatal nicotine with vs without nicotine vs glutamate receptor antagonists vs glutamate receptor agonists vs kainic acid, excitability of nigrostriatal dopaminergic terminal axons, male rats, 6900
long-term smoking, EEG changes, 18–39 vs 64–81 yr old nonsmokers vs smokers, 10965
morphometric abnormaliaties of caudate or lenticulate or putument or white matter volumes, females with trichotillomania, 35675
motivation & reinforcement in systemic organization of behavioral acts in individual brain neurons, 21710
motor habit learning, dynamics of high frequency components of brain electrical activity, dogs, 41390
murine models of brain aging & age-related neurogenerative diseases, literature review, 29312
myo-inositol uptake in hypothalamus & cortex & cerebellum & caudate & hippocampus & psychotropic effects of inositol, rats, 11185
nature vs nurture, brain structure & mental processes, literature review, implications for clinical practice, commentary reply, 10945
nature vs nurture, brain structure & mental processes, literature review, implications for clinical practice, commentary, 10955
neural network model of brain structures underlying human aggressive behavior, conference presentation, 37311
neuroanatomical & neural circuitry & cerebral physiological abnormalities in schizophrenia, conference presentation, 7947
neurochemical & functional imaging techniques in antipsychotic drug development for schizophrenia, 32563
nicotine &/vs diazepam, Fos-like immunostaining in brain areas, rats, 15089
object centered reference frame, attentional allocation of brain, college students, 18125
obstetric complications & brain morphology & age related changes, male 18–49 yr olds with schizophrenia, 31040
passive developmental vs active ecological evolutionary determinants of brain size & structure, vertebrates, 3048
patterned process approach to brain & conciousness & behavioral processes, 41548
PD 128907 vs raclopride vs 7-OH-DPAT selectivity, D3 dopamine receptor binding density measured by whole-hemisphere autoradiography, postmortem brains of 53–54 yr olds, 18161
perceptual & motor & central processes of perceptual & associative learning in filial imprinting, chicks, research review, 6540
pharmacological characteristics & localization & inhibition by monoamine uptake inhibitors of RTI-55 cocaine binding sites in brain, gestational day 20 vs adult rats, 7071
pharmacology & distribution of norepinephrine transporter in locus coeruleus & raphe nuclei of brain, 26–78 yr old postmortem humans, implications for etiology of psychiatric illnesses, 29342
phencyclidine dose, concentrations of neuropeptide Y & peptide YY in 14 regions, rat brains, 29604
pitch deviant tones in series of standard tones vs alone, ERPs in cerebellum vs hippocampus vs visual cortex, rabbits, implications for human mismatch negativity, 29355
pitch memory for speech vs nonspeech sounds, brain regions activated by pitch comparisons, French speaking adults, 21313
ratio & residual & Z scores & subject residual profiles analytic methods on brain imaging data, depressed adults, 22763
regional brain morphogenesis, leptocephalus larvae vs glass eels vs pre-adult vs adult Japanese eels, 3095
repetitive transcranial magnetic stimulation & ECT in psychiatry, 43221
role of brain regions & ectostriatum in picture & object discrimination, pigeons, 34591
role of peptide transport system in regulation of methionine enkephalin concentrations in blood & brain, 8 strains of mice, 34518
role of striatum & cerebellum & frontal lobes in implicit learning of visuomotor sequence, patients with Parkinson's disease vs cerebellar vs frontal lobe lesions, 39499
role of vision in spatial abilities & effect of lack of visual experience on brain functioning, Ss with early blindness, 16419

self administered cocaine, brain levels of vesicular monoamine transporter, male rats, 18352
serotonin brain receptors & choroid plexus receptor mediated phosphoinositide hydrolysis, alcohol preferring vs nonpreferring rats, 29343
striato-nigro-thalamic mechanisms, organization of motor-feeding & motor-defensive conditioned reflexes, cats & dogs, translated article, 29371
substance P levels & angiotensin converting enzyme polymorphism in postmortem brain samples, 41–75 yr olds with schizophrenia vs affective disorders, 22647
suprasellar cistern size & rate of cognitive decline, 50.5–82.5 yr olds with Alzheimers disease, 16301
symbolic rules for grammar & associative memory for words in human brain, 34232
temporal sequence & topographic distribution of brain electric fields in continuous EEG, adults (mean age 36.4 yrs) with Tourette syndrome, Germany, 27012
tolerance to sound intensity of binaural coincidence detection in nucleus laminaris, adult barn owls, 29346
verbal working memory load, regional brain activation, adults, 41333
12-hr brain lithium concentration in daily vs alternate day lithium carbonate treatment, 31–68 yr olds with manic-depressive disorder, 9092

Brain Ablation [See Brain Lesions]

Brain Concussion—Serials

acquisition of foreign accent syndrome, 59 yr old male with minor concussion, case report, 4686
concussion, performance on 4 choice RT task & other neuropsychological sequelae, football players, 31829
DSM–IV postconcussional disorder vs American Congress of Rehabilitation Medicine mild traumatic brain injury criteria, implications for loss of consciousness diagnosis, 26852
feasibility & clinical validity of standardized assessment of concussion, football players with vs without concussion, 37508
guidelines for assessment & management of concussion in athletics, 39517
guidelines for identification & management of sports concussion, 39476
latent factor structure of Postconcussion Syndrome Questionnaire, medical & psychiatric patients (mean age 41.1 yrs), 14340
postconcussion syndrome, 6–15 yr olds with mild vs moderate vs severe head injuries, 36120
postconcussional syndrome, literature review, 8624
self reported cognitive & emotional & motivational symptoms after concussion, literature review, 39504
sulpiride & SCH-23390, latent learning & memory impairments, mice with induced concussive brain injury, 21924
VA-045, latent learning & memory processes, mice with retrograde & anterograde induced concussive brain injury, 21923

Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Serials

age at onset & subcortical hyperintensities on MRI & cognitive impairment, 60+ yr olds with major depression, 22792
anomalous lateralization of cognitive functions, 39–77 yr old left & right handed patients with unilateral brain damage & aphasia, implications for genetic model, 12574
brain injury, public & autobiographical semantic & episodic memory, 38 yr old male with severe amnesia, followup study, 36158
brain lesions & injury, primary & secondary mania & disinhibition syndrome, literature review, 22803
bromocriptine, deficits in clinical motivation & reward responsivity & frontal cognitive function, 26–55 yr olds with brain injury due to trauma or subarachnoid hemorrhage, 20099
changes in affect & motivation or isolated athymhormia from damage to globus pallidus & limbic & cingulate circuit, male 40 yr old following accidental carbon monoxide intoxication, case report, 8628
chronic stress, neurotrophic factor effects on glucocorticoid induced age related hippocampal damage, conference presentation, 1626
cognitive deficits due to aging vs focal frontal lesions, conditional associative learning, 18–38 vs 63–83 yr olds, Canada, 36108
cognitive knowledge of scripts reflected in discourse analysis, aphasic vs right-hemisphere damaged patients, 8620
collinear edge- and brightness-based grouping, spatial extinction, bilateral parietally damaged 56 yr old male, 31779
contributions to neuropsychological rehabilitation with disorders of self-awareness following brain injuries, E. A. Weinstein, 16954
cross validity of MMPI with vs without original vs revised Barona formula predictions vs WAIS-R assessments of IQ decrements due to brain injury, psychiatric patients, 6078
damage to inferior temporal vs parietal cortex, perception of rotated or different shapes, patients & nonhuman primates, 8657
degree of frontal lobe atrophy, negative symptoms, 18–60 yr old alcoholic male inpatients, 31334
delusion for place & development of Capgras syndrome, 64 yr old female with viral encephalitis & visual-spatial impairment & frontal lobe dysfunction, Canada, case report, 8642
development of formal aspects of Hebrew morphology & syntax, infants with congenital brain pathologies, 4 yr follow up, Israel, 16344
dot stimulus configuration, oculomotor scanning, 23–63 yr olds with unilateral posterior parietal vs frontal lobe damage, 36166
dysgraphia in dementia of Alzheimer's type, adults, 31797
early hippocampal pathology, episodic & semantic memory, 14–22 yr olds with global anterograde amnesia resulting from brain injuries, commentary, 42798
early hippocampal pathology, episodic & semantic memory, 14–22 yr olds with global anterograde amnesia resulting from brain injuries, 42845
early lesions to primary visual cortex, behavioral & physiological & anatomical damage, developing humans & monkeys & cats, literature review, 483
EEG assessment of bilateral interhemispheric coherence & anterior activation, schizophrenic patients, 12060
EEG in diagnosis & temporal lobe arachnoid cyst & attention deficit hyperactivity disorder, males aged 4 & 7 & 9 yrs, case reports, 36117
energy transformation processes & neurochemical events in & neurochemically based interventions for brain injury, 31847
ERPs during cognitive tasks, brain injured patients affected by neuropsychological disorders, research review, 31906
executive function ability & frontostriatal dysfunction, response latency on neuropsychological tests & ventricular brain ratio, 60+ yr olds during & on recovery from depression, 11942
executive performance, adults with schizophrenia vs brain injury, 35411
extent & pattern of tissue volume deficit & cerebrospinal fluid volume enlargement, 26–44 yr olds vs 45–63 yr olds with alcoholism, 35816
extent of bilateral resection & medial temporal lobe lesion & other brain abnormalities & relation to amnesia, 67 yr old male with epilepsy, 36069
eyeblink classical conditioning, 38–67 yr old patients with Huntingtons disease vs probable Alzheimers disease vs cerebellar damage vs Down syndrome with Alzheimer-like neuropathology vs normal Ss, 31916
facial emotion recognition & differential impairment of fear, adult female & 64 yr old male with bilateral amygdala damage, 12593
factor structure & validity of rehabilitation setting off-road evaluations of fitness to drive, 17–87 yr olds with cerebral damage, 28544
false recognition of visual vs auditory vs pseudoword vs pictorial stimuli, male 66 yr old with right frontal lobe infarct, implications for encoding & retrieval processes in episodic memory, 1622

figure–ground segmentation measured by size & brightness parsing & symmetry judgments, 53 yr old female with closed head injury, 42784
finger tapping & motor vs cognitive task performance, patient with left intralaminar thalamic nuclei lesion, case report, 23439
form from motion perception, 30–82 yr olds with acquired brain damage, 42835
frequency & duration of cannabis use, cerebral damage & impairment of information processing & relationship to functional psychoses & schizophrenia, literature review, 4319
frontal lobe & learning & memory test identification of brain dysfunction, patients with frontal vs nonfrontal vs no infarctions secondary to ruptured intracranial arterial aneurysm, 36048
global visual motion perception, 30–82 yr old brain damaged patients, 42834
goals & structure & content of European computerized assessment procedure for evaluation & rehabilitation, patients with brain damage, 39495
hemifield specific visual recognition memory, 20–41 yr olds with partial unilateral temporal lobe removal, England, 42808
hemispatial neglect, overt & covert & unconscious processing of left-side information in whole or half or chimeric drawings, 43–85 yr olds with right brain damage, 31858
high intensity lesions & nonverbal cognitive deficits, 7–16 yr olds with neurofibromatosis type 1, 23368
hybrid repeating sequence, serial RT, 56 & 64 yr old patients with unilateral neglect, 42791
imitation of vs performance in response to verbal command of meaningful vs meaningless gestures, 64 & 79 yr old males with visuo-imitative apraxia, 23402
impaired recognition memory, patients with amnesia with lesions limited to hippocampal formation, 39545
independence of neurological systems for face & object recognition, brain damaged patients, research review, 8589
IQ measures, assessment of cognitive & neuropsychological & general abilities & daily functioning, personal injury claimants with brain damage due to head injury, 1560
judgments of line orientation, former servicemen with unilateral left vs right hemisphere post-Rolandic brain lesions, 31838
laterality & development of verbal & nonverbal intelligence, 3–5 yr olds with hemiplegia with vs without seizures, UK, 2 yr study, 23446
localization of lateralized auditory stimuli, 39–71 yr olds with stroke induced right hemisphere damage with vs without visual neglect, Israel, 23357
localized brain dysfunction, 12–18 yr old females with anorexia nervosa assessed before vs after weight gain, 23204
locations & functions of frontal eye-field, patients with cerebral blood flow & frontal lobe damage, research review, 12654
measurement of premorbid intellectual ability following brain injury, patients, 16361
mechanisms underlying affective-prosodic deficits, adults with left vs right brain damage, 16370
memory performance, brain damaged 40–64 yr olds vs healthy 20–39 vs 40–64 vs 65–79 yr olds, test of frontal lobe dysfunction hypothesis of age-related decline in memory, 4711
mental illness, brain damage & disease progression, 42232
mild to severe cerebral lesions at premature birth, sustained attention & monitoring, 6–8 yr olds, England, followup study, 19616
moderately retarded 7-yr-old male with subcortical band heterotopia, case report, 39539
MRI abnormalities in frontal vs temporal lobes vs posterior cerebral hemispheres, 20–55 yr olds with chronic schizophrenia or schizoaffective disorder, 26525
naming performance, 7–17 yr olds with closed head injury or posterior fossa tumor or acute lymphoblastic leukemia, 26992
nature & extent of frontal lobe dysfunction, 21–40 yr old patients with closed head injury in post acute phase, 12612
neurolinguistic analysis of phonological & lexical components of language, 55 yr old female with bilateral infarcts & phonemic jargon aphasia, case study, 12624
neurological soft signs, negative & positive psychopathology & neuropsychological performance & brain morphology, chronic vs nonchronic schizophrenic patients, Germany, 7981
neuropsychological assessment sensitive to frontal lobe dysfunction, assessment of cognitive deficits, 18–65 yr old patients with obsessive-compulsive disorder, 26578
neuropsychological functioning, patients with probable Alzheimer's disease vs probable or possible ischaemic vascular dementia associated with periventricular & deep white matter alterations, 31821
neurosurgery outcome & lesion site & size, patients with obsessive compulsive disorder, 1–18 yr followup, Australia, 15987
occurrence of body part as tool errors in pantomime test for limb apraxia, adults with left hemisphere brain damage, 39544
origin of visuomotor apraxia following thalamic hemorrhage, damage to subcortical projections, 66 yr old male, case report, 16314
palincousis following closed head injury & carbamazepine treatment, male schizophrenic patient, case report, letter, 7957
paroxetine, secondary stuttering following brain injury or hemorrhage, males, case reports, 43262
performance characteristics on attention tests sensitive to unilateral brain damage, adults with schizophrenia vs left vs right brain-damage, 42337
postinjury long term retention deficits, 40 & 50 yr old females with disproportionate retrograde amnesia secondary to left temporal lobe damage, case reports, 4676
premorbid personality, symbolic aspects of confabulation, brain injured patients, 12691
presence & number & location of hyperintensities in brain, neuropsychological status, 8–16 yr olds with neurofibromatosis Type 1, 23270
prevalence & significance of brain insult, patients with borderline personality disorder, 8072
processing of left vs right sided material in reading & word association tasks, 82 yr old female with right frontotemporo-parieto-occipital lesion & left neglect dyslexia, case report, Italy, 31901
processing of visual objects, 58 yr old male with bilateral damage to anterior portion of inferior temporal lobe, 42840
progressive cognitive decline & meningeal gliomatosis presenting as multiple cerebral infarcts, 70 yr old male, case report, 23442
psychoanalytic observations & neurological correlations, 30 yr old female with medial frontal brain lesion, 1588
recognition memory & high false remember response rate, 67 yr old man with right frontal lobe lesion, 39492
referent status vs familiarity vs addressee familiarity, use of terms of reference, 46–74 yr olds with right hemisphere damage, 23373
referential cohesion & logical coherence in narrative production, 41–77 yr olds with right hemisphere dysfunction due to stroke, 19578
restraint stress, brain damage after hypoxic-ischemic insult, 7 day old rats, 29374
right brain lesions & neuropsychiatric syndrome manifestation, case review, 23381
role of hippocampus in recognition memory for words & faces, patients with unilateral temporal lobe pathology, 31739
RT & neuropsychological test performance as measures of impairment, patients with brain damage, 8660
selectively impaired recognition of living vs nonliving things, patients with head injuries or brain damage & visual agnosia or prosopagnosia, replication & extension, 36105
semantic access, 60–80 yr olds with severe neglect dyslexia for words &/or non-words, Italy, 23427
sensorimotor learning capacities, cerebellar mutant mice, 6584

serial RT & mirror reversed vs unreversed tracking tasks, 43 yr old female with circumscribed lesion to supplementary motor area of left mesiofrontal cortex, case report, 23358
severe amnesic syndrome, 72 yr old male with isolated right thalamic softening, case report, 11 yr study, 23470
severe global amnesia presenting as Wernicke's encephalopathy/Korsakoff's syndrome & right temporal lobe infarction with hippocampal atrophy, 53 yr old female alcoholic patient, case report, 23484
severity of hippocampal atrophy & prolongation of MRI T2 relaxation time, temporal lobe epilepsy vs Alzheimer's disease patients, 23452
short- & long-duration timing capacity & auditory loudness discrimination, 40 yr old female with damage to the hypothalamus vs normal elderly vs patients with cerebellar damage, 39490
simple & choice visual RT measures & neuropsychological test performance, assessment of cognitive function & treatment needs, traumatic brain injured patients with vs without cognitive impairment, 6069
spatial dysgraphia & cerebellar atrophy, 67-yr-old male, case report, 39555
spatial reference & alternation task learning & memory deficits & A-beta elevation & amyloid plaques, transgenic mice, animal model of Alzheimers disease abnormalities, 29302
stimulus salience & attentional demands, visual search patterns, Ss with brain damage with or without hemispatial neglect, 42780
success vs failure auditory feedback during easy vs difficult target detection task, emotional arousal & GSR & RT, 17–50 yr old right vs left temporal lobectomy patients, 8579
task & mode of elicitation & type of movement elicited, motor performance, 18–85 yr olds with left hemisphere aphasia & idiomotor limb apraxia, test of severity vs disconnection hypotheses, 16304
thiamine deficiency & recovery, destruction of cortical & subcortical white matter damage without Wernicke's encephalopathy, male rats, 34676
use of short form of WAIS–R, brain-injured 16–69 yr olds, 23465
validity of Test of Memory Malingering, faked vs actual memory impairments, 16–84 yr old neurologically impaired patients, 40904
visual & inferential complexity, pictured scene descriptions, 41–88 yr olds with vs without unilateral right hemisphere damage, 1605
visual & tactile neglect & directional hyperattention during search task, 20–74 yr olds with left vs right brain damage with vs without left visual neglect, 31790
washing and dressing behavioral training techniques & efforts to redevelop activities of daily living skills, treatment outcome, 20–34 yr olds with brain injuries, 27799
white matter lesions in depression & Alzheimer's disease, literature review, 7807
46 yr old male with thalamic amnesia following venous infarction, case study, 31857

Brain Damaged [See Also Minimally Brain Damaged] —Serials

abnormal auditory & visual EP P300 latencies, mild cognitive disturbances, 32–63 yr old closed head injury patients without neurological or psychiatric findings, 16372
abnormal local cerebral glucose metabolic rates, traumatically brain injured 12–59 yr olds with long term behavioral & cognitive deficits, 1–5 yr followup, 1575
acquired symptomatic cluttering, 61 yr old female with cortical & subcortical & cerebellar & medulla damage, implications for neurophysiological basis of cluttering, 16383
activation of left temporal lobe neural sites, category related lexical retrieval, adults with brain lesions, 4657
acute onset of spatial & temporal disorientation & memory loss & associated episodic dyscontrol manifesting as rage & aggression, male 67 yr old with bilateral caudate nucleus infarction, case report, 4697
age & education, performance on General Neuropsychological Scale & Halstead Impairment Index & Average Impairment Rating, brain damaged vs pseudoneurologic adults (mean age 33 yrs), commentary, 36159
age & education, performance on General Neuropsychological Scale, brain-damaged adults, commentary, 36144
age & education, WAIS IQ values, patients with vs without brain damage, 1619
anosognosia for cognitive & motor impairments, 49–81 yr olds with right brain damage & motor & neglect disorders, 16307
aptitudes for semantic identification & asemantic recognition & sound discrimination, nonverbal auditory recognition, 20–75 yr olds with brain damage, 12598
arithmetical reasoning ability, patients with right vs left hemisphere cerebral lesions, 31811
attempted suicide by carbon monoxide poisoning & resulting bilateral globus pallidus infarction causing obsessive-compulsive disorder, 34 yr old Hispanic male with depression in remission, case report, 42201
attentional processes in target discrimination, 26–55 yr olds with frontal vs temporal lesions, 12670
attentional set shifting & memory & conceptual thinking & motor function & verbal fluency, patients with striatonigral degeneration type multiple system atrophy vs Parkinson's disease, 19627
auditory brainstem & middle-latency response morphology, profoundly-involved multi-handicapped vs normal 8–16 yr olds vs normal 1–4 mo olds, 19464
bilateral amygdala lesions, impaired auditory recognition of fear & anger, female in her 50s, case report, 31877
bilateral apraxia, 63 yr old right-handed female with damage to right mesio-frontal area, case report, 39527
cerebellar arachnoid cyst & cognitive impairment, female 52 yr old accused of arson, case report, 12290
cerebral blood flow activation & functional lesions, patients with schizophrenia, literature review, 7997
characteristics & developmental trends of rhythmical leg movements, low-risk vs brain-damaged 31–39 wk old preterm infants, longitudinal study, Italy, 8585
clinical profile of pseudodepression with mental inertia vs pseudopsychopathy with impulsivity personality syndrome, 7-yr-old female with focal left-frontal lesion, clinical case report, 23384
cognitive rehabilitation, stability of unilateral suppression of REM, patients with right brain damage & left unilateral neglect, 9547
cold water calorics, EEG changes & eye gaze deviation, 83 yr old female with massive hemisphere CVA exhibiting severe hemispatial neglect, case report, test of arousal hypothesis of neglect, 39562
computational model of visual perception & selective attention as tool in characterization of specific nature of brain damaged patient's deficit, 33849
contribution of subcortical structures & prefrontal cortex in behavioral adaptation, patients with Parkinson's disease or progressive supranuclear palsy or prefrontal lesions, 1613
correlations between vs within neuropsychological & intelligence tests, support for neuropsychological spectrum concept in prediction of outcome, 18–77 yr old brain injured males, 2653
crossmodal decoding of emotional intonations in semantically meaningless sentences adults with left vs right brain damage, 36127
development of structured interview for treatment evaluation, client satisfaction with neuropsychological rehabilitation program, mildly to moderately brain injured clients, 33023
dextroamphetamine treatment, progression in active rehabilitation, brain injured patients, 32701
difficulty between forms of Rey Auditory Verbal Learning Test vs Aggie Figures Learning Test, healthy 17–35 yr olds & patients with temporal lobe damage who received unilateral resection, 2654
dimensional & categorical decoding of emotional concepts of facial expressions, Ss with right vs left cerebral lesions, 42827
direct cortical interference, consonant vs vowel discrimination, 17–47 yr old patients with intractable partial complex seizures, 26947
discriminability of Wisconsin Card Sorting Test, adults with vs without brain damage, 2577

disorder associated with brain lesions vs idiopathic disorder, behavioral & cognitive & neuroimaging characteristics, patients with obsessive compulsive disorder, 19227
dissociable behavioral & neuroanatomical subtypes of visuospatial neglect, 21–80 yr olds with unilateral right hemisphere infarcts, 16356
divided vs focused attention & perceptual motor ability, behavioral changes, patients with damage to prefrontal & posterior cortices, 26979
divided vs focused attention deficits, patients with prefrontal damage, 12615
dual task performance, behavioral dysexecutive syndrome, adults with frontal lobe brain damage, 23364
dysfunctional ventromedial frontal lobe, family & friends' reports of verbal vs physical aggression & violence & effect on work & family, Vietnam veterans who had penetrating head injuries, 12616
ecological validity of Standardized Battery of Numerical Tests vs questionnaire on numerical activities, assessment of calculation & number processing in everyday life, patients with brain damage, 14298
emotional disturbances & neuropsychological deficits, brain damaged Ss, literature review, 39546
employment & educational status, neuropsychological test results before & after rehabilitation, patients with nonaphasic brain injury (mean age 32.4 yrs), Denmark, 24293
encoding of preestablished sequences & boundaries & distractors, selection & organization of relevant actions within different scripts, adults with prefrontal vs posterior cortical lesions, 16376
evidence of damage to graphemic buffer in shorthand vs alphabetic handwriting, 45-yr-old female with brain damage following stroke, Italy, case report, 39531
external memory aids & learning strategies & rehabilitation methods for management of memory impairments, brain injured patients, 40156
eyeblink conditioning, 20–73 yr olds with unilateral or bilateral cerebellar lesions, 8667
factor structure of Wisconsin Card Sorting Test, assessment of problem solving & other aspects of executive function, patients with focal or diffuse neurological impairment vs nonpatient adults, 2648
family intervention, long term rehabilitation & community reintegration, 29 yr old male & 32 yr old female with brain injuries, case reports, 5389
fixation offset & bilateral or simultaneous target presentation & global effects, saccadic eye movements, 59–64 yr olds with unilateral neglect due to right parietal lobe damage, 12689
focal subcortical lesions, clinical & motor & biological correlates of various depressive disorders, adults, 30875
frontal lobe damage, everyday social problem solving, 20–83 yr olds with frontal lobe lesions vs dementia, 16319
frontal lobe vs posterior lesions & concurrent phenylalanine level, cognitive functioning, 17–39 yr olds with phenylketonuria, 8491
game like computerized adaptive training programs, intensity & selectivity aspects of attention, 24–64 yr olds with left or right focal brain damage of vascular etiology, 36152
globus pallidus lesions, adults with secondary major depression, 16342
goal–subgoal conflict, planning ability in 3D Computerized Tower of Hanoi problems, patients with unilateral prefrontal cortical neurosurgical lesions vs temporal lobectomies, 42823
grammatical & phonological aspects of lexical knowledge, 28 yr old male with anomia, case report, 27001
grammatical categories & vocabulary in spoken & written sentence production, brain damaged male, implications for orthography & phonology processes, 19642
hemi-inattention & left & right side omissions on Rey Figure copy test, patients with right vs left cerebrovascular accidents (mean age 60.6 yrs), 21111
independence of knowledge of object identity & orientation, 44-yr-old female with a visuo-spatial disorder & 9-yr-old male with visual object agnosia, case report, 31899
integration of cognitive rehabilitation & psychotherapy, 24–33 yr olds with neuropsychological impairments, 5393
intonation & affective prosody perception & comprehension with vs without semantic cues, 43–82 yr olds with right vs left cerebral infarctions, Canada, 23448
ipsilateral vs contralateral stimulus presentation, free-field sound localization, 27.7–78.9 yr olds with left vs right hemispheric lesions, 1579
item recognition & estimation of word occurrence frequency, 20–56 yr old patients with frontal lobe lesions, 31803
k-test strategy type & switching flexibility, prisoners with vs without schizophrenia vs arrested individuals vs brain lesion vs schizophrenia patients vs dyslexics vs students, Norway vs Sweden, 40215
keyword tone & intonation & sentence position, fundamental frequency contours, young vs older right or left brain damaged nonaphasic vs fluent aphasic vs nonfluent aphasic Thai speakers, 34161
lateralized visual stimuli, motor reaction times, 46–77 yr old right brain-damaged patients recovered from vs with left hemineglect, 39478
learning disabilities involving mathematics & spelling & reading following right hemisphere injury in infancy, 17 yr old male, case report, 4684
lexical & semantic deficits, patients with dominant thalamic infarction, case report, 23459
lexical spoken sentence & nonlinguistic auditory comprehension tasks, N400 & P300 effects, aphasic vs nonaphasic right brain damage vs no brain damage 36–73 yr olds, Netherlands, 27013
line bisection in spatial location & directional cuing conditions, right vs left hemisphere lesioned patients, 31839
line length representation, normal vs left unilateral neglect dextral French vs Israeli left to right vs right to left readers, 26956
localization of lexical level of categorically organized word knowledge in left temporal lobe, adults with focal brain lesions, commentary, 4652
location of brain region for coordinating speech movements, 32–80 yr old stroke patients with vs without apraxia of speech, 16320
long-term forgetting measured by memory tests performance decay, 14–43 yr olds with severe closed-head injury, 26953
luminance & eccentricity & hemifield & hemispace of stimulus presentation, RT to & extinction of unilaterally & bilaterally presented light flashes, 48 yr old male with right hemisphere lesion, 16377
maintenance of task-specific stimulus–response channels, 25–76 yr olds with lesions of inferior lateral prefrontal cortex, 12662
medial temporal lobe, processing of novel auditory & tactile stimuli, patients with damage to posterior hippocampal region, 23425
memory encoding & information retrieval, 42–52 yr olds with callosotomy vs 43–78 yr olds with hippocampal lesions from stroke vs nonbrain damaged 40–70 & 18–25 yr olds, 26991
memory for temporal order reconstruction of semantically related vs unrelated word lists under intentional vs incidental learning conditions, 67–76 yr olds with frontal lobe lesions, 23434
memory RTs for positive vs negative responses, brain damaged 19–54 yr olds with cognitive slowing, replication, 4670
mental representation of hand movements, patients with unilateral left or right parietal lobe lesions, 19649
minimized activation of preexisting schemata, rule detection performance, adults with frontal lobe lesions, UK, 16310
morphemic units as output of orthographic lexicon, 45 yr old male with brain injury, 12578
music alexia & mild pure alexia & incomplete right hemianopsia & disturbed visual object naming, 26 yr old female following brain surgery, case report, 26989
name recall and face-name association abilities, 61 yr old female patient with selective left hemispheric medial & lateral temporal lobe damage, 31866
neurocognitive function as seen in IQ & memory & reading levels, MMPI-2 validity, neuropsychology clinic patients, 2656

neurological investigation of visual loss, site & timing of lesions & resultant clinical characteristics & common & unusual diagnoses, 31827
neuropsychological & anatomical correlates of false recognition of unfamiliar faces & relationship to prosopagnosia, 40–85 yr olds with right hemisphere damage, 16366
neuropsychological & postmortem hippocampus formation bilateral damage, patients with retrograde amnesia, 16368
neuropsychological functioning, schizophrenic patients with midline structural defects, 39034
neuropsychological testing & postmortem neuropathology, 52 yr old male who developed profound dementia in association with focal dorsal midbrain lesion, case report, 31837
ORG 2766 & other ACTH/MSH peptides, spontaneous behavioral recovery after CNS injury without recuperation of damaged neurons & role of aging, mammals, animal model, literature review, 7103
palilalia & unilateral spatial neglect from lesion following subcortical hemorrhage in frontal lobe, 55 yr old male, case report, 16347
pathophysiology & natural history & clinical management of mild traumatic brain injury, commentary with reply, letter, 12656
pathophysiology & natural history & clinical management of mild traumatic brain injury, commentary with reply, letter, 12695
perception of shape based on shading vs edge contour cues, 39 yr old female with carbon monoxide poisoning induced brain damage, 8609
perceptual & semantic relationships of right & left halves of chimeric stimuli, overt & covert visual processing & neglect, 56–82 yr old right brain damaged patients, Italy, 31859
performance in Sustained Attention to Response Task paradigm & self- vs relative-reported everyday attentional slips, 18–65 yr olds with traumatic brain injury, England, 36133
performance on word generation & discrimination learning & attention tasks, 49–74 yr old patients with cerebellar damage, 39511
peripheral visual cues & limb control, reaching, 48 yr old male with severe tunnel vision, case report, 19643
pragmatic understanding & ability to draw inferences in false belief theory of mind tasks, right vs left hemisphere brain damaged 41–83 yr olds, 8646
proprioceptive feedback, unilateral left neglect, brain damaged 47–81 yr olds, 23463
prospective memory performance, 23–62 yr old patients with acquired non-progressive brain damage, 8575
psychiatric symptoms & magnetic resonance deep white matter lesions, 58–88-yr-old probable Alzheimer's disease patients with mild to moderate dementia, 31825
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, 23422
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, commentary, 23367
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, commentary, 23435
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, commentary, 23396
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, commentary reply, 23423
psycholinguistic assessment of language processing in aphasia, patients with acquired brain damage, commentary, 23485
reading speed vs word recall as measures of implicit vs explicit memory & evidence of preserved priming, 19–55 yr olds with post-head-injury memory impairment, 36156
recognition of emotions in facial expression & prosody & propositional speech, 23–78 yr olds with left vs right vs no brain hemisphere lesions, 27008
recognition of sarcasm & Gricean & Echoic models of irony, frontal lobe damaged 18–55 yr olds, 8625
recovery from bilateral perisylvian strokes & auditory agnosia, activation of distributed network of cortices & cerebellum & caudate nucleus, 52 yr old male, case report, 16322
reduction of gravitational inputs conveyed by otolith system, directional errors in line bisection task, brain damaged patients with unilateral neglect, 16364
regional cerebral blood flow during Wisconsin Card Sorting Test & sensorimotor task performance, 22 yr old male monozygotic twin with frontal lobe damage, 1589
reinitiation of outpatient occupational therapy, 21 yr old female with traumatic brain injury, case report, 13474
remote memory for famous events, 35–86 yr olds with unilateral temporal lobe tumors vs traumatic brain injuries, 36107
right eye patching, rehabilitation effectiveness for left-sided visual neglect, brain-injured 61–82 yr olds with right hemisphere lesions & unilateral visual neglect symptoms, 31908
right vs left visual field stimulus, eye movements & overt & covert visual attention orienting, visual neglect 61–80 yr olds with parietal & frontoparietal brain lesions, 26996
role of cerebellum in acquisition & use of kinesthetic cues in learning, 44–58 yr olds with cerebellar lesions, 39554
role of striatum & cerebellum & frontal lobes in implicit learning of visuomotor sequence, patients with Parkinson's disease vs cerebellar vs frontal lobe lesions, 39499
rotated drawing as example of agnosia for object orientation, brain damaged 67 & 58 yr old males, case reports, implications for object recognition theories, 23479
self-generation vs reading of word lists, recall of word occurrence frequency, 13–57 yr olds with left vs right frontal vs temporal lobe damage, 12679
semantic & episodic memory, 62 yr old female with bilateral lesions & deficits in memory for topographical objects, case report, England, 16317
semantic processing, implicit & explicit conceptual memory test performance, 61–77 yr olds with frontal lobe lesions, 26977
sensitivity of Modified Card Sorting Test & equivalence with Wisconsin Card Sorting Test, patients with vs without frontal lobe dysfunction, literature review, 107
sensorimotor hand function, patients with parietal lesions, implications for parallel & serial processing of haptic information, 1590
sensorimotor skill learning, 19–82 yr olds with amnesia due to mesial temporal &/or basal forebrain damage, 1628
sentential syntax processing, right cerebral hemisphere vs left hemisphere brain damaged vs elderly patients, Italy, 26966
shape integration impairment during biological object recognition, elderly male with bilateral inferior temporal lobe lesions & category-specific visual agnosia, 23363
short form WAIS-R validity, brain-damaged adults, 27019
single word reading & copying dissociation, 72-yr-old patient with right-brain damage & left visuo-spatial neglect, case report, 26961
size & area of lesions, positive spontaneous visual phenomena in blind hemifield, 24–87 yr old patients with ischemic infarction of retrochiasmal visual pathways, 19660
space constancy following passive locomotion along route with left or right turns, blindfolded 42–83 yr olds with right hemisphere brain damage & left neglect, 39484
spatial neglect, goal directed arm movements, adults with unilateral right hemisphere lesions, 31807
spatial representation & pointing task deficits, 63 yr old female with focal atrophy of posterior & superior & parietal lobes, 4709
spatial strategy for & accuracy of construction of simple & complex block models, 3.8–6.2 yr olds with left vs right hemisphere damage, 36150
spatial working memory & strategy formation, 19–69 yr olds with frontal lobe excisions, 16358
symptoms diagnosed as Susac's syndrome, male 29 yr old with diffuse cerebral dysfunction with involvement of reciprocal diencephalic-cortical projections, case report, 12581
transcutaneous electrical stimulation, tactile perception contralateral to hemispheric lesion, right & left brain damaged 42–81 yr olds with & without visuospatial hemineglect, 16765

trunk rotation, latencies of visual EPs, 45–74 yr olds with right brain damage with vs left brain damage without visuospatial neglect, 31891
unilateral visual spatial imagery neglect, 67 yr old male ischemic stroke patient, case report, application of visual spatial working memory model, 26936
unilateral vs bilateral cerebral disease/lesions, right sided visual hemispatial inattention, brain injured patients, 31912
unilateral vs bilateral stimulus presentation of global vs local letters, hierarchical perception, patients with complete commissurotomy, 19665
use of contextual information in processing single sentences vs integrated clauses vs minimal discourse with ambiguous pronouns, left vs right brain damaged 36–82 yr olds, Canada & US, 31818
use of contextual information to resolve ambiguous pronouns related to pragmatic &/vs preferred referents, right vs left brain damaged 36–82 yr olds, Canada & US, 31817
vascular risk factors & deep white matter & periventricular lesions, elderly with Alzheimer's disease vs depression, 4010
verb & noun retrieval & sentence processing, 53 yr old male with severe anomia & left cerebral brain hemisphere damage, case report, 26946
verbal regulation of movement, movement initiation, male 53 yr old with supplementary motor area syndrome secondary to dominant supplementary motor area lesion, 2051
visual EP amplitude & latency, right vs left brain damaged elderly with vs without visuospatial neglect, 12576
visual EPs to central & lateral half field patterns & ERPs to visual & acoustic stimuli, female 67 yr old with dorsal simultanagnosia from bilateral lesions of parieto-occipital junction, case report, 4691
visual extinction, perception of temporal order in prior entry tasks, 56-yr-old male & 66-yr-old female with right parietal damage, 31868
visual stimuli naming deficit, example of similarity between associative agnosia & optic aphasia, 67 yr old brain surgery patient, 26964
voluntary & involuntary visual target stimuli detection, brain electrical activity, 49–71 yr olds with prefrontal vs temporal-parietal vs lateral parietal cortex focal brain lesions, 26993
X linked malformations of neuronal migration, lissencephaly & subcortical band heterotopia & bilateral periventricular nodular heterotopia with retardation & epilepsy, 19601

Brain Disorders [See Also Acute Alcoholic Intoxication, Aphasia, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chronic Alcoholic Intoxication, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Microcephaly, Organic Brain Syndromes, Parkinsons Disease]—Serials

alien hand syndrome with disconnection of motor control, male 45 yr old with orthochromatic leukodystrophy involving subcortical white matter & corpus callosum, case report, 8614
Dandy-Walker syndrome & suspected pseudoseizures, 19 yr old female, case report, implications for diagnosis of conversion disorder, 26870
decline in cerebral metabolic rates for glucose utilization, memory, alcoholic Korsakoff's patients (mean age 54 yrs) vs nonamnesics with histories of excessive alcohol consumption (mean age 56 yrs), 31329
estrogen replacement & estrogen related prevention of silent ischemic brain damage, cognitive performance, 45–75 yr old postmenopausal females, Austria, 27449
HIV entry into CNS & related brain disorders, 31650
incidence of cavum septi pellucidi, normal vs schizophrenic adults, 35618
mirror reading task skill acquisition & neurological mechanisms involved in procedural memory process, patients with Parkinson's disease vs spinocerebellar degeneration, 31917
murine models of brain aging & age-related neurogenerative diseases, literature review, 29312
naming performance, 7–17 yr olds with closed head injury or posterior fossa tumor or acute lymphoblastic leukemia, 26992
perceptual organization & visual confrontation naming, Hooper Visual Organization Test performance, adults with brain damage or dysfunction, 4693
presentation with headache & psychiatric symptoms, male 50 yr old with cerebral mucormycosis, case report, letter, 1567
regional cerebral blood flow as indicator of functional brain abnormality, 51 yr old female with Munchausen syndrome, 7855
role of moral standing & autonomy in euthanasia decisions, patients in persistent vegetative states, 31889
schizophrenic delusions & leptomeningeal enhancement, male 29 yr old with neurosarcoidosis, case report, letter, 1586
spatial memory deficits, 16.4–60.4 yr old patients with unilateral damage to right vs left hippocampus, implications for cognitive mapping vs working memory theory of hippocampal function, 19583
time interval discrimination, adults with cerebellar degeneration, 1608
use of nonsteroidal anti-inflammatory drugs & estrogen replacement therapy, risk for Alzheimer's disease through effects on brain inflammation & neurotransmitter deficits, adults, 19653

Brain Injury (Traumatic) [See Traumatic Brain Injury]

Brain Lesions [See Also Hypothalamus Lesions]—Serials

age & conditioned reflex to complex signal before vs after lesion of sensorimotor region of cortex, 1.5–10 mo old kittens, 29383
amphetamine- & apomorphine- & stress-induced locomotor activity & dopamine D1 & D2 & D3 receptor binding density in striatal & limbic subregions, neonatal rats with bilateral hippocampal lesions, 21637
amygdalar lesions, discriminative avoidance learning & cingulothalamic training-induced neuronal plasticity, male rabbits, 41349
aniracetam vs oxiracetam, object recognition impaired by age & scopolamine & nucleus basalis lesions, 3 vs 16–18 vs 20–25 mo old male rats, 6822
anterograde electrolytic lesions of fimbria/fornix vs entorhinal cortex vs dorsal hippocampus, contextual fear conditioning, male rats, 37984
anteromedial or anteroventral thalmic lesions, working & reference memory in 12 arm radial maze performance, male rats, 14825
bilateral aspiration lesions of amygdala & subjacent cortex vs hippocampus & subjacent cortex, learning of series of visuomotor conditional associations, male Rhesus monkeys, animal model of learning, 14862
bilateral hippocampus & area parahippocampalis lesions, acquisition of visuospatial task & concurrent discrimination, pigeons, 37817
bilateral lesions in perirhinal cortex or fornix or both, retrograde vs anterograde amnesia in visual discrimination learning, male rats, 21720
bilateral lesions of substantia innominata vs globus pallidus vs central nucleus of amygdala, passive avoidance of drinking & spatial navigation & escape in milk maze & body weight, male rats, 21676
bilateral lesions to nucleus accumbens shell subterritory, response- vs memory-dependent choice strategies in T-maze & radial-maze acquisition, male rats, 21642
blindsight through partially damaged striate cortex, phenomenal vision & detection of stimuli in right or left hemifield, monkeys, 37961
cerebellar lesions, eye blink conditioning, rabbits, 37830
classic & atypical bipolar disorder & dystonia & checking compulsion, 47-yr-old female & 30-yr-old female & 29-yr-old male patients with focal cerebellar circuit lesions, case reports, 31814
clinical diagnosis of & pharmacotherapy in dementia with Lewy bodies, 42781
cooling of area postrema, conditioned taste aversion induced by lithium chloride vs apomorphine, male rats, 21719
development of anterograde amnesia following damage to mammillary bodies in basal hypothalamus, 57 yr old Japanese male with cystic craniopharyngioma, case report, 31895

differential recovery of forelimb & hind limb stepping, primates with unilateral cerebral lesions, implications for stroke, 21717
dopaminergic drugs, self stimulation & dopamine metabolism, rats with lesions to ventral field of tegmentum & medial prefrontal cortex reared in isolation vs in communities, 34691
dorsomedial prefrontal cortex lesions, timing ability & nondeclarative vs declarative memory & discrimination learning in olfactory association task, male rats, 21624
electrolytic lesions to medial prefrontal cortex, Wisconsin Card Sorting Test performance & latent inhibition, rats, implications for animal models of schizophrenia, 29309
engagement & disengagement of motor attention, 46–67 yr olds with left parietal cortex lesions vs 42–68 yr olds with right parietal cortex lesions, England, 42831
galanin & M40, delayed non-matching-to-position performance, male rats lesioned with cholinergic immunotoxin 192IgG-saporin, animal model of Alzheimer's disease, 34489
gourmand-eating disorder & right anterior cerebral hemisphere lesions, patients aged 15–77 yrs, case reports, 36130
hippocampal & area parahippocampalis lesions, visual memory, pigeons, 37818
hippocampal lesions vs entorhinal lesions, exploratory behavior & contextual & spatial learning, male rats, 34538
hippocampal vs sham lesions, acquisition vs retention of negative patterning task, male rats, implications for theories of learning & memory, 29369
housing conditions, functional recovery, rats with lesions of hippocampus or subiculum or entorhinal cortex, 34536
hyperlocomotion & social behavior deficits before & after puberty & effects of chronic clozapine treatment, rats with neonatal ventral hippocampus lesions, model of symptoms of schizophrenia, 41358
laser-induced lesions, location & size of & acute changes in somatosensory EPs & recovery of somatosensory function, male rats, 25494
lateral parabrachial nucleus lesions, morphine & morphine withdrawal aversive & discriminative properties in taste aversion & place conditioning, male rats, 15065
learning & memory characteristics of & effects of cholinergic drugs on impairment, olfactory bulb-lesioned rats, 21600
learning behavior & immune response, thymectomized male mice, screening model for cognitive enhancer, 21696
learning of spatial response vs place task in Morris water maze, male rats with vs without medial prefrontal cortex damage, 29266
learning trial order, conditional learning task performance, septo-hippocampal lesioned marmoset monkeys, 25489
lesion analyses & electrophysiological data on role of nucleus basalis magnocellularis cholinergic neurons in higher cognitive function, rodents & monkeys, literature review, 38005
lesion in septum vs preoptic area vs dorsal raphe nucleus, progesterone-induced lordosis & soliciting behavior, ovariectomized female rats, 11003
lesion site & degree of improvement after rehabilitation, 46–59 yr old aphasic patients, Italy, 39480
lesions & occipital stroke & visual misperceptions, patients with focal lesions, 41036
lesions to medial preoptic area vs bed nucleus of stria terminalis, copulatory behavior & noncontact erection, rats, 41340
mamillary body lesions, object-in-place memory, monkeys, 41346
maternal aggression & behavior, medial preoptic area lesioned male rats, 25490
nefiracetam, cognitive task performance, normal & naturally aging rats & mice with vs without amnesia induced by drugs vs lesions vs hypoxia vs ischemia, 21856
neonatal hippocampal lesions, spatial learning & working memory & nicotinic & muscarinic acetylcholine systems involvement, rats, animal model of schizophrenia, 10933
NMDA-induced basolateral amygdaloid lesion vs fibria transection, social investigation & recognition of familiar vs unfamiliar juvenile conspecific, adult male rats, 6647
NMDA lesions of amygdala & insular cortex, retention of footshock motivated escape task, rats, 34522
No 302 arginine vasopressin metabolite analog, learning & memory, rats with cycloheximide-induced learning impairments, 21857
object & spatial memory, monkeys with orbital frontal vs anterior cingulate brain lesions, 37986
overtraining, limbic thalamic lesions induced impairment of acquistion & retention of discriminative avoidance behavior, male rabbits, 21654
pain reactivity to tail-flick & hot-plate test, male rats with lesions of medial vs cortical amygdalar nuclei, 34592
partial striatal dopamine depletions, activity level & behavioral deficits on FR bar-pressing task, rats, longitudinal study, animal model of Parkinson's disease, 34555
perirhinal cortex ablation, visual object-discrimination & recognition, male cynomolgus monkeys, 34524
perirhinal vs fornix lesions, spatial & nonspatial memory & recognition tests, male rats, implications for dissociation of actions of perirhinal cortex & hippocampus, 21635
prefrontal cortex inferior convexity lesion size, visual pattern association & color matching task performance, monkeys, 34573
prelimbic cortex excitotoxic lesions, scores in spontaneous & reinforced spatial delayed-alternation tasks, male rats, implications for working memory & response selection & attentional hypotheses, 14726
retention intervals manipulated within vs between training sessions, temporal decay of delayed matching & nonmatching to sample, rats with lesions affecting thalamus or cortex or hippocampal system, 14898
right diencephalic lesions & clinical features, thalamic pain syndrome of Dejerine-Roussy, 18–85 yr old males vs females with left- vs right-side brain lesions, 36123
role of locus coeruleus in neuronal gene expression, sleep vs waking states, brain lesioned vs unlesioned rats, 25459
sex & MK-801 neuroprotectant exposure, auditory processing abilities, rats with microgyric lesions of cerebral cortex, 29277
sex, spatial maze performance, rats given medial frontal lesions, 14848
sodium arsanilate induced vestibular system lesion, firing properties of anterior thalamic nucleus head direction cells, rats, 41397
thalamic lateral internal medullary lamina & posterior nuclei lesions, learning & spatial memory & habituation, male rats, 21698
thalamus reticular nucleus vs basal forebrain lesions, conditioned eyeblink & heart rate responses & multiple-unit activity in mediodorsal nucleus of thalamus, rabbits, 29248
unilateral neonatal ischemic-hypoxic brain injury, contralateral hemisphere hypertrophy & sensorimotor performance, rats, 10960
unilateral vs bilateral fimbria fornix transection & enriched environment, Morris maze performance, rats, 34588
6-hydroxydopamine-induced lesions of dorsal noradrenergic bundle, sustained attention, lesioned &/vs sham-lesioned male rats, 34562

Brain Mapping [See Stereotaxic Atlas]
Brain Maps [See Stereotaxic Atlas]
Brain Metabolism [See Neurochemistry]
Brain Neoplasms—Serials

hydrocephalus & associated schizophrenic psychosis, 21–49 yr olds with subthalamic mesencephalic tumors, implications for reactivity of dopaminergic pathways, 31025
intrusive thoughts at seizure onset & desire to vocalize & orobuccal movements & speech arrest, 29–56 yr olds with neoplastic or vascular left frontal lesions, case reports, 12643
psychiatric symptoms, 22 yr old male with ependymal cyst, case report, letter, 20089
psychosocial adjustment, 6–18 yr olds 2–5 yrs postdiagnosis of brain tumor & their mothers, 1614

Brain Self Stimulation—Serials

anterior lateral hypothalamus lesions, rewarding value of attenuated stimulation at medial forebrain sites, male rats, 6652

dopamine receptor subtypes & nucleus accumbens & ventral tegmentum, self-stimulation of lateral hypothalamus & ventral mesencephalon, male rats, 34578
habit forming amphetamines & opiates & cocaine & nicotine & PCP & cannabis, potentiation of rewarding electrical brain stimulation at medial forebrain bundle, 29636
localization & organization & density of lateral hypothalamic neurons projecting to central amygdaloid nucleus, male rats, implications for brain self stimulation behavior, 29377
naltrindole, MDMA effects on pressing for intracranial stimulation, male rats, 7042
pimozide induced dopamine depletion & continuous vs FI schedules of reinforcement, self-administered brain stimulation, male rats with intracranial electrode implants, 29246
posttraining lateral hypothalamic intracranial self- stimulation, facilitation & retention of active avoidance learning, 16–17 mo old rats, 34514
reinforcing effects of GABA A receptor blockade, self infusion of picrotoxin into ventral tegmental & adjacent areas, rats, 29305
self-administration of low dose of morphine into ventral tegmental area vs amygdala, mice, 21832
social defeat stress, behavioral & accumbens dopaminergic responses & cocaine self administration, defeated vs nondefeated rats, 29491
testing duration & order of frequency presentation in curve-shift paradigm, brain self-stimulation reward effects of apomorphine, male rats, 6915
7-OH-DPAT vs apomorphine or quinpirole, spontaneous locomotion & operant food responding & electrical self-stimulation of ventral tegmental area & induction of stereotypies, male rats, 6868

Brain Size—Serials

age, MRI abnormalities & hyperintensities & brain volume loss, hospitalized 14–65 yr olds with bipolar disorder, 1261
brain dysmorphology & volume of cortical & ventricular CSF & cortical gray vs white matter, age of onset of schizophrenia, 19–53 yr olds, 4166
brain morphometric measures of MRI, prediction of developmental dyslexia or combined type of ADHD or normal control group membership, 6.1–16 yr olds, 16374
brain size & age & sex & social class & race, cognitive ability, research review, 6338
brain size & development & schizophrenia, monozygotic vs dizygotic twin fetuses at 13–27 wks, 7959
brain width & anteroposterior diameter, neuropsychological test performance, elderly male World War II POWs, 41334
caudate nucleus size & cerebral atrophy, hospitalized patients with schizophrenia (mean age 60.3 yrs) with vs without tardive dyskinesia (mean age 60.6 yrs), 31741
cerebellar volume, general intelligence & motor dexterity & verbal & visual memory, 18–40 yr olds, 14869
cerebral & cerebellar gray & white matter volumes, patients with unipolar depression responding or not responding to fluoxetine, 39007
changes in volume of basal ganglia & caudate & putamen & globus pallidus, patients with Huntington's disease (mean age 42.57 yrs), longitudinal study, 31738
cortical gray matter volume deficits, neuropsychological & motor deficits, male veterans with schizophrenia, 15951
differences in psychosocial adaptation, 22–52 yr olds with schizophrenia with vs without larger ventrical to brain ratio and/or cortical atrophy, 30968
extent of CSF compartments in brain computed tomograpic examinations, 10 mo–14 yr olds with idiopathic mental retardation, 35924
extent of volume deficit selective to cortical gray matter & sparing of white matter in regard to age at onset & length & severity of illness, female vs male schizophrenic inpatients, 42330
genetic variations in brain size & neuronal features & neurogenetic bases & evolution of cognitive & behavioral processes, 442
head circumference & brain size & Alzheimer's disease, adults (mean age 78.3 yrs), 39552
head circumference as measure of brain size, cognitive abilities & diagnosis of probable Alzheimer's disease, Japanese American 65 yr olds & older, 23406
hippocampal formation size, memory recall function, 55+ yr olds, followup study, 25953
hippocampal volume, female victims of childhood sexual abuse, 39172
hippocampal volumetry & perfusional & neurochemical deficits, 62–82 yr olds with age associated memory impairment vs probable Alzheimer's disease, 8635
hippocampus size & degree of food storing, Paridae, 3071
lifelong ethanol consumption & aging, cerebellar cortical layer volumes, alcohol-preferring vs nonpreferring rats (aged 3 or 24 mo), 29603
MRI assessed basal ganglia size, 8–19 yr olds with fetal alcohol syndrome, 31325
MRI assessed grey matter volume & syndromes of psychomotor poverty & disorganization & reality distortion, schizophrenic patients (mean age 36.6 yrs), 39031
MRI study of total brain & individual cerebral cortical lobe volumes & regional brain enlargement, autistic male vs female 12-29 yr olds, 4404
MRI volumetric & phosphorus 31 magnetic resonance spectroscopy of left prefrontal region, adult schizophrenic patients, 26495
onset of illness & cortical gray matter volume deficit & ventricular enlargement, 16–38 yr olds with 1st-episode schizophrenia, 19207
opportunistic feeding innovations & forebrain size & behavioral plasticity & structural evolution, North American vs British Isles birds, methodology application, 29145
passive developmental vs active ecological evolutionary determinants of brain size & structure, vertebrates, 3048
premorbid adjustment & clinical symptoms & cerebral & ventricular volume & maternal obstetrical complications, 10–19 yr old males vs females with early vs late childhood-onset schizophrenia, 22820
premorbid brain volume vs magnitude of diffuse brain atrophy, cognitive decline, 44–79 yr olds with Alzheimer's disease, Japan, 23443
quantitative MRI assessed volume changes of anterior superior temporal gyri, patients with late onset schizophrenia (mean age 72 yrs) vs patients with Alzheimer's disease (mean age 74 yrs), 26338
size of hippocampal complex, Clark's nutcrackers vs pinyon vs scrub vs gray-breasted jays, implications for role in dependence on food stores & spatial memory, 3049
spectral analysis of EEG & hippocampal volumes & neuropsychological assessment, 2 subgroups of Alzheimer's disease patients, 16331
striatal & striatum subdivisions, volume, postmortem 50–64 yr old males with schizophrenia, 26501
timing & number of binge-like alcohol exposures, subsequent neural deficits behavioral outcomes on parallel bar & spatial conditional alternation task, rat pups, 11213
ventricle & total brain volume before & after significant weight gain, underweight anorexic patients, followup, 23213
ventricular system volume, slow wave sleep, male 20–45 yr old inpatients with schizophrenia or schizoaffective disorder, 4140
volumetric analysis of cerebral cortex & posterior fossa, female 3–23 yr olds with Rett syndrome, followup study & experimental extension, 31443

Brain Stem [See Also Locus Ceruleus, Medulla Oblongata, Pons, Reticular Formation]—Serials

area postrema lesions, attenuation of LiCl-induced conditioned taste aversions by disruption of information about illness-producing properties of LiCl vs lesion-induced malaise, male rats, 38004
auditory abnormalities, 26–61 yr old patients with acute pontine hemorrhages, 26958
brain stem EP abnormalities, depressed 60 yr olds & older with vs without vascular disease, 38986
brainstem auditory EPs & locus ceruleus function & interaction of pons & midbrain, 31–48 yr old panic disorder patients, Israel, 19230

cellular processing of temporal information in medial vestibular nucleus neurons, chicks, 25465
cooling of area postrema, conditioned taste aversion induced by lithium chloride vs apomorphine, male rats, 21719
dextrorphan with vs without cocaine & brain stem perturbation, motor activity & escape behavior, rats, 21880
ethanol & lithium chloride induced conditioned taste aversions, c-Fos immunoreactivity in brainstem, rats, 29626
food restriction, opioid receptor binding in brain stem, male rats, implications for functional changes, 14893
frequency following response participant & word probability & category cues with words, evaluation of speech evoked frequency following responses, female 21–22 yr olds, 14928
interaural intensity difference, processing of interaural time difference in nucleus laminaris, owls, 29384
neuronal linkage between superior colliculus & reflex blink circuitry within brainstem, rats, implications for hyperexcitability in Parkinson's disease, 18144
quality & intensity dependence of phase locking in single auditory nerve fibers vs nucleus magnocellularis mediating temporal processing & cochlear mechanisms, barn owls, 34551
repeated generalized seizure inductions, acute vs long-lasting forebrain vs brainstem seizure susceptibility, mice, 41357
serotonergic properties of pontomedullary raphe nucleus & nucleus reticularis magnocellularis neurons mediating periaqueductal gray evoked antinociceptive effects, rats, 34537
stimulation of efferent superior colliculus, C-fos like immunoreactivity in brain stem & approach vs avoidance activity, rats, 29315
stimulus rate, peak amplitudes for conventional vs maximum length sequence brain stem auditory evoked response, 10 vs 15 vs 20 vs 30 day old vs adult cats, 21730
systemic vs 4th icv-administered fenfluramine, metergoline attenuation of intra-oral food intake reduction, intact vs chronic decerebrate male rats, implications for caudal brainstem contribution, 29294
transection of corpus callosum vs brainstem, habituation of ocular fixation & smooth pursuit, cats, 25509
transfer of auditory information by neuron potassium conductances across medial nucleus of trapezoid body, rats, 25457
unrestricted feeding, food & water & saline injestion, male rats with vs without area postrema lesions, 34582
views on clinical profile & diagnosis & treatment of Lewy Body dementia, neurologist vs geriatrician vs old age psychiatrist, 8626

Brain Stimulation [See Also Brain Self Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation, Spreading Depression]—Serials

brain activation during comprehension of sentences varying in linguistic complexity, adults, 29351
cholecystokinin B receptor ligands, panic anxiety, male rats, 29565
cortical fields activated by self paced finger movement vs visually triggered movement, males, Sweden, 29322
earlobe vs trapezius microcurrent stimulation, EEG spectrum, adults, 21737
EEG & transcranial magnetic stimulation measures of maturation of corticospinal pathway & alpha rhythm, 3–7 yr olds with ADHD, 23177
efficacy of transcranial magnetic stimulation treatment in mood disorders, letter, 13093
linear & nonlinear indices of processes in brain dynamics & EEG changes associated with recovery, 1st episode untreated vs recurrent antidepressant-treated inpatients with depression (mean age 36 yrs), 30897
magnetic brain stimulation without seizure vs ECT in treatment of depression, letter, 32625
neuropsychiatric use of transcranial magnetic stimulation, 14836
pain & optimum stimulus parameters for lateralized suppression of speech with magnetic brain stimulation, 31–48 yr olds, 18205
prefrontal repetitive transcranial magnetic stimulation, symptoms, adults (mean age 36.9 yrs) with obsessive-compulsive disorder, 42369
rapid rate transcranial magnetic stimulation in auditory cortex, neuronal activity & plasticity & long term potentiation & depression like changes, gerbils, 29386
single-pulse transcranial magnetic stimulation of parietal visual cortex, pop-out vs conjunction visual search performance, normal humans, test of visual processing timing & localization hypothesis, 41305
spatial correlation & functional MRI & transcranial magnetic stimulation & cortical motor function, patients with mass lesions near the central sulcus aged 40–43 yrs, 36104
stimulation of dorsal raphe region following destruction of 5-HT pathways or blockade of 5-HT receptors, hypothalamic 5-HT release & hypertension & tachycardia, rats, 21671
tetanic stimulation of intracortical vertical & horizontal inputs, long term potentiation in intrinsic connections in barrel cortex, rats, 14923
transcranial magnetic stimulation as psychiatric therapy for depression, 39863
transcranial magnetic stimulation, contribution of superior prefrontal cortex & superior parietal lobule in generation of voluntary endogenous & reflexive visually guided saccades, adults, 41353
transcranial magnetic stimulation with vs without antidepressive medication, patients with major depression, 23521
validity of interpreting postexercise alpha enhancement as indicative of decreased brain activation, college students, 42046
viewing of happy vs fearful facial expressions varying in emotional intensity, neural activity in amygdala, adults, 29334

Brain Weight—Serials

prenatal ethanol supplemented with linolenic acid vs gamma linolenic acid, 20 & 22 carbon n-6 & n-3 fatty acids & adult brain & body weight & circadian activity & birth weight, mice, 7105

Brainstorming—Serials

effectiveness of brainstorming groups in product design firm, CEO & managers & engineers & other staff, 20798
ethnic diversity in groups, effectiveness & feasibility of brainstorming ideas & attraction to groups, Anglo-American vs Anglo & Hispanic & Asian & African American adults, 22432
group support software tool for electronic brainstorming research, 20895
implications of research on & recommendations to enhance effectiveness of group brainstorming in gifted education, 43712
length of planned pauses & presence vs absence of trained facilitator & recorder, reduction of production blocking during brainstorming, interacting groups, 22433
no display vs continuous vs limited display of group members' ideas, social matching & social loafing, college business students in computer-supported nominal vs electronic brainstorming groups, 22437
output decay & blocking as function of total group output & matching of output with average group rate of processing, dynamic systems model of idea generation rate in brainstorming groups, 3736
social comparison vs verbalization, idea generation & performance perception in group computer brainstorming, college students, 3763

Brainwashing—Serials

critique of M. Introvigne's argument on brainwashing perspective & secular & religious critiques of cults, 30066

Brand Names—Serials

advertised brand on Internet Web banner, attitudes & behavior, viewers, conference presentation, 33759
age & cognitive development & affect toward cigarettes & identification of adults as appropriate target market, recognition of cigarette brand symbols, 3–8 yr olds, 21980
attitudes toward & procedures for & importance of brand naming, product or brand managers of consumer &/vs industrial companies, 33766
attitudinal favorability & attribute-level complementarity of modifier brand, concept formation for composite brand extension, college students, 14051

brand knowledge & context, product associations & determination of fit evaluations for extensions, undergraduates, 17426
brand knowledge & context, product associations & determination of fit evaluations for extensions, college students, 28266
brand-level advertising, brand-level distilled spirits sales, panel data, 17436
cognitive structure for brand in given product category, transfer of associations to other product categories, 18–41 yr old consumers, 17429
commercial duration & serial position & level of advertising competition in TV advertising blocks, brand name recall, adult consumers, 33773
communication styles in ads, leading vs nonleading brands in TV vs consumer magazine vs newspaper vs Internet, 33772
comparative analysis of stimulus vs memory based modeling of brand reference price, 43859
conceptual beliefs & inferences about brand extensions, consumers, 5814
corporate ability vs social responsibility associations, responses to corporate products, consumers, implications for marketing, 17424
corrective advertising, attributions & brand beliefs & advertiser evaluations, college students, 28273
discounting of high priced brand below vs above vs equal to low priced brand, switching behavior, application of separate effects model of consumer premium distributions, 14052
imagined public vs private consumption situation & brand & self image, evaluations of brands of beer, college students, 20851
interstimulus interval of & background music vs silence in advertisements, recall & retention of brand information, adults, 33771
market research contributions to change of brand positioning of analgesic drug Solpadol, 43886
perceptions of ad costs, brand & quality perceptions, business students, replication, 24860
picture vs color vs multiple cues, perception & learning of brand names, 3–5 vs 7–8 yr olds, 22028
script & sound cues, information processing & brand name attitudes, Chinese vs American college students, 28270
stock-keeping unit attributes, consumer behavior, application of choice models in marketing, 14044
use of cultural & socioeconomic conditions of foreign countries in formation of international brand image strategies, brand performance, marketing managers, 24863

Brand Preferences—Serials

advertising as persuading brand loyalty vs nudging split-loyal consumers, implications for consumer advertising & Dirichlet theory of brand reinforcement, 33740
attitudes for food products & emotional vs informational advertising content, 19–69 yr olds, Canada, 24858
brand preferences & knowledge & expertise level, search behavior, new car buyers, application of theoretical framework on consumer information, 33748
Brandbuilder model of attitude & behavior, brand loyalty, adults, 1 yr followup, commentary reply, 33739
BrandBuilder model of attitude & behavior, brand loyalty, adults, 1 yr followup, 24833
communication media & cooperative advertsing & brand competition, manufacturer participation rate, 43880
comparison of intense loyalty achieved by football clubs with brand loyalty, UK, 43872
construct validity & reliability of brand personality scale, assessment of consumer attitudes toward brands, 18–24 yr olds, 40810
direct affect transfer & inferential belief formation mechanisms, brand attitudinal conditioning, college students, implications for consumer behavior, 2365
evaluations of known & unknown bicycle brands with 2 yr vs 20 yr warranty, expert vs nonexpert consumers, 2352
image congruence & evaluation of publicly vs privately consumed brands, high vs low self monitoring college students, 2360
imaginal vs actual ease of self-generated product-related information, product favorability & attitudes, male business students, Germany, 43879
imagined public vs private consumption situation & brand & self image, evaluations of brands of beer, college students, 20851
intent measurement, brand level purchase behavior, 1st time car buyers vs repeat purchasers, 2357
learning goals & discrepant brand, recall & categorization of product brands & brand attributes & preferences, adults, implications for marketing strategy, 14056
level of cognitive effort expanded when processing equivalent alternative brands, negative affect & choice outcome, adults, 43864
logos of leading cosmetics makers & brand logos & photos of packages of skin care products, image integration & brand loyalty, female 19–24 yr olds, Japan, 5820
model of brand choice process & optimal brand image, college students, 2366
model of competitive market structures from consumer preferences, 2376
operational model for measuring promotional advertising campaign's ability to change buyers' product evaluations & value equations & share of choice for product brands, 43890
parameter estimates of equivalent specifications of brand choice models & price elasticities, household vs store scanner data, 14047
preference uncertainty & choice deferral among equivalent product alternatives, adult consumers, 43862
price change, brand choice & category choice, consumers, 40663
prior exposure to printed advertisements & logos & names, implicit memory & preference judgements, college students, implications for advertisers, England, 43874
product attributes & common features, brand choice, adults, 33761
product-specific information & knowledge of choice strategy, confidence in quality of brand choices & preferences, adults, 14043
promotion & advertising, consumers' medium vs long term brand choice behavior, model & 8 yr panel data analysis, 33747
survey research system & Brandbuilder technique, measurement of brand equity & loyalty, commentary, 33743
survey research system for placement of financially related value on consumer based equity of brand associations & images, implications for marketing, commentary reply, 33742
survey research system for placement of financially related value on consumer based equity of brand associations & images, implications for marketing, 24839
targeting & appealing to integrated audiences to build brand popularity & product revenue, implications for advertising, 33757
varying-parameter averaging model of on-line brand evaluations, prior evaluations vs new information in brand information processing, low vs high ability college students, 43866

Bravery [See Courage]

Brazil—Serials

aesthetic vs honor vs religious vs TV or cinema vs rule vs other reason for choice of first name, 18–24 vs 40–47 yr old male vs female college students & acquaintances, Brazil, 26018
clinical characteristics & course, adults & under 16 yr olds with anorexia nervosa, Brazil, 4462
environmental & political factors, conceptualization of & provisions for special education, Brazil, 40478
forest types & strata & mixed groups & species assemblages & feeding bouts, habitat use among Cebidae primates, Brazil, 41259
history of development of therapeutic constructivism & its roots in cognitive behavioral tradition, Brazil, 39645
increase in availability & use of crack, 13–45 yr old outpatients, Brazil, 1990–93, implications for treatment policies & HIV harm reduction programs, 16077

lower vs middle class, concepts of personal choice & moral vs conventional regulation, 8 vs 9 vs 12 vs 15 vs 16 yr olds, Brazil, 3461
prevalence of depression or depressive mood, 9–16 yr old orphans & street children, Brazil, implications for prevention, 11954
scenarios of consistent vs inconsistent female resistance to male sexual advances & perceptions of female's intent, Brazilian vs American male vs female 17–38 yr olds, 3695
scenarios of consistent vs inconsistent female resistance to male sexual advances & perceptions of female's intent, Brazilian vs American male vs female 17–38 yr olds, erratum, 26110
sex & being illiterate & income level, prevalence of psychiatric symptoms, 60–93 yr olds attending regional primary care unit, Brazil, 42186
social perceptions revealed through TAT story responses, 13–18 yr olds from different ethnic groups living in economically poor neighborhoods, Brazil, 34898
stressful life events & socioeconomic factors, prevalence of minor psychiatric disorders, 15–55 yr olds & older, Brazil, 30775
survey of sexual behavior, 16–22 yr old college students vs 13–22 yr old high school students, Brazil, 7554
syntactic awareness & reading acquisition, 5.7 yr olds, Brazil, longitudinal study, 33466
Breakthrough (Psychotherapeutic) [See Psychotherapeutic Breakthrough]
Breakup (Relationship) [See Relationship Termination]
Breast—Serials
formation of implementation intentions for time & location of behavior, performance of breast self-examination, female students & staff, 42025
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, 36587
psychological & sociological factors underlying decision to have augmentation mammoplasty despite known risks & complications, females, research review, 24008
susceptibility & seriousness & benefits & barriers & health motivation & control & knowledge & frequency of breast self-examination, 12–74 yr old females, 9304
venlafaxine, breast pain & engorgement without galactorrhea, 42 yr old female with depression & PTSD & panic disorder, case report, 19924
Breast Cancer Screening [See Cancer Screening]
Breast Examination [See Self Examination (Medical)]
Breast Feeding—Serials
antidepressant use during breast feeding, literature review, commentary reply, 43202
antidepressant use during breast feeding, literature review, commentary, 43160
antidepressant use during breast feeding, literature review, commentary, 43145
antidepressant use during breast feeding, literature review, 13077
application of R. Rubin's model of taking-in & taking-hold to psychosocial development after several days of postpartum hospitalization & as basis of postpartum nursing, contemporary mothers, 22300
body satisfaction & maternal fetal attachment & breast vs bottle feeding plans, females 32–38 wks pregnant, 22294
breast vs formula feeding & intelligence & maternal intelligence & environmental influences, 3 yr olds studied since birth, 3 yr study, 18488
exposure to tricyclic antidepressants in breast milk, toxic effects & development, infants of mothers with major depression or bipolar disorder or schizoaffective depression, 30 mo study, 38347
lack of breast milk during infancy, schizophrenic patients vs their non-affected siblings, Scotland, 35613
mother's use of sertraline, plasma concentrations of sertraline &/or norsertraline, 6–26 wk old breastfed infants, 32461
nonnutritive sucking, oxygen saturation & behavior state & initiation & duration of 1st nutritive suck, preterm infants, 7186
paroxetine level in breast milk, effects on infant during lactation period, female 39 yr old with recurrent depressive & obsessive disorder who resumed treatment 3 days after giving birth, letter, 5103
perceptions of infant's temperament & interaction with infant, duration of breast feeding, 1st time mothers & their newborns, 41906
psychometric properties of H & H Lactation Scale, maternal confidence & infant satiety & maternal infant breast feeding satisfaction, mothers of low birth weight vs term infants, 6085
sociodemographic variables & unplanned pregnancy & not breast feeding & unemployment & other risk factors, screening for & incidence of postnatal depression, 15–46 yr olds 6–8 wks postdelivery, 7940
tactile stimulation & maternal separation, appetitive behavior at surrogate nipple, rat pups 1–5 hrs after Cesarian delivery, 41279
Breast Neoplasms—Serials
age & SES & prior symptomatology & breast cancer & mammography beliefs & knowledge & physician recommendation & health motivation, adherence to mammography guidelines, 35–88 yr old females, 2 yr study, 5222
agreement on guidelines for provision of treatment information, doctors & nurse oncologists & breast cancer treatment patients, 36626
avoidance coping & subclinical depressive symptoms, adults with HIV vs end stage renal failure vs breast cancer, Japan, 8463
beliefs about breast cancer caused by physical abuse & fears of mammograms & trust in God over doctors & sharing beliefs with daughters, urban Black female 40–86 yr olds, 13206
beta-adrenergic antagonist butoxamine & social confrontation & defeat, mammary tumor metastasis, intruder male rats, 7082
breast cancer risk & mammography screening, human females, meta analysis, 13199
breast cancer screening practices for females aged 65 yrs & older, physicians, 23348
computer bulletin board support group, 38–54 yr old females with breast cancer, 1912
coping & psychosocial adaptation over time & across distinct clinical events, 35–88 yr old women with breast cancer, 5 yr study, 42760
coping strategies & personality characteristics, psychiatric morbidity, female 20–65 yr olds undergoing needle biopsy for detection of possible breast cancer, England, 5223
coping strategies, death vs survival outcome 5–6 yrs after mastectomy vs lumpectomy, female 29–70 yr olds with early breast cancer, Switzerland & Germany, 4620
coping styles, psychological adjustment, females with advanced breast cancer, 12532
cultural consensus analysis of knowledge & power & experience, perceptions & discussions of breast cancer risk factors, university based vs private practice physicians, 13626
depression & anxiety, 36–67 yr old female long-term breast cancer survivors who had been disease free for at least 5 yrs, 31708
early vs metastatic stage breast cancer & tamoxifen treatment, cortisol levels & prolactin responses to stress, 50–70 yr old cancer patients, 16289
efficacy & safety of mianserin, depression, females with breast cancer, 32572
efficacy of social support & support groups for breast cancer, literature review, 16733
experiences & quality of life & health habits & lifestyle changes assessed using phenomenological framework, 29–75 yr old breast cancer survivors, 36037
general knowledge of BRCA1 mutations, 32–73 yr olds with previous diagnosis of breast cancer vs 1st degree relatives of breast cancer patients, 39964
genetic counseling protocols & issues related to BRCA1 testing, 39929
genetic predisposition & stress related to sudden death of only child & subsequent development of breast cancer, 45 yr old female, case report, 26854

healing through art, 39–70 yr old female survivors of breast cancer, 5169
historical changes & psychosocial sequelae of breast cancer & its treatment, literature review, 26934
incidence of breast cancer, female 40–93 yr old chronic psychiatric patients, commentary, letter, 30806
incidence of breast cancer, female 40–93 yr old chronic psychiatric patients, commentary reply, letter, 30757
incidence of breast cancer, female 40–93 yr old chronic psychiatric patients, commentary, letter, 30754
incidence of breast cancer, female 40–93 yr old chronic psychiatric patients, commentary, letter, 30784
information needs & preferred vs actual level of involvement in treatment decision making process, females with breast cancer, Canada, 32690
interest & attitudes about BRCA1 testing, 21–60 yr old females, development of model informed consent process, 39930
internal vs external locus of control & depressed mood & right cerebral hemisphere activation, 40–70 yr old females with primary breast cancer, 42758
life events & onset of breast cancer, letter, commentary, 36034
marital support & support from other adults & role function & satisfaction with health care, emotional & physical adjustment, husbands of wives with breast cancer, 1 yr study, 31701
melodic expression in music therapy & reflection of emotional recovery, 35-yr-old female breast cancer patient following breast removal, case report, 20044
methodological issues in pilot study of biobehavioral correlates of functional status, females with breast cancer, 23351
paclitaxel induced transient self resolving encephalopathy, 54 & 72 yr old females with breast cancer, case reports, 24048
percent reinforcement as predictor of anticipatory nausea, 30–59 yr old breast cancer patients, 16762
physical & psychological side effects of adjuvant chemotherapy, confrontive & avoidant-confrontive & avoidant-resigned & resigned-coping behavior, 33–76 yr old females with Stage II breast cancer, 42765
physical symptom distress & functional status & depression, female 25–85 yr olds with breast cancer observed 3–7 mo following diagnosis, 42763
predisposing & enabling factors, participation in breast self examination, underinsured & at risk low income 40 yr old & older females, application of PRECEDE correlational analysis framework, 9321
professionally unaided treatment decision making processes, patients with breast cancer or cardiovascular disease, 1938
psycho-oncology & cognitive behavior therapy & the relationship between psychosocial factors & the etiology or progress of cancer, women with metastatic breast cancer, 39650
psychological adjustment & health locus of control, adult females with vs without breast cancer, South Africa, 42757
psychological distress & intrusive vs avoidant cognitive styles, females with breast cancer, Israel, 36033
psychological distress during routine breast checkup, 30–77 yr old females with vs without family history of breast cancer, Israel, 42759
psychological distress predictors of use of genetic testing for cancer risk, adult members of hereditary breast ovarian cancer families, 36036
psychological factors, survival, breast cancer patients, 8 yr followup, Israel, 4621
psychometric properties of Spanish version of Rationality/Emotional Defensiveness Scale, assessment of emotional expression & cancer risk factor, adult females with breast cancer, Spain, 28431
psychosocial life events & onset of breast cancer, 1966–94, research review, 12535
psychosocial outcomes of breast-conserving surgery vs mastectomy, cancer patients, meta analysis, erratum, 42762
psychosocial outcomes of breast-conserving surgery vs mastectomy, cancer patients, meta analysis, 31706
readability of patient education pamphlets regarding prevention & detection & treatment of breast cancer, implications for patients with low literacy skills, 9311
recommendations for improving breast & cervical cancer screenings, physicians & office staff, commentary, letter, 16773
SES & education & family history, breast cancer knowledge & risk perception & screening & medical procedures, Black vs White adult females, 26935
uncertainty experiences, 38–69 yr old females with breast cancer, 4623
worry & perceived vulnerability, breast cancer screening behavior & intentions, 40–75 yr old females, 1 yr followup, 13200
13-wk experiential-existential group psychotherapy program, endocrine & immune outcome, 50–70 yr old females with breast cancer, Netherlands, 36592

Breathing [See Respiration]

Breeding (Animal) [See Animal Breeding]

Brief Psychotherapy—Serials

application of solution-focused brief therapy in family medicine, South Korea, 43037
approach to time limited humanistic dynamic counseling & nature of therapeutic change process, 36351
attitudes of therapist & patient & system, practice of brief vs long term psychotherapy, commentary, 8784
benefits & outcome predictors of short-term dynamic psychotherapy, patients with chronic vs nonchronic major depression, 8778
brief cognitive behavioral Primary & Secondary Control Enhancement Training program, elementary school children with mild to moderate depression, 39711
brief counseling using W. Glasser's theory of human needs, adolescents, 32045
brief group psychoeducation with vs without additional group psychotherapy sessions, females with bulimia nervosa (mean age 25 yrs), Canada, 32201
brief social work intervention, schizophrenic adults less than 35 yrs old, 5298
brief solution-focused counseling, college students on academic probation, 10021
brief structured couples therapy, relationship satisfaction & individual psychological functioning as measured by COMPASS scales, 26–58 yr old married couples, 32211
brief supportive-expressive psychodynamic psychotherapy, 22–64 yr olds with generalized anxiety disorder, 19714
brief trauma/grief focused psychotherapy, posttraumatic stress & depression symptoms, early adolescents exposed to earthquake, Armenia, 32026
case formulation & treatment planning using constructivist & systemic therapies & brief therapy, 24 yr old male, case report, commentary, 32063
clomipramine with vs without brief psychodynamic psychotherapy, relapse panic attacks, 21–49 yr olds with panic disorder, 18 mo study, 1660
computer assisted text analysis of brief psychotherapy transcripts, 4791
contributions of self to depression & anxiety, application of self discrepancy theory to development of brief psychotherapy for depression, 4816
counselor expectations of change & client satisfaction, university counselors & 18–48 yr old student clients, Canada, 23659
developmental perspective of brief psychotherapy, 11 yr old female with school phobia, 27148
effectiveness of solution focused brief family therapy in children's mental health facility, 4–17 yr olds & their families, Canada, 32226
effects of time limited group therapy, 21–45 yr old outpatients with personality disorders vs group dropouts, 23760
efficacy & applicability & efficiency of time limited short term group therapy, clinical trials & literature review, 23793
ethical issues in diagnosis & solution focused brief therapy, 11-yr old female with sudden-onset paralysis of unknown origin, 42938

ethically questionable practice of invisible rationing in time-limited brief therapy & effect on psychotherapeutic outcome, 8783
evolution of ecosystemic & solution-focused brief therapy, 42946
focus formulations & outcomes of brief psychotherapy, 27130
improved working alliance & social support & symptom reduction, 19–28 yr olds in brief therapy, 19733
in-law therapy, unresolved issues with extended family, family members, 32215
intensive short-term dynamic psychotherapy & central dynamic sequence for major unlocking of unconscious, patient with episodic depression & psychoneurotic disturbances & major character pathology, 32012
intensive short-term dynamic psychotherapy & unlocking the unconscious, adult male with episodic depression & psychoneurotic disturbances & major character pathology, 32013
intensive short term dynamic psychotherapy for treatment of psychoneurotic disturbances & fragile character structure, 26 yr old male with obsession symptoms, case report, 32014
interactive role & course of therapist rated transference & insight, prediction of outcome of time-limited therapy, 17–32 yr old clients & therapists, 23827
intrasessional processes & life events & symptomatic change & intermediate outcome, 23–60 yr olds in brief psychotherapy, 16499
model of problem-focused short-term therapy, occupational problems, female analysand, commentary, 32311
model of problem-focused short-term therapy, occupational problems, female analysand, 32307
model of time limited group psychotherapy, patients with personality disorders, 23759
motivation, brief dynamic psychotherapy outcome, 20–53 yr old patients, 4 yr study, 23618
parody model of brief psychotherapy in response to demands of corporate managed mental health care, 27113
perspectives on solution-focused brief treatment & participation in supervision, clients, 42955
psychodynamic psychotherapy vs interaction guidance therapy, infants' symptoms & dyadic interactions & maternal self esteem, mother infant dyads, 6 mo followup, 12802
research & implementation of community based brief & public health interventions for excessive alcohol consumption, England, 9584
S. Ferenczi's contributions to & influences on short term psychoanalytic psychotherapy, 35394
short-term dynamic psychotherapy, significant client-change events, 32 yr old male with adjustment disorder with mixed anxiety & depressed mood, case report, 32068
short term preventive intervention, parental sensitivity & representation of attachment & security of infant–parent attachment, 29 yr old mother of 11 mo old girl, 32265
short term psychodynamic psychotherapy, mother–infant dyads with infant behavioral & functional symptoms, implications for child psychiatry, 32199
short-term psychotherapy & barriers to psychoanalytic treatment, persons experiencing pregnancy loss or infertility, 23630
short term stress coping counseling intervention, physical & psychological morbidity & well being & coping & experience of caregiving, relative caregivers of schizophrenic patients, 32071
social & clinical theory & brief psychotherapy, Britain vs US, 19758
social constructivism & solution focused therapy, 16467
solution-focused brief therapy approach to weight loss & prevention of weight regain, 42925
solution focused brief therapy in inpatient setting, psychiatric hospital patients, 16920
solution focused brief therapy with focus on networks, recidivism, male prisoners, Sweden, 16 mo study, 43474
structure & tactics in brief Adlerian psychotherapy for persons with personality disorders, 8779
substitution of brief therapy for longer term treatment by managed care companies, creation of invisible rationing & ethical & liability issues, 9794
technique training, attitudes & values regarding time limited psychotherapy, experienced therapists, 20440
termination process in time limited group psychotherapy, 23787
time-limited supportive-expressive dynamic psychotherapy, 20–65 yr olds with avoidant personality vs obsessive compulsive personality disorder, 42918
transference & countertransference reactions & mild tranquilizer in 8-wk therapy, marihuana use, 40 yr old male marihuana user with anxiety & anger, case report, 9576
treatment length & quality of object relations, outcome of brief dynamic psychotherapy, patients, Norway vs Canada, 39649
use of psychological tests in diagnosis of multiple personality disorder, outcomes of brief psychotherapy, female patient, case report, application of unitary vs discrete theories, 4760
use of solution-focused brief therapy with reflecting team in couples therapy, suicidal female 40-yr old recovering heroin addict & her husband, 43029
value driven adult educational model for brief psychotherapy, 27145
verbal process components, rate of change in standard symptom intensity measures across brief treatments, psychotherapy clients, implications for drug metaphor in therapy studies, commentary, 8768
verbal process components, rate of change in standard symptom intensity measures across brief treatments, psychotherapy clients, implications for drug metaphor in therapy studies, commentary reply, 8805

Brief Reactive Psychosis [See Acute Psychosis]

Bright Light Therapy [See Phototherapy]

Brightness Constancy—Serials

object curvature & shape & illumination direction, lightness perception in 3-D curved objects, 25–30 yr olds, 10638

Brightness Contrast—Serials

adapting luminance & stabilization of field size in relation to retina & luminance gradient of edges of adapting field, attenuation of brightness, adults, 214
contrast & blur space constants, perceived location of static blurred edge, adults, 6222
luminance contrast of adaptation &/vs test stimuli, magnitude of static vs flicker motion aftereffects, Os, 41033
selective perirhinal cortex lesions, acquisition & retrograde & anterograde amnesia & retention of brightness discrimination task, male rats, implications for dementia in humans, 3087
spatial frequency, contrast discrimination threshold dip downs, adults, role of localized light adaptation, 21256
spatial frequency in right vs left visual field, global vs local interference & RT advantage to bright vs contrast-balanced hierarchical stimuli, 18–48 yr olds, 21261

Brightness Perception [See Also Brightness Constancy]—Serials

c-fos AS-ODN to hippocampus, acquisition & retention of brightness perception, 7 wk old male rats, 25474
calcium channel blocker, preoperative acquisition of brightness discrimination & postoperative recovery from damage to visual neocortex & long term performance, male rats, 21658
contrast polarity of edges, parallel coding of collinearity within visual search grouping of solid regions, 19–37 yr olds, England, 25190
discrimination of intensities of black & white & red stimuli, carp, translated article, 29030
figure–ground segmentation measured by size & brightness parsing & symmetry judgments, 53 yr old female with closed head injury, 42784
Gestalt vs cognitive vs neurophysiological vs computational approach to study of illusory brightness & contour phenomena, literature review, 212
lightness vs equivalent backgrounds vs anchoring in visual perception task, adults, 41015
luminance & spatial frequency, perception of suprathreshold contrast, adults, 25202

perception of brightness differences in Ehrenstein figures & illusory contours in phase-shifted line gratings & contrast polarity, 20–40 yr olds, 6225
reflectance vs brightness vs perceptual shape as basis for discrimination during early stages of visual processing, perception of 3-dimensional shapes in 2-dimensional displays, naive adults, 213
responses of visual cortex neurons to actual illumination & perceived brightness, cats, 14876
time course & extent of brightness fading during Ganzfeld adaptation, 26–64 yr olds, 37625
torus longitudinalis ablation & luminance response, dorsal light reflex measured by body tilt angle & duration, goldfish, 29289

Bromocriptine—Serials
bromacriptine & pseudoephedrine induced psychosis, 21 yr old postpartum female, case report, 43176
bromocriptine, chronic oral ethanol vs tap water self administration, male rats, 15064
bromocriptine, deficits in clinical motivation & reward responsivity & frontal cognitive function, 26–55 yr olds with brain injury due to trauma or subarachnoid hemorrhage, 20099
bromocriptine, unipolar depressed patients who failed to respond to tricyclic or heterocyclic antidepressants, 1820
bupropion & bromocriptine, cocaine dependent 18–50 yr olds, 2072
chronic lithium pretreatment with vs without SCH 23390 or sulpiride, bromocriptine dose related effect on penile erection, male rats, 7068
clozapine with bromocriptine, positive and negative symptomatology, female 42 yr old with schizophrenia & pituitary adenoma, case report, letter, 27388
clozapine, 25 yr old female with bromocriptine-induced psychosis, case report, 32336
haloperidol vs bromocriptine, response accuracy & latency for spatial vs nonspatial working memory, 19–37 yr olds, 38128
sleep deprivation &/vs bromocriptine, eye-blink rate, 25–50 yr old males with vs without major depression, 22754

Bronchial Disorders—Serials
delusional jealousy & subsequent verbal & physical aggression toward husband, female 70 yr old with previously undiagnosed carcinoma of bronchus, case report, letter, 12533

Brothers—Serials
age, closeness & liking & love in fraternal dyad, 16–33 yr old biological nontwin adult brothers, 35075
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22370
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary reply, letter, 22358
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22364
birth order & number of brothers & sisters, sexual orientation, homosexual vs heterosexual males, commentary, letter, 22385
number of older & homosexual brothers, heterosexual marriage or cohabitation, 40+ yr old siblings of hetero vs homosexual males, Canada, genetic implications for prediction of sexual orientation, 30258
role expectations for older brother or older sister or younger brother or younger sister, shared norms for sibling roles, young adults, 30144
severe bilateral familial schizencephaly & EMX2 mutation, 8 & 10 yr old brothers with severe neurologic deficits and mental retardation, case reports, 36090

Buddhism [See Also Zen Buddhism]—Serials
problems with Skinner's definition of verbal community behavior reinforcement illustrated by esoteric Buddhist concepts, 30576
self-concept & ego defense mechanisms & religiosity, young people attending 7 day Vipassana meditation retreats, 41836
the Buddhist 6-worlds model of consciousness and reality & the 12-fold chain of interdependent origination, 30068
Tibetan Buddhist book "Bardo-thodol" for the dying & resolution of grief, 38496

Budgets—Serials
birth of baby, psychological & financial coping & management practices & debting behavior, 18–43 yr old mothers, UK, 24829
mental discounting & saving behavior, 20–75 yr olds with different financial strategies, Sweden, 24852

Bufotenine—Serials
presence of N-methylserotonin or bufotenine in urine, autistic patients with vs without retardation vs depressed vs schizophrenic patients, role of bufotenine as disorder marker, 15828

Bulgaria—Serials
attitudes toward transition to democracy, 57–89 yr old participants of health camp, Bulgaria, 41791
diagnostic criteria in differentiation of cluttering vs stuttering vs mixed cluttering & stuttering, 11–33 yr old stutterers, Bulgaria, 16198
individualistic vs collectivistic social identity orientation, Bulgaria, 30054

Bulimia—Serials
abnormal psychosocial situations & disordered family relationships, female adolescents with bulimia &/vs anorexia nervosa vs other major psychiatric conditions, Israel, 8415
activation of internalized family images, affective states & behavioral self-regulation, 18–31 yr old female binge eaters, 35953
alcohol & drug misuse & deliberate self-harm, 16–35 yr old females with bulimia nervosa vs other vs no psychiatric disorders, implications for impulsive vs nonimpulsive subtyping of bulimia, 31547
antidepressants & serotonin reuptake inhibitors & appetite suppressants & other pharmacotherapies for bulimia & binge eating disorder & obesity, 9166
attentional biases toward self vs other-directed ego vs autonomy threat words, females with bulimic disorders, 8419
attributional style, expression of depressive symptoms, females with bulimia (mean age 22.27 yrs) vs adults with depression (mean age 42.77 yrs), 19482
binge eating before onset of dietary restriction vs after, females in treatment for bulimia, 6 mo followup, 31514
birth rank & overrepresentation of all-female sibships, patients with anorexia or bulimia nervosa (mean age 23.9 yrs), UK, 31490
blood donation & laxative abuse as indication of psychopathology, 32 yr old female with bulimia with symptoms of obsession & depression, case report, letter, 23206
body dissatisfaction, coital & masturbation experience & sexual activity, 18–52 yr olds with bulimia nervosa, 31548
body image disturbances, females with bulimia vs anorexia nervosa, meta analysis, 42657
body-mass & perceived pressure & ideal-body internalization & body dissatisfaction & dietary restraint & negative affect & symptoms in dual pathway model of bulimia nervosa, 17–52 yr old females, 12424
borderline & impulsive personality traits & platelet monoamine & 5-HT & MAO function, females with bulimia nervosa vs recurrent suicidal behavior, 12428
brain hypometabolism of glucose, females with bulimia nervosa (mean age 26.2 yrs), 31499
brief group psychoeducation with vs without additional group psychotherapy sessions, females with bulimia nervosa (mean age 25 yrs), Canada, 32201
bulimia nervosa, implications for social work & social workers, 23545
bulimic vs restrictive attitudes, attentional biases to self vs other originating ego threats & self esteem, non-eating-disordered female 16–26 yr olds, implications for bulimic psychopathology, 4480
causal & maintenance factors, females recovered vs not recovered from bulimia, treatment & recovery implications, 31524
characteristics & risk of development of anorexia & bulimia nervosa & eating disorder not otherwise specified, ballet dancers, Australia, 4431

chewing gum treatment of rumination, 15 yr old female with bulimia & anorexia nervosa & esophagitis, case report, 43011
childhood experience of sexual or physical abuse, risk for bulimia nervosa or other psychiatric disorders, 16–35 yr old females, UK, 19483
childhood sexual & physical abuse, prevalence of bulimia & bodily shame & dissatisfaction, 15–25 yr old daughters of mothers who participated in 1995 study, 23203
childhood sexual abuse & dissociation & binge purge cycle, 18–52 yr old females with bulimia, 31533
childhood trauma & other developmental adversity & Axis II comorbidity of personality disorder, outpatients with bulimic disorders, Canada, 8424
cholecystokinin & pancreatic polypeptide responses to fat-rich meals, adult females with anorexia nervosa &/vs bulimia, Japan, 35937
chronology of dieting & binge eating & onset of bulimia nervosa & S clinical features & psychological characteristics, 17–45 yr old females, 42655
circadian rhythm induced secretory patterns of plasma ACTH & cortisol & beta endorphins, bulimic females with normal body weight (mean age 29.4 yrs), 26835
classification & validity of bulimic eating disorders subgroups & comparison with predictive validity of DSM-IV scheme, 16–35 yr old females with recurrent binge eating, UK, 1 yr followup, 1469
cognitive behavioral therapy, salivary & cardiovascular reactivity to high risk binge food, female 18–40 yr olds with bulimia, 12830
comorbid bulimia & anorexia nervosa & Munchausen's syndrome, female patient, 3992
comorbidity of schizophrenia & bulimia nervosa, 26- & 30- & 41-yr-old females, case reports, 30662
comorbidity with personality disorders, females with bulimia nervosa with vs without depression, Australia, 4436
conceptual model of risk factors for development of bulimia nervosa, 35939
countertransference & emotional reactions to anorexic vs bulimic patients with vs without Axis II diagnosis vs depressed patients, psychiatrists & social workers & psychologists, 13617
course of eating disorder symptoms & psychopathology & family climate & psychiatric comorbidity & clinical outcome, 16–20 yr old females with bulimia vs anorexia, 2 yr followup, 12406
course of symptoms & correlates & predictors of recovery, treatment seeking female 13–45 yr olds with bulimia &/vs anorexia nervosa, 4 yr study, implications for subtyping of anorexia, 8414
criteria for discharge & long-term treatment outcomes, 14–52 yr old females with anorexia or bulimia or both who were discharged from an inpatient eating disorder unit, 5 yr study, 31494
CT & MRI studies of morphological & functional alterations of brain in anorexia nervosa & bulimia, 4449
Demeter & Persephone myth as representation of unconscious fantasies of bulimic women, 42666
demographics & age at onset & severity of abnormal eating behavior & attitudes & feelings, 17–45 yr olds with seasonal vs nonseasonal bulimia nervosa, Canada, 4456
detection of own vs others' body size differences, females with bulimia nervosa, 31534
diagnosis & management problems, female 11–15 yr olds with anorexia or bulimia nervosa originally diagnosed with chronic fatigue syndrome, case reports, Australia, 31505
diagnosis & prevalence & psychosocial & medical side effects & assessment & treatment, patients with bulimia nervosa, 19474
discriminant & external validity of Bulimic Cognition Inventory in naturalistic & laboratory environments, 18–24 yr old females with bulimia vs restrained eating vs no eating disorder, 2582
drug & alcohol abuse, symptom severity, female outpatients with bulimia vs anorexia nervosa, 4483
drug dosages & therapist specialization in treatment strategies & planning, patients with bulimia nervosa, clinical & economic implications, literature review, 31539
DSM-IV subtyping for bulimia nervosa, patients with nonpurging vs purging bulimia vs binge eating vs compensatory behavior disorder, 42673
dual pathway model in diagnostic differentiation, 16–40 yr old female clinical vs subclinical bulimics, 26834
Dutch Restrained Eating Scale vs Cognitive Restraint Scale from 3-Factor Eating Questionnaire & criterion confounding of Restraint Scale, bulimic symptoms, 17–55 yr old females, 28523
eating & body image attitudes & psychopathological traits, development of anorexia & bulimia spectrum disorders, mothers & fathers & sisters of eating disordered females, transgenerational implications, 4473
eating & psychological & family characteristics, females with bulimic disorders who completed vs failed to engage in vs dropped out of individual outpatient cognitive behavior therapy, 32139
eating behavior & hunger & satiety in naturalistic setting before vs after multidisciplinary treatment, hospitalized patients with anorexia nervosa &/vs bulimia, 27512
emotions & cognitions during bingeing & compensatory weight control cycles, females with bulimia, 4467
epidemiological survey on anorexia nervosa & bulimia in hospitals, 1985 vs 1992, Japan, 4453
factors affecting group psychotherapy treatment outcomes, patients with bulimia nervosa, literature review, 32232
family & personal psychopathology, unwanted sexual experiences as predictor of bulimia nervosa, 16–54 yr old females, 35933
family environment & social conformity, internalization of sociocultural standard of thinness as related to bulimia nervosa, college women, 19481
family relations & autonomy & attachment, polydrug abusing vs bulimic adolescent females & their parents, application of structural analysis of social behavior, 15823
fenfluramine challenge, serotonergic response patterns, female 18–45 yr olds with bulimia nervosa, 35942
fluoxetine induced anorexia, 25 yr old female with bulimia & antecedents of anorexia nervosa, commentary on case report, letter, 36499
fluoxetine induced anorexia, 25 yr old female with bulimia & antecedents of anorexia nervosa, commentary reply on case report, letter, 36525
fluvoxamine, depression & anxiety & other psychopathology, 18–50 yr old bulimia nervosa inpatients, 39802
fluvoxamine maintenance, prevention of relapse, patients with bulimia nervosa successfully treated with psychotherapy, 9064
frequency & distribution of depressive symptoms, females with binge eating disorder vs bulimia nervosa vs major depression, 11834
good vs poor clinical outcome, self & family functioning ratings, female patients of intensive day treatment program with anorexia nervosa &/or bulimia, 2 yr followup, 23216
high vs low compliance with self-care treatment manual & weight & shape concerns & distress & duration of illness, symptom improvement, females with bulimia nervosa or atypical bulimia, 13109
historical perspective on bulimia & kynorexia, 26840
hunger & satiety perceptions & cognitive sets & role of serotonin in eating behavior, acutely ill & short term recovered patients with anorexia nervosa or other eating disorders, 4447
interference effect on Stroop test of disorder-specific words, females with bulimia nervosa, 8412
iv meta-chlorophenylpiperazine, central serotonergic function & subjective emotional responses, female 18–45 yr olds with bulimia nervosa, 35946
iv 5-HTP challenge, peripheral prolactin & growth hormone & cortisol activity, females with bulimia nervosa, Canada, pathophysiological implications, 4446
level & performance variability of cognitive processing, bulimic 18–41 yr old females, 26819
levels of basal & serotonin-stimulated intracellular calcium, patients with anorexia nervosa (mean age 24.6 yrs) vs bulimia (mean age 23.5 yrs), 31489
life events in previous year, onset of bulimia nervosa, 16–35 yr old females, 35954

lifestyle & self & body esteem & attitudes about attractiveness, rates of bulimia nervosa vs binge eating disorder, lesbian 17–65 yr olds, 4448
lifetime & point prevalence of bulimia & anorexia nervosa & binge eating disorder & eating disorder not otherwise specified, adults, Norway, 4475
lifetime rates of anorexia & bulimia nervosa, outpatients with winter depression, 7910
light therapy, food intake & affective symptoms, 17 yr old & older females with bulimia nervosa, Canada, 13085
long-term treatment outcomes of mortality & recovery & relapse & crossover & prognostic variables, females with bulimia nervosa, literature review, 23209
masturbation vs coitus vs sexual satisfaction, restriction of caloric intake & symptom severity, female 11–56 yr olds with anorexia nervosa vs bulimia nervosa, 4482
medication with vs without supportive psychotherapy vs cognitive therapy, 18–39 yr old females with bulimia, 31545
methylphenidate, bulimia nervosa comorbid with ADHD, 25 yr old female outpatient, case report, 36504
models of etiology & assessment modes & empirical basis for & role of social work in treatment of anorexia & bulimia nervosa, literature review, 31527
modified Stroop color naming task with eating- & weight- & shape-related stimuli, female patients with anorexia nervosa vs with bulimia nervosa, 31495
nonclinical personality characteristics, adult females with anorexia nervosa vs bulimia nervosa, 8421
nutrient intake, 17–45 yr old women with bulimia nervosa with purging, New Zealand, 31502
patient characteristics, effectiveness of supervised cognitive behavioral self help manual, females with bulimia nervosa, Great Britain, 4849
perceived & actual control, body image distortion, adult females with anorexia or bulimia nervosa, UK, commentary, 16187
perception of parental bonding, female bulimic vs anorectic outpatients, Italy, 4472
perception of relationship with parents, self concept, bulimic 18–44 yr old females, application of structural analysis of social behavior, 16189
perceptions & awareness of social pressures & influences on societal body ideal as expressed in mass media, females with anorexia or bulimia, 4461
perfectionism & perceived weight & bulimic symptoms, female college students, test of diathesis-stress model, 19478
perspective taking processes & interpersonal awareness, female adolescents with bulimic symptoms & their mothers, 8422
positive vs negative social feedback, rate of learning & cognitive distortions on mental maze task, 17–26 yr old depressive females with vs without bulimia, 26817
presence of borderline or other personality disorder, outcome of comorbid vs eating symptoms following cognitive behavioral outpatient therapy, patients with bulimia, 3 vs 12 mo followups, 4859
prevalence & age at onset of mood vs anxiety disorder, 17–45 yr old females with bulimia nervosa, 31492
prevalence of bulimia nervosa & binge eating disorder, ethnic minority groups, 8423
prevalence rates of bulimia & anorexia nervosa, 14–17 yr olds, Switzerland, 42672
psychoanalysis, 18 yr old female with bulimia, case report, 36358
psychopathology & depression, 16 yr old & older females meeting DSM-III-R vs DSM-IV criteria for anorexia &/vs bulimia with vs without history of anorexia, 31496
psychopathology, obese females with vs without binge eating disorder vs bulimic females, 42667
psychosomatic processes & psychic functions & symptom substitution in & assessment & engagement & countertransference of patients with binge-purge & self-mutilating behavior, conference presentation, 30667
rapid development of alcoholic cirrhosis, 27 yr old female with bulimia, case report, 26830
rates & incidence & prevalence of & risk factors for anorexia nervosa & bulimia & other eating disorders, 4479
ratings of family functioning in family of origin vs current family, patients with anxiety disorders vs bulimia nervosa, Canada, 1150
rationale & empirical support for & research issues in feminist explanations of development of anorexia nervosa & bulimia, 4445
relationship between childhood sexual abuse & eating disorders, meta analysis, 42170
repeated food cues, physiological & subjective responses to food over time, 17–38 yr old females with bulimia nervosa, 42674
response to group therapy, symptom frequency & self esteem & depression & social adjustment, females with bulimia nervosa, 2 yr followup, Canada, 12870
restrictive behavior & impulsivity vs frequency of bingeing & vomiting & client characteristics, prediction of dropout from group therapy, bulimic females, 4901
risk for development of psychiatric disorders & dieting, female 16–35 yr olds with bulimia nervosa, 35936
risks & benefits of recovered memory therapy & potential false memories of childhood sexual abuse & trauma in Ramona v Isabella lawsuit, father accused of incest & his bulimic daughter, 4802
risperidone, weight gain & bulimia nervosa, 12 yr old female with schizophrenia, letter, 32385
role of disruptions in attachment processes in psychological dysfunctions underlying bulimia & anorexia nervosa, theory & research review, 1953–94, 4463
salivary reactivity to high-risk binge food before vs after cognitive-behavioral therapy, females with bulimia (mean age 26 yrs), 31491
secure vs preoccupied vs dismissing vs fearful attachment style & personal cognitive organization, females with anorexia or bulimia, 23205
self-administration of excessive levothyroxine, hyperthyroidism, 30 yr old female with bulimia nervosa, case report, 26818
self consciousness & negative affect & impulse cues & narcissistic vs avoidant personality, abstinence following group behavioral & cognitive psychotherapy, females with bulimia nervosa, 31521
serotonergic & beta endorphin regulatory systems in & etiology of anorexia & bulimia nervosa & obesity, 8409
sexual assault victimization &/or PTSD, bulimia nervosa, adult females, 35935
sexual attitudes & functioning & experience, females with anorexia &/or bulimia nervosa, literature review, 1929–95, 26837
starvation or intermittent dieting, plasma & urine & CSF norepinephrine & metabolites & reduced noradrenergic activity in CNS & peripheral nervous system, patients with anorexia nervosa or bulimia, 4465
stealing behavior & associated psychopathology, females with anorexia or bulimia or unspecified eating disorder, 31540
symptoms & sexual history/experience & eating disorder attitudes & traits, 18–35 yr old bulimic females with vs without multi-impulsive behaviors, 26838
temperament & psychopathology, female adolescents with anorexia nervosa (mean age 15.1 yrs) vs bulimia (mean age 16.6 yrs) vs major depression (mean age 15.1 yrs), 26833
temporal stability & predictive utility of bulimic symptoms, 18–22 yr old females, 10 yr study, 42664
trait narcissism & eating disorders, females with bulimia vs anorexia nervosa restricting vs bingeing/purging subtype, 42671
trends in incidence of bulimic disorders, 1980 to present, 12407
TSH & thyroid hormone levels during active bingeing & vomiting & after 7 wks of abstinence from these behaviors, female 20–34 yr olds with bulimia, 4432
4-day dieting &/vs 3-day unlimited food intake periods, physiological correlates & psychopathological symptoms of bulimia & anorexia nervosa, normal-weight female 18–24 yr old unrestrained eaters, 8417

Bupropion—Serials

bupropion & bromocriptine, cocaine dependent 18–50 yr olds, 2072

bupropion & imipramine, plasma levels of desipramine, 64 yr old White female, case report, letter, 32535
bupropion & pretreatment with SCH 23390 &/or sulpiride &/or reserpine &/or a-methyl-p-tyrosine &/or phenoxybenzamine &/or propranolol &/or atropine, sniffing behavior, male albino rats, 29638
bupropion & sertraline, symptom relief, 36–40 yr olds with treatment refractory depression or bipolar disorder, case reports, 16643
bupropion, cocaine dependence, patients in methadone maintenance, 20325
bupropion induced dyskinesia, 70 yr old female with bipolar disorder, 36445
bupropion, selective serotonin reuptake inhibitor induced fatigue, 46, 47, & 50 yr olds, case reports, 36452
combined paroxetine & bupropion synergism, female 45 yr old with refractory depression, case report, letter, 9111
combined vs single serotonin reuptake inhibitor & bupropion treatment, symptom relief, 20–83 yr old outpatients with affective disorders partially responsive to drug therapy, 36421
enhancement of dopaminergic neurotransmission & bupropion & dopaminergic antagonists & SCH 23390 &/or pirenzepine &/or stereoisomers of SKF 10047, cocaine induced lethality, male mice, 25607
fluoxetine & bupropion, nocturnal panic symptoms, 47-yr-old female with recurrent major depression, case report, letter, 16667
outcome & relapse, 20–62 yr olds with bipolar disorder on maintenance pharmacotherapy, implications for use of bupropion & associated mania, commentary, letter, 13074
outcome & relapse, 20–62 yr olds with bipolar disorder on maintenance pharmacotherapy, implications for use of bupropion & associated mania, commentary reply, letter, 12973
spontaneous orgasm with combined use of bupropion & sertraline, depressed 35 yr old female, case report, letter, 23887
sustained release bupropion, work & social status, 18 yr olds & older with depression, 32467
venlafaxine vs bupropion, responsiveness & regional cerebral glucose metabolic rate, unipolar depressed outpatients, 23901

Burnout [See Occupational Stress]

Burns—Serials

attitudes toward severely burned vs typical vs emotionally troubled children, 21–53 yr old practice teachers vs senior nursing students vs counselors in training, 17041
baseline pain, hypnotic analgesia, hospitalized patients (mean age 36.86 yrs) with severe burns, replication, 20055
concept of & factors influencing resiliency, children & adolescents & adults with severe burns, 35978
early avoidance of traumatic stimuli, experience of intrusive thoughts, burn survivors, 8473
effectiveness of psychological debriefing, 16–65 yr old victims of acute burn trauma, Wales, 13 mo followup, 39889
lifetime vs 12 mo prevalence rates, burn-injured vs community dwelling 18–68 yr olds with affective vs anxiety vs substance use disorders, 1 yr study, 39364
preinjury anxiety vs mood vs alcohol & substance abuse disorders, postinjury adjustment, 18–68 yr old burn patients, 1 yr prospective study, 31586
profiles & treatment of suicide attempts by self immolation, 20–45 yr old mentally ill persons, 31169
PTSD symptoms of avoidance & emotional numbing & alexithymia, patients with burn injury or digit amputation in rehabilitation, Japan, 4521

Buses [See Motor Vehicles]

Business—Serials

antecedents & consequences of mentoring relationship for work life, female business graduates, Canada, 43781
business friendship cognitive script & experience, successful transaction process & outcome, real estate agents, 15580
changes in environmental uncertainty & resource dependence in external environment, strategic orientation of oil industry, 1967–86, 5788
cognitive analysis & life cycles & competitive positioning & enactment & structures, industries & markets, literature review, 37209
conceptual model of cooperation in entrepreneur–venture capitalist relationship based on Prisoner's Dilemma, 18839
conflict level, effects of interactive negotiation support system on issues resolution & satisfaction, manufacturing bargaining dyads, 22422
corporate governance & ownership & entrepreneurship & moderating effect of industry technological opportunities, Fortune 500 companies, 24781
designer & user perspectives on NorshipS decision support system for analyzing bulk shipping markets, 43935
economic certainty & unemployment level, consumer & producer confidence rate & industrial production, 14042
effects of culture on communication in intercultural business negotiation, American/Taiwanese negotiating dyads, 30079
executive turnover & recognition & decisions about provisions for loan loss & write offs of problem loans, bank managers, 9 yr study, 24747
family & human resources available during childhood, crack use & success at distribution, 40 yr old female crack dealer, 23046
implications of interactive electronic home shopping for consumers & retailers & manufacturers, 40652
mathematical ability & use of currency in commercial transactions in low income environments, 4–14 yr olds, Brazil, 11353
microenterprise & social development, social workers, 27695
moral management & moral maximization concepts in human rights & freedoms & equity & development, implications for business ethics, 33690
patterns & contexts & consequences of drug usage & dealing, female methamphetamine users, 23078
perspectives of advertising as investment vs business expense & break-even model of advertising expenditures, 2382
potential ethical difficulties inherent in psychology becoming a business, 43563
smartness & toughness & autonomy of gang practices, economics of drug sales, female gang members, 22961
supplier & salesperson characteristics, trust, purchasing managers, 28271
territory vs brand selectivity, manufacturers vs distributors, 28272
validating neural network model of financial diagnosis, business personnel, Norway, 43939

Business and Industrial Personnel [See Also Architects, Blue Collar Workers, Industrial Psychologists, Sales Personnel, Secretarial Personnel, Service Personnel, Technical Personnel, White Collar Workers]—Serials

age related accident risks, male automobile assembly workers, 2 yr studies, Sweden, 14016
clarity of management control system & performance–rewards relationship & employee control & influence on system, job satisfaction & propensity to leave, 20+ yr old purchasing managers, 13954
conceptual framework for antecedents & interdependencies of control mechanisms in buyer–supplier relationships, chemical manufacturers & suppliers, 14053
critical incident analysis as method of assessing stress & behavioral responses & consequences of responses to stressors in work settings, 18–58 yr old employees, New Zealand, 10121
cultural identity, male workers with occupationally induced hearing loss, 1643
development of standardized set of useful verbal probability phrases for communication, 21–46 yr old financial strategy experts, 35284
effectiveness of brainstorming groups in product design firm, CEO & managers & engineers & other staff, 20798
examination of workgroups' propensity to comply with safety rules & micro & macro organizational factors that may impact this behavior, managers & other personnel from manufacturing plants, Canada, 20828
executive turnover & recognition & decisions about provisions for loan loss & write offs of problem loans, bank managers, 9 yr study, 24747

individual vs organizational innovativeness & communication vs location interdependence & task analyzability, usage & evaluation of voice mail system, insurance & chemical company personnel, 10122
Myers-Briggs Type Indicator based interpretation of bureaucracy & entrepreneurship, psychological types, business entrepreneurs vs business managers & executives, 26273
NEO Personality Inventory-R scores, advertising & design creatives vs noncreative professionals & managers, UK, 22525
patterns of communication & interaction associated with productivity, global business team members, 5783
perceptions of procedural justice, knowledge of organizational procedure & evaluations of supervisors & job satisfaction & organization commitment, employees, 10104
principles & problems of open-book management, business organizations, 20747
psychometric properties of Interorganizational Climate Scale, assessment of relationship with distributors, manufacturers, 6116
responses to award vs non-award winning commercials, advertising professionals vs adult TV viewers, 33767
selection & training & emergency decision making processes, offshore installation managers in oil & gas industry experienced in crisis intervention, 2277
sex & personality traits, attribution of past & expected future success as entrepreneurs, 20+ yr old business owners vs heirs vs Ss interested in setting up business, Austria, 37192
uncertainty, general adjustment in foreign country, expatriate personnel in multinational corporation, 33672
unilateral vs bilateral dependency structure & normative vs explicit contracts & relationship behavior & length & long term orientation, wholesale distributor performance, wholesalers & suppliers, 14041
work motivation & leadership style & substitutes of leadership, job satisfaction, 20–46 yr old executives vs middle managers vs assembly workers, 33666

Business Education—Serials

contributions of faculty vs course content, overall evaluation of instruction, management class participants, 20575
past & present states of & best practices trends in executive education & leadership development, 28186
reorientation of traditional management education for inclusion of critical thinking components, 33622
team teaching in preparation & delivery, integration of business courses in finance & retail management through observation of decision making in real business enterprise, 13693

Business Management—Serials

corporate integration of concurrent quality improvement & work–family programs & underlying philosophies & values & assumptions, managers in business organizations, 20786
cultural perspective on management & organizational & values, Africa, 33588
females' instrumental & expressive power in corporate & government networks, male vs female corporate & government relations managers, 13944
hubris or exaggerated self-confidence as motivation for large premiums paid for acquisitions, chief executive officers, 33683
impact of networking characteristics on new venture growth, entrepreneurships, England, 24699
integration of marketing problem-solving modes & marketing management support systems, marketing managers, 40671
principles & problems of open-book management, business organizations, 20747
reduction of small business failure through prestartup planning & influence of contextual conditions, 17362
relative functional identification with functional area vs organization as whole, information sharing norms & integrated goals, marketing managers, 40668
theoretical & empirical studies in managerial careers & business strategies of companies managed, managers, 13940
top management team heterogeneity, airline firms' competitive behaviors, 20791

Business Organizations—Serials

attitudes toward procedural fairness of performance appraisal process in organizations, employees, 37180
business-linked executive development model for coaching senior executives, middle-aged male, 5766
characteristics of individuals & business organizations that foster and/or carry out change initiatives, middle level managers, 20788
collaborative communication with high vs low integration & control in interfirm relationships, perceptions of commitment to & satisfaction with & coordination of activities, computer dealers, 2320
conceptual framework for antecedents & interdependencies of control mechanisms in buyer–supplier relationships, chemical manufacturers & suppliers, 14053
conceptual framework for reciprocity & diffusion of board independence & structure & social exchange relationships among coporate leaders, CEO directors, 33695

personality traits, Jordanian vs American business college students, 15692

Businessmen [See Business and Industrial Personnel]

Buspirone—Serials
acute buspirone, post-DST ACTH & cortisol levels, adults with major vs minor depression, Belgium, implications for 5-HT effect on hypothalamic-pituitary-adrenal axis function in depression, 7918
acute diazepam & buspirone, spontaneous & environmental stress induced noradrenaline efflux in frontal cortex, rats, 6861
alprazolam vs buspirone with vs without ethanol, self-rated cognitive performance, non-drug abusing 21–50 yr olds, 18334
anxiolytic efficacy of buspirone, patients with generalized anxiety disorder & coexisting mild depressive symptoms, 13052
benzodiazepines vs buspirone treatment strategies, short & long term management of generalized anxiety disorder among primary care patients, conference presentation, 36505
buspirone, agitation, male 50 yr old with Huntington's chorea presenting with progressive dementia & choreaothetoid movements, case report, letter, 1932
buspirone, alcohol dependence & associated psychopathological & physiological symptoms, ambulatory alcoholic 25–60 yr olds, 13439
buspirone, anxiety, 65+ yr olds with chronic obstructive airways disease & symptoms consistent with emphysema, letter, 32333
buspirone augmentation, responsivity to selective serotonin reuptake inhibitors, 18–50 yr olds with social phobia, 13068
buspirone, behavior management, 74-yr-old male with senile onset Huntington's disease, case report, 39481
buspirone, plasma prolactin & growth hormone concentrations, 18–50 yr old male patients with chronic fatigue syndrome, 26888
buspirone, poststroke depression, 53–86 yr olds, letter, 32466
buspirone, social anxiety & avoidance, patients with social phobia, 12 wk study, Netherlands, 36524
buspirone vs haloperidol, agitation manifested by physical tension & motor activity, elderly nursing home residents with Alzheimer's disease, 20068
caffeine &/or triazolam &/or buspirone, discrimination & self-reports & psychomotor & DST performance, healthy 21–31 yr old males, 41500
chlordiazepoxide & buspirone & cocaine, lever pressing suppressed by timeout from response-dependent pellet presentation, male rats, 41537
chronic fluvoxamine treatment, hormonal & psychological responses to buspirone, 22–41 yr old males, 15000
citalopram HBr & buspirone, ischemic neuronal death & role of hippocampal serotonergic neurons, ischemia challenged gerbils, 21894
diazepam & buspirone, fear conditioning & odor analgesia, male rats, 597

efficacy & side effects of buspirone vs lorazepam, outpatients with anxiety disorders, 4 yr followup, 5095
maternal treatment with buspirone, dopamine & norepinephrine reuptake sites & D1 receptors, offspring of ethanol-fed rats, 34659
metyrapone & corticosterone, buspirone vs chlordiazepoxide effects on release of stress hormones, male rats, implications for role of pituitary adrenal axis, 15060
5-HT†B 1A †b receptor antagonist WAY 100635, anxiolytic- vs anxiogenic-like effects of 8-OH-DPAT vs buspirone on plus-maze, male rats, 41444
Buying [See Consumer Behavior]
Cadres [See Social Groups]
Caffeine—Serials
acute & repeated caffeine, reinstatement of extinguished cocaine taking behavior, male rats, 7063
acute caffeine, visual EPs in focused vs divided attention during visual search, 19–29 yr olds, 18314
alprazolam &/vs caffeine, DRL behavior & pharmacokinetics, male rats, 607
anxiety sensitivity & perceived control, emotional responding to caffeine challenge, 17–31 yr olds, 25622
anxiety sensitivity, heart rate & cardiac awareness during mental arithmetic & caffeine manipulation, female college students, 11089
caffeine & impulsivity & sex, reading time & recall, college students, 6976
caffeine &/or triazolam &/or buspirone, discrimination & self-reports & psychomotor & DST performance, healthy 21–31 yr old males, 41500
caffeine augmented ECS, damage to hippocampal neurons, male rats, implications for caffeine augmentation in human ECT, 25523
caffeine augmented ECSs, hippocampal neuron damage, male rats, implications for caffeine augmentation in human ECT, comment, 29439
caffeine augmented ECSs, hippocampal neurons, male rats, implications for caffeine augmentation in human ECT, commentary reply, 29411
caffeine, clozapine metabolism, 31-yr old Black female with schizoaffective disorder, case report, letter, 16646
caffeine, combat-stress reaction, soldiers, 26562
caffeine consumption, tobacco smoking cessation success & nicotine withdrawal symptoms, caffeine-using vs -abstaining smokers, 1 yr study, 25621
caffeine, cue exposure trial, ex-smokers, 18820
caffeine dosage, alphanumeric cognitive performance, college students, Australia, test of inverted-U vs task difficulty hypothesis of Yerkes-Dodson Law, 38175
caffeine intake & pharmacokinetic measures of rate of caffeine metabolism, withdrawal symptoms, normal adults, 6960
caffeine intake vs napping, sleepiness, adult drivers taking short break, 2912
caffeine restriction, subjective acute & withdrawal effects & reinforcement, moderate caffeine consumers, 29610
caffeine self-administration & subjective effects, adult cola drinkers, 38640
consumption of sugar vs aspartame vs no sweetener in caffeinated vs decaffeinated coffee, cardiovascular functions & mood & memory & selective attention, adults, 3245
diet vs caffeine vs nicotine vs lorazepam, stability of plasma & urinary HVA, male patients with schizophrenia, 30963
effects of caffeine on disorder & medications, mentally ill patients, 11922
flavor preference conditioning, postlunch caffeine-paired target drink consumption & mood dip alleviation, 18–23 yr old caffeine users vs nonusers, 7046
high vs low scores for neuroticism, sleep quality & caffeine kinetics, 22–24 yr olds, letter, 3161
level of electrical stimulation & seizure activity, efficacy of ECT treatment, patients with endogenous depression, 19990
oral caffeine pretreatment, FR reinforced smoked cocaine self administration, male rhesus monkeys, 11120
pain & caffeine & sodium benzoate vs caffeine citrate injections to prolong seizure length in ECT, letter, 20001
pharmacological effects & use & abuse of caffeine, psychiatric patients, 1210
reinforcing effect of caffeine self-administration & subjective effects & serving dose, 32–57 yr old coffee vs cola drinkers, 38639
reliability vs sensitivity vs validity of methodology, effects of caffeine & diphenhydramine on visual vigilance, commentary, letter, 7062
reliability vs sensitivity vs validity of methodology, effects of caffeine & diphenhydramine on visual vigilance, commentary reply, letter, 6884
rest vs mental stress & caffeine, cardiovascular reactivity, healthy male 20–30 yr olds, 11077
slow release caffeine, mood & alertness, male 18–26 yr olds, 7074
temazepam, reversal of insomnia induced by 4 vs 8 mg caffeine & next day awakening, healthy 21–25 yr olds, 11102
Cage Apparatus—Serials
computer-monitored mouse running wheel with adjustable drag, measurement of direction & speed of running, mice, 34342
morning vs afternoon & FRs, motivation behavior for additional space, 14-wk old male caged lab mice, 21508
Calcium [See Also Calcium Ions]—Serials
alprazolam, cholecystokinin tetrapeptide-induced intracellular calcium mobilization in T cells, patients with panic disorder or major depression or schizophrenia, 39783
aluminum & age, brain levels of aluminum & calcium & magnesium & iron & manganese & copper, young vs adult vs old male rats, implications for aluminum induced neurobehavioral deficits, 29291
antidepressants, 5-HT-2C receptor mediated calcium mobilization in ovary cells transfected with 5-HT-2C clone & subsequent regulation of 5-HT-2C receptor function, Chinese hamsters, 11101
antisera to alpha vs beta subunits of calcium binding protein S-100, amnesia development for passive avoidance task, day old chicks, 34566
basad CA2+ concentrations in T & B lymphocytes, patients with bipolar I vs bipolar II disorder, Canada, 38976
BAY k 8644 with vs without nimodipine, ethanol preference & intake & food & total fluid intake, alcohol-preferring rats, 18282
beta-amyloid1-40 & free radical scavenger, electrically stimulated release of norepinephrine & KCl evoked increases in intrasynaptosomal calcium in rat brain, 21670
brain calcifications & leukodystrophy & parenchymal cysts, cognitive & extrapyramidal & cerebellar & pyramidal signs, children & adolescents with progressive microangiopathy, 12464
calcium channel blockers & calcium–calmodulin-stimulated kinase inhibitors & botulinium toxin B, GBR-12909 & amphetamine induced dopamine increase in nucleus accumbus shell, cocaine sensitized rats, 34692
calcium homeostasis & reactive oxygen species production, cellular mitocholdria from adults with vs without Alzheimer's disease, 36141
exercise, CNS function as measured by brain calcium–calmodulin-dependent dopamine synthesis, male mice, animal model of convulsive seizures, 6679
levels of basal & serotonin-stimulated intracellular calcium, patients with anorexia nervosa (mean age 24.6 yrs) vs bulimia (mean age 23.5 yrs), 31489
morphine tolerance, free intracellular calcium levels in synaptosomes from whole brain vs various brain regions vs spinal cord, rats & mice, 18349
oral paroxetine, hormone & cortisol & platelet calcium response & impulsivity, healthy male adults, 3268
potassium channel dysfunction, PHA-induced calcium signal in lymphocytes, 39–82 yr old Alzheimer's disease vs depressed patients, 4649
predictors of osteoporosis prevention behaviors of calcium intake & exercise participation, female college students, 24063
pretraining L vs N type calcium channel antagonists, passive avoidance vs visual discrimination learning & memory, day old chicks, commentary, 18283

pretraining L vs N type calcium channel antagonists, passive avoidance vs visual discrimination learning & memory, day old chicks, commentary reply, 18280
role of neuropeptide Y in long term depression in electrical activity & intracellular calcium levels of neurons, rats, 14886
serum & cerebrospinal levels of calcium & magnesium, 18–63 yr old acute vs 18–58 yr old remitted schizophrenics, Israel, 12049
serum levels of magnesium & calcium & circulating hormones, unmedicated patients with unipolar depression, letter, 30859
tetanic stimulation, Ca2+ & long-term potentiation & long-term depression in hippocampal slices, rats, 21731
treatment with 1,25 dihydroxy-cholecalciferol, improvement in dementia, 51 yr old male with idiopathic hypoparathyroidism, case report, implications for hypocalcemia, 20104
treatment with 1,25 dihydroxy-cholecalciferol, improvement in dementia, 51-yr-old male with idiopathic hypoparathyroidism, case report, commentary & commentary reply, letter, 36618
Calcium Channel Blockers [See Channel Blockers]
Calcium Ions—Serials
antidepressants, intracellular calcium mobilization, Chinese hamster ovary cells transfected with human serotonin receptors, 29499
basal & serotonin-stimulated changes in intracellular calcium concentration, males with major depression vs substance abuse disorder vs schizophrenia, 15815
chronic desipramine vs mianserin, noradrenaline vs acetylcholine vs high potassium induced intracellular calcium, frontal cortical neurons, rats, 25614
clomipramine vs verapamil, 5-HT induced intracellular calcium changes, rat glioma cells, 25627
high calcium artificial CSF with vs without picrotoxin, long term changes in neuronal excitability in olfactory bulb, rats, role of calcium ion & NMDA receptors in bulb plasticity, 21633
nefiracetam, passive avoidance performance & cholinergic & GABAergic & Ca2+ channel effects, basal forebrain-lesioned & scopolamine treated rats & rat brain tissue & NG108-15 cells, 21938
total fasting, 5-HT- vs A23187-induced platelet Ca2+ release, 15–50 yr old inpatients with atopic dermatitis or bronchial asthma, Japan, implications for depression, 25620
Calculators [See Digital Computers]
Calculus [See Mathematics]
California Psychological Inventory—Serials
correlation between General Health Questionnaire & California Psychological Inventory & self-ratings of stress & alcohol consumption, government employees, England, 5972
factorial structure of California Psychological Inventory & relationship with five-factor personality model, 17–72 yr olds, 37402
MMPI-2 vs California Psychological Inventory & demographics, identification of need of employee assistance programs & resulting mental health change, referred vs nonreferred police officers, 25034
Calories—Serials
calorie restricted diet, dopamine overflow in striatum Nucleus accumbens, 26–28 mo old female rats, 41314
calorie restriction, learning in cued & spatial tasks, 2–4 vs 19–23 mo old male mice, animal model of cognitive deficits in aging, 6438
flavor distinctiveness & sucrose concentration, positive reinforcement vs anticipated satiety effects in preferential consumption of isocaloric solutions, male rats, 10757
fluoxetine, food & caloric & carbohydrate intake & number of eating occasions, normal weight 21–34 yr olds living in residential laboratory, 11133
high caloric meal, heart rate & BP & cutaneous heat nociception, fasted healthy males (mean age 27 yrs), 11081
level of eating restraint, perceptions & estimations of caloric intake, adult females, 11734
preferred maintenance of saccharin sweetened alcohol self administration vs isocaloric sucrose solution, male rats, 18300
protein-calorie malnutrition, behavioral response to diazepam, rats, 38041
Cameroon—Serials
desires for additional wives vs additional children, fertility & nuptial decision making, monogamous males, Cameroon, 11560
polygyny, marital & life satisfaction & SES, 16–56 yr old mothers from rural villages, Cameroon, 35077
Campaigns (Political) [See Political Campaigns]
Camping—Serials
wilderness use social encounters, achieved privacy, backpackers, 10159
Campuses—Serials
model for campus-based child care programs & historical factors & campus politics & policies & needs & expectations & physical setting, case study, 35104
Canada—Serials
accuracy & reliability of diagnostic codes for schizophrenia & depressive disorder in administrative health care utilization datafiles, Canada, 38940
adjustment & development following immigration, 6 yr old Chinese male, Canada, 38400
age & sex & living arrangement & SES & occupational status & parental role, degree of similarity in political attitudes, 9–18 yr old children vs 26–60 yr old parents, Canada, 7316
aim & content of "Canadian Journal of Community Mental Health" special issue on Canadian mutual-aid & support groups, 16679
alcohol drinking patterns, Anglo vs Native-Canadian youths, implications for intervention, 29916
ambivalence & positive vs negative emotional priming, amplification of attitude responses to Native peoples vs Canadians, 17–38 yr old college students, Canada, 41849
analysis of development of work & family policy & reasons for failure of policy to adequately meet needs of families, Canada, 26043
anxiety & situational & cognitive stressors & practice teaching vs instructional preparation & predictive models, British vs Canadian male vs female student teachers, Canada, 24540
application of "Canadian Guidelines for Sexual Health Education" to sex therapy, Canada, 32030
application of "Canadian Guidelines for Sexual Health Education" to social work in sexuality education, Canada, 32936
application of principles of Canadian Code of Ethics for Psychologists to key arguments in prescription privileges debate, Canada, 27934
assessment of health & well-being needs indicators for health & social services regional resource allocation in Quebec, Canada, 9435
attitudes toward marriage & childbearing & sex roles, Catholic vs non-Catholic female English- vs French-speaking 18–49 yr olds, Canada, conference presentation, 22279
attraction to on-ice hockey fights & fight history & group size, personal involvement in crowd disorders, adult males, Finland vs Canada, 18985
C 19 amendment to Young Offenders Act & Criminal code, shift from welfare approach to justice & crime control approach, Canada, 42579
caring & service of academics & university rewards & cultural prescriptions & perceptions, female university teachers, Canada, 33343
centralized system for monitoring clozapine use, 13–80 yr old & older patients, Canada, 9038
clarification of Canadian Psychological Association's position on beginning reading instruction for schools with emphasis on blend of phonics & whole language materials, Canada, 9893
comfort level, attitudes toward other ethnic groups, adults, Canada, 26015
consumer empowerment & involvement in mental health, Canada, research review, 24216
criminal code changes, remands & assessments of fitness to stand trial & criminal responsibility, defendants remanded for evaluation over 2 yr period, Canada, 40747

cultural factors, emergence of borderline pathology, 25 yr old East Indian & 43 yr old Moroccan female immigrants, US & Canada, 31160
cultural factors, emergence of borderline pathology, 25 yr old East Indian & 43 yr old Moroccan female immigrants, US & Canada, comment, 31159
culture-religion, religiosity, US vs Canada, 18702
demographic vs clinical variables, variance in fitness to stand trial assessments, adults, Canada, 33870
development of "Care for Kids" sexual education & abuse prevention & adult responsibility program, Canada, 29895
disability associated with psychiatric disorder & service needs, 15–64 yr olds, Canada, 30753
domestic protests & suicide & homicide rates, 1960–85, West Germany vs Canada, replication, 16030
epidemiology & predictors of mental health service use, 15–64 yr olds, Canada, 32819
epidemiology of obsessive compulsive symptoms & disorder, community sample, Canada, 42390
ethical decision making using Canadian Psychological Association's rank ordering of 4 ethical principles, pre-professional college psychology students, 5553
ethical issues associated with establishing fee structure in private practice in psychology, Canada, 43555
evaluation of Refined Group Number classification system for funding psychiatric discharges, hospitalized patients, Canada, 1991–93, 5381
evolution of & influences on psychology & research contributions & professional practice developments, Canada, 14181
factor structure of Kirton Adaption Innovation Inventory, college students, Canada vs Japan, comparison with US & Italian & British data, 21005
factors related to & correlations between parricide & criminal violence rates, Canada, 1962–1985, 35854
family & cultural & personal values, decision making about life issues, 18–44 yr old Canadians vs non-Canadians, implications for counseling, 19008
fatherly affirmation, fear of intimacy & self-esteem, male college students, Canada vs Netherlands, 22301
guardianship reform & legal issues in assessing mental competency & capacity, Canada, 37341
institutional barriers to sexual health at federal & provincial & local levels, impact on adolescent sexual health & implications for perpetuation of social inequalities, Canada, 24140
Italian vs Greek ethnicity, multidimensional factor structure of acculturation, Canada, 38515
linguistic/cultural group & minority/majority status in province, psychological type, Anglophone vs Francophone college students, Canada, 19004
low income, psychosocial morbidity, 6–16 yr olds, Canada, 22986
mental health policy making & reform in Quebec, Canada, 4 yr study, 32870
methodology of Mental Health Supplement to Ontario Health Survey epidemiological study of psychiatric disorder, residents 15 yrs old & older, Canada, 28661
models of sexual identity & development & concept of "2 spirit", lesbian & gay & bisexual Indigenous Americans, Canada, 11633
nature & extent of empowerment & consumer/survivor participation in community mental health agencies & programs, Canada, 24212
need for & development of Canadian Psychological Association definition of clinical psychology field, 2105
negative political TV advertising, evaluations of target & source candidates, university students, Canada, 35271
normative study on Coolidge Axis II Inventory, assessment of DSM-IV personality disorders, college students vs elderly, Canada vs US, 10466
opposition to ideal system or Cartesianism in 19th century Anglo-Canadian psychology, 20941
perceived antiracist education in Toronto Board of Education, White vs racial minority teachers, Canada, 40350
perceptions of power & political behavior & conflict resolution processes & policy goals addressing forest conflict, 1992–94, Canada, 33819
plaintiff gender & just cause determinination in wrongful employee dismissal court cases, 1980–1993, Canada, 5882
practical & conceptual arguments for & against prescription privileges & American perspective, psychologists, Canada, commentary, 9782
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary, 9796
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary reply, 9785
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, 9784
preferred psychopharmacological treatment strategies for bipolar depression, psychiatrists, Canada, 32539
prevalence estimates of problem & pathological gambling, adults & adolescents & primary school children, Canada, 4263
prevalence of gambling & pathological gambling with increased legalized gaming, adults, New Zealand vs US vs Canada, 12136
prevalence of major depression & mania & dysthymia & functional disability & health service utilization, urban vs rural 15–65 yr olds & older, Canada, 15926
priorities for professional training in psychology, training program directors, Canada, 24412
procedural constraints, collective decisions in constitutional negotiation, first ministers, Canada, 1981, 7523
profile of intensive mental health service utilization, patients, Canada, 4 yr study, 5270
psychiatric consumer/survivor participation policy in community mental health legislation, implications for empowerment, Canada, 24182
psychotropic medications prescribed, 15–100 yr olds with sleep disorders, France vs Canada, conference presentation, 27439
public opinion on interchangeability & equivalency of criminal fines vs imprisonment, 18–60+ yr olds, Canada, 43973
public policy vs familial ability to provide for psychological well being, infants & parents, US & Canada, 30182
recent legislation & pilot Child Witness Project to provide court preparation for child sexual abuse cases, children, implications for successful prosecutions, Canada, 14153
research training & productivity, faculty members affiliated with university departments of psychiatry, Canada, 20426
researcher pool gender balance & reduction of international graduate recruits & trend toward subspecialization, future pool of research expertise, psychiatry department faculty members, Canada, 20425
settings & supervisory issues in predoctoral internship training, Canada, 24431
sexual harassment & sexual intimacy in academic environments & recommendations of Canadian Psychological Association, students & faculty & supervisors & psychologists, Canada, literature review, 5578
social & legal & law enforcement changes & decline in crime rates, Canada, 1991–93, 43972
social desirability, male vs female high school students, South Africa vs Canada, 791
sociodemographic factors & individual differences, willingness to commit murder under conditions of anonymity, college students, US vs Canada, 4379
standardization study of 3rd edition of WAIS, 16–89 yr olds, Canada, 2543
suicide in Canada & differences in suicide between Canada & US, 31259
survey of death education in faculties of nursing & medicine, Canada & UK, 27962
survey of provincial policies & structures & programs in profile of mental health prevention, Canada, 24139
threats of body harm & physical & sexual & weapon assault & pornography exposure, 4th yr medical students, 1 yr study, Canada, 33203
trends in demographic indicators of family, past 50 yrs, Canada vs US, conference presentation, 22266
WISC Vocabulary scores & sex, developmental norms for Wisconsin Card Sorting Test, 9–14 yr olds, Canada, 21109
workplace stress management & policy/program recommendations, human resource managers, Canada, 24793

1-yr prevalence rates of psychiatric disorder, 15–64 yr olds, Canada, 30790
19th & early 20th century case descriptions of anorexia nervosa & relation to modern diagnosis, Canada, 31503
Cancer Screening—Serials
Afrocentric model of lived experience & decision making process of participation in breast & cervical cancer screening, 18–62 yr old low income Black females, 20130
age & SES & prior symptomatology & breast cancer & mammography beliefs & knowledge & physician recommendation & health motivation, adherence to mammography guidelines, 35–88 yr old females, 2 yr study, 5222
applicability of Health Belief Model to cervical cancer & gynecological & Pap smear test screening beliefs & behaviors, 18–23 yr old undergraduate females, 43277
breast cancer risk & mammography screening, human females, meta analysis, 13199
breast cancer screening practices for females aged 65 yrs & older, physicians, 23348
coping strategies & personality characteristics, psychiatric morbidity, female 20–65 yr olds undergoing needle biopsy for detection of possible breast cancer, England, 5223
development & validity of Cancer Behavior Inventory, assessment of self efficacy & coping behavior, 21–90 yr olds with cancer, 21063
ethical & legal & social issues in genetic cancer susceptibility testing, children, 32653
interest & attitudes about BRCA1 testing, 21–60 yr old females, development of model informed consent process, 39930
predictive factors & prevalence of Pap testing, Cambodian 18–73 yr olds, 13208
prevalence of & factors related to breast cancer screening behavior, female 50 yr olds & older with diabetes mellitus, 13204
psychological distress during routine breast checkup, 30–77 yr old females with vs without family history of breast cancer, Israel, 42759
psychological distress predictors of use of genetic testing for cancer risk, adult members of hereditary breast ovarian cancer families, 36036
SES & education & family history, breast cancer knowledge & risk perception & screening & medical procedures, Black vs White adult females, 26935
worry & perceived vulnerability, breast cancer screening behavior & intentions, 40–75 yr old females, 1 yr followup, 13200
Cancers [See Neoplasms]
Candidates (Political) [See Political Candidates]
Cannabinoids [See Also Tetrahydrocannabinol]—Serials
anandamide administration after phenylmethylsulfonyl fluoride pretreatment, reference & working memory, male rats, 612
anandamide as substitute for delta-9-tetrahydrocannabinol in drug discrimination procedure, male rats, 38082
antisense vs mismatch oligodeoxynucleotides, antinociceptive response to cannabinoid agonist, male mice, 29536
cannabimimetics or baclofen administration with vs without CGP 35348 pretreatment, motor inhibition, adult male rats, implications for GABA receptors involvement, 627
cannabinoid agonists, turning behavior, mice, implications for role of dopamine transmission in turning & role of cannabinoid receptors in control of basal ganglia/nigrostriatal function, 18340
cannabinoid CB1 receptor antagonist & agonist, impairment/improvement in FR scheduled responding & acoustic startle response, male pigeons & rats, 3247
cannabinoid withdrawal, corticotropin releasing factor in limbic system & Fos activation in amygdala, rats, 37997
central cannabinoid receptor antagonist SR141716A, EEG effects & wakefulness & occurrence & duration of slow wave & REM sleep during sleep wake cycle, rats, 632
delta-9-tetrahydrocannabinol, 3-dimensional inversion illusion perception, normal male 26–42 yr olds, test of endogenous cannabinoid dysregulation hypothesis of schizophrenic psychosis, 43129
development of tolerance to CP 55,940, hypoactivity & hypothermia & immobility & 3H-CP 55,940 binding to brain membranes & cAMP in cerebellum, rats, 21841
modulatory role of central corticotropin releasing factor systems on effects of acute exposure to cannabinoid receptor agonist HU 210, defensive withdrawal, male rats, 21914
physostigmine & cannabinoid antagonist SR141716A & delta-tetrahydrocannabinol or scopolamine & intertrial error, radial arm choice accuracy & performance, male rats, 609
prenatal anandamide vs stress, open field activity & catalepsy & hypothermia & analgesia & immune responses to anandamide vs delta9-THC vs no challenge, mice from day 13 to adulthood, 6893
selective CB1 cannabinoid receptor antagonist SR 141716, short-term olfactory memory in social recognition, adult & aged male rats & mice, 643
selective central CB1 cannaboid receptor antagonist SC 141716, sucrose feeding & drinking & food & water & ethanol consumption, male rats & mice, 41434
synthetic cannabinoid CP 55,940, locomotor activity & body temperature & food & water ingestion & conditioned taste avoidance & place preference, male rats, 11171
WIN 55212-2 & its inhibition by SR 141716A, electrically evoked acetylcholine release from hippocampal vs nucleus accumbens slices, male rats, 6907
3-amino-1-hydroxypyrrolid-2-one, delta(9)-tetrahydrocannabinol-induced alteration in monoamine transmission & spatial working memory, male rats, 34668
Cannabis [See Also Hashish, Marihuana]—Serials
cannabis use & risk of schizophrenia, commentary reply, letter, 22821
cannabis use & schizotypal & other personality traits, healthy adults, 18827
chronic cannabis use, withdrawal symptoms & tolerance & persistence of use, 16–17 yr olds, case study, implications for treatment, 31305
frequency & duration of cannabis use, cerebral damage & impairment of information processing & relationship to functional psychoses & schizophrenia, literature review, 4319
long-term daily cannabis use, dependence & adolescent development & cognitive impairment & psychosis, 42526
Canonical Correlation [See Multivariate Analysis]
Capgras Syndrome—Serials
coexistence of Capgras syndrome with erotomania, female 60 yr old, case report, letter, 4064
delusion for place & development of Capgras syndrome, 64 yr old female with viral encephalitis & visual-spatial impairment & frontal lobe dysfunction, Canada, case report, 8642
demographic characteristics & clinical diagnoses & nature of other psychopathology & structure of delusional misidentification, patients with delusional misidentification syndromes, 4176
face recognition & verbal memory & visual stimuli processing, 73 yr old male & 82 yr old female with vascular dementia & comorbid Capgras syndrome, 12651
frontal/executive deficits & memory problems & perceptual distortions in etiology of Capgras syndrome, 74 yr old female with closed head injury & premorbid amnesia, case report, 4690
occurrence of Capgras' syndrome & Fregoli's syndrome, 29 yr old female & her mother with paranoid schizophrenia, letter, 1272
Capital Punishment—Serials
argument position & type of justification for punishment, life vs death sentence recommendations for murderer, 17–54 yr olds, 20919
death penalty & role of psychiatry, 28359
insanity defense & death penalty & right to refuse treatment cases, 33869
issues in death sentence conviction in US, mentally retarded, erratum, 31474
issues in death sentence conviction in US, mentally retarded, 19468
leadership style & personality, attitude toward capital punishment, male vs female college students, Canada, 35285

misperception of public opinion toward death penalty, adult citizens vs state legislators, 5889
sex & extraverted or neurotic personality traits, attitudes toward death penalty, high school vs college students, 34930
Capitalism—Serials
application of empirical psychology research to M. Weber's sociological theory of Protestantism as religious ethos in rise of capitalism, 41841
challenges to social foundations of capitalism caused by global economics, policy directions for social stability, 41803
emergence of network capitalism as distinctive institutional form in China's economic system, 18662
Capsaicin—Serials
capsaicin vs red peppers during gestation, hot plate escape response latency, rat pups, 7023
concentration levels & training in avoidance of capsaicin vs piperine vs zingerone vs turpentine, European Starlings, 18071
zingerone vs capsaicin & interstimulus intervals & chili consumption frequency, time–intensity irritation characteristics & sensitization effects, adults, 7034
Captivity (Animal) [See Animal Captivity]
Captopril—Serials
angiotensin-converting enzyme inhibitor captopril, performance in activity &/vs occupancy tests, male rats with myocardial infarction, animal models of anxiety, 7035
inhibition of angiotensin II synthesis by captopril, auditory EPs & cardiovascular activity & plasma catecholamine concentrations as indicators of attention, 21–34 yr old males, 3206
Carbachol—Serials
carbacholine activation of caudate nucleus of striatum & CM-Pf complex of thalamus, reaction to defense & differential acoustic signals, dogs, 6673
carbacholine injections, activation of cholinergic systems of caudate-putamen & accumbens in avoidance training in T-maze, rats, 29362
icv cadmium, water intake attenuation & CNS & cholinergic & antiotensinergic activity, dehydrated male rats pretreated with carbachol or antiotensis II or 5-HT2 antagonist RP62203, 11126
in vivo noradrenaline & carbachol in cortex & hippocampus, inositol triphosphate levels during acute vs chronic lithium treatment, male rats, implications for inositol depletion hypothesis, 29295
kainic acid vs carbachol in periaqueductal gray & antero-medial hypothalamus, emotional defensive response & neurotoxic & EEG effects & epileptiform activity & cell loss in limbic cortex, cats, 586
microinjection of carbacholine in dorsal striatum, discrimination of sensory signals & regulation of defensive behavior, rats & dogs, translated article, 29616
Carbamazepine—Serials
adjunctive carbamazepine or lithium carbonate, adult patients with chronic treatment resistant schizophrenia, letter, 1857
carbamazapine & L-type calcium channel inhibitor binding sites, rats, 3259
carbamazepine & haloperidol, EKG QTc prolongation, 35–80 yr olds with schizophrenia & without heart disease, Japan, retrospective study, 19944
carbamazepine & isradipine, conditioned taste aversion, female rats, implications regarding confound in research on reduction of drugs' reinforcing effects, 7030
carbamazepine & lithium, manic or depressive episodes & hospitalizations & morbidity, outpatients with bipolar or schizoaffective disorder, 2–13 yr followup, Italy, 32363
carbamazepine, adenosinergic potentiation of phenylephrine induced formation of inositolphosphates in cultured hippocampal brain cells, newborn rat pups, 25560
carbamazepine, children with ADHD features, meta analysis, 13047
carbamazepine, combativeness, 17–29 yr olds with multiple trauma including traumatic brain injury, 5177
carbamazepine, neuropsychological deficits, female 24 yr old with depressed mood & panic symptoms & temporal lobe electrophysiological disturbance, case report, 9114
carbamazepine, overt aggression & psychiatric symptoms & cognitive effects, 5.3-11.7 yr olds with conduct disorder, 5002
carbamazepine, retrograde & anterograde amnesia during & after seizure, 41 yr old female with nonconvulsive status epilepticus, case report, 9293
carbamazepine, retrograde & anterograde amnesia during & after seizure, 41 yr old female with nonconvulsive status epilepticus, commentary reply, 39921
chronic exposure to lithium &/vs carbamazepine &/vs valproate & model of myristoylated alanine-rich C kinase substrate in immortalized hippocampal cells, 21669
chronic lithium vs carbamazepine treatment, protein phosphorylation in brain, male rats, 41473
combined valporate or carbamazepine & ECT, response & side effects, 35–85 yr old patients with major depression or bipolar disorder, 36186
desensitization to carbamazepine induced skin rash, 38 yr old female with bipolar affective disorder, case report, 12946
detecting adverse effects of carbamazepine or valproate in epilepsy treatment, passive vs routine checking strategies of neurologists, 43253
development of carbamazepine hypersensitivity, psychotic 13 yr old Hispanic female with suicidal & homicidal ideation, case report, letter, erratum, 12936
diazepam, retrograde & anterograde amnesia during & after seizures, commentary & case report, 34-yr-old female with pattern of amnesia during nonconvulsive status, 39906
dose of lithium & carbamazepine & time of death during 24 hr rhythm, deiodinase activity in CNS & peripheral tissues & thyroid hormone metabolism, rats, 34636
dosing strategies & response time & side effects of lithium vs valproate vs carbamazepine, patients with acute mania, 23865
efficacy & time course of onset & health & economic impact of lithium vs valproate vs carbamazepine, patients with acute mania, literature review, 23892
interaction of lamotrigine with carbamazepine & verapamil, low magnesium induced model epilepsy, hippocampal slices of guinea pigs, 34724
lithium & valproate & divalproex & carbamazepine, outcome of bipolar disorder, patients receiving acute vs prophylactic treatment, 5047
lithium vs carbamazepine therapeutic efficacy & treatment outcomes & ICD-9 & RDC & DSM-III-R diagnoses, schizoaffective patients, 32427
lithium vs carbamazepine vs valproate, regulation of transduction pathways & protein kinase C, implications for etiology & pathogenesis & treatment of manic depression, literature review, 23904
occurrence of Jackson seizure & subsequent development of panic disorder, treatment with carbamazepine, 32 yr old male, case report, 2 yr followup, 24016
parameters for grading & differentiation between neurophysiological & neuropsychological side effects of increasing doses of carbamazepine treatment, patients wiht trigeminal neuralgia, 43254
pharmacokinetics & toxicity & drug interactions of carbamazepine, clinical use in neurology & pharmacology & efficacy with psychiatric disorders, literature review, 4977
retrograde amnesia during & after seizure, commentary, adult female with epileptic seizures & amnestic spells, 39899
sample size issues in study of safety & efficacy of addition of MAO inhibitors to carbamazepine, inpatients with treatment resistant depression, commentary reply, letter, 11897
sample size issues in study of safety & efficacy of addition of MAO inhibitors to carbamazepine, inpatients with treatment resistant depression, commentary, letter, 12940
valproic acid & phenytoin & carbamazepine, color vision deficiencies, patients with epilepsy taking antiepileptic drugs vs not on antiepileptic drug therapy, 36415
Carbohydrate Metabolism [See Also Glucose Metabolism] —Serials
changes in carbohydrate & glucose metabolism & role of regulatory hormones in anorexia nervosa, research review, 4437

Carbohydrates [See Also Deoxyglucose, Sugars]—Serials
carbohydrate & preferred vs aversive taste solutions with vs without food, discriminative fluid intake conditioning, female rats, test of nutrient–flavor vs malaise analog hypotheses of conditioning, 6422
carbohydrate deficient transferrin & sex steroids & iron status, pregnant females, implications for fetal alcohol syndrome, 11053
carbohydrate drink, psychomotor performance during 24 hr nuclear biological chemical warfare simulation wearing protective mask & clothing, male Army personnel, Netherlands, 7101
carbohydrate infusions after vs not drinking saccharin, saccharin intake, rats, implications for behavioral associative processes, 41510
carbohydrate infusions, stimulation & suppression of saccharin intake & condition satiety, female rats, 34697
comparison of methods for measurement of carbohydrate deficient & total transferrin, alcohol abusers with vs without liver disease, 8281
short-term intake of protein- vs carbohydrate- vs fat-rich diets, anxiety, male rats, 11084
Carbon Dioxide—Serials
anxiety sensitivity & suffocation fear & trait anxiety & breath holding duration, response to carbon dioxide challenge, college students, 6773
carbon dioxide & oxygen, patients with panic disorder &/vs social phobia, Italy, 42360
clomipramine vs fluvozomine, reactivity to inhalation of 35% cardon dioxide, panic disorder patients, 36491
detection of 6% vs 8% inhaled carbon dioxide & associated physiological sensations & mood correlates, healthy males (mean age 21.0 yrs), 18316
diurnal cycle & restraint handling & habituation & sex & weight manipulations, carbon dioxide induced antinociception, male rats, 3254
end-tidal carbon dioxide levels & respiration rate & issues in hyperventilation subtype, adults with panic disorder vs generalized anxiety disorder, 35662
fearful responding to repeated carbon dioxide inhalation, college students, 6762
fluvoxamine, anxiogenic response to carbon dioxide inhalation, 24–59 yr olds with panic disorder & agoraphobia, 32499
hypersensitivity to CO_2 & familial genetic risk for panic disorder, adults with panic disorder, 1320
hyperventilation & carbon dioxide inhalation responses, 18–65 yr old patients with specific phobia vs panic disorder, 42357
imipramine vs paroxetine vs sertraline vs placebo, anxiety reaction to carbon dioxide inhalation, panic disorder patients, Italy, 31063
increased carbon dioxide concentration in air, coherent motion perception, adults, 21297
influences of central CO2 related chemosensory drive on poststimulatory respiratory phenomena induced by superior laryngeal nerve stimulation, adult cats, 21618
35% carbon dioxide challenge as laboratory-induced anxiety, panic disorder potentiation, nonclinical adults, 4 yr study, 42381
35% carbon dioxide challenge, heart & breathing rate & subjective distress, 40 yr old male with limited symptom panic disorder, case report, letter, 26549
Carbon Monoxide—Serials
anxiety induction using epinephrine or saline infusions with carbon monoxide or room air inhalation, cerebral blood flow & forehead skin flow, generalized anxiety patients, 39091
blocking cigarette filter vents with lips, carbon monoxide intake from ultra low tar cigarettes, 19–68 yr olds, 7579
nicotine dependence & concentration of carbon monoxide in expired air & number of cigarettes smoked, prediction of abstinence, adults in smoking cessation program, 1 yr follow up, 5402
peripheral inflammation induced by paw formalin injection vs thermal stimulation with vs without zinc, role of carbon monoxide in spinal nociceptive transmission, male rats, 29394
Carbon Monoxide Poisoning—Serials
attempted suicide by carbon monoxide poisoning & resulting bilateral globus pallidus infarction causing obsessive-compulsive disorder, 34 yr old Hispanic male with depression in remission, case report, 42201
changes in affect & motivation or isolated athymhormia from damage to globus pallidus & limbic & cingulate circuit, male 40 yr old following accidental carbon monoxide intoxication, case report, 8628
characteristics of carbon monoxide suicides from car exhausts, patients with psychiatric or other severe diseases, implications for suicide risk prevention, 19303
Carbonic Anhydrase [See Enzymes]
Carboxyhemoglobinemia [See Carbon Monoxide Poisoning]
Carcinomas [See Neoplasms]
Cardiac Arrest [See Heart Disorders]
Cardiac Disorders [See Heart Disorders]
Cardiac Rate [See Heart Rate]
Cardiac Surgery [See Heart Surgery]
Cardiography [See Electrocardiography]
Cardiotonic Drugs [See Drugs]
Cardiovascular Disorders [See Also Aneurysms, Blood Pressure Disorders, Cerebrovascular Disorders, Embolisms, Heart Disorders, Hemorrhage, Hypertension, Ischemia, Thromboses]—Serials
appraisal of quality of life & depression & anxiety, cardiovascular disorder patients with implanted cardioverter defibrillators, 24013
assertive & aggressive & passive behaviors & cardiovascular disease risk factors, 11–17 yr olds, 26938
association between depressive symptomatology & BP control & stroke & cardiovascular related mortality, elderly, longitudinal study, commentary, letter, 31721
association between depressive symptomatology & BP control & stroke & cardiovascular related mortality, elderly, longitudinal study, commentary reply, letter, 31731
association between intensity of life events & cardiovascular risk factors & psychological distress symptoms, 20–64 yr old employed males, Israel, 42213
brain stem EP abnormalities, depressed 60 yr olds & older with vs without vascular disease, 38986
cardiovascular disease risk factors as model system for application of techniques of genetic epidemiology & behavioral genetics to behavioral health problems, 23995
cardiovascular reactivity as risk factor for cardiovascular disease, 46 vs 52 vs 58 vs 64 yr old Finnish men, 4-yr followup, 36040
coronary risk factors & job strain & psychosocial variables, employed females vs males vs female homemakers, 33673
depression & anxiety & social support & return to work & stress, military personnel vs civilians with coronary artery disease, literature review, 1985–1995, 31715
development & evaluation of community based Ozark Heart Health Project, cardiovascular disease intervention, rural Missouri, 42767
drug therapy & psychotherapy & surgery, 75 yr old WWII veteran with panic attacks & recurrent depression & hypertension & arteriosclerotic cardiovascular disease, letter, 32689
ECT treatment protocol, 78 & 59 yr old males & 62 yr old female with resistant depression & low cardiac output, 43224
effects of psychosocial factors & responses to acute mental stress in acute coronary syndromes, literature review, 42772
empirical psychological model of noncardiac vs cardiac related chest pain, anxiety & age & sex & hyperventilation, pain patients vs patients with coronary artery disease, 8554
fear & visualization of invisible in health screening, management of blood cholesterol levels, 40 yr old males at risk for heart disease, Sweden, 9332
fluoxetine, induction of Raynaud's phenomenon, female 54 yr old with bipolar disorder, case report, 36497
health status & psychosocial factors, hospital readmission, patients aged 55 yrs old & older with cardiovascular disease, 27748
heart rate & variability, Type A vs B 26–70 yr old patients with acute coronary heart disease, 42768

hostile personality & cigarette smoking & alcohol consumption & arterial disease prevalence, 55–74 yr olds, Scotland, 39473
neuroimaging studies of role of cerebrovascular pathology in etiology of late-life depression, literature review, conference presentation, 30870
pet attachment & eating & exercise habits, nutritional status & risk factors for cardiovascular disease, 60+ yr olds, 20133
physical activity & smoking & alcohol use as cardiovascular risk factors, 18 yr olds, Australia, longitudinal study, 42774
presence of diabetes & hypertension & heart disease & stroke & apolipoprotein E e4 genotype, patients with Alzheimer's disease &/vs vascular dementia, 19636
prevalence of self-reported sleep disturbances & association with physical & psychological health, 65–100 yr old participants of Cardiovascular Health Study, 35993
professionally unaided treatment decision making processes, patients with breast cancer or cardiovascular disease, 1938
psychosocial risk factors & reduction interventions, patients with cardiovascular disease, research review, 23999
rate of cardiovascular disease & incidence of Type A Behavior Pattern & hostility, Black vs Indian vs White final-year students (mean age 25.1 yrs), South Africa, 42094
reliability & validity of Cardiac Event Threat Questionnaire, cardiac patients, 10506
school based vs school plus family intervention, psychosocial determinants of development of cardiovascular disease risk factors, 3rd graders, 17125
serum cholesterol & triglyceride levels & risk for cardiovascular disease, patients with general anxiety disorder with vs without comorbid major depression, England, 26401
sex, cardiovascular risk factors & psychological well being, 23–59 yr old white collar workers, Sweden, implications for cardiovascular disease etiology, erratum, 23356
social support & adaptive coping & depressive symptoms, 55–65 yr olds with cardiac illness, test of integrative model of psychosocial adjustment, 42771
symptomatology & biofeedback treatment of Raynaud's disease, 9232
systemic circadian variation of cardiovascular responses to mental & physical stress, 21–75 yr old males with vs without coronary artery disease, 4637
the superior mesenteric artery syndrome & acute gastric dilation in eating disorders, 30 & 35 yr old females, 31487

Cardiovascular Reactivity—Serials

active vs passive coping during mental arithmetic tasks of average vs extreme difficulty, RT performance & effort & cardiovascular responses, male vs female college students, 11060
acute plasma tryptophan depletion, panicogenic & cardiovascular & hormonal effects of cholecystokinin-tetrapeptide challenge, 18–35 yr old healthy males, 25587
alprazolam vs lorazepam, sympathetic adrenomedullary activity & sedation & cardiovascular responses during supine rest vs mental load vs orthostatic challenge, adult males, 15101
anxiety & antisocial behavior & autonomic heart rate regulation, 15 yr old males, Canada, 6 yr study, 35730
anxiety related personality traits & cardiovascular reactivity, 36–64 yr old high vs low anxiety females with major depression, 30912
anxiety sensitivity, heart rate & cardiac awareness during mental arithmetic & caffeine manipulation, female college students, 11089
appraisal & coping & task performance & cardiovascular responses, 17–25 yr old males with high vs low speech anxiety, 3145
attachment to & affection for companion animal irrespective of species, cardiovascular reactivity, adult male with pet snake, case report, 6772
attempts to influence another person & evaluative threat, cardiovascular reactivity, college students, 18261
autonomic dysregulation & cerebral blood flow & cardiovascular reactivity during orthostatic challenge, adults with acute vs remitted panic disorder, 22889
availability of social support, cardiovascular reactivity to acute psychological stress, adults, 21801
avoidant coping style & cardiovascular reactivity & self report of anxiety & estimation of BP during speech preparation & delivery & recovery, 17–21 yr olds, 3159
behavior of vs relationship with audience member, stress level & cardiovascular reactivity, females (mean age 19.5 yrs), 41403
BP reactivity to ergometric & mental stress, normoreactive vs hyperreactive males, 6790
Brazelton Scale measured behavior & cardiorespiratory reactivity at 40 wks gestational age, term vs preterm infants, 18429
brief airpuff stimuli, cardiovascular response magnitude & latency & habituation, male normotensive vs spontaneously hypertensive rats, 11091
cardiac vagal tone & temperamental reactivity & behavioral regulation, 2.3–4.5 yr olds, 41692
cardiovascular reactivity & anger inhibition, risk for future hypertension, adult males vs females, 42779
cardiovascular reactivity as risk factor for cardiovascular disease, 46 vs 52 vs 58 vs 64 yr old Finnish men, 4-yr followup, 36040
cardiovascular responses associated with defense or active coping & affective startle modulation, male vs female normotensive college students, 18246
casual BP measurement, exaggerated systolic BP reactivity, healthy young males with low vs moderate vs high risk for hypertension, 12558
character recognition task difficulty, heart rate & BP responsivity, fluid-deprived vs fluid-satiated college students, 29490
cholinergic agonist carbachol & atropine & IgG-saporin induced lesions of basal forebrain cholinergic neurons, potentiation of cardioaccelatory response by betacarboline FG 7142, male rats, 6826
cigarette smoking vs transdermal nicotine administration with vs without oral contraceptive use, hemodynamic stress reactivity, 20–40 yr old males vs females, 34660
consumption of sugar vs aspartame vs no sweetener in caffeinated vs decaffeinated coffee, cardiovascular functions & mood & memory & selective attention, adults, 3245
coronary artery bypass grafting, cardiovascular function during cognitive stress, male 43–79 yr olds with ischemic heart disease, 43256
coronary prone behavior & cardiovascular reactivity & mood state & performance, college students, 21783
daily m-chlorophenylpiperazine, development of tolerance to its panic & other behavioral & hormonal & cardiovascular & temperature effects, healthy adults (mean age 32.4 yrs), 15007
defensive hostility & anger expression & additional heart rate reactivity during active coping, adult males, 25542
defensive hostility & cardiovascular responses to stress, 18–45 yr old men vs women, 31716
defensiveness & cynical hostility & social desirability, cardiovascular reactivity during stress, male college students, 14985
detection & simple reference tasks, covariation of cardiovascular responses & cortical ERPs, 20–30 yr old students, 11092
emotional reactivity & defensiveness & ambulatory cardiovascular response at work, 27–60 yr old male industrial workers, 29479
endogenous estradiol & progesterone, cardiovascular activity at rest vs during stress, female college students, 3140
epinephrine, cardiovascular & respiratory & panic reactions, adult outpatients with panic disorder with agoraphobia, 31127
evaluated speaking & mirror tracing & cold pressor test & stress, myocardial & vascular responses, 25–54 yr old healthy Black vs White females vs males, 41861
extended methylphenidate treatment, body growth & heart rate & BP, male 7–12 yr old outpatients with ADHD, 1.75 yr study, 9170
family history & elevated systolic BP, cardiovascular reactivity to mental arithmetic stress, male college students, replication, 4625
fluoxetine & doxepin, cardiac conduction & refractoriness, 18–75 yrs olds with major depression, 32348

fluvoxamine vs maprotiline, cardiovascular effects as seen in EKG changes, 20–65 yr olds with major depressive disorder, 9084
health promotion vs regular physical education classes, health knowledge & behavior & cardiovascular disease risk, African- vs Asian-American vs Hispanic vs White 9th–10th graders, 24563
high vs low emotional defensiveness & pressured drive, cardiovascular & self-reported affective response to mental arithmetic task, 17–26 yr old students, application of uncontrollability model, 42057
imipramine vs mirtazapine, heart rate & BP during supine rest & orthostatic challenge, 29–64 yr olds with unipolar affective disorder, 13064
inhibition of angiotensin II synthesis by captopril, auditory EPs & cardiovascular activity & plasma catecholamine concentrations as indicators of attention, 21–34 yr old males, 3206
intra-arterial vs finger pressure measurements of BP, effects of mental workload on BP, 20–40 yr olds, 6804
laboratory cardiovascular stress response & neuroticism & mean BP change, 22–53 yr olds, 4-yr study, Germany, 6766
left ventricular diastolic function during exercise & cardiovascular adjustment induced by training, athletes, 14947
left ventricular structure & diastolic filling, BP during standard vs workplace stress, young adults without hypertension, 11072
m-chlorophenylpiperazine with vs without ondansetron pretreatment, behavioral & physiological & neuroendocrine responses, healthy Ss (mean age 34 yrs), 29513
mecamylamine, nicotine withdrawal measured by subjective reports of craving & BP & heart rate & other cardiovascular correlates, 18–50 yr old tobacco smokers, implications for smoking cessation, 18285
mnemonic &/or arithmetic processing, transient heart rate, 18–30 yr old males, implications for psychophysiological inhibition hypothesis, 14983
muscimol, dorsomedial vs paraventricular hypothalamic nucleus suppression of cardiovascular reaction to air stress, rats, 11014
negative emotional stimuli, selective right hemisphere specialization during cognitive & perceptual processing & physiological & autonomic nervous system responses, college students, 14993
noise stimulus during cognitive performance task, cardiovascular responses & subjective reports, 17–24 yr olds with chronic fatigue syndrome, Australia, 19491
noninvasive continuous BP measurement methods & heart rate & BP responses to mental stress & application to study of cardiovascular disease risk, 6800
outward vs inward expression of anger vs description of anger arousing events in mood incongruent speech, cardiovascular reactivity, college students, 21798
ovarian hormones, cardiovascular risk factors & BP & lipids & weight & physiological stress reaction, premenopausal 40–50 yr olds pre & post hysterectomy &/vs bilateral salpingo oophorectomy, followup, 39918
pentagastrin vs TRH challenge, heart rate & BP & panic attacks, healthy volunteers, commentary on study with panic disorder patients, letter, 6859
pets vs no pets in home setting, systolic & diastolic BP & heart rate & mean arterial pressure & relaxation & activity levels, 58–82 yr olds with essential hypertension & other medical conditions, 8552
physical fitness & Type A behavior & personality traits, cardiovascular reactivity & coronary heart disease risk potential, senior-ranking male military & civilian employees (mean age 41.3 yrs), 42770
physical vs mental stress, BP & heart rate & skin temperature, female African American 18–33 yr old worriers, 6795
plasma d-amphetamine, drug effect time curves & subjective & physiologic & cardiovascular effects & development of tolerance, healthy male 22–31 yr olds, 6834
positive vs negative social interaction, task induced cardiovascular activity, college students, 3168
prenatal maternal cardiac reactivity to unfamiliar infant cries, postnatal perception of infant temperament & marriage appraisal, married primiparous females, 18739
psychobiologic reactivity & cardiovascular responses, 3–5 yr olds, 29768
psychological reactions & amount & temporal stability of hemodynamic reactivity, 23–28 yr old male vs 21–31 yr old female college students, test of virtual reality car-driving stressor, 41429
psychological stress, spectral heart period variability & plasma epinephrine & norepinephrine & BP as estimates of cardiac sympathetic activity, healthy adults, 3169
psychotic or neurotic or extraverted personality dimensions & cognitive load, evoked cardiac responses, male college students (median age 19 yrs), 22535
pubertal status & sex, hemodynamic responding during behavioral challenges, Black vs White 8–10 vs 15–17 yr olds, 34754
public speaking evoked fear, emotions & cardiovascular activity & plasma hormones & immunological parameters, college students, 558
recent food vs alcohol vs tobacco intake & time of day & month of year of testing, cardiovascular activity at rest vs in response to stress, 35–55 yr old males, England, 25546
repeated presentations of public speaking & mental arithmetic task, cardiovascular & neuroendocrine & psychological adjustment, males, 34616
repetition & interval of N,N-dimethyltryptamine dose, tolerance & subjective psychedelic effects & ACTH & prolactin & cortisol & heart rate & BP responses, 22–45 yr old experienced users, 12260
respiration rate & anticipation of electric shock, heart rate variability as index of cardiac parasympathetic response, healthy college students, 3166
rest vs mental stress & caffeine, cardiovascular reactivity, healthy male 20–30 yr olds, 11077
right vs left nostril dominance during breathing, cardiovascular & psychological task performance, male college students, 18256
self efficacy as component of active coping, BP & heart rate in response to difficult task, 18–21 yr old females, 11069
self reported stressors & symptom complaints, cardiovascular & psychological reactions to stressful films, 23–53 yr olds, 11095
sex, emotional & cardiovascular & immune functions during acute marital distress in laboratory, couples, conference presentation, 30143
short vs long latency for the GSR response, electrodermal & cardiovascular activities, 5th & 6th graders, Slovakia, 38270
smoking status, cardiovascular & cortisol stress & affective responsivity to problem solving task, 19–35 yr old male non- vs temporarily abstinent vs recent smokers, 3287
sobriety, hemodynamic mechanisms of persistent transitory vs borderline hypertension vs normotension, male alcoholic inpatients, 1392
social desirability scores & cardiovascular reactivity to baroreceptor stimulation & mental arithmetic stress, 20–33 yr old males, Germany, 29468
stability of cardiovascular stress responses, 19 yr old males, 10 yr follow up, 25547
stressor intensity & microvascular vulnerability, coronary reactivity, cardiomyopathic hamsters, 38056
successive focus on imagined environment & preparation & exercise, ventilatory & cardiac responses, adult athletes, 6777
sympathetic & parasympathetic cardiac control in visual illusion & mental arithmetic tasks, 18–27 yr olds, implications for psychophysiological studies of autonomic control, 14969
systemic circadian variation of cardiovascular responses to mental & physical stress, 21–75 yr old males with vs without coronary artery disease, 4637
task with matched vs mismatched instrumental or expressive gender-relevant characteristics, cardiovascular reactivity, male vs female 18–30 yr olds, 3149

temperament & arm restraint & toy removal frustration, heart period & cardiac vagal tone, infants evaluated at 5 & 10 & 18 mos, 709
test–retest interval & demographic characteristics & type of stressors, reproducibility of BP & heart rate reactivity, implications for coronary heart disease, meta analysis, 14995
Type A vs B behavior & wife's educational status, cardiovascular reactivity to stress & adjustment, 30–64 yr old males, 11068
unstable self esteem & cynical hostility, cardiovascular reactivity during challenging & ego threatening task, male vs female 29–59 yr olds, 15708
viewing of violent vs neutral movie, cardiovascular & hormone & mood changes, 25 yr old females, 11070
yohimbine, behavioral & cardiovascular & neurochemical responses, panic disorder patients, 43138
Cardiovascular System [See Also Heart]—Serials
benzodiazepine receptor partial inverse agonist FG 7142, somatic & cardiovascular components of acoustic startle response, male rats, replication, 34639
breathing retraining, functional cardiac symptoms related to hyperventilation syndrome, adults, 3 yr followup, 5164
cardiorespiratory capacity as seen in heart rate & oxygen uptake & respiratory exchange ratio, mentally retarded males vs females with vs without Down's syndrome, 23198
cardiovascular & physiological profiles, hypertensive vs normotensive 19–30 yr old males, 8549
cardiovascular side effects of tricyclic antidepressants, children & adolescents with psychiatric disorders, literature review, 27467
timing within cardiac cycle & heart rate response to respiratory change, young adults, 3157
Career Aspirations [See Occupational Aspirations]
Career Change—Serials
ability & job complexity, job mobility, 12th graders & 15–22 yr olds, longitudinal study, implications for employers & vocational counselors & job applicants, 17279
career mobility & loyalty to new vs former organization, male vs female managers, 3 yr followup, 43774
career transition support services, roles of instructors & institutions & administration & vocational learners, 28148
cognitive style & work context, job performance & turnover, engineers in research & development vs staff functions, 20734
congruence of work environment preferences & personality & job satisfaction, employed 23–49 yr olds planning career change, application of J. L. Holland's theory of congruence, 17274
counseling techniques regarding vocational testing & career assessment, application of Developmental Change Model, 24703
issues in changing jobs & career development in supported employment, mentally retarded, 20361
job & personal characteristics & job satisfaction & decision to leave present employment, nursing home nurses, 20463
pay discrepancy, intrinsic motivation & job satisfaction & intention to change job, college students & workers, Australia, 17343
psychodynamic perspective on mid life transition & career counseling, 37 yr old female, case study, England, 28141
Career Choice [See Occupational Choice]
Career Counseling [See Occupational Guidance]
Career Development—Serials
ability & self efficacy & expectancy-valence & interest congruence & support or barriers as theory derived variables, prediction of academic persistence, female vs male college engineering students, 24623
ability of career maturity indicatory to predict interest score differentition & consistency & elevation, 17–28 yr old males vs females, 34079
academic comfort & career interest & motives & student characteristics, 14–19 yr old high schoolers, implications for theory of career development, 29902
action research teacher education program, empowerment in transition from manual to mental labor, tradespeople in training as technology studies teachers in secondary schools, 9836
advancement & articulation of D. Super's life-span & life-space theory in career development, commentary, 28146
American Association for Geriatric Psychiatry's Summer Research Institute in Geriatric Psychiatry, postresidency & postdoctoral fellows & junior faculty interested in careers in geriatric psychology, 40269
antecedents & consequences of mentoring relationship for work life, female business graduates, Canada, 43781
attitudes toward learning & management skill self-development, small business owners, Canada, 17331
background & stress & coping & self efficacy & attributions & social support & external factors & personality, predictors of career development, high achieving female Black vs White 34–72 yr olds, 22345
career & self concept development & vocational choices & experiences, females, literature review, 33595
career development & opportunities for older adults, 40527
career development services, public & private sector organizations, Canada, 5735
career mobility & loyalty to new vs former organization, male vs female managers, 3 yr followup, 43774
career mobility strategies, salary & promotions & job satisfaction & organizational commitment, managers, 7 yr study, 17351
career plateauism construct, supervisors & managers, 10039
career progress & unequal access to organizational benefits & experience of sexual harassment, psychological & physical health impacts, male vs female police officers, 24897
career transition support services, roles of instructors & institutions & administration & vocational learners, 28148
career vs academic development, prediction of medical school success, 19–41 yr old 1st-yr medical students, 2 yr study, 9705
collectivism, occupational planning & work values, 18–56 yr old Anglo college students, 10037
compensation associated with internal vs external labor market strategies, female vs male managers working in Fortune 500 companies, 33620
comprehensiveness in career guidance & counseling programs, students & out of school youth & adults, 20711
concepts of self & identity in career development theory & practice, implications for counseling, erratum, 5736
construction systems & career development during 1st yrs of employment, graduates, 4 yr study, England, 28198
context-rich perspective on theory & research & practice in career development & adaptability, 28138
counseling & career development issues, 1995, literature review, 17277
cultural & educational & employment trends & implications for career guidance & coping strategies for young people, England, 43719
D. E. Super's life-span & life-space approach to career behavior & theory refinements, 28218
definition of adaptive decision making within the life-span & life-space context of career development, 28147

quality of life measures of activity & affect assessed by family & institutional caregivers, patients with Alzheimer's disease, commentary, 27006
quality of life measures of activity & affect assessed by family & institutional caregivers, patients with Alzheimer's disease, 26944
racial & ethnic & cultural differences in dementia caregiving, White vs Black vs Hispanics caregivers, literature review, 40116
rationale & design & implementation of a support & education group, 51–80 yr old parents with disabled children, 23790
reason for role selection & willingness to assume role & postinduction strain, daughter caregivers of chronically ill parents, 16885
reasons for continuation of care, 32–63 yr old daughter or daughter-in-law caregivers of 63–99 yr old parents with dementia, Japan, 40121
reciprocity & emotional well being & family functioning, family satisfaction, caregivers of parents aged 65 yrs or older, 29983
regular association with pets, caregiver burden & life satisfaction & depression, 25–91 yr old nonprofessional caregivers of patients with Alzheimer's disease, 9492
relationship status & sex, caregiving activities & resources & costs, 20–84 yr old employed caregivers of 60–97 yr old parents vs parents-in-law, 16887
respite service use, spouses vs coresiding vs not coresiding adult children providing care for persons with dementia, 32951
roles & perceptions of caregiving/care receiving process, Black & White & Hispanic 56–100 yr olds & their caregivers, 30133
roles between recipients & providers of care & patient symptoms & coresidence & sociodemographics, reciprocity of support, mentally ill 18–55 yr olds & their family caregivers, 13357
satisfaction with & involvement in hospital discharge process & influence of social workers in decisions to discharge to nursing home vs home, caregivers of patients with dementia, 9490
satisfaction with health & job or major activity & housing & finances & family & friendships & quality of life in general, adults with multiple sclerosis & their caregivers, Canada, 31735
sense of control & coping strategies & other psychosocial factors, perceived & objective caregiver burden & psychological distress, family member carers of chronic & subchronic schizophrenics, 30935
service provision for homebound clients & caregivers, social workers for 65–83 yr olds with colostomy or terminal cancer or Alzheimer's disease or amyotrophic lateral sclerosis & family caregivers, 13247
service-user-centered approach & involvement in the process & knowledge of its nature & function, clients with learning disabilities & their caregivers & family members, 40079
SES & covariates & perceived caregiver availability, 58–74 yr old Mexican Americans vs non-Hispanic Whites, 13366
sex, attitudes toward & stereotypes held about caregiving activities, White vs Black caregivers of spouses with dementia, 16889
short term stress coping counseling intervention, physical & psychological morbidity & well being & coping & experience of caregiving, relative caregivers of schizophrenic patients, 32071
size & composition of family network & barriers to support from family, patients with AIDS, implications for patient & family caregiver education, 24240
sleep problems, 50–89 yr old caregivers of 36–92 yr olds with dementia, 13359
social services & caregiving & minority health needs related to hemoglobinopathies, families of disabled children in minority ethnic communities, 27675
social support from 26–74 yr old husbands, caregiving stress & well being, 29–71 yr old daughters caring for elderly parent, 13354
social support type & availability & issues of secrecy & stigma, confidants providing care to 20–50 yr olds with middle stage AIDS, 9495
sources of stress & well being, informal carers or frequent visitors of frail elderly persons living at home or in residential care institutions, England, 43316
stereotypicality of gender role identity & cognitive & affective characteristics, assumption of caregiving role for elderly relative, 21–69 yr old males, 20251
stress/adaptation vs existentialism paradigm, caregivers of elderly individuals with dementia, conference presentation, 32953

suicidal ideation & bereavement & psychosocial variables, HIV positive vs negative male caregivers of partners with AIDS, 2 yr prospective study, 42747
support group interventions, family caregivers of frail older adults, 9496
support groups, level of depression & subjective burden, caregivers of frail elderly, Canada, 2027
taxonomic structure of decisions in lay caregiver planning, adult offspring caregivers, 9491
telephone support group pilot project, 38–73 yr old mother caregivers of homosexual males with AIDS, 9205
termination of pharmacotherapy, recurrence of depressive symptoms, asymptomatic & euthymic & depressed spousal caregivers of dementia patients, Canada, 23912
test of model of family caregiving, primary caregivers of 4–12 yr olds with emotional disorders, 43403
traditional vs parenting team vs extended family involvement vs formal support, level of functioning in patterns of child care, families of children with cerebral palsy, 27737
type of onset & duration of time & subjective perception of caregiving role, wife (mean age 70 yrs) vs daughter (mean age 56.1 yrs) caregivers, 24239
use & perception of social support resources, spouse caregivers of people with Parkinson's vs Alzheimer's disease, 31843
validity & reliability & factor structure of Caregiver Reciprocity Scale, caregivers of elderly parents & other family members, application of social exchange & equity theory, 6083
validity & reliability of Parent Caregiver Relationship Scale, parents & caregivers of 2–24 mo olds, 20958
visiting nurses' assessment of physical & emotional abuse by home caregivers, elderly, Canada, 5328
voiding prompted by caregiving spouse, incontinent 63 yr old female & 68 yr old male with probable Alzheimer's disease, 32947

Carotid Arteries—Serials
carotid endarterectomy, postsurgical complications & neuropsychological impairment, surgery patients (mean age 64.8 yrs) without preoperative stroke, 42809
development of intracarotid amobarbital procedure as diagnostic tool for neurosurgery, 23971
historical overview of intracarotid amobarbital procedure & epilepsy surgery assessment & behavioral neuroscience, 23969
interpreting angiography test results & application to sodium amobarbital procedure, 23968
intracarotid amobarbital procedure & surgical outcome prediction & cognitive function research, patients with epilepsy, 23421
intracarotid sodium amobarbital procedure, delta brain activity & regional cerebral blood flow & hippocampal inactivation, patients with intractable epilepsy, 23438
low dosage intracarotid amobarbital procedure & test paradigm, left & right brain hemisphere semantic & phonological & perceptual changes, patients with epilepsy, 24024
reliability of phase related external suction method for carotid baroreceptor manipulation, heart rate waveforms, 20–41 yr old students, Germany, 14964
reversed language dominance & bilateral language representation, epilepsy surgery patients having intracarotid amobarbital procedure, 23461

Cartoons (Humor)—Serials
humor perception, factor structure of taxonomy of jokes & cartoons, adults, Italy vs Germany, 22566
seeing gestalt in cartoons, organization of visual information in cartoon humor, 21366
Stella Seattle serial cartoon strip media campaign addressing unprotected anal sex, gay males, 3318
use of cartoons in family & individual therapy intervention process, 8773
watching cartoon & coaching by nurse during immunization, decrease in parent & child & nurse distress, 4–6 yr olds, 36640

Case History [See Patient History]

Case Law—Serials
children's rights & biological bias in biological parents vs 3rd-party custody disputes & cases of DeBoer v. Schmidt & In Re Doe as illustrating notion of children as property, 22286
Daubert standard, fixed vs flexible neuropsychological test batteries, Chapple vs Ganger legal case, 28557
employer liability & physical injury provisions in case law, legal remedy for "nervous shock", rescue workers, England, 33710
philosophy & development of children's informed consent based on case law, commentary, 33886
philosophy & development of children's informed consent based on case law, commentary, 33885
philosophy & development of children's informed consent based on case law, commentary, 33884
philosophy & development of children's informed consent based on case law, commentary, 33887
philosophy & development of children's informed consent based on case law, commentary, 33882
philosophy & development of children's informed consent based on case law, England, 33881
standards of best interest of child in case law & psychological precedent & practice & state statutes, 10285

Case Management [See Also Discharge Planning]—Serials
aftercare by case management services, risk of rehospitalization & length of stay, schizophrenic patients, longitudinal study, 9439
analysis based on case reasoning vs principalism in psychiatric nursing, ethical analysis of medical data & patient preferences & privacy & quality of life & context, 17 yr old mother & gang member, 9340
assertive community treatment & case management models, inpatient hospitalization & community mental health services & costs & clinical & social outcomes, schizophrenic patients, 5312
behavioral skills training vs intensive case management vs 12-Step recovery, psychosocial outcomes & symptomatology & service use & costs, male vs female patients with substance abuse & mental illness, 2068
care coordination model, 2.5–3.5 yr olds with disabilities, 20157
case loads & services & interagency contacts, chronic mentally ill client outcomes, case managers, 1989 vs 1991, implications for community based medical-psychiatric & psychosocial treatments, 2017
case management & center- & community- & home-based & outreach & family support & rehabilitation services & therapeutic children's nursery, mentally ill mothers & their at risk birth through 5 yr olds, 5283
case management in multiagency treatment context, 8–17 yr olds with serious emotional disturbance, 16837
case management, patient care, general medicine ward team at teaching hospital, 39999
case management vs care management vs care programming British treatment approaches, 39603
child & family & system outcomes of New York State's Children & Youth Intensive Case Management community based intervention, children with serious emotional disturbance, conference presentation, 27687
client centered intensive case management services to seriously mentally ill clients, teams of social worker case managers consuming vs not consuming mental health services, 13269
client characteristics & diagnosis & drug or alcohol abuse, housing stability, homeless 18–50 yr olds with mental illness in independent housing with rent subsidy vs receiving flexible case management, 2009
client characteristics & outcomes & children's advocacy model of interagency coordination for investigation & treatment of sexual abuse, child victims of sexual abuse & their parents, 26621
clinical case management approach in managed care environment, depressed diabetic 37 yr old male, case report, implications for social work practice, 9375
comprehensive case management program of Blue Cross Blue Shield of Massachusetts, amount of time spent in inpatient care, severely ill psychiatric patients aged 11–57 yrs, 40146

cost effectiveness & determination of client needs & outcome measures & program effectiveness of wraparound services for children & families with multisystem needs, 9438
critical pathways as case management tool for planning & documenting care & pain management, medical patients, 13151
demographics & psychiatric status & community functioning & work history & expectations & case management agency, selection for vocational intervention, psychiatric patients, 13467
design & development paradigm of E. J.Thomas & J. Rothman to case management intervention for school failure problems, evaluation of social work effectiveness, 13300
development & delivery of wraparound individualized case management model, community adjustment, youth at risk for residential treatment, 9425
differences in self reports of self concept & traumatic symptoms & perceived social support & use of these reports in community-based treatment planning & case management, sexually abused 8–16 yr olds, 9437
disease management strategies & population-based care of major depression, 38987
effectiveness of broker case management vs assertive community treatment with vs without augmentation, persons with severe mental illness at risk for homelessness, 32918
effectiveness of outreach case management intervention to reduce mortality rates, 18–64 yr old discharged psychiatric patients, 13386
efficacy of general or intensive substance abuse case management services, homeless adults, 6 mo followup, 13422
evaluation of assertive case management program service delivery, 19–60 yr olds with severe mental illness, Canada, 27685
evaluation of case management intervention for homeless persons, 16–60 yr olds, 6 & 12 & 18 mo followups, 36722
explicit risk factors, patterns of service selection & level of casework effort in child protective service provision, children, 20232
family centered intensive case management providing individualized services, seriously emotionally disturbed 5–12 yr olds referred for out of home placement in foster care, 9410
individualized wraparound strategy vs foster care services, placement outcomes & adjustment, 7–15 yr olds with emotional & behavioral disturbances & their foster or biological &/or adoptive families, 9405
integrated residential services vs shelter-based case management with vs without community referral services & outcome predictors, adult homeless substance abusing males, 6 mo study, 13455
lack of motivation & medication side effects & health problems & substance abuse, symptom management & vocational assessment & rehabilitation, employed vs unemployed severe psychiatric patients, 5428
multidisciplinary case management intervention, employment, Social Security disability income applicants & beneficiaries with mental illness, 27801
patient treatment status & age & gender & substance use & diagnosis & receipt of case management services, efficacy of psychiatric services & frequency of rehospitalization, 21–47 yr old inpatients, 32992
patterns of services during 1st yr in case management program & consumer outcome, adults with mental illness, 36720
perceived changes in social support resources in assertive case management program, mentally ill clients, 24152
perception of role & activities in & implementation of strength based program for families with children with severe emotional & behavioral disabilities, rural child case management staff, 5316
prediction & management & treatment of violent people, literature review, 42459
principles of strengths-based approach to case management in social work theory & practice, 13318
problems with needs assessment & service delivery & coordination & brokerage in case management, multiproblem offenders, 5443
professional identities & roles & relationships, case managers in demonstration projects focusing on use of primary care physicians with elderly patients, 16858
progressive independence model in case management with vs without supported housing interventions, substance abusing homeless inpatients, 1 yr followup, 13270
relationship with physician & proxy decision making & patient restraint & palliative care & other ethical issues in management, patients with dementia, 9775
service utilization & cost effectiveness of assertive community treatment with vs without community workers vs brokered case management, adult homeless mentally ill, 18 mo study, 24154
social services case management vs standard community care, costs & cost consequences, patients with long-term mental disorders, England, 14 mo study, 36713
social work case management, patients with severe & persistent mental illness, research review, 32895
strength of alliance with intensive case managers, 45 yr old & older seriously mentally ill community mental health clients, 9409
structured approach to management of schizophrenia in general practice, patients with nonaffective psychosis, 32835
Summit model as highly differentiated & prescriptive system of case management, commentary, 40004
Summit model as highly differentiated & prescriptive system of case management, 39997
supportive psychotherapy & case management hospital program, parenting skills & knowledge of child development & reduced hospitalizations, seriously mentally ill mothers of young children, 9532
task oriented behavioral training program, length of time required for tasks & overall success & hospitalization rates, case managers assisting seriously mentally ill patients seeking housing, 20437
transition & reorganization of community support & case management service based on client functioning, 27649
use of case study methodology, design & implementation of hypertension & stress intervention, 31–64 yr old Xhosa females, South Africa, 43246
validity of utilization management criteria, assessment of appropriateness of acute care admission & continued stay, 24–77 yr old VA psychiatric inpatients at risk for homelessness, 24114
wraparound care in case management program delivering individualized mental health services, residential & educational & behavioral outcome, 7–20 yr olds with behavior & emotional disorders, 9453
wraparound process vs categorical services approach, community team & identification & referral & resource coordination, children & adolescents with emotional & behavioral disorders, 9446
wraparound services as alternative to residential care, 2–15 yr olds with moderate to severe emotional difficulties & their parents & case managers, Canada, 24179
wraparound services in schools, prevention of restrictive educational & out of home placements, special education students with emotional & behavioral disabilities, 10009

Case Report—Serials

delusional misidentification syndrome of illusion of Fregoli, 38-yr-old female with mania, case report, 4168
description & presenting problem & personal & family history & mental status, 24-yr-old male self referred to college counseling center, case report, 32053
guidelines for clinical case studies, child & adult members of cultic & other destructive groups, 28663
introduction of chewing gum, pathological finger biting, 82-yr-old female with Alzheimer's disease, case report, letter, 42837
issues in psychoanalytic case history writing for presentation or publication & protection of patient's confidentiality, 40321
neuroleptic malignant syndrome without muscle rigidity, 25 & 42 yr old males, case reports, 32591
overlap with dependent personality & diagnostic accuracy of self-defeating personality disorder from written case studies, psychologists, case study appended, 12117

pimozide, 23-yr-old male with learning disability & gender dysphoria, case report, 32504
projection in case study analyses, researchers interpreting South Canyon Fire tragedy data, commentary, 5448
psychoanalytic approach & personal relationship with therapist, resolution of traumatic amnesia, case report, implications for analysis of psychoanalysis outcomes, reprint, 4941
spontaneous vs laboratory case studies in parapsychological research, 34322
Caseworkers [See Social Workers]
Caste System—Serials
caste & gender inequality effects & migration, rural vs urban women, India, implications for quality of rural development programs, 35143
perception of educational merit & economic need & caste & SES & political connections as determinants of admission to university & job recruitment & financial assistance, university students, India, 22485
Castration [See Also Male Castration, Ovariectomy]—Serials
castration & selective replacement of estradiol & testosterone & 11-ketotestosterone, hypothalamic immunoreactive gonadotropin-releasing hormone neurons, male cichlids, 25497
Lacanian vs Freudian psychoanalytic perspectives on femininity & castration & phallus, 19066
neutering, cat & dog behavior, 34431
17 alpha-methyltestosterone vs methandrostenolone vs nandrolone decanoate, sexual & locomotor activity, castrated male rats, 15014
8-hydroxy-2(di-n-propylamino)tetralin, sexual behavior, male rats castrated at adulthood or during early postnatal critical period, 25601
Cat Learning—Serials
classically conditioned pupillary dilations & thalamus & dorsal & posterior hypothalamus cell activity, paralyzed cats, implications for role of posterior hypothalamus in learning, 21622
CAT Scan [See Tomography]
Catabolism—Serials
preclinical findings & therapeutic perspective on kynurenine & Huntington's disease, literature review, 31904
Catabolites [See Metabolites]
Catalepsy—Serials
acute vs subchronic N G-nitro-L-arginine & attenuation by L-arginine, catalepsy, mice, 15058
atypical antipsychotic activity of adenosine A†B 2A †b agonist CGS 21680 vs haloperidol vs clozapine, spontaneous & amphetamine- & PCP-induced motor activity & catalepsy, male rats, 41512
beta-adrenoceptor antagonist carteolol vs muscarinic receptor antagonists propranolol & biperiden, neuroleptic-induced catalepsy & stereotypy & locomotor activity, rats, animal model of akathisia, 38118
chronic methamphetamine, cataleptic effects of dopamine agonist SCH23390 & haloperidol, male mice, 7005
haloperidol, susceptibility & potentiation of immobility responses elicited during restraint inducing stimuli, guinea pigs vs hamsters vs rats, 29577
SA4503 & tetrahydroaminoacridine, memory & extracellular acetylcholine & catalepsy, rats with scopolamine-induced amnesia, 21886
severity of catalepsy after haloperidol injections, development of vacuous chewing movements, rats, animal model of parkinsonian signs & tardive dyskinesia, 6932
5-HT2 receptor antagonist ritanserin, dopamine D2 receptor antagonist & suppression of conditioned avoidance response & catalepsy, male rats, 29632
8-OH-DPAT & ritanserin, haloperidol induced catalepsy & changes in extracellular levels of striatal dopamine, male rats, 34678
Catamnesis [See Posttreatment Followup]
Cataplexy—Serials
absence of platelet MAO-B & increased plasma serotonin, cataplexy & unarousable REM sleep & seizures, male patients with atonic spells & apnea & Norrie disease gene deletions, 12497
Cataracts—Serials
long term cognitive & depression & other affective changes, 60 yr old & older patients undergoing cataract surgery, 1 yr study, 13141
Catatonia—Serials
benzodiazepines, stupor, male 63 & 65 yr olds in need of diagnostic interview & treatment, case reports, 13065
catatonia after withdrawal of benzodiazepines, 53–88 yr olds with mental or physical illnesses, case reports, 13038
causes & symptoms of catatonia, treatment with lorazepam & other benzodiazepines or ECT, adolescents & adults, literature review, 22841
clinical differentation of neuroleptic malignant syndrome vs catatonia, commentary reply, 36438
clinical differentiation of catatonia vs neuroleptic malignant syndrome, commentary reply, 36521
clinical differentiation of lethal catatonia vs neuroletpic malignant syndrome, commentary, 36426
clinical validity & nosological status of Kahlbaum's syndrome within DSM-III—R & DSM-IV & Leonhard's systems & its relation to schizophrenia & mood disorder, adults with catatonia, Spain, 42220
conceptual development of loquacity & verbigeration & echolalia as symptoms of catatonia in modern psychopathology, 11926
consistency of symptom profiles across episodes, 25–42 yr old catatonic patients, meeting presentation, longitudinal studies, 42319
development & interrater reliability & validity of 22-item rating scale & 14-item screening instrument for assessment of catatonia, psychiatric patients, scale & screening test appended, 21044
ECT, lorazepam resistant catatonia, male 17 yr old with diverse psychiatric symptoms, case report, 9198
hydrocephalus & associated schizophrenic psychosis, 21–49 yr olds with subthalamic mesencephalic tumors, implications for reactivity of dopaminergic pathways, 31025
lithium carbonate, 55-yr-old female with catatonia, case report, letter, 43157
lorazepam, nonmalignant catatonia associated with hyponatremia, 45-yr-old male with chronic schizophrenia, case report, letter, 16639
lorazepam vs ECT, response assessed with catatonia rating scale, psychiatric patients with catatonia, 23520
lorazepam withdrawal associated catatonia, 62 yr old male with history of schizophrenia, case report, 27412
LSD, development of catatonia & role of benzodiazepine treatment, 21 yr old female, case report, commentary, letter, 12237
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, 1493
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, commentary, letter, 31619
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, commentary reply, letter, 31590
plasma HVA prior to vs after neuroleptic treatment, catatonic 18–55 yr olds, implications for role of mesolimbic or mesocortical dopaminergic or nigrostriatal function, Germany, 7856
presentation with catatonic stupor, female 59 yr old manifesting adrenal carcinoma & severe hypertension, case report, implications for differentiation of medical & psychiatric disturbance, 4566
prevalence & correlates of catatonia, depressed patients vs patients with Parkinson's disease, 30707
psychobiological findings & use of neuroleptics, catatonic symptoms in schizophrenia & other disorders, 43118
psychopathology, serum creatine phosphokinase & parkinsonism & dyskinetic movements & extrapyramidal signs, acutely catatonic psychiatric inpatients, 11909
reported cases of catatonia in 8–18 yr olds, 1966–96, 38849
spectrum of neuroleptic induced catatonia & neuroleptic malignant syndrome without fever, schizophrenic male 12 yr old, case report, 7966

synergism of lorazepam & ECT in treatment of catatonia, 2 16–24 yr old patients, conference presentation, 42888
withdrawal from lorazepam & meprobamate, catatonia, 42-yr-old female inpatient with major depression & panic disorder, case report, 32369
Catatonic Schizophrenia—Serials
outpatient maintenance ECT, rehospitalization & functional capacity, catatonic schizophrenic 44 yr old male with history of tardive dyskinesia, 9196
Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Serials
alcohol exposure during postnatal period, monoamine concentrations in hippocampus & septal region assayed under stressed vs nonstressed conditions, rats, 21868
allele & genotype frequencies of DNA polymorphisms at catechol O-methyltransferase gene, adults with vs without bipolar disorder, Spain, 22764
alpha-methyl-para-tyrosine induced decrease of norepinephrine & dopamine levels, mood & symptoms, 21–63 yr old drug-free patients with major depression, 9120
amperozide & metabolite FG5620, CNS & monoamine receptor binding, animals & humans, 41528
atmospheric pressure, CSF 5-HIAA & HVA & hydroxymethoxy-phenylglycol monoamine metabolites, healthy 18–88 yr olds, commentary, implications for study of psychiatric disorders, letter, 25485
atmospheric pressure, CSF 5-HIAA & HVA & hydroxymethoxy-phenylglycol monoamine metabolites, healthy 18–88 yr olds, commentary reply, implications for study of psychiatric disorders, letter, 25476
atmospheric pressure, CSF 5-HIAA & HVA & hydroxymethoxy-phenylglycol monoamine metabolites, healthy 18–88 yr olds, implications for study of psychiatric disorders, 14840
bilateral lesions in medial prefrontal cortex, serotonin system monoamines in medial prefrontal cortex & nucleus accumbens & raphe nucleus & sucrose-ethanol solution consumption, male rats, 39493
borderline & impulsive personality traits & platelet monoamine & 5-HT & MAO function, females with bulimia nervosa vs recurrent suicidal behavior, 12428
brain monoamine systems & action mechanism of antidepressant treatment, depressed patients, 12977
catechol-O-methyltransferase inhibitors entacapone & tolcapone, lesion or scopolamine impaired cognitive function in passive avoidance retention task, male rats, 34670
catecholaminergic activity enhancer compounds, resting brain metabolism & shuttle box performance, Charles River vs HSD Wistar rats, 15050
chronic restraint vs immobilization stress, ACTH response & noradrenaline & serotonin levels & brain monoaminergic activity, male rats, 11113
chronic social stress & social rank, 5-HIAA & 5-HT & other monoamines in prefrontal cortex, male monkeys, 29282
conditioned blocking & relationship to personality & monoamine metabolism, 8–12 vs 12–16 vs 16–19 vs 18–26 yr olds, 3327
cross relationships among alexithymia & affective disturbance & substance abuse & role of central catecholamine levels, 1245
developmental lead exposure, cholinergic & catecholaminergic markers in septohippocampal pathway, rats, 4 mo study, 11109
distinguishing l-deprenyl & debrisoquin using plasma concentrations of catecholamine metabolites, patients with ADHD & healthy adults, implications for treatment of neuropsychiatric conditions, 5011
hierarchy position & predatory social situation, concentration of noradrenaline in hypothalamus & dopamine & 5-HT & MHPG & noradrenaline in hippocampus, single vs paired cats, 29320
inhibition of angiotensin II synthesis by captopril, auditory EPs & cardiovascular activity & plasma catecholamine concentrations as indicators of attention, 21–34 yr old males, 3206
inhibition of catecholamine synthesis produced by alpha-methyl-para-tyrosine, cocaine induced euphoria cocaine abusers, 39843
mechanisms of action & advantages of 2nd generation antidepressants vs monoamine theory & receptor adaptation hypothesis of antidepressant action, conference presentation, 11160
moclobemide & forced-swimming stress, brain levels of monoamines & their metabolites, male mice, 7003
moclobemide-induced MAO-A inhibition, plasma monoamines & metabolites & major depression treatment response, psychiatric inpatients, 19967
monoamine & endorphin & amino acid dysfunction & synapse turnover dysregulation syndrome in model for development of autism & autism-like conditions, 1421
monoamine & metabolite & tryptophan concentrations in frontal cortex & hypothalamus & gyrus cinguli, suicide victims, Sweden, 35709
monoamine metabolism & heart rate & BP & neuropsychological development, 4–17 yr olds with vs without history of neglect &/vs abuse, 8152
monoamine pathophysiological hypothesis for paraphilias, males, 42465
normative data from monoamine metabolites in leftover CSF, human infants with vs without neurological compromise, implications for biobehavioral research, 29706
outdoor exercise, urinary excretion of 17-hydroxycorticosteroids & catecholamine rhythm & sleep-wake pattern, 36–51 yr old airline cockpit crewmembers, 21774
psychostimulant effects of diethylpropion, behavioral sensitization in conditioned locomotion & rearing & defecation & catecholamine levels, rats, 18330
rearing with mothers vs peers, CSF 5-HIAA & MHPG & HVA concentrations & home cage social behavior, monkeys, animal model of behavioral features of alcohol abuse, 21854
RNA polymerase chain reaction-based screening techniques to identify candidate clones, application to schizophrenia & bipolar disorder, 28564
role of brain catecholaminergic system in establishing dominant–subordinate relationships, mice, 6529
role of corticotropin releasing factor receptors & cortisol & catecholamines in food intake regulation, goldfish, 29470
role of norepinephrine & epinephrine & other catecholamines & dopamine systems & ventral striatum in ADHD, letter, 39248
role of norepinephrine & epinephrine & other catecholamines & dopamine systems in ADHD, 12330
role overload, daily excretion of urinary catecholamines & cortisol, 21–61 yr old females with children & live-in partners or husbands, 41422
saliva cortisol & urinary cortisol & catecholamine as measurements of stress responses, dogs with insulin-induced hypoglycemia, 25531
self administered cocaine, brain levels of vesicular monoamine transporter, male rats, 18352
stress & catecholamine induced leukocytosis, literature review, 11058
talipexole vs prazosin vs bunazosin vs pindolol vs physostigmine vs pilocarpine vs pindolol, yawning, male rats, implications for role of catecholamine receptors, 6947
temporal stability of CSF 5-HIAA & monoamine metabolites, social stress & 5-HT functioning & social behavior, female adult monkeys, 24 wk study, 6783
urinary monoamine levels, novelty seeking & harm avoidance & reward dependence, 25–35 yr old healthy males, 41290
use of monoaminergic drugs for pain treatment, 32684
working with new technologies, catecholamines & cortisol levels & subjective strain, 24–38 yr old male employees, 1 yr study, 11075
Categorizing [See Classification (Cognitive Process)]
Catharsis—Serials
bonding & catharsis in psychoeducational program, couples, 32205
use of catharsis in psychotherapy, 42939
Cathode Ray Tubes [See Video Display Units]
Catholicism (Roman) [See Roman Catholicism]
Catholics—Serials
cultural stereotypes & other issues in alcoholism, Irish American Catholics, 23082

expectations & perceptions of personality traits of Roman Catholic priests, college students (mean age 19.25 yrs) vs applicants to priesthood (mean age 29.0 yrs), 41844
historical & contemporary evidence & public awareness of child sexual abuse, Roman Catholic clergy, 42463
reasoned action/planned behavior model of church attending behavior, Catholics vs Protestants (average age 22.4 yrs), Northern Ireland, 18696
religious affiliation, SES, Black Catholics vs Protestants, 30063
suicide rates, Catholics vs Protestants, Netherlands, statistical test of validity of E. Durkheim's theory about religion & suicide, 12172
Caucasians [See Whites]
Cauda Equina [See Spinal Nerves]
Caudate Nucleus—Serials
acoustic startle response, role of somatostatin in caudal pontine reticular nucleus and central gray as main source of somatostatinergic input, rats, 6774
age, assessment of dopamine D2 receptor loss in striatum with positron emission tomography & raclopride vs F-N-methylspiroperidol, healthy 24–73 yr olds, 6687
amphetamine withdrawal, extracellular dopamine & metabolites in caudate nucleus & nucleus accumbens across circadian cycle, male rats, commentary reply, 25608
amphetamine withdrawal, extracellular dopamine & metabolites in caudate nucleus vs nucleus accumbens across circadian cycle, male rats, commentary, 25589
auditory discrimination task, activation of left superior temporal gyrus & right caudate, schizophrenic patients (mean age 34.8 yrs), 35630
bilateral lesions of stria terminalis & oxotremorine in medial caudate nucleus, enhancement of memory on inhibitory avoidance task, male rats, 3090
carbacholine activation of caudate nucleus of striatum & CM-Pf complex of thalamus, reaction to defense & differential acoustic signals, dogs, 6673
carbacholine injections, activation of cholinergic systems of caudate-putamen & accumbens in avoidance training in T-maze, rats, 29362
caudate nucleus size & cerebral atrophy, hospitalized patients with schizophrenia (mean age 60.3 yrs) with vs without tardive dyskinesia (mean age 60.6 yrs), 31741
computer model of neural network & parallel recording of spike activity of neostriatum neurons during performance of sequential actions, monkey, translated article, 33861
escalating & multiple high-dose binge pattern of amphetamine administration, extracellular dopamine responses in caudate putamen & nucleus accumbens, rats, 41482
ibotenic acid induced lesions of caudate nucleus & globus pallidus, effect of ablation of subthalamic nucleus on neuronal degeneration in substantia nigra reticulata & movement disorders, male rats, 25491
lateral & 3rd ventricle enlargement & cortical & medial temporal & caudate atrophy, patients with early vs late onset major depression (mean age 75.9 yrs), 35527
left medial agranular area ablation, SCH 23390 reinstatement of severe neglect of contralateral stimuli of each modality & D1 dopamine receptor numbers & affinities in caudate putamen, rats, 497
MK 801, dopamine receptor-specific agonist induced priming of contralateral turning & c-fos expression in caudate putamen, male rats with 6-OHDA lesions of left medial forebrain bundle, 7007
morphometric abnormaliaties of caudate or lenticulate or putument or white matter volumes, females with trichotillomania, 35675
performance of spatial vs nonspatial working memory tasks, metabolic activation of caudate nucleus, male rhesus monkeys, 34553
posttraining intracerebral injections of NMDA receptor antagonist AP5, hippocampal & dorsal-striatal memory, male rats, 34689
regional & cellular & subcellular distribution of dopamine receptor subtypes in cerebral cortex & neostriatum & caudate nucleus & substantia nigra & basal forebrain & hippocampus, monkeys, 25454
regional cerebral blood flow in caudate nucleus, patients with obsessive compulsive vs panic disorder, England, 39088
spatial & cue navigational abilities in water maze tasks, male rats with fimbria/fornix vs caudate putamen lesions, 25462
Causal Analysis—Serials
age, judgments of influence of causal & noncausal variables on behavior of balance scales & other levers, 5–12 yr olds, Canada, 11326
alternative causes & disabling conditions & logical forms, deductive reasoning about causality, college students, commentary, 34208
alternative causes & disabling conditions & logical forms, deductive reasoning about causality, college students, commentary reply, 34205
anchoring & adjustment bias in personal injury case, mock jurors, 18952
animate vs inanimate object motion & independent motion vs transport by person, immanent vs internal causal explanations, 3.1–5.5 yr olds & college students, 18483
application of causal temporal model to development of causal nets used in interpretation of natural language, 2421
beliefs about causes of success & satisfaction in sport, 18–44 yr old task vs ego oriented undergraduates with competitive sport experience, 20835
causal attributions & their consequence in sexual assault trial judgments, judges, Canada, 42055
causal direction in models of subjective well-being & domain-specific satisfaction variables, adults, Netherlands, 30539
causal explanations & interpretive understanding as modes of knowledge & thought, 14587
causal model of academic failure & later dropout behavior, students tested in 7th & 8th & 9th grades & as young adults, longitudinal study, 43662
causal model of job satisfaction, female nurses, longitudinal study, 5514
causal nature & magnitude & generalizability of psychotherapy effects, meta analyses of psychotherapy outcome studies, 27138
causal network analysis of human trained vs nontrained vs synthetic text proposition order recall, college students, conference presentation, 25129
causal order, cue selection in associative learning, college students, implications for experimental methodology, commentary, 21454
causal order, cue selection in associative learning, college students, 304
counterfactual thinking in causal reasoning, 3–5 yr olds, 15223
explanations within expert system of protein purification, adults, Sweden, 5859
immanentist vs transcendentalist views & definitions of social structure & causal power theory, 26157
implicit causality, focus on events in sentence comprehension, college students, 248
integration of covariation & causation in causal power theory, 25126
joint model of causal attributions, college students, Belgium, 30551
latent structure model for developmental paths & causal analysis of latent dichotomous variables, 138
level of self esteem & "if...then" expectancies of interpersonal acceptance, 18–44 yr olds, 15566
linguistic & semantic categories & research methods used in & theoretical explanations of implicit verb causality, literature review, 18407
model of attributions & coping strategies for job loss, workers, 19006
Piaget's vs Vygotsky's view on causation in philosophy of mind, 14182
qualitative analysis of unique experiences in burnout, 12–23 yr old junior tennis players, 18571
quantitative analysis of psychological characteristics of junior tennis burnout, burnout vs comparison players, 18572
simple causal relations vs causal systems approaches to examining animal behavior & behavior systems approach for summarizing data on organizational & regulatory underpinnings of behavior, 34339

social problems work & mental disorders as causally influential nonhuman agents, 38948
use of conditional vs unconditional contingencies to rate causal efficacy when information about cause & effect is presented on trial-by-trial basis, college students, 18906
Celibacy [See Sexual Abstinence]
Cells (Biology) [See Also Blood Cells, Chromosomes, Cones (Eye), Epithelial Cells, Neurons, Sperm]—Serials
abnormalities in ion regulation & distribution, cellular physiological function, 30–66 yr old manic vs hypomanic vs bipolar depressed vs euthymic bipolar patients, 26447
calcium homeostasis & reactive oxygen species production, cellular mitocholdria from adults with vs without Alzheimer's disease, 36141
cellular & subcellular localization & associations of Fragile X mental retardation protein, rats & mice & humans, 31587
cold water stress, role of substance P in secretion of interleukin-6 from peritoneal macrophages, male mice, 11056
cultured skin fibroblasts & molecular mechanisms underlying pathogenesis of schizophrenia, 26503
emotional distress, CD4+ cell decline & disease progression, 19–68 yr old homosexual HIV+ males, 12 mo study, 31691
gene inactivation & single cell recording, assessment of genetic role in neural plasticity, mice, 34603
inducement of long term potentiation by stimulation of lateral olfactory tract, adenosine triphosphatase activities in neurons & glial satellite cells in olfactory cortex, rats, translated article, 29419
input from magnocellular & parvocellular stream recipient neurons to individual layer 4B neurons of primary visual cortex, macaques, letter, 6667
Lewy body dementia as diagnostic entity vs cortical Lewy bodies as pathological substrate of Alzheimer's disease or associated dementias, 1562
lithium, AP-1 transcription factor activation & DNA binding activity, rat PC12 cells treated with nerve growth factor, 34719
long-term potentiation, dimensions & density & distribution of dendritic spines, rats, 21713
natural killer cell activity & treatment with desmethylimipramine, patients with major depression, 12 wk followup, conference presentation, 9139
neural network model & computer simulation of hippocampal & cortical memory function, ability to predict memory sequences & account for phase precession of place cells, rats, 24911
outgrowth & morphology of cell types from tissue fragments in cell cultures from skin biopsies, schizophrenic 18–42 yr olds, 1281
pathways of formation of reduced haloperidol pyridinium derivative in human liver & basal ganglia cells, implications for haloperidol treated schizophrenic patients, 587
pharmacologic activation of protein kinase C, modulation of amyloid precursor protein secretion in human skin fibroblasts, demented vs nondemented patients with Down's syndrome, Italy, 26808
protective immunity by memory of T & B effector & memory cells against mucosal vs systematic infections, implications for development of vaccines, 4498
spatial firing of place cells in & efferent projections of parasubiculum in hippocampal formation & similarities to hippocampal place cells discharge, rats in cylindrical apparatus, 11016
stimulus estimation & signal detection methods, P-receptor afferents & pyramidal cell responses & temporal encoding & processing of modulations in electric field amplitude, weakly electric fish, 29418
stress severity & strain differences & propranolol, splenic plaque-forming cell response, male mice, 6738
valproic acid, modulation of DNA-binding activity of activator protein 1 & cyclic adenosine monophosphate responsive element binding protein CREB, rat C6 glioma cells & human neuroblastoma, 21829
Censorship—Serials
average time per week spent using Internet & opinions on need for censoring of Internet-accessed materials, students & faculty & visitors of university, 41555
Central America [See Costa Rica, El Salvador, Guatemala, Nicaragua]
Central Nervous System [See Also Extrapyramidal Tracts, Meninges, Neural Analyzers, Neural Pathways, Spinal Cord]—Serials
alterations in gene coding for neurotropic factors, schizophrenic patients, Spain, 42349
amperozide & metabolite FG5620, CNS & monoamine receptor binding, animals & humans, 41528
antidepressant therapy, alteration of NMDA receptors in CNS, animal model of depression, 11207
bilateral electrolytic lesions of red nucleus, dopaminergic & serotoninergic changes in CNS & behavior changes, rats, 18168
brain & immune system & CNS responses to stress & depression, 42281
CCR3 & CCR5 as co-receptors for HIV-1 infection of microglia & HIV/AIDS dementia & promoters of efficient CNS infection, fetal abortus brain tissue, 31666
central cholinergic blockage & spatial mapping vs nonplace strategies, acquisition of place learning in Morris water task, male rats, 10939
centrally mediated adverse CNS effects of beta-adrenoceptor blockers, literature review, 19936
chronic choline-deficient diet, levels of acetylcholine vs noradrenaline & muscarinic & adrenoceptor density in frontal cortex vs hippocampus vs olfactory bulb & memory decay, female rats, 25595
CNS effects of relaxation response, 18–49 yr olds, 3156
connectionist nets & spontaneous recovery of associations by learning unrelated tasks, implications for spontaneous recovery of memory in CNS, 17499
CSF neurotrophic factor as marker of CNS damage associated with reduction in dopaminergic activity, schizophrenic patients, 1285
diabetes mellitus & elevated serum immunoglobulins as markers of preclinical neurogenerative disease, 52–84 yr olds, Guam, 36052
Dretske's information-content theory & human cognition & CNS & artificial intelligence, 14099
effects of HIV on CNS & pathogenesis of HIV-associated dementia, patients with AIDS, literature review, 31657
exercise, CNS function as measured by brain calcium–calmodulin-dependent dopamine synthesis, male mice, animal model of convulsive seizures, 6679
experimental therapy with neurotrophic factors in model of CNS neural atrophy & synaptic loss from unilateral cortical infarctions, conference presentation, 31752
expression of serum autoantibodies directed against CNS vs other autoantigens, 19–37 yr old schizophrenic inpatients, 31007
glucocorticoids, platelet & CNS serotonergic transporter binding sites & serotonin uptake capability & imipramine induced uptake inhibition, male rats, implications for human depression, 25616
HIV entry into CNS & related brain disorders, 31650
human genome & nucleotide repeat sequences in degenerative & developmental neuropsychiatric CNS diseases, 42816
individual variation in startle response & habituation & association with CNS & autonomic & myogenic activity, 7–11 yr old males, 3162
jasmine vs lavender fragrance oils, CNS activity, adults, implications for aromatherapy, 17815
model of trajectory formation, role of CNS in control of movement & environmental variables & use of coordinate systems, implications for ecological psychology in movement science, commentary, 226
model of trajectory formation, role of CNS in control of movement & environmental variables & use of coordinate systems, implications for ecological psychology in movement science, 231
mutation of ciliary neurotrophic factor gene, 19–64 yr old Japanese schizophrenic patients, Japan, 42344
NMDA receptor antagonist memantine, neuronal damage & neurotoxicity, transgenic mice with HIV 1 gp120 induced CNS damage, 15100

ORG 2766 & other ACTH/MSH peptides, spontaneous behavioral recovery after CNS injury without recuperation of damaged neurons & role of aging, mammals, animal model, literature review, 7103
peripheral & CNS neuropathy mutation at codon 200 of prion gene, 46-yr-old female with Creutzfeldt-Jakob disease & genetic mutation, 8565
positional frames of reference in model of sensorimotor integration & control variables in CNS, kinematic & EMG patterns of intentional movements, commentaries & reply, 229
role of supraspinal systems & avoidance learning in tail-flick test, male rats, 37832
starvation or intermittent dieting, plasma & urine & CSF norepinephrine & metabolites & reduced noradrenergic activity in CNS & peripheral nervous system, patients with anorexia nervosa or bulimia, 4465
sulpiride dosage, pharmaco-EEG responses, 23–45 yr olds, implications for therapy, 25556
Central Nervous System Disorders [See Also Brain Disorders, Chorea, Dysarthria, Neurosyphilis, Progressive Supranuclear Palsy]—Serials
association of hypersomnolence with spectrum of disorders based on hypothalamic dysfunction of other organic CNS syndromes, 16309
ceftriaxone, Lyme neuroborreliosis & gait impairment & urinary incontinence & dementia of normal pressure hydrocephalus syndrome, 74 yr old female, Germany, case report, 23385
equivalency of FAS vs CFL verbal letter fluency tasks, 17–87 yr olds with cognitive complaints related to psychiatric illness or CNS dysfunction, 113
high intensity lesions & nonverbal cognitive deficits, 7–16 yr olds with neurofibromatosis type 1, 23368
hyperacute allodynia, male 75 yr old with Schneider's syndrome, case report, 31744
intrauterine cocaine exposure vs CNS injury, preference for stimulation in less vs more aroused conditions, 4 mo olds, 19615
medical & neuropsychiatric manifestations & severe mental illness prior to & as result of HIV infection, patients, 30684
neuropsychiatric symptomology of Sydenham's chorea, literature review, 19632
neuropsychological & clinical correlates in corticobasal degeneration, 59–69 yr olds, case reports, implications for differentiation from cognitive impairments seen in Parkinson's disease & dementias, 19631
rota rod assessment of motor coordination & balance, shiverer mutant mice carrying myelin basic protein transgene resulting in CNS dysmyelination, 14850
subjective reports of vs actual memory impairment, 19–64 yr olds with Lyme borreliosis, 12664
Central Nervous System Drugs [See CNS Affecting Drugs]
Central Tendency Measures [See Mean]
Central Vision [See Foveal Vision]
CER (Conditioning) [See Conditioned Emotional Responses]
Cerebellar Cortex [See Cerebellum]
Cerebellar Nuclei [See Cerebellum]
Cerebellopontile Angle [See Cerebellum]
Cerebellum [See Also Purkinje Cells]—Serials
acute phase vs post-recovery movement related cortical potentials, 26 yr old female & 50 yr old male with cerebellar stroke, 8–10 mo followups, 8551
age, atrophic changes in corpus callosum compared with cerebellum & pons & relationship to cognitive function, 52–91 yr olds with Alzheimer's disease vs incipient dementia, 23419
age, binding of major 2nd messengers in cerebellum vs cerebral cortex, 3 wk vs 6–24 mo old rats, implications for role of adenylate cyclase system, 29240
associative learning ability, 28–70 yr olds with cerebellar ataxia vs Huntington's disease vs Parkinson's disease, applications for comparisons with monkeys with cerebellar lesions, 16384
atrophy of mammillary bodies & cerebellum, adults with Korsakoff's syndrome (mean age 65.3 yrs) vs nonamnesic chronic alcoholism (mean age 49.4 yrs), 26685
brightness discrimination training, immediate early gene messenger RNA expression in hippocampus vs cerebellum vs cerebral cortex regions, male rats, 25475
cerebellar abnormality & additional or corollary parietal pathology, speed of orientation in spatial attention, autistic 14–42 yr olds, implications for role of cerebellum & parietal cortex, 8360
cerebellar arachnoid cyst & cognitive impairment, female 52 yr old accused of arson, case report, 12290
cerebellar hypoplasia & frontal lobe cognitive deficits, 10–23 yr old autistic patients vs 10–16.7 yr old survivors of childhood acute lymphoblastic leukemia, 30659
cerebellar lesions, eye blink conditioning, rabbits, 37830
cerebellar tissue transplantation & growth & differentiation of cerebellar grafts & interaction of heterotopic & orthotopic grafts, ataxic mouse mutants, literature review, 29378
cerebellar volume, general intelligence & motor dexterity & verbal & visual memory, 18–40 yr olds, 14869
cerebellectomy, working & long-term spatial memory in delayed spontaneous alternation, lurcher mutant +/Lc mice, 21623
cerebellum activation during sensory discrimination through fingers, 30–44 yr olds, 11030
cerebral & cerebellar gray & white matter volumes, patients with unipolar depression responding or not responding to fluoxetine, 39007
chronic ethanol, inositol triphosphate & tetrakisphosphate receptor binding in cerebellum & hippocampus, rats, 25611
chronic vs acute ethanol intoxication, A1 adenosine receptor binding in cerebellar cortex, male rats, 6856
classic & atypical bipolar disorder & dystonia & checking compulsion, 47-yr-old female & 30-yr-old female & 29-yr-old male patients with focal cerebellar circuit lesions, case reports, 31814
classically conditioned associative learning with electrical stimulation of cerebellum as CS & unconditioned stimulus, male rabbits, 11009
development of new theory of cerebellar function, 24914
development of tolerance to CP 55,940, hypoactivity & hypothermia & immobility & 3H-CP 55,940 binding to brain membranes & cAMP in cerebellum, rats, 21841
differential involvement of cerebellum in visual attention &/or motor task, healthy 23–29 yr olds, 41303
eyeblink conditioning, 20–73 yr olds with unilateral or bilateral cerebellar lesions, 8667
inactivation of interpositus nucleus of cerebellum, learning-related activity of pontine nucleus during classical eye blink conditioning, rabbits, 38015
inhalation anesthesia, kainate induced glutamate release from cerebellar granule cells, 8 day old rats, 21942
lesions of cerebellar interpositus vs red nucleus & disruption of efferent pathways & role of ventrolateral thalamic nucleus in classical eyeblink conditioning, rabbits, 6672
model for Pavlovian eyelid conditioning based on synaptic & cellular organization of cerebellum, 37781
motor skill learning, dendritic morphology of stellate local circuit neurons, rats, 34550
MRI analysis of landmark based shapes & image averaging, identification of structural neuropathology in corpus callosum & cerebellum & limbic structures, schizophrenic 19–52 yr olds, 7954
muscimol induced temporary inactivation of cerebellar interpositus nucleus, acquisition of conditioned eye blink response, rabbits, 38120
muscimol infusions into ipsilateral cerebellum, acquisition of nictitating membrane response, rabbits, 38178
neural activity of Purkinje cells in the floccular complex driving plasticity during cerebellum-dependent learning in vestibular-ocular reflex, male monkeys, 37993
neural network model of hippocampal & cerebellar interaction in recognition & reinforcement & sensorimotor learning during adaptive behaviors, 17498
neural network model of opponent cerebellar learning & cortico-spino-cerebellar dynamics in arm movement control, 40721
neuroanatomy of number processing, 60 & 68 yr olds with acalculia, 39494

neuropathology of cerebellum in schizophrenia, literature review, 37975
nitric oxide synthase inhibitor, acquisition of classically conditioned eyelid response & associated learning related afferent vs efferent neural plasticity in interpositus nucleus, male rabbits, 3186
performance on word generation & discrimination learning & attention tasks, 49–74 yr old patients with cerebellar damage, 39511
plasticity of parallel fibre synapses & post-synaptic spike, depression of excitatory post-synaptic potentials, fish, 34520
postsynaptic processes & signals, input specificity of cerebral long term depression, mice, 6646
precocious neuronal death in cerebellar cortex & olivocerebellar pathway, motor control of equilibrium on rota rod, staggerer mice of C57B16 strain assessed from 3 to 24 mo old, 454
presence of cerebellar long-term depression, adult mice with vs without neuronal nitric oxide synthase, implications for cerebellar-dependent learning, 37835
role of cerebellar cortex in adaptive modification of reflex blinks, rats, 37991
role of cerebellar cortex in development of sensorimotor learning & premotor network, 37779
role of cerebellum in acquisition & use of kinesthetic cues in learning, 44–58 yr olds with cerebellar lesions, 39554
role of cerebellum in normal & disordered speech & language, 23219
role of cerebellum in prediction of internal conditions necessary for & preparation for learning & memory & motor operations, 37769
role of lateral cerebellum in acquisition & discrimination of tactile sensory information, 32–44 yr olds, 37603
sensorimotor learning capacities, cerebellar mutant mice, 6584
spatial dysgraphia & cerebellar atrophy, 67-yr-old male, case report, 39555
sustained phosphorylation, long term desensitization of cerebellar Purkinje cell AMPA-type glutamate receptors, rat cerebellar slices, 37988
time interval discrimination, adults with cerebellar degeneration, 1608
use of connectionist network model in predictive timing in cerebellum for learning & performance of conditioned eyeblink responses, 40723
validity of cerebellar motor learning hypothesis & view of long term Purkinje cell activity depression as mechanism behind cerebellar motor learning, 37981
visuospatial & attention & verbal-associative learning processes & memory abilities, adults with cerebellar cortical atrophy or olivopontocerebellar vs spinocerebellar atrophy, 8584

Cerebral Aqueduct [See Cerebral Ventricles]

Cerebral Arteriosclerosis—Serials

event-related P300 potentials, early cognitive dysfunction detection, 19–74 yr olds with chronic liver disease vs 38–80 yr olds with cerebral arteriosclerosis, 29992
P300 amplitude & latency & cognitive dysfunction, 33–81 yr olds with cerebral vs peripheral arteriosclerotic disease, commentary reply, letter, 23354
spontaneously occurring & induced ischemic depolarizations & induced spreading depression following middle cerebral artery occlusion, neurobehavioral consequences, male rats, 14816

Cerebral Atrophy—Serials

alexia & agraphia & progressive visual agnosia & memory dysfunction, 65 yr old female with posterior cortical atrophy, case report, 16297
atrophy &/or comorbid medical illness &/or cerebrovascular risk factors, pathogenesis of late life major depression, elderly with late life major depression vs probable dementia of Alzheimer type, 22667
atrophy of mammillary bodies & cerebellum, adults with Korsakoff's syndrome (mean age 65.3 yrs) vs nonamnesic chronic alcoholism (mean age 49.4 yrs), 26685
attentional set shifting & memory & conceptual thinking & motor function & verbal fluency, patients with striatonigral degeneration type multiple system atrophy vs Parkinson's disease, 19627
body mass index & atrophy of medial temporal cortex vs other brain regions & cognitive impairment, Alzheimer's disease patients, 23409
brain atrophy & severity of neurological impairment, HIV positive patients (mean age 38.4 yrs) vs HIV negative high risk controls, 31652
caudate nucleus size & cerebral atrophy, hospitalized patients with schizophrenia (mean age 60.3 yrs) with vs without tardive dyskinesia (mean age 60.6 yrs), 31741
cerebral atrophy & neuropsychological test scores & MRI, 38–60 yr olds with Korsakoff syndrome vs nonamnesic alcoholics, 19605
cerebral profusion differences, adults with Parkinson's disease with vs without dementia vs Azheimer's disease, 42842
clinical differentiation, deceased patients with multiple system atrophy vs Parkinson's disease, England, commentary, letter, 12594
clinical differentiation, deceased patients with multiple system atrophy vs Parkinson's disease, England, commentary reply, letter, 12573
coexisting cortical basal ganglionic degeneration and Alzheimer's disease, 72-yr-old female with early dementia, case report, letter, 23391
differences in psychosocial adaptation, 22–52 yr olds with schizophrenia with vs without larger ventrical to brain ratio and/or cortical atrophy, 30968
experimental therapy with neurotrophic factors in model of CNS neural atrophy & synaptic loss from unilateral cortical infarctions, conference presentation, 31752
extent & pattern of tissue volume deficit & cerebrospinal fluid volume enlargement, 26–44 yr olds vs 45–63 yr olds with alcoholism, 35816
hippocampal & amygdala atrophy & cognitive impairment, healthy 55–96 yr olds, 30000
hippocampal formation atrophy, explicit memory impairment, 52–87 yr olds with Alzheimer's disease, 8665
hippocampal formation size, memory recall function, 55+ yr olds, followup study, 25953
lateral & 3rd ventricle enlargement & cortical & medial temporal & caudate atrophy, patients with early vs late onset major depression (mean age 75.9 yrs), 35527
lexical retrieval & naming of living vs non-living items, 66 yr old male with progressive left hemisphere atrophy, case report, 23474
lifelong ethanol consumption & aging, cerebellar cortical layer volumes, alcohol-preferring vs nonpreferring rats (aged 3 or 24 mo), 29603
melokinetic apraxia & alien hand phenomenon & corticobasal degeneration, 70 yr old female with hypertension & hyperthyroidism, case report, 4552
MRI research on temporal lobe & hippocampal atrophy in Alzheimer's disease, commentary, letter, 12611
MRI research on temporal lobe & hippocampal atrophy in Alzheimer's disease, commentary reply, letter, 12649
natural course of cognitive performance & EEG changes & brain atrophy & morphology, elderly with vs without Alzheimer's disease, 2 yr study, 4664
negative symptoms & poor prognosis associated with left temporal lobe atrophy, paranoid schizophrenic 40 yr old female, case report, 15944
neurological plasticity, sensorimotor & locomotor deficits, neonatal rats with ischemic-hypoxic brain lesions, 29307
neuropsychological & clinical correlates in corticobasal degeneration, 59–69 yr olds, case reports, implications for differentiation from cognitive impairments seen in Parkinson's disease & dementias, 19631
neuropsychological assessment, psychopathology, adults with vs without olivopontocerebellar atrophy, 4647
neuropsychological dysfunction & psychiatric diagnoses, 25–71 yr olds with basal ganglia calcification, followup study, 12637
pathology in focal cortical atrophy syndromes, literature review, 1972–96, 1558

precocious neuronal death in cerebellar cortex & olivocerebellar pathway, motor control of equilibrium on rota rod, staggerer mice of C57B16 strain assessed from 3 to 24 mo old, 454
premorbid brain volume vs magnitude of diffuse brain atrophy, cognitive decline, 44–79 yr olds with Alzheimer's disease, Japan, 23443
reading speed of words vs automaticity of naming colors, Stroop effect for undegraded stimuli, 64 yr old male with focal brain atrophy, 36165
regional atrophy of corpus callosum, patients with AD vs multi-infarct dementia vs healthy Ss, 39524
role of visual & kinesthetic function in upper case print vs cursive writing, 57 yr old female with right posterior cerebral atrophy & afferent dysgraphia & case dissociation, Italy, case report, 12678
semantic processing of visual vs auditory stimuli & dissociation of living & non-living stimuli, female 72 yr old with left inferior temporal cortical atrophy & dementia, case report, 12595
severity of hippocampal atrophy & prolongation of MRI T2 relaxation time, temporal lobe epilepsy vs Alzheimer's disease patients, 23452
SPECT regional cerebral perfusion deficits & psychometric testing, adults (mean age 70.15 yrs) with probable Alzheimer's disease, implications for identifying language disorder in Alzheimer's disease, 19645
subchronic binge ethanol intoxication, neuronal degeneration in cerebrocortical olfactory regions, male rats, animal model of alcoholism, 11119
syllabic timing in natural sentence production & rapid syllable repetition task, 18–78 yr olds with cerebellar atrophy or Friedreich's ataxia, 12697
synaptic density & astrocytes in cortical laminae, 62–88 yr olds with Alzheimers disease vs 51–77 yr olds with frontal lobe degeneration, 8619
thiamine deficiency & recovery, destruction of cortical & subcortical white matter damage without Wernicke's encephalopathy, male rats, 34676
visuospatial & attention & verbal-associative learning processes & memory abilities, adults with cerebellar cortical atrophy or olivopontocerebellar vs spinocerebellar atrophy, 8584
voice onset time of word-initial stop consonants, 30–71 yr olds with ataxic syndromes due to cerebellar atrophy, 23359
volume of ventricular & extracerebral CSF spaces & components of brain atrophy & severity of illness, 54–81 yr olds with Alzheimers disease, 8590
widespread dilatation of perivascular spaces & dementia, 68-yr-old female, case report, 36160

Cerebral Blood Flow—Serials

acute haloperidol, cerebral cortex blood flow, unmedicated 26–41 yr olds with chronic schizophrenia, 27413
acute vs chronic tacrine, regional cerebral perfusion & cognitive functioning, middle aged & elderly with Alzheimers disease, 12 wk followup, application of single photon emission tomography, 9281
administration of acetylcholine releaser linopirdine, SPECT-measured regional cerebral blood flow, patients (mean age 68.9 yrs) with Alzheimer's disease, 42843
antipsychotic medication, regional cerebral blood flow & perfusion in basal ganglia measured by HMPAO-SPECT, schizophrenic patients, 26507
anxiety induction using epinephrine or saline infusions with carbon monoxide or room air inhalation, cerebral blood flow & forehead skin flow, generalized anxiety patients, 39091
auditory stimulation with abnormal vs normal obsession vs neutral verbal stimuli, cerebral blood flow in basal ganglia & temporal & hemispheric regions, patients with obsessive compulsive disorder, 4200
autonomic dysregulation & cerebral blood flow & cardiovascular reactivity during orthostatic challenge, adults with acute vs remitted panic disorder, 22889
blood flow velocity of cerebral & peripheral vessels during smoking of low vs high nicotine cigarette, 22–31 yr old males, Japan, 38134
blood perfusion deficits in brain, cognitive & behavioral performance, 60–79 yr olds with probable primary degenerative dementia, conference presentation, 31852
brain oxygenation & hemodynamic disturbances & dominant response pattern during mirror drawing task, 20–29 yr old outpatients with major depression, Japan, 7924
cerebral blood flow & metabolism, patients with social phobia, Canada, 12099
cerebral blood flow & rate of glucose metabolism as evidence for abnormalities in subgenual prefrontal cortex, adults with bipolar & unipolar depression, commentary, 35520
cerebral blood flow & rate of glucose metabolism as evidence for abnormalities in subgenual prefrontal cortex, adults with bipolar & unipolar depression, 35523
cerebral blood flow activation & functional lesions, patients with schizophrenia, literature review, 7997
cerebral blood flow in temporal & posterior & cingulate & prefrontal areas when listening to affect laden autobiographical material, adults, 6621
cerebral blood flow measured by CT & MRI & SPECT, 41 yr old male with alternating hemiplegia of childhood, 31753
cerebral perfusion changes, acute & never treated schizophrenics (mean age 30.2 yrs) in pre & post psychopharmacotherapy using Tc-99m HMPAO SPECT, 42317
cerebral profusion differences, adults with Parkinson's disease with vs without dementia vs Azheimer's disease, 42842
cholecystokinin challenge, anxiety induced neuroanatomical correlates of cerebral blood flow changes, healthy volunteers, commentary, 11190
cocaine hydrochloride, cerebral & forehead skin blood flow, 22–40 yr old male cocaine abusers, 26675
complex sequential finger movements, activation of brain regions measured by regional cerebral blood flow, 20–59 yr olds, 11000
confabulation & frontal lobe function & impaired perfusion of medial diencephalic & orbital & medial frontal cortex, female 32 yr old with alcohol induced Korsakoff's amnesia, case report, 12585
CO2 inhalation & epinephrine, cerebral blood flow, patients with generalized anxiety disorder (mean age 38.9 yrs), 31098
decreases over time in cerebral blood flow function in frontal lobe & other cortical regions, cognitive performance, 65–89 yr olds with confirmed or probable Alzheimer's disease, 12589
dextroamphetamine, neural activity as measured by regional cerebral blood flow & tomography during abstract reasoning & sensorimotor control tasks, adults, 3250
directed attention & binaural vs dichotic presentation of auditory stimuli, positron emission tomography assessment of regional cerebral blood flow in temporal lobes, 21–39 yr olds, 6656
diurnal mood variation, cerebral perfusion correlates measured by tomography, unipolar depressed patients (mean age 44 yrs), 35524
fluoxetine therapy or ECT, pathophysiology of cerebral perfusion abnormalities assessed through brain technetium-99m hexamethylpropyleneamineoxime uptake ratios, healthy Ss & depressed patients, 42880
frontal cortex blood flow & negative symptoms, 24–40 yr old unmedicated schizophrenic patients, 19221
functional lateralization of regional cerebral blood flow during cognitive tasks sensitive to prefrontal cortex integrity, healthy 20–35 yr olds, 6686
gravity induced loss of consciousness, total & regional cerebral blood flow during recovery, male baboons, 551
hippocampal volumetry & perfusional & neurochemical deficits, 62–82 yr olds with age associated memory impairment vs probable Alzheimer's disease, 8635
HMPAO SPECT cerebral blood flow & neuropsychological assessments of hemispheric visuo-spatial neglect, 51–88 yr old stroke patients, 31757
individual differences in cerebral blood flow & performance on imagery task, adults, 3074

intracarotid sodium amobarbital procedure, delta brain activity & regional cerebral blood flow & hippocampal inactivation, patients with intractable epilepsy, 23438
limbic system anatomic & cerebral blood flow abnormalities, multiple sclerosis patients with vs without depression, Italy, 4702
locations & functions of frontal eye-field, patients with cerebral blood flow & frontal lobe damage, research review, 12654
mental rotation task, focal changes in cerebral blood flow, healthy volunteers, 25460
neuronal nitric oxide inhibition, cerebral blood flow during whiskers stimulation of trigeminal pathway, male rats, 10936
parietal cortical activation during number comparison &/vs multiplication measured by positron emission tomography & MRI of cerebral blood flow, male medical students, France, 6617
passive vs active processing of hierarchical visual stimuli, cerebral artery mean flow velocities, 20–33 yr olds, 41359
performance of mental rotation vs mirror image tasks, regional cerebral blood flow, 19–39 yr old right handed males, 21610
performance of verbal & facial recognition tasks & correlations with performance & effort, lateralized changes in regional cerebral blood flow, healthy right-handed adults, experimental replication, 29296
peripheral thyroid hormone levels & cerebral blood flow & glucose metabolism, patients with major depression or bipolar disorder, 22778
physostigmine, clinical symptoms & brain glucose metabolism & cerebral blood flow, patients with progressive supranuclear palsy, 16618
polycythaemia-precipitated agoraphobia, male 20 yr old treated with systematic desensitization therapy, England, 8025
positron emission tomographic measurement of resting state regional cerebral blood flow, 21–55 yr old male stutterers vs nonstutterers, 16201
positron emission tomographic measurement of resting state regional cerebral blood flow, 21–55 yr old male stutterers vs nonstutterers, erratum, 26844
positron emission tomographic regional cerebral blood flow assessed changes during working vs declarative memory & relation to task performance, 28–43 yr olds, 21691
positron emission tomography & measurement of regional cerebral blood flow as index of cerebral activity, central processing of motor preparation, male 22–41 yr olds, 21628
positron emission tomography of cerebral blood flow as measure of fronto-parietal network for sustained attention & working memory in rapid visual information processing, male university graduates, 6612
poverty & education, temporoparietal blood perfusion, patients (mean age 74 yrs) with Alzheimer's disease, application of cerebral reserve hypothesis, 26957
processing of neutral & negatively charged emotional words in lexical decision task, relative cerebral blood flow detected by brain imaging, psychopaths, 39125
reduction of cerebral blood flow, spatial learning & memory & cell loss, adult male rats, 6 mo study, implications for Alzheimer's disease, 10992
regional cerebral blood flow & neuropsychological performance, 41–77 yr olds with probable frontotemporal-type dementia, 31762
regional cerebral blood flow as indicator of functional brain abnormality, 51 yr old female with Munchausen syndrome, 7855
regional cerebral blood flow during eyeblink delay conditioning vs pseudoconditioning vs fixation rest, adults, 18146
regional cerebral blood flow during memory word retrieval in visual word recognition, adults, 10990
regional cerebral blood flow during priming vs cued recall retrieval tasks, 20–29 vs 60–69 yr old males, Sweden, 37952
regional cerebral blood flow during REM sleep & dreaming, 20–25 yr old males, 3081
regional cerebral blood flow during Wisconsin Card Sorting Test & sensorimotor task performance, 22 yr old male monozygotic twin with frontal lobe damage, 1589
regional cerebral blood flow during word retrieval task, English-speaking & German-speaking adults, 25503
regional cerebral blood flow in caudate nucleus, patients with obsessive compulsive vs panic disorder, England, 39088
regional cerebral blood flow in frontal & temporal lobes during neuropsychological tasks & role of local circuit neurons in pathophysiology of schizophrenia, 1962–94, research review, 1270
regional cerebral blood flow in limbic & paralimbic regions during perception vs visual imagery of neutral vs negative vs combat related stimuli, male Vietnam combat veterans with vs without PTSD, 35679
regional cerebral blood flow in subcortical & cortical areas after classical conditioning, females, implications for autonomic & affective & attentive brain mechanisms, 14978
regional cerebral blood flow, 23–57 yr olds with chronic fatigue syndrome vs 21–64 yr olds with major depression, 22655
regional cerebral perfusion, prediction of response to clozapine treatment, male neuroleptic-resistant paranoid schizophrenic patients, 13037
regional distribution of I-123 iofetamine in temporal lobes, patients (mean age 46 yrs) with rapid cycling bipolar disorder, conference presentation, 30850
relationship between cerebral blood flow & clinical symptoms as organized into syndromes, schizophrenic patients, 8006
relationships between extraversion & introversion & neuroticism & regional cerebral blood flow, 22–42 yr old females, Sweden, 41412
relative frontal or parietal hypoperfusion, quantified EEG & SPECT abnormalities in brain regions, elderly with dementia, 4700
right temporoparietal & temporo-occipital perfusion & impairment in daily functioning & illness severity, problem behavior & loss of insight, 54–86 yr olds with Alzheimer's disease, 4692
saccadic distractibility as seen from SPECT study & relationship to regional cerebral blood flow, male schizophrenic patients, 22831
scopolamine, cerebral blood flow & relationship to changes in performance on continuous recognition memory tasks, adults, 3262
SPECT assessed cerebral blood flow under behavioral challenge, long-term abstinent alcoholics vs recently detoxified substance-dependent inpatients, 26659
SPECT assessed cerebral blood flow, 42–83 yr olds with probable Alzheimer's disease, longitudinal study, 27007
SPECT assessed quantitative regional cerebral blood flow, 27–72 yr olds with mood disorder vs 25–77 yr olds with depressive disorder not otherwise specified, 26455
SPECT assessment of cerebral blood flow 1 wk vs 2 wk after opiate discontinuation, hospitalized male 31–46 yr old heroin users, 8275
SPECT assessment of regional cerebral blood flow, elderly with major depression, 7939
SPECT assessment of regional cerebral blood flow, prediction of severity of positive & negative & independent symptom structures, neuroleptic treated schizophrenic 19–36 yr olds, Japan, 7971
SPECT regional cerebral perfusion deficits & psychometric testing, adults (mean age 70.15 yrs) with probable Alzheimer's disease, implications for identifying language disorder in Alzheimer's disease, 19645
SPECT study of cerebral blood flow & cognitive performance, adult males with X linked bulbospinal neuronopathy, Denmark, 4714
tacrine, regional cerebral blood flow & correlations with cognitive performance deficits, 57–84 yr olds with Alzheimer's disease, 13164
time-related changes in detection & RT & cerebral blood flow & EEG activity during auditory vigilance, 19–44 yr old males, implications for neural substrates underlying sustained attention & arousal, 37990

tomography assessment of blood flow in right frontal & parietal cortex, attention on auditory continuous vs repeat tasks, male 42–46 yr old combat veterans with PTSD & comorbid substance abuse, 8043
utility of SPECT in assessment of regional cerebral blood flow & differential diagnosis & pathophysiology of dementia & other neuropsychiatric conditions & affective conditions, research review, 23483
verbal episodic retrieval & cerebral blood flow in left medial temporal structures, right handed adults, 3088
viewing vs writing vs speaking responses to solving of anagrams, blood flow velocity in middle & anterior & posterior cerebral arteries, 18–23 yr olds, conference presentation, 41368
visually presented random letter vs passive fixation tasks, lateralization of cerebral blood flow changes in posterior cerebral arteries, right handed 18–27 yr olds, 482
Wisconsin Card Sorting test, regional cerebral blood flow, 17–46 yr old male chronic vs never-medicated 1st break patients with schizophrenia or schizophreniform disorder, 7994
2- & 3-sound auditory discrimination tasks, cognitive EPs in various brain regions & regional cerebral blood flow, elderly, 21733

Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Serials

acquisition of form representation in anterior inferotemporal cortex through learning & relationship to neuronal tuning & association, monkeys, 6665
activation & deactivation in left vs right hemisphere during simple language tasks vs repetition of melodic intonation therapy loaded words, 40–58 yr olds with persistent post-stroke nonfluent aphasia, 20364
acute ethanol, pentylenetetrazol vs NMDA induced c-fos vs c-jun immunoreactivity, rat hippocampus & cerebral cortex, 29530
addition of short-term lithium to long-term clomipramine or citalopram treatment, serotonergic receptors in cerebral cortex, rats, 7020
age & postmortem interval, G proteins, postmortem brains of 19–100 yr olds with vs without Alzheimer's disease, 1595
age, ability to hold 2 rules in mind & inhibit strong response tendency, 3.5–7 yr olds, implications for frontal cortex development & functioning, 737
age, binding of major 2nd messengers in cerebellum vs cerebral cortex, 3 wk vs 6–24 mo old rats, implications for role of adenylate cyclase system, 29240
allosteric glycine site of NMDA receptor & 7-chlorokynurenate in striatum & nucleus accumbens, motor behavior & haloperidol & SCH 23390 induced catalepsy & snout contacts, male rats, 18170
amplitude & latency of auditory EPs recorded in N1 latency range at midline & temporal sites & effects of stimulus intensity, 4–8 vs 20–30 yr olds, 18202
anterior thalamic nuclei vs cingulate cortical lesions, object-in-place episodic memory, male monkeys, 41347
apomorphine, frontotemporal function during paced verbal fluency task, acute unmedicated schizophrenics, 32409
aspiration lesions of hippocampus &/vs overlying neocortex, concurrent vs figural object discrimination in enclosed vs open maze, male rats, 459
balance between excitatory & inhibitory inputs, temporal variability in neuronal firing in networks in cortex, 25501
bilateral cerebral interneuron CC5 synaptic input & firing, behavior controlled by motor neurons, Aplysia californica, 14895
brightness discrimination training, immediate early gene messenger RNA expression in hippocampus vs cerebellum vs cerebral cortex regions, male rats, 25475
carbacholine in cholinergic system of neostriatum, learned extension of forelimb & conditioned reflex flexion of hind limb & active avoidance in T-maze, dogs vs rats, translated article, 11006
category specific processing of faces & nonwords & textures in extrastriate cortex, Ss, 14873
cellular recordings from multiple neocortical areas, synchronization of fast spontaneous cortical rhythms during arousal vs sleep induced brain activation, cats, 11037
cerebral & cerebellar gray & white matter volumes, patients with unipolar depression responding or not responding to fluoxetine, 39007
cerebral central pattern generator & connections with buccal feeding circuitry, Aplysia, 29347
cerebral hypometabolism & brain metabolic changes, 2 families (aged 18–55 yrs) with familial Alzheimer's disease & APP717 Val to Ileu mutation, Italy, 42828
chronic electroconvulsive shock, cyclic AMP responses to noradrenaline & forskolin on cortex, male rats, 41325
clinical & neuropathologic heterogeneity & apolipoprotein E genotype, deceased 55–84 yr olds with corticobasal degeneration, 36137
cognitive processes & magnetic source images of brain activity across cerebral cortex, conference presentation, 25525
complex partial seizures & memories for auras preserved in neocortex, 42800
complexity of forced choice tone recognition task, regional cerebral glucose utilization patterns, healthy 25–35 yr olds, 10959
computerized multiresolution flattening & surface based coordinate system for generating 2-dimensional maps of cerebral cortex, 3059
cooling of facial nucleus & cerebellar cortex & lateral parvocellular reticular formation & interpositus nucleus, eyeblink & learning process disruption, male rabbits, 37960
cortical EEG activity & heightened approach related dispositional tendencies, risk for mood disorders, female college students, 19156
cortical gray matter volume deficits, neuropsychological & motor deficits, male veterans with schizophrenia, 15951
cortical regions & visual object shape recognition, normal adults (mean age 22.6 yrs), 34552
CSF & cerebral gray matter volumes, 11–36 yr olds after weight recovery from anorexia nervosa, 35944
dianabol, cerebral cortical GABA receptors & relation to pro-aggressive & anxiolytic behavior, rats, 571
differential recovery of forelimb & hind limb stepping, primates with unilateral cerebral lesions, implications for stroke, 21717
differentiation & degeneration & apoptosis in cerebral cortex neurons, fetuses with Down's syndrome aborted at 16–19 wks gestation, 4424
diffuse cortical abnormalities as seen with fluoro-deoxyglucose positron emission tomography, patients with diffuse Lewy body disease with vs without Alzheimer's disease, 19585
disconnection of medial agranular & posterior parietal cortex, directed attention & neglect of visual & auditory & tactile stimulation, male rats, 34527
disruption in heteromodal association cortex network, higher cognitive functioning & guided behaivors, patients with schizophrenia, 7985
disulfiram & flumazenil, regional cerebral glucose metabolism & benzodiazepine receptor binding & neuropsychology, alcoholic adults (mean age 48 yrs), retrospective study, 27558
diurnal mood variation, cerebral perfusion correlates measured by tomography, unipolar depressed patients (mean age 44 yrs), 35524
divergent thinking styles of right vs left cerebral hemispheres, solving of syllogism tasks, 23–53 yr olds with schizophrenia or manic depression recovering from unilateral ECT, 1880
electrical stimulation of frontoparietal cortex & lateral hypothalamus, spontaneous motor activity & locomotion, male rats, 476
evolution of human sociality with growth of neocortex & elaboration of limbic system, Darwinian & Durkheimian perspective, 11646
excitotoxic lesions of the insular cortex, acquisition of conditioned immunosuppression, male rats, 10996

extent of volume deficit selective to cortical gray matter & sparing of white matter in regard to age at onset & length & severity of illness, female vs male schizophrenic inpatients, 42330
fimbria-fornix lesions with aspiration vs electrolytic technique & effect on overlying cortical structures, beam walking assessment of sensorimotor performance, female rats, 6631
frequency of seizures & neurodevelopmental outcome & associated neurological problems, patients aged 5 mo to 23 yrs with unilateral open vs closed lip vs bilateral open vs closed lip schizencephaly, 36126
frontal cortex blood flow & negative symptoms, 24–40 yr old unmedicated schizophrenic patients, 19221
frontal lobe & lateral ventricular & total cerebral volume anomalies, 6–17 yr olds with depression, 12006
functional exclusion of orbital cortex, neuronal activity of tegmentum of midbrain during feeding reflex, cats, translated article, 29271
functional MRI, assessment of working memory associated regions of neocortical activation during analytical vs figural vs visuospatial reasoning in problem solving tasks, 23–30 yr olds, 38021
genomic response modulation to birdsong in caudomedial neostriatum & relation to nuclear gene regulation, male zebra finches, 34583
gyrification index of anterior vs posterior cortical folding, male 20–38 yr olds with vs without schizophrenia, 35605
Hebbian cell assembly paradigm & neural networks, cognitive & neurophysiological predictions of internal representations in association cortex & local delay spike rate, commentaries & reply, 449
hippocampal & neocortical components of retrograde amnesia, adults, 31876
hippocampal vs cortical lesions, contextual fear conditioning, C57BL/6J vs BALB/c mouse strains, 10934
illusion of pain & neurological events in anterior cingulate cortex, adults, implications for patients with central pain syndromes, 31582
illusion of pain & neurological events in anterior cingulate cortex, adults, implications for patients with central pain syndromes, commentary, 31578
impulse activity of neocortical neurons in visual recognition of muscle load after brief oxygen deprivation, monkeys, translated article, 10929
inducement of long term potentiation by stimulation of lateral olfactory tract, adenosine triphosphatase activities in neurons & glial satellite cells in olfactory cortex, rats, translated article, 29419
information synthesis in cerebral cortex as basis for subjective experience, 41332
injections of anti-nerve growth factor mAbs into insular cortex, aversive learning & cholinergic function, male rats, 34665
insulin induced hypoglycemia, cognitive function & symptoms & short term cerebral adaptation, healthy nondiabetic adults, erratum, 15035
issues in multiple cortical motor areas & temporal sequencing of movements, 29373
lesion of perirhinal cortex vs fornix fimbria transection & partial forebrain commissurotomy, object in place memory & role of visual object information, rhesus monkeys, 14835
limbic & cortical pathway dysregulation as model of depression, 42276
long-term food restriction, density of serotonin transporters in frontal cortex, young vs old male rats, implications for etiology of eating disorders, 34613
megimide-induced epileptic seizures & clinico-electrocorticogram correlates in preictal & twitching & general tonic clonic convulsive & postictal periods, male E1 vs ddY mice, 11176
moderately retarded 7-yr-old male with subcortical band heterotopia, case report, 39539
MRI scans of cerebral cortex activation during working memory task, 18–34 yr olds, 29259
MRI study of regional brain activity during verbal working memory task, indications of neurocognitive network involved in attention & executive function & mnemonic processes, males, 14857
network model of global cortical organization based on observations of gamma band neuroelectric recordings, network of neuronal ensembles, implications for psychopathology, 3076
neural activation in cerebral cortex areas during Tower of London planning task, right handed 18–55 yr olds, 10919
neuroimaging studies & involvement of corticostriatal circuitry in pathophysiology of Tourette's syndrome, 42829
neurology & neuropsychology & neuropathology of subcortical dementia, literature review, 1912–95, 1569
neuropsychological & clinical correlates in corticobasal degeneration, 59–69 yr olds, case reports, implications for differentiation from cognitive impairments seen in Parkinson's disease & dementias, 19631
neuropsychological profiles & cognitive functioning, males with schizotypal personality disorder, implications for hypotheses of left-temporal & prefrontal brain dysfunction in schizophrenia, 26592
NMDA induced lesions in insular cortex, acquisition of conditioned taste aversion & spatial learning in water maze, rats, 18179
NMDA receptor role in taste learning in insular cortex, male rats, 41355
onset of illness & cortical gray matter volume deficit & ventricular enlargement, 16–38 yr olds with 1st-episode schizophrenia, 19207
parietal cortical activation during number comparison &/vs multiplication measured by positron emission tomography & MRI of cerebral blood flow, male medical students, France, 6617
participation of neuromediator systems of neocortex in synaptic processes & structural modification of synapses, rats, 29314
pathology in focal cortical atrophy syndromes, literature review, 1972–96, 1558
pathways & mechanisms of cerebral interrelationships of cognitive & emotional activity, research review, 29238
performance of simple vs complex finger movements, cerebral metabolism, right handed schizophrenic 20–43 yr olds, commentary, 8003
phonological effects in identification of printed words in lexical decision task & relation to cerebral activation, right handed adults (mean age 28.5 yrs), 25488
photic stimulation, energy metabolism in occipital cortex measured by phosphorus-31 magnetic resonance spectroscopy, 22–53 yr old volunteers, implications for bipolar disorder & schizophrenia, 14845
pirenzepine vs scopolamine vs ACSF vs carbamylcholine in insular cortex, conditioned taste aversion, male rats, 7011
positive vs negative apolipoprotein E genotype, effects of tetrahydroaminoacridine on cortical EEG arousal, patients with Alzheimer's disease, Finland, 23460
positron emission tomography & measurement of regional cerebral blood flow as index of cerebral activity, central processing of motor preparation, male 22–41 yr olds, 21628
positron emission tomography identification of cortical areas involved in verbal initiation & suppression, 19–36 yr olds, 29434
positron emission tomography of cerebral blood flow as measure of fronto-parietal network for sustained attention & working memory in rapid visual information processing, male university graduates, 6612
potentiation & depression of synaptic strength & plasticity between individual neocortical layer 5 pyramidal neurons, implications for learning & memory, 3122
prelimbic cortex excitotoxic lesions, scores in spontaneous & reinforced spatial delayed-alternation tasks, male rats, implications for working memory & response selection & attentional hypotheses, 14726
presynaptic protein concentrations in cingulate cortex vs frontal vs parietal vs temporal cortex, postmortem brains of elderly patients with schizophrenia vs Alzheimer's disease, 35595

problem solving capacity, content of protein & protein sulfhydryl groups of synaptic membranes & total synaptoplasm of light & heavy synaptosomes of Ep fields, cats, 6698
psilocybin with ketamine vs dextroamphetamine, regional cerebral glucose rates, healthy 27–45 yr olds, application of psilocybin model of psychosis, 29631
regional & cellular & subcellular distribution of dopamine receptor subtypes in cerebral cortex & neostriatum & caudate nucleus & substantia nigra & basal forebrain & hippocampus, monkeys, 25454
relation between induced elated vs depressed mood & blood flow in orbitofrontal cortex, 18–35 yr old males, 34517
role of cerebellar cortex vs deep nuclei in eyeblink learning, mutant mice deficient in Purkinje cells, 10935
scopolamine administration & exitotoxic ablation of locus coeruleus & medial thalamus & hippocampus, neocortical & locomotor activity & noradrenaline concentrations, male rats, 29381
sex & MK-801 neuroprotectant exposure, auditory processing abilities, rats with microgyric lesions of cerebral cortex, 29277
sex, epidemiology of schizophrenia, implications for heteromodal association cortex model, commentary, letter, 35623
simple vs configural auditory &/vs visual discrimination tasks, encoding of memory processes in hippocampal & neocortical cell assemblies, rats, 11001
spatial memory & parietal cortex acetylcholine release, aged rats without molar teeth, 21665
spatial representation of native vs 2nd language in Broca's & Wernicke's cortical brain areas, bilingual Ss who acquired 2nd language during infancy vs early adulthood, 37976
spatial vs verbal information retrieval from long term memory, activation of slow wave cortical EPs, undergraduates, Germany, 14931
spatiotemporal correlations in gamma band cortical EEGs recorded during somatosensory discrimination task & detection of perceptual categorization, 19 & 37 yr old females with epilepsy, 12644
step & ceiling long term potentiation parameters, behavior of simulated olfactory cortex target cells in response to range of inputs, 3072
strategies for postmortem study of hypothesized cerebral cortical dopamine neurotransmission disruption & cognitive dysfunction in schizophrenia, 42332
subcortical dementia & pseudohypoparathyroidism initially diagnosed as hebephrenic schizophrenia & mental subnormality, 23 yr old male, case report, Greece, 31759
subcortical white matter hyperintensities & cognitive functioning, elderly patients with late vs early onset depression, 11976
symptoms diagnosed as Susac's syndrome, male 29 yr old with diffuse cerebral dysfunction with involvement of reciprocal diencephalic-cortical projections, case report, 12581
synaptic density & astrocytes in cortical laminae, 62–88 yr olds with Alzheimers disease vs 51–77 yr olds with frontal lobe degeneration, 8619
temporo-limbic & inferior temporal cortical lesions, category-specific semantic impairment in visual-perceptual vs functional knowledge of living vs nonliving beings, 62 yr old postencephalitic female, 36085
thiamine deficiency & recovery, destruction of cortical & subcortical white matter damage without Wernicke's encephalopathy, male rats, 34676
thiopental, high frequency brain electrical response, 65.4–86.2 yr old patients with Alzheimer's disease vs vascular dementia, 26988
typical vs atypical neuroleptics, interstitial levels of DOPAC in dorsolateral striatum vs nucleus accumbens vs medial prefrontal cortex, male rats, 6885
unilateral vs bilateral cerebral disease/lesions, right sided visual hemispatial inattention, brain injured patients, 31912
variable rate vs variable threshold RT model evaluated by cerebral cortex neuron activation related to saccade production, rhesus monkeys, 21652
ventricular enlargement & cortical sulcal prominence, patients with mood disorders vs schizophrenia (mean age 34.6 yrs), 26446
visual stimulation rate during object categorization tasks, attentional modulation of cortical activity, adults, 21607
volumetric analysis of cerebral cortex & posterior fossa, female 3–23 yr olds with Rett syndrome, followup study & experimental extension, 31443
W. James Gardner's cortical anesthetization method for speech localization, neurological patients, 23412
weight loss, cerebral glucose metabolism, low-weight females with depression vs anorexia nervosa, 35408
zolpidem, cerebral glucose metabolism during 1st non-REM sleep period, males, implications for memory, 3217

Cerebral Dominance [See Also Lateral Dominance]—Serials

anomalous lateralization of cognitive functions, 39–77 yr old left & right handed patients with unilateral brain damage & aphasia, implications for genetic model, 12574
behavioral & electrophysiological research on hemispheric dominance processing of visual–spatial frequency, literature review, 3069
brain dominance & creativity, highly creative informaticians, 22563
command modality & meaningful vs nonsense movements as measure of left hemisphere dominance in ideomotor apraxia, unilateral hemispheric stroke patients (mean age 66 yrs), 36138
differential processing of band-pass filtered letters in left vs right cerebral hemispheres measured by RT & accuracy & low vs high spatial frequency interactions, college students, replication, 37620
differential processing of band-pass filtered letters in left vs right cerebral hemispheres measured by RT & accuracy & low vs high spatial frequency interactions, college students, commentary reply, 37621
differential processing of band-pass filtered letters in left vs right cerebral hemispheres measured by RT & accuracy & low vs high spatial frequency interactions, college students, commentary, 37630
electroconvulsive seizures followed by suppression of 1 hemisphere, depth perception as assessed by space sectioning method, patients with schizophrenia vs depression, 15861
functional lateralization of regional cerebral blood flow during cognitive tasks sensitive to prefrontal cortex integrity, healthy 20–35 yr olds, 6686
hemispheric pseudoneglect & magical thinking in tactile bisection, 17–29 yr olds, implications for schizophrenia, 30940
left hemisphere prefrontal or basal ganglia vs other left & right hemisphere lesions & poststroke depression, 1st-ever stroke patients with single lesion (mean age 70 yrs), 16292

Cerebral Hemorrhage—Serials

access to orthographic knowledge during masked & brief priming in letter-by-letter surface alexia, 45 yr old male with subarachnoid hemorrhage, 4651
auditory abnormalities, 26–61 yr old patients with acute pontine hemorrhages, 26958
changes in instrumental activities of daily living, 23–80 yr old survivors of subarachnoid hemorrhage, 23433
factors influencing articulation, dysfluent 48 yr old female w/ motor area hemorrhage, case report, conference presentation, 42847
magnetic resonance imaging & acute hemorrhagic infarction, 70-yr-old female with history of atrial fibrillation, case report, 36164
origin of visuomotor apraxia following thalamic hemorrhage, damage to subcortical projections, 66 yr old male, case report, 16314
palilalia & unilateral spatial neglect from lesion following subcortical hemorrhage in frontal lobe, 55 yr old male, case report, 16347
paroxetine, secondary stuttering following brain injury or hemorrhage, males, case reports, 43262
prevalence & factor analysis of motor & language & perceptual & memory impairments, 23–80 yr old survivors of subarachnoid hemorrhage, 23432

visual attention & memory for location & ability to change response set in object discrimination reversal task, premature 2 yr olds with vs without subependymal & mild intraventricular hemorrhages, 12672
white matter hyperintensities & cognitive deterioration, manifestations of hereditary cerebral hemorrhage with amyloidosis, presymptomatic carriers of codon 693 mutation, Netherlands, 4650

Cerebral Ischemia—Serials
cerebral ischemia induced by occlusion of unilateral vs left or right vs middle cerebral artery followed by recirculation, locomotor activity & radial maze performance, male rats, 490
chlormethiazole & global cerebral ischemia, recall & neuroprotection measured by extracellular striatal aminergic neurotransmitters & their metabolites, male rats, 41530
cognitive deficits & CA1 cell loss & fetal cell transplantation vs conditionally immortalized precursor cell grafting in animal models of global cerebral ischemia, literature review, 41329
global cerebral ischemia & GYKI 52466 vs LY 231617 vs staurosporine, hippocampal & striatal neuronal damage & spatial learning & memory, male rats, 41311
global cerebral ischemia & hippocampal damage, spatial learning in acquisition & working memory tasks, male rats, 29340
induced global ischemia, hippocampal cell loss & spatial learning & working memory in water maze & Skinner box tasks, male rats, 34564
lisuride & piribedil, vessel-occlusion-induced maze behavior & hippocampal neurological histology, rats, animal model of transient global ischemia, 21825
medical treatment, male 77 yr old with right hemispheric ischemic infarction, 13145
NG-nitro-L-arginine methyl ester, hyperactivity & nitric oxide synthase activity in brain & neuronal death in hippocampus following global ischemia, gerbils, 14826
pathobiochemical mechanisms & potential pharmacological intervention in cerebral ischemia, 9255
photothrombic focal ischemia, spontaneous motor activity & grip strength & rotarod performance, rats, 29393
right-hemisphere cognitive ability measured by use of tactile input in cross-modal matching, 60 yr old female patient with alien hand sign after corpus callosum ischemic infarction, 42785
spontaneously occurring & induced ischemic depolarizations & induced spreading depression following middle cerebral artery occlusion, neurobehavioral consequences, male rats, 14816
transient forebrain ischemia, disruption of spatial cognition & dysfunction in hippocampal acetylcholine & noradrenaline & frontal noradrenaline systems, male rats, 14841
transient global cerebral ischemia & exposure to unfamiliar juvenile stimulus & interstimulus interval, social recognition, 6 & 12 wk old gerbils, animal model of amnesia, 41304
vanoxeamine & global ischemia, hyperactivity & neurodegeneration vs neuroprotection, male gerbils, 41487

Cerebral Lesions [See Brain Lesions]

Cerebral Palsy—Serials
active vs passive mobility & choice training, memory for locations visited, children with vs without spina bifida or cerebral palsy (mean age 7.2 yrs), 42820
conductive education, functional & motor skills, 3–12 yr olds with cerebral palsy, Australia vs Hungary, 5696
development of augmentative & alternative communication & literacy skills, 9 yr old male with cerebral palsy & central vision impairment, case report, 13494
disorder type & severity & IQ & functional status, vocational prediction, adults with cerebral palsy, 13–36 yr followup, 1611
factors in literacy learning in self contained setting, 12–14 yr olds with cerebral palsy & speech impairment & learning disability, 9982
health & modes of communication & access to health information & perception of aging, 30–74 yr olds with cerebral palsy, Australia, 39477
hypothyroxinemia, risk of disabling cerebral palsy, preterm 2 yr olds, 23172
parental attitudes about quality & degree of social & health care support, families with child affected by cerebral palsy, Northern Ireland, 43319
paroxetine effectiveness & side effect of increased spasticity, female 24 & 30 yr olds with mixed cerebral palsy & depression, case reports, letter, 1853
phonological awareness & IQ, reading & spelling skills, nonspeaking 14–20 yr olds with cerebral palsy, Sweden, 16371
prenatal exposure to magnesium sulfate, risk for cerebral palsy & mental retardation & infant mortality, 3–5 yr old very low birth weight cohort, 26360
social skills training, self concept & perceptions of support from close friends & classmates & loneliness, withdrawn & unpopular 8.6–14.6 yr olds with cerebral palsy or spina bifida, 6 mo followup, 37104
traditional vs parenting team vs extended family involvement vs formal support, level of functioning in patterns of child care, families of children with cerebral palsy, 27737
use of direct selection vs scanning in augmentative & alternative communication systems, 48 mo old male with cerebral palsy & quadriplegia & no spoken language, case report, 33120

Cerebral Vascular Disorders [See Cerebrovascular Disorders]

Cerebral Ventricles—Serials
acidic fibroblast growth factor in cerebral ventricles, conditioned taste aversion learning, male rats, 3261
CT assessed ventricular abnormality & cycloid psychosis, psychiatric patients, 30752
differences in psychosocial adaptation, 22–52 yr olds with schizophrenia with vs without larger ventrical to brain ratio and/or cortical atrophy, 30968
dosage level of neuropeptide Y in hypothalamic suprachiasmatic nucleus vs lateral cerebral ventricle, food intake, male rats, 14849
executive function ability & frontostriatal dysfunction, response latency on neuropsychological tests & ventricular brain ratio, 60+ yr olds during & on recovery from depression, 11942
frontal lobe & lateral ventricular & total cerebral volume anomalies, 6–17 yr olds with depression, 12006
incidence of cavum septi pellucidi, normal vs schizophrenic adults, 35618
interactions of selective serotonin reuptake inhibitors vs tricyclics vs other antidepressants with 5-HT-2C & 5-HT-2A receptors in assayed choroid plexus & clonal cell line, rats, 3264
intra-accumbens vs intraventricular nicotine & dosages, discriminative stimulus effects, male rats, implications for hippocampal mediation, 29617
lateral & 3rd ventricle enlargement & cortical & medial temporal & caudate atrophy, patients with early vs late onset major depression (mean age 75.9 yrs), 35527
MRI-assessed corpus callosum morphology & volume of anterior & posterior lateral ventricles, children & adolescents with ADHD, 12327
neuropeptide Y in lateral ventricle, meal size & total daily food intake, male baboons, 11205
number of vasopressin binding sites in choroid plexus, 67–90 yr olds with Alzheimer's disease, 23426
onset of illness & cortical gray matter volume deficit & ventricular enlargement, 16–38 yr olds with 1st-episode schizophrenia, 19207
septum pellucidum cavum vergae abnormality, 12 & 14 yr old White males with Tourette's syndrome, 16375
ventricle & total brain volume before & after significant weight gain, underweight anorexic patients, followup, 23213
ventricular enlargement & cortical sulcal prominence, patients with mood disorders vs schizophrenia (mean age 34.6 yrs), 26446
ventricular system volume, slow wave sleep, male 20–45 yr old inpatients with schizophrenia or schizoaffective disorder, 4140
volume of ventricular & extracerebral CSF spaces & components of brain atrophy & severity of illness, 54–81 yr olds with Alzheimers disease, 8590

Cerebrospinal Fluid—Serials
alterations of neuropeptide patterns in brain & CSF, elderly patients with dementia of Alzheimer's type, 27017
blood–CSF barrier function, 45–87 yr olds with major depression or Alzheimer's disease, Germany, 38855
cholecystokinin-8 values in CSF, 44–79 yr olds with chronic hydrocephalus syndrome, 31776
correction for expansion of CSF spaces, cerebral glucose metabolism & atrophy & corresponding neuropsychological results, patients with probable Alzheimer's disease, 20095
CSF & cerebral gray matter volumes, 11–36 yr olds after weight recovery from anorexia nervosa, 35944
CSF biogenic amines & metabolites & substance P & chromogranin A & secretogranin II peptides, neuroleptic-naive 1st-episode schizophrenic patients, 4170
CSF concentrations of corticotropin-releasing factor & somatostatin, Vietnam combat veterans with PTSD, 31066
CSF coriticotropin releasing hormone & adrenocorticotropin & cortisol, adults (mean age 37 yrs) with major depression, 38978
CSF levels of beta-endorphin, 2–6 yr olds with infantile autism vs 10–14 yr olds with Rett syndrome, 26766
CSF norepinephrine concentrations, healthy young vs aged adults vs patients with mild or moderate vs advanced Alzheimer's disease, 23392
CSF spaces & risk of maternal exposure to influenza, schizophrenia patients, England, 31043
CSF tau protein levels & dementia severity, 65 yr olds with Alzheimer's disease, 31 mo study, replication, 8611
CSF taurine levels, male pathological gamblers vs nongamblers, 29481
desipramine & fluoxetine treatment during infancy, number & type of leukocytes in CSF, adolescent rhesus monkeys, 29522
dopamine-related genes & relationship to CSF monoamine metabolites, healthy 29–56 yr olds, Sweden, 10962
drug free condition vs clozapine or haloperidol therapy, HVA & 5-HIAA & MHPG & serum prolactin levels, 12–18 yr olds with childhood onset schizophrenia, 23891
extent of CSF compartments in brain computed tomograpic examinations, 10 mo–14 yr olds with idiopathic mental retardation, 35924
level of psychosis & CSF HVA, schizophrenic 21–65 yr old males, implications for dopamine theory of schizophrenia, 19210
levels of doxepin & doxepin metabolites, plasma & cerebrospinal fluid, depressed patients (mean age 45.7 yrs), 34646
levels of transforming growth factor betas in CSF, adult inpatients with schizophrenia, 35639
normative data from monoamine metabolites in leftover CSF, human infants with vs without neurological compromise, implications for biobehavioral research, 29706
physiological factors, CSF concentration of monoamine precursors & transmitters & metabolites, 22–45 yr old males, methodological implications, 3060
serum & cerebrospinal levels of calcium & magnesium, 18–63 yr old acute vs 18–58 yr old remitted schizophrenics, Israel, 12049
social competence & behavioral & physiological reactivity & CSF 5-HIAA level, Chinese-Indian hybrid vs Indian-origin infant rhesus macaques, 41402
somatostatin & its molecular forms in CSF, hospitalized geriatric patients with senile dementia of Alzheimer's type, 36151
tau protein CSF levels as biological marker, mildly demented 50 yr olds & older with Alzheimer's disease, 39503
temporal stability of CSF 5-HIAA & monoamine metabolites, social stress & 5-HT functioning & social behavior, female adult monkeys, 24 wk study, 6783
type & method of & degree of damage caused by & planning for suicide attempt & CSF amine metabolites & 5-HIAA levels, depressed inpatients with vs without suicidal history, replication & extension, 11982
use of 22- vs 29-gauge needles to obtain CSF for psychiatric research comparing neurochemicals, postlumbar puncture headache, female volunteers vs those recovered from eating disorder, 10597
22- vs 29-gauge needles & post-lumbar puncture headaches, females recovered from eating disorders (mean age 25.5 yrs), 32651

Cerebrovascular Accidents—Serials
acute phase vs post-recovery movement related cortical potentials, 26 yr old female & 50 yr old male with cerebellar stroke, 8–10 mo followups, 8551
anatomical & neurological correlates of acute vs persistent visuospatial neglect, 21–77 yr old stroke patients, Sweden, 39472
apolipoprotein E allele & age & sex, risk of dementia with stroke, White vs Black vs Hispanic vs Asian 55+ yr olds, US vs Netherlands, 31882
association between depressive symptomatology & BP control & stroke & cardiovascular related mortality, elderly, longitudinal study, commentary reply, letter, 31731
association between depressive symptomatology & BP control & stroke & cardiovascular related mortality, elderly, longitudinal study, commentary, letter, 31721
attitudes toward discharge housing decisions & locus of control & occupational therapy team & family involvement & activities of daily living status, 60–90 yr olds in stroke rehabilitation, 13479
automony of lexical phonology & orthography in spoken & written naming tasks, 51 yr old male stroke patient, case report, 36045
bilateral thrombotic lesions in frontal cortex, water-maze acquisition, male rats, animal model of stroke, 41354
bipolar disorder following a stroke involving the left hemisphere, 48 yr old male, case report, 31722
brain infarctions, cognitive function & dementia, 76–100 yr old females with vs without neuropathology for Alzheimers disease, 31888
buspirone, poststroke depression, 53–86 yr olds, letter, 32466
cancellization of right sided stimuli in matching picture with verbal name/description following left hemisphere stroke, 49 yr old female aphasic patient, case report, letter, 31733
clinical & neurological correlates, violent outbursts, stroke patients with vs without aggressive behavior, 16293
cognitive impairment & decline, risk of future stroke, elderly, followup study, 12559
cognitive impairment & decline, risk of future stroke, elderly, followup study, commentary reply, letter, 26973
cognitive impairment & decline, risk of future stroke, elderly, followup study, commentary, letter, 27002
color perception & imagery, 63 yr old male with achromatopsia secondary to bilateral cerebral infarcts, 12676
color perception vs imagery, 74-yr-old female with achromatopsia following bilateral strokes, case report, 39479
command modality & meaningful vs nonsense movements as measure of left hemisphere dominance in ideomotor apraxia, unilateral hemispheric stroke patients (mean age 66 yrs), 36138
concurrent validity of Stroke Inpatient Depression Inventory, elderly stroke patients, 2624
congestive heart failure & cerebrovascular events & brain tissue & cognitive impairment, elderly, conference presentation, 31709
course of anxiety after stroke in relation to depressive symptoms & impairment in activities of daily living & social functioning, stroke patients (mean age 58.1 yrs), 3 & 6 & 12 & 24 mo followups, 39012
crack cocaine use, 20–39 yr olds with stroke or cerebral infarction, retrospective study, conference presentation, 31726
cross validation of 21-item MMPI-2 correction for stroke, male stroke patients, 78
cross validity of Process Key neuropsychological assessment, stroke patients, 6071
dementia after stroke & independent risk factor long-term stroke recurrence, patients (mean age 72.0 yrs), 36121
demographic & medical & pathophysiologic factors in delay of hospital admission, stroke patients, implications for medical treatment, 20084
denial of or anosognosia for paralysis in other patient, female 77–78 yr old stroke patients, case reports, letter, 16365

depression assessment, stroke patients, literature review, 42776
depression associated with stroke, literature review, 15812
diagnosis & incidence of post-stroke depression, 42248
diotic vs dichotic auditory digits at slow vs fast presentation, selective impairment of auditory attention, patients with closed head injury vs right hemisphere cerebrovascular accidents, Germany, 4533
DST vs TSH response to TRH as markers of depression, 53–78 yr old male nondepressed stroke vs major depression patients, 26999
everyday memory vs memory test performance late after stroke, 26–77 yr olds, implications for assessment, 12568
evidence of damage to graphemic buffer in shorthand vs alphabetic handwriting, 45-yr-old female with brain damage following stroke, Italy, case report, 39531
extraversion & neuroticism & coping strategies & initial treatment in medicine vs geriatric rehabilitation ward & activities of daily living, stroke patients, Sweden, 3 yr follow up, 19579
eye movement patterns during viewing of whole scenes vs whole vs chimeric vs half stimuli, 60 yr old male with object based neglect after stroke, erratum, 12569
eye movement patterns during viewing of whole scenes vs whole vs chimeric vs half stimuli, 60 yr old male with object based neglect after stroke, 4638
eye movements vs perceptual completion, identification of images as half vs whole objects, 59 yr old male stroke patient with object-based neglect without hemianopia, 16390
factors & caregiver issues associated with & assessment & treatment of poststroke depression, stroke patients, literature review, 31717
factors affecting rates of participation in stroke prevention clinical trials, African Americans, 13192
fluoxetine vs nortriptyline, mood & neurological function & functional & cognitive ability & neuropsychological rehabilitation, elderly with poststroke depression, 32698
frequency & character & severity of & response to amitriptyline & sensory loss & extent of infarction as predictors of central poststroke pain, 24–84 yr olds with lateral medullary infarction, 39525
functional independence & other factors predictive of outcome following stroke, discharge to home vs nursing home, patients admitted into rehabilitative setting, 20307
functional independence & other factors predictive of outcome following stroke, discharge to home vs nursing home, patients admitted into rehabilitative setting, commentary reply, letter, 36786
functional independence & other factors predictive of outcome following stroke, discharge to home vs nursing home, patients admitted into rehabilitative setting, commentary, letter, 36781
functional independence & other factors predictive of outcome following stroke, discharge to home vs nursing home, patients admitted into rehabilitative setting, commentary, letter, 36783
hemi-inattention & left & right side omissions on Rey Figure copy test, patients with right vs left cerebrovascular accidents (mean age 60.6 yrs), 21111
HMPAO SPECT cerebral blood flow & neuropsychological assessments of hemispheric visuo-spatial neglect, 51–88 yr old stroke patients, 31757
idebenone, cerebral mitochondrial oxidative metabolism, 36 yr old male with mitochondrial myopathy & encephalopathy & lactic acidosis & stroke like episodes, case report, 20049
impairment in behavioral & everyday memory & word & face recognition & language & visual perception, 26–77 yr olds 12–36 mo after stroke, 12567
in-home occupational therapy for dressing practice, unresolved dressing problems 6 mo after hospital discharge, 42–82 stroke patients, England, 24346
increasing risk over time for incidence of dementia, patients who had 1st cerebral infarct without previous dementia, 19619
intellectual impairment & dementia symptoms, 25–80 yr old stroke patients with vs without poststroke depression, Denmark, 1 yr study, 12557
intrusive thoughts at seizure onset & desire to vocalize & orobuccal movements & speech arrest, 29–56 yr olds with neoplastic or vascular left frontal lesions, case reports, 12643
left hemisphere prefrontal or basal ganglia vs other left & right hemisphere lesions & poststroke depression, 1st-ever stroke patients with single lesion (mean age 70 yrs), 16292
left vs right hemispheric lesion & motor hypokinesia, variants of alien hand syndrome, 54–69 yr olds with mesial frontal & callosal lesions due to anterior cerebral artery infarction, case report, 39470
lesions & occipital stroke & visual misperceptions, patients with focal lesions, 41036
lesions to angular gyrus & left frontal eye field, shifts of spatial attention & saccades, male 74 yr old with 1st stroke spatial neglect disappearing following 2nd stroke, case report, 19661
lexical & semantic deficits, patients with dominant thalamic infarction, case report, 23459
localization of lateralized auditory stimuli, 39–71 yr olds with stroke induced right hemisphere damage with vs without visual neglect, Israel, 23357
location of brain region for coordinating speech movements, 32–80 yr old stroke patients with vs without apraxia of speech, 16320
memory deficits & recall & recognition performance characterized by false alarm & intrusion errors, 50 yr old male with ruptured aneurysm of anterior communicating artery, 8 yr followup, 12564
multi-digit written subtraction deficits, 55 yr old stroke patient with acalculia, case report, conference presentation, 26978
notation of clinical features associated with disease severity & prognosis in initial assessments, patients with acute strokes, 19617
pathophysiology of central pain from stroke & other causes, pharmacologic & psychological treatments, literature review, 4524
patient's disabilities & handicaps, life satisfaction & caregiving stress, 33–84 yr old stroke patients & caregivers, 31730
personal viewpoint on role of hospital staff & visitors & other caregivers in recovery, male 41 yr old who sustained brainstem thrombosis, 4639
phonological mediation of reading & spelling, male stroke patient with impaired speech production, case report, England, 36039
post-stroke depression & pattern of treatment, length of stay & functional improvement & rehabilitation outcomes, patients in rehabilitation center, Singapore, 13417
pre & post stroke MRI & neuropsychological studies, 11-yr-old female with sickle cell disease, case report, 16259
preexisting dementia in stroke patients, stroke patients (mean age 75.7 yrs), 26985
psychological & physical morbidity & quality of life & relationship with patient, risk for subjective burden, elderly coresident caregivers of 61–95 yr olds with stroke vs dementia, Australia, 5325
reading ability, 70 yr old male with phonological alexia after stroke, case study, 19639
recovery from bilateral perisylvian strokes & auditory agnosia, activation of distributed network of cortices & cerebellum & caudate nucleus, 52 yr old male, case report, 16322
referential cohesion & logical coherence in narrative production, 41–77 yr olds with right hemisphere dysfunction due to stroke, 19578
regression of functional depression in structurally unaffected regions, language recovery in 1st mo, 41–75 yr olds with acute onset of aphasia after unilateral left hemisphere stroke, 6 mo followup, 16312
reliability & validity of Post-Stroke Depression Rating Scale, 35–75 yr old stroke patients with no depression vs minor vs major post-stroke depression, Italy, scale appended, 37436

reliability & validity of test of personal neglect, right brain damaged cerebrovascular accident patients with vs without extrapersonal vs left brain damaged patients, 37498
selective impairment of ability to print lower case letters, 70 yr old male stroke victim, case report, England, 16290
sertraline, poststroke pathologic crying spells, male 80 yr old, case report, letter, 13166
shoulder pain & subluxation & range of motion & age & upper extremity motor impairment, 42–83 yr olds admitted to rehabilitation hospital after stroke, 12570
single word reading & copying dissociation, 72-yr-old patient with right-brain damage & left visuo-spatial neglect, case report, 26961
social competence & emotional behavior & cognitive & academic development, 5.3–12.9 yr olds with left vs right hemisphere damage with vs without frontal lobe lesions after perinatal stroke, 4716
stage of recovery & coping & anxiety symptoms, stroke patients (mean age 66.6 yrs), 42769
standardization & validation & reliability & factor structure of Test of Everyday Attention, 18–80 yr old stroke patients vs hearing impaired Ss, 10480
sustained attention & awareness of disability, 47–77 yr old stroke patients with chronic left unilateral visual neglect, Sweden, 12561
sustained attention capacity, prediction of motor & functional recovery, stroke patients with left vs right brain damage, 2 yr followup, 23464
therapeutic & interpretive & consoling & integrative & conserving role of nurses, rehabilitation of acute stroke patients, 36779
timing of ipsilesional & contralesional stimuli, selection of objects at spatial location, 65 yr old male stroke patient, 42796
trazodone, activities of daily living & poststroke depression, elderly patients in stroke rehabilitation program, conference presentation, 32712
unilateral visual neglect, non-spatial temporal dynamics of attention, nonstroke vs right hemisphere stroke adults with vs without neglect, 31798
unilateral visual spatial imagery neglect, 67 yr old male ischemic stroke patient, case report, application of visual spatial working memory model, 26936
use of Occupational Adaptation frame of reference, functional independence & restrictiveness of discharge environment, 61–90 yr old patients with cerebrovascular accident, 39471
usefulness of DST for diagnosis of depression, stroke patients, literature review, 8602
validity of observed depression as criteria for major or minor depression, patients with acute stroke, 31719
validity of SCL-90-R, assessment of psychological distress, 43–99 yr old hospitalized stroke patients, 2659
valproic acid, extreme mood lability, 20 yr old female with systemic lupus erythematosus & stroke, case report, 27422
visual neglect, facial discrimination, right vs left hemisphere cerebrovascular lesions, 27015
visuo-spatial neglect, 61 yr old with right hemispheric stroke, 16350
word & nonword reading ability, 47–67 yr olds with nonlexical reading impairments after stroke, 19575
word type & lesion laterality, cued recall in visual word stem completion priming, right vs left stroke adults, 26959

Cerebrovascular Disorders [See Also Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]—Serials

aniracetam, pharmacokinetics, female patients (mean age 84.5 yrs) with cerebrovascular disease, 23393
atrophy &/or comorbid medical illness &/or cerebrovascular risk factors, pathogenesis of late life major depression, elderly with late life major depression vs probable dementia of Alzheimer type, 22667
carotid endarterectomy, postsurgical complications & neuropsychological impairment, surgery patients (mean age 64.8 yrs) without preoperative stroke, 42809
clinical & demographic features of vascular depression, patients, 30871
cognitive deficits & disability & depressive symptoms, 60 yr olds & older with depression with vs without risk factors for vascular depression, 30814
etiology of bilateral vestibular loss, 63–72 yr olds with vertebrobasilar dolichoectasia & symptomatic vestibular loss, 8633
intention to reach toward center of rod or place coin on lid vs pointing to center, unilateral neglect, 44–77 yr old patients with cerebral infarct, 16369
magnetic resonance imaging & acute hemorrhagic infarction, 70-yr-old female with history of atrial fibrillation, case report, 36164
neuropathology & other clinical pathologies & evidence of cerebrovascular disease at autopsy, alcoholic male 52–82 yr olds with dementia, 4662
progressive cognitive decline & meningeal gliomatosis presenting as multiple cerebral infarcts, 70 yr old male, case report, 23442
vascular risk factors & deep white matter & periventricular lesions, elderly with Alzheimer's disease vs depression, 4010
verbal & spatial short- & long-term memory & aphasia, 20–82 yr olds with acute vs chronic vascular left-hemisphere damage, 36064

Certification (Professional) [See Professional Certification]
Certification Examinations [See Professional Examinations]
Certified Public Accountants [See Accountants]
Cervical Plexus [See Spinal Nerves]
Cervical Sprain Syndrome [See Whiplash]

Cervix—Serials

neuroticism & extraversion & psychoticism & lie Eysenckian personality dimensions, cervical premalignancy, adult females, Israel, 23347
vaginocervical stimulation, establishment of maternal bond, female goats, 419

Chance (Fortune) [See Also Statistical Probability]—Serials

luck event & irrational beliefs about luck, college students, 22518

Change (Organizational) [See Organizational Change]
Change (Social) [See Social Change]

Channel Blockers—Serials

BAY k 8644 with vs without nimodipine, ethanol preference & intake & food & total fluid intake, alcohol-preferring rats, 18282
calcium channel antagonists, ethanol preference & intake & food & total fluid intake, alcohol preferring rats, 11124
calcium channel blocker diltiazem, pH induced sustained nociceptor excitation in skin-saphenous nerve preparation, rats, 21932
calcium channel blocker, preoperative acquisition of brightness discrimination & postoperative recovery from damage to visual neocortex & long term performance, male rats, 21658
calcium channel blockers & calcium–calmodulin-stimulated kinase inhibitors & botulinium toxin B, GBR-12909 & amphetamine induced dopamine increase in nucleus accumbus shell, cocaine sensitized rats, 34692
calcium channel inhibitors, electroconvulsive shock protection by NMDA vs non-NMDA antagonists & motor performance & long term memory, male mice, 41456
carbamazapine & L-type calcium channel inhibitor binding sites, rats, 3259
carbamazepine & isradipine, conditioned taste aversion, female rats, implications regarding confound in research on reduction of drugs' reinforcing effects, 7030
chronic inhalation of ethanol &/or isradipine, withdrawal hyperexcitability in isolated hippocampal slices & in vivo & in vitro, mice, 11194
chronic nimodipine treatment, motor behavior & maze learning & hippocampal binding of [3H]CGS 19755 to NMDA receptors, aged male rats, 11155
chronic nimodipine with acute metrifonate, scopolamine induced cortical EEG slowing, 3 vs 21 mo old male rats, implications for treatment of Alzheimer's disease, 18331
chronic nimodipine, yawning, male individually vs group housed rats, 3215

diltiazem vs isradipine vs nicardipine, role of taste aversion in suppression of saccharin & alcohol drinking induced by L type calcium channel inhibitors, rats, 15082
dizocilpine, learning vs motor components of ethanol tolerance on circular maze, male rats, 7040
efficacy & tolerability of besipirdine during 3 mo of treatment vs after 3 mo withdrawal, 49–91 yr olds with Alzheimer's disease, differentiation of neuroprotective vs symptomatic efficacy, 20081
flunarizine & nitrendipine, ECS- & clonidine-induced amnesia in conditioned inhibitory avoidance, male rats, 41458
flunarizine vs trifluperazine vs haloperidol vs methiothepin, dexfenfluramine induced indole depletion & 5-HT uptake by synaptosomes & brain concentrations of drug & active metabolite, male rats, 3253
MK-801 &/vs scopolamine, visual recognition memory performance, rhesus monkeys, implications for interactive role of cholinergic & glutamatergic systems, 29583
nifedipine vs verapamil vs cinnarizine, effect of ethanol on EEG in frontal cortex & hippocampus & midbrain reticular formation, rabbits, 11122
nilvadipine, psychiatric symptoms & tardive dyskinesia, 24–78 yr old male inpatients with chronic schizophrenia, 27470
nimodipine, autoshaping learning task, normotensive vs hypertensive middle aged rats, 29593
nimodipine, cocaine induced conditioned place preference & aversion, male rats, implications for confounding effects of locomotor activity, 29580
nimodipine, shuttle-box avoidance learning, CD-1 vs C57BL/6 vs DBA/2 male mice, 41538
NMDA receptor antagonist & nimodipine & Ni2+ & dendritic action potentials & Ca2+ influx, induction of homosynaptic long-term depression in hippocampal CA1 pyramidal neurons, rats, 21830
pretraining L vs N type calcium channel antagonists, passive avoidance vs visual discrimination learning & memory, day old chicks, commentary, 18283
pretraining L vs N type calcium channel antagonists, passive avoidance vs visual discrimination learning & memory, day old chicks, commentary reply, 18280
rewarding vs aversive & discriminative stimulus effects of L-type calcium channel agonist BAY k 8644, male rats, 6864
sodium vs potassium taste stimulation, integrated chorda tympani nerve responses, Sprague–Dawley vs Fischer 344 rats pretreated with amiloride, 6650

Chaos Theory—Serials
application of chaos theory to psychology, 37354
chaos theory from perspective of philosophy of science & its application to vocational counseling, 34737
chaotic & random iteration sequences, prediction of next value in sequence, college students in persistent vs antipersistent condition, implications for judgment under stochastic uncertainty, 21368
dynamical alternative to classical symbolic processing paradigm in cognitive science, 17906
parallels between chaos theory & sociometric theory, implications for techniques in psychodrama, 8796
prenatal cocaine, increased motor activity patterns & decreased adaptive response, rat fetuses, dimensional conservation-variational relation theorem for chaotic dynamical systems, 7077
relationship between chaos & Christianity & alternative model for counselors to help Christian clients embrace chaos, commentary, 34738
relationship between out of body experience & dissociative behavior & interpretations suggested by new orientations in physics & New Science & Chaos Theory, 14692
role of chaos in biological neural networks, application of globally coupled map model using symmetric map & associative memory systems to information processing, 10271

Chaplains—Serials
25th Infantry Division Light Suicide Prevention Program, role of chaplains & mental health officers, 18698

Character [See Personality]
Character Development [See Personality Development]
Character Disorders [See Personality Disorders]
Character Formation [See Personality Development]

Charisma—Serials
crisis, attribution & emergence of charismatic leadership in group, college students, 999
organizational level & context of charismatic leadership, satisfaction with & perceived effectiveness of leader's performance, meta analysis, implications for research design & theory, 20749
social & economic & political threat & presidential candidate charisma in elections with vs without F. D. Roosevelt, history professors, test of M. Weber's charismatic leadership theory, 35128

Charitable Behavior—Serials
behavioral attributes as determinants of religious giving, application of rational choice model, 41839
compliance techniques, effectiveness of direct-mail requests for charitable contributions, research review, 10185
factors influencing helping behavior & promotional strategies for charitable organizations, 2375
power dependence, commitment to relationship as seen in staying behavior & gift giving & contributions, dyads, implications for theory of relational cohesion, 3753
values & attitudes based on personal tragedy or medical model of disability, exclusion from positions of authority & power in charitable organizations, disabled vs nondisabled personnel, Wales, 8457

Cheating—Serials
attitudes toward & observations of prior & current experience of & differential rates of & characteristics of schools, academic cheating, 19–44 yr old 2nd yr medical students, 5472
cheating & lying & moral reasoning, 9th–12th graders in secular vs Catholic high schools, 5586
g2 vs B vs spliced indices as statistical answer copying detection measures for multiple choice tests, examinee pairs, 17568
imposition of deliberately high advance levies & introduction of overall standard deduction as proposals for increasing tax compliance & decreasing evasion, 35015
self reports of cheating, medical students, conference presentation, 9694
understanding & determination of plagiarized vs paraphrased text, 17–48 yr old college students, 21360

Chemical Brain Stimulation—Serials
ceruletide, ERP indicators of cognitive processing, 19–28 yr olds vs 70–86 yr olds, 25568

Chemical Elements [See Also Calcium]—Serials
role of selenium & iodine deficiency in fetal T3 & T4 thyroid hormone imbalances, development of neurological cretinism & dwarfism & mental retardation in Kaschin-Beck disease, 23397

Chemicals [See Also Chemical Elements]—Serials
diet & sleep disturbances, elderly with self reported environmental chemical odor intolerance or cacosmia, 1557
exposure to airborne chemicals, sensitivity thresholds for odor & nasal pungency & eye irritation, 21–60 yr olds, 41007
exposure to chemical stimuli from pike fed damselflies vs fathead minnows vs mealworms, predator recognition, damselfly larvae, 10761
factors differentiating illnesses & psychiatric & neuropsychological complaints, patients with multiple vs nonmultiple chemical sensitivities vs chronic fatigue syndrome, 4518
gestational PCB exposure, developmental neurotoxicity, children, literature review, 39351
in utero & lactational exposure to coplanar PCBs or 2,3,7,8-tetrachlorodibenzo-p-dioxin, spatial learning & memory, rats, 38156
methodological flaws in hydrocarbon neurobehavioral research & implications for neuropsychological evaluation, patients exposed to hydrocarbons, 28549
multiple chemical sensitivity or chemical injury or environmental illness, life disruptions, 23–79 yr olds, implications for treatment, 23613
occupational exposure to chemical & physical agents, risk for Alzheimer's disease, 52–96 yr olds with Alzheimers disease, Australia, 31788
physical & psychological health, African Americans acutely vs nonacutely exposed vs unexposed to sulfuric acid, 12441

presence of male &/vs female chemical signals, assessment of open chela display, snapping shrimp, 10846
trimethyltin exposure, learning & memory, male rats, 38086
user-centered design approach to increase operability & user acceptance of new technologies & working practices in computer-based process information systems, 24885
Chemistry [See Also Biochemistry]—Serials
cocaine &/vs synthesized cocaine analog, locomotor activity, male mice, 29611
cognitive variables, problem solving performance in chemistry, 16–17 yr old chemistry students, Singapore, replication, 28015
constructivist perspective on validity & reliability of research evidence regarding ideation in chemistry education, children, 2173
mental models of atoms & molecules, 8th–10th graders, Australia, implications for chemistry teaching, 2171
misinterpretation of chemical terms isomerism & redox & neutralization, high school chemistry students, Germany, 40399
teacher vs researcher perspectives on teaching methods & dichotomy in thinking & actions, high school chemistry teacher, 43606
Chemoreceptors—Serials
CCR3 & CCR5 as co-receptors for HIV-1 infection of microglia & HIV/AIDS dementia & promoters of efficient CNS infection, fetal abortus brain tissue, 31666
chemosensory processes associated with spawning & fertilization & other reproductive behaviors, gelatinous zooplankton, literature review, conference presentation, 14961
coding of pheromone stimulus quality & intensity & temporal patterns, dose response curve of single pheromone receptor neurons, moths, conference presentation, 21765
depth regime, hydrodynamic model simulation of dispersal of fish pheromone in open ocean, role of threshold sensitivity of olfactory receptors in odor field size, 21756
effect of hair size & speed & spacing on fluid flow & performance of olfactory hairs within olfactory antennae, conference presentation, 14957
electrophysiological properties of dissociated vomeronasal organ neurons, voltage gated conductances in neurons & evidence for novel transduction pathway, mice, 3121
morphology & function of antennal setae, chemoreception & mechanoreception & gustatory functions, copepods, conference presentation, 14958
potentiation of phototactic suppression from chemosensory stimulus during compound conditioning, nudibranch mollusk Hermissenda, 29414
underlying mechanisms of transduction in vision vs olfaction vs hearing sensory receptor cells, 25499
vomeronasal nerve lesions, preferential nuzzling of unfamiliar conspecific vs own scents, male opossums, 491
1,4,6-androstatriene-3,17-dione & chemosensory vs distal stimulus animal cues, male vs female sexual partner preference & behavior, gonadectomized adult rats treated with estradiol, 6816
Chemotherapy [See Drug Therapy]
Chess—Serials
role of recognition processes vs look ahead search in time constrained problem solving, grand master level chess players, 17909
use of theory of long term memory in analysis of mental images, highly skilled vs medium level chess players, 37786
Chest [See Thorax]
Chewing Tobacco [See Smokeless Tobacco]
Chi Square Test—Serials
alternate to Cox & Key's large sample method for conducting post hoc pairwise comparisons as followup to chi-square test of homogeneity of proportions, 10583
chi squared vs Normed Fit Index for goodness-of-fit in confirmatory factor analysis of 4-factor structural model of concerns, 7th–10th graders, reanalysis, 14456
CHIDIM computer program, assessment of chi-square statistic & dimensionality of binary item responses in simulated data, 17738
determination of sample size in chi square test using information from earlier study, 10572
post hoc & planned comparison regression based procedures, interpretation of standardized residuals & variance of factors in chi-square contingency tables & use in statistical packages, 28623
Chicanos [See Mexican Americans]
Child Abuse—Serials
abuse & family violence & psychopathology, children of mothers with borderline personality disorder, 1339
abuse characteristics & cognitive processing & social integration & long-term adjustment, 18–72 yr old female survivors of incest by father or other male guardian during childhood, 12149
abuse features vs parental support vs coping strategy vs cognitive appraisal, predicting externalizing vs internalizing symptoms, 11–18 yr old sexually abused females & nonoffending guardian, 23002
access to information of history of child physical maltreatment, evaluative responding & ratings of child adjustment & prognosis, 22–52 yr old social service & clinical psychology professionals, 43532
accuracy & timing & circumstances of disclosure, recovered & continuous abuse memories, females (mean age 29.5 yrs) who recovered abuse memories in therapy & their 43–72 yr old fathers, 31188
accuracy of adult recollection of childhood victimization, children physically or sexually abused or neglected, 20 yr followup, 16047
adaptive coping & mental health factors, 21–54 yr old female survivors of childhood sexual abuse, 8080
administrative principles & systemic considerations for group therapy program, preadolescent males who have been cumulatively & repetitively abused, 8914
adult personality & childhood incest, 17–52 yr old female victims, 31278
adult–child sexual contact & severity, long-term sexual dysfunction & well being, 18–59 yr old females, test of psychogenic vs life course perspective, 42437
age & sex & experience of abuse, patterns & frequency & object of behavior problems, 3–10 yr old witnesses of family violence, Canada, 8093
age of victim & testimony by hearsay witness &/vs victim & sex of hearsay witness, believability of testimony in child sexual assault trial, male vs female college students acting as mock jurors, 37335
agencies for & approach to child abuse & sexual abuse & neglect & position of children as witnesses & content analysis of alleged sexual abuse, child victims, Netherlands, 14148
alcohol problems, males with vs without childhood sexual &/or physical abuse history, commentary, 35727
alcoholic mother or father, eating disorders & interpersonal relationships & physical &/or sexual abuse reports, 17–24 yr old females, 19394
anabolic androgenic steroid use, hypomania & perpetration of child sexual abuse, male 25 yr old, case report, letter, 12146
analysis & comparison of survey results on childhood sexual abuse, families with adult member accused of sexual child abuse, Great Britain & New Zealand, 22969
archetypal art therapy approach to use of image of heart in art making processes, 9 & 10 yr old female victims of sexual abuse, 20011
attitudes toward perpetrators of child sexual abuse & toward victim vs perpetrator treatment, police officers vs child welfare vs community mental health workers, Canada, 8173
attribution of blame to self &/vs fate vs perpetrator, symptomatology & recovery, female 18–65 yr old survivors of childhood sexual abuse, 8101
atypical approach to child protection in cases of child abuse & neglect in rural communities, Canada, 5295
authenticity of recovered repressed vs false memories involving childhood sexual abuse, sexual offenders, 8297
behavior & depression & self esteem, sexually abused 5–15 yr olds, Australia, 5 yr followup, 31274

Canadian Psychiatric Association position paper on recovery of repressed memories & false memory syndrome, adult survivors of childhood sexual abuse, commentary reply, letter, 27119
Canadian Psychiatric Association position paper on recovery of repressed memories & false memory syndrome, adult survivors of childhood sexual abuse, commentary, letter, 27134
characteristics of childhood sexual abuse, adult psychopathology, 19–62 yr old female patients, 12 yr retrospective study, Australia, 39163
characteristics of childhood sexual abuse, Hispanic vs non-Hispanic White female undergraduates aged 18–60 yrs, 26601
characteristics of participants in & episodes of domestic violence, male & female 14–70 yr old assailants & 4–62 yr old victims, 31181
characteristics predictive of child abuse or neglect, adolescent mothers, 8178
child & adult attachment & parental caregiving & child abuse, implications for intervention, 16018
child & parental factors in abuse potential, mothers & their 2–8 yr olds with vs without disabilities, 4229
child abuse & affective variables of anger & empathy & cognitive styles of problem solving & rigidity & dichotomous thinking, White 21–41 yr old physically abusive parents & stepparents, 31253
child abuse & date abuse history & psychological problems, female undergraduates, 35740
child abuse experiences & quality of general childhood memory & nature of recovered abuse memories, nonclinical 17–46 yr olds, 16032
child abuse victimization & acceptance of services for constructive parenting, 16–42 yr old 1st-time expectant mothers, 8985
child emotional abuse with vs without physical abuse with vs without sexual abuse, psychiatric sequelae, female adults, Canada, 22650
child maltreatment & age & income, perceptions of competence & motivation & school functioning, 6–11 yr olds, 16004
child maltreatment, implications for developmental theory & research, 4245
child neglect with vs without abuse, academic achievement & school disciplinary problems, elementary vs junior high vs high school students, 4262
child protection professionals' rankings of influential papers in child abuse vs number of citations in professional literature, 43541
child sexual abuse treatment program integrating spirituality & role of female therapists, male Roman Catholic priests or brothers, 36563
childhood & adolecent abuse & neglect & dissociative episodes & absorption & mysticism, 22–51 yr old female outpatients, 19090
childhood abuse & bodily & characterological & behavioral shame & disease course, 17–73 yr old depressed patients, 38963
childhood disciplinary experiences & perceptions of these experiences as abuse, attitudes regarding appropriate discipline, college students, 7504
childhood emotional &/or physical &/or sexual abuse, treatment outcomes, male vs female 18–59 yr old American Indian vs Mexican American vs Anglo American substance use treatment patients, 36791
childhood emotional abuse, attachment & psychological & physical & cognitive development & protective factors, 4296
childhood maltreatment & quality of mother–child relationship, assaultive behavior, adolescents observed since 18 mo to 6 yrs of age, 16 yr study, 39147
childhood physical & sexual abuse, development of eating disorders, 38845
childhood physical &/or sexual abuse, externalizing & internalizing & PTSD, male vs female Black vs White 8–12 yr olds, 31072
childhood physical or sexual abuse & psychiatric symptoms, psychiatric patients, 30666
childhood sexual & physical abuse & development of adult psychiatric illnesses, mental health center outpatients, 42235
childhood sexual & physical abuse, prevalence of bulimia & bodily shame & dissatisfaction, 15–25 yr old daughters of mothers who participated in 1995 study, 23203
childhood sexual abuse & adult victimization, depressive symptoms, male vs female adults seeking out-patient psychotherapy, 30712
childhood sexual abuse & dissociation & binge purge cycle, 18–52 yr old females with bulimia, 31533
childhood sexual abuse & physical abuse & dysfunctional family background & risk for developing eating disorder, White male 18–30 yr olds, Austria, 42665
childhood sexual abuse & revictimization & adjustment, adult females, literature review, 4277
childhood sexual abuse, drug rehabilitation, substance misusing male vs female 13–20 yr olds, 16960
childhood sexual abuse history & gender & theoretical orientation, treatment issues of childhood sexual abuse, clinicians, 9758
childhood sexual abuse history, patterns of alcohol use & recovery, lesbian 24–54 yr olds in long-term alcohol recovery, 9579
childhood sexual abuse, noradrenergic & serotonergic disturbances & development of borderline personality disorder, adults, literature review, 26583
childhood sexual abuse, psychopathology, 20–62 yr old females, Australia, 39164
childhood sexual abuse victimization & characteristics of adult sexual offending behavior, 17–67 yr old male sex offenders, 26627
childhood sexual abuse with vs without penetration, adult sexual dysfunction, 20–65 yr old females seeking sex therapy with their spouse, 16040
childhood sexual abuse, 24–33 yr old females with postpartum depression, Australia, 11946
childhood sexual or physical abuse & neglect & adult adversity & other psychosocial factors, incidence of anxiety &/vs depression, mothers living in inner city, England, 11830
childhood sexual victimization & physical abuse & dysfunctional family background, sexual dysfunction, male college students, Austria, 8126
childhood trauma & other developmental adversity & Axis II comorbidity of personality disorder, outpatients with bulimic disorders, Canada, 8424
children at risk & physical & behavioral & familial & psychological signs & symptoms & other variables related to child sexual abuse, 19311
client attributions of early memory retrieval to psychotherapy process variables, 31–59 yr old female victims of childhood sexual abuse, 36225
client characteristics & outcomes & children's advocacy model of interagency coordination for investigation & treatment of sexual abuse, child victims of sexual abuse & their parents, 26621
clonidine, PTSD symptoms, physically or sexually abused 3–6 yr olds, 9076
cognitive & behavioral therapies, child molesters, 13510
cognitive behavior vs nondirective supportive therapy, sexually abused preschool age children & their non-offending parents, 1 yr followup, 42919
cognitive processing therapy, female with PTSD & history of childhood sexual abuse, case report, 19820
common themes among satanic ritual abuse & sexual masochism & UFO abductions & factitious illness patterns & extreme love experiences, commentary, 35711
communicative psychoanalysis treatment, child sexual abuse perpetrators & victims & neglecting parents, 4948
community based treatment protocol geared to offender characteristics, male sex offenders & rapists of children or women or with learning disabilities, England, 33123
complexity of manifestations of dissociative disorders & recovered memories of childhood abuse & trauma, implications for forensic psychologist role in educating attorneys & providing court testimony, 7876

confirmation or disconfirmation of episodes of abuse naturalistically recalled during psychotherapy, patients with dissociative identity disorder, 23621
construct validity of Trauma Symptom Checklist-40 in relation to childhood sexual abuse, female psychiatric inpatients, 6068
construction & pilot of rapid assessment self-report measurement tool, assessment of psychotherapeutic intervention effectiveness, 10–17 yr old female intrafamilial sexual abuse victims, 40789
contemplation vs preparation vs action stage of therapy, behavioral vs experiential processes of change, adult survivors of childhood sexual abuse, test of transtheoretical model, 36214
content analysis of magazine articles on sexual abuse, framing of media discussions of child sexual abuse, 1970-94, 4236
contextual & ethical associations for understanding & litigating & treating repressed memories of childhood sexual abuse, implications for therapists' role, 23645
correlation of reported childhood sexual abuse with SCL-90-R measure of psychopathology, 18–60 yr old inpatients with borderline personality disorder & with vs without major depression, 42202
corroboration & concordance of childhood parental neglect & physical & sexual abuse, 20–50 yr old pairs of sisters, England, retrospective study, 31176
counseling techniques, adult male survivors of child sexual abuse, 16504
couples therapy, repeated traumatic interactions & reenactments, female 32 yr old survivor of childhood sexual abuse & her 35 yr old husband, 23788
criminal prosecution outcomes in intrafamilial & caretaker child sexual abuse cases, 17517
culture & childrearing environment & companion space & prosocial behavior toward & abuse of peers, infants & toddlers, 22089
current debates in primarily British academic & professional journals regarding child protection, 32894
definitions of verbal child abuse, mental health professionals & parents, 31260
denial & family secrecy & behavioral reenactment & alcohol-induced blackouts & lying as potential explanations for false memories, perpetrators of childhood sexual abuse, 16037
developing programs for training in culturally focused questioning & videotaped interviewing skills for child sexual abuse cases, police officers & social workers & clinical psychologists, Hong Kong, 43494
development & reliability & validity of childhood psychological trauma & resources scale, 14–46 yr olds, 40804
development of "Care for Kids" sexual education & abuse prevention & adult responsibility program, Canada, 29895
development of community based service network of informal & formal family support programs, prevention of child abuse & neglect, executive directors & frontline practitioners, 32919
development of therapeutic relationship & possible impact of managed care on treatment, 11 yr old emotionally deprived male referred for disruptive behavior & suicide threats, 8807
diagnostic criteria & incidence of false memory syndrome, 18–57 yr old females with continuous vs recovered childhood sexual abuse memories, Canada, 31212
discriminative ability of MMPI-2 items, 21–65 yr old females with vs without history of childhood sexual abuse, 80
disintegration of family & reasons youth choose to leave home, 12–17 yr old runaways, Netherlands, 18433
duration & outcome of outpatient therapy using psychotherapeutic & education & social integration techniques, children who were alleged victims of day care sexual abuse, 32055
dynamics & treatment considerations & intergenerational child sexual & physical & emotional abuse, 26 yr old drug abusing female prostitute in psychotherapy, case report, 27133
effectiveness of government vs neighborhood level child abuse & neglect prevention, residents of neighborhoods with varying rates of reported child maltreatment, 31225
emergence of memories of childhood sexual abuse in therapy, female patients, case reports, 8765
evaluation of community based parent education & support program for physical child abuse prevention, at risk parents & their children, 5317
evaluation of parent education program for prevention of child maltreatment, 11–20 yr old mothers & their 3–5 yr old children, 3–5 yr followup, 40076
evaluation of probability of child's sexual abuse victimization based on frequency & base rate information about sexual behaviors, professionals vs college students, commentary reply, 16048
evaluation of probability of child's sexual abuse victimization based on frequency & base rate information about sexual behaviors, professionals vs college students, commentary, 16038
existence & accuracy of recovered memories of childhood sexual abuse, literature review, 31261
experiences with & recovery from self-harm of genitalia, female sexually abused during childhood, 42460
extent & nature & causes & consequences of child sexual abuse, Zimbabwe, 8137
factors & risks affecting testimony reliability of psychotherapeutic memory recovery techniques, suspected childhood sexual abuse victims, implications for therapist involvement in litigation, 23609
family center vs field social work service, family functioning & involvement with child protection services, families with children at risk for abuse, Wales, 16861
family processes & child risk for maltreatment injuries, literature review, 22997
feminist perspectives on gender & the dynamics of physical abuse towards children, 42445
Freudian theoretical interpretation of female child sexual abuse, commentary, 4288
Freudian theoretical interpretation of female child sexual abuse, commentary reply, 4286
Freudian theoretical interpretation of female child sexual abuse, commentary, 4238
Freudian theoretical interpretation of female child sexual abuse, commentary, 4273
Freudian theoretical interpretation of female child sexual abuse, commentary, 4231
Freudian theoretical interpretation of female child sexual abuse, commentary, 4290
Freudian theoretical interpretation of female child sexual abuse, 4285
Freudian view on memories of child abuse & controversy over therapist influences & therapeutic need for balanced perspective, practitioners, 16489
gender vs number of lifetime psychiatric diagnoses vs childhood sexual abuse victimization, use of mental health & substance abuse services, adult southwestern American Indians from super pedigrees, 36686
geriatric dissociative identity disorder, 63 yr old Hispanic female with history of amnesia & prescription drug use & sexual & emotional & physical abuse, case report, 31164
group sexual counselling, female survivors of childhood sexual abuse, 23785
group social work intervention, depression & self-esteem, 23–61 yr old female survivors of child sexual abuse, 31978
groupwork in mental health services, female survivors of childhood sexual abuse, England, 20198
hardiness & severity of abuse & identity of perpetrator, adult adjustment, adult female survivors of childhood sexual abuse, implications for family therapy, 32206
hippocampal volume, female victims of childhood sexual abuse, 39172
historical & contemporary evidence & public awareness of child sexual abuse, Roman Catholic clergy, 42463
historical & current advocacy efforts in child welfare, implications for social workers, 40753
histories of childhood abuse & neglect & borderline symptoms, 18–46+ yr old applicants for long-term inpatient treatment, conference presentation, 26587

history & current activities & effectiveness of child abuse prevention programs in Alaska & Vermont, 36711
history & definition & incidence & other characteristics of child sexual abuse, 19309
history & invasiveness or seriousness of & age at 1st sexual & physical abuse, pain & somatic symptoms & functioning & psychological distress, female 18–70 yr olds with gastrointestinal disorders, 4541
history of child sexual abuse, perpetuation of abuse, male prisoners vs nonoffenders, Australia, 4366
history of childhood physical or sexual abuse, adult clinical characteristics, adult female patients at primary care clinics, 31240
history of childhood physical or sexual abuse, suicidal ideation, pregnant 14–40 yr old psychiatric patients evaluated in psychiatric obstetrics consultation service, retrospective study, 4255
history of childhood sexual abuse, pathological eating behaviors & attitudes, female psychiatric inpatients, 4485
history of childhood sexual abuse, 27 yr old female with conversion hysteria, 27347
history of physical & sexual abuse & presence of dissociative identity disorder, hospitalized adolescents, 42188
history of physical &/or sexual abuse, borderline personality disorder, 12.5–17 yr old females, 4233
history of sexual abuse, rapists vs child molesters vs nonsexual offender inmates, 16099
home environment & living situation & other characteristics & prevalence of physical &/or sexual &/or emotional abuse & drug abuse & stressful life events, runaway 11–17 yr olds in shelter, 8109
hypothetical victim's age at time of alleged sexual abuse & repressed vs nonrepressed testimony, belief that abuse occurred & decision to convict defendant, college students, 24940
impact of inconclusive vs unfounded abuse allegations & findings in child care centers, staff & administrators, 1998
incidence of marital violence & sex differences, propensity to physically abuse own child, husbands & wives, 19305
income tax checkoffs for funding child abuse prevention programs & patterns of donations, 1991–92, 5234
indicative sexually aggressive behavior, children who molest other children, literature review, implications for detection in school settings, 19289
indicators & underreporting incidences of child sexual abuse, preschool & school-aged & adolescent male victims, 26604
individual vs social circumstances vs social relationships hypotheses, violence & affection experienced by children & power & gender inequalities & equalities, 20–45 yr olds, Barbados, 26620
influences of Feminist Therapy Institute & ethical issues & strategies for repressed memory therapy, implications for counselors of child sexual abuse victims, 23607
initial emotional & behavioral effects of intrafamilial & extrafamilial sexual abuse, 3–5 yr old females, 8138
intergenerational transmission of abuse, granddaughters sexually abused by grandfathers, case report, letter, 12139
investigation & adjudication of child sexual abuse allegations & effects of legislation against repeated interrogation & testimony, child victims, implications for failure to prosecute, Israel, 14156
investigator utterance type in interviews, child witness informativeness, male investigators & single vs multiply sexually abused 4–12 yr olds, replication, 14155
issues for mothers bringing accusations of child sexual abuse in context of divorce, 42462
item differences on parent vs staff completed Child Sexual Behavior Inventory, male 6–12 yr old psychiatric inpatients with vs without history of sexual abuse victimization, 31280
knowledge of child sexual abuse, physicians, 9680
language development & comprehension & reception & expression, 13–17 yr olds who experienced childhood physical abuse, 8135
legal history & context of repressed memory in childhood sexual abuse civil suits, 33873
legal issues and decisions in child abuse cases & role & right of mental health professionals, 27930
level of intra- & extrafamilial emotional support, childhood traumatic experiences & development of dissociative coping style, 18–64 yr olds, Australia, 7847
level of self-reported childhood sexual abuse, help-seeking adults with PTSD, 16036
lifetime self destructive behavior & experience of child abuse & neglect, 18–60 yr old patients with borderline personality disorder, 31156
location & duration & structure & content of investigative interview, sexually abused 6–18 yr olds, 31279
long term process oriented group psychotherapy, adult female survivors of child sexual abuse, 8915
malingering by proxy to qualify for disability benefits, mother of female 13 yr old presented for psychiatric treatment with absence of ADHD symptoms, case report, letter, 7834
malpractice risk management, psychologists who treat patients with lost & recovered memories of childhood abuse, 17090
maltreatment & abuse & neglect, school performance declines, 5–23 yr olds, retrospective study, 43636
maternal childhood trauma, caregiving & infant affect & attachment in disturbed caregiving system, mothers & their 18 mo olds, 3450
maternal positive vs negative feedback & pride & shame, maltreated vs nonmaltreated male vs female 4–5 yr olds, 12138
maternal relatedness, school functioning, maltreated vs nonmaltreated 7–12 yr olds, 2210
memories of alien abduction & sexual abuse & treatment, 15 yr old male with dissociative symptoms & PTSD, case report, commentary, letter, 7869
memories of alien abduction & sexual abuse & treatment, 15 yr old male with dissociative symptoms & PTSD, case report, commentary reply, letter, 8021
memory of traumatic experience as flashback vs in narrative form, patients with PTSD, implications for therapy & for childhood memories of abuse, 8016
mental health & behavior problems & incidence of child abuse, 8 yr old offspring of mothers at psychosocial risk studied since birth, Sweden, 26362
methods for evaluation of claims of false memory syndrome, commentary, 42442
methods for evaluation of claims of false memory syndrome, commentary reply, 42484
methods for evaluation of claims of false memory syndrome, commentary reply, 42466
methods for evaluation of claims of false memory syndrome, commentary, 42454
methods for evaluation of claims of false memory syndrome, commentary, 42492
methods for evaluation of claims of false memory syndrome, commentary, 42494
methods for evaluation of claims of false memory syndrome, commentary reply, 42485
methods for evaluation of claims of false memory syndrome, commentary, 42481
methods for evaluation of claims of false memory syndrome, commentary, 42455
methods for evaluation of claims of false memory syndrome, commentary, 42429
methods for evaluation of claims of false memory syndrome, commentary, 42450
methods for evaluation of claims of false memory syndrome, erratum, 42486
MMPI profile subtypes, males convicted of sexual offense against child, treatment implications, 4373
monoamine metabolism & heart rate & BP & neuropsychological development, 4–17 yr olds with vs without history of neglect &/vs abuse, 8152
mother child interaction patterns, abusive vs nonabusive families, 19274
motivational vs confrontational intervention approaches, child sex offenders, 32040
Munchausen by proxy syndrome involving sexual abuse allegation, adult mother & her 18 mo old child, commentary, 16024
Munchausen by proxy syndrome involving sexual abuse allegation, adult mother & her 18 mo old child, 16041

nature & circumstances & consequences of childhood sexual abuse accusations, adult accusers from member families of British False Memory Society, commentary, 22987
nature & circumstances & consequences of childhood sexual abuse accusations, adult accusers from member families of British False Memory Society, 22971

effort & interest & recall, beliefs about cognitive task performance, preschoolers, 29812
experience of loneliness, 8–10 yr olds, 7344
ideal body size perceptions & weight concerns, White vs Black male vs female 4th graders, 34956
integration of literature-based program into literacy & science instruction, achievement & use of literature & attitudes toward program, 3rd graders from diverse cultural backgrounds, 20558
mitigating circumstances, parental beliefs & intervention behavior & child's understanding of physical aggression, parents of 1.9–2.6 & 3.6–4.9 yr olds, 11452
normative beliefs about anger & intent to harm, male vs female 9–12 yr olds, 3419
parental physical aggression during previous yr & observed hostility, withdrawal & anxiety & distraction during triadic conflictual discussion, 8–11 yr old males vs females, 18570
perception of control process & device knowledge for opening/closing mechanisms, 6th graders, application of conceptual model of simple control systems, Israel, 22030
perception of zoos & their animals, child & adolescent & adult zoo visitors & others, Scotland, 6524
perceptions & attributions of parental behavior as moderator for association between parental differential treatment & sibling relationship quality, 11–13 yr olds & their siblings, 29887
perceptions & relative judgments & responses to child prosocial & antisocial behavior, parents vs teachers vs 10–12 & 12–13 yr olds, 15329
perceptions of & friends' & family's & classmates' self reported substance use, own alcohol & tobacco & marijuana use, 8–12 yr olds, 4 yr study, 4340
perceptions of experiences & illness effects, 6–16 yr olds with asthma, UK, 8454
perceptions of housing environment before vs after parental divorce, parents vs their children, 41890
perceptions of male & female perpetrators & victims of bullying in school, 8–10 yr olds, 17190
perceptions of neighborhood & its safety & activity patterns, chronically ill 10–12 yr olds & their parents, 30675
perpetually salient in- vs out-group markers with vs without functional use of social categories, formation of intergroup attitudes, 6–9 yr olds, conference presentation, 41686
personal characteristics & media usage, attitudes toward television violence, 11–16 yr olds, 34916
pollution & discrimination & global war & community violence, level of concern & coping skills & strategies, 12–17 yr olds, Australia, 22199
pre- & post-migration experiences, Southeast Asian vs Central American refugees (mean age 10.5 yrs), Canada, 38406
process & outcome of humane education program evaluations, children, literature review, 25844
psychological birth order & perceived coping resources, 9–13 yr olds, 38402
rating scales for nominations & dimensions of sociometric status, 7–12 yr olds, 28443
regulatable features & observed experiences & child & parent perspectives on quality of care in child-care programs, 3rd–5th graders & parents & Os, 18742

representational & motivational variables related to personal involvement, performance in false belief task, 2–5 yr olds, Italy, 41632
representations of drugs & drug use, 8–11 yr olds, England, implications for child-centered constructivist drug education, 18574
self concept & perceptions of family members & family interactions, college students, 3928
self vs mothers' ratings of behavior problems following immigration, 11–18 yr olds from former USSR, Israel, 16039
sex composition of group, level of social interaction & expression of own perspectives, 4–5 yr old girls, 41685
sex of parent & transgressor, perception of disciplinary style, male vs female 2nd vs 6th graders vs high school vs college students, 15274
sex, perceptions of positive vs negative friendship dimensions in sports, 8–16 yr olds, 15332
similarity in views of Roms & Romanians & Germans & Jews & sex stereotypes, 1st–8th graders & their parents, erratum, 7386
social preferences toward peers with special needs, typically developing 3.1–5.8 yr olds, 30690
traumatic events & sex & political activity & perception of parenting styles, Palestinian 11–12 yr olds, 29924
understanding of death, increases in suicidality and homicidality, children, 26609
views & experiences of participation in family therapy, 5–13 yr olds, 12875
views of appropriateness of child welfare referral & reporting of at risk children clients, 7th & 9th & 11th grade urban children, 19281
views of old age & elderly as expressed in drawings & stories, 3rd & 4th graders, implications for teachers & family & art therapists, 18440
visual extramission beliefs, children & adults, implications for metacognition & education & theories of development, 18522
worries & fears related to security & self image & other current issues, mothers vs fathers vs their 4th–6th graders, implications for parental childrearing effectiveness, 22306

Child Behavior Checklist—Serials

concurrent & criterion validity of Personal Adjustment & Role Skills Scale vs Child Behavior Checklist vs impairment scales of emotional & behavioral problems, chronically ill 9–18 yr olds, 14362
convergence of Child Behavior Checklist scales with DSM-III-R structured interview derived diagnoses, assessment of comorbidity, children & adolescents with major depression &/vs ADHD, 7786
convergent validity of MMPI clinical scales & conceptually similar Youth Self-Report & Profile subscales, 14–18 yr old psychiatric inpatients, 17625
cross cultural generalizability of Child Behavior Checklist & factor analyses of cross informant syndromes, 4–16 yr olds referred to mental health services, Netherlands & France, 34002
cross cultural validity & internal consistency & test retest reliability of Dutch version of Child Behavior Checklist for Ages 2-3, 2–3 yr olds, Netherlands, comparison with US data, 33968
cultural acceptability of Conners Parent Rating Scale & Child Behavior Checklist, Dakotan/Lakotan parents, 30098
DSM-III-R vs Child Behavior Checklist rates of psychopathology, mothers & their 4.6–5.8 yr olds, 35477
factor structure of Child Behavior Checklist, 8–18 yr olds with serious emotional disturbances, 25052

Child Care [See Also Child Day Care, Child Self Care] —Serials

acting from cultural models influenced by ethnic group in choice of child care & reactions to care providers, return to work & departure from welfare, working poor mothers, 11575
child care & educational social policies & their contradictory implications for protectionism & competency, children, England, 22308
child care decision making model based on qualitative & quantitative data on attitudes & values & expectations on child care choice, 15–44 yr old married women, Thailand, 38576
child care decisions & expectations & concerns, parents of 5 yrs old & younger, 18738
child care needs & arrangements & satisfaction, mothers of 5 yr olds with developmental disabilities, 4413
content analysis of newspaper discourses & child care attitudes & characteristics, 44–65 yr old grandmothers, Australia, 22183
decision making in child protective services & care, 32906
depression & life & child care stress & social support & marital satisfaction & prenatal anxiety, postpartum depression, meta analysis, 11944
division of household & child care & paid labor, lesbian coparents, 30240
EAP needs assessments for working parents with adolescents, self vs adult care in after school arrangements, employees with 13–18 yr olds, 20720
economic needs vs preferences in use of market child care vs by relatives, satisfaction & quality of care, employed 15–39 yr old mothers of preschoolers, implications for public policy, 11584
father empathy & participation in child care, development of empathy, 1st grade males & their biological parents, implications for object relations vs social learning theory, 3408
meaning of childrearing vs child care & roles as mothers & wage earners, interpretations of custodial vs surrogate vs coordinated child care, employed mothers of infants & preschoolers, 11590
nonparental & out of home child care, child development, literature review, 15481
nonparental care experiences & emotion regulation, children & their mothers, 18599
ontogenetically differentiated reproductive strategy & paternity confidence & ratings of paternal vs maternal grandmother vs grandfather solicitude, 16–80 yr old grandchildren, 11573
phenomenological study of themes in emotional & caring interactions, mothers with postpartum depression & their infants & older children, nursing intervention implications, 7893
presence &/or absence & appropriateness of supervision using Chicago Children's Supervision Taxonomy, 5–12 yr olds with pedestrian injuries, 19526
program quality & provider professionalism & family support, accredited vs nonaccredited family child care providers, 16868
rationale & design & implementation of a support & education group, 51–80 yr old parents with disabled children, 23790
regulatable features & observed experiences & child & parent perspectives on quality of care in child-care programs, 3rd–5th graders & parents & Os, 18742
School of the 21st Century school-based child-care & family-support program, children from birth through age 12 yrs, 40506
social class & race & views on motherhood & employment, child care choices, dual career couples, 11578
sociocultural & economic factors, patterns of child care & parent-child interaction, 3 mo olds of 17–42 yr old Euro-American vs recently immigrating Central American mothers, 30172
sociocultural & educaring approach to early childhood education, 20569
traditional vs parenting team vs extended family involvement vs formal support, level of functioning in patterns of child care, families of children with cerebral palsy, 27737
validity & reliability of Parent Caregiver Relationship Scale, parents & caregivers of 2–24 mo olds, 20958

Child Care Workers—Serials

burnout & job satisfaction & role conflict & role ambiguity, 23–56 yr old child care social workers, South Africa, 13951

development & evaluation of therapeutic parent model, 23–69 yr old child & youth care workers & supervisors & directors, implications for professional identity & selection & education & training, 9727
development & evaluation of therapeutic parent model, 23–69 yr old child & youth care professionals, implications for professional identity & selection & education & training, erratum, 17062
extraversion & changes in & beliefs about infant childrearing, mothers &/vs fathers &/vs day care providers of 4 wk–4 mo olds, 6 mo followup, 30170
humor as skill to be incorporated in therapeutic relationships with children & adolescents, child & youth care practitioners, 16840
identification of need among children & implementation of Children Act 1989, child care managers, Wales, implications for social services departments, 2002
model for preparing agencies & practitioners for move to family centered services, residential & nonresidential child & youth care workers, 16820
perceptions of powerlessness & powerfulness, female child care workers, 26067
therapeutic parent model, child & youth care professionals, commentary, 17067
therapeutic parent model, child & youth care professionals, commentary, 17028
therapeutic parent model, child & youth care professionals, commentary, 17034
therapeutic parent model, child & youth care professionals, commentary, 17048
therapeutic parent model, child & youth care professionals, commentary, 17025
therapeutic parent model, child & youth care professionals, commentary, 17024
therapeutic parent model, child & youth care workers, commentary reply, 17063
workshop model for stimulating self reflection in child & youth care workers, 17043

Child Custody—Serials

child custody evaluation practices, psychologists, replication & extension, 24467
children's rights & biological bias in biological parents vs 3rd-party custody disputes & cases of DeBoer v. Schmidt & In Re Doe as illustrating notion of children as property, 22286
contraceptive use & childrearing outcomes, male psychiatric outpatients, New Zealand, 42142
custodial arrangements & parental conflict following divorce, children's adjustment, literature review, 29939
ethical issues & role in protecting child rights in custody litigation, lawyers for children, 10325
impact of applied & theoretical psychological interpretation of unfit mother concept & maternal skill stereotypes, 23–44 yr old non-custodial mothers, 3640
maternal noncompliance in child maltreatment cases, child custody decisions & court clinic custody recommendations, Canada, 5874
mediation for assistance in transition from nuclear to binuclear family, joint parenting of children, divorcing parents, 7495
normative data for MMPI-2 in child custody litigation & defensive underreporting & self-favorability, parents & stepparents, 40857
norms & reliability & validity & generalizability of instruments assessing parenting competencies for child custody evaluations, 28403
parenting & father involvement & resources in conceptual model, custody type, mothers with joint vs sole custody of their children, 41891
parents' legal relationship with child, legal decisions regarding same sex 2nd parent visitation rights & adoptions & legal recognition in role in raising child, 14128
published vs parental norms & validity of MMPI-2, child custody evaluation, 21–47 yr old parents, 10422
ratings of best-interest-of-child framework of relational & developmental & functional assessment criteria for evaluation in child custody & access decisions, 35–72 yr old psychologists, Canada, 28395
risk factors & child support & visitation & relations with child's father & court & social system impact, noncustodial mothers, 41892
self-confidence & positive feelings & problem identification & parent personality & parenting characteristics, aligned vs nonaligned 7–14 yr olds & their parents in custody litigation, 7181

Child Day Care—Serials

age at entry & quality of day care & family characteristics, psychological maladjustment & behavioral problems, 4–5 yr olds attending excellent vs average vs low quality day care centers, Canada, 35111
attitude toward & use of child care services, 15–60 yr old females receiving WIC vouchers with children 4 yrs old & younger, 5301
child care & early childhood education systems & their changing economic & sociopolitical contexts, Sweden, 38569
child care center's structure & inter-related needs of child & parents & staff & administrative leadership, transition from home to center-based care, infants, 2003
child care programs & community distribution systems for improving child development, 27704
daily job stressors, parent child interaction, working mothers of preschoolers in worksite child care centers, 18740
daycare quality & home & family environment, behavioral problems & adjustment, 3.8–9.7 yr olds & their mothers, 4 yr study, 11431
education theory & D. A. Kolb's model of experiential learning in continuous training to improve quality of day care provision, child care staff, 13311
factors in day care & approach to child rearing choices, dual income couples, conference presentation, 35112
family demographic data & child's developmental characteristics & types of early intervention services offered, 30 mo olds in child care centers, 40077
high vs low child–caregiver ratio in public day care center, verbal interactions, preschool children & caregivers, 2 yr study, Sweden, 13312
impact of inconclusive vs unfounded abuse allegations & findings in child care centers, staff & administrators, 1998
long-term differential gender effects of early day care, 13 yr olds, Sweden, 25673
maternal employment status & quality of mother–child interaction, infant development, 1 yr olds in day care vs nonday care group, 2000
model for campus-based child care programs & historical factors & campus politics & policies & needs & expectations & physical setting, case study, 35104
otitis media, verbal patterns of social behavior, 2 wk–17 mo olds in day care, 12495
out of home vs family based day care, temperament & verbal & cognitive development, 16 mo olds, 8 yr study, 15206
parental involvement with child day care center, mothers vs fathers of children in day care, 35107
play patterns in family space, 2–5 yr olds in regulated family child care homes, 3484
precare family & infant psychological & social & health characteristics, early child care arrangements & internalizing vs externalizing behavior problems, parents & their 2–11 vs 12–30 mo olds, 932
reliability of Family Day Care Rating Scale, day care providers for preschoolers, England, 5943
satisfaction with child care providers, 3.9–6.1 yr olds, 20227

Child Discipline [See Also Parental Permissiveness]—Serials

affiliation with conservative Protestant denominations, corporal punishment for children, parents, 22293
childhood disciplinary experiences & perceptions of these experiences as abuse, attitudes regarding appropriate discipline, college students, 7504
childhood experiences with discipline & prenatal plans for disciplining own child & later maternal–infant interaction, pregnant women, 26062
childhood socialization & punishment experiences & affect, relationship of personality to political attitudes, adults, commentary, 3657

childhood socialization & punishment experiences & affect, relationship of personality to political attitudes, adults, 3661
childhood socialization & punishment experiences & affect, relationship of personality to & anger & violence in political attitudes, adults, commentary, 3655
childhood socialization & punishment experiences & affect, relationship of personality to & anger & violence in political attitudes, adults, commentary, 3651
chronicity of troubled parent child interactions during parental efforts to control child, externalizing problem behavior, toddlers observed at 27 &/vs 33 mo, 7502
community & sex & job status, disciplinary judgement, Hindu vs Muslim 19–38 yr old couples, India, 15472
Conservative Protestantism & corporal punishment & physical abuse of children by parents, 15409
content analysis of beneficial & detrimental parenting behaviors & reinforcing or punishing consequences in prime time fictional situational TV comedies about families, coders, 41587
demographics, attitudes toward physical discipline & behavior of children in their care & level of agency support, nonrelative foster parents vs kinship caregivers, 24189
discipline strategies, mothers vs fathers of hard to manage 25–41 mo olds, 35103
family aggressiveness, corporal punishment, college students & their parents, implications for reciprocal effects model & impact of observer bias, 15482
family socialization experiences in form of inductive vs affective vs coercive style of parental control, proneness to feelings of guilt & shame, college students, retrospective study, 38373
maternal disciplinary dysfunction & interpretation of child noncompliance, judgment of severity & attributions of defiance, mothers of aggressive vs average boys (mean age 4.5 yrs), 35745
maternal punishment &/vs reasoning, delay of misbehavior recurrences, mothers & their 25–38 mo olds, 930
maternal punishment &/vs reasoning, delay of misbehavior recurrences, mothers & their 25–38 mo olds, erratum, 30175
mother's inconsistent vs consistent discipline & positive vs negative feedback, misbehavior, 18–32 mo olds, 22080
parental discipline & children's externalizing behavior problems, African vs European American mothers & their preschoolers, 4 yr study, 7317
parental inductive discipline, empathy & prosocial behavior, 11.5–14.3 yr olds, 25882
parental warmth & control, sibling differences in internalizing vs externalizing behavior, 1–11 yr old siblings & their mothers vs fathers, 11571
politics of Russian society & family & school socialization of personality using discipline with violent punishment & fear of shame & revenge, children, 3440
positive parenting, child misbehavior, middle class White families with 6–7 yr old boys vs girls, 934
sex of parent & transgressor, perception of disciplinary style, male vs female 2nd vs 6th graders vs high school vs college students, 15274
tobacco raising household & parental smoking & rules at home about tobacco use, cigarette & smokeless tobacco use, 7th graders, 29922

Child Guidance Clinics—Serials
help seeking behaviors, child psychiatric clinic patients, Hong Kong, 24175
integration of psychiatric service within pediatric department of university teaching hospital, children & adolescents, 40142
types of diagnoses seen in outpatient child guidance clinics & services received & outcome, clients, 24203
working links between educational psychology services & child guidance clinics & auditing of work with children & young persons with emotional & behavioral difficulties, 9355

Child Molestation [See Pedophilia]

Child Neglect—Serials
accuracy of adult recollection of childhood victimization, children physically or sexually abused or neglected, 20 yr followup, 16047
atypical approach to child protection in cases of child abuse & neglect in rural communities, Canada, 5295
characteristics predictive of child abuse or neglect, adolescent mothers, 8178
child neglect with vs without abuse, academic achievement & school disciplinary problems, elementary vs junior high vs high school students, 4262
childhood & adolecent abuse & neglect & dissociative episodes & absorption & mysticism, 22–51 yr old female outpatients, 19090
corroboration & concordance of childhood parental neglect & physical & sexual abuse, 20–50 yr old pairs of sisters, England, retrospective study, 31176
description of feral child with developmental disabilities, 42613
development of community based service network of informal & formal family support programs, prevention of child abuse & neglect, executive directors & frontline practitioners, 32919
disintegration of family & reasons youth choose to leave home, 12–17 yr old runaways, Netherlands, 18433
effectiveness of government vs neighborhood level child abuse & neglect prevention, residents of neighborhoods with varying rates of reported child maltreatment, 31225
evaluation of court-based mediation services processing child maltreatment cases, California, 43988
evaluation of parent education program for prevention of child maltreatment, 11–20 yr old mothers & their 3–5 yr old children, 3–5 yr followup, 40076
experience of neglect in orphanages, neurological & emotional development & attachment behavior, refugee children, Eastern Europe, 25680
historical & current advocacy efforts in child welfare, implications for social workers, 40753
histories of childhood abuse & neglect & borderline symptoms, 18–46+ yr old applicants for long-term inpatient treatment, conference presentation, 26587
individual vs individual & group parent training with behavioral &/or cognitive methods, emotionally abusive & neglectful 16–38 yr old parents, conference presentation, 39759
lifetime self destructive behavior & experience of child abuse & neglect, 18–60 yr old patients with borderline personality disorder, 31156
maltreatment & abuse & neglect, school performance declines, 5–23 yr olds, retrospective study, 43636
maternal relatedness, school functioning, maltreated vs nonmaltreated 7–12 yr olds, 2210
monoamine metabolism & heart rate & BP & neuropsychological development, 4–17 yr olds with vs without history of neglect &/vs abuse, 8152
parent education & training vs family therapy, group care homes for neglected & abused children, 2031
pathological & abusive & neglectful childhood experiences, 18–50 yr old inpatients with borderline vs other personality disorders, 42426
psychological & other factors adversely affecting parenting & need for licensing to establish parental rights & responsibility & reduce governmental interventions for child abuse & neglect, 22307
psychopathy & violence, young adult victims of childhood abuse & neglect, 26635
recall of childhood neglect & physical abuse, psychological functioning & symptomatology, college students, 19285
relationship with family members & friends, mothers who do vs do not maltreat their children, test of social isolation hypothesis, 4246
risk factors for intervention by & comprehensive assessment of effectiveness of child welfare services, abused & neglected children from families with multiple problems, 16869
substance abuse & depression & social variables, risk for physical abuse & neglect of children, parents, 4243

symptoms & treatment of chronic traumatization such as chronic abuse & neglect & related countertransference issues, children, 27146
the relationship between child abuse & child neglect & parental substance abuse, implications for treatment addressing parenting & women-specific issues, 31322
treatment of addiction, prevention of child abuse & neglect, 18–41 yr old substance abusing mothers, 9609
validity of Childhood Trauma Questionnaire, neglect & abuse, 12–17 yr old psychiatric patients, 28461
Child Psychiatric Clinics [See Child Guidance Clinics]
Child Psychiatry—Serials
awareness of child & adolescent psychiatrists regarding learning problems as possible manifestation of thyroid disease, letter, 4504
definition of failure to thrive & DSM-IV definition & characterization of feeding disorder & biopsychosocial approach to assessment & treatment, male 9 mo old, 31434
development & treatment & prevention practices of & assessement in McGill Infant Psychiatry program, 15–48 mo olds with behavior disorders & their parents, 35731
development of community child psychiatry training curriculum based on design template, conference presentation, 17141
epidemiology & manifestations & psychiatric treatment of sleep disorders, infants, 31612
establishment & format & benefits of psychiatry study group, community pediatricians & child psychiatrists, 36887
future of brain imaging in child & adolescent psychiatry, 43360
indications & mechanism of action & efficacy & dosing & side effects of psychotropic medications, children & adolescents, 32548
integrated treatment approach & evaluation issues & physician–patient relationship & informed consent in pharmacotherapy, children & adolescents, 32568
mental health programs at general psychiatric vs pediatric hospital, infants, 32862
methods for teaching learning objectives in child psychiatry, family medicine trainees, 27867
nature & prevalence & treatment of fears & anxiety disorders, children & adolescents, literature review, conference presentation, 31068
need for & present role of child & adolescent psychiatric services, Vietnam, 32829
organization of child consultation liaison psychiatry services, literature review, 36683
perspectives on psychiatric clinical drug trials in children & adolescents, conference presentation, 32344
pharmacokinetic principles & factors in drug disposition during development, children & adolescents vs adults, 32379
postgraduate course in child & adolescent psychiatry based on British approach, England & Russia, 27875
professional foster care & psychiatric intervention, mentally ill parents with 0–10 yr old children, Denmark, 32868
programs for education & training in children's mental health services at schools of public health, 40272
psychoepidemiologic principles & diagnostic distinctions & drug prevalence & efficacy vs effectiveness & safety, implications for child & adolescent psychiatry, 32599
reasons for lack of child psychiatrists, New Zealand, comparison with US & UK, 33165
role in assessment & treatment of premature &/or medically compromised infants, psychiatrists, 32825
short term psychodynamic psychotherapy, mother–infant dyads with infant behavioral & functional symptoms, implications for child psychiatry, 32199
source of referral to child psychiatry service & attendance pattern & diagnostic & abnormal psychosocial situations, 2–16 yr olds, England, 30688
subtypes of human aggression, literature review, implications for child psychiatry, 31277
therapeutic benefits of play in therapy, facilitation of development & exploration of troublesome feelings, child psychiatry patients, commentary, letter, 32016
therapeutic benefits of play in therapy, facilitation of development & exploration of troublesome feelings, child psychiatry patients, 4759
validity of Substance Abuse Subtle Screening Inventory & prevalence & dual diagnosis of substance use disorders, 11–18 yr olds in acute care psychiatric treatment, 6051
Working Model of Child Interview to assess maternal perceptions, 16–42 yr old mothers with 2 wk–67 mo olds with failure to thrive or sleep disorders or attending infant psychiatry clinic, 37384
Child Psychology—Serials
activities & deliberations of Division of Educational & Child Psychology Working Party, impact for educational psychologists treating emotional & behavioral difficulties for children & adolescents, UK, 9395
clarification & identification of mediated & moderated effects in child-clinical & pediatric research on child adjustment, 38277
clarification & research needs, educators working with vulnerable children with emotional & behavioral problems, literature review, 8122
contributions to child & adolescent developmental psychology, A. T. Jersild, obituary, 7165
curricular content of child clinical vs school psychology practitioner training programs, 9708
direct work with children's psychological & mental health needs & implications of current legislation, educational psychologists, England & Wales, 9370
introduction to & review of volume articles on family systems in pediatric psychology, 26037
quantitative trends in number of articles & geographic location of authors & author affiliation in "Journal of Abnormal Child Psychology", 1973–1996, 27855
role of educational psychology & approach of schools to children with mental health problems, educational psychologists, England, 10015
training program in consulation liaison child & adolescent psychology, 9716
working links between educational psychology services & child guidance clinics & auditing of work with children & young persons with emotional & behavioral difficulties, 9355
Child Psychotherapy [See Also Play Therapy]—Serials
analytic treatment termination with young children & reflections on D. W. Winnicott's case of "Piggle" & female 7 yr old with delayed mourning, 43071
cognitive behavioral vs nondirective supportive therapy, sexually abused 3–6 yr olds & their parents, erratum, 8754
confirmatory P-technique analysis of therapist discourse in high vs low quality sessions, children in psychotherapy, 16497
contributions of Anna Freud to child psychoanalysis & psychoanalytic theory, 39771
debate about alternative valid theories over infantile superego between M. Klein & A. Freud in publications of 1927, application to field of child psychoanalysis, 12916
development & role of M. Fordham in Jungian child analytic training, 24422
development of therapeutic alliance in child & adolescent psychotherapy, 4769
diagnostic categories in 1994 version of DSM-IV specific to children & adolescents, implications for assessment & treatment & legal & ethical issues for clinicians & impact of managed care, 7790
early history of child analysis in writings of M. Klein & A. Freud, 19054
effectiveness of 8 wk bereavement psychotherapy group, 7–11 yr olds whose parent &/or sibling died, 4908
essentialism in narrative therapy & child & youth care practice, 16471
hermeneutic-narrative approach to integration of child psychotherapy & family therapy, therapeutic conversation after play assessement, 6-yr-old female & 7-yr-old male with behavior problems, 32225
importance of early child analyses to M. Klein's development of psychoanalytic concepts, 6 yr old female with depression & inhibition of learning & obsessional behavior, 19889
integration of child & family therapy theories & methods in psychotherapeutic model, children, 12772
interpersonal issues in psychotherapeutic counseling, 9.5 yr old Indian female adopted by Australian family, 8767

interpersonal treatment model for psychotherapy with young children, 3 yr old male with emotional & behavioral disorders, 1690
issues in research & practice & theory in child & adolescent psychoanalysis, 39765
mediation & separation trauma & anxiety & transition anxiety during divorce, implications for child therapy, 36199
parent vs child vs parent & child training treatment interventions, 4–8 yr olds with conduct disorder & oppositional defiant disorder & their parents, longitudinal study, 19761
process of change & multimodal therapy with children & adolescents, 5th grade male with anxiety & anger, case illustration, 27220
psychological & pharmacological intervention protocol for procedural distress, children with pediatric leukemia, 9264
reminiscences of training under & contact with Anna Freud concerning child psychoanalysis & psychotherapy, 22611
theoretical & methodological contributions of debates between psychoanalysts Anna Freud & Melanie Klein to development of comprehensive mental health service for children, 22621

Child Self Care—Serials

self-care practices & exposure to violence as victim or witness, African American 14–18 yr olds, 8094

Child Support—Serials

administrative processes, paternity & child support policy, county social service agencies, Wisconsin, implications for gender relations, 35101
alcohol abuse & psychopathic deviance & child support compliance & postdivorce visitation frequency, noncustodial vs custodial parents, longitudinal study, 18729
assessment of father–child relations, impact on child development & support, sheltered homeless & low-income housed females & their children (mean age 5 yrs), 11587
improvement of co-parenting relationship of custodial & noncustodial parents, voluntary compliance with child support orders, adults, 3616

Child Visitation—Serials

age & gender & birth order & history of interparental conflict & parental concerns & attitudes, post-separation visitation reluctance & refusal, 5–12 yr olds in custody & visitation disputes, 41893
alcohol abuse & psychopathic deviance & child support compliance & postdivorce visitation frequency, noncustodial vs custodial parents, longitudinal study, 18729
parental visitation, permanency planning & prediction of family reunification, 12 yr olds & younger in foster care, 1 yr study, 9407
parents' legal relationship with child, legal decisions regarding same sex 2nd parent visitation rights & adoptions & legal recognition in role in raising child, 14128
ratings of best-interest-of-child framework of relational & developmental & functional assessment criteria for evaluation in child custody & access decisions, 35–72 yr old psychologists, Canada, 28395
risk factors & child support & visitation & relations with child's father & court & social system impact, noncustodial mothers, 41892

Child Welfare—Serials

acceptance of fallibility & willingness to revise judgments & avoidable vs unavoidable mistakes in child protection work, social workers, 27700
American vs foreign prototypes of & consequences of family–state alliances for child welfare, 35031
assessment of client sexual & physical abuse & familial substance abuse, runaway/homeless youth shelter staff, 5304
atypical approach to child protection in cases of child abuse & neglect in rural communities, Canada, 5295
children's rights & biological bias in biological parents vs 3rd-party custody disputes & cases of DeBoer v. Schmidt & In Re Doe as illustrating notion of children as property, 22286
client & service characteristics, use of child welfare services after intensive family preservation services, families discharged from Family Initiatives program, followup study, Canada, 40090
computer simulation of failure to thrive case, training in child protective services work, trainees vs experienced workers, 9722
constitutional protection & Internet features controlling access by children & First Amendment rights & regulation of sexually explicit expression on Internet, 14127
Cultural Competence Attainment Model for provision of culturally relevant & effective medical & psychosocial services, child welfare practitioners, 43390
elimination of cultural norm & legal doctrine of parental rights & imposition of rigorous standards for parenting & rights of children, 22292
evaluation of community program to enhance child well being & prevent out of home placement, 22–36 yr old mothers of infants identified as drug exposed as newborns, 16862
evaluation of court-based mediation services processing child maltreatment cases, California, 43988
family center vs field social work service, family functioning & involvement with child protection services, families with children at risk for abuse, Wales, 16861
Family Rehabilitation Program with multiple services & followup, parenting & drug use & social supports & future orientation, drug abusing mothers whose newborns tested positive for drugs, 9571
historical & contemporary context of & issues in & differential approaches to family reunification within framework of permanency planning & family preservation, 9429
historical & current advocacy efforts in child welfare, implications for social workers, 40753
identification of need among children & implementation of Children Act 1989, child care managers, Wales, implications for social services departments, 2002
issues in statutes requiring mandatory reporting of child abuse, Australia & New Zealand, 33893
maintenance of sibling relationships in child care placement, less than 5 to 12+ yr olds in foster & adoptive placements, Scotland, implications for social workers, 27694
maternal noncompliance in child maltreatment cases, child custody decisions & court clinic custody recommendations, Canada, 5874
moral values of individuality vs community, child poverty & origins & costs & benefits of welfare policies, US vs Sweden, 22218
needs for & nature & perception of stigma of using child welfare services, UK vs Netherlands vs Spain, 43371
organizational adaption to managed care environment, agencies serving children & families, 16855
overemphasis on parental rights & deficiencies of child welfare law vs need for policies emphasizing children's developmental needs & preventing abuse & neglect by making competent parenting priority, 22303
philosophical & social work contexts of paternalism vs partnership in child care & protection areas, 1999
provision of adequate supervision for staff responsible for child protection cases, 33–50 yr old social services team managers, England, implications for training & assessing supervisors, 5310
social work practice in relation to & developments & outcomes of & profile of reunification & families & circumstances, children & adolescents in foster care, England, 9411
standards of best interest of child in case law & psychological precedent & practice & state statutes, 10285
timing of & hazards associated with exit from substitute care to family/guardian vs adoption vs running away, 16 yr olds & younger in foster care, 9406
typology of parent & child behavior & characteristics & poverty, family problems & service needs, child welfare cases with documented maltreatment, 16842
use of focus groups to identify key competencies in child welfare practice, practice technology and service delivery, 32794
value of relationships with children, 20–74 yr old Big Brothers, 24210
views of appropriateness of child welfare referral & reporting of at risk children clients, 7th & 9th & 11th grade urban children, 19281

Childbirth [See Birth]
Childhood Development [See Also Early Childhood Development]—Serials
adjusted 3 vs 12 mo early intervention start age, developmental outcome, 5.5–8.5 yr olds medically fragile as infants, followup study, 19517
adjustment & development following immigration, 6 yr old Chinese male, Canada, 38400
age & interhemispheric transfer time, male 7–11 yr olds, experimental replication, 34819
age related improvement in verbal processing efficiency, performance on dichotic listening tasks, 7.5 yr olds, Israel, 29795
animate vs inanimate object motion & independent motion vs transport by person, immanent vs internal causal explanations, 3.1–5.5 yr olds & college students, 18483
application of Piaget's theory of child's developmental stages to study of mental development of primates, 18084
assessment of delayed science instruction practices based on assumptions about children's developmental constraints, application of Piagetian research, commentary reply, 36969
assessment of delayed science instruction practices based on assumptions about children's developmental constraints, application of Piagetian research, commentary, 36966
assessment of father–child relations, impact on child development & support, sheltered homeless & low-income housed females & their children (mean age 5 yrs), 11587
associations between child maltreatment & psychological symptoms & development, high risk children & adolescents, commentary, 4252
associations between child maltreatment & psychological symptoms & development, high risk children & adolescents, commentary reply, 4280
associations between child maltreatment & psychological symptoms & development, high risk children & adolescents, commentary, 4241
associations between development & psychological symptoms, high risk children & adolescents, 4061
behavior analysis of child behavior & development, mentally retarded & normal children with normal & problem behavior & their mothers, 8855
behavioral & developmental & cognitive functioning, 5–12 yr olds with clinic observed vs reported vs situational hyperactivity, 26775
caring for disabled parent or other adult, impact on growth & intelligence & adjustment, children, UK, 9498
child care programs & community distribution systems for improving child development, 27704
child development teams, range of practice & effectiveness & deficiencies in service provision, children with disabilities, UK, 19688
child maltreatment, implications for developmental theory & research, 4245
childhood emotional abuse, attachment & psychological & physical & cognitive development & protective factors, 4296
childhood emotional bonds & adult attachment orientations, capacity for constructive thinking, college students, 15697
childhood helplessness & mastery as vulnerability or protective factors in development of eating disorders, adult females, 35951
childhood pet ownership & type of pet, adult self concept, male vs female college students, 29921
childhood salutogenic variables & psychiatric risk factors, mental health & functioning, adults, Sweden, followup study, 25675
child–parent & child–teacher relationships, social & academic outcomes in early childhood, 22129
child's developmental status & quality of infant–parent relationship, early childhood parenting stress, parents of low birth weight 5.8 yr olds, longitudinal study, 35117
classical vs connectionist beliefs on child development, inferences during child-rearing episodes, parents, Spain, 7511
cognitive & language & physical development, children with fetal alcohol syndrome, followup study, 8234
cognitive & social & language & behavioral developmental outcomes, 3–6 yr olds with prenatal cocaine/polydrug exposure, 35817
collaboration of art therapy & child life programing in pediatric medical setting, 16690
conceptual & methodological issues in statistical associations between adverse childhood experiences & personality disorders in adult life, literature review, 26589
consuming vs seeking information & implicit conception of knowledge vs ignorance, development of social information gathering vs attachment regulation, children, 18540
critical examination of & structural developmental theory as framework for investigating biophilia & environmental reasoning & values, implications for childhood development, 21981
critique of U. Bronfenbrenner's ecological theory of development, children with disabilities, application to research on home & school & community setting influences on development, 11863
defense & conflict & regression in structural model, Anna Freud's psychoanalytic theory of normal vs pathological childhood development, 22615
defensive attributional bias, causal explanations for infant growth deficiency, mothers of healthy vs growth deficient 2–12.5 mo olds with vs without medical problems, 35997
deontic vs indicative reasoning strategies, 3 & 4 yr olds, 15210
development & prevention of prejudice, children, 41693
development of metacognitive concepts about thinking, gifted vs nongifted children, research review, 18459
development of projective identification, 5 yr old female with autism & 9 mo old male infant, 39252
development of recognition of higher-order perceptual relational commonalities in patterns, 4 vs 6 vs 8 yr olds, test of relational shift & progressive alignment hypotheses, 25759
development of representational strategies & universality of graphic forms in human figure drawings, schooled vs unschooled 10–15 yr olds, Papua New Guinea, 25684
development of short term memory for ignored speech, 1st through 4th graders & adults, 7273
developmental & clinical features & diagnostic criteria of elective mutism, children & adolescents, 8439
developmental & family systems issues related to individuation, children from alcoholic family systems, 34896
developmental aggression & sexuality, toddler attachment & parental perceptions & behaviors in caregiving system, 3449
developmental aspects of psychosis & schizophrenia & psychotic mood disorders in infancy & preschool & childhood & adolescence, research review, 8002
developmental changes, background EEG power spectra & alpha & beta & delta & theta frequency bands, 5–12 yr olds, 29727
developmental changes in aggressive vs delinquent syndromes, deviant vs nondeviant 4–18 yr olds, 8 yr study, Netherlands, 35859
developmental factors, establishment of attitudes & behaviors toward wild & domestic animals, 3–12 yr olds & their parents, 7342
developmental history & concurrent adjustment & social information-processing patterns, reactive vs proactive aggressive children, implications for classification system, 19278
developmental psychology perspective on & assessment of & historical change in representation of childishness in paintings, 660
differences in social class & culture & ethnicity & race, integrative model of child development within stratified US society, minority children & families, 18546
domain-specific knowledge & domain-general experimentation strategies, scientific reasoning, 9–10 vs 11–12 vs 13–14 yr old females, 25776
drawing development & artistic giftedness & relation to working memory capacity, 4 vs 6 vs 8 vs 10 yr olds, Canada, 29815
Early Development Program, coordination of interdisciplinary mental health & developmental assessment/intervention, children from birth to 3 yrs old & their families, 36693

ecological perspective of development of aggressive behavior in childhood & early adolescence, implications for prevention of youth violence, literature review, 22967
emotional security as regulatory process, implications for normal & psychopathological development, 7315
environment vs personal characteristics vs parental characteristics as factors in children's development & socialization & overall outcome, 18437
ethnic & political violence, development, children, commentary, 7169
ethnic & political violence, development, children, 7180
extremely low birthweight, intellectual ability & learning disabilities, 6–8 yr olds, 31459
family background & management & childhood antisocial behavior, prediction of violent offending, male multiple arrestees followed from grade 4 to 11, longitudinal study, replication, 16096
family disruption & stressed marriage & parent child relations, antisocial behavior assessed in childhood vs adolescence vs early adulthood, 7–11 yr olds, longitudinal study, 7371
formation of ethnicity through analysis of childhood life stories, Latvia, 25904
health newsletter, attitudes about child development & behavior, foster parents, 16789
historic & contemporary social demography of childhood & nature of child development, 29712
historical sociocultural changes, ethnic & national socialization processes, 5–14 yr olds, Bosnia & Croatia, 25899
identification & differentiation of developmental language disorders, children, clinical implications, 8433
immigration, developmental disruptions & stressors & school participation & family dynamics, Mexican American children & their families, 11462
impact of family & community violence on young children & their families, 31207
implications of Personal Responsibility and Work Opportunity Reconciliation Act of 1996 for developmental & behavioral pediatrics, 43352
incidence & nature of feeding problems & growth & development, 5–58 mo olds with HIV, England, 39444
individual differences & developmental factors in risk taking, children, 11441
individual differences in development of theory of mind, children, implications for metacognition, 18462
individual temperamental differences at age 3 yrs, interpersonal functioning at age 21 yrs, New Zealand, 18 yr followup, 22124
infant facial attractiveness & age appearance & knowledge of infant's actual age, perceptions of infants' competence & developmental skills, female care providers, 18950
integration of causal vs noncanonical information on intention in prediction of agent's behavior & judgment of punishment, 3 vs 4 vs 5 yr olds vs college students, 18636
interdisciplinary & cross-national perspectives on global trends affecting children & their families, 10 countries, 38282
interpersonal relationship perspective in early childhood practice & research, 21977
knowledge & understanding of child development & contribution to interdisciplinary approach to educational process, B. Biber, 38283
language play, development & language pathology & reading, children, implications for teaching & therapy, 24350
length of gaze & tongue protrusions as shows of interest, imitation vs exploration of interesting objects, 3–4 week olds, 18489
life history theory's principle of allocation & role of attachment process in optimizing evolutionary trade off between survival & growth & development, infants & children, 11304
likelihood & demographic characteristics over time & consequences for children, single parent families headed by fathers, 1960–90, 11555
living in orphanage vs at home, cognitive & affective & personal development, 6.1–7.3 yr olds, Russia, 32854
long term effect of information-giving prevention program, mothers' knowledge & attitudes & practices regarding their children's development, mothers & infants, Israel, 27309
maternal expectations of child development, mothers, India vs Japan vs England, 34761
maternal mental retardation & poverty, intellectual & academic & behavioral status, 6–12 yr olds, Canada, 35918
methods for study of stability of relationships in peer & social network structures, children, implications for socialization processes, 7343
narrative of dysfunctional home & school & community environment, lesbian survivors of childhood sexual abuse, 8112
neighborhood & regional characteristics, childhood development, African American vs White 5–6 yr olds, 25676
neurological study of childhood aphasia, literature review, commentary reply, letter, 16367
neurological study of childhood aphasia, literature review, commentary, letter, 16393
nonparental & out of home child care, child development, literature review, 15481
overemphasis on parental rights & deficiencies of child welfare law vs need for policies emphasizing children's developmental needs & preventing abuse & neglect by making competent parenting priority, 22303
parent & child discussion panel, synthesis of theoretical constructs of child development, college students, 13727
parent assessed presence vs absence & patterns of early manifestations of compromised neurodevelopment, 9–13 yr olds with vs without learning disabilities, 31452
parent reported problems of behavior & development during childhood & adolescence, young adults adopted as babies vs as older children with satisfactory vs adverse baby care, 34917
parental attitudes toward sex roles & influence on sex role development, children, 34960
parental behavior & previous aggression & viewing TV violence & adolescent delinquency, prediction of aggression & criminal behavior & arrests, young adults originally studied 18 yrs ago, Finland, 4384
parenting practices & developmental expectations & nurturing & discipling, US vs Mexican fathers & their 1–5 yr old child, 41897
parenting styles & genetic vs environmental influences, child development, research review, 21982
perceptions of parental caring & protective attitudes & behavior throughout childhood, male vs female delinquent adolescents, 12297
perinatal biomedical risk & IQ & paternal sociodemographic factors & family composition & paternal caregiving & child development, extremely low birth weight 6–8 yr olds, Japan, 22109
Personal Resources/Interpersonal Systems Matrix model of personality development focusing on strengths vs deficit labeling & continuum of action-thought-relation function, children, 11469
pervasive overall vs articulation vs comprehension speech/language classification at age 5, developmental & academic outcomes, 12.5 yr olds, 8429
Piaget's concepts of constructivism & essentialism & dynamism in childhood cognitive development theory, 14192
play focused occupational therapy, stress & mother–child interaction & child development knowledge, mothers of preschoolers, 18 mo study, 13469
postpartum depression & early & later infancy & early childhood development & mediating factors, literature review, 35546
preservation of scale & size in spatial configuration reconstructions, 4–5 vs 6–7 yr olds vs adults, 25791
prevention program, mothers' knowledge & attitudes & practices of their children's development, mothers & infants, Israel, commentary, 27305
processing speed & item identification & short term memory, arithmetical difficulties, 7 yr olds, Scotland, 29771
professional opinions on 4 vs 8 vs 12 yr olds' noncoercive sexual behaviors & undergraduate recollections of pre-13 yr old sexual experiences, 22–77 yr old professionals & 17–46 yr old students, 7331

protocol for assessment of singing ability development in school context, 5 yr olds, England, 1 yr study, comparison with data for 6–12 yr olds, 11399
provision of narrative structure in joint retellings of past & children's personal narrative skill development, 40–70 mo olds & their parents, 22013
psychiatric & developmental problems, children with fluctuating vs permanent hearing impairments, 27061
quiet vs active sleep state & health status & heart rate variables & 3-yr developmental outcome, healthy vs high risk very low birth weight infants, 19498
recognition of biologically-based commonalities between animals & plants & inanimate objects, 4–6 yr olds, Japan, 25754
reintroduction of referents in narratives, 4–10 yr olds, Italy, 11380
resilient vs overcontrolled vs undercontrolled childhood personality types & adolescent behavior & development, 7-yr olds, Iceland, 8-yr longitudinal study, 22106
role of disruptions in attachment processes in psychological dysfunctions underlying bulimia & anorexia nervosa, theory & research review, 1953–94, 4463
sex & topic selection, problem solving effectiveness & development, parents & their preadolescent child, 2 yr followup, 3329
sleep states & psychological & neurological development & social environment, prediction of developmental disabilities, preterm vs fullterm infants, Czech Republic, 9 yr study, 21976
social construction of children as research Ss & relationship between researchers & Ss & ethical considerations in relation to selection & treatment, case of Dionne Quintuplets, 41621
social science vs evolutionary predictions of child development & behavior, 25–60 yr olds from father-absent vs father-present households, Hungary, 18420
sociological context of public's perception of childhood after 1993 murder of infant by children, England, 12293
spatial relational vs stimulus-reward cued solutions & age, performance on place learning tasks, children of different developmental stages & adults, 15241
specific perceptual information storage, development of nonverbal implicit vs explicit memory, 4 vs 5 vs 10 yr olds, 7238
subcortical motivational systems, response & attention regulatory processes & development of cognitive representations, children, 7224
talking space to teach children proper behavior & provide cultural & socioethical continuity despite distance from cultural home, Samoans in California vs a Western Samoan village, 38226
themes of children's perceptions & suggestibility & helplessness & difficulty communicating with adults & response to loss & change in literature, 19th–20th centuries, 7121
total weekly work hours & involvement, parenting & child achievement behaviors, mothers & male vs female 5–7 yr olds, 11308
understanding of biological nature of kinship in parent–child relations, 4–7 yr olds, 25688
Vygotskian perspective on interdependence of thought & language & relationship between school instruction & mental development & application to development of scientific concepts in childhood, 3363
war, living conditions & personal & collective development, children, 22110
WISC Vocabulary scores & sex, developmental norms for Wisconsin Card Sorting Test, 9–14 yr olds, Canada, 21109
wounded well & social-deficits & social-assets models of childhood adversity & development of violent behaviors, 21–58 yr olds, 26615

Childhood Memories [See Early Memories]

Childhood Neurosis—Serials

genetic etiology & age, childhood depressive symptoms, 8–16 yr old twins, Wales, 26479
hyperactivity & antisocial & neurotic behaviors as dimensions of problem behaviors, 7 yr old males, Hong Kong, longitudinal study, 8117

Childhood Play Behavior—Serials

age & sex, role of rough play as practice for development of real fighting skills & establishment of social dominance, 8–11 yr olds, 11426
age differences & field dependent vs field independent cognitive styles & social play behavior, 3–5 yr olds, 29933
assistive technology, play options, children with disabilities & their parents, 27645
attachment security vs teacher sensitivity vs peer relations, development of complex play behavior, 10–60 mo olds, 22107
attitudes toward & ability to differentiate between playful & aggressive fighting between students, 30–66 yr old female lunchtime supervisors, 9943
behavioral & dispositional expectations for actual classroom vs prototypic best friends, male vs female 2nd & 4th & 6th graders, 29928
changes in affiliative structure of playmate associative patterns, 12–66 mo old daycare students, Canada, 7376
classroom vs eating vs reading vs TV vs playground context & ethnic group, preferences for physically different peers as playmates, 2.9–6.4 yr old males vs females, 18601
culture, frequency & themes & communicative strategies of social pretend play, Anglo vs Korean-American 44–63 mo olds, 41706
development of general & symbolic & object based play & play complexity, children with language disorders, 39336
developmental aspects of sustained attention during free play vs structured testing, 2–6 yr olds, Israel, 41661
differentiation between playful & real fighting in videotape of 5–8 yr olds, primary school teachers vs 5–7 yr old students, England, 2205
dramatic play as term to describe all types of pretend play, children, 11313
exchange of reciprocal negative affect displays in physical play with parents, peer competency, 4–5 yr olds & their parents, 18544
expressive language level & duration & frequency of symbolic play, deaf vs hearing 2.0–2.3 yr olds with hearing vs deaf parents, 4732
free play settings reflecting authentic literacy contexts, declarative & procedural & strategic literacy knowledge activity, 3–4 yr olds, 18498
frontal EEG asymmetry & sociability, maladaptive behavior, 4 yr olds interacting in play quartets, 7325
hermeneutic-narrative approach to integration of child psychotherapy & family therapy, therapeutic conversation after play assessement, 6-yr-old female & 7-yr-old male with behavior problems, 32225
imitation of pretend play in single- vs multischeme tasks, 3–16 yr olds with autism vs Down's syndrome, 42607
individual differences in theory of mind development & engagement in pretend play & fantasy, 3 & 4 yr olds, 41664
interrelationship between play & language, 1.3–4.5 yr olds with Down's syndrome, 31468
joint attention & pretend play in autism, literature review, 35871
langauge & maternal responsiveness & developmental play levels, deaf vs hearing 9 mo olds & their mothers, 9 mo study, 27068
mastery of different aspects of language & symbolic play, 18 month olds, Finland, 41654
maternal knowledge of child's play behaviors & adjustment of play behaviors during interactions, mothers & their 21 mo olds, 11430
mutuality in parent–child play & children's social competence, 45–76 mo olds & parents, 38570
novel playgroup of unfamiliar peers without adult support, cortisol & behavioral reactions, 2.8–3.3 yr olds, 15300
open & specific prompts & modeling of pretend play, production of simple pretend play, 5–18 yr olds with autism, 35870
parent gender & play activity & speech acts, sex typed communication behavior, 25–62 mo old females vs males, 18585
parental loss through war, play behavior, 4–6 yr old immigrant children, 29926

parenting variables & attachment, child's playground peer relations, families with 18 mo olds, 29870
paternal vs maternal play style with child, 16 mo olds & their parents, implications for contribution to cognitive development, France, 7179
peer modeling, play script reports, 3.7–5.1 yr olds with specific language impairment & their normal language development peers in dyads, 27812
play & other developmental domains & assessment testing in early childhood special education, 12–36 mo olds, 122
play behavior, field dependent vs field independent 3–5 yr olds, 22134
play behavior, 1.5 yr olds with in utero cocaine exposure, 6 mo followup, 16080
play focused occupational therapy, stress & mother–child interaction & child development knowledge, mothers of preschoolers, 18 mo study, 13469
play patterns in family space, 2–5 yr olds in regulated family child care homes, 3484
potential for positive interaction & play in integrated nursery, 2–4 yr olds with vs without severe learning difficulties, 17226
pretence in spontaneous & elicited play, 4–13 yr olds with autism vs moderate learning disabilities, England, 8347
protodeclarative pointing & gaze monitoring & pretend play deficits, detection of autism or developmental delay, 18 mo olds reassessed at 3.5 yrs old, England, 4395
representations of school life & teacher–child relationships through pretend play, development of citizenship skills, 6–9 yr olds, 24648
resilient peer treatment, social play, socially withdrawn African American 3.8–5.1 yr old victims of physical abuse & neglect, 16568
scripting procedure to modify sequences of behavior management statements while retaining teacher–student interaction, 4.7–5.4 yr olds with inappropriate play behavior & their teacher, 40396
security of attachment & executive capacity & symbolic play, 2.4–2.8 yr olds, 25893
sex & sociodemographic factors & maternal personological characteristics & behavior, pretense play as indicator of mental representation development, mothers & their 1st borns (mean age 21.1 mo), 25735
sex, activities during free play, preschoolers, 25852
sex, dyadic & group interaction in standardized playgroup setting, 4 vs 6 yr olds, 29851
sex-typed play & toy selection, 3–8 yr old females with male twin or older brother vs with female twin, 41715
social preferences toward peers with special needs, typically developing 3.1–5.8 yr olds, 30690
social pretend play, peer-related social competence & language & cognitive development, children with mild to moderate disabilities, 19087
sociodramatic & other play activities, level of syntactic language, 6 yr olds, 34836
sociodramatic role play & production & sharing of elements of peer culture contributions to the reproduction of the American class structure, White middle-class vs Black lower-class 3–5 yr olds, 25857
spontaneous engagement in & attitudes toward pretend play, mothers vs fathers of 24 mo olds, 12 mo study, 34909
symbolic play & memory, 3–7 yr olds with autism, 35883
teacher implemented naturalistic language interventions, play activities, moderate to mild mentally retarded 5.9–8 yr olds, 1438
teasing & disputing & playing, male vs female 1st vs 3rd grade students, 29942
temperament arousal & same-sex peer play, problem behavior & social adjustment, male vs female preschool & kindergarten students, 38379
toy variation, satiation of engagement in leisure activity, 5 & 13 yr olds with profound multiple handicaps, 3997
visual attention & facial affect in structured play with mothers, children (mean age 5 yrs) with autism vs Down's syndrome, 2 yr study, 42605

Childhood Play Development—Serials
behavior & mother's support of play, advancement of play, substance-exposed vs nonexposed 2–2.5 yr olds & their mothers, 39202
development of general & symbolic & object based play & play complexity, children with language disorders, 39336
maternal knowledge of child's play behaviors & adjustment of play behaviors during interactions, mothers & their 21 mo olds, 11430
organizing processes of affective communication, development of symbolic competence during mother–child play behavior, 25–36 yr old mothers & their 12–15 wk old infants, 2 yr study, Israel, 38380

Childhood Psychosis [See Also Childhood Schizophrenia, Early Infantile Autism]—Serials
age at onset & transient psychosis, 8 yr old female with epilepsy & continuous spikes & waves during slow wave sleep, clinical case report, 26994
clinical decision making process & symptoms & differential diagnosis & drug treatment, children & adolescents with psychotic disorders, 32454
demographics & patterns of readmissions & prevalence of future psychotic diagnoses, 0–17 yr olds with psychosis limitaris infantalis admitted to psychiatric hospitals, 22 yr followup, Denmark, 15895
evolution & comorbidity of childhood-onset psychosis, 14 yr old male followed from age 12 with history of problems in behavior & mood & reality testing, case report, 22837

Childhood Schizophrenia—Serials
areas of possible speech & language & communication deficits, 6.9–17.2 yr olds with early onset schizophrenia, 4139
clothiapine, development of obsessive compulsive symptoms, 8 yr old schizophrenic male, case report, commentary reply, letter, 9164
clothiapine, development of obsessive compulsive symptoms, 8 yr old schizophrenic male, case report, commentary, letter, 9116
drug free condition vs clozapine or haloperidol therapy, HVA & 5-HIAA & MHPG & serum prolactin levels, 12–18 yr olds with childhood onset schizophrenia, 23891
MRI assessed corpus callosum morphology, abnormal interhemispheric communication & brain abnormalities & maldevelopment, 9–18 yr olds with childhood onset schizophrenia, 26496
planum temporale & asymmetry, adolescents with childhood-onset schizophrenia & high rate of prepsychotic language disorders (mean age 13.9 yrs), 30990
premorbid adjustment & clinical symptoms & cerebral & ventricular volume & maternal obstetrical complications, 10–19 yr old males vs females with early vs late childhood-onset schizophrenia, 22820
pubertal development & onset of psychosis, adolescents (mean age 14.5 yrs) with severe treatment refractory childhood onset schizophrenia, 39035
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, 9054
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, commentary, 32390
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, commentary reply, 32600
self initiated conversational cohesion deficits & repair & formal thought disorder & distractibility, indication of negative signs, schizophrenic 5.6–12.4 yr olds, 7949
smooth pursuit eye movements, 9–18 yr olds with schizophrenia vs ADHD, 22665
spectrum of neuroleptic induced catatonia & neuroleptic malignant syndrome without fever, schizophrenic male 12 yr old, case report, 7966
thought disorders & communication problems in family interaction, 6.9–13.43 yr olds with schizophrenic spectrum vs depressive disorders, 35635

Childlessness—Serials
positive & negative cognitions about parenthood, recently married childless spouses in distressed vs nondistressed vs husband-to-wife aggressive marriages, 35081
sex & marital status & reasons for & perceptions of childlessness, childless 55+ yr olds, 15455
Childrearing Attitudes—Serials
adult attachment styles & desire to have children & working models of parenthood, 18–23 yr old unmarried college students without children, 35116
attitudes toward women's role & religious affiliation & SES & family structure, attitudes toward centrality of children, citizens of Austria & Great Britain & Ireland & Italy & Netherlands & Germany, 38568
behavioral & social science organization alliance to promote improved child & adolescent parenting in all sectors of society, 35110
child care decision making model based on qualitative & quantitative data on attitudes & values & expectations on child care choice, 15–44 yr old married women, Thailand, 38576
child reactions, mothers' attitudes toward corporal punishment, 25–44 yr old mothers & 3 yr olds, 38567
childhood disciplinary experiences & perceptions of these experiences as abuse, attitudes regarding appropriate discipline, college students, 7504
childhood experiences with discipline & prenatal plans for disciplining own child & later maternal–infant interaction, pregnant women, 26062
classical vs connectionist beliefs on child development, inferences during child-rearing episodes, parents, Spain, 7511
cognitive status & child-rearing attitudes, adolescent vs adult mothers, 3414
culture & SES & class, attitudes toward long-term socialization goals & child behavior, lower vs middle class Anglo vs migrated vs island Puerto Rican mothers, US vs Puerto Rico, 18736
development & psychometric evaluation of Parents of Children with Disabilities Inventory, assessment of disability related distress, mothers of children with disabilities, test appended, 93
extraversion & changes in & beliefs about infant childrearing, mothers &/vs fathers &/vs day care providers of 4 wk–4 mo olds, 6 mo followup, 30170
maternal & child's & paternal characteristics & familial factors, prediction of father's frequency & share of & satisfaction with involvement with oldest child, 25–60 yr old mothers & fathers, 926
maternal child rearing attitudes & IQ & SES, child's verbal vs performance IQ, male vs female 4.8–5.7 yr olds & their mothers, Scandinavia, 3342
meaning of childrearing vs child care & roles as mothers & wage earners, interpretations of custodial vs surrogate vs coordinated child care, employed mothers of infants & preschoolers, 11590
overprotection & perception of child's vulnerability, parents (mean age 35.7 yrs) with 5–10 yr old, 30183
parental health beliefs toward immunization, parents of 2–4 yr old fully- vs under-immunized children, 36656
paternal involvement & childrearing attitudes & practices & role satisfaction & demographic variables, fathers of 4 vs 8 vs 12 vs 16 yr old first born sons & daughters, 18733
perceived ideas of own vs husband's actual vs ideal child rearing practices, mothers of 20 mo olds, Argentina vs France vs US, 925
sex & maternal childrearing values, emotional & psychosocial responses to conflict & distress, 48–70 mo olds & their mothers, Japan vs US, 18633
use of Chinese vs Western literature & poetry to determine models of learning to read & write & child rearing, 22305
Childrearing Practices [See Also Child Discipline, Toilet Training, Weaning]—Serials
advice for early parenting of twins on matters such as feeding & stress & attachment & individuation, parents, 26072
agreement between ratings of maternal support & restrictive control & parent–adolescent conflict, African American mothers vs adolescent daughters & African American vs non-African American Os, 11576
anxiety & depression & parenting stress & social support, teaching behaviors, 23–35 yr old low income Puerto Rican vs Dominican mothers & their children (mean age 48.9 mos), 41904
attributions & parenting styles & educational outcomes, high school students, 41708
behavioral & social science organization alliance to promote improved child & adolescent parenting in all sectors of society, 35110
caregiving & demographics & stress & social support, child spanking, female caregivers of elderly or dependent family members, test of frustration-aggression theory & family systems perspective, 26070
child care decisions & expectations & concerns, parents of 5 yrs old & younger, 18738
child rearing & prosocial moral reasoning & prosocial behavior, 6–11 yr olds, Netherlands, 29878
childhood activity level & fear, relationship between parenting practices & childhood aggression & depressive symptoms, 4th- and 5th-grade males & parents, 35461
childrearing & age of youngest child, social network size & contact volume & composition, males vs females, 41902
childrearing & discipline & peer network & socialization, social judgments & distinction between familiar moral & conventional transgressions, African American 5.9 yr olds & their mothers, 7338
childrearing practices & residential environment & cognitive & social stimulation, homeless vs housed low income African American mothers & their 3–5 yr olds in Head Start, 18737
childrearing practices & stress & adjustments & perception of child behavior problems, fathers vs mothers of preschoolers with externalizing behaviors, 7501
childrearing practices, development of anxiety & depression, literature review, 26415
childrearing practices, development of autonomous-relational self, models of family interaction, 29882
childrearing practices, mothers & fathers of normal vs ADHD 7–11 yr olds with vs without aggression, 12334
childrearing styles & parental characteristics & parent child relationship, in vitro fertilization vs other formerly infertile vs fertile parents of 2–4 yr olds, Netherlands, 7514
cognitive functioning & early problem severity & sex & expressive language ability & parent practices & stress, predicting externalizing behavior, preschoolers–1st graders & mothers & teachers, 16023
Colorado Parental Child Rearing Scale & initial development & validation & reliability, college students & parents & siblings, 33952
construction of concept of mothering in developmental psychology, 30187
content analysis & multivariate reanalysis of parenting behavior data from TV fictional situational comedies, 41588
content analysis of beneficial & detrimental parenting behaviors & reinforcing or punishing consequences in prime time fictional situational TV comedies about families, coders, 41587
convergent validity of French version of Parenting Stress Index, assessment of maternal depression & marital adjustment & parenting stress & child adjustment, mothers & their 2.7–6.2 yr olds, Canada, 31
cultural consequences of parental failure, improving childrearing practices, family & business & medical group parenting support & education, 35109
culture & childrearing environment & companion space & prosocial behavior toward & abuse of peers, infants & toddlers, 22089
culture & gender & childrearing practices & socialization, cognitive style of field independence vs dependence, Black South African vs African American 4th & 5th graders, South Africa vs US, 37031
decision making & home environment & intergenerational identification of risk & access to resources & power relations, understandings & management of risk, 9 vs 12 yr olds & their parents, 41717
demographic characteristics & prevalence of grandparents raising grandchildren, 38564

development & reliability of multimethod & multi-informant Alabama Parenting Questionnaire, 6–13 yr olds with behavioral or emotional or learning disorders & their caretakers, 2487
development of religious sensibilities & cultural identity & race awareness & bilingualism & multiculturalism as part of childrearing practices, Punjabi mothers & their children, UK, 1970 vs 1995, 41896
ecological approach for coping with cultural differences in child-rearing practices, immigrant parents, implications for family therapy, 26071
environment vs personal characteristics vs parental characteristics as factors in children's development & socialization & overall outcome, 18437
ethnicity & self esteem & childrearing practices, social networks, low income American Indian & Hispanic & Anglo parents & caregivers of 2–5 yr olds, 26064
expectations & childrearing practices, parents of 1–12 yr olds, Hong Kong, 18734
factor structure & reliability of My Memories of Upbringing scale–Parent form, assessment of rearing behavior, mothers vs fathers of college students, Spain, 37399
factors in day care & approach to child rearing choices, dual income couples, conference presentation, 35112
family social structure & ethnicity & parental practices, selection of child care center, households with 3–5 yr olds, 26061
father's SES & mother's vs father's education & remarriage & child's age & mother's sole vs joint custody, postdivorce contact with children, fathers, 11568
food adequacy & housing quality & financial assets & consumer goods & social resources as characterizations of childrearing environments, urban township families, South Africa, 4 yr study, 35029
grandmother co-residence & parenting & child development, adolescent mothers & their infants with adequate growth vs failure to thrive, 7164
health status, activities of childrearing & daily functioning, families of extremely low birth weight neonates, 4 yr study, Sweden, 16263
historic & cultural & social & economic contexts of childrearing, Japan, 929
history of paternal involvement in childrearing & family tasks & traditional sex role attitudes, inequitable perceptions of patriarchal vs matriarchal father & family functioning, young adults, 22263
home-based vs communal sleeping ecological context, transmission of attachment across generations, kibbutz mothers & their 14–22 mo olds, Israel, 30180
incompetent parenting as cause for increase in unsocialized youth & parental training & foster care & group homes & boarding schools as alternative childrearing environments for high risk children, 22298
ineffective parenting, conduct problems, 6–13 yr olds with vs without callous or unemotional traits, 23010
intuitive parenting vs reflecting on own parenting behavior & infant health & behavior problems, 21–41 yr old mothers, 41899
involved parenting vs hostility & parents' educational level, academic performance, 7th graders, 13752
long term effect of information-giving prevention program, mothers' knowledge & attitudes & practices regarding their children's development, mothers & infants, Israel, 27309
love for spouse & similarity in childrearing views & traditional role identification & paternal ADHD symptoms, father involvement & parenting practices, parents of 7–12 yr olds with ADHD, 23144
marital conflict, differential treatment of siblings, parents of 2.3–9.7 yr olds, 26059
marital satisfaction, division of child care & household labor, dual income couples, 30138
maternal & child's & paternal characteristics & familial factors, prediction of father's frequency & share of & satisfaction with involvement with oldest child, 25–60 yr old mothers & fathers, 926
maternal knowledge of child development & rearing, home environment quality & child cognitive & behavioral outcomes, 14–43 yr old mothers & their preterm infants observed at birth vs 12 vs 24 mo of age, 3323
mathematics performance & mathematics-related parental attitudes & practices & demographics & beliefs, Euro-American vs Chinese-American vs Taiwan-Chinese preschool & kindergarten children, 41619
measure of overt & covert coparenting behaviors & processes, 19–49 yr old married couples, 40835
mental baby care in form of worrying & processing information & managing division of labor, differentiation & marital tension, mothers vs fathers, 7515
mother grandmother relationship & maternal parenting practices, coresiding vs noncoresiding low income African American young mothers vs grandmothers of 3 yr olds, 18743
mothers' social coaching & responsive style, child's peer competence, 3–6 yr olds & their mothers, 34936
one child per couple policy, parental investment in children, school children & their parents, China, 15473
parental & child personality characteristics & marital quality, positive parenting styles, mothers (mean age 32.4 yrs) & fathers (mean age 34.2 yrs) of 6–7 yr old children, 30179
parental affection & control & depression & temperament & intergenerational transmission of parental bonding, mothers (mean age 46.6 yrs) & their daughters (mean age 27.7 yrs), 10 yr follow up, 41900
parental control, school refusal, male 12 & female 10 yr olds, case reports, implications for early assessment & interagency family intervention, 1349
parental health beliefs toward immunization, parents of 2–4 yr old fully- vs under-immunized children, 36656
parental psychological vs behavioral control of children & associations with adolescent & preadolescent problem behaviors, 25845
parenting & demographics, externalization of antisocial behavior, inner city 6–10 yr olds at high risk for delinquent behavior & their parents, 15 mo followup, 8329
parenting & family relationships & child's social & emotional development, families & 4–8 yr olds conceived with reproductive technology vs naturally vs adopted at birth, reprint, 30173
parenting model dimensions of aspirations & parenting practices & style, academic achievement & school attitudes, 11 yr olds & their parents, Australia, 22299
parenting practices & developmental expectations, younger vs older mothers of very young children, Mexico, 15483
parenting style differences, depressive symptoms & antisocial behavior, 10–18 yr old monozygotic vs dizygotic twins vs full vs half vs unrelated siblings in stepfamilies, reprint, 30696
parenting style, drug use, 15–19 yr olds & their parents, Norway, 23039
parents' rearing practices & fearfulness & problem behaviors, clinically referred 8–18 yr olds & their parents, Netherlands, 15817
paternal involvement & childrearing attitudes & practices & role satisfaction & demographic variables, fathers of 4 vs 8 vs 12 vs 16 yr old first born sons & daughters, 18733
peer social networks & parental arranging & monitoring of child's social contacts, 48–71 mo old boys with vs without developmental delays or communication disorders & their mothers, 30673
perception of relationship quality & ability to acquire social support & reframe problems & agree on childrearing & satisfaction with remarriage, adolescent stepchildren & stepmother, 30163
perceptions of caregivers' feeding styles & practices & future use of feeding styles with children, 18–23 yr old college students, 35108
perceptions of own parents' parenting, fathers of 11–14 yr olds, 3648
perceptions of parental caring & protective attitudes & behavior throughout childhood, male vs female delinquent adolescents, 12297
perceptions of parent's child rearing conduct, African vs European American adults, 26065

perceptions of parents' child-rearing practices, homeless 13–23 yr olds, 34920
perspectives on role of directive vs facilitative parenting in school success vs social skills vs self esteem, immigrant Chinese vs European American mothers of preschoolers, 15477
prediction of early arrest & physical trauma, adolescents, test of parenting vs cognitive models, 8316
prevention program, mothers' knowledge & attitudes & practices of their children's development, mothers & infants, Israel, commentary, 27305
psychological & other factors adversely affecting parenting & need for licensing to establish parental rights & responsibility & reduce governmental interventions for child abuse & neglect, 22307
public policy vs familial ability to provide for psychological well being, infants & parents, US & Canada, 30182
quantity & quality of father's involvement in childrearing, academic & social performance, Ojibwa 3–11 yr olds, 15484
reasons for raising & how to operationalize concept of feminist children & possible correlates of such gender-flexible patterns, 6 mo–6 yr olds, 11582
recall of parental rearing in childhood, self esteem, male vs female psychiatric patients from intact homes, 7789
reflection enhancing regulative communication across children's misbehavior situations & resistance, 23–44 yr old parents, 30186
reliability & validity of Parenting Risk Scale, assessment of parenting, parents with healthy children at genetic risk for developing asthma, reprint, 28497
remarriage, coparenting & parenting support from & attitudes toward former spouse & parenting satisfaction & involvement in children's activities, males vs females 3 yrs postdivorce, 30160
remembered parental practices, scenario-evoked shame & guilt, male vs female college students, 38769
risk factors in parenting predictive of attention deficit hyperactivity disorder symptoms, methodological problems in studies of sex differences, 9–18 yr olds, 14463
role of housing in childrearing & socialization of children, 34886
social & economic change, child rearing & early education & community mobilization, local stakeholders, Kenya, 1 yr study, 38578
social disadvantage & marital status & psychiatric symptomatology, supervision & monitoring behavior & adolescent outcomes, mothers of 8–11 yr olds, 2 yr study, 30169
social structural & interpersonal contextual aspects of child rearing beliefs & parenting styles, low income African American mothers, 3638
socialization & guidance strategies, household chores & homework & educational & vocational & moral aspirations, Mexican- vs European-American parents & older siblings of 3rd & 5th & 7th graders, 7500
sociocultural & economic factors, patterns of child care & parent-child interaction, 3 mo olds of 17–42 yr old Euro-American vs recently immigrating Central American mothers, 30172
socioeconomic & cultural factors & maternal support, childbearing & pregnancy, immigrant Mexican mothers with low vs normal birth weight infants, conference presentation, 35021
sociological approach & developmental niche framework in culture-ecological model for study of childrearing in bicultural settings, application of Indian migrant data, Netherlands, 927
traumatic events & sex & political activity & perception of parenting styles, Palestinian 11–12 yr olds, 29924
validity & reliability of Parenting Tasks Index, assessment of performance of parenting tasks, mothers with vs without chronic narcolepsy with 1–10 vs 11–21 yr old oldest child, 5942

Childrens Recreational Games—Serials
adaptation of indigenous African games in community based rehabilitation programs, social rehabilitation & integration, individuals with disabilities, 33106

Chile—Serials
beliefs about & attitudes toward advertising, undergraduate students (mean age 23.4 yrs), Chile vs US data, 33746

China [See Peoples Republic of China]

Chinese Cultural Groups—Serials
adjustment & development following immigration, 6 yr old Chinese male, Canada, 38400
age & prearrival trauma & sociodemographic correlates, prevalence of depression, adult Vietnamese vs Chinese refugees, US, 12–18 mo study, 19157
Asian cultural values & family roles & behavioral norms, psychodynamic formulation & treatment, 36 yr old female patient with schizophrenia, case report, 1673
attitudes toward speech disorders, 17–71 yr old Cantonese speaking Chinese Americans vs English speaking Americans, 31552
audiovisual syllables pronounced in Japanese & English, report of audio content, 19–30 yr old native speakers of Chinese residing in Japan, test of McGurk effect, 21312
beliefs & behaviors & theory development for health promotion & illness prevention, Chinese 60–90 yr olds, 20132
body dissatisfaction & family dysfunction & depression, disordered eating behavior & attitudes, female Chinese 14–19 yr olds, Hong Kong, 4455
consideration of colleagues' opinions in managerial task activities, Chinese vs Filipino bank managers, Philippines, 24775
decision making & death & dying & life support treatments & attitudes toward life, 60–98 yr old Chinese born elderly, 22165
defensive styles & psychological symptoms, Chinese 14–21 yr olds, Hong Kong, 41694
depressive symptoms & demographic & socioeconomic & life satisfaction & social supports & health & acculturation & other related factors, 59–89 yr old Chinese Americans living in Asian community in US, 30873
dimensions of stereotypes of own vs other group, Chinese vs European 13–16 yr olds, New Zealand, 3490
experiences & use of services & relationships with professional & service providers, Chinese families with 11–20 yr old children with learning disabilities, England, 27657
helping behaviors & perceived helping intentions, 18–26 yr old Chinese students, 42021
internal & external ethnic identity & ethnic salience experience & fear of loss of face & cultural stress, Chinese immigrants & their adult children, US, 26016
issues in family life cycle & acculturation to American society, Chinese Americans, 7462
knowledge of Cantonese, spoken word processing of lexical tone in Cantonese, college students, Hong Kong & Netherlands, 21961
language adjustment & discrimination & social isolation & acculturation & demographics, immigration satisfaction, Chinese Americans, 15446
opportunity & control & intergeneration conflict theories on relation between acculturation & delinquency, 10–20 yr olds of Chinese descent, Canada, 42586
perspectives on role of directive vs facilitative parenting in school success vs social skills vs self esteem, immigrant Chinese vs European American mothers of preschoolers, 15477
prevalence & symptoms of somatization & associated psychiatric disorder, Caucasian vs Chinese American psychiatric patients, 35979
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, 39136
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, erratum, 42438
prevalence of psychiatric morbidity, 16–47 yr old Chinese females who had recently miscarried, Hong Kong, 38930
relationship between depressive symptoms & perceived social & academic competence, Chinese 13–17 yr old students, Hong Kong, implication for screening using the Children's Depression Inventory, 38970
reliability & validity of Marital Adjustment Test & California Inventory for Family Assessment, Measures of marital adjustment & process, Taiwan Chinese husbands & wives, US vs Taiwan, 33956

SES & language preference & cultural values & perceived family functioning, psychosocial adjustment, rural vs urban 13–19 yr old Chinese immigrants, US, 34905
sexual activity & sexuality during pregnancy, female Chinese 17–38 yr olds, Hong Kong, 3696
social support & adjustment, Chinese vs Japanese postgraduate students, Japan, 5681
social supports & personality, adjustment, Chinese students, Japan, 21 mo study, 11735
students' evaluations of university teaching using the Chinese version of the Students' Evaluations of Educational Quality Instrument, college students, Hong Kong, comparison with North American data, 40935
transitional stress, mental & physical health & overall happiness, Chinese students, Japan, 17197
voluntary minority status & local factors & value of education, intra- & intergroup dynamics, 14–15 yr old Chinese American students, 33453
work environment & ingroup vs outgroup membership, preferences for leadership styles & rank orderings & individualism-collectivism, male Anglo vs Chinese workers, Australia, 17344

Chloralose [See Hypnotic Drugs]

Chlordiazepoxide—Serials

chlordiazepoxide & buspirone & cocaine, lever pressing suppressed by timeout from response-dependent pellet presentation, male rats, 41537
chlordiazepoxide, aggression against male vs female intruder, aggression-naive vs -experienced lactating female mice, 15072
chlordiazepoxide, development of tolerance to response-suppressant & antipunishment effects in multiple schedule of operant behavior, male rats, 11204
chlordiazepoxide, food intake, male rats with activity anorexia, animal model, implications for treatment with benzodiazepines, 18311
chlordiazepoxide, social separation induced distress vocalizations & analgesia, 8 day old cockerels, 7106
chlordiazepoxide withdrawal syndrome mimicking psychotic depression, 41 yr old female with irritable bowel syndrome, case report, 27437
diazepam vs chlordiazepoxide, anxiety vs activity-related behavior, male rats, 29519
discrimination & cross generalization between chlordiazepoxide or saline or pentylenetetrazol vs olfactory alarm substance stimuli, rats, 6903
ethanol vs chlordiazepoxide, social separation & aggression induced vocalizations, squirrel monkeys, 18347
flumazenil, antianxiety action, male rats with or without ethanol withdrawal vs corticotropin-releasing factor treatment vs chlordiazepoxide, 38138
flumazenil, schedule-controlled behavior, chlordiazepoxide-treated female rhesus monkeys, 34658
metyrapone & corticosterone, buspirone vs chlordiazepoxide effects on release of stress hormones, male rats, implications for role of pituitary adrenal axis, 15060
open arm ledges & maze experience, motor activity in elevated plus maze test of anxiety, chlordiazepoxide treated male rats, 15027
serotonin 1A receptors, discriminative stimulus effects of chlordiazepoxide or bretazenil, rats, 6851
sucrose solution concentration vs chlordiazepoxide & repeated reward reduction, tolerance to anticontrast & sedative effects, rats, 6886

Chlorimipramine—Serials

brain SPECT study before & after clomipramine, 48 yr old male with attention deficit disorder & obsessive thinking & anger & depression, 3 yr followup, case report, 39784
clomipramine, adverse effects & movement disorders & compulsions, 6 & 9 yr old males with autistic disorder & mental retardation, letter, 43119
clomipramine, psychosocial stress induced behavioral & endocrine alterations, tree shrews, 15032
clomipramine, redistribution of slow wave activity during sleep, inpatients with unipolar depression, 1811
clomipramine, syndrome of inappropriate antidiuretic hormone, 80 yr old female with depression, case report, 39841
clomipramine treatment, T cell subsets, 20–63 yr olds with obsessive compulsive disorder, implications for stress & immunological vulnerability, 31060
clomipramine vs ECS, forced swim performance, male vs female rats with early lesions of lateral septal area, 3056
clomipramine vs placebo, urine spraying behavior, cats, 34417
clomipramine vs verapamil, 5-HT induced intracellular calcium changes, rat glioma cells, 25627
clomipramine with vs without brief psychodynamic psychotherapy, relapse panic attacks, 21–49 yr olds with panic disorder, 18 mo study, 1660
cytochrome P450s from liver & yeast responsible for separate oxidative pathways in oxidation of clomipramine in vitro, humans, 7016
desipramine vs clomipramine, short vs long term EKG changes, 7–17 yr olds with obsessive compulsive disorder, commentary reply, letter, 9118
desipramine vs clomipramine, short vs long term EKG changes, 7–17 yr olds with obsessive compulsive disorder, commentary, letter, 9135
dose reduction of clomipramine or fluvoxamine & relation to symptoms, patients with obsessive compulsive disorder, 32478
early side effects, subsequent therapeutic response to clomipramine, patients with obsessive compulsive disorder, 12926
efficacy & safety & tolerability of paroxetine vs clomipramine, 18–70 yr olds with depression & associated anxiety, 32509
efficacy & safety of paroxetine vs clomipramine, 16–70 yr olds with obsessive compulsive disorder, 31133
efficacy & tolerability of fluvoxamine vs clomipramine, 18–66 yr olds with obsessive compulsive disorder without coexisting major depression, 12992
efficacy of clomipramine, depressed elderly with probable Alzheimer's disease, Argentina, 1847
efficacy of clomipramine dose with vs without sertraline vs adjunctive risperidone, adults with treatment-refractory obsessive compulsive disorder nonresponsive to serotonin reuptake inhibitors, 23922
fluoxetine & clomipramine, tachycardia & other cardiac side effects, 83 yr old female with depression, case report, 12930
iv clomipramine, 14–18 yr olds with major depression, 32526
iv vs oral pulse loading treatment with chlorimipramine, patients with obsessive-compulsive disorder, 23894
long-term treatment with clomipramine, plasma amino acids & serotonergic parameters, patients with panic disorder &/vs major depression, Netherlands, 43132
short term efficacy & safety of clomipramine & presence of untoward effects, hospitalized autistic 3.5-8.7 yr olds, 5093
sympathetic denervation of facial skin & cervical ganglionectomy, electrodermal responses, freely moving rats with clomipramine induced depression, animal model of endogenous depression, 18159
tolerability & safety of combined treatment with fluvoxamine & clomipramine, serum clomipramine & 8 hydroxylated metabolites, depressed & obsessive compulsive patients, 1865

Chlorisondamine [See Amines]

Chlorophenylpiperazine [See Piperazines]

Chlorpromazine—Serials

adverse allergic cross reactions between clozapine & chlorpromazine, HIV positive 36-yr-old psychotic male with alcohol binges & auditory hallucinations & confusion, case report, letter, 23918
chlorpromazine, development of obsessive-compulsive symptoms, 27 yr old female with mild mental retardation & schizophrenia & 39 yr old male with moderate mental retardation, case reports, letter, 12980
chlorpromazine, serotonin syndrome, female with depressive illness, case report, 32420
chlorpromazine vs benzhexol, memory & psychomotor function & mood, healthy adults, implications for memory deficits seen in schizophrenia, 7038

chlorpromazine vs diazepam, temporal response differentiation & progressive ratio motivation to work for food reinforcers, male rats, comparison with data on rhesus monkeys, 3213
long term chlorpromazine vs haloperidol, response of adenylate cyclase to GTP binding proteins & dopamine in striatal membranes, male rats, 15071
sedative & amnestic effects of chlorpromazine vs lorazepam, adult males, implications for drug induced amnesia in schizophrenia treatment, Northern Ireland, 15040

Choice Behavior—Serials

ability to choose & building choice opportunities & effects of choice making on behavior, individuals with severe & profound developmental disabilities, literature review, 8350
ability to select nutritionally adequate diet yielding normal intake & body temperature & activity & maximum growth, chicks, implications for balance of choice & cost, 6451
achievement motivation & future time orientation & perceived instrumentality of theoretical subjects & choice of general vs vocational studies, 16–19 yr olds, 2197
active choice box paradigm for organizing behaviors & making better choices, clients, case example, 32036
active vs passive mobility & choice training, memory for locations visited, children with vs without spina bifida or cerebral palsy (mean age 7.2 yrs), 42820
addictive personality vs free choice, substance abuse, 23066
alternatives with unique vs shared & good vs bad features, consumer preference for switching to new alternative, adults, 24837
anchor stores & site location & layout, shopping center image & consideration & choice, mail survey respondents, Canada, 10170
arousal manipulation by phentermine vs pentobarbital, choice behavior in probability learning task & payoff manipulated decision processes, 23–64 yr olds, 41539
attitudes toward contraceptive methods & choice, Hispanic 14–19 yr olds & 24–41 yr old family planning providers, implications for prevention of adolescent pregnancy, 11434
attractiveness of gambles & preference inferred from pricing & rating vs choice, preference reversals for equal probability gambles, adults, 6306
attribute value & justifiability rating, choice of decoy alternative in each of 2 sets dominated by 1 or both alternatives, college students, 6350
base rates, learning & choosing high vs low frequency categories, college students, 6382
behavioral attributes as determinants of religious giving, application of rational choice model, 41839
bilateral lesions to nucleus accumbens shell subterritory, response- vs memory-dependent choice strategies in T-maze & radial-maze acquisition, male rats, 21642
budget allocation for on-demand video & other entertainment products, price-demand relationship in consumer behavior, 19–62 yr olds, 24835
choice & responsibility & negative decisions, escalation bias, undergraduates, 10706
choice alternative comparison vs independent evaluation & effects on approach-approach & avoidance-avoidance choice conflicts, 21346
choice making during domestic & vocational activities, problem behavior & task engagement & student affect, 14–21 yr old high school students with intellectual disabilities, 17244
choice of books for introductory literature course & perceptions of liberal vs conservative ideology, college instructors with traditional vs revisionist views, implications for social conflict, 18862
choice of variable vs fixed ratio reinforcement schedules, pigeons, 14727
choice or no choice & Langer effect as critical test of simulation vs theory theories of mental states, 18–53 yr olds, Austria, replication, commentary, 14606
choice or no choice & Langer effect as critical test of simulation vs theory theories of mental states, 18–53 yr olds, Austria, replication, 14601
choice procedures & monetary deductions, independent scheduling procedure & delayed reinforcement, 18–22 yr olds, Japan, 21347
choice responsibility, regret vs elation attributions in evaluation pf hypothetical decision making by others, college students, 37698
choice vs assignment of preferred vs nonpreferred tasks, work performance in a vocational classroom setting, male 11–13 yr olds with developmental disorders & behavior problems, 31415
choice vs no choice method, Adaptive Strategy Choice Model prediction of preference for mental vs calculator vs paper & pencil strategies of solving multiplication problems, 18–25 vs 60–95 yr olds, 17947
choices & ratings of strength of preference between gambles, college students, test of interval independence vs configural weighting in utility theory, 37694
choosing academic assignments, undesirable behaviors, male 7 yr old with ADHD, 33420
co-construction of early patterns of choice within communication partnerships, 8 mo old infants & mothers, case study, 38320
concurrent variable-interval reinforcement schedules in operant conditioning, sensitivity to reinforcement in allocation of behavior across alternatives, humans vs nonhuman species, reanalysis, 37716
conjoint models of tourist portfolio choice, tourists, Netherlands, 43861
consequence monotonicity & uncertainty, gambling choice behavior, college students, 21373
constructions of choice in aftermath of positive prenatal diagnosis of fetal anomalies, pregnant females & their partners, 20193
context induced violations of invariance in preference & similarity judgments in consumer choice behavior, adults, 6300
contextualization & personalization & provision of choices, intrinsic motivation & process of learning, 4th & 5th graders, 13745
control in information seeking, preference for matching vs mismatching information, undergraduates, 7667
core attributes & effort-reducing heuristics as criteria for stopping information gathering in sequential choice making, college students, 6339
cost equalization, behavioral allocation & binary choice in social settings with noncontingent & contingent reward probabilities for positive reinforcement & punishment, adults, 1019
criminal histories & psychometric impulsivity measures & impulse vs self-control choice behavior in delayed gratification procedure, violent vs nonviolent male parolees, 26607
culture typical of independent vs interdependent construal of self, levels of dissonance reduction in free choice paradigm, Japanese vs Canadian adults, 22530
curve radius & driving competence, speed choice in steering through curve, 22–47 yr old licensed drivers, Netherlands, 28327
day to day choices before & after deinstitutionalization, mentally retarded former institution residents vs peers who remained in same institution, 3 yr study, 36690
decision-making ability on issues of environmental waste, 13–14 yr old students, Netherlands, 28014
deontic vs indicative reasoning strategies, 3 & 4 yr olds, 15210
dependence power & legitimate authority, tactics choice in subordinate vs superior conflict, adults, 988
desire for control & experience with exam & choice & predictability in preparation for barium enema exam, stress responses & compliance, outpatients, 5217
development of linguistic choice process for group decision making using concepts of fuzzy majorities & nondominated alternatives, 18842
differences in behavior analysis vs social psychology research focus & methods, study of behavior–consequence linkages, 30579
direct vs indirect expectation induction with interpersonal verbs, linguistic behavior & question formulation choices & biases in rape victim situation, interviewers, 38715
diverse environments, choice behavior, White vs Black vs Hispanic male vs female college students, 11550

domain-specific choice preferences in life–death decision paradigm & violations of stochastic dominance axiom in large vs small vs family group contexts, adults, US vs China, 11663
dramaturgical analysis of burden & home care vs institutionalization choice, 68–80 yr old spousal caregivers, Israel, 24237
egocentric interpretations of fairness & expectations & communication about others' harvesting behavior in asymmetric vs symmetric social dilemmas, graduate students, 5848
experience, prey & prey-patch choice, mud vs blue male crabs, 37897
eye tracking vs computerized process tracing tool method of information acquisition, choice behavior, college students, 14603
E2020, cognitive performance & choice accuracy, young male rhesus monkeys, animal model of Alzheimer's disease, 38154
factors in adjustment to relocation to rural congregate housing, 63+ yr olds, 7410
familiar vs unfamiliar tasks & perceived control, functional performance, 21–41 yr old vs 59–81 yr old healthy adults, 34792
family social structure & ethnicity & parental practices, selection of child care center, households with 3–5 yr olds, 26061
feature matching & canceling, successive ratings of apartments with shared vs unique features, college students, 34213
fit of multiplicative-summing decision theories to choice data in multioutcome monetary lotteries, 17–31 yr olds, 34198
foraging competition & preferred vs less preferred resource availability, food choice & foraging rate, pigeons, implications for learning, 29170
functional communication & choice making training, 22 mo to 4 yr olds with developmental disabilities & severe aberrant behavior maintained by positive vs negative reinforcement, 8873
general knowledge vs content vs organization of knowledge vs reasons for choice, consumer expertise for motorcycles, 18–28 yr olds, 24846
heuristic principles of judgment & religious vs political content of religious conservative source cues, political choices & judgments, college students, 38584
high vs low salience of situational vs personal goals, across-category product choice & formation of consideration sets, college students, 24850
HIV testing beliefs, behavioral intentions vs actual completion of HIV testing, 15–45 yr old females, 13207
host nest preference & choice of nests for parasitism, female cuckoo paper wasps, Italy, 2 yr study, 6481
husband's vs wife's influence in method-choice & method-use contraceptive decision making, 18–39 yr old married couples, 4.5 yr study, 11626
hyperbolic-decay model in prediction of choices & fixed delays & conditioned reinforcement, animals, 34380
increased expected information, irreversibility effect in choice behavior under uncertainty, undergraduate students, France, 2825
indirect vs direct measurement of alternative choice processes preceding behavior, college students, Netherlands, 269
information, group &/vs group member decision making & choice, college students, 15577
inspection time & reasoning in selection task, college students, UK, 6302
interests & values & personalities of career development & choice theorists, D. Super vs J. Holland, 17278
"internal game" approach as model of drug addiction, implications for rational choice theory, commentary, 23058
"internal game" approach as model of drug addiction, implications for rational choice theory, 23050
joint vs separate evaluation mode, alternative preference reversal effect, adults, test of evaluability hypothesis, 6313
latent variable representation for multiple choice item & option characteristic curves, 21172
likelihood of success & cost & convenience in choice of assisted vs unassisted stop smoking methods, college students, 5409
low dose morphine, self selection of ethanol vs sucrose solutions, male rats, 29624
low vs medium vs high levels of training on task in which judgments varied in importance, accepting help & improving judgment & sharing responsibility in taking advice, college students, 38768
matching law alternative to disease or learning theories of substance addiction, 29 commentaries & reply included, 31315
metaphors of oyster & octopus in choice & constraints in couple formation, 11657
method of payment & choice of self set goals & self esteem, choice of goal difficulty & perceived task success expectancy & perceived total valences of job performance, college students, 10699
missing information situations & use of inference to fill in missing values, full vs given-dimension attribute based choice processing, college students, 2803
model of short term memory, effects on production of random sequences & decision behavior by individuals & groups, 34233
monotonicity violations in choice of gamble vs fixed amount of money, college students, replication, 17887
motivation to take introductory elective marketing course, college students, New Zealand, 17192
numerical simulations, role of neural signals in middle temporal visual area in psychophysical decisions, rhesus monkeys, 18186
numerically vs visually quantified arrays of reinforcers, selection, monkeys, 2939
orientation of stimulus & response arrays along parallel vs orthogonal axes, 4-choice RT task performance, college students, 41051
partial vs complete information & common knowledge of offerer's options, feelings of anger & unfairness & acceptance of ultimatum, college students, Canada, test of wounded pride/spite hypothesis, 18899
participant vs nonparticipant rater perceptions, decision to participate in 360 degree upward appraisal system, university faculty, 37186
patterns & subjective weighting parameters of valence effects in domains of gain vs loss, college students, 275
peptidergic galanin antagonist M40, galanin induced choice accuracy impairment on delayed nonmatching to position working memory task, rats, 10979
perceived informal sanction threats, decisions to engage in corporate crime, adults, 12286
perceived informal sanction threats, decisions to engage in corporate crime, adults, 4369
perception of urgency of medical condition & reasons for choosing hospital emergency department, patients in hospital waiting area considered nonurgent by triage nurse, 13392
performative vs symbolic action in response to economic needs vs institutional norms & community reputation, choice of retail store to patronize, adults in regional market areas, US vs Canada, 10164
preceding sample stimulus & proportion of reinforcement in delayed matching to sample task, choice, pigeons, 2928
preference for managerial job finalists representing status quo vs potential gain vs loss in production & people orientations & tolerance for stress, managerial finalists, 20750
preference uncertainty & choice deferral among equivalent product alternatives, adult consumers, 43862
preferred & nonpreferred food with vs without random cue associations, locating food patches, ewes, 18099
preferred playmate choice & generalization & level of social skills among mutually preferred child pairs, autistic 4–5 yr olds in early intervention program, 23165
presence vs absence of alternatives, consistency between attitude & decision made, adults, 18991
price change, brand choice & category choice, consumers, 40663

price justification & preference for distribution of scarce goods by means of regulation or market, 25–34 yr olds, 24844
priorities & spatiotemporal constraints, sequence of actions in an errand-planning task, students, Sweden, 25257
product category level characteristics, variety seeking vs externally motivated buying behavior, household members, Netherlands, 2369
product choice with vs without coupon, consumer choice & possession effects & role of task meaningfulness & loss aversion, college students, 40660
product ranking & subsequent choice, inference & context effects, college students, 40659
provision vs denial of choices & preferences of workstation lighting, mood & cognitive task performance & perceived control, 17–36 yr old college students, Canada, 17463
rate & change in reinforcements, choice behavior, pigeons, 37837
reaction time in speed of response selection & stimulus categorization in information processing, 7 vs 12 yr olds, 38303
reality therapy counseling vs choice theory instruction, internal & external locus of control, 18–28 yr old college students, Taiwan, 4 wk followup, 32058
reason for role selection & willingness to assume role & postinduction strain, daughter caregivers of chronically ill parents, 16885
reasons for choice of easy vs intermediate vs difficult task, 4.5–6.3 yr olds, 799
reasons theory model of self reported reasons for performing & not performing behavior as representation of specific motives, adults intending to attend aerobics class, 19010
reinforcer amount & delay, relative sensitivity in self control choice situation, rats, 18065
relationships among grazing behavior variables, goats, 18101
resistance to change in multiple schedules & preference within conditions & subjects in concurrent chains, pigeons, 18059
sampling model of behavioral looking measures & theoretical construct of information weight in judgment & choice tasks, college students, 37733
serial choice RT during rapid decompression using positive pressure breathing survival system, adults, 33801
serotonin agonists or antagonists, strategies in choice between delayed reinforcers, rats, implications for validity of operant paradigm, 15012
shame proneness & anticipated shame states, hypothetical decision to commit drunk driving & shoplifting, college students (mean age 19.4 yrs), rational choice model of offending, 31391
single vs multiple alternatives & amount of reinforcement, task choice, 19–21 yr olds, Japan, 21370
size of residence & staff presence, opportunities for choice, 19–58 yr olds with mental retardation, Australia, 19469
source of activation confusion model of problem familiarity's role in selection of retrieval of answer vs computation during mathematical problem solving, college students, 17945
spatial configuration of baited poles, choices, rats, 342
stability of reinforcement, assessment & choice in operant simulation of patch foraging, pigeons, 14736
state humor & expectancies & choice, postsurgical mood & self-medication, 18–65 yr old postsurgical orthopedic patients, 13169
statistical training, perception of choice uncertainty as distribution of possible vs single uncertain outcome & use of loss minimizing vs noncompensatory heuristic, decision makers, 2811
stimuli-reinforcers interaction model of behavior allocation in 3-alternative concurrent VI reinforcement schedule choice, pigeons, 18052
stimulus similarity & choice processes in dimensional weighting judgments, young adults, test of coincidence effect, 41073
store awareness vs attitudes & cognitive associations, patronizing competing retail stores, new vs loyal vs defector vs noncustomer supermarket shoppers, 10186
student vs teacher choice of instructional task, problem behaviors, moderately or severely mentally retarded 7–12 yr olds & their teachers, 39174
subliminal advertising, consumer choice behavior, meta analysis, 2380
swapping & relabeling utility balance methods in efficient choice designs, implications for consumer choice behavior, 2363
task related negative affect & task difficulty, multiattribute choice & decision accuracy, college students, 37730
task-related negative emotion & task attributes & problem- vs emotion-focused coping goals, choice processing, college students, extension of effort–accuracy model of decision strategies, 21351
technical attributes of media & communication situation, media choice & relational control, adults, 18414
temporal discounting of monetary reward, upper vs lower income younger vs elderly adults, 7412
tetrahydrocannibinol content levels, marijuana choice & amount smoked & reinforcement of subjective effects, 23–33 yr old males, 19373
Theory of Planned Behavior & belief-based attitude & subjective norm & perceived behavioral control, cigarette smoking intention, White vs Black vs Puerto Rican 13–19 yr old females, 34911
time pressure &/vs information load &/vs decision importance & choice vs judgment in assessment task, time on task vs information seeking vs pattern & amount of search, college students, Spain, 247
token reinforcement size & delay & choice & self control, male pigeons, 2930
trial duration & reinforcer interval, performance on free operant psychophysical choice procedure, pigeons, implications for theories of animal timing, 18040
trial specific vs average sample stimulus duration, delayed matching to sample, pigeons, 18061
TV program choices & discussion of content, adults living in retirement community, 15377
unidimensional choice of shorter vs longer life in good health & reversal of preference for living 10 vs 20 yrs with migraine, female 20 yr olds & older, Netherlands, test of weighted additive model, 37729
unknown outcome & probability, choice behavior upon violation of transitivity & independence between alternatives, college students, China vs Australia, 24845
variation of sweetness, choice & preference of object, male rats, 29185
world view, fundamentalist vs nonfundamentalist Muslims, US & Lebanon, implications for rational choice theory, 26002
2-object & 2-picture choice format, evaluation of different levels of choice-making skills in expression of leisure activity preferences, 49–67 yr olds with profound mental retardation, 35923
3 steps in school choice, children & their parents, Wales, 24565
8-OH-DPAT vs serotonin antagonist, RT & choice accuracy in computerized visual learning task, male rats, implications for animal models of Alzheimer's disease, 6848

Choice Shift—Serials

multi-attribute decision support & problem complexity, perceived difficulty of & satisfaction with individual vs group decision making on personnel selection problems, college students, Netherlands, 17295

Cholecystokinin—Serials

acute plasma tryptophan depletion, panicogenic & cardiovascular & hormonal effects of cholecystokinin-tetrapeptide challenge, 18–35 yr old healthy males, 25587
alprazolam, cholecystokinin tetrapeptide-induced intracellular calcium mobilization in T cells, patients with panic disorder or major depression or schizophrenia, 39783
anxiogenic & panicogenic effects of pentagastrin, patients with generalized anxiety disorder, 29512
bilateral perforant path transection vs subdiaphragmatic vagotomy, olfactory recognition & memory enhancing effects of cholecystokinin antagonist L-365,260 & caerulein, male rats, 471

central & peripheral administrations of cholecystokinin-tetrapeptide, panic-like reactions, male rats stimulated in the dorsal periaqueductal grey area, 41496
ceruletide, ERP indicators of cognitive processing, 19–28 yr olds vs 70–86 yr olds, 25568
ceruletide, perioral movements & striatal dopamine receptor adenylate cyclase system, male rats chronically treated with fluphenazine, implications for pathogenesis of tardive dyskinesia, 567
cholecystokinin & pancreatic polypeptide responses to fat-rich meals, adult females with anorexia nervosa &/vs bulimia, Japan, 35937
cholecystokinin-A &/vs cholecystokinin-B antagonists, development of conditioned activity, male rats, 21864
cholecystokinin A vs B receptor antagonists devazepide vs PD135158, feed memorization, quail, 6827
cholecystokinin B receptor agonist pentagastrin with vs without L-365,260 or PD-135158 in amygdala, potentiation of acoustic startle response & locomotor activity, rats, 29539
cholecystokinin-B receptor antagonist CI-988, panic symptoms induced by cholecystokinin tetrapeptide, 25–47 yr olds with panic disorder, Netherlands, 23939
cholecystokinin-B receptor antagonist L-365,260, sodium-lactate-induced panic attacks, 23–50 yr olds with panic disorder, 32573
cholecystokinin B receptor ligands, panic anxiety, male rats, 29565
cholecystokinin-beta receptor agonist, feeding motivations & cortisol concentrations, operantly food conditioned pigs, 15023
cholecystokinin challenge, anxiety induced neuroanatomical correlates of cerebral blood flow changes, healthy volunteers, commentary, 11190
cholecystokinin gastrointestinal tract & brain receptor antagonists, spontaneous drinking behavior, ethanol vs water preferring rats, 37962
cholecystokinin mRNA in entorhinal cortex, schizophrenia patients vs nonpsychotic suicide victims (mean age 57 yrs) vs rats, 42304
cholecystokinin neuronal system & interactions with GABA & 5-HT & role in anxiety, literature review, 1943–96, 29382
cholecystokinin octapeptide dose & sucrose with vs without pyloric cuff inflation, gastric volume & distention & food intake & satiety, male rats, 11040
cholecystokinin receptor antagonist devazepide, feeding response to dorsal or median raphe injections of 5-HT agonist OH-DPAT, rats, 15018
cholecystokinin receptor antagonist devazepide, hyperphagia mediation measured by food intake, male vs female obese rats, implications for eating disorders in females, 7087
cholecystokinin receptor ligands, plus maze test of anxiety, male mice, 3228
cholecystokinin tetrapeptide, subjective dyspnea & respiratory resistance, healthy 20–32 yr olds, implications for panic disorder, 38158
cholecystokinin type B antagonist LY288513 vs diazepam, behavioral & electrophysiological & clinical profiles, male mice & rats, implications for treatment of anxiety-related disorders, 11146
cholecystokinin vs bombesin dose combinations, glucose intake & microstructural licking behavior, male rats, implications for role of neural receptors & peptides, 10985
cholecystokinin-8 values in CSF, 44–79 yr olds with chronic hydrocephalus syndrome, 31776
fluvoxamine, cholecystokinin-4 induced panic attacks, 23–49 yr old outpatients with panic disorder, 26577
icv vs iv cholecystokinin with vs without its CCK-sub A receptor antagonist Devazepide, dose-dependent glucose appetite & consumption, prepubertal pigs, 6817
inositol, anxiogenic effect of cholecystokinin, male rats, 29523
membrane bound isoform of tripeptidyl peptidase II & butabindide inhibition, cholecystokinin neuronal inactivation & receptor mediated satiation, rats, 7051
naloxone vs proglumide, placebo analgesia, healthy 19–51 yr olds with induced ischemic pain, 29507
ontogeny of cholecystokinin binding sites in hindbrain, embryonic & neonatal rats, 3077
pentagastrin, panic symptoms & attacks & obsessions & compulsive behaviors, 29–42 yr olds with obsessive compulsive disorder, 12959
role of cholecystokinin A & B receptors in anxiety-like behavior after predator exposure, rats, implications for anxiety from PTSD, 29446
role of cholecystokinin in etiology of psychiatric disorders & potential of receptor antagonists, literature review, 42230

Cholesterol—Serials

age, serum cholesterol level & auditory P300 latencies & cognitive function, 70–91 yr olds, letter, 35007
Australian National Heart Foundation dietary advice program vs minimal advice program, cholesterol levels, 18–60 yr old general practice patients, 13202
cholesterol lowering drug treatment, depression, hyperlipidemic males, Canada, commentary, 5178
cholesterol lowering drug treatment, depression, hyperlipidemic males, Canada, 5180
cholesterol lowering therapies & polyunsaturated fatty acid levels & suicide & depression & trauma, letter, 27560
diet induced changes in serum cholesterol, brain tryptophan hydroxylation or serotonin level, male gerbils, animal model of link between serum cholesterol & depressive or violent or suicidal behavior, 6733
dietary fat & cholesterol & stability of social environment, agonism & affiliation in social groups, male macaques, implications for incidence of violence related mortality in humans, 29134
fatty acid composition of serum cholesteryl esters & phospholipids, patient with major or minor depression, Belgium, 11980
fluvoxamine, total serum cholesterol, 19–54 yr old obese females in behaviorally oriented weight reduction treatment, 5006
hormone replacement therapy & cholesterol & progesterone levels & use of acetaminophen, clock drawing performance, elderly females, 24047
inconsistencies in serum cholesterol, male vs female patients with bipolar disorder, commentary, letter, 7896
job decision latitude & physical exertion & work hours & psychological stress, diastolic BP & total serum cholesterol as risk factors for coronary heart disease, male vs female 25–46 yr olds, 8556
low cholesterol & callous unemotional personality traits, 7–16 yr old males with aggression related problems, Canada, 31204
low cholesterol & triglyceride levels, rates of suicide attempts & alcohol or drug intoxication, 15–93 yr old suicide attempters, 31263
low serum cholesterol & attempted suicide, patients (mean age 40.0 yrs) with schizophrenia spectrum disorders or mood or personality disorders, Japan, 31226
psychosocial factors, high vs low density lipoproteins & triglycerides & total/high density cholesterol ratio, Black vs White 18–30 yr olds, 11073
relationships among serum cholesterol & high & low density lipoprotein & triglyceride & serotonin uptake, males, implications for serotonin & suicidal & aggressive tendencies, 21770
saturated & polyunsaturated fatty acid composition of serum cholesteryl esters & phospholipids, adults with major vs minor depression, 15921
serum cholesterol & triglyceride levels & risk for cardiovascular disease, patients with general anxiety disorder with vs without comorbid major depression, England, 26401
serum cholesterol level, sensitivity to perception of anger & sadness in auditory stimuli, forensic patients, 4371
serum cholesterol levels, 18–60 yr olds with recurrent sleep panic, Turkey, 12081
serum lipid concentrations & intellectual performance, 25–60 yr olds with various total cholesterol concentrations, 41080
serum lipid concentrations, 20–79 yr olds with major depressive disorder, 22787

Choline—Serials

choline & lithium, symptoms, 30–55 yr old outpatients with rapid cycling bipolar disorder, 32554

chronic choline-deficient diet, levels of acetylcholine vs noradrenaline & muscarinic & adrenoceptor density in frontal cortex vs hippocampus vs olfactory bulb & memory decay, female rats, 25595
deposition of b-amyloid peptides in frontoparietal cortex & hippocampal formation, cholinergic degeneration & learning impairment & Alzheimer's type amnesia, mice, 14855
differential effect of cytidine 5 dyphosphate-choline, brain choline levels, healthy young vs old adults, 15002
dosage level of nicotinamide & age, choline concentrations in intracellular & extracellular brain spaces & acetylcholine release & spatial learning, male rats, 6954
fluoxetine treatment, basal ganglia choline levels and volume measured via proton magnetic resonance spectroscopy, patients with depression, 32513
intraseptal beta-funaltrexamine, mu opioid receptor mediation of microwave-induced decrease in hippocampal cholinergic activity, male rats, test of endogenous opioid activation hypothesis, 11157
methodological & ethical lessons from "Maudsley lecithin trial" for treatment of dementia, current thinking on cholinergic hypothesis, 13158
N-acetyl-aspartate & choline compounds in bilateral basal ganglia & related disturbances of phospholipid metabolism, schizophrenic 29–47 yr olds, 4153
phosphatidylcholine in diet from gestation & after weaning, memory acquisition & retention, memory deficient mice with low brain acetylcholine, 477

Choline Chloride [See Choline]

Cholinergic Blocking Drugs [See Also Atropine, Levodopa, Nicotine, Scopolamine]—Serials

amantadine vs biperiden, side effects & treatment efficacy in haloperidol induced parkisonism, adults with schizophrenia, Austria, 27563
amphetamine vs quipazine vs hemicholinium, visual attention as assessed in touch window box, rats, 7081
atropine vs scopolamine vs benactyzine vs trihexyphenidyl vs aprophen, paired discrimination performance, male rats, implications for effects of anticholinergic drugs on working & reference memory, 6909
benztropine, venlafaxine induced sweating, 48 yr old female with major depression, case report, 36444
bilateral neostriatal/hyperstriatal injections of presynaptic cholinergic antagonist toosendanin, memory formation & retention following passive avoidance training, day old chicks, 34595
central cholinergic blockage & spatial mapping vs nonplace strategies, acquisition of place learning in Morris water task, male rats, 10939
chlorpromazine vs benzhexol, memory & psychomotor function & mood, healthy adults, implications for memory deficits seen in schizophrenia, 7038
cholinergic agonist carbachol & atropine & IgG-saporin induced lesions of basal forebrain cholinergic neurons, potentiation of cardioaccelatory response by betacarboline FG 7142, male rats, 6826
clozapine & benztropine induced necrotizing colitis, 36-yr-old male with paranoid schizophrenia & history of upper gastrointestinal complaints, 36507
fluoxetine addition to pimozide & benztropine treatment, development of galactorrhoea, 15 yr old female with psychotic symptoms & convulsions, letter, 12928
inositol, cognitive effects of ECT, 27–72 yr old psychiatric patients, 5133
perphenazine vs fluphenazine vs trihexyphenidyl vs pimozide vs sulpiridide, blepharospasm, 52-yr-old female with schizophrenia, case report, 39812
pirenzepine vs scopolamine vs ACSF vs carbamylcholine in insular cortex, conditioned taste aversion, male rats, 7011
scopolamine & receptor specific muscarinic antagonists in dorsal medial prefrontal cortex, delayed conditional discrimination measure of short term memory, male rats, 25582
TAK-147 vs tacrine, impaired learning & memory & behavioral depression, male rats & mice, implications for treatment of Alzheimer's disease, animal models, 7004
tropicamide, hypersensitive pupil dilation, 37–77 yr olds with vs without apolipoprotein E epsilon 4 allele, implications for Alzheimer's disease, Japan, 29557
tropicamide, mydriatic response, patients with Alzheimer's dementia (mean age 82.9 yrs) vs patients with vascular dementia (mean age 72.7 yrs), 31804
5-HT lesions, regional levels of monoamines & metabolites & working memory & motor activity following muscarinic vs serotonergic vs nicotinic receptor antagonism, male rats, 29354

Cholinergic Drugs [See Also Acetylcholine, Physostigmine, Pilocarpine]—Serials

acetyl-L-carnitine hydrochloride, cognitive decline, elderly patients with probable Alzheimers disease, 1 yr followup, 27014
anticholinesterase drugs tacrine & E2020 & 5-HT-3 antagonist odansetron & H-3 antagonist thioperamide, models of cognition & cholinergic function, male rats, 21869
bilateral lesions of stria terminalis & oxotremorine in medial caudate nucleus, enhancement of memory on inhibitory avoidance task, male rats, 3090
cholinergic & neuroendocrine control of hypothalamic release of growth hormone with restricted calorie intake, dogs & female 13–19 yr olds with anorexia nervosa vs atypical eating disorders, 4460
cholinergic agents treatment for cognitive impairment in dementia and slow decline in Alzheimer's disease, research review, 32530
cholinergic agonist oxotremorine & age, spatial reference memory & cholinergic activity, middle aged rats, 21640
cholinergic toxin vs ibotenic acid, delayed memory task & sensitivity to scopolamine, rats, 21912
computational model of cholinergic suppression of associative feedback & self-organizing feedforward synaptic transmission in somatosensory cortical slice during learning, rats, 6627
food reflex excursions during normal vs dissociative learning, brain cholinergic system substances & mechanisms, male rats, 41306
learning & memory characteristics of & effects of cholinergic drugs on impairment, olfactory bulb-lesioned rats, 21600
memory-enhancing herbs, cholinesterase inhibition & nicotine & muscarinic receptor binding, implications for patients with dementia & Alzheimer's disease, 27573
methyltranferase inhibitors entacapone vs tolcapone, learning & memory performance, male rats treated with scopolamine vs nucleus basalis magnocellularis lesions, 21878
post-training memory enhancement induced by physostigmine or oxotremorine as state dependent or facilitatory effect on memory storage processes, male mice, 6819
posttraining glucose & drugs acting on cholinergic system, retention of habituation response, male mice, implications for cholinergic mechanisms involved in memory storage, 3235
propentofylline, learning & memory tasks & brain choline acetyltransferase & cholinesterase activity, rats with amnesia induced by anti-NGF antibody infusion, 21895
RU 35 926 vs tetrahydroaminoacridine, scopolamine induced memory impairments, rats, 18320
strain differences & cholinergic drugs oxotremorine & atropine &/or D2-receptor agents quinpirole & sulpiride, memory retention of Y-maze discrimination task, mice, 34656
symptoms of cholinergic toxicity & tacrine induced delirium & other somatic symptoms, 80 yr old with dementia referred for psychiatric consultation, case report, 16764
topical tropicamide with vs without influence of cognitive task, pupillary dilation reflective of capacity for cognitive activation, 31–60 yr olds with multiple sclerosis, 16245

Cholinergic Nerves—Serials

aging & toxin induced lesions of cholinergic cells in basal forebrain, discriminability & response bias to visual stimuli in operant task, 3 vs 18 mo old male rats, 34581
apolipoprotein E gene deletion, CNS cholinergic function & learning & acquistion, female apolipoprotein E knockout vs wild-type mice, implications for Alzheimer's disease, 41433

behavioral & cognitive functions of coeruleo-cortical noradrenergic & mesolimbic and mesostriatal dopaminergic & cortical cholinergic & serotoninergic systems, conference presentation, 29352
carbacholine in cholinergic system of neostriatum, learned extension of forelimb & conditioned reflex flexion of hind limb & active avoidance in T-maze, dogs vs rats, translated article, 11006
carbacholine injections, activation of cholinergic systems of caudate-putamen & accumbens in avoidance training in T-maze, rats, 29362
cholinergic abnormalities in strain & abnormal light or dark pulses, REM & NREM sleep patterns, Flinders Sensitive Line rats, 6731
cholinergic agonist oxotremorine & age, spatial reference memory & cholinergic activity, middle aged rats, 21640
cholinergic dysfunction & noncognitive neuropsychiatric abnormalities of Alzheimer's disease, literature review, 26962
cholinergic hypothesis of cognitive deficits & enhancers in Alzheimer's disease, literature review, 23462
cholinergic synaptic transmission in hippocampal subfields & spatial learning & visual discrimination, young vs adult vs old male rats, 11007
cognition enhancers, brain cholinergic system & learning & memory, literature review, 21846
developmental lead exposure, cholinergic & catecholaminergic markers in septohippocampal pathway, rats, 4 mo study, 11109
distribution of muscarinic receptors in developing brain, 16 vs 21 vs 90 day old vs 24 mo old rats, implications for learning & memory, 6681
drugs & hormones affecting adrenergic & opioid peptidergic & GABAergic & cholinergic systems, memory processes, rats & mice, literature review, 21889
galanin & M40, delayed non-matching-to-position performance, male rats lesioned with cholinergic immunotoxin 192IgG-saporin, animal model of Alzheimer's disease, 34489
injections of anti-nerve growth factor mAbs into insular cortex, aversive learning & cholinergic function, male rats, 34665
intrahippocampal cholinergic septal grafts, re-innervation of hippocampal formation & septohippocampal pathways & amelioration of spatial learning & memory deficits, literature review, 6680
lesion analyses & electrophysiological data on role of nucleus basalis magnocellularis cholinergic neurons in higher cognitive function, rodents & monkeys, literature review, 38005
lesions to forebrain cholinergic projection system &/vs dopamine terminals in nucleus accumbens & nicotine, learning & memory in water maze task, male rats, 6625
low vs high intensity footshock, retention of inhibitory avoidance & changes in muscarinic receptor density in neostriatum & hippocampus & amygdala & neocortex, male rats, 10991
memantine & neurokinin B, loss of basal forebrain cholinergic cells & radial maze performance, NMDA treated & entorhinal cortex lesioned rats, 21933
metrifonate, learning & brain cholinesterase activity & extracellular levels of acetylcholine, basal forebrain-lesioned rats, 21862
model of corticohippocampal interaction, septal modulation of cholinergic inputs to hippocampus in eyeblink conditioning, implications for cholinergic therapy of memory impairment, 18178
nefiracetam, passive avoidance performance & cholinergic & GABAergic & Ca2+ channel effects, basal forebrain-lesioned & scopolamine treated rats & rat brain tissue & NG108-15 cells, 21938
neonatal cocaine, scopolamine-induced hyperactivity & impaired habituation & development of forebrain cholinergic neurons, rat pups, 41441
nerve growth factor with vs without antibody, retention in passive avoidance task performance & forebrain cholinergic concentrations, 15–17 vs 20–22 day old neonatal mice, 29515
normal aging, basal forebrain cholinergic neuronal degeneration & cognitive impairment in Alzheimer's disease, humans & animals, literature review, 42824
organization & cognitive functioning of basal forebrain & pontine cholinergic systems, literature review, 29275
pilocarpine in increasing concentrations, muscarinic receptor sensitivity & pupil dilation, male patients with depression, test of cholinergic-adrenergic imbalance theory, 4125
posttraining injection of L-enantiomer nitric oxide synthase inhibitor, retention of inhibitory avoidance conditioning task, mice, implications for central cholinergic system in memory impairment, 3236
presence vs absence of p75 nerve growth factor receptor, survival of cholinergic forebrain neurons involved in learning & memory, neonatal mice, 25500
propentofylline, learning & memory tasks & brain choline acetyltransferase & cholinesterase activity, rats with amnesia induced by anti-NGF antibody infusion, 21895
relation of forebrain cholinergic system & attention & cognitive & memory functions, monkeys, 1958–94, literature review, implications for Alzheimers disease patients, 8656
role of cholinergic & glutaminergic cortical structures in synchronization in short term memory, monkeys, 34532
scopolamine, REM latency & duration & activity, 19–62 yr olds with remitted vs nonremitted unipolar depression, implications for cholinergic dysregulation, 30898
SDZ ENA 713, spatial learning impairment & neurochemistry of cholinergic neurons, basal forebrain lesioned rats, 21899
selective immunotoxic lesions of medial septal cholinergic cells, spatial working & reference memory, male rats, 11008
selective removal of hippocampal cholinergic input, attentional processing in associative learning framework, rats, 41308
stimulation of cortical acetylcholine & enhancement of attentional functions in development of cognitive enhancers, literature review, 21918
theory of basal forebrain cholinergic afferent involvement in selective influence on cortical cells involved in stimulus context & meaning in learning & morphological changes of cholinoceptive cells, 25506
thyrotrophin-releasing hormone analog RX77368, working memory in delayed non-matching to position task, male rats with cholinergic lesions of septal-hippocampus, 18266
1 vs 4 days of pretraining, foot-shock stress-induced prolongation of latencies in passive avoidance learning task, male mice pretreated with scopolamine, test of cholinergic hypothesis of stress, 11149

Cholinesterase—Serials

learning ability & memory & choline acetyltransferase & cholinesterase activity in brain regions, strains of senescence accelerated mice, 481

Cholinesterase Inhibitors [See Also Neostigmine, Physostigmine]—Serials

acute vs chronic tacrine, regional cerebral perfusion & cognitive functioning, middle aged & elderly with Alzheimers disease, 12 wk followup, application of single photon emission tomography, 9281
cholinesterase inhibitor tetrahydroaminoacridine, onset & latency of REM sleep, healthy 21–50 yr olds, 11193
cholinesterase inhibitor velnacrine, cognitive symptoms of Alzheimer's disease, 45–88 yr old patients, 19985
efficacy & tolerability of tacrine, 82–105 yr old nursing home residents with Alzheimer's disease, letter, 27580
estrogen replacement therapy, clinical & cognitive responses to tacrine, 50+ yr old females with Alzheimers disease, 24055
memory-enhancing herbs, cholinesterase inhibition & nicotine & muscarinic receptor binding, implications for patients with dementia & Alzheimer's disease, 27573
metrifonate, cognitive performance, 57–85 yr olds with Alzheimers disease, 16614
metrifonate, learning & brain cholinesterase activity & extracellular levels of acetylcholine, basal forebrain-lesioned rats, 21862

piracetam & tacrine, learning & memory in open field & passive avoidance & water-maze & neurotransmitter & corticosterone & white cell levels, thymectomized male rats, 41524
positive vs negative apolipoprotein E genotype, effects of tetrahydroaminoacridine on cortical EEG arousal, patients with Alzheimer's disease, Finland, 23460
RU 35 926 vs tetrahydroaminoacridine, scopolamine induced memory impairments, rats, 18320
tacrine dose, nursing home placement or death, 49–90 yr olds with Alzheimer's disease on long term tacrine therapy, 13156
tacrine, plasma levels & clinical results & level of liver enzymes, patients with dementia of Alzheimer type, 20064
tacrine, regional cerebral blood flow & correlations with cognitive performance deficits, 57–84 yr olds with Alzheimer's disease, 13164
time & dose dependent effects of S9977-2 vs tacrine, psychomotor activity & passive avoidance learning, 3 mo old rats, 41432

Cholinolytic Drugs [See Cholinergic Blocking Drugs]

Cholinomimetic Drugs [See Also Acetylcholine, Arecoline, Carbachol, Neostigmine, Physostigmine, Pilocarpine] —Serials

alpha-2-adrenergic receptor antagonists RU 52583 & idazoxan vs physostigmine vs arecoline, spatial memory in radial maze, rats with septal nucleic lesions, 41345
apolipoprotein E gene deletion, CNS cholinergic function & learning & acquistion, female apolipoprotein E knockout vs wild-type mice, implications for Alzheimer's disease, 41433
cholinomimetic RU 47213, scopolamine-induced working memory impairments in radial maze spatial task & T-maze delayed reinforced alternation task, male rats, 41495

Chorda Tympani Nerve [See Facial Nerve]

Chorea [See Also Huntingtons Disease]—Serials

basal ganglia involvement in etiopathogenesis of obsessive compulsive disorder, adults with rheumatic chorea, India, 1–7 yr followup, 12443
encephalopathy & chorea due to HIV encephalitis, 24 yr old HIV-seropositive male, case report, 8519
immunosuppressive therapy with prednisone & hydroxychloroquine & aspirin, reversible dementia & chorea, 22 yr old female with lupus anticoagulant, case report, 23298
paroxetine, chorea, 42 yr old female with depression, case report, letter, 36442
rheumatic fever trait marker, identification of disorders associated with streptococcal infections, children with vs without pediatric autoimmune neuropsychiatric disorders or Sydenham's chorea, 22681

Choroid [See Eye (Anatomy)]

Choroid Plexus [See Cerebral Ventricles]

Christianity [See Also Protestantism, Roman Catholicism] —Serials

advantages & challenges of church-based Christian counseling ministry, 36559
agreement vs disagreement in integration of psychology & theology & Scripture evaluation of psychoanalysis & behaviorism & cognitive & humanistic psychology, 35039
analysis of M. White's "Stranger at the Gate" from Christian clinical viewpoint, implications for heterosexual Christian counselors with gay or lesbian clients, 27501
attitudes toward Christianity & church attendance, life satisfaction, 18–39 yr olds, Northern Ireland, 11539
attitudes toward integration of theology & psychology, female Christian therapists, 40300
Barnabas Ministry model for training in Christian counseling skills, lay persons, 36571
biblical literalism & religious salience & dominion belief of Christian doctrine, environmental concern &/or behavior, adult females, conference presentation, 38502
bridge-burning tactics of & bridge-building dialogue suggestions for Christian psychologists & biblical counselors, 36567
causality of lesbianism & Christian therapists as compassionate healing community, 27502
changes in field of psychology with teaching of Christian view, Christian professors, 9849
Christian community & theories of transition from adolescent to adult cognitive & moral development, 3366
Christian covenantal constructivist model of early adult cognitive & moral development, 3365
Christian prayers, major depressive episode with melancholia, male 78 yr old diagnosed with prostate cancer, case report, 13130
Christian religious traditions, African Americans, implications for counseling practice, 30069
content review process in development of curriculum for integration of psychology & Christianity, undergraduates, 9852
convergent validity of Francis Scale of Attitudes toward Christianity with intrinsic & extrinsic religiosity, 17–39 yr olds, 28440
development of integrated Christian counseling practice based on balance of secular & Christ centered & Bible based & spirit inspired practice, 9207
distinctive features of consecrated Christian counseling, 36555
early development & current structure & function of church-based lay counseling ministry, Presbyterian lay counselors, 36564
ethical & moral dilemma of being professionally caring vs politically correct in working with homosexual clients, Christian therapists, 27909
ethical behaviors & beliefs, professional & paraprofessional Christian counselors, 13644
ethical beliefs & behaviors, counselors in Christian Association of Psychological Studies vs Christian nonmembers vs licensed vs unlicensed therapists, 33298
historical tradition & behavioral science perspective & family systems theory of active faith in Christian marriage, conference presentation, 41872
history & development of church-related Christian counseling, Australia, 36558
integration between psychology & Christian faith in classroom setting & informal student–instructor interactions, 40281
integration of Christianity & psychology & recommendations for graduate & undergraduate curricula, 27881
integration of Christianity & psychology as indivisible & irreducible & personal, 26003
integration of family systems theory & therapy with religious or spiritual or faith perspective, 36324
integration training in seminary environment, Christian mental health professionals, 40263
inter-church alliances for Christian counseling & caring, England, 36562
issues in moral dimension in research on homosexuality, implications for beliefs of Christian researchers & clinicians, 26121
issues in teaching integration of psychology & Christianity in introductory course, professors at Christian colleges, 9859
Judeo-Christian Biblical behavior modification examples, implications for therapy, 1741
levels of abstraction in & approaches to integration of Christianity & psychology, 7444
market forces in professional psychology & Christian psychology training, 40275
multidenominational Christian low-cost professional & lay counseling center, church & secular community members, 36570
object relations theory of Christian images of God, conference presentation, 30064
obstacles to teaching integration of psychology & theology in current scientific psychology, Christian college professors, 9860
paths toward integration of Christianity & psychology & compatibility of science with Christian values, 7451
personal prayer, self esteem, Christian vs non-Christian 8–11 yr olds, UK, 18560
personal values, psychology textbook writing & research, Christian psychologists, 9763
perspectives on system of psychology offering integration of psychology & Christianity, psychology professor & student, 9872

prerequisites for integrating theology & psychology, Christian professors & college students, 9882
problems & solutions in church-based Christian counseling, 36569
psychological aspects of filling of Holy Spirit & Christian humanistic model of postredemptive personality functioning, 3583
psychology as system of thought & practice & relationship with Christianity & practices of faith, 5915
relation of Christ's lordship to field of psychology, 35041
relationship between chaos & Christianity & alternative model for counselors to help Christian clients embrace chaos, commentary, 34738
relationships between traditional Christian beliefs & spiritualism & belief in paranormal phenomena, college students, Iceland vs US, 22223
reliability & validity of 7-item short scale of Francis Scale of Attitudes towards Christianity-Adult, 17–73 yr olds, US & Republic of Ireland & England & Northern Ireland, 28444
Rogers' models of integration applied to Christian psychologists' dual identity, 9771
secularization & religious affiliation & beliefs about premarital sex, regular vs infrequent church-going conservative Protestants vs mainline Protestants & Catholics, 1972–93, 35044
spiritual disciplines in integration of psychology & Christianity inside & outside of consulting office as means of promoting change & growth, 36566
teaching of explicit integration of biblically centered faith & academic programs, psychology professors at Christian colleges, 9895
themes of truth & building dialog in integration of Christianity & psychology, implications for Christian psychologists, commentary, 7447
utility of Christian faith & learning & Bible as framework for psychology, 7454
vision for future of Christian counseling through redemption of psychology & business & managed care & partnering with church, 36561

Christians [See Also Catholics, Protestants]—Serials
attitudes toward & factors affecting belief in Christian ecumenical unity, clergy & laity from 8 Christian traditions, 35038
ethical beliefs about & behaviors regarding sexual attraction & expression toward clients, Christian therapists, 36557
monetary contributions & voluntary labor & family & friendship ties & congregation size, member power, members & ministers of Anglo American & Korean ethnic churches, 35042
moral development & value system, decision to return to abusive relationship, battered Christian females, implications for counseling, 35722
social identity & use of realistic groups & domain specific self esteem & intergroup discrimination, Catholic vs Protestant 16 yr olds, Northern Ireland, 7337
transcendence as reconciliation of dissonant religious cognitions, negative affect, Christian adults, 22221

Chromaticity [See Also Hue]—Serials
boundary information, perception of color & chromatic detection & integration & S-cone discrimination, observers, 34158
intensities of & exposure to different wavelengths of light from day 19 of incubation to hatching, thalamofugal visual projections & functional eye asymmetry, incubated chick eggs, 21694
surface vs apparent color match, color constancy, adult males, 21259

Chromosome Disorders [See Also Autosome Disorders, Sex Chromosome Disorders, Trisomy]—Serials
behavioral & neurologic & phenotypic characteristics, 9–31 yr olds with inv dup(15) syndrome, case reports, 36054
chromosomal abnormalities, 9 & 10 & 18 yr olds screening positive for FMR-1 mutation, 4565
cytogenetic abnormalities on chromosome 18 & bipolar disorder & schizophrenia, Scotland & Denmark, 35427
elective mutism & chromosome 18 abnormality, 4.6 yr old female, case report, 42684
presenile dementia & Alzheimer's diagnosis, 56 yr old female with Down's syndrome & unbalanced Robertsonian 21/21 translocation, case report, 4011
severe mental retardation & dwarfism & microcephaly, 24 yr old female with ring chromosome 15 syndrome, case study, 8477
X linked malformations of neuronal migration, lissencephaly & subcortical band heterotopia & bilateral periventricular nodular heterotopia with retardation & epilepsy, 19601

Chromosomes [See Also Autosomes, Sex Chromosomes]—Serials
aggression & social stress & urine osmolality, male mole rats with chromosome differences from northern vs southern regions, 11041
allelic or genotype frequency response to G-protein receptor gene & chromosome 18p markers, excellent lithium responders with bipolar disorder or recurrent major depression, 16661
application of transmission disequilibrium test to genotype data, genetic linkage between & parental transmission of allelic markers on chromosome 22q12, schizophrenic offspring, 12075
assessment of psychiatric status of maternal vs paternal uncles & aunts, evidence for pseudoautosomal locus for schizophrenia, schizophrenic patients, 12065
back crossing vs chromosome substitution on Y chromosome, geotaxis, male fruit flies, 29226
c-Harvey-Ras polymorphism & prevalence of allele fragments, association with other psychiatric disorders, autistic adults, role of G protein secondary messenger system, 16125
chromosomal loci involved in regulation of contextual & auditory cued fear conditioning, BXD recombinant inbred strains of mice, 29222
chromosome 18 linkage to polymorphic microsatellite markers, 19 yr olds & younger to 30 yr olds & older with manic depression & their family members, 15910
chromosome 18 linkage to susceptibility for affective disorders, families with multiple patients with bipolar disorder, Belgium, 38971
current trends in research on role of multiple genes in manic depression, 4116
cytosine adenine guanine trinucleotide repeats in mutation range on chromosome 12p, dentatorubral-pallidoluysian atrophy, schizophrenic patients, Sweden, 12041
deletion of chromosome 22q11 & prevalence of bipolar affective disorder, 5–34 yr olds with velo-cardio-facial syndrome, 19512
DNA analysis & genetic marker & maternal origin of extra inverted duplicated chromosome 15, 9–25 yr old patients with infantile autism, 26761
expanded CAG/CTG trinucleotide repeats at autosomal & chromosomal loci & bipolar disorder, 42261
genetic association of human leukocyte antigen DRB1*04 & DQB1*0602 allele on chromosome 6p21.3, schizophrenic patients & mothers of schizophrenic offspring, England, 19220
genetic linkage under heterogeneity with markers on chromosome 13, families multiply affected with schizophrenia, 12052
genetic markers & linkage for vulnerability locus for schizophrenia & associated disorders in chromosome 8p region, high density schizophrenic families, Ireland & Northern Ireland, replication, 19202
linkage analysis & markers from chromosome 20, lack of evidence for major disease allele & mode of inheritance, probands with bipolar disorder & their families, Denmark, 11961
linkage at chromosome 17, families with non-Alzheimer's dementia vs late-onset familial Alzheimer's disease, 36058
linkage of schizophrenia to X chromosome markers, families, 39032
mapping of quantitative trait loci for open field behavior, mice, 37942
markers at dopa decarboxylase on 7p & 7q chromosomes, synthesis of dopamine & noradrenaline & linkage for manic depression, families, Denmark, 19150

polymorphisms of HLA DQB1 gene locus, male Chinese inpatients with schizophrenia, Singapore, 1299
positional candidate approach to research on candidate genes with effects on agonistic behavior & offense, mice, conference presentation, 10910
role of gene defect in chromosome 18 linkage on etiology of bipolar illness, 6–45 yr olds with bipolar or bipolar spectrum disorder & their Jewish & Belgian family members, Belgium, 15911
serum immunoglobin A levels & extended chromosome haplotypes, autistic 5–31 yr olds, 26777
Y chromosomal & maternal effects on & physiological & neuronal correlates of aggression based on attack latency, selectively-bred male wild house mice, conference presentation, 10915
Y chromosome & long vs short attack latency, coping flexibility in non-social situations, house mice from 6 genotypes, 446

Chronic Alcoholic Intoxication—Serials

chronic vs acute ethanol intoxication, A1 adenosine receptor binding in cerebellar cortex, male rats, 6856

Chronic Fatigue Syndrome—Serials

ACTH release in response to ipsapirone challenge & 5-HT activation of hypothalamo-pituitary-adrenal axis, adults with chronic fatigue syndrome, 38091
analytic psychotherapy, female with chronic fatigue syndrome, case report, 36373
application of cognitive behavior therapy to functional somatic complaints, individuals with chronic fatigue syndrome, 39709
attention & memory & psychological functioning, adults with chronic fatigue syndrome, 16250
buspirone, plasma prolactin & growth hormone concentrations, 18–50 yr old male patients with chronic fatigue syndrome, 26888
challenges in analytic & medical approaches to chronic fatigue syndrome or myalgic encephalomyelitis, 35996
change in number of medically unexplained psychiatric symptoms under different criteria to explain somatization disorder, patients with chronic fatigue syndrome vs multiple sclerosis vs depression, 4006
chronic fatigue & other physical & hypochondriacal & depressive symptoms & quality of life, 18–75 yr olds with major depression vs chronic fatigue syndrome, 26355
chronic fatigue syndrome as a prodrome to psychosis, 22 yr old male with schizophrenia, case report, 30946
circulating antimuscle & anti-CNS antibodies, chronic fatigue syndrome, 20–67 yr old patients, 39390
clinical perspective of prevalence & etiology & explanatory models & cognitive–behavioral treatment & case management issues of chronic fatigue syndrome, literature review, 16728
cognitive behavior therapy vs progressive relaxation, functional impairment & fatigue & psychological stress outcomes, adults with chronic fatigue syndrome, 23998
cognitive complaints & functioning & symptoms shared with depression, patients with chronic fatigue syndrome, literature review, 23300
cognitive vs physiological model in etiology of chronic fatigue syndrome, literature review, 23254
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary, 8465
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary reply, 8470
depression & illness behavior & attributional style, patients with chronic fatigue syndrome vs depression vs chronic physical illness, 19089
development of floridly psychotic state resulting in multiple homicide, male 28 yr old with chronic fatigue syndrome, case report, 4522
diagnosis & management problems, female 11–15 yr olds with anorexia or bulimia nervosa originally diagnosed with chronic fatigue syndrome, case reports, Australia, 31505
EEG neurofeedback, neurocognitive functioning & activity levels & quality of life, 31 yr old White female Naval officer with chronic fatigue syndrome, case report, 5132
factors differentiating illnesses & psychiatric & neuropsychological complaints, patients with multiple vs nonmultiple chemical sensitivities vs chronic fatigue syndrome, 4518
guide to assessment & management of chronic fatigue syndrome, 39394
incidence & risk factors for development of chronic fatigue, adults, 1 yr followup, 35985
insulin-induced hypoglycemia, growth hormone & insulin & insulin-like growth factor I & II & binding protein 1 & C-peptide, nondepressed patients with chronic fatigue syndrome, 26851
isometric exercise, motor evoked potentials, 26–54 yr olds with chronic fatigue syndrome vs unipolar or bipolar depression, 19098
marital relationship & adjustment, health, 24–75 yr old females with chronic fatigue & immune dysfunction syndrome & their spouses, 35975
MMPI profiles & degree of Epstein-Barr virus infection, patients with chronic fatigue syndrome, 12483
motor & cognitive processing speed, 25–50 yr old patients with chronic fatigue syndrome vs patients with major depression or dysthymia, 38998
multiple dimensions of quality of life, 18–70 yr old chronic fatigue syndrome patients, 35963
neurocognitive & psychological functioning, individuals with chronic fatigue syndrome, 12451
neuropsychological test performance & comorbid psychiatric disorders, patients with sudden vs gradual onset chronic fatigue syndrome, 39363
noise stimulus during cognitive performance task, cardiovascular responses & subjective reports, 17–24 yr olds with chronic fatigue syndrome, Australia, 19491
objective vs self- vs parent reports of current vs expected vs desired activity levels, 11–16 yr olds with vs without chronic fatigue syndrome & their parents, implications for cognitive distortion, 23255
origins of beliefs about causes & controlability of illness, 18–56 yr olds with chronic fatigue syndrome, 39361
patterns of health care use & perceptions of doctor patient relationship & quality of care, 15–82 yr old chronic fatigue syndrome patients, 32863
perceived stress vs satisfaction, caregivers of people with chronic fatigue syndrome, 40117
personality pathology, patients with chronic fatigue syndrome vs mild multiple sclerosis vs major depression, 11846
physical fatigability & exercise capacity & disability & somatization & psychopathology, adults with chronic fatigue syndrome, 31591
politics & science in development of diagnostic criteria for & design of early epidemiological studies & later characterizations & treatment of chronic fatigue syndrome, literature review, 42698
presence of depressive symptoms & major depression, patients with depression vs chronic fatigue syndrome vs multiple sclerosis, 11845
problems in transference & countertransference in psychoanalysis & inherent violence as part denial of psyche, borderline male patient with myalgic encephalomyelitis, case report, 36360
psychoanalysis, 20 yr old female with chronic fatigue syndrome, case report, 36381
psychological & somatic symptoms & psychiatric disorder, 18–34 yr olds with chronic fatigue, 1522
psychomotor speed & visual & verbal memory & attention, adults with vs without chronic fatigue syndrome, 31611
psychosocial morbidity & coping styles & health locus of control risk factors, 18–45 yr olds with chronic fatigue or chronic fatigue syndrome following presumed viral illness, 26860
regional cerebral blood flow, 23–57 yr olds with chronic fatigue syndrome vs 21–64 yr olds with major depression, 22655
severity of fatigue & activity level & subjective perception of health, adults with chronic fatigue syndrome (mean age 43.9 yrs), 39389

sleep complaints & mood & disability & fatigue & lifestyle, adults with depression vs chronic fatigue syndrome with vs without psychiatric disorder, 38863
speed of cognitive processing & motor speed & ability to sustain attention & mood, patients with chronic fatigue syndrome, 1508
subjective reports of sleep & sleep disorder, personality correlates & physical & mental health, healthy 21–79 yr olds vs 17–63 yr olds with chronic fatigue syndrome, 12487
upper aerodigestive tract reflexes as mediating abnormal response to tilt-table test in chronic fatigue syndrome & role of hypotension, 39360
validity of General Health Questionnaire & Beck Depression Inventory vs Schedules for Assessment of Neuropsychiatry, screening for psychiatric morbidity, patients with chronic fatigue syndrome, 2593

Chronic Illness [See Also Chronic Alcoholic Intoxication, Chronic Fatigue Syndrome, Chronic Mental Illness, Chronic Pain]—Serials

age disorientation, 65–89 yr olds with chronic mood disorder, 12–18 mo followup, 11978
age, perceived symptom severity & self & others' care & control over health & satisfaction with problem solving, chronically ill 20–95 yr olds, 8492
birth order & gender & parent reported behavior problems, chronically ill children & healthy siblings, 35744
changing health care & social responses to HIV/AIDS as chronic illness, implications for resource development & allocation, 12508
cholecystokinin-8 values in CSF, 44–79 yr olds with chronic hydrocephalus syndrome, 31776
cognitive & behavioral deterioration & quality of life, 60–90 yr olds with chronic cerebrovascular disorders vs noninsulin dependent diabetes mellitus vs hypertension, 19502
collaborative model of treatment, chronically ill children & adolescents in a tertiary care referral center, 32847
concurrent & criterion validity of Personal Adjustment & Role Skills Scale vs Child Behavior Checklist vs impairment scales of emotional & behavioral problems, chronically ill 9–18 yr olds, 14362
coping & social support, adaptation to chronic diseases, literature review, 26887
course of chronic illness & its resemblance to panic disorder, C. Darwin, 22882
demographic & child & parent & family variables, participation in longitudinal research, families of children with cystic fibrosis vs congenital heart disease vs no chronic illness, 26872
demographics & chronic disease status & psychiatric diagnoses & neuroticism & extraversion & depression, disability & somatization & subjective pain, 19–82 yr old depressed primary care patients, 39011
depression & pain & daily hassles & cognitive factors & positive & negative affect & emotional impact of chronic disease, 23–81 yr olds with rheumatoid arthritis, 26890
depression/anxiety & chronic illness & lower exercise & social support, sleep difficulties, Black 62–99 yr olds, 19490
development & internal consistency & test-retest reliability & factor analysis & concurrent validity of Multidimensional Hope Scale, 18–89 yr olds with chronic illnesses, 14365
developmental arrest & maternal loss & major depression, 19 yr old African American with systemic lupus erythematosus & terminal renal failure, case report, 12491
diagnosis of chronic posttraumatic vs analgesic rebound headache, 41 yr old male accident victim with 15 yr headache & depression history, 8501
diagnosis of chronic posttraumatic vs analgesic rebound headache, 41 yr old male accident victim with 15 yr headache & depression history, commentary, 39371
diagnosis of chronic posttraumatic vs analgesic rebound headache, 41 yr old male accident victim with 15 yr headache & depression history, commentary & commentary response, 39397
dialysis vs pre dialysis treatment, coping strategies & sense of coherence & control & hope, 30–83 yr olds with chronic renal failure, 26876
disease-specific differences in depression & anxiety & mastery, 55–85 yr olds with chronic diseases, Netherlands, 12475
effectiveness of relaxation training in a school setting, 10–15 yr olds with chronic tension type headache, Sweden, 10016
emotionally focused therapy, marital distress, married couples with chronically ill children, 8918
existential model of group therapy, chronically mentally ill patients, 27258
fenfluramine challenge, prolactin & cortisol responses & depression, patients with chronic fatigue, implications for role of serotonin, reply to commentary on conference presentation, letter, 4579
fenfluramine challenge, prolactin & cortisol responses & depression, patients with chronic fatigue, implications for role of serotonin, commentary on conference presentation, letter, 4508
health & illness perceptions, cost effectiveness of health care delivery, patients with chronic illness, 13246
health promotion intervention, meanings & motives & intentions & emotions & feelings & health, 68–86 yr olds with chronic illness, 1 yr followup, 5237
HIV-risk knowledge & high-risk behavior, 19–65 yr old outpatients with chronic mental illness, Canada, 1197
HMO vs fee-for-service systems, physical & mental health outcomes, chronically ill & poor 18–97 yr olds, 4 yr study, 27661
hospital based family support program for coping with chronic illness, self care & best use of health care system, 24263
impact of chronic illness or other painful private circumstances on treatment process, weaving of experience into life narrative, psychotherapists, 12776
interpersonal expectations & social support & adjustment to chronic illness, 21–82 yr old end-stage renal disease patients, 42697
intruding vs impeding factors & functional performance, 50–76 yr olds with chronic obstructive pulmonary disease, 4540
issues in chronic illness & treatment & medical education, physicians & patients, 13120
loss & grief & adjustment & coping & developmental issues, young & middle aged adults with chronic illness, literature review, implications for social work, 30704
low dose phenelzine, patients with chronic fatigue syndrome, 1 mo followup, 9276
maternal resolution of child's medical diagnosis, parenting stress & perception of marital quality & social support, adult females with chronically ill children, 26889
ongoing stressful & problem situations, social & emotional functioning, 12–17 yr olds with cystic fibrosis & parents & health care professionals, application of behavior-analytic model, 24019
parent & family functioning, positive & negative psychological adjustment of children with chronic health conditions, implications for research, 26863
parental chronic illness & family processes, child coping strategies & internalizing behavior problems, families with fathers with hemophilia, 26892
perceptions of neighborhood & its safety & activity patterns, chronically ill 10–12 yr olds & their parents, 30675
personality factors & regimen adherence in chronic illness, literature review, 15831
physical symptoms & psychological distress & mental disorders, 14 yr olds & older with chronic somatic diseases, 26895
preferences for aspects of quality of care, 18–75 yr old outpatients with chronic diseases vs medical specialists, Netherlands, 20224
psychiatric medical model & nursing services, chronically mentally ill patients, 5258
psychological & spiritual factors in chronic illness, physicians & patients, 12467
psychosomatic model of family cohesion & adaptation & parental adjustment, families with 9–15 yr olds with controlled vs uncontrolled asthma, 4549

psychotherapeutic interventions, psychological disorders, patients with chronic physical illness or somatization, research review, 5166
rationale for & definition of chronic disease self-management model & key components of patient-education programs, 13253
rehabilitation program based on principles of nontreatment & need specificity & normalization & networking, adults with chronic psychosis, 3-yr followup, 16939
selection effects of long-standing health problems & psychological distress, job loss & reemployment probability, private sector employees, Norway, 5 yr study, 10042
sociocultural influences, attitudes toward disease etiology & treatment of chronic illness, 20-yr old male Mexican American with cystic fibrosis, 12492
sociodemographic factors & child health status characteristics & caregiver burden, psychological distress, caregivers of 9–18 yr olds with chronic medical conditions, 9489
validity & reliability of Parenting Tasks Index, assessment of performance of parenting tasks, mothers with vs without chronic narcolepsy with 1–10 vs 11–21 yr old oldest child, 5942

Chronic Mental Illness [See Also Chronic Psychosis]—Serials
advances in conceptualization & treatment of serious mental illness, 31948
antidepressant medications for treatment of chronic depression, 23883
case loads & services & interagency contacts, chronic mentally ill client outcomes, case managers, 1989 vs 1991, implications for community based medical-psychiatric & psychosocial treatments, 2017
cognitive deficits measured by Mini-Mental State Examination & Trail Making Test, chronic psychiatric inpatients, 32991
Community Re-Entry Program, skill levels & positive & negative symptoms, acutely mentally ill inpatients (mean age 33.9 yrs), 33011
consideration of different conceptions of chronic depression & depressive personality within framework of dimensional models of personality, 22796
contraceptive use & childrearing outcomes, male psychiatric outpatients, New Zealand, 42142
daily emotional & material & instrumental support experiences, 25–61 yr olds with severe mental illnesses, assessment implications, 11929
deinstitutionalization, rehabilitated patients with chronic psychiatric illness, 20 yr followup, Ireland, 32798
development & hospital implementation & program evaluation of community based mental health care, individuals with chronic mental illness, 32893
differential diagnosis of chronic depression & DSM-IV classification of mood disorder as major depression or dysthymic disorder, case reports, 22760
group involvement in group psychotherapeutic processes in state mental hospitals, chronically mentally ill, 9541
individual characteristics of providers & treatment settings, prognostic expectations of severely mentally ill patients, VA mental health care providers & program directors, 33247
Intensive Learning Center program, general functioning & maladaptive behaviors, 29–76 yr old chronically mentally ill long-stay psychiatric inpatients vs patients transferred to community placements, 13394
job preferences, 20–65 yr olds with severe mental illness in supported employment program, 6 mo follow up, 27796
lack of managed care directive to adequately treat chronically mentally ill in psychiatric emergency services department of urban hospital, 9521
late childhood or early adolescence alcohol or drug abuse onset, community violence, outpatients with chronic mental illness (mean age 41 yrs), 42451
limiting AIDS risk behavior, chronically mentally ill patients, 32740
living alone vs with roommate vs family vs in group home, loneliness, patients with severe & persistent mental illness, 26376
measures of community function in persons with serious mental illness, literature review, 1986–1996, 37365
mental health program with employment specialists, vocational rehabilitation or employment seeking, clients with severe mental illness, 27797
neuroleptic discontinuation & subsequent clozapine, course of tardive dystonia &/or tardive dyskinesia, chronic psychiatric patients, followup study, 5116
outcomes of California integrated service agency program combining structural & program reforms, patients with severe & persistent schizophrenia &/or bipolar disorder, 27630
outcomes of California integrated service agency program combining structural & program reforms, patients with severe & persistent schizophrenia &/or bipolar disorder, commentary & reply, 32857
outpatient civil commitment, community tenure & functioning, severely mentally ill patients (mean age 41.4 yrs), 27671
perceived disease threat & medication benefits & system barriers, medication noncompliance, low-income African-American males with chronic schizophrenia, test of Health Belief Model, 32481
problems of reliance on managed care organizations for services & introduction of managed mental health care, poor citizens & persons with severe & chronic mental illness, Oregon, 43323
psychiatric rehabilitation services in managed behavioral health care systems, persons with long term mental illness, 27626
psychoeducational vs family education interventions, families of adults with serious mental illness, 27277
quality of life & self esteem, working vs nonworking 18–50 yr olds with severe & persistent schizophrenia or mood disorders, 30808
recent developments in assessment & treatment of serious mental illness, 31943
recovery after 5 yrs of depression, patients with major depressive disorder, 10 yr study, 7921
reliability & validity & utility of Addiction Severity Index, 18–55 yr olds with severe & persistent mental illness & concurrent substance abuse disorders, 37463
reliability of rapid plasma reagin test vs microhemagglutination assay for Treponema pallidum in syphilis testing, 29–74 yr olds with chronic mental illness, 11915
short term crisis residential unit vs university psychiatric hospital setting, subjective quality of life, patients with chronic mental illness, 5357
social work case management, patients with severe & persistent mental illness, research review, 32895
stakeholder perspectives on service needs for severely & persistently mentally ill, consumers vs family members vs practitioners vs local administrators, 24119
support & self efficacy & satisfaction with & preferences for housing options from community health agencies, individuals with severe schizophrenia or mood or personality disorders, 32928
supported employment program, rate of employment, clients with severe mental disorders (mean age 46 yrs), replication, 33103
transtheoretical model of change in conceptualization & treatment, individuals with chronic mental illness & substance abuse, 30738
trauma management therapy, chronic combat-related PTSD, 44–52 yr old male Vietnam veterans, 1738
treatment issues, lesbians & gay males with chronic mental illness, implications for psychiatrists & mental health professionals, 31959
unmet needs, quality of life & psychiatric emergency room visits & rehospitalization, 18–65 yr olds with chronic mental illness, 43425
use of advance directives for mental health treatment in Oregon, family members of & patients with severe & persistent mental disorders, 27625
5-criteria model for intensive outpatient behavioral health care programs, 21–59 yr old outpatients with severe mental illness, 27672

Chronic Pain—Serials
alexithymia, 20–61 yr old chronic pain vs nicotine dependent vs obese patients, 35423

anxiety sensitivity, pain-related fear & escape/avoidance, patients (mean age 38 yrs) with chronic pain, Canada, 16233
aspirin & morphine, ultrasonic vocalizations & social behaviors during social interaction vs alone, arthritic rats, animal model of chronic pain, 29516
attitudes about prolonged use of opioids for chronic pain, clinicians, 13177
attitudes toward & knowledge of chronic pain management & orientation toward nonmedical treatments & role of social work in chronic pain services, medical social workers, Canada, 9442
bias in interpretation of ambiguous homophones, chronic pain patients, 19514
Charcot's arthropathy resulting from percutaneous radio-frequency neurotomy, pain reduction, patients (mean age 43 yrs) with chronic cervical zygapophyseal-joint pain, commentary, letter, 36615
Charcot's arthropathy resulting from percutaneous radio-frequency neurotomy, pain reduction, patients (mean age 43 yrs) with chronic cervical zygapophyseal-joint pain, commentary reply, letter, 36622
chronic low back pain patient's self reported pain intensity & medical evidence, judgment of patient's emotional distress & pain intensity & pain-related disability, 1st yr medical students, 35968
classification & psychological correlates of & role of psychiatrist in assessment & treatment of chronic gynecologic pain, 4568
cognitive coping strategies & modes, patients with chronic pain disability, 26878
criteria for & management of long term opioid use, patients with severe nonterminal disease pain, 32699
depression & negative attributional style, 22–55 yr old males with chronic back pain, application of learned helplessness theory, 8478
development of self care strategies & functioning in culturally prescribed roles, 19–52 yr old females with chronic pelvic pain, 4580
dextromethorphan, pain, 35–75 yr olds with distal symmetrical diabetic neuropathy vs 40–74 yr olds with postherpetic neuralgia, 36485
diagnosis & treatment of depression, chronic pain patients, 19516
ECT, concurrent affective symptoms, patients with primary chronic pain, 13142
efficacy of psychological treatments of chronic benign headache disorders, 9213
efficacy of work hardening program, gains in physical strength & return to full-time work, 19–60 yr olds with chronic low-back pain, 2 mo followup, 5397
emotional vs task-related support, pain intensity & activity level & depressive symptomatology during exercise task, chronic pain sufferers & their spouses, Canada, 23276
encoding of bodily memories & flexibility in psychoanalytic treatment & adjunctive multi-intervention approaches, patients with chronic pain, 23833
expected pain & fear of reinjury & back stretching activities, chronic low back pain, 22–63 yr olds, 19495
family cohesion & pain coping, predicting depressive symptoms, 18–78 yr old fibromyalgia patients, 31617
family members' behavior, reinforcement of persistent pain symptoms, chronic patients with psychosomatic disorders, 12444
focus group discussions of coping strategies, 30–75 yr olds with chronic low back pain, implications for current pain management practices, 23292
historical review of 19th century chronic pain research & psychopathology of chronic pain, treatment implications, 26867
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23258
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23269
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23240
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23301
history & clinical application of occupational neurosis & repetition strain injury, 23279
horizontally vs vertically-oriented visual analogue scale, measurement of pain, 20–53 yr olds with chronic low back pain, 28501
hypnotizability, threat or negative affect, adult patients with chronic pain, implications for trauma-related somatization, 12501
long-term opioid therapy, patients with chronic nonmalignant pain, 13167
management of chronic pain associated with somatization disorder & hypochondriasis & psychiatric conditions, distinction between malingering vs factitious disorder, 4514
mediating vs moderating effects of physiological stress reactivity in lower paraspinal muscles, pain severity & depression, patients (mean age 41.9 yrs) with chronic lower back pain, 39357
model of medical crisis counseling of children & adolescents with chronic pain, 9231
models of use of opioids for treatment of chronic pain & risks & consequences of long term use, 24054
narrative approaches to coping in group work, adults with fibromyalgia, 32661
nerve blocks with local anesthetics & corticosteroids, pain, chronic pain patients, 24034
neuroticism & satisfaction with social support, pain behavior, patients (mean age 65.3 yrs) with chronic pain, 39382
opioid therapy, patients with chronic nonmalignant pain, 13154
Pain Anxiety Symptoms Scale vs Fear Avoidance Beliefs Questionnaire vs Fear of Pain Qestionnaire vs Spielberger State-Trait Anxiety Inventory, assessment of anxiety & fear, adults with chronic pain, 17653
pain severity & mood symptoms & personality characteristics & social adjustment, females with unexplained chronic pelvic pain vs endometriosis, 4557
patterns of substance use & lifetime & current prevalence & onset of substance use disorders & receipt of substance abuse treatment, 18–59 yr old patients with vs without chronic low back pain, 1487
percutaneous radio-frequency neurotomy, pain reduction, patients (mean age 43 yrs) with chronic cervical zygapophyseal-joint pain, 27565
personality & affective distress & life events & sexual & relationship factors, females with chronic pelvic pain, literature review, 35995
personality disorders among persons seeking admission to an outpatient chronic pain treatment program, males & females with chronic pain conditions (mean age 40.2 yrs), 26582
physical & operant & cognitive & affective factors & individual differences in pain behavior, individuals with chronic pain from fibromyalgia (mean age 46.84 yrs), 39399
plasma vasopressin & CSF angiotensin-converting enzyme, patients with chronic pain disorder, Finland, 12498
prevalence & impact of social phobia & other anxiety disorders, 20–65 yr old disabled workers with chronic musculoskeletal pain, 19489
prevalence of chronic noncancer pain or disability, 1st degree relatives of chronic pain patients, 16260
processing of pain-related & body-related & mental words, EMG & heart rate & skin conductance level & visual event related potentials, adults (mean age 28.3 yrs) with prechronic pain, 41419
psychiatric profiles & personality traits, female 37–73 yr olds with glossodynia, 12472
psychological & behavioral & familial psychosocial correlates of organic vs nonorganic recurrent abdominal pain, adolescents, 42700
psychological vs pharmacological treatments of chronic disease-related & non-disease-related pain, literature review, 12732
psychophysiological model & treatments for chronic lower back pain, 9216
psychosocial features of employment status & pain as predictors of emotional distress, 18–60 yr old females with chronic pain, Canada, 35980

recurrent chest pain syndrome with normal coronary arteries & panic & anxiety disorders & major depression, neuropsychiatric model of diagnosis & treatment, literature review, conference presentation, 35967
role of consultation liaison psychiatrist in addictive disease resulting from opiate therapy for management of chronic pain, 16754
saline injection close to area of maximal pain, placebo response, 12–82 yr olds with chronic neuropathic pain, 32723
sex & anger management style & hostility, frequency of negative vs positive spousal responses & adjustment, adult chronic pain patients, 31576
short & long term memory functioning, adults with primary fibromyalgia vs major depression, Norway, 26353
spouse's solicitous behaviors in response to patient pain behaviors, rate of nonverbal pain behavior & physical disability, chronic pain patients, 4560
standard physical exercises, predictions vs experience & anxiety with pain, patients (mean age 49.65 yrs) with chronic low back pain, 23271
synthetic amino acid, analgesia, 52–91 yr olds with chronic pain, 13176
trait anxiety, pain coping strategies assessed by pain regulation model, 19–65 yr olds with chronic pain, Germany, 23283
transfer to oral methadone, 36–60 yr olds with chronic nonmalignant pain, case reports, 24029
upward vs downward self-evaluation style when experiencing chronic pain, depressive affect & coping, 18–51 yr old African American patients with sickle cell disease, 42718
use of antidepressants & neuroleptics & lithium & anxiolytics & psychostimulants & anticonvulsants & L-tryptophan & caffeine & buspirone & sumatriptan in chronic pain treatment, 32709
validity & reliability of active & passive coping strategy dimensions of Vanderbilt Pain Management Inventory vs Coping Strategies Questionnaire, 29–74 yr old chronic pain patients, 28578
validity & utility of visual analog thermometer for measurement of pain intensity, 20–73 yr old chronic pain patients, 23242
validity of Dutch version of Multidimensional Pain Inventory & relationship with experience sampling data, 21–64 yr old chronic pain patients, Netherlands, 28494

Chronic Psychosis—Serials

extrapyramidal signs in handwriting movements, 18–46 yr olds with chronic schizophrenia, 30972
syllogistic & conditional & probabilistic reasoning with emotional vs neutral content, delusional patients with chronic psychotic illness (mean age 41 yrs), 38928
TaqI polymorphism of dopamine D2 receptor gene & tardive dyskinesia, inpatients with chronic schizophrenia (mean age 43 yrs), Taiwan, 30949

Chronic Schizophrenia [See Schizophrenia]

Chronicity (Disorders)—Serials

benefits & outcome predictors of short-term dynamic psychotherapy, patients with chronic vs nonchronic major depression, 8778
chronicity of depression & factors in & efficacy of drug therapy & ECT for treatment-resistant depression, elderly, commentary, letter, 11975
desipramine, interpersonal difficulties, chronically depressed patients, 27433
development & validation of Dieting Status Measure, stage-based assessment of dieting chronicity & behavior, 13–41 yr old females, Australia, 40926
efficacy of fluoxetine treatment, 20–58 yr olds with chronic pathologic skin picking, 43185
hope & respect & flexibility in treatment process, patients with chronic schizophrenia and their psychotherapists, 23620
knowledge about medication & opinion about medication information, 20–62 yr olds with chronic psychosis, Canada, 27460
limitations of mental health laws regarding involuntary treatment of mentally ill patients, implications for physicians' inability to treat dangerous chronically ill patients who refuse treatment, 32986
major depression, medical utilization & costs & functional impairment & quality of life & symptoms & self-care & mortality, patients with chronic medical illness, 4532
neuropsychological functioning during affective symptom remission, 23–82 yr olds with major depression or bipolar disorder with vs without chronic severity, letter, commentary, 7894
neuropsychological functioning profiles, patients with 1st episode vs chronic schizophrenia treated with neuroleptics, Germany, 7945
Outpatient Long-term Intensive Therapy for Alcoholics, male 25–58 yr olds with treatment-resistant chronic alcoholism, 33044
prevalence & recurrence & relapse & chronicity of depression & costs to economy, literature review, 15918
psychosocial factors, assessment of risk of developing chronic musculoskeletal incapacity, adults, 5433
recovery & chronicity & recurrent nature of major depression, literature review, 22786
recurrence & chronicity of depression & undertreatment with antidepressants, patients, 12 wk to 10 yr followups, 9097
separation from parent before age 17 & poor marital relationship before disorder onset, females with chronic depression, England & Canada, 4123
SES, risk behaviors for chronic disease, 12–17 yr olds, 19093
Wisconsin Card Sorting test, regional cerebral blood flow, 17–46 yr old male chronic vs never-medicated 1st break patients with schizophrenia or schizophreniform disorder, 7994

Cigarette Smoking [See Tobacco Smoking]

Circadian Rhythms (Animal) [See Animal Circadian Rhythms]

Circadian Rhythms (Human) [See Human Biological Rhythms]

Circulation (Blood) [See Blood Circulation]

Circulatory Disorders [See Cardiovascular Disorders]

Circumcision [See Birth Rites, Surgery]

Cirrhosis (Liver)—Serials

dual diagnosis & degree of drinking relapse following liver transplantation, patients with cirrhosis or alcohol abuse or dependency, 7 yr study, 16763
isokinetic muscle strength & neuropsychological capacity, cirrhotics with vs without alcoholism, 31340
pretransplant demographic & psychiatric variables, outcomes, 29–69 yr old alcoholic cirrhotics who underwent orthotopic liver transplantation, 27578
rapid development of alcoholic cirrhosis, 27 yr old female with bulimia, case report, 26830

Citalopram—Serials

acute vs chronic citalopram, REM & NREM sleep inhibition & EEG power spectrum & behavior, male rats, 7013
amitriptyline vs citalopram vs fluoxetine, depression in 24–64 yr olds, 1.5 yr study, 19158
citalopram & diuretics, hyponatremia measured by serum electrolytes, 73 yr old female with bipolar affective disorder & hypertension, case report, letter, 32577
citalopram HBr & buspirone, ischemic neuronal death & role of hippocampal serotonergic neurons, ischemia challenged gerbils, 21894
citalopram in conjunction with supportive psychotherapy, decrease in ethanol intake, alcoholic 20–60 yr olds, 4-mo followup, Finland, 13457
citalopram, loss of libido, 35 yr old male with major depression, letter, 39821
citalopram, neuroendocrine & 5-HT function measured by rectal temperature & heart rate & side effects & secretion of prolactin & cortisol & growth hormone, 22–29 yr old males, Switzerland, 3273
citalopram, neuropsychological function, female 73 yr old with pseudodementia, case report, conference presentation, 13159
citalopram, treatment of school phobia & panic disorder, 9 & 13 & 16 yr olds & their parents, 13000
citalopram treatment, 48 yr old male patient with salbutamol-induced panic disorder, case report, 43178

citalopram vs dothiepin, cognitive & psychomotor function, adults (mean age 29.3 yrs), 34650
citalopram vs fluoxetine, 21–73 yr olds with unipolar major depression, France, 19961
citalopram vs paroxetine vs imipramine, depressive behavior & intracellular neurochemistry, stressed rats, 21863
citalopram, 60–99 yr olds with dementia & behavioral disturbances, 23917
cyproheptadine, anorgasmia induced by citalopram, male 47 yr old with severe major depression, case report, 32448
efficacy of low vs high doses of citalopram, 75 yr old depressed female, letter, 12937
pharmacology & pharmacokinetics & plasma level monitoring of citalopram & other selective serotonin reuptake inhibitors, conference presentation, 9033
plasma citalopram enantiomers & metabolites, patients (mean age 77.2 yrs) with dementia & behavioral disturbances, conference presentation, 32411
response to citalopram with vs without lithium carbonate, 18–65 yr olds with major depression, 12935
short & long-term efficacy of citalopram on depression, adults, 9126
tolerability & safety of short & long-term use of citalopram, conference presentation, 9130
zimeldine & citalopram & inhibitory effects of serotonin reuptake blockers, sensitivity & neuronal firing in dorsal raphe nucleus, male rats with learned helplessness, 29588

Cities [See Urban Environments]

Citizenship—Serials

age & US vs non-US citizenship, M. Weber's Protestant Work Ethic, 17–40 yr old undergraduate & graduate students, 38525
ethnicity & generational status & duration in US & language usage & social capital, high school completion, 15–18 yr old immigrant 10th graders, 6 yr study, 43648
feminist framework & gender equity in social studies curricula & classrooms & practice of democratic citizenship through open confrontation of conflict, 17118
identification with ethnic &/vs national group, Nigerian students of different ethnicity, 35060
perceptions of European Community & regional identities, college students, Scotland vs Andalucia, 22240
Q-method study on conceptions of citizenship education, social studies teachers, 36951
representations of school life & teacher–child relationships through pretend play, development of citizenship skills, 6–9 yr olds, 24648
the process of concept exploration as exemplified in the case of undocumentedness, immigrants, political & economic & social & public health implications, 25978

Civil Law—Serials

class action civil rights litigation, institutionalized patients with mental retardation & other developmental disabilities, 43964
criminal vs civil offense severity & defendant status & professional relatedness of offense, judgment of defendant liability, college students, 1409
dysfunctional interaction & civil litigation for mortuary's negligence, grief-stricken survivors of deceased relatives, 28345
fiduciary theory & boundaries & boundary violations in therapeutic relationship & civil actions against therapists, 36918
findings concerning assessment of risk for violence, implications for potential expert witnesses in civil cases arising from employee caused workplace violence, 14132
history & future of civil mental health law, literature review, 33877
malpractice law & managed care organizations, 36921
psychiatric patient litigation following homicide, UK, implications for risk management, comparison with US data, 43966
role in factitious disorder civil litigation, consulting psychiatrists, implications for diagnosis & treatment, 28344
Supreme Court decision that inadequate provision of health care constitutes cruel & unusual punishment according to Constitution, mandated mental health services, inmates infected with HIV, 20920
tort reform & civil liability for health care, rhetoric vs empirical evidence, 36914

Civil Rights [See Also Client Rights, Equal Education]—Serials

access to services & family environment issues in United Nations Convention on Rights of Child, children with disabilities, 14141
class action civil rights litigation, institutionalized patients with mental retardation & other developmental disabilities, 43964
constitutional protection & Internet features controlling access by children & First Amendment rights & regulation of sexually explicit expression on Internet, 14127
cross-cultural views on United Nations Convention on Rights of Child, 14134
demographic data & federal & state policies on stepfamilies & stepparent stepchild relationships & model covering legal protections for stepchildren & rights & obligations of stepparents, 30162
family environment issues in United Nations Convention on Rights of Child, 14131
knowledge of children's legal rights & avoidance of lawsuits, school psychologists, 33262
marital status discrimination & challenges to legality of no spouse rules in the workplace, employees, implications for personnel management, 28204
role of research in implementing United Nations Convention on Rights of Child, 14138
United Nations Convention on Rights of Child & influence of international children's rights issues in US family policy, 14129
United Nations Convention on Rights of Child & policy challenges from philosophical & legal & political & constitutional & methodological & cross-cultural perspectives, 14135
US Constitutional & political issues in United Nations Convention on Rights of Child, 14130
1985 Supreme Court decision making assistance of psychiatrist constitutional right binding on state & federal government in order to plead defense, defendant in murder case, 20923

Civil Servants [See Government Personnel]

Clairvoyance [See Also Precognition]—Serials

out-of-body experiences & telepathy & clairvoyance & dreams & brain-scanning devices, male claiming frequent out-of-body experiences, 18029

Class Attitudes [See Socioeconomic Class Attitudes]

Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Eyelid Conditioning, Higher Order Conditioning, Unconditioned Responses]—Serials

ablation of motor cortex, delay vs trace classical conditioning of eyeblink response, rabbits, 37972
amylacetate olfactory CS paired vs unpaired with electric shock UCS, heart rate & behavioral responses, 16 & 23 & 75 day old rats, 18064
anterograde electrolytic lesions of fimbria/fornix vs entorhinal cortex vs dorsal hippocampus, contextual fear conditioning, male rats, 37984
apomorphine & immediate vs delayed exposure to circular alley, conditioned hyperactivity, male rats, 18312
associative conditioning paradigm in isolation of impaired learning characteristics, mutant strains of Caenorhabditis elegans, 29075
avoidance vs classical contingency training with varied shock CS & tone UCS intervals, learning of leg flexion response, dogs, 344
behavior systems approach to bidirectional excitatory serial conditioning, female rats, erratum, 363
bilateral icv 6-OHDA following desmethylimipramine treatment on days 2 & 4 after birth, performance on active shuttle & 1-way & rearing vs passive avoidance learning tasks, rats, 7091
biological significance in backward blocking, cue competition, rats, implications for apparent discrepancy between human causal judgment & animal Pavlovian conditioning, 18053

biologically significant target cue, forward & backward blocking in Pavlovian conditioning in animals vs acquisition of causal judgment in humans, rats, 6449
carbohydrate & preferred vs aversive taste solutions with vs without food, discriminative fluid intake conditioning, female rats, test of nutrient–flavor vs malaise analog hypotheses of conditioning, 6422
carisoprodol, classically conditioned blink reflex amplitude & duration, male adults, implications for drug tolerance, 41453
changes in CS-evoked discharge of single cells in mediodorsal nucleus of thalamus during differential heart rate conditioning, albino rabbits, 37959
classical conditioning of paired vs unpaired light stimulus with receptive female, cost of territorial aggressive behavior & mating success, male blue gourami fish, 37828
classical conditioning procedure using warm & cold water for UCS & tone for CS, bilateral hand reflex & skin temperature, 22–35 yr olds, 11079
classically conditioned associative learning with electrical stimulation of cerebellum as CS & unconditioned stimulus, male rabbits, 11009
classically conditioned behavioral treatment, cold elicited peripheral vasospasm, 19–54 yr olds with Raynaud's disease, 12 mo followup, 9223
classically conditioned pupillary dilations & thalamus & dorsal & posterior hypothalamus cell activity, paralyzed cats, implications for role of posterior hypothalamus in learning, 21622
cocaine, classical conditioning & behavioral sensitization of motor activity in unbiased conditioned place preference procedure, male rats, 6986
cocaine classical conditioning &/vs challenge, context-specific behavioral sensitization measured by locomotor activity & dopamine D1 & D2 receptor binding in striatum & nucleus accumbens, male rats, 15011
cognitive & ecological perspectives on functional themes in Pavlovian conditioning, 41201
conditioned serial feature-positive vs feature-negative discrimination, long-term retention, pigeons, 25381
context shift effect & forgetting of stimulus attributes in Pavlovian differential fear conditioning paradigm, male rats, 18092
direction & frequency of spontaneous head movements following forward & backward paired trials vs acquisition of conditioned orienting alpha response directed to side of tone source, cats, 37833
discussion of Pavlovian & operant conditioning as integrated learning process, 20939
dorsal hippocampal lesions, contextual control of classically conditioned autoshaped responding, male rats, 10954
early experience & interference, subsequent Pavlovian conditioning to previously encountered auditory or visual stimuli, preweanling rat pups, 6444
effectiveness of invertebrate use in demonstration of classical conditioning principles, psychology students, 5584
effectiveness of Pavlovian & Darwinian theoretical approaches in eye movement desensitization therapy, patients with PTSD, literature review, 31096
extinction treatments in appetitive conditioning, integrity of Pavlovian stimulus outcome associations, male rats, 10765
familiar vs unfamiliar alcoholic beverage consumption, cognitive & subjective & psychophysiological indicators of ethanol tolerance, male 18–25 yr olds, test of classical conditioning hypothesis, 25603
forward &/vs backward pairing of preexposed stimuli, affective-evaluative sensory learning, 19–34 yr olds, Germany, 299
heart rate conditioning to auditory CS, inputs to neurons in medial subnucleus of medial geniculate nucleus & changes in synaptic efficacy, albino rabbits, 10980
hedonic meaning in odors paired with positive vs negative experiences, odor evaluation, university employees & 15–68 yr old physiotherapy patients, 10605
inactivation of interpositus nucleus of cerebellum, learning-related activity of pontine nucleus during classical eye blink conditioning, rabbits, 38015
influence of Rescorla-Wagner model of Pavlovian conditioning in experimental psychology, 18036
initiating &/vs continuing light or noise CS paired with paraorbital shock UCS, eyeblink & fear, rabbits, 18073
initiation & maintenance & extinction of cocaine self administration with vs without conditioned reward, male rats, animal model of drug addiction & cocaine seeking behavior, 15084
interstimulus interval, acquisition of Pavlovian conditioning of morphine hyperthermia, male rats, 574
Konorski & Miller's vs Pavlov's conditional reflex II vs I conditioning paradigms in conditioning of motor responses, 18088
learning & processes of habituation & classical & operant conditioning, children with profound intellectual disability, 12389
legshock CS paired with tailshock UCS, tail-flick antinociception as associative learning vs pairing-specific enhanced sensitization vs protection from habituation in spinal conditioning, male rats, 14844
methamphetamine with vs without scopolamine, behavioral sensitization & drug conditioning, rats, 7114
methamphetamine with vs without scopolamine, behavioral sensitization & drug conditioning, rats, implications for reciprocal balance between dopaminergic & cholinergic systems, 21939
models incorporating interpretations of transverse patterning to simulate data on performance on loop problems, homing pigeons, 10763
muscimol induced temporary inactivation of cerebellar interpositus nucleus, acquisition of conditioned eye blink response, rabbits, 38120
muscimol infusions into ipsilateral cerebellum, acquisition of nictitating membrane response, rabbits, 38178
neurobiology & behavior in classical conditioning, snails, literature review, 29043
neuropsychology & contemporary views of Pavlovian reflex theory, 29242
nicotine CS paired with alcohol or soft drink UCS, skin conductance & heart beat interval & subjective & behavioral CRs & discrimination performance, 21–44 yr olds, 3204
nonlinear interstimulus intervals, memory representation of time, rats, 34357
nontarget stimuli & reinforcer random preexposure, key peck response acquisition, pigeons, general learned irrelevance demonstration, 34378
olfactory CS paired with shock UCS in retention interval & reinstatement of shock condition, heart rate & behavioral arousal, 16 day old rats, 41202
Pavlovian appetitive discrimination learning, marine molluscs, 41194
Pavlovian conditioning with red vs green signals, discrimination learning of rival presentation, male threespine sticklebacks, implications for agonistic behavior & territoriality, 6441
postexposure of sucrose solution after flavor-sucrose pairing, conditioned flavor preference, male rats, 37831
pretraining with naloxone-HCL or quaternary naloxone-methiodide or selective mu-peptide CTOP, Pavlovian conditioning & extinction & bradycardiac responses, rabbits, 41467
regional cerebral blood flow in subcortical & cortical areas after classical conditioning, females, implications for autonomic & affective & attentive brain mechanisms, 14978
retention interval &/vs context switch, latent inhibition, rats, implications for contextual change theories of forgetting, 34394
retention of nondeclarative & declarative tasks & classical conditioning, 17–29 vs 63–80 yr olds, 29837
role of images of CS & UCS in human classical conditioning, literature review, 34267
sexual conditioned behavior, male vs female Japanese quail, 34364
shock as UCS & adaptation to light & freezing as CS in avoidance-response learning paradigm, tadpoles, animal model of behavioral teratogenicity, 14793

smaller vs larger amount of sucrose, odor preference as a function of proboscis extension conditioning, honeybees, 6494
spatial contiguity between Pavlovian CS & UCS, ring doves, 18047
stimulus–reinforcer & location–reinforcer contingencies, resistance to change, pigeons, 18072
synaptic enhancement & enhanced excitability in presynaptic & postsynaptic neurons in classically conditioned stimulus pathway, marine mollusks, implications for role of persistent kinase activity, 41319
target stimuli yielding various amounts of rewards & penalties &/vs neutral stimuli, value transfer in discrimination learning, pigeons, 6454
temporal order in training or biological significance, differences in processing representations of CSs & UCSs, adult rats, 18060
training sequences for food procuring behavior, limbic cortex neuron activity & temporal characteristics of behavioral cycles, rabbits, translated article, 10950
unconditioned stimulus modality & intensity, blink startle & electrodermal responses, 17–53 yr old college students, 41407
visual pseudoword processing in differential conditioning paradigm, lateralized cortical ERPs, adults, Germany, 6718
visual stimuli paired with food in blocked vs unblocked exposure condition, latent inhibition, male rats, 41205
white noise or light Pavlovian CS paired with food pellets or liquid sucrose, extinction & spontaneous recovery of responding, male Sprague Dawley rats, 18081

Classification (Cognitive Process)—Serials

ability to spontaneously cluster exemplars from specific category during fluency task, 19–66 yr old patients with chronic early onset schizophrenia, 30925
accessibility of attitude toward category, cued recall & response time of categorization of multiply categorizable objects, college students, 11757
accuracy of response to prototype based on category vs exemplar, application of generalized context & weighted ratio models of categorization, 6317
adult-like formation of perceptually based categorical representations & underlying organizational structure of animal pictures vs artifacts involving novel categories & exemplars, 4 mo olds, 7209
age & linguistic condition, performance on class inclusion reasoning tasks, 5–8 yr olds, 18470
age, categorization of pretense as mental or physical activity, 3–8 yr olds, 11361
application of psychobiological animal conditioning model to amnesic category learning, test of hippocampal-region function theory, implications for human amnesia & learning, 21495
attendance to categorical distinction in object examining vs sequential touching task, 10–13 vs 13–16 mo olds, 22035
attribute value & diagnosticity, categorization of ambiguous products by type, adults, implications for consumer research, 5812
base rates, learning & choosing high vs low frequency categories, college students, 6382
black & white photographs of Black males & females & White males & females, judgment of target race & sex & response time, college students, 18908
body vs facial cues, categorical differentiation of animal species, 3 vs 4 mo olds, 7270
categorical perception of facial expressions, 9–10 yr olds vs adults, Netherlands, 18475
categorical perception of morphed facial expressions, 23–39 yr olds, England, 21330
categorization & feature specification in phonological acquisition, 3.1–5.8 yr olds, 11349
category discrimination of prototypes & transfer to artificial polymorphous stimuli, pigeons, 354
category familiarity & prototypical structure, discrimination learning of checkerboard stimuli & generalization to recognition paradigm, 18–35 yr olds, application of face inversion effect, 37719
category labels, priming for retrieval of typical vs atypical category members in social categories, college students, paradoxical implications for stereotype change, 2882
category superiority effect in recall of verbal vs pictorial stimuli, 18–24 vs 65–84 yr olds, 34829
category typicality of item & model of distinctiveness, item recall, college students, 21444
category use, classification during learning, college students, 41154
classification of entities as psychologically natural individuals in language & cognition, 239
classification of speech sound from personally familiar & unfamiliar face photographs, college students, UK, 2757
common coding approach to perception & action planning, conference presentation, 41083
comparison & construction & nominal metaphor interpretation in algorithm-level computational account of concept combination processes, 37737
computer simulations of syntactic categorization in early language acquisition & the role of distributional analysis in grammatical category acquisition, 38309
computerized category classification test to detect simulated malingering of memory deficit, college student controls vs simulated malingerers vs patients with amnesia, 28539
concepts & classifications of saving money, 16–72 yr old consumers, Netherlands, 24842
conceptual distinctions between mass & count superordinate categories & member co-occurrence & temporal proximity & spatial & functional contiguity & interactions & individuation, college students, 10712
conditional discriminations established by verbal instructions using paper and pencil format, stimulus equivalence, college students, 28842
connectionist model analysis of factors responsible for emergence of global & basic level category representations in young infants, 43940
correlation of category membership & magnitude, semantic distance for judgments of object size, undergraduates, 14611
correspondence of scientific categories with folk categories of trees, categorization processes & inductive reasoning, taxonomist vs maintenance vs landscape worker tree experts, 17936
cues from multiple independent stimulus dimensions, classification of complex sound-pulse, 19–28 yr olds, 10651
cultural stereotype & category activation, high & low prejudiced White college students, 18891
culture & language, color sorting, 18–82 yr old speakers of English or Russian or Setswana, 41060
detection & classification of same/different relations, capacity for abstract representation of identity relations between individual vs pairs of objects, monkeys vs chimpanzees, literature review, 6456
development of recognition of higher-order perceptual relational commonalities in patterns, 4 vs 6 vs 8 yr olds, test of relational shift & progressive alignment hypotheses, 25759
differences in language gender marking, classification of noun referents, English vs Spanish speaking 3 & 5 yr olds, Puerto Rico & US, 25765
echolocation, ability to form aspect independent representations & match 3-dimensional targets at haphazard orientations, bottle nose dolphins, 10773
EEG mapping with band powers & coherence & continuous estimation of high time & frequency resolution, sequences during category concept activation & patterns comparison, Ss, 14879
ERP & RT & response accuracy during rhyming & semantic classification of spoken words, 9.1–14 yr old average vs impaired readers, 7254
evolution & energetic profiles of nature & hierarchical systems & functional architecture of simplest cognitive system & semantic filter, 28845
executive function in working memory with Wisconsin Card Sorting Test, dysphoric college students, 11948
Exemplar-Based Walk Model for perceptual classification, prediction of response times, graduate students, 25271

exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, 21437
expertise, monetary typicality judgment, 18–28 yr old college students vs 25–60 yr old bank clerks, Italy, 2828
explicit vs implicit teaching & learning styles, word meaning negotiation in picture categorization game, 2.7–5.2 yr olds & their 5.8–7.6 yr old siblings & their mothers, 15242
extended generalized context model, time course of categorization of stimuli with multivalued dimensions, graduate students, England, 34218
face only & body only & whole animal inverted stimulus figures, categorical representation of animal species, 3 & 4 mo olds, 11387
facilitative effects of experimentally established self-instructions to sorting tasks & generalization to other tasks, 4–4.5 yr old preschool children, 43628
factors affecting & derivation of typicality ratings, 4.3–6 yr old kindergartners & 19–21.3 yr old college students, Greece, test of rating-based procedure, 41655
food vs nonfood related differential vs nondifferential outcomes in equivalence learning, 22–39 yr olds with Prader-Willi syndrome, 35982
formation of arbitrary stimulus classes in delayed matching task, 4–9 yr olds, 3375
foveal vs extrafoveal vision, structure & dimensionality of internal representations in learning & classification of Gabor signals, 20–30 yr olds, 2772
frequency level of target with distractor above vs below, classification of laterality of target vs distractor based on interaural delays, college students, 10655
general processing tree models for measuring latent cognitive processes in factorial categorization & application to speech perception data, conference presentation, 34083
grammatical rule adherence & chunk strength, classification in artificial grammar learning, 55–71 yr old amnesic patients with damaged diencephalon or hippocampal formation, erratum, 19618
grammatical rule adherence & chunk strength, classification in artificial grammar learning, 55–71 yr old amnesic patients with damaged diencephalon or hippocampal formation, 8618
grammaticality & specific item similarity & chunk frequency, recognition & classification memory judgments in artificial grammar learning, college students, 37777
group identification & perceived leadership effectiveness & prototypicality & social attraction, 16–59 yr olds in small Outward Bound groups, Australia, application of leadership categorization theory, 38659
high vs low salience of situational vs personal goals, across-category product choice & formation of consideration sets, college students, 24850
history of otitis media & tube placement, categorical responding to grammatical cue signaling, 14–16 mo olds, 39594
identification of important concepts in scientific document indexing, indexers, implications for conceptual & perceptual processing, 17886
individual differences in working memory capacity on verbal fluency, college students, 41153
individual vs group monetary incentives, productivity on card sorting task, college students, 28858
inductive vs frequency inference, group resemblance category coherence, college students, 6320
information processing speed & motor RTs & stimulus categorization, patients with vascular dementia vs Alzheimer's disease, 39530
internal structure of phonetic categories, within category phonetic trading & role of multiple acoustic properties in specification of exemplars of categories, adults, 10663
irrelevant information, probabilistic category learning using relevant information, adults, implications for hypothesis generation & connectionist & context & stimulus sampling models, 6374
item associations strengthened by time exposure &/vs confounded by output-order bias in categorizable item lists, cued item recall, college students, Germany, test of list-strength effect, 37763
knowledge based on grammatical rules vs associative chunk strength, classification in artificial grammar learning, college students, 37783
labeling strategies in conversation with parents during picture identification, Black vs White middle vs working class 3.0–5.9 yr olds, 34808
lateral distribution of late brain EPs during evaluative vs semantic categorizations, adults, 3112
learning compound classification, performance on reversal & single & double previously relevant & irrelevant dimension shifts, college students, application of AMBRY connectionist model, 28960
learning features as consequence of categorizing & representing objects, college students, Canada & France, 34284
learning of event categories, rich correlation structure vs less structured category, college students, 34277
letter-string feature frequency, classification performance in artificial grammar learning, college students, Canada, test of chunk frequency hypothesis, 41133
manipulation designed to induce recategorization on intergroup bias, helping & self-disclosure & evaluation, undergraduates, 38699
mental models used in categorization & experiential knowledge & recognition of specific cases, undergraduates, 17897
metacognitive models of abstract components of situation assessment & performance on tactical decision making & categorization tasks, male naval officers, 28846
modified Dempster-Shafer approach to classification, 17742
modulation by cerebral hemispheres & task properties & mode of response & age, dissociation between categorical & coordinate spatial computations, young vs older adults, 29247
neural network classifier training method using low-dimensional representation, performance on nonlinear image classification task, 33848
neurophysiological & perceptual processes in categorization of songs, birds, 463
nodal number & existing class sizes, equivalence class formation, college students, application of simultaneous protocol of baseline conditional & emergent relations training, 35204
noun-category bias in word choice, French & Spanish & English speaking 2–7 yr olds, Canada & Argentina & US, 25797
novel stimuli consistent vs inconsistent with category background knowledge, object categorization & missing-part detection, college students, 37717
novelty & word phrase vs tone sequence, basic-level object categorization, 9 mo olds, 21994
object generalization & category inference of simple visual figures, human observers, 37705
orthographic neighborhood, visual word recognition in progressive demasking vs lexical decision vs naming vs semantic categorization tasks, college students, Spain, 37696
overlapping categorizations, intergroup differentiation as influenced by cognitive category differentiation vs motivational social identity processes, 12–14 yr old females, 7384
passive viewing of vs graphemic or semantic encoding of word list, number of presented stimuli & time estimation, college students, 17812
perceptibility of categorically vs noncategorically related pictures vs words, 18–40 yr old college students, implications for semantic memory access, 41089
perceptual grouping, visual extinction, 63 yr old female & 78 yr old male with damage to right parietal cortex, 23515
perceptual similarity & categorization, 10- & 13-mo-olds, 29810
phonological & semantic categorization, ERP & RT & response accuracy, average vs reading-impaired undergraduates, 39269
pictorial presentation & visual search of White vs Black faces, multidimensional space vs interference vs race-feature hypotheses of cross-race face classification advantage, college students, 6323
pictures &/vs words vs acronyms of company logos, speed of categorization, 18–40 yr olds, 249

positive or negative context & matching vs mismatching product categorization, role of cognitive resources in consumer product judgments, college students, 40656
presence of internally structured perceptual categories in consonantal contrast, 3–4 mo olds, 11371
prior processing episodes, preference for categorizing objects at basic level, adults, 21348
probabilistic classification learning, 54–75 yr old patients with amnesia, 8617
probabilistic classification vs artificial grammar learning, nondeclarative learning task performance, 26–61 yr olds with Huntington's disease, 8616
prototype exemplar classification in matching-to-sample task, humans vs baboons, 25352
prototypes & additive evidence rules & linear separability in human categorization, college students, 34239
rating scale language, category activation & usage with bipolar vs unipolar scales, college students, 2476
reaction time in speed of response selection & stimulus categorization in information processing, 7 vs 12 yr olds, 38303
recognition of biologically-based commonalities between animals & plants & inanimate objects, 4–6 yr olds, Japan, 25754
regularity & quantity & complexity of written stimuli, word categorization & temporal judgments of stimulus duration, 17–51 yr olds, 6327
relevance shifts in validity of schematic faces dimensions, category learning, college students, Switzerland, comparison with learning in neural network models, 17988
reliance on visual & verbal information in isolation & together across ontological kinds in induction & classification of animals & machines, 3–5 yr olds vs adults, 739
retinal shape similarity of uncompleted elements or perceived shape of completed elements, perceptual grouping, college students, 6240
sample space formation in correspondence to category & motivation & attention based information, judgment accuracy, college students, 37720
self categorization theory of social psychology of determination of collective behavior & social movement mobilization, anti-abortion argumentation, England, 26085
semantic distance between target & background classes, category search, college students, Finland, 25275
sentences with attitude-value concepts low vs moderate vs high in relatedness & with weak vs strong primes or targets, semantic memory & truth vs falsity judgment & response speed, college students, 17950
similarity comparisons between & differentiation of pairs of basic-level categories, college students, 17935
simultaneous occurrence of emergent stimulus–response & stimulus–stimulus relations in matching-to-sample training, 4–5 yr olds, 38337
spatial orientation discrimination vs categorization of photographs & transfer, homing pigeons, 29060
spatially separate threat-related or neutral words within vs outside limits of foveal vision, classification of centrally located numbers, high vs low trait-anxious 17–49 yr olds, England & Ireland, 10688
speed of racial categorizations of ambiguous vs unambiguous targets, racially prejudiced vs nonracially prejudiced undergraduates, 35261
stimuli generated from artificial grammar, ability to discriminate items' conformity with grammatical rules & well- vs ill-formed items on liking test & rule conformity knowledge, adults, 10725
stimulus structure & perceptual exploration, decisional processes in haptic vs visual free classification, 4–9 yr olds vs adults (mean age 21 yrs), France, 11330
stimulus type & experimental task, categorization decisions, 4.4–4.9 yr olds vs adults, 3356
strategies for qualitative data categorization, 19–42 yr old data analysts, 17774
subordinate vs attribute level classification of pictures vs words depicting living vs nonliving things, 54–87 yr old patients with Alzheimer's disease with verbal vs visual deficits, 1604
successive stimulus pairing respondent training procedure, formation of conditional discriminations & equivalence classes, preschool children vs college students, Ireland, 28978
task analysis of shift from teacher to self instruction in performance of in-common sorting task, 4–5 yr olds, 13708
temporo-limbic & inferior temporal cortical lesions, category-specific semantic impairment in visual-perceptual vs functional knowledge of living vs nonliving beings, 62 yr old postencephalitic female, 36085
type of instructions & individual differences, choosing category or complementary semantic relations, college students, Canada, 21365
use of inclusion &œr elimination procedures, judgments of multiple alternatives, college students, Israel, conference presentation, 41098
varied stimulus onset asynchronies, cerebral hemispheric priming of non-associated category members, adults (mean age 22.5 yrs), 29317
varying levels of expertise, performance on basic-level categorization tasks, experts vs novices, 41071
verbal vs nonverbal categorization of dichotic syllabic stimuli, development of right ear asymmetry & virtual stimulus effect in auditory/visual association task, right-handed 8–12 yr olds, 14563
visual stimulation rate during object categorization tasks, attentional modulation of cortical activity, adults, 21607
1- vs 7-day retention interval, gist-based inference vs verbatim-based association in word category vs cluster vs instance recognition, 1st–6th graders, test of fuzzy trace theory of memory, 18492

Classification Systems [See Taxonomies]

Classroom Behavior—Serials

academic achievement & classroom behavior, 6–11 yr olds from homeless families staying in shelters, 43571
academic achievement & classroom participation & identification with school, African American vs White 8th graders observed since 4th grade, 43671
adaptation of music lessons, on task behavior & success with music tasks & peer interaction, male elementary special needs students, 17220
affiliative social set characteristics, 3 vs 4 yr olds, 803
application of functional analysis/assessment procedures for severe/common classroom behavior problems, implications for school psychology, literature review, 2256
apprehension about communicating in classroom, traditional vs nontraditional college students, 2307
argumentativeness, self reports of use of power in classroom, teaching assistants, 20623
attachment representations relation to school behavior & academic competency, middle childhood & adolescent students, Iceland, longitudinal study, 40447
attitudes toward & instructional strategies in science, classroom practice, teachers, France, 36967
autonomy in classroom, task value & self efficacy & anxiety & intrinsic motivation & performance, college students, 13746
child neglect with vs without abuse, academic achievement & school disciplinary problems, elementary vs junior high vs high school students, 4262
class task structure & teacher's accountability system, engagement in social interaction & strategies to pass, 11th graders in physical education dance class, Australia, 9950
classroom behavior change agents & academic inventions, 17140
classroom behavioral problems arising from misunderstandings of cognitive styles, students of cultural background different from norm of school, 13785
classroom peer relations, early school attitudes, kindergartners, 24651
comparative & interactive effects of teacher &/vs peer attention using functional assessment techniques, problem behaviors in general education settings, male 1st–4th graders, 2200
components of performance-based instructional models & academic achievement & student behavior, 17127
conceptions of school & teacher authority & self reported rule violations, 5th vs 7th vs 9th vs 11th graders, 5690

cooperative learning & task-oriented skills & person oriented skills, social skills & behavior in & out of classroom, 10–12 yr old students, Australia, 10 wk study, 33399
descriptive & functional assessment based curricular intervention, classroom behavior & task performance, 7–9 yr olds with emotional & behavioral disorders, 17225
differential reinforcement, inappropriate behavior & self-esteem, students with emotional & behavioral disorders (mean age 12.3 yrs), 17240
direct instruction vs cooperative vs independent learning instructional practices, on task & disruptive behavior, behaviorally disordered male 3rd graders, 17239
framework of academic responding according to learning hierarchy & components of reading intervention, students, 17122
frequency & severity of behavior problems in classroom, at-risk male &/vs female K–6th graders, 33496
generalized matching law in description of student behavior in classrooms, 6.8 & 7.7 & 10.4 yr olds, conference presentation, 40453
high vs low orientation to learning scores & humanistic or confluent instructional values & ratings of mathematics & science classroom teaching behaviors, student teachers, 17104
log linear & logit models of sequential analysis of classroom interactions, 17–18 yr olds, 21198
negotiation of classroom discipline, 1st yr teacher & his 9th grade students, application of negotiated order theory, 43660
perceptions of experiences in classroom discussions of text content, middle & high school students, 5669
positive vs negative vs combination letters to parents, disruptive classroom behavior, 12–14 yr old secondary school students, Australia, 5603
reliability & validity of Disruptive Behavior Rating Scale-Teacher Version, teachers of 5–10 yr old students, 25055
School Behaviour Game as a measure of children's perceptions of school, problematic vs non-problematic 8–11 yr olds, implications for guidance & counseling, 40932
standards for classroom behavior of behaviorally disordered students, elementary & secondary school teachers across cascade of special education placements, 13848
teacher approval vs disapproval, student social classroom & academic behavior, teachers & students from 3rd–4th vs 5th–6th grades, 20616
traditional vs modified model of task role collaboration, participation & productivity, 4th–5th graders, 43614
transgressions during peer interaction involving physical vs psychological harm vs property loss vs damage & teacher responses, male vs female 3–6 yr old preschool student victims, 2209

Classroom Behavior Modification—Serials

acceptability of behavior management interventions & testing accommodations & instructional modifications for mainstreamed students, teachers, literature review, 13829
choosing academic assignments, undesirable behaviors, male 7 yr old with ADHD, 33420
classroom behavior change agents & academic inventions, 17140
classroom intervention strategies, management of behavioral disturbances & cognitive deficits, traumatic brain injured children & adolescents, 17233
comprehensive classroom behavior management program, academic performance & on task behavior & teacher ratings & satisfaction, emotionally & behaviorally disturbed elementary & high school students, 13813
concentration problems, classroom based preventive intervention for aggressive & shy behavior, urban 1st graders, 9959
consultation and performance feedback, integrity in reinforcement based intervention implementation in classrooms, female 3rd grade teachers, 33418
cooperative learning & task-oriented skills & person oriented skills, social skills & behavior in & out of classroom, 10–12 yr old students, Australia, 10 wk study, 33399
debriefing strategy & transition step for promotion of proactive & preventative behavior, students, 43612
descriptive & functional assessment based curricular intervention, classroom behavior & task performance, 7–9 yr olds with emotional & behavioral disorders, 17225
differential reinforcement tokens, disruptive classroom behavior, 5.5–6.8 yr olds with mental &/or physical handicaps, 33530
DRO interval schedule, inappropriate classroom behavior, 14 yr old male with learning disabilities, 2234
effectiveness of timeout in classroom setting, 9–12 yr old males with moderate to severe developmental disabilities, 33559
explanations for & severity of student behavior problems & experience level, preference for positive vs negative interventions, teachers, 33375
functional analysis & peer interventions, disruptive classroom behavior, 7–9 yr old males with behavior problems, 33381
goal setting & feedback applied to teacher behavior, student behavioral changes, 6 yr old males with emotional disturbances, 33543
group intervention focused on planning & perseverance at prosocial behavior & flexibility, 2nd graders with & without emerging behavior problems, 33385
guidelines for responding to & management of student misbehavior, school principals & teachers, 24639
individual vs group instruction from behavior management consultants, control over K–3rd graders with chronic behavior problems in class, teachers, 13682
levels system of self-management & self-recording within classroom token economy, inappropriate verbalizations, 13 yr old male students with learning disabilities, 43681
manipulation of classroom instruction & demand & attention, performance under analog assessment, 7 yr old female with severe intellectual disabilities & aggressive behavior, 16539
model of functional assessment & curricular revision to promote desirable behavior, 17124
perceived efficacy of intervention strategies, teachers of students with behavior disorders, 43679
positive vs negative vs combination letters to parents, disruptive classroom behavior, 12–14 yr old secondary school students, Australia, 5603
public school program of scheduled toileting opportunity at time of increased likelihood of urination & positive reinforcement, toileting skills, 8 yr old male with pervasive developmental disorder, 37107
research issues & needs regarding teacher use of classroom management strategies, students with emotional & behavioral disorders, 17229
response cost treatment package, classroom behavior, 3–5 yr old aggressive male preschoolers & their teachers, 27225
scripting procedure to modify sequences of behavior management statements while retaining teacher–student interaction, 4.7–5.4 yr olds with inappropriate play behavior & their teacher, 40396
self-initiation & situational discrimination for inappropriate target behaviors, independence of self-management, 7 & 14 yr old males with developmental disabilities and inappropriate vocalizations, 33540
self management intervention program with adult attention contingent on appropriate behavior, disruptive classroom behavior, 6 yr old male with average intellectual functioning, 32154
self-management intervention requiring alternating written vs verbal responses, response efficiency & learning rates, 10–11 yr old males with behavior disorders, 33555
standards developed for regulating use of behavioral procedures in schools, state departments of education, US, 1994, comparison with 1989 study, 36972
systemic POETICS model, conceptualization of learning & behavior problems in classroom & application by teachers & counselors, 10022
time in alone vs combined use of time in & time out, treatment of noncompliance in classroom setting, 4 & 11 yr olds with speech language disorders, 32161
use of different schedules of reinforcement in enhancement of academic performance, educators, 40393

use of school &/vs parental interaction & help seeking behavior & behavior modification, student behavior problems, junior secondary school teachers, Ghana, 33503

Classroom Discipline—Serials

arguments for & against corporal punishment in secondary schools, 14–16 yr old students vs parents vs teachers, Zimbabwe, 24663
discipline & control problems & problems in school mathematics tradition, high school teachers, 20545
negotiation of classroom discipline, 1st yr teacher & his 9th grade students, application of negotiated order theory, 43660
perceived efficacy of intervention strategies, teachers of students with behavior disorders, 43679
perceived problem solving ability & success vs failure feedback, attributions, teacher trainees, 40353
teacher personality & pupil control ideology & leadership style, classroom management & attitudes toward corporal punishment, K–12th grade graduate student teachers, 9826
teacher reprimand & peer prompts & time-outs with vs without methylphenidate, male 8 yr old with ADHD, 33546
teaching knowledge & skills & management strategies for their students talking-out-of-turn, elementary school teachers, England, 36956
use of corporal punishment in schools, 20624
views on & use of corporal punishment in schools, 23–60 yr old secondary school teachers, South Africa, 5576

Classroom Environment—Serials

age & class size & supportive statement on syllabus, willingness to seek help from college instructors, college students, 33507
alternative vs traditional forms of education & teaching styles, 1st–8th grade classrooms with student vs nonstudent teachers, 27978
autonomy in classroom, task value & self efficacy & anxiety & intrinsic motivation & performance, college students, 13746
change in classroom from single- to mixed-sex, gender schemata, 2nd–12th graders, longitudinal study, 17207
changes in personal achievement goals & perceptions of classroom goal structure & perceived academic competence during elementary to middle school transition, 5th graders, 1 yr followup, 40421
characteristics of classroom contexts that influence motivations for reading, 37066
class & feminism & personal experiences & model of feminist classroom environment for graduate level clinical training, 33215
class size, evaluation of teaching quality, college students, Spain, 13783
classroom assessment environment, mathematics & science achievement, 7th & 10th graders, 4 yr study, 43623
classroom discourse stress & reconciliation of opposing social contexts through language, 7th & 8th grade males & their teacher of ESL, 9948
classroom social environment, fluidity of relationships & changes in social group stability, 4th–5th & 7th–8th graders, 1 yr study, 9956
conceptual foundation & implementation of Time-out Grid as heuristic tool for analyzing & solving behavior problems in classroom environments, 2206
conditions in classroom related to teacher & student roles & relations, production of quality school work as defined by W. Glasser & J. Dewey, 33470
consultative & direct service roles as tutoring alternatives & strategies for functional classroom intervention by speech language pathologists, children with language disorders, 20665
cooperative vs regular classroom structure, academic task values for mathematics & language & perceptions of personal social satisfaction, junior high school students, New Zealand, 24661
demonstrations vs problem-solving exercises in science education, elementary school teachers & students, Mexico, 43593
development of consciousness & coming out to class & colleagues, student responses & classroom atmosphere, lesbian 5th grade teacher, 13680
developmental synthesis perspective on peer & classroom social networks & social skills training & behavior, students with disabilities, implications for special education service delivery, 13826
discourse analysis of science education, high school students, conference presentation, 43602
educational participation & performance & accommodations, 4+ yr old students with spinal cord injury or disease, 40479
evaluation of combined classroom model, 4th & 5th graders with vs without learning disabilities or emotional & behavioral disorders, 2225
experience with word processing & perception of classroom environment, male vs female high school students in computer supported writing class, 33406
impact of computer use on classroom structure & functioning, literature review, 24521
integration between psychology & Christian faith in classroom setting & informal student–instructor interactions, 40281
integration of home & school literacy programs, 17145
interaction of environment & private events & exercises in self-observation for use in classroom, 33402
internal scores per item ratio in subclass independence & concurrent validity tests of 3 paired classroom belief items in Rotter's Internal External Locus of Control Scale, college students, 14251
moral perception & teachers' facilitation of classroom practice, perceptions of student, 4th grader entering school for 1st time, 2207
multiple linear regression & hierarchical linear modeling, analysis of effects of perceived psychosocial climate of mathematics classes & student outcome, 5th graders, Singapore, 33452
need to improve empirical basis of interventions in curriculum design & classroom management & academic remediation, implications for teacher training, 36927
parental expressed affect & control behaviors, classroom social acceptance, 4.8–6.4 yr olds, longitudinal study, 11442
peer interactions & class size & forms of work & seating arrangement, private communication, 7–9 & 10–12 & 13–15 yr olds, Sweden, 17193
perceptions of classroom management style, beginning vs experienced elementary teachers, implications for school counselors, 33357
perceptions of gender bias in classroom, emotional reactions & levels of distraction & subsequent performance, graduate students, 13787
reported use of classroom behavior management strategies & student–teacher interaction, teachers of 5–15 yr old students with serious behavior disorders, 17230
representation of self & teachers in drawings of classroom life, 4th graders in teacher centered vs child centered classroom settings, Tanzania vs Sweden, implications for social scaling & space, 7310
role of technology & materials & participants, designing & enhancing learning environments, 43933
seating in front vs back of classroom, achievement motivation at semester beginning vs end, college freshmen, 20582
teacher assessment strategies & attitudes toward student learning & process skills & school policy, Year 2 teachers, England, 36959
teacher reprimand & peer prompts & time-outs with vs without methylphenidate, male 8 yr old with ADHD, 33546
test & interrater reliability of Early Childhood Environment Rating Scale, 2–5 yr old nursery school students, England, 28595
within class grouping, student achievement, meta analysis, 33408

Classroom Instruction [See Teaching]
Classroom Teachers [See Teachers]

Claustrophobia—Serials
cognitive appraisals in claustrophobia, college students, implications for S. Reiss & R. McNally's expectancy model of fear behavior & A. Bandura's self-efficacy theory, 19244
development & factor analyses of Claustrophobia Situations Questionnaire & Claustrophobia General Cognitions Questionnaire, college students with claustrophobic symptoms, 2594
eye movement desensitization & reprocessing, 53 & 68 yr old males with claustrophobia, 27221
Cleft Palate—Serials
infant & maternal & family/social characteristics as early predictors of attachment status, infants with vs without cleft lip & palate vs cleft palate at ages 3 & 12 mo, 31629
issues in cleft palate speech & phonological consequences of early articulatory constraints, 23220
Clergy [See Also Chaplains, Ministers (Religion), Priests]—Serials
attitudes toward & factors affecting belief in Christian ecumenical unity, clergy & laity from 8 Christian traditions, 35038
benefit of training for identification & treatment of depression, clergy, letter, 31990
chronological age, survey response rates, male vs female clergy ordained in Anglican Church, Wales & England, 11747
domestic violence training program to address pastoral concerns, male Anglican clergy, Australia, 36560
mental health values, Catholic vs Baptist vs Methodist clergy vs clinical psychologists, 36568
monetary contributions & voluntary labor & family & friendship ties & congregation size, member power, members & ministers of Anglo American & Korean ethnic churches, 35042
mysticism as expression of religiosity & personality, male Anglican clergy, 28433
need for collaboration in training & research between clergy & family & marriage therapists, 33225
neuropsychological & personality & vocational characteristics of youth molesters, male clergy in residential treatment, 26602
personality characteristics, male vs female Anglican stipendiary parochial clergy, England & Ireland & Scotland & Wales, 42086
psychological aspects of sexual functioning, cleric vs nonclerical alleged child molesters, 8114
role in recognition of & interventions for elderly suicide, mental health professionals & clergy, implications for collaboration, 23980
test retest reliability of MMPI-2, male clergy, 4 mo followup, 5998
Clerical Secretarial Skills—Serials
interkey timing in piano playing &/vs typing performance, skilled pianists, 41052
Client Abuse [See Patient Abuse]
Client Attitudes [See Also Client Satisfaction]—Serials
acceptability & usefulness of interactive computerized patient education, implications for family practice, literature review, 39947
accuracy of perceptions of patient disinterest or embarrassment by discussions about health-risk behaviors, clinicians of 11–16 yr old patients, 23994
articulation of unconscious belief systems & relation to psychoanalytic work, clients & therapists, 23828
attitude toward forced medication while in treatment vs upon discharge, consecutive forcibly medicated acute-care psychiatric inpatients (mean age 42.1 yrs), 27415
attitude toward presence of clinical medical students during consultations with general practitioners & support for community based general practice medical training, patients, 33194
attitudes about & psychosocial reasons for self-harm, 22–46 yr old females in maximum security psychiatric hospital, England, 42474
attitudes about medication & factors affecting noncompliance with drug therapy, psychiatric patients, 32523
attitudes of members of Alcoholics Anonymous on the organization's agenda, 60–82 yr olds who have achieved 15–50 consecutive yrs of sobriety, 24329
attitudes of therapist & patient & system, practice of brief vs long term psychotherapy, commentary, 8784
attitudes to consulting pharmacists & preferences on sources of information on health & drug matters, 65+ yr olds, Wales, 39943
attitudes toward & actual voting participation in election, hospitalized patients vs outpatients with schizophrenia, Israel, 42336
attitudes toward & experience of computerized vs physician administered Present State Examination, assessment of current symptoms, 17–58 yr old psychiatric patients, 10440
attitudes toward accommodation service, community dwelling moderately to severely learning disabled 27–73 yr olds, implications for service planning & evaluation, 16854
attitudes toward discharge housing decisions & locus of control & occupational therapy team & family involvement & activities of daily living status, 60–90 yr olds in stroke rehabilitation, 13479
attitudes toward nursing homes, subsequent nursing home utilization, 65–108 yr olds, 13376
bromocriptine, deficits in clinical motivation & reward responsivity & frontal cognitive function, 26–55 yr olds with brain injury due to trauma or subarachnoid hemorrhage, 20099
client & counselor relationship attitudes & humanistic conditions facilitating effective rehabilitative counseling relationship & treatment outcomes, 40152
client & counselor sex & religiousness, perceptions of counselor actions in supportive vs challenging interventions, religious clients, 19734
client perception of their substance abuse & environmental influences & treatment methods, 15–59 yr olds in a 30-day treatment program, implications for rehabilitation counseling, 33033
client perception of therapeutic process & underlying philosophy of mutual sexuality of Sexual Concerns Unit & treatment outcomes, male & female adults, 32883
clients' feedback on therapeutic experiences & meaning, relational processes of affirmation & discovery & congruence of significance to systemic therapy, family members, 12871
computerized interview instrument, assessment of perceptions of general practice care, patients & general practitioners, Australia, 6082
consulting techniques & patient's understanding of self diagnosis of myalgic encephalomyelitis, clinician & patient, 32783

clinical vs actuarial judgment & metascience & methodological knowledge under conditions of uncertainty, 25139
clinically relevant variables & physician specialty, primary treatment recommendations for agitated dementia patients, geriatric psychiatrists vs primary care physicians vs neurologists, 27908
cognitive moral development, ethical guidelines in psychology & counseling & social work & ethical decision making in practice, counselors, 5549
comparison of application of knowledge from professionals with different backgrounds to 3 case vignettes in forensic psychiatry, 27 & 36 yr old males & 36 yr old female, UK, 43950
constructivism & narrative conceptualizations of problems in living & PTSD, implications for clinical assessment & psychotherapy, 16492
controlled release physostigmine salicylate, cognitive ability & clinical global impressions & mental state & activities of daily living, patients with Alzheimers disease, 20105
culture & meaning, formation of diagnostic impressions during medical crisis counseling, deaf & hard of hearing community members, 9229
detection rates of domestic violence in emergency department, doctors & nurses, Australia, 33006
efficacy of AUDIT vs CAGE vs brief MAST, identification of hazardous or harmful alcohol use in general hospital admissions, 17–91 yr old medical inpatients, Scotland, 23074
ethical & legal & treatment considerations in working with self mutilating & lethal patients, psychotherapists, 32077
evaluating patient motivation, fieldwork coordinators at physical rehabilitation settings, 33101
evaluation & cognitive-behavioral & family therapy & social skills training in factors of aftercare, adolescent suicide attempters, 32006
evaluation of inverted pyramid heuristic for development of client conceptualization in education & supervision, counselor trainees, 9724
evaluation of reliability & accuracy in judging appropriate level of care, clinicians using case profiles, 36833
factors determining perceptions of encounters with clients during intake interviews, predominantly psychoanalytically oriented intake workers, 19721
factors most commonly considered in recommending psychiatric hospitalization & reliability of the recommendations, staff of a Community Mental Health Center, 32995
feasibility of think aloud methodology for study of clinical decision making & types of heuristics used & relation to expertise, nurses in cardiovascular vs neurosurgical intensive care settings, 9752
form & frequency & course & outcome of common psychological problems & role of comorbidity in disorder recognition & likelihood of receiving treatment, adult primary care patients, 13264
forward & backward recall factor analyses, 5–19 yr olds, implications for clinical interpretation, 25066
grand rounds on Lyme disease given by pharmaceutical company representative, drug of choice treatment decisions, medical residents, 2121
incremental validity of MMPI-2 content scales vs clinician ratings with SCL-90 & Brief Psychiatric Rating Scale & Global Assessment Scale, 18–63 yr old psychiatric patients, 2576
individualistic social values, sex bias in choice of utilitarian vs expressive clinical hypotheses about client's difficulties in case vignettes, practicing psychotherapists, 5523
judgments of client's decision making capacity using "sliding scale" model, 22649
methods used in research vs clinical setting for assessment of personality disorders, psychiatrists & psychologists & clinical social workers, 39128
new guidelines of decision problems from the point of view of moral philosophy, psychiatrists, 40323
nurse's estimate vs child's selfrating of postoperative pain, 3–15 yr old tonsillectomy patients, Denmark, implications for analgesic treatment, 9285
nursing interview protocol, identification of battered females, emergency room nursing staff, 5379
objective structured clinical examination, cognitive knowledge & clinical skills, prospective physicians, Canada, conference presentation, 9718
overcautious decisions & need for risk assessment & who should assess risk, clinicians, 36912
participation, commitment to medical decisions & subsequent satisfaction & response & self efficacy, White vs Asian American 15–57 yr old medical patients, 20202

past & future trends in pretrial clinical evaluations for competence to stand trial & criminal responsibility, 14146
perceived legal defensiveness or risk or civil or criminal sanction, decisions regarding benefit vs medical futility of life sustaining treatment for terminally ill patients, physicians, 24151
perspectives on clinical reasoning content of occupational therapy reading materials & lectures & courses relative to orthopedic injuries, students vs faculty, 20442
philosophical theories of well being in analysis of lithium treatment decisions, male patient with hypomania, commentary, 9132
philosophical theories of well being in analysis of lithium treatment decisions, male patient with hypomania, 9127
philosophical theories of well being in analysis of lithium treatment decisions, male patient with hypomania, commentary, 9154
practice patterns & treatment choice for anxiety & depression, psychiatrists vs experts in consultation liaison psychiatry, 13615
quality & cost & ethics & legal concerns in clinical decision making & physicians' responsibilities, implications for medical education, 13643
quality of care & severity of illness, decision to refer patients to inpatient care vs less restrictive alternative care, mental health clinicians in hospital psychiatric emergency services, 9539
race & social class & gender biases in clinical judgment & psychodiagnosis, literature review, 30669
rates of & reasons for consultation with & frequency of risk assessment at last visit to general practitioner prior to completed suicide, male vs female under 35 yr olds, England, retrospective study, 5246
reliability of defined function assignment to problem behaviors of people with intellectual disability, psychologists, Australia, 1441
risk assessment & identification & management & training issues, forensic psychiatrists, 37319
role of clinical problem solving & insights in teaching & learning across the medical school to practice continuum, 2120
role of consultation liaison psychiatry service in HIV/AIDS inpatient unit & identification of mood & related disorders by referring doctors, HIV/AIDS patients, Australia, 43421
schema polarity model for case conceptualization & incorporation of oscillative processes & nonlinearity & continua, implications for research & clinical intervention, 23523
self-efficacy as valid cause of behavior & effects of debate between cognitivists & behaviorists on psychology teaching & clinical decision making, 17911
SES & health & sex & insurance status of patients, decisions made by general practitioners, 15–65+ yr old patients & their physicians, 24148
sexism & feminism in clinical decision making, 21–64 yr old entry-level marriage & family therapy students & therapists with vs without gender issues training, 17045
skin tone, clinical judgments & attributes & primary diagnosis & diagnostic severity of female African American client, African American vs European American psychologists, 17071
symptomatology of effects of child sexual abuse & ways in which professional & academic research construct women's & children's subjectivities, 42478
the relationships between sociocultural experiences & world view & clinical reasoning, female occupational therapist from India, case reports, 33104
training in client based neuropsychology & treatment, assessment of substance-abusing patients' level of cognitive impairment without prior neuropsychological data, counselors (mean age 34.3 yrs), 19364
treatment & causes of chronic psychosis & need for new nosolgy, 19199
understanding mind vs body dilemma of chest pain, 42692
use of combined informants for measurement of conduct & oppositional disorders, 6–16 yr olds, 16035
use of critical pluralism as way of using purist voices without losing touch with pragmatist ethics in psychoanalysis, clinicians, 32309
validity of model of confusion based on Clinical Assessment of Confusion-A checklist, nurses, 40907
video analysis & rating of symptomatic & expressive behaviors of depression, psychiatrists, 14 countries, implications for drug therapy, 19161
videotaped occupational therapy evaluations with vs without classroom-as-clinic format , diagnostic reasoning skills, 20–40 yr old occupational therapy students, 33415

Clinical Judgment (Psychodiagnosis) [See Psychodiagnosis]

Clinical Markers [See Biological Markers]

Clinical Methods Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Community Mental Health Training, Psychiatric Training, Psychoanalytic Training, Psychotherapy Training]—Serials

attendance at sexual attitudes reassessment workshop & sexual orientation & educational background, attitudes toward bisexuality, therapists, clinical education implications, 24419
clinical & administrative health care skills & clinician responsibility & training, managed behavioral health care, 31981
cognitive style & theoretical orientation, preference for task vs relationship oriented supervision, 25–54 yr old psychology graduate students in predoctoral internship programs, 24438
content analysis of H. A. Seymour's 1st American music therapy text 'An Introduction Course in the Use & Practice of Musical Therapy', 9697
current practices & views in teaching DSM to students, member training programs of the American Association for Marriage & Family Therapy Education Training Council, 33186
delivery time of verbal & graphic feedback &/or praise, recording of reinforcer delivery & client's problem behavior, direct care trainers working with mentally retarded persons, 33207
Department of Defense Psychopharmacology Demonstration Project, training in prescription of psychotropic medications, doctoral level psychologists, 24446
development of clinical instruction skills evaluation instrument, pediatric clinical instructors & trainees, Kuwait, 124
development of Infant Mental Health Clinical & Training Program, mental health trainees, 36868
ethical decision making in clinical settings & strategy for clinical ethics training in psychiatry supervision, psychiatry residents, 17057
evaluation of training course to manage challenging behavior in persons with learning disabilities, care staff, 43507
importance of continuing clinical supervision, school psychologists, 20423
Internet course for clinical training in substance abuse & addiction treatment, psychiatrists completing the course, 43497
knowledge of psychopathology & psychological testing, feigning schizophrenia on MMPI-2, psychiatric residents & clinical psychology graduate & undergraduate psychology & outpatients with schizophrenia, 35590
mentoring relationship in psychiatry & literature & philosophy, 36860
pediatric hypnosis course, acceptance of hypnosis & usefulness of hypnotic strategies in practice, course graduates, 13105
postgraduate course in child & adolescent psychiatry based on British approach, England & Russia, 27875
Question cube 3 dimensional model for constructing questions based on format & orientation & subject during training, couple & family therapy students, 33181
regional implementation strategy for local evidence-based clinical guidelines, knowledge & behavior, general practitioners, 2 yr followup, 40279
staff stress & training & management in services for people with learning disabilities & challenging behavior, bibliography, 13549
staff training package, clients' increasing community integration, behavioral aides for adults with severe & profound mental retardation attending day treatment activity center, 27880

storytelling in clinical training, reconceptualization of client poverty/class issues & knowledge integration into practice, clinicians, 13572
structured clinical preparation time during instruction, diagnostic & equipment skills & ability to develop client care plan, nursing students, 20448
training procedure for changing approaches to prevention & management of aggressive behavior in residential treatment unit for persons with mental retardation & challenging behavior, staff, 36855
UNICEF Psychosocial Training Project, therapeutic skills for dealing with effects of war traumatization, psychologists & therapists & social workers, Bosnia, 33182
use of medical student log for articulation of minimal educational goals in psychiatry training, core clinical experiences & psychiatric screens, 13581
1st interview with social worker, percentage of appointments kept, inner city children at mental health center & therapists trained vs not trained in engagement skills, 18 wk study, 16852

Clinical Psychologists—Serials
adherence to DSM-III-R criteria in diagnosis of personality disorder, psychologists & psychiatrists, replication, 12109
attitudes toward lesbians & lesbianism, clinical psychologists, Britain, implications for training, 965
Beck Depression Inventory use frequency rankings, clinical psychologists, 1990–96, literature review, 14327

mental health values, Catholic vs Baptist vs Methodist clergy vs clinical psychologists, 36568
practical & conceptual arguments for & against prescription privileges & American perspective, psychologists, Canada, commentary, 9782
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary, 9796
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary reply, 9785
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, 9784
prescription privileges & issues concerning ethics & training & psychology as science in its own right, psychologists, Canada, commentary, 9788
professional characteristics & demographics & issues & theoretical orientations & future practice plans, 21–60 yr old clinical & educational psychologists, Hong Kong, 24474
program & job related activity, 28–56 yr old clinical vs counseling psychology graduates, 20384
research publication productivity, clinical vs counseling psychologists, 13516

Clinical Psychology—Serials
American Psychological Association Division of Clinical Psychologists recommendations for empirically validated treatment, implications for Australian Association for Cognitive & Behaviour Therapy, 36842
APA accredited doctoral programs in clinical & counseling & school & combined professional-scientific psychology, 1996, 13529
client satisfaction with outpatient services in clinical psychology, adult patients at university-based clinic, New Zealand, 27674
clinical knowledge based on anecdotal impressions vs quantitative research on diagnostic & therapeutic procedures & applicaiton of scientific method to human behavior, 28369
defense of clinical treatment for homosexuality, 27081
disrupted moral dimension, differentiation between clinical vs nonclinical reaction to trauma & loss, 3–10 yr olds with war-related loss, Canada, 18613
empirical validation of psychological practice in health settings, 36841
European influences on L. Witmer's concept of clinical psychology & first psychology clinic in North America, 2461
European influences on L. Witmer's concept of clinical psychology & 1st psychology in North America, 28383
goals & clinical indications & methodology & role of transference & shock effect & reality testing & strengths & weaknesses in family psychotherapy, 23756
history & future of psychotherapy, clinical psychotherapists, commentary reply, 20391
history & future of psychotherapy, clinical psychotherapists, commentary, 20392
history & future of psychotherapy, clinical psychotherapists, commentary, 20390
history & future of psychotherapy, clinical psychotherapists, commentary, 20386
integration of clinical & environmental psychology research & theory, literature review, 10190
integration of cognitive & clinical & individual perspectives in autobiographical & recovered memory therapy, literature review, 4739
interactions between science & practice in clinical neuropsychology, 6663
issues in future of clinical psychology practice, implications for Christian psychologists, 17019
local clinical scientist model, science & attitudes & clinical practice, clinical psychologists, commentary, 13621
major events in history of psychological practice, conference presentation, 27143
need for & development of Canadian Psychological Association definition of clinical psychology field, 2105
polarization between psychology training & clinical psychology practice, 27853
quantitative trends in number of articles & geographic location of authors & author affiliation in "Journal of Abnormal Child Psychology", 1973–1996, 27855
sexual harassment & potentially sexualized patient behaviors in clinical practice, 30–91 yr old female psychotherapists, 20387
study of sexual inequality in clinical psychology, 30224
tribute to L. Witmer & role in clinical psychology, commentary, 20937

Clinical Psychology Grad Training [See Also Clinical Psychology Internship]—Serials
attitudes toward lesbians & lesbianism, clinical psychologists, Britain, implications for training, 965
attitudes toward predoctoral prescription training for psychologists, directors of clinical training, 24425
class & feminism & personal experiences & model of feminist classroom environment for graduate level clinical training, 33215
coverage of gerontological issues in clinical & counseling psychology programs, training directors of APA accredited doctoral programs, 43504
curricular content of child clinical vs school psychology practitioner training programs, 9708
development of standardized Association of Professional Psychology Internship Centers predoctoral internship application forms, internship training directors, 17040
developmental stages of psychotherapy supervision, psychotherapists, implications for graduate school & internship training, 5474
emancipatory learning context for psychotherapy training, students & trainers, 24443

importance of various selection criteria & perceptions of selection process for APA-accredited internship programs, training directors, 17047
interactions with educators & judgements of ethicality of behaviors between client & therapist, clinical graduate students, 43540
paired-comparison ranking technique vs M. C. Jacob's decision grid for assisting with internship selection decisions, graduate students, 17066
practicum guide to facilitate independence in development of competence in clinical skills, novice clinicians, 5491
preference for doctoral applicants to have BA vs MA degree & scholarly research &/vs clinical experience, Directors of PsyD training from APA-approved professional programs, 13791
preinternship practicum requirements & definitions of practicum experience & supervision practices, directors of APA accredited clinical psychology graduate training programs, commentary, 17046
priorities for professional training in psychology, training program directors, Canada, 24412
processes of imparting knowledge & self-understanding & shifting hierarchies in marriage & family therapy clinical supervision, 24435
seminar as classroom & clinic & student self esteem & perceived threats to teacher's expertise, organization of psychodynamic processes governing diagnostic teaching seminar, 13588
teaching of controversial memory recovery techniques for suspected childhood sexual abuse & facilitated communication in APA accredited clinical vs counseling psychology PhD & PsyD programs, 36878
training program in consulation liaison child & adolescent psychology, 9716
transition from pre-doctoral psychology internship training to clinical practice in managed mental health care settings, therapy trainees, 24420
use of Thematic Apperception Test in syllabus of clinical psychology doctoral programs, clinical training directors, 33990

Clinical Psychology Internship—Serials
APA accredited predoctoral internship training programs in psychology, 1996, 13530
development of standardized Association of Professional Psychology Internship Centers predoctoral internship application forms, internship training directors, 17040
developmental stages of psychotherapy supervision, psychotherapists, implications for graduate school & internship training, 5474
experiences at historically White university, Black intern clinical psychologists, South Africa, implications for supervision, 24436
importance of various selection criteria & perceptions of selection process for APA-accredited internship programs, training directors, 17047
open studio approach to art making, art therapy interns, 17068
paired-comparison ranking technique vs M. C. Jacob's decision grid for assisting with internship selection decisions, graduate students, 17066
perception of clinical vs counseling students as competitive internship candidates, internship training directors, 36866
post-notification perceptions & professional organization & academic training program response to internship position shortage, unplaced predoctoral internship applicants & academic training directors, 36858
preinternship practicum requirements & definitions of practicum experience & supervision practices, directors of APA accredited clinical psychology graduate training programs, commentary, 17046
selection criteria for APA accredited internships stratified by type of site & competitiveness, training directors, 33201
settings & supervisory issues in predoctoral internship training, Canada, 24431
survey of psychology predoctoral internship programs to examine practices of leaders & structure & content of group supervision & leader perception, training directors, commentary, 36885

Clinical Supervision [See Professional Supervision]
Clinicians—Serials
accuracy of perceptions of patient disinterest or embarrassment by discussions about health-risk behaviors, clinicians of 11–16 yr old patients, 23994
childhood sexual abuse history & gender & theoretical orientation, treatment issues of childhood sexual abuse, clinicians, 9758
clarification of medical necessity concept & reasons why psychoanlytically oriented clinicians are unpopular with managed care organizations & vice versa, 43088
clinical styles & assessments & goal setting & intervention strategies with Asian American clients, Asian American vs non-Asian American clinicians, 27137
competing demands & identification & management of depression in primary care settings, clinicians, 36673
concurrent validity of 5-point clinician rating scales of levels of alcohol and other drug abuse, 23–63 yr old psychiatric outpatients, 17629
criterion validity of NIMH Diagnostic Interview Schedule for Children Version 2.3 vs clinician ratings of Epidemiology of Child & Adolescent Mental Disorders Study, 9–17 yr olds & their parents, 6058
diagnostic agreement between clinicians & Diagnostic Interview for Children & Adolescents-Revised, 6–17 yr old outpatients & their parents, Spain, 35465
forces affecting & need for & methods to develop clinician researcher working alliance in treatment outcome studies, 9349
identification of assessment procedures to treat severe behavior problems of clients with mental retardation, practitioners, 26805
issues in moral dimension in research on homosexuality, implications for beliefs of Christian researchers & clinicians, 26121
managed health care & psychotherapy outcome research & need for cooperation between scientists & practitioners, 8751
obstacles to evidence based treatment & impact on psychosomatic medicine, clinicians, 24001
reporting client threats against President to Secret Service, mental health clinicians, implications for Secret Service education about clinicians' professional obligations, 20485
review of ICD-10 symptom checklists & glossary & international diagnostic checklists, application in psychiatric settings by clinicians, 7796
standardized assessment & evaluation of legal competence & capacity to consent to voluntary hospital admission & ability to understand disclosed information, mental health clinicians & patients, 28349
strategies for working with families of young autistic children in planning treatment & coping with crises, psychiatric clinicians, 9391
transferential vs situation threat, clinicians, 33136

Clinics [See Also Child Guidance Clinics, Psychiatric Clinics] —Serials
European influences on L. Witmer's concept of clinical psychology & first psychology clinic in North America, 2461
European influences on L. Witmer's concept of clinical psychology & 1st psychology in North America, 28383
feasibility of psychiatric screening at HIV/AIDS clinic, scores on General Health Questionnaire & Beck Depression Inventory, clients, 4601
geriatric nutritional clinic, providing comprehensive & interdisciplinary care, 66–93 yr old geriatric patients with nutritional problems, 20197
Infant & Preschool Psychiatry Clinic, 3 yr olds with separation anxiety with vs without PTSD & language disorder, 36223
need for ECT cognition assessment battery for use in clinic setting, commentary, 17692
need for ECT cognition assessment battery for use in clinic setting, 17691
reasons for HIV antibody test refusal, heterosexual clients of a sexually transmitted disease clinic, 26920

social work advice, employment & finances & home situation needs & mental health status, patients attending tertiary neurosurgical chronic spinal clinic, England, 6–18 mo followup, 24197
Cliques [See Social Groups]
Clomipramine [See Chlorimipramine]
Clonazepam—Serials
clonazepam & alprazolam, course & symptoms of PTSD, recent trauma survivors, 19935
clonazepam, anxiety & work performance, male 51 yr old with stuttering & social phobia, case report, letter, 12958
clonazepam vs lithium, patients with manic phase bipolar affective disorder, 43124
clonazepam vs placebo, 28.8–46 yr olds with social phobia, 2 yr followup, 16658
clozapine & clonazepam, tardive dystonia, 28 yr old female with schizophrenia, case report, 5098
detoxification with phenobarbital vs clonazepam, 23–44 yr old outpatients dependent on sedative in methadone maintenance treatment program, 24302
guvacine vs nipecotic acid vs clonazepam, posthypoxic myoclonus & subsequent tolerance, male Sprague-Dawley rats, animal model of cardiac arrest, 29564
outcome & side effects of clonazepam & zuclopenthixol vs lithium, 20–64 yr olds with acute manic episode with vs without psychotic symptoms, Denmark, 23886
tolerability of clonazepam, 63–79 yr old geropsychiatric inpatients with vs without dementia, 21 mo study, 43122
Clonidine—Serials
adverse reactions to clonidine, 8 & 10 yr olds with ADHD, case reports, 27396
chronic clonidine vs yohimbine vs idazoxan with vs without morphine, naloxone-induced withdrawal signs, male mice, 41450
clonidine & alpha adrenoreceptor agonists, naloxone-precipitated withdrawal symptoms, morphine-dependent male mice, 7067
clonidine & development of major depressive episode, 8-yr-old autistic male, case report, letter, 32705
clonidine &/vs idazoxan in noise vs quiet, role of noradrenaline in attention, 18–35 yr old males, 3278
clonidine, amplitude of acoustic startle reflex, adults, 6958
clonidine or droperidol administration, behavioral & ERP indices of selective attention, 20–32 yr old healthy males, 21919
clonidine, problem behaviors, 3–14 yr olds with fragile X syndrome, 5188
clonidine, PTSD symptoms, physically or sexually abused 3–6 yr olds, 9076
clonidine, sexual arousal, healthy females 18–42 yrs old with sympathetic nervous system stimulation, 41493
clonidine, sleep disturbances, 4–12 yr olds with ADHD, 9142
clonidine vs mianserin, polydipsia, 51–59 yr olds with schizophrenia, 32430
constant light vs darkness, clonidine-induced alterations in free-running circadian activity rhythms, male rats, 7052
fatal & nonfatal adverse events & clonidine treatment with & without methylphenidate, ADHD, 18 yr olds & younger, 5110
flunarizine & nitrendipine, ECS- & clonidine-induced amnesia in conditioned inhibitory avoidance, male rats, 41458
flunitrazepam with vs without alpha methylparatyrosine, slow wave sleep & latency of paradoxical & total sleep time, male rats, implications for role of noradrenergic mechanisms in sleep wake cycle, 3207
incidence of major depression following successful smoking cessation treatment with clonidine, patients with history of no vs single vs recurrent major depression (mean age 45.6 yrs), 3 mo followup, 24301
pretreatment BP & tic severity, behavioral & tic responses to oral clonidine, 5–18 yr olds with Tourette's syndrome, implications for role of central noradrenergic systems, 24040
questions about safety & efficacy of clonidine-methylphenidate combination to treat ADHD & reports about sudden death, 13030
trazodone, withdrawal from clonidine, 47 yr old female with major depressive episode & polysubstance dependence, case report, 33060
underlying pathophysiology & psychopathological correlates of dexamethasone suppression & clonidine stimulation tests, patients with major depression, 13067
yohimbine, growth hormone response to apomorphine & clonidine, 20–30 yr old males, 29575
Closedmindedness [See Openmindedness]
Closure (Perceptual) [See Perceptual Closure]
Clothing—Serials
carbohydrate drink, psychomotor performance during 24 hr nuclear biological chemical warfare simulation wearing protective mask & clothing, male Army personnel, Netherlands, 7101
chemical defense clothing & individual equipment, ventilatory function & subjective reactions, male US Army soldiers (mean age 24 yrs), 24820
confederate's sex & neat vs sloppy dress, helping behavior, college students, 991
everyday decisions about dress at work, female administrative employees in university business school, implications for organizational symbolism & role taking, 28207
impression formation of aggression for target offenders & suspects wearing black vs light colored clothing, college students, 22497
psychoanalytic & behavioral approaches & organic causes for fantasies & sexual attraction toward uniforms, 22357
systems approach to development of size-suitable clothing, physically disabled consumers, 16266
Clozapine—Serials
abrupt cessation of clozapine & benztropine, worsening of tardive dyskinesia & psychotic symptoms, female 60 yr old with paranoid schizophrenia, letter, 5101
acute dystonia during abrupt transition from clozapine to risperidone, schizophrenic male, case report, commentary, letter, 1858
adverse allergic cross reactions between clozapine & chlorpromazine, HIV positive 36-yr-old psychotic male with alcohol binges & auditory hallucinations & confusion, case report, letter, 23918
age & clozapine dosages, symptom alleviation & side effects, 68–83 yr olds with schizophrenia or psychotic symptoms refractory to typical neuroleptic therapy, commentary, letter, 32414
aggressive behavior during long term clozapine vs after withdrawal, forensic schizophrenic patients who committed felonies against life & body of others, 19947
allelic mutation in 5-HT B2C receptor genes, response to clozapine, schizophrenic patients resistant to conventional neuroleptics, 15950
application of pharmaceutical decision making model to clozapine & other medication selection, patients with severe mental disorders, 1874
atypical antipsychotics olanzapine vs ICI 204,636 vs clozapine, behavioral responses to selective dopamine receptor agonists, male rats, 3208
caffeine, clozapine metabolism, 31-yr old Black female with schizoaffective disorder, case report, letter, 16646
central D1 & D2 & 5-HT2 receptor occupancy & relation to clozapine serum concentration, schizophrenic 22–59 yr olds treated with clozapine, Sweden, 12957
centralized system for monitoring clozapine use, 13–80 yr old & older patients, Canada, 9038
clinical uses of clozapine, patients with schizophrenia or mood disorders or other disorders, 39850
clozapine & avoidance of potentially long term concurrent & excessive use of multiple antipsychotic drugs & their side effects, patients with refractory schizophrenia, letter, 19930
clozapine & benztropine induced necrotizing colitis, 36-yr-old male with paranoid schizophrenia & history of upper gastrointestinal complaints, 36507
clozapine & cephalexin & cellulitus & eosinophilia & unilateral pleural effusion, 37-yr-old male with schizoaffective disorder depressed type, 36427
clozapine & clonazepam, tardive dystonia, 28 yr old female with schizophrenia, case report, 5098

clozapine & cocaine, near syncope, 31 yr old male with history of cocaine abuse, case report, letter, 5026
clozapine & divalproex sodium, profound sedation & hepatotoxicity, 37 yr old White female with schizoaffective disorder & manic episodes, case report, 32590
clozapine & ephedrine, urinary incontinence, 27–72 yr old inpatients with schizophrenia or schizoaffective disorder, 32416
clozapine & haloperidol, vacuous jaw movements, aged rats, 34715
clozapine & onset or exacerbation of preexisting diabetes mellitus, 32–51 yr old males with paranoid or treatment refractory schizophrenia or schizoaffective disorder, 32501
clozapine & other pharmacotherapeutic strategies in non-responsive schizophrenia, conference presentation, 4986
clozapine & possible conversion of dopamine to norepinephrine, implications for treatment of mental disorders, letter, 32346
clozapine & psychosocial rehabilitation program, clinical functioning & aggressive behavior, inpatients with chronic schizophrenia, 8715
clozapine & psychosocial treatment, psychiatric symptoms & dyskinetic movements & discharge rates & cognitive performance, patients with schizophrenia, 3-yr followup, 8710
clozapine & risperidone & paroxetine, 46 yr old female with chronic schizophrenia, case report, 32490
clozapine & risperidone, arrhythmia, 28 yr old paranoid schizophrenic female, case report, 32376
clozapine & risperidone, hoarding, female 36 yr old with schizophrenia, letter, 1807
clozapine, agranulocytosis, patients with schizophrenia & other psychosis, 27407
clozapine, apomorphine induced dyskinesias & parkinsonian motor disability, patients with Parkinson's disease, 39901
clozapine, creatine kinase levels & muscle function, patients with chronic psychotic disorders, 19973
clozapine, development of agranulocytosis, 74 yr old female with schizophrenia, case report, letter, 32408
clozapine dosage, D2 dopamine receptor occupancy & 123I benzamide specific binding & blood level & symptoms, 26–50 yr olds with schizophrenia, 19963
clozapine, drug induced tardive dystonia, male patients with schizoaffective disorder treated with neuroleptics, letter, 12927
clozapine, dyskinetic events, adult patients, longitudinal study, 23867
clozapine, EEG abnormalities & clinical response, 22–55 yr olds with schizophrenia or schizoaffective disorder, commentary & reply, letter, 5013
clozapine efficacy & side effect profiles, 32–83 yr olds with neurological disorders, 5183
clozapine, emergence of obsessive compulsive symptoms, psychiatric inpatients, commentary, letter, 1839
clozapine, eosinophilia & agranulocytosis, 37 yr old male with schizophrenia, case report, letter, 36408
clozapine, fertility, psychotic patients, letter, 32391
clozapine, gating of auditory P50 EP, neuroleptic refractory schizophrenic 24–54 yr olds, 13021
clozapine, hypersalivation, 23–60 yr olds with schizophrenia, 4988
clozapine in correctional mental health setting, incarcerated schizophrenic & schizoaffective incercerated offenders, 24366
clozapine induced acute hepatitis & extrapyramidal reaction, cocaine abusing male 44 yr old, case report, 2062
clozapine induced decline in neutrophil count, development of eosinophilia, male 44 yr old with chronic schizophrenia & tardive dyskinesia, letter, 5019
clozapine induced myoclonus, 26–62 yr olds with schizophrenia or sleep disturbances & anxiety or psychotic depression, commentary on case reports, letter, 36464
clozapine induced myoclonus, 26–62 yr olds with schizophrenia or sleep disturbances & anxiety or psychotic depression, commentary reply on case reports, letter, 36414
clozapine induced obsessive compulsive symptoms, treatment with complex medication regimen, male 27 yr old with schizoaffective disorder & severe impairment, case report, letter, 13057
clozapine induced urinary urgency &/or enuresis & treatment with oxybutynin or intranasal desmopressin, patients with refractory psychotic disorders, letter, 5015
clozapine, institutionalized male patients (mean age 72+ yrs) with bipolar I disorder, conference presentation, 32542
clozapine, Levodopa-induced psychosis symptoms, patients (mean age 74.3 yrs) with Parkinson's disease, 39849
clozapine metabolism & interactions with co-administered drugs, literature review, 43193
clozapine, multilead quantitative EEG profile in vigilance task, healthy adults, implications for antipsychotic drug classification, 25574
clozapine national registry system, incidence of morbidity & mortality related to agranulocytosis, 1990–94, 9260
clozapine or haloperidol, dopamine receptor messenger RNA expression in hippocampus or entorhinal cortex, male rats, 38151
clozapine or risperidone vs conventional neuroleptics haloperidol or fluphenazine, cognition as seen on maze tasks, subchronic vs chronic schizophrenic clients, 12971
clozapine outcome, 65 yr olds & older with treatment refractory primary psychosis, 36500
clozapine, persistent aggression & violence, schizophrenic patients, 4996
clozapine, persistent paroxysmal dyskinesia associated with concomitant paroxetine & sumatriptan use, 40 yr old female with 9 yr history of bipolar disorder, case report, 39895
clozapine, plasma levels of cytokine & cytokine receptors & white blood cell count & rectal temperature, 18–41 olds with schizophrenia, 32498
clozapine, psychotic symptoms & mood & aggressive behavior, treatment resistant 6–16 yr olds with bipolar disorder or schizophrenia or psychotic disorder not otherwise specified, 5049
clozapine, psychotic symptoms & motor functioning & levodopa dose adjustment, elderly with Parkinson's disease, 1944
clozapine rechallenge induced neuroleptic malignant syndrome relapse, 74 yr old paranoid schizophrenic patient, letter, 16631
clozapine, sialorrhea & aspiration pneumonia, 50 yr old inpatient female with schizophrenia, case report, 27423
clozapine, sleep continuity, 20–56 yr old inpatients with schizophrenia, 2 wk study, 43142
clozapine, sodium metabolism & water regulation, 31–49 yr olds with treatment resistant schizophrenia or schizoaffective disorder with polydipsia & intermittent hyponatremia, 1860
clozapine, spatial working memory deficits induced by FG7142, female monkeys, implications for schizphrenia treatment, 34687
clozapine, symptom reduction & discharge, 18–64 yr old neuroleptic-resistant chronic schizophrenic patients, 2.5 yr followup, Israel, 9030
clozapine, symptom reduction & neurocognitive function & clinical management, treatment-refractory schizophrenic inpatients, 23890
clozapine, symptomatology & social functioning & tardive dyskinesia, male 10 yr old with drug resistant schizophrenia detained under mental health legislation, UK, case report, 5061
clozapine, symptoms, patients (mean age 44 yrs) with schizophrenia or schizoaffective disorder, 32332
clozapine tapering, acute brain syndrome, male 34 yr old with schizoaffective disorder treated with lithium & clozapine, case report, 5029
clozapine therapy & rechallenge, 45-yr-old male with neuroleptic malignant syndrome & history of paranoid schizophrenia, case report, letter, 43127
clozapine, transient swelling of left submandibular salivary gland, male 44 yr old with schizophrenia, case report, letter, 27462
clozapine treatment & incidence of agranulocytosis & neutropenia & associated risk factors, 9–91 yr olds, 4.5 yr study, United Kingdom & Ireland, 32347
clozapine treatment during full-term pregnancy, 30 & 32 yr old females with treatment resistant schizophrenia, 43188

clozapine treatment, induction of hypertension, male 34 yr old with paranoid schizophrenia, case report, letter, 12972
clozapine treatment, plasma levels of interleukin-6 & tumor necrosis factor alpha, drug free schizophrenic patients, 43166
clozapine, treatment resistant manic episodes, 28–51 yr old patients with bipolar or schizoaffective disorder, 43159
clozapine treatment response with vs without fluoxetine augmentation, schizophrenic outpatients with persistent positive or negative symptoms, 19927
clozapine, urinary incontinence, female 27 yr old with treatment refractory chronic schizophrenia, case report, 9113
clozapine use, saliva flow rate, patients, 23920
clozapine, visual hallucinations & delusions & other psychotic symptoms, patients with Parkinson's disease, research review, 5206
clozapine vs fluphenazine, regional cerebral glucose metabolism, 21–47 yr old male schizophrenics, 32380
clozapine vs fluphenazine, stimulus effects of serotonin agonist m-chlorophenylpiperazine in vivo vs in vitro, rats, animal model for subjective effects of psychotropic agents, 15030
clozapine vs metoclopramide vs haloperidol, extracellular amino acids in ventral pallidum & globus pallidus, female rats, 6850
clozapine vs risperidone, positron emission tomography assessed D2 & 5-HT-2 receptor occupancy & extrapyramidal effects & clinical response, schizophrenic patients, 9134
clozapine vs zotepine, cognitive function, 18–60 yr old schizophrenic patients, 36482
clozapine, water drinking behavior, treatment nonresponding male 37–49 yr olds with chronic schizophrenia & polydipsia, case reports, 12968
clozapine with bromocriptine, positive and negative symptomatology, female 42 yr old with schizophrenia & pituitary adenoma, case report, letter, 27388
clozapine withdrawal with vs without prior neuroleptics, relapse of psychotic symptoms, schizophrenic patients, 12 mo followup, 5070
clozapine, 22 yr old White female with paranoid schizophrenia, case report, 23928
clozapine, 25 yr old female with bromocriptine-induced psychosis, case report, 32336
clozapine, 32–42 yr olds with treatment resistant euphoric mania, 9026
clozapine, 33–74 yr olds with rapid cycling bipolar disorder, letter, 9067
clozapine, 43 yr old female psychotic patient with multiple sclerosis, case report, 32375
cocaine & haloperidol & clozapine & other neuroleptics, acute orobuccolingual dyskinesia, model of paleocortical escape, 19942
combination of ECT & clozapine, psychotic symptoms, neuroleptic resistant 24–47 yr olds with disorganized schizophrenia, 8698
combined clozapine & fluvoxamine treatment, increased clozapine serum levels, 25 & 42 yr old males with paranoid schizophrenia, case report, 12990
combined ECT & clozapine, 18-yr-old male with psychosis, 22825
continuation of clozapine in presence of neutropenia due to orchidectomy & chemotherapy for testicular teratoma with metastases, male 40 yr old with chronic schizophrenia, case report, 5121
cost effectiveness & efficacy of clozapine, 23–61 yr olds with chronic schizophrenia or schizoaffective disorder, 43112
cost effectiveness & efficacy of clozapine, 23–61 yr olds with chronic schizophrenia or schizoaffective disorder, commentary, 43179
criteria for clozapine treatment vs usual care, discharge & readmission rates, state psychiatric hospital inpatients with schizophrenia or schizoaffective disorder, 6 & 12 mo followups, 2038
current status of clozapine, treatment resistant schizophrenia, 19969
cytokines, clozapine-induced agranulocytosis, 41 yr old male with schizophrenia, 1806
d-cycloserine added to clozapine, dose-dependent negative symptoms & serum concentrations, schizophrenic outpatients, conference presentation, 19937
development of ketoacidosis following clozapine treatment, 50 yr old male with schizophrenia, case report, letter, 39829
development of lymphocytopenia & thrombocytopenia after risperidone or clozapine treatment, 19 yr old hospitalized male with paranoid schizophrenia, case report, 19920
development of neuroleptic malignant syndrome during clozapine therapy, 49 yr old male, case report, 32374
development of neuroleptic malignant syndrome during clozapine therapy, 49 yr old male, case report, commentary, 43156
development of neuroleptic malignant syndrome during clozapine therapy, 49 yr old male, case report, commentary reply, 43123
different clozapine serum level ranges, EEG changes, hospitalized patients with chronic schizophrenia, prospective study, 39805
discriminative stimulus effects of conventional vs novel atypical antipsychotic drugs vs clozapine & its structural analogs, squirrel monkeys, 41443
dopamine D4 receptor binding affinity & polymorphisms, individual differences in clozapine response & susceptibility to schizophrenia, 42345
dosage & efficacy & side effect profiles in treatment with clozapine, Korean American vs White schizophrenic or schizoaffective patients, 5067
dose dependent clozapine induced myoclonus of interossei & facial muscles, male 26 & 42 yr olds with schizophrenia, case reports, letter, 12933
EEG abnormalities & sex & major depressive episodes, responses to clozapine, psychotic inpatients, 9140
effectiveness of clozapine, patients with neuroleptic resistant schizophrenia, implications for resource management, commentary, letter, 12984
effectiveness of clozapine, patients with neuroleptic resistant schizophrenia, implications for resource management, commentary reply, letter, 12952
effectiveness of clozapine vs medication alternatives used in public sector, adult inpatients meeting FDA criteria for clozapine use, 2-yr study, 23878
effects of amisulpride & remoxipride & risperidone & clozapine & other neuroleptics in rehabilitation, schizophrenic patients, 16662
efficacy & adverse effects of clozapine, psychotic elderly, commentary, letter, 13043
efficacy & dose dependent adverse effects of clozapine, elderly with psychosis & agitation, commentary, letter, 13017
efficacy & safety & receptor activity of atypical antipsychotic olanzapine vs clozapine, animal behavioral model of schizophrenia, 32473
efficacy & safety of clozapine, schizophrenic patients, literature review, 4995
elimination half-lives for plasma clozapine, 34–42 yr old schizophrenic patients, letter, clinical implications, 12960
extrapyramidal side effects from medication change from clozapine to haloperidol, 31 yr old male with long-standing schizophrenia, case report, 39789
fluoroquinolone inhibition of clozapine metabolism, 72-yr-old male with multi-infarct dementia and behavioral disturbances, case report, letter, 43161
flupenthixol vs ritanserin pretreatment, clozapine binding to D1 dopamine & 5-HT-2 & other receptors in dorsolateral & medial frontal cortex, healthy adults, 6974
fluphenazine vs clozapine with vs without idazoxan, global psychosis & positive & negative symptoms, 26–48 yr olds with treatment resistant schizophrenia or schizoaffective disorder, 9108
fluvoxamine augmentation of clozapine therapy, clinical global improvement & Brief Psychiatric Rating Scale scores & negative symptoms, 20–46 yr olds with chronic schizophrenia, 27453

fluvoxamine induced dose dependent increases in clozapine plasma concentration, 32 yr old female with schizophrenia & bulimia & obsessive compulsive disorder, case study, letter, 27434
granulocyte colony-stimulating factor treatment, clozapine-induced agranulocytosis, 44-yr-old male with schizophrenia, case report, letter, 13027
haloperidol & clozapine, latent inhibition, rats, 34725
haloperidol vs clozapine, platelet 3H-dopamine uptake, male rats, implications for variable findings in schizophrenia research, 13056
haloperidol vs clozapine vs olanzapine vs other 5-HT receptor specific antagonists, attenuation of PCP induced hyperlocomotion, male mice, 18293
high vs medium vs low clozapine dosage, blood serum level & therapeutic response, 21–56 yr olds with treatment-refractory schizophrenia, 19978
hyperlocomotion & social behavior deficits before & after puberty & effects of chronic clozapine treatment, rats with neonatal ventral hippocampus lesions, model of symptoms of schizophrenia, 41358
immediate recurrence of psychotic symptoms after discontinuation of clozapine, female schizophrenic 30 yr old, case report, implications for supersensitivity vs withdrawal psychosis, 13061
leukocyte associated blood dyscrasias of eosinophilia & neutropenia, patients treated with clozapine vs haloperidol, 32338
medical complications associated with clozapine & risperidone, patients, 32570
methylphenidate, clozapine associated sedation, 45 yr old male with schizoaffective disorder depressed type, case report, 13016
minimum of 1-yr clozapine, cognitive functioning, treatment-resistant schizophrenics mean age 31.9 yrs, 32415
neuroleptic discontinuation & subsequent clozapine, course of tardive dystonia &/or tardive dyskinesia, chronic psychiatric patients, followup study, 5116
neuroleptic malignant syndrome & clozapine, commentary, 36530
neuroleptic malignant syndrome related to clozapine, commentary reply, 36498
olanzapine, discrimination in 2-lever procedure & generalization to clozapine, male rats, 15078
olanzapine vs clozapine, tongue movements during lapping behavior, male rats, 6863
ondansetron augmentation of clozapine therapy, 31 yr old male patient with chronic schizophrenia, case report, 43121
operant discrimination of CGS 10746B dose-response effects from typical & atypical antipsychotic compounds, male rats, 6997
oral glycine, serum glycine & adverse effects & neuroleptic levels for haloperidol & clozapine, schizophrenic patients, 1837
parotid gland swelling with clozapine, 41 yr old male with paranoid schizophrenia, England, case report, letter, 23913
pharmacokinetics & drug interactions of clozapine vs olanzapine vs sertindole vs risperidone, conference presentation, 25571
pharmacokinetics of clozapine vs risperidone, literature review, 12948
pharmacological & side effects of clozapine, patients resistant to classic neuroleptics, 19945
plasma clozapine indicating intoxication & overdose in 2 suicide attempts, female 40 yr old with persistent severe depression, case report, letter, 7934
plasma clozapine, prediction of clinical response, treatment refractory patients with schizophrenia, 23909
preclinical pharmacology of clozapine & risperidone & olanzapine & sertindole & quetiapine, conference presentation, 25604
predictive value of eosinophilia for clozapine induced neutropenia or agranulocytosis, patients, 5034
pretreatment levels of plasma homovanillic acid & outcome of clozapine treatment, male patients with schizophrenia resistant to conventional neuroleptics, 36517
psychological & pharmacological management, treatment refractory schizophrenia patients unresponsive to clozapine, 27079
psychological & pharmacological management, treatment refractory schizophrenia patients unresponsive to clozapine, commentary, 39614
refined & extended use of clozapine & risperidone for schizophrenia & other psychoses, literature review, 27395
regional cerebral perfusion, prediction of response to clozapine treatment, male neuroleptic-resistant paranoid schizophrenic patients, 13037
response to clozapine, female 27 yr old with therapy resistant obsessive compulsive disorder & borderline personality disorder, case report, 13054
restarting clozapine treatment after agranulocytosis, 27 yr old male with chronic paranoid schizophrenia, case report, letter, 9032
risk factors for early clozapine discontinuation, adults with mental disorders, 9123
risks & benefits of clozapine treatment for schizophrenia, 65 yr olds & older, Australia, 43141
risperidone & clozapine, 48 yr old female with Huntington's disease & schizoaffective symptomatology, case report, 32488
risperidone, schizophrenic 33–49 yr olds treated with clozapine, 19940
risperidone vs clozapine, positive & negative & extrapyramidal symptoms & adverse effects, treatment resistant schizophrenic patients, 12942
roxindole vs talipexole vs haloperidol vs clozapine, apomorphine induced climbing & conditioned avoidance & catalepsy, mice & rats, 21815
sertraline & clozapine, clozapine concentration levels, 35 yr old White male with paranoid schizophrenia, case report, letter, 32497
sex, response to clozapine, neuroleptic refractory chronic schizophrenic patients, evidence for severely ill subgroup of female schizophrenics with distinct features, 16659
short-term efficacy of clozapine, neuroleptic-resistant chronic schizophrenic patients with tardive dyskinesia & chronic akathisia & parkinsonism (mean age 43.1 yrs), 43187
side effects & risks & options & compliance issues of clozapine & risperidone treatment, mildly aggressive–dangerously violent patients with schizophrenia, 27385
side effects of clozapine, constipation, 49 yr old patient with schizophrenia, case report, letter, 32396
subchronic clozapine vs haloperidol, forelimb force & press-while-licking task duration, male rats, 29621
successful pregnancy & birth of baby with transient Floppy Infant Syndrome, schizophrenic 37 yr old female treated with clozapine & lorazepam, case report, letter, 39796
survival of high dose intentional ingestion of clozapine, 34 yr old female with schizoaffective disorder, case report, 36492
switching from clozapine to risperidone, 27–54 yr old inpatients with treatment resistant schizophrenia or schizoaffective disorder, 27457
target dose of clozapine, steady state therapeutic plasma concentrations, schizophrenic patients, 9035
treatment duration, plasma levels of clozapine & N-desmethylclozapine & clozapine-N-oxide, males vs females with schizophrenia, 5012
use of clozapine in patients with neurologic illness, 24053
use of clozapine plasma level monitoring, patients, conference presentation, 27399
withdrawal vs retention of clozapine treatment, male psychiatric patients with schizophrenia, followup study, 43168
5-HT receptor polymorphisms & clozapine response, adults with schizophrenia or schizoaffective disorder, 1293

Clubs (Social Organizations)—Serials

process of Progressive social reform in life of Caroline Bartlett Crane & association with club women for municipal reform, 1858–1935, 30239

Cluster Analysis—Serials

adaptive resonance theory-based modular neural networks for incremental learning of splitting vs joining hierarchical clusterings, 37306

clinical & demographic & iatrogenic factors & diagnostic reliability & neurological comorbidity, heterogeneity in cognitive function, schizophrenic patients, prospective vs retrospective study, 1282
cluster analysis, identification of neuropsychological subgroups, 50–91 yr olds with probable Alzheimer's disease, conference presentation, 4661
cluster analysis of MCMI scores & identification of clinical subgroups, 18–37 yr old suicidal Army enlistees in outpatient program, 4254
cluster analysis of personality profiles & relation to personality disorders, hospitalized male mentally ill offenders, England, 8302
cluster analytic validation of DSM-III symptoms of major depression & melancholia, unipolar depressed inpatients, 42285
cluster differences scaling with within-cluster loss component & fuzzy successive approximation strategy to avoid local minima, extension of least squares approach, 21166
cluster vs factor analysis for identification of associated formal services used, 65–85+ yr old Mexican Americans, 28643
covariate–outcome relationship information use in cluster randomized designs, precision of randomized trial analyses, 28676
exploratory factor analysis in item analysis vs cluster analysis & confirmatory factor analysis, 34094
fuzzy clustering model based on aggregation operators to define degree of simultaneous belongingness of object pairs to cluster, 2725
hierarchical clustering algorithm using probabilistic similarity measure, location of appropriate clusters of attributes from dichotomous or frequency data, 2722
hypothetical models & statistical implications of cluster effects on design & analysis of evaluation studies of smoking cessation interventions where effects vary between practices or practitioners, 9569
identification of subtypes by cluster analyses, patients with schizophrenia, 30962
illustration of composite variable analysis & comparison with varimax rotated principal components analyses, 28651
profile clusters of WAIS-R standardization sample, 16–74 yr olds, 25005
software program for K means clustering with influence detection, 10566
utilization of expert opinion & cluster analysis in the selection of item bundles suspected of displaying differential item functioning amplification, 28393
validity of multidimensional patterns of aging, mortality differences, 70 yr olds, Sweden, 20 yr study, 11512
variable vs column standardization methods in cluster analysis, 157
WISC-III cluster subtypes obtained from factor index scores, children, 2674

Clustering [See Cluster Analysis]

CNS Affecting Drugs [See Also CNS Depressant Drugs, CNS Stimulating Drugs]—Serials

cholecystokinin type B antagonist LY288513 vs diazepam, behavioral & electrophysiological & clinical profiles, male mice & rats, implications for treatment of anxiety-related disorders, 11146
correlation of electrophysiological & sleep stage effects of psychoactive substances, framework for analysis of expected sleep/dream & side effects of CNS agents, 11181

CNS Depressant Drugs [See Also Amobarbital, Chlorpromazine, Haloperidol, Scopolamine]—Serials

frequency of & concerns about drinking & quantity of drinks per occasion & depressant medication use & personal vs social reasons, addictive drinking behavior, male vs female 63–96 yr olds, 31308
lifetime overdoses & concurrent CNS depressant use & alcohol consumption & abuse history & dependence, nonfatal heroin overdose, 17–50 yr old heroin users, Australia, 23044
relationship between depressogenic drugs & depression, 65–84 yr olds with major vs nonmajor depressive disorder, 11956

CNS Stimulating Drugs [See Also Amphetamine, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Piracetam]—Serials

arousal manipulation by phentermine vs pentobarbital, choice behavior in probability learning task & payoff manipulated decision processes, 23–64 yr olds, 41539
diagnosis of ADHD & efficacy & side effects of stimulant medication, literature review, 1937–95, 19943
dopamine vs cocaine vs amphetamine, excitatory synaptic responses & paired pulse facilitation in nucleus accumbens induced by prelimbic cortical afferent stimulation, mutant mice, 3260
ECT & psychostimulant treatment, 23519
efficacy of stimulants & tricyclic antidepressants & other medications, children & adolescents & adults with ADHD, literature review, commentary and reply, 32343
efficacy of stimulants & tricyclic antidepressants & other medications, children & adolescents & adults with ADHD, literature review, 5102
guanfacine, male 7–17 yr olds with ADHD, 12979
modafinil, cocaine-like discriminative stimulus & reinforcing effects, adult male rats & rhesus monkeys, 11138
presence of D2 dopamine receptor gene variant & vulnerability to substance abuse, psychostimulant- vs opiate-preferring drug users vs substance abusers with no preference vs heavy polysubstance users, 31331
psychostimulant effects of diethylpropion, behavioral sensitization in conditioned locomotion & rearing & defecation & catecholamine levels, rats, 18330
risks of using psychostimulants or antidepressants in treatment, children with attention deficit hyperactivity disorder & bipolar disorder, 36474
risks of using psychostimulants or antidepressants in treatment, children with ADHD & bipolar disorder, commentary, 36446
side effects & long-term efficacy & other pharmacologic issues of psychostimulant drug therapy, children & adolescents & adults with ADHD, 32426
spontaneous blink rate in listening vs conversation vs verbal recall tasks, 5.6–16.8 yr olds with ADHD with vs without stimulant treatment, 31411
spontaneous blink rate measure of dopamine function during listening vs conversation vs verbal recall task, 5–16 yr olds with ADHD receiving vs not receiving stimulant therapy, 12314
stimulant treatment of elementary school children, implications for school counselors regarding ADHD assessment & behavioral & social treatment options & monitoring of treatment effects, 39790

Coaches—Serials

attitudes & knowledge & personal experiences & recommendations to athletes regarding obesity & weight control, middle & junior & senior high school coaches, implications for sport psychologists, 5802
basic & applied research on coaching behaviors & evaluation of behavioral intervention program for coaches & theory testing in youth sports, 37230
coach power & resistance & morality in sports, male vs female middle vs high school vs college students, 24799
coaches' leadership behaviors, team cohesion, male vs female 13–19 yr old high school vs 18–33 yr old junior college baseball & softball players, 18564
coaching behaviors & targets of behavior, 30–45 yr old youth ice hockey coaches, Canada, 2339
coaching effectiveness & player perception of feedback, self-fulfilling prophecy, high vs low expectancy 18–23 yr old college basketball players & their 23–41 yr old coaches, 14035
efficacy expectations & opponents' ability & perceived control over outcome & importance of success & basketball team performance, female collegiate women's basketball coaches (mean age 32 yrs), 24802
feedback & flexibility of expectancies of players & feedback patterns early vs late in season, coaches of female collegiate basketball team, 17416

industrial & organizational psychology perspective of training for team building, coaches of youth sports, research review, 33723
leadership behaviors, team cohesion, high school vs college baseball or softball players & coaches, 28261
multicultural educational component infusion, attitudes toward minority groups & toward poverty & cultural diversity awareness, college students in pre-service coaching education course, 33348
organizational tasks in working with athletes in training & competition, expert high performance gymnastic coaches of males & females, Canada, 10146
performance profiling technique to increase communication, women's volleyball team coach & athletes, 10147
personal & team pre & postcompetition routines, 40–62 yr old team sport expert coaches, 37232
sex & yrs of experience & athletic participation & age, coaching behavior, high school soccer coaches, 2336
Coagulation (Blood) [See Blood Coagulation]
Coalition Formation—Serials
coalitions & group influence approach to conflict management in organizational buying, 17385
experiences & emotions & meanings associated with phases of process of self help building, evolution of social relations from individual to collective action, 30394
interrater reliability & concurrent validity of typology of prevention activities & applications in community coalition prevention plans, 16785
process & activity outcomes of researcher- vs community-initiated coalitions for alcohol & other drug abuse prevention, coalition members, 5413
Cobalt—Serials
compressive & rarefying acoustic stimuli &/vs compressive pulses before visual cue vs after cobalt exposure, activation & guidance of Mauthner-neuron-initiated escaping, goldfish vs chiclids, 29253
Cocaine—Serials
accelerated vs standard intake appointment scheduling, initial attendance at outpatient cocaine treatment, cocaine abusers, 9575
acute & repeated caffeine, reinstatement of extinguished cocaine taking behavior, male rats, 7063
acute blockade of corticosterone secretion by metyrapone treatment, locomotor sensitivity to cocaine, male rats, 25592
acute cocaine self-administration, daily number of cigarettes smoked, drug dependent inpatients (mean age 32.9 yrs), 19383
acute intranasal cocaine, subjective effects & plasma cocaine levels, male vs female 21–35 yr old occasional cocaine users, 610
adult role socialization, initiation of cocaine use, adult males, 1387
analysis of cocaine self-administration under progressive ratio reinforcement, rhesus monkeys, 629
assessment of food & cocaine seeking behavior in presence of internal vs external cues, rhesus monkeys, implications for drug abuse treatment, 41455
attendance at enhanced care substance abuse outpatient treatment program in therapeutic community, homelessness & employment, adult homeless cocaine abusers, 1 yr followup, 13449
auditory P50 amplitude & suppression, African-American chronic cocaine abusers vs Caucasian gay or bisexual alcoholics, 4328
baclofen, cocaine self-administration, rats, 21911
behavioral & pharmacological determinants of smoked heroin vs cocaine vs loperamide self administration, male rhesus monkeys, 613
beta-adrenergic receptor antagonists, discriminative stimulus properties of cocaine, male rats, 38119
binge cocaine administration & resultant increases in corticosterone levels, behavioral stereotypies, rats, 34714
biochemical & neurobehavioral & metabolic & other correlates of adaptation in cocaine dependence & tolerance, humans, literature review, 26664
biological markers of crack cocaine use during pregnancy & class & racial divisions & US reproductive politics, construction of "dangerous mother" stereotype, 41922
blue cone photoreceptor responses to light flashes on full-field electroretinograms, recently withdrawn cocaine-dependent patients (mean age 34.6 yrs), 35819
buprenorphine &/vs concurrent access to nondrug reinforcer, cocaine self administration under FR schedules, male rats, 582
buprenorphine plus anticraving desipramine vs amantadine vs fluoxetine across 12 wks, retention & opioid & cocaine drug use, opioid dependent cocaine abusers, 20331
bupropion & bromocriptine, cocaine dependent 18–50 yr olds, 2072
bupropion, cocaine dependence, patients in methadone maintenance, 20325
calcium channel blockers & calcium–calmodulin-stimulated kinase inhibitors & botulinium toxin B, GBR-12909 & amphetamine induced dopamine increase in nucleus accumbus shell, cocaine sensitized rats, 34692
chlordiazepoxide & buspirone & cocaine, lever pressing suppressed by timeout from response-dependent pellet presentation, male rats, 41537
chronic gestational cocaine exposure, acquisition of operant behaviors, rhesus monkeys, 38136
chronic gestational cocaine exposure, maternal & infant outcomes, rhesus monkeys, 38135
chronic vs intermittent cocaine, changes in sensitivity to cocaine induced tolerance & schedule-controlled behavior, rhesus monkeys, 6951
clozapine & cocaine, near syncope, 31 yr old male with history of cocaine abuse, case report, letter, 5026
clozapine induced acute hepatitis & extrapyramidal reaction, cocaine abusing male 44 yr old, case report, 2062
cocaethylene vs cocaine, sensitization to locomotor activity, male mice, 3266
cocaine & dopamine agonists haloperidol or SCH 23390, cocaine-induced behavioral sensitization in photocell arena locomotor activity, male rats, 11169
cocaine & haloperidol & clozapine & other neuroleptics, acute orobuccolingual dyskinesia, model of paleocortical escape, 19942
cocaine & other monamine uptake inhibitors, hypothalamo-pituitary-adrenal axis activation, castrated vs intact vs castrated male vs intact female vs ovariectomized vs lactating rats, 34674
cocaine &/or 7-OH-DPAT &/or quinpirole &/or RU24213, locomotor activity, male mice, 41531
cocaine &/vs electrode &/vs direct current stimulation in midbrain, innate adjunctive behaviors, adult rats, 18198
cocaine &/vs synthesized cocaine analog, locomotor activity, male mice, 29611
cocaine administration, locomotor activity, rats, 566
cocaine, autoshaped lever touch response acquisition & retention, rats, 29563
cocaine, cigarette smoking, 18–40 yr old adults, 39214
cocaine, classical conditioning & behavioral sensitization of motor activity in unbiased conditioned place preference procedure, male rats, 6986
cocaine classical conditioning &/vs challenge, context-specific behavioral sensitization measured by locomotor activity & dopamine D1 & D2 receptor binding in striatum & nucleus accumbens, male rats, 15011
cocaine craving, blue cone b wave electroretinogram responses, patients with cocaine dependency, 4352
cocaine dosage & sensitivity, development of tolerance to cocaine-induced response rate reductions, pigeons, 7079
cocaine hydrochloride, cerebral & forehead skin blood flow, 22–40 yr old male cocaine abusers, 26675
cocaine, operant conditioned behavior, 6 strains of male mice, 41468
cocaine place preference conditioning & iv self administration of amphetamine, male rats showing high vs low locomotor response to novelty, 3218
cocaine self administration & firing patterns of nucleus accumbens neurons during interinfusion interval, male rats, 18326

cocaine self administration, behavioral sensitization of motor activity following withdrawal, male rats, 7027
cocaine self-administration under progressive ratio schedules of reinforcement, 3 inbred strains of male rats, 18346
cocaine use & level of psychiatric distress, sexual HIV risk behaviors, homeless men, 39452
cocaine vs morphine vs pentazocine vs dihydrocodeine, interaction with tripelennamine vs chlorpheniramine & combined discriminative stimulus effects, male rats, 38164
cocaine vs physostigmine, memory storage, C57 vs DBA mice, 6849
cognitive & social & language & behavioral developmental outcomes, 3–6 yr olds with prenatal cocaine/polydrug exposure, 35817
comparison of crack cocaine vs cocaine hydrochloride drug action & usage patterns & implications for federal sentencing policy, literature review, 26666
compounding discriminative stimuli, cocaine self administration, rats, animal model of drug abuse, 622
contingency management, smoking abstinence & effect on reduced cocaine but not opiate use, methadone maintained cigarette smoking patients, 33074
corticosterone, initiation & expression phases of cocaine sensitization, adrenalectomized male rats, 625
crack cocaine use, 20–39 yr olds with stroke or cerebral infarction, retrospective study, conference presentation, 31726
demographic characteristics & psychosocial factors, initiation of injection heroin & other drug use, crack cocaine smokers, implications for HIV risk, 23061
demographics & drug use & criminal history & psychological trauma & social support & coping behavior, incarcerated female crack abusers, 23047
detection & characterization of coercive pressures to enter treatment stemming from multiple psychosocial domains, cocaine dependent outpatients, 1992–95, 24318
development & reliability & validity of Cocaine Relapse Interview, adult cocaine & alcohol rehabilitation patients, 6044
development & validation of Relapse Situation Appraisal Questionnaire, adult cocaine users, 6048
developmental effects of prenatal cocaine exposure, hippocampal synaptic plasticity & long term potentiation, 30–40 day old rabbits, implications for learning & memory, 6970
dexamethasone, suppression of hypothalamic-pituitary-adreno & plasma corticosterone response to cocaine, Lewis vs Fischer rats, 34709
dextrorphan with vs without cocaine & brain stem perturbation, motor activity & escape behavior, rats, 21880
discriminative stimulus effects of PNU-99194A, male rats trained to discriminate cocaine from saline, 41435
disruption of 1 or both alleles of D1 dopamine receptor gene, locomotor stimulant effects of cocaine & conditioned place preferences, mice, 14809
dissociative pattern in neuropsychological test performance & cognitive function, male crack cocaine abusers, 4336
dopamine & serotonin & metabolite levels in frontal cortex & striatum, autopsied cocaine users, 12238
dopamine agonist 7-OH-DPAT with vs without cocaine vs flupenthixol vs quinpirole, cocaine discrimination & generalization, rhesus monkeys previously trained to discriminate cocaine, 3238
dopamine agonists & antagonists, cocaine induced operant responding for associated stimulus & reinforcing effects under food & cocaine reinforcement, male rats, 11224
dopamine selective antagonists SCH 23390 vs raclopride, dopamine agonist SKF 82958 vs cocaine self administration, male rats, 7065
dopamine transporter availability & cocaine uptake in brain, male detoxified cocaine abusers, 8285
drug detoxification & buprenorphine treatment, auditory ERPs, 24–45 yr old males with concurrent opiate & cocaine dependence, 27781
drug dose, acquisition of amphetamine vs cocaine self administration trained by autoshaping, male rats, 21827
DSM-IV criteria for & pharmacologic effects of & mechanisms underlying & pharmacologic & psychological treatments for cocaine abuse & dependence, 5416
effect of cocaine on continuous vs intermittant chronic cocaine administration, dopamine transporter receptors, male rats, 6923
electroretinogram reading & neuropsychological tests of attention & concentration & motor abilities, recently abstinent chronic cocaine addicts, letter, 16091
enhancement of dopaminergic neurotransmission & bupropion & dopaminergic antagonists & SCH 23390 &/or pirenzepine &/or stereoisomers of SKF 10047, cocaine induced lethality, male mice, 25607
enhancement of serotonergic neurotransmission & fluoxetine & muscarinic & 5-HT & dopaminergic & noradrenergic antagonists & stereoisomers of SKF 10047, cocaine induced convulsions, male mice, 25606
ethanol, cocaine & alfentanil & nomifensine self administration, rhesus monkeys, 29503
ethnicity & drug dependence, truthfulness in disclosure of recent cocaine use & interviewers' adeptness at discerning deception, jail inmates, 16100
eticlopride, cocaine- & dopamine D2 receptor agonist-induced hypermotility & penile erection-enhancement & stereotyped behavior, male rats, 11130
evaluation of random effects vs ANOVA analyses of efficacy of psychotherapy vs pharmacotherapy, cocaine abusers (mean age 28.8 yrs), 1 yr followup, 21184
facilitating factors in drug trafficking careers, 29–56 yr old White middle-class male cocaine dealers, 39226
family & human resources available during childhood, crack use & success at distribution, 40 yr old female crack dealer, 23046
family drug use, cocaine abuse, African American female crack users (mean age 31 yrs), 23034
fluoxetine, homicidal ideations upon cocaine abstinence, 27 yr old male, case report, 19966
food deprivation, cocaine-induced conditioned place preference, rats, 34637
gammahydroxybutyrate, reinforcement of PCP self-administration & generalization of PCP & heroin discriminative stimulus effects & antagonism of cocaine discrimination, monkeys, 18268
genotype, acute sensitivity vs context-specific sensitization to cocaine, male mice of 6 inbred mice, 11129
ginseng total saponin, cocaine induced hyperactivity & conditioned place preference as reinforcement index & apomorphine induced climbing behavior, male mice, 3233
glutamate receptor subtype-specific vs NMDA receptor-specific agonists, context-conditioned behavioral sensitization to glutamate transmission in nucleus accumbens, cocaine pretreated male rats, 18270
heavy ethanol consumption & cocaine use after discharge from treatment for opioid addiction, 18–70 yr old alcohol-dependent vs nondependent methadone-maintenance clients, 1 yr study, 26652
history of cocaine abuse, parkinsonian signs & symptoms, male psychiatric patients in long term neuroleptic therapy, 32389
homicidal & suicidal behavior, cocaine &/vs alcohol abusing psychiatric patients, commentary reply, 42541
homicidal & suicidal behavior, cocaine &/vs alcohol abusing psychiatric patients, commentary, letter, 42519
hormonal & psychological responses to meta-chlorophenylpiperazine challenge, cocaine addicted males with vs without aggressive tendencies, 35799
identification of psychostimulant regulated gene essential for establishing cocaine or amphetamine sensitization, male rats, 41297
in utero cocaine, nictitating membrane reflex parameters, 90–144 day old rabbits, 7049
increase in availability & use of crack, 13–45 yr old outpatients, Brazil, 1990–93, implications for treatment policies & HIV harm reduction programs, 16077
inhibition of catecholamine synthesis produced by alpha-methyl-para-tyrosine, cocaine induced euphoria cocaine abusers, 39843
initiation & maintenance & extinction of cocaine self administration with vs without conditioned reward, male rats, animal model of drug addiction & cocaine seeking behavior, 15084

intermittent footshock, reinstatement of extinguished drug- vs food-seeking behavior, rats, implications for model of relapse to drug abuse, 41192
intrauterine cocaine, visual looking preferences during arousal conditions & organization of attention, normal neonates prior to hospital discharge & at 1 mo old, 11151
iv cocaine self administration under concurrent VI schedules of reinforcement, rhesus monkeys, test of matching theory, 18353
left &/vs right hemisphere visual attention, 8–40 mo olds exposed vs not exposed to prenatal cocaine, 31312
lesions of basolateral amygdala, iv cocaine self administration & seeking behavior under 2nd order schedule of reinforcement & activity level, male rats, 18351
level of saccharin intake & food deprivation, rate of acquisition of cocaine iv self administration & subsequent self administration of oral ethanol, male rats, 6898
locomotor sensitization after chronic & acute cocaine administration, infant vs adult rats, implications for dopaminergic pathways, 6833
low dose flupenthixol, akathisia after crack cocaine smoking & subsequent cessation of crack use, cocaine dependent 25–46 yr olds, 8242
mapping patterns of regional brain activation, rats receiving nicotine vs cocaine, animal model of neural substrates underlying compulsive self-administration, 21690
marihuana use, patients in cocaine dependence treatment, 9568
marijuana & cocaine use, marital status, Black vs non-Black 14–21 yr olds, 13 yr study, 38535
maternal concomitant cocaine & methadone use, severity of neonatal withdrawal syndrome & perinatal morbidity, infants, 8268
maternal polydrug abuse & postnatal sleep architecture & efficiency, newborn infants with prenatal exposure to cocaine & other drugs, 1391
methylphenidate, striatal dopaminergic responsiveness, detoxified cocaine-dependent males (mean age 36 yrs), 34722
minority status & onset of substance abuse & educational level & mode of drug administration, prediction of early attrition, cocaine abusers in outpatient treatment, 24297
modafinil, cocaine-like discriminative stimulus & reinforcing effects, adult male rats & rhesus monkeys, 11138
model for use across outpatient clinical trials for research in pharmacological treatment of cocaine dependence, implications for standardized data collection & validity of results, 20329
monetary reinforcement, abstinence from cocaine, 41-yr-old homeless African American male military veterans with schizophrenia & substance abuse, conference presentation, 36806
motives for cocaine use, male cocaine abusers, 26691
neonatal cocaine by artificial rearing, activity rhythms over 48-hr period, 38 day old rats, 6821
neonatal cocaine, scopolamine-induced hyperactivity & impaired habituation & development of forebrain cholinergic neurons, rat pups, 41441
neonatal exposure to cocaine &/vs ethanol, performance on digging maze, rat pups, model of behavioral teratogenesis, 3193
neurobehavioral treatment with vs without acupuncture vs anticraving medication vs brain wave therapy, treatment retention & drug use outcomes, crack cocaine users, 20334
neurochemical & neuroendocrine effects of cocaine on hypothalamo-pituitary-adrenal axis & cocaine reinforcement, 38103
nimodipine, cocaine induced conditioned place preference & aversion, male rats, implications for confounding effects of locomotor activity, 29580
nitric oxide, haloperidol induced supersensitivity to cocaine, rats, 32503
NMDA receptor antagonist pretreatment with dizocilpine, cocaine self administration, male rats, 15083
ondanestron, development of blocking of cocaine induced sensitization & behavior & tolerance, male rats, 29571
ondansetron as 5-HT antagonist vs cocaine, psychoactive & physiological responses, 26–40-yr-old male inpatient cocaine abusers, implications for drug abuse treatment, 9619
opioid receptor antagonist naloxone, cocaine-induced hyperactivity & reverse tolerance & conditioned place preference & dopamine receptor supersensitivity, male mice, 29569
oral caffeine pretreatment, FR reinforced smoked cocaine self administration, male rhesus monkeys, 11120
pattern of cocaine self administration across light/dark cycle & suppression by baclofen, male rats, 38152
persistence of blue cone retinal function, cocaine-withdrawn male adults, 8 wk study, 31335
persistent EEG profiles, abstinent crack cocaine dependent 17.7–47.3 yr olds, replication, 12249
pharmacological characteristics & localization & inhibition by monoamine uptake inhibitors of RTI-55 cocaine binding sites in brain, gestational day 20 vs adult rats, 7071
phenomenon of sex for crack exchanges, occupational norms in relationship to discrimination, female street crack users, 23075
physiological responses to cocaine cues & cravings in high vs withdrawal states, men with history of cocaine abuse, 39213
play behavior, 1.5 yr olds with in utero cocaine exposure, 6 mo followup, 16080
postdrug environmental factors, induction of sensitization to ambulation increasing effects of methamphetamine & cocaine, male mice, 11153
postnatal cocaine & fluoxetine exposure, acoustic startle response, rats treated with serotonin agonists 8-hydroxy-dipropyl-aminotetralin or 1-(m-cholorphenyl) piperazine, 38093
power & control in cocaine related interactions, addiction & maintenance of resources, middle class female cocaine users, 23089
precocious vs regular weaning & changes in social variables, cocaine conditioned place preference, male vs female mice, 38122
prenatal cocaine, astroglial maturation, rats, 6853
prenatal cocaine, developmental status & mother child interactions, African American 2–5 yr olds, 23057
prenatal cocaine, discrimination learning as measured by responses to positive visual vs auditory cues, adult rabbits, 11197
prenatal cocaine exposure & genotype, intermale agonistic behavior, male mice, 34498
prenatal cocaine exposure & malnutrition, orientation to home nest material, rat pups, 11215
prenatal cocaine exposure, acoustic startle reflex excitability, rats, 6929
prenatal cocaine, increased motor activity patterns & decreased adaptive response, rat fetuses, dimensional conservation-variational relation theorem for chaotic dynamical systems, 7077
prenatal exposure to cocaine & interaction & attachment, mothers & their infants, literature review, 1997–1995, 26676
prenatal exposure to multiple drugs & cocaine, language skills, male vs female 14–50 mo olds living in drug-free environment, 23063
presence of DSM-III-R Axis I & Axis II disorders, comorbid diagnoses of cocaine & benzodiazepine dependency in early treatment, outpatients in methadone maintenance, 24314
prevalence of personality disorders, male vs female cocaine dependent 19–59 yr olds accepted into treatment, 19354
previous cocaine exposure, dose effect curve for locomotor effects of cocaine vs RTI-55 vs mazindol vs GBR12909 & stereotyped behavior, rats, implications for cocaine rehabilitation, 6877
priming of mesolimbic dopamine system with D1 vs D2 dopamine receptor agonists, cocaine seeking behavior, rats, implications for pharmacotherapy of cocaine addiction, 7066
prolactin & growth hormone following methylphenidate to evaluate dopamine status & craving in early & late withdrawal, 23–39 yr old chronic cocaine abusing males, 24305
propranolol, locomotor stimulating & neurochemical & reinforcing effects of cocaine, male rats, 6917
psychomotor stimulant response & behavioral sensitization & conditioned locomotion & cocaine habituation and induced seizures, C57BL/6J vs C57BL/6ByJ, mice, 41466

psychosocial effects of outpatient cognitive-behavioral treatment, behavioral outcomes, 18 yr old & older crack cocaine users, 9 mo followup, 5403
pupil size & pupillary oscillation measure as markers of cocaine induced paranoia, recently abstinent crack cocaine addicts, 1400
quantitative vs qualitative urinalysis for benzoylecgonine & 1 vs 3 times per wk sampling, assessment of cocaine use, 1394
regulation of arousal in affect & attention responses to novelty, 3 mo olds prenatally exposed to cocaine & other drugs, 8267
reinforcement & consumer demand theory in strategies for cocaine use reduction, 8251
reinforcing potency of dopamine agonist 7-OH-DPAT &/vs cocaine self administration, monkeys with vs without cocaine history, 7009
relapse episodes, male vs female 18–60 yr old cocaine dependent patients, 12243
relationship between subjective effects of cocaine & dopamine transporter occupancy, adults (mean age 35 yrs) who regularly abuse cocaine, 35822
relative thermal analgesic effectiveness of cocaine & its metabolites & tropane based analogs, male rats, 3272
remoxipride, reduction of cocaine self administration using FR-1 & progressive ratio reinforcement, male rats, implications for treatment of cocaine addiction, 18272
repeated cocaine, glutamate & NMDA receptor expression & immunoreactivity in ventral tegmental area dopamine pathways, male rats, 11132
requirement of explicit training in methadone vs cocaine discrimination, pigeons, 18335
resident–intruder aggression as social stress, cocaine self-reinforcement, male rats, 18321
resting EEG beta activity as CNS marker of withdrawal & cocaine dependence, cocaine dependent males, 35810
role of nucleus accumbens in sensitization of locomotor response to amphetamine or cocaine after repeated morphine administration, male rats, 25565
self administered cocaine, brain levels of vesicular monoamine transporter, male rats, 18352
self adminstration of heroin &/vs cocaine, monkeys, 29587
self medication of negative symptoms & depression with cocaine, female schizophrenic 46 yr old presenting to emergency twice in same yr, case report, 12068
self reports of cocaine use vs urine samples, male patients with cocaine dependence in outpatient therapy, 31307
sensitization, psychosis & relapse vulnerability, adult inpatients with cocaine dependence, followup study, 35796
serotonergic mechanisms, discriminative stimulus & reinforcing & subjective effects of cocaine, animals vs humans, literature review, 25624
serotonin agonists vs antagonists, modulation of discriminative-stimulus responding effects of cocaine, male squirrel monkeys, 41519
sex & age, mortality due to acute adverse reactions to opiates or cocaine, 15–49 yr olds, Spain, 23093
short- vs long-term haloperidol, cocaine place conditioning, male rats, implications for cocaine abuse treatment among schizophrenic patients, 18308
short-term residential day treatment program, residential & employment stability, homeless cocaine abusing males, 21 mo study, 13436
single-dose amphetamine & haloperidol & cocaine, time-dependent rebound cue states in amphetamine vs water vs haloperidol discrimination, male rats, 18275
smooth pursuit eye movement function, cocaine dependent patients with vs without paternal history of alcoholism, 42513
social defeat stress, behavioral & accumbens dopaminergic responses & cocaine self administration, defeated vs nondefeated rats, 29491
substance abuse treatment & dimensions of temperance, 22–41 yr old perinatal female crack cocaine users, 16977
systemic vs local cocaine, extracellular serotonin & 5-HIAA in nucleus accumbens, male rats, 11212
thiamine, memory task performance, abstinent cocaine-dependent 27–35 yr olds, 39798
time between relapse start & interview, retrospective relapse reports, 18–60 yr olds undergoing cocaine abuse treatment, 9601
underreporting of cocaine use at postreatment follow up, cocaine-dependent adults, follow up study, implications for the measurement of treatment effectiveness, 43453
unidimensional construct of cocaine dependence as measured by DSM-IV, Black vs Mexican American vs White males in substance abuse treatment, 4353
videotaping as adjunct to cognitive-behavioral therapy, 24–56 yr old methadone-maintained cocaine dependent users, 16981
viewing picture of cocaine cue vs neutral cue, preattentive vs attentive fixations & saccades, recently abstinent crack cocaine-dependent males (mean age 35 yrs), 19387
withdrawal from continuous administration of cocaine, spontaneous locomotor activity & SKF-38393 induced grooming & tongue protrusions & quinpirole induced locomotion & stereotypy, rats, 7014
withdrawal from low-dose oral cocaine, tactile startle vs ultrasonic vocal distress responses, male rats, 569
1-m-chlorophenyl-biguanide, K+ induced nucleus accumbens dopamine release, male rats withdrawn from cocaine, 29582
6-OHDA lesions of medial prefrontal cortex, self administration of cocaine at higher vs lower doses under progressive ratio reinforcement schedule, male rats, 3251

Cochlea—Serials

age, morphological changes in anteroventral cochlear nucleus that accompany sensorineural hearing loss, DBA/2J vs C57BL/6J vs CBA/J mice, 6694
cochlear mechanical & temporal modulation of spatial bandpass filtering bandwidths, amplitude of response of auditory nerve transfer functions to signals, cats, 10951
differing contributions of active feedback system in cochlea, 21–40 yr olds, conference presentation, 37669
excitation patterns of single auditory nerve fiber threshold tuning curves, spatial characteristics of cochlear vibration patterns, anesthetized cats, 18157
expression & distribution of gGluR1 mRNA receptors in cochlear neurons & coexpression in spiral ganglion neurons with NMDA & non-NMDA receptors, guinea pigs & rats, 14877
interaural intensity difference, processing of interaural time difference in nucleus laminaris, owls, 29384
leading phase polarity of waveforms, detection thresholds for electrical stimulation of cochlea in deafened ear, nonhuman primates, animal model, 25215
olivocochlear bundle functioning & auditory efferents, detection of tones in noise assessed with contralaterally attenuated evoked otoacoustic emissions, adults, 18177
perceptual organization of sequential stimuli, performance on temporal gap detection/discrimination & melody recognition tasks, listeners with cochlear hearing loss, 16411
prolonged acoustic exposure, induction of c-Fos expression in GABA positive somata in cochlear nucleus as seen with double labeling technique, gerbils, 14980
prolonged deafness, evoked Fos immunoreactive neurons in central nucleus of inferior colliculus to cochlear electrical stimulation, rats & guinea pigs, implications for neural plasticity, 14924
quality & intensity dependence of phase locking in single auditory nerve fibers vs nucleus magnocellularis mediating temporal processing & cochlear mechanisms, barn owls, 34551
statistical relationships between auditory intensity difference limens & medial olivocochlear system, 15–29 yr olds, 37987
within vs between cochlear channel mechanisms mediating gap detection, adults, 37680

Cochlear Implants—Serials

acoustic & articulatory analysis of sibilant phoneme production with vs without auditory feedback, 37 yr old male with cochlear implant, 24355
acquisition of auditory & communicative & linguistic skills, congenitally deaf male infant before vs after cochlear implantation, longitudinal study, England, 16758

auditory feedback, sound pressure level & fundamental frequency contours during reading, deafened speakers with cochlear implants vs patient with Neurofibromatosis-2 who had hearing reduced, 39590
cochlear implant use & age, long term speech perception performance, prelingually deafened children & adolescents aged 2–15 yrs at implantation, 27809
frequency discrimination & speech recognition at various formants, patients using Ineraid cochlear implants, 13149
neuropsychological & psychosocial adjustment following cochlear implant, adult patients, Spain, implications for role of mental health workers in rehabilitation, 24057
perceptual differences with dual vs single electrode stimuli & effects on speech perception, Ss with cochlear implants, 13160
physiology & phonology of use of negative intraoral air pressures & vowel based deviations & speech therapy, deaf 6.5–9.2 yr olds with cochlear implants, 23504
presentation of electrical pulses at 1 vs 2 electrode positions in cochlea, discrimination of temporal patterns & pitch ratings for patterns, adults with cochlear implants, 23509
psychometric functions for detection & corresponding temporal- integration functions, deaf 32–64 yr old cochlear-implant users, conference presentation, 39589
sequential vs pitch-based electrode ordering, electrode discrimination & pitch ranking & pitch scaling in speech perception, postlingually deaf adults with cochlear implants, 33118
vowels vs consonants vs words vs sentences presented at 50 vs 60 vs 70 dB sound-pressure level, speech recognition, postlinguistically deaf adults, 39595
12 mo of multichannel cochlear implant use, expressive & receptive vocabulary acquisition & use of spoken language in everyday situations, 4-yr-old prelingually deaf female, 24361

Code Switching—Serials
bilingual competence & structural properties & lexical borrowing in relation to Papiamento/Dutch code switching in reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22033
code switching at random tones at 8–12 sec intervals, intrasentential code switching at syntactically definable constituents & during speech production, bilingual 23–24 yr olds, 11255
flight into 2nd language within transference-countertransference discourse, bilingual 21 & 22 yr old Iranian college students with vs without paranoid schizophrenia, US, 19901
language choice & functional differentiation of languages in bilingual reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22052
recognition of code switched words in speech, Chinese-English bilingual college students, Hong Kong, 14564

Codependency—Serials
application of 12 step programs to problems of codependence & sex addiction, promotion of powerlessness with marginalized people, African American females, 23979
chronic dependency behaviors in friendships with other Black females, overextension of help giving, African American females, social work implications, 7540
chronic stressful events & development of eating disorders, codependent vs noncodependent 18–35 yr old females with vs without alcoholic family member, 26828
codependency & termination of relationships, lesbians, 22359
factors associated with participation in codependency support groups, support group members, 9200
group counselling efficacy & diagnostic indicators, 18–68 yr old self-identified codependents, 16553
parental alcoholism & abusive parenting practices, codependent feminine vs conduct disorder masculine coping style, 16–18 yr olds, 26680
reliability & construct validity of Codependency Assessment Questionnaire, young adult children of alcoholics, 14304
validity & reliability of Codependent Questionnaire, correlation of codependence with clinical disorders, college students & psychotherapy outpatients, 6054

Coeds [See College Students]

Coeducation—Serials
change in classroom from single- to mixed-sex, gender schemata, 2nd–12th graders, longitudinal study, 17207
single sex vs coeducational Catholic secondary schooling, academic & social psychological outcomes, 8th graders, 6 yr study, 43637

Coercion—Serials
coercion model of parental distress & acceptance & relations with children & children's adjustment & effects of social pressure & social support, 28–59 yr old single parents, China, 41895
cognitive ecological model of response to sexual coercion by dating partner, females, 22992
Colorado Parental Child Rearing Scale & initial development & validation & reliability, college students & parents & siblings, 33950
detection & characterization of coercive pressures to enter treatment stemming from multiple psychosocial domains, cocaine dependent outpatients, 1992–95, 24318
development of PTSD & self blame, female 17–34 yr olds who had coercive sexual experiences, 22957
ethical & practical considerations in psychiatric practice under coercive circumstances, 27627
high vs low pressure coerced confession ruled as admissible vs inadmissible by judge, verdicts & conviction rates, mock jurors, implications for application of harmless error rule, 24939
legal analysis of cults & psychological coercion & related lawsuits, bibliography appended, 17508
nonconsent & aggressive force cues in erotic auditory & visual stimuli, sexual arousal, sexually coercive vs noncoercive male college students, 30269
normal allowable coercion & level of coercion & provoker's conformity to vs violation of norm, aggressive & retaliatory reactions, male college students, 3820
perceived coercion & negative pressures & process exclusion in mental hospital admission, 20–70 yr olds involuntarily committed with severe mental disorders, 36766
perception of coercion assessed by Admission Experience Scale, patients voluntarily vs involuntarily admitted to psychiatric clinic, Sweden, 37454
perceptions of coercion in admission procedures, voluntary vs involuntarily admitted psychiatric patients, 36767
risk & fear of loss, coercive power in nonnegotiated social exchange relations, adults, 25994
sex, coercive tactics & reasons for compliance, college students, 22974
traditional sexual scripts & promotion & maintenance of sexual coercion, 22962
use of coercive & negotiating strategies in conflict resolution & child's use of similar strategies with peers, mothers vs fathers & their 6 yr olds, 15456
variations of interpretations on Sexual Experiences Survey items, assessment of sexual coercion, male college students, 10420

Coffee [See Beverages (Nonalcoholic)]

Cognition—Serials
acute or long term exercise & cognition, meta analysis, 42044
artificial intelligence & cognition as computation & proposed computational robot, 14108
artificial life & embodied artificial intelligence, autonomy of cognition, 40717
Bayesian approach, Occam's razor in modeling cognition, 25270
clozapine or risperidone vs conventional neuroleptics haloperidol or fluphenazine, cognition as seen on maze tasks, subchronic vs chronic schizophrenic clients, 12971
cognition & behavior & motivation & self perception, 12–17 yr old females with vs without subclinical depressive symptoms, 35544
cognitive vs behavior analytic approaches to cognition in behavior therapy, 32183
cognitive vs environmental contextual causation & multiple causal pathways of behavior & cognitivist vs behaviorist world views & differing emphases in therapy, 17903
cognitive vs standard police vs modified cognitive interview, eyewitness memory, 65–80 vs 18–35 yr olds, 17937

computational theory of mind vs alternative constructivist paradigm of cognition & evolution of cognition, 264
consequentialist vs relativist pragmatist theory of knowledge in principle vs adequate concept of justification of beliefs, 11243
cultural-historical theories of context & culture & cognition, implications for educational innovations & educators & educational anthropologists, 30087
developmental theories vs microgenetic framework, subjective timing of cognition & consciousness in brain, commentary, 326
Dretske's information-content theory & human cognition & CNS & artificial intelligence, 14099
dynamical systems theory of cognition & comparison & relation to symbolicism & connectionism, 25252
EEG biofeedback, cognition & attentive behaviors, 5-15 yr olds with ADHD, 5135
EEG biofeedback, cognition & attentive behaviors, 5–15 yr olds with ADHD, erratum, 16670
emotion vs cognition vs behavior, prediction of depressive symptomatology using differential emotions theory, 12–17 yr olds, 19144
emotional priming, speed & rate of endorsement of trait adjectives based on cognitive biases, depressed 18–65 yr olds, 11997
emotions & cognitive components & meaning in role of caregiving for elderly clients, adult caregivers, 24238
evaluation of gamma & Hamann coefficient measures of feeling of knowing performance, commentary, 2820
evaluation of gamma & Hamann coefficient measures of feeling of knowing performance, commentary, 2842
F. C. Bartlett's work on social bases of cognition & framework to conceive phenomena of human mind & cognition & that encompasses biological evolution & individual psychological & social bases, 30439
formal ontology & use of "common sense" in cognitive scientific inquiry, implications for knowledge based systems, 2419
heuristic framework for concept of cognition & its application to & commentary on concept of experiential avoidance, 34224
historical overview & current status of & future directions for science of animal cognition in comparative psychology, 25357
human subjectivity & sensorimotor experience & cognition vs self identity views in cognitive science, 10690
identifying nonmemory effect performance decrements in animal memory research, implications for research design & human animal cognition parallels interpretation, 34400
immediate awareness & consciousness hypothesis of mental occurrence in W. James' "The Principles of Psychology", 18026
increased opportunity for thought, polarization vs attenuation of attitudes toward imaginary individuals, 18–48 yr olds with high vs low objectivism, 7725
interpretations of causality vs explanation in emergentist naturalistic theories of cognition, 270
language priming & retrieval of private & collective self-cognitions, adults with English as 2nd language, Hong Kong, 21966
nonconceptual content & perceptual experience & subpersonal computational states, 14585
on line empathic accuracy & assumed similarity & shared cognitive focus in marital interaction, married couples, New Zealand, 30386
parallel & serial exhaustive processing as mental architecture in perception & cognition & violation of race model inequality, 34245
parallels in historical succession in biological & cognitive theories of adaptation & evolution, 434
process model of development of groupthink, 15589
proof of ability of computers to think based on human cognition as computer, implications for cognitive science, 14102
psychological reinterpretation of Lao Tzu's Taoistic cognition & objectivity & creativity, 21956
referential cohesion & logical coherence in narrative production, 41–77 yr olds with right hemisphere dysfunction due to stroke, 19578
relationship between identity and cognition in biological & artificial life, 40718
relationship between perception & cognition & memory & recall, implications for interactive computer screen design, 25246
revision & validation of Cognitive Errors Questionnaire, measurement of cognitive distortions of somatic experiences, 18–65 yr olds, 42705
role of self-talk in cognitive model of childhood anxiety, 31095
role of structures & processes in personality psychology in redirecting focus of psychological research on complex patterns of affect & cognition & behavior in individual development, 3415
Sapir-Whorf hypothesis of relation between language diversity & thought vs openminded approach to linguistic relativity, 11282
self awareness & deception & planning & cued vs detached representations in cognition, animals, 349
similarity & surface content & abstract vs specific information representations in analogy & skill & metaphor transfer learning, implications for transfer in neural networks, literature review, 33856
speech & motor deficits & cognition & language, 57–74 yr olds with amyotrophic lateral sclerosis, 8649
structural similarity between domains & metaphorical representations of conceptual structures, 7148
subchronic PCP, mesoprefrontal dopamine use & prefrontal cortical-dependent cognition, male rats, implications for schizophrenia, 41475
symbol systems vs situativity theoretic approaches in cognition studies, 10257
thought listing vs self statement questionnaire, assessment of cognition, high vs moderate vs low test anxious 5th & 6th graders, Netherlands, 34069
trial & error processes, evolution of animal cognitive capacities, 341
uncertain responses in psychophysical paradigms, humans vs rhesus monkeys, 25356
Cognition Enhancing Drugs [See Nootropic Drugs]
Cognitions [See Also Expectations, Irrational Beliefs]—Serials
abuse characteristics & cognitive processing & social integration & long-term adjustment, 18–72 yr old female survivors of incest by father or other male guardian during childhood, 12149
anxious mood induction, effect of active vs passive rumination vs distraction on moods, college students, test of response theory of depression applied to anxiety, 10741
assessment of cognitive & affective & behavioral components of homophobia with tripartite strategy, 14-15 yr olds vs 18-44 yr old college students, 3487
automatic thoughts, self-reported illness symptoms, male vs female depressive vs nondepressive college students, Turkey, implications for validity of Automatic Thoughts Questionnaire, 30482
chronic control beliefs, counterfactual thinking regarding negative repeatable vs nonrepeatable life events, depressed vs nondepressed college students, 22779
clinical features & utility of assessing morbid cognitions & stress & risk factors & illness onset, 20–73 yr olds with psychotic vs endogenous depression vs melancholia, 35553
cognitions about withdrawal & discriminant validity of Organizational Commitment Questionnaire, air traffic controllers, 28603
cognitive & feeling elements of mind, 7701
cognitive & psychodynamic correlates, depressed patients, 1240
cognitive behavior therapy, danger cognitions, adults with agoraphobia vs social phobia, 4856
cognitive characteristics & attitudes & family background, male child molesters with fixated vs regressed typology, 35850
cognitive ethology & vigilance & information seeking behavior & representation, birds, 373

cognitive factors in heterosexual situations, 20–35 yr old socially anxious vs nonanxious males, 30351
cognitive therapy based on realistic assessment of risks & strategy to minimize them, danger related cognitions about illness, 42–64 yr olds with agoraphobia following physical illness, 1730
Cognitive Triad Inventory scores & negative cognitive triad & association with symptoms of depression & anxiety, 13–16 yr olds, 30766
conception of & emotional experience of courage, 6 vs 9 vs 14 vs 21 yr olds, 34955
content patterns & number of worry topics, adults with generalized anxiety disorder, 35563
content, rational & irrational beliefs & functionality of inferences, 18–24 yr olds, England, implications for rational emotive therapy, 39700
control appraisals & intrusive thoughts & problem focused coping or behavioral disengagement during stressful negative events, 17–55 yr old college students, 6 wk study, 37723
counterfactual thinking, preventability & causal ascriptions of outcomes, adults, Canada, 2816
cut-off points & actual & hypothetical grades & grade point averages, counterfactual thoughts & satisfaction, college students, 34225
delusion vs overvalued idea vs religious beliefs, schizophrenic vs anoretic vs normal adults, England, commentary, letter, 42168
delusion vs overvalued idea vs religious beliefs, schizophrenic vs anorexic vs normal adults, England, 35420
development & reliability & validity of Sexual Risk Cognitions Questionnaire, assessment of type & frequency of cognitions associated with unsafe sex, 18–71 yr olds, England, 40847
development & validation of Hostile Automatic Thoughts Scale measuring physical aggression & derogation & revenge, college students, 40848
development of MOLEST & RAPE scales, assessment of cognitions, child molesters vs rapists vs nonsexual offender inmates, implications for cognitive behavioral treatment, 14292
development of regression models for prediction of & examination of individual differences in thought rebound, college students, 260
discriminant & external validity of Bulimic Cognition Inventory in naturalistic & laboratory environments, 18–24 yr old females with bulimia vs restrained eating vs no eating disorder, 2582
distractibility & self critical cognitions, indecision, college students, 11729
divided attention & massed vs spaced repetition of novel faces, awareness in recognition memory & recollective experience & feelings of familiarity in facial recognition, adults, 10731
dysfunctional cognitions & personality disorders, major depression relapse, inhouse patients postdischarge, 5 yr followup, 35531
early avoidance of traumatic stimuli, experience of intrusive thoughts, burn survivors, 8473
educational & relational mental incongruity, domain specific identity formation, 12–24 yr olds, Netherlands, 15292
emotions & cognitions during bingeing & compensatory weight control cycles, females with bulimia, 4467
false belief understanding & awareness of personal taste in development of interpretive theory of mind,5–6 vs 6.8–8.7 &4.8–7.8 & 8–8.9 yr olds, 11337
feedback on group performance vs member motivation & ability, group leader cognitions & verbalizations of choice to retain vs transfer subordinates, college students, 14620
general practitioners' referral behavior & specialists' attention to dysfunctional cognitions, health care seeking in primary care, patients with irritable bowel syndrome, Netherlands, 32866
H. Werner's theory of physiognomic perception, study of perception & cognition of & emotional response to film music, 11237
interpersonal & cognitive-perceptual deficits, time spent per week in exercise or active recreation & in reading & watching TV & other activities, adults, 20838
intrapersonal & interpersonal perspective on theory of ironic mental control processes, implications for therapeutic intervention, commentary, 34238
ironic processes of mental control, implications for therapeutic intervention, 34248
main trends of thought & behavior among the reform generation of young intellectuals in 1980s China, 19–31 yr olds, application of K. Mannheim's generational perspective, 41824
meeting "Sinterklaas" as emotionally charged naturalistic event, cognitions & self reported emotions & expressive behavior, male vs female kindergarten-aged children, Netherlands, 34941
mental representations about sex of future child, 20–40 yr old nulliparous pregnant females declaring no sex preference for 1st child, Canada, 10695
outpatient consultation, persistent improvement of complaint-related cognitions & anxiety, patients with irritable bowel syndrome, 6 mo followup, 36709
own cognitive & others' communicated gain or loss frames, negotiation behaviors & cognitions, 22–25 yr olds, Netherlands, 7654
pain chronicity, depression & anxiety & work goal cognitions, 20–68 yr olds, 1504
personal narrative account of language development & cognitive & sensory experience of consciousness, H. Keller, implications for cognitive psychology, 25166
precompetitive cognition & affect & resulting performances in wrestling matches, collegiate wrestlers, 5800
prior expectations & outcome valence, spontaneous & nonspontaneous counterfactual thinking & additive & subtractive thoughts, college students, 6340
process of psychotherapy as helping patients doubt beliefs about reality in faithful way & parallel with religious thinking, female analysand, case example, 27359
psychometric properties & discriminant validity of Automatic Thoughts Questionnaire—Positive, assessment of anxiety & depression, 11–18 yr old depressed vs nondepressed inpatients, 10446
psychometrics of scale, measurement of thought-action fusion, adults with obsessive compulsive disorder, 6061
pure central executive interference task, frequency of connected sequences of stimulus independent thoughts, college students, Belgium, 6397
recall of own or other's drawing based on false belief, 3–4.5 yr olds, 7271
reciprocal nature of risk behaviors & health cognitions of driving & drinking & smoking, 8th–10th graders, 3 yr study, 783
relapsing cycle of Behcet's disease & psychosomatic thought patterns & important life events & emotional changes, adult male, 15 yr study, Italy, case report, 26882
repeated intrusive thoughts, neutralization or distraction responses & discomfort level, nonclinical 17–60 yr olds, implications for etiology of obsessive compulsive disorder, 22909
research issues in cognitive/personality subtypes of depression, 35511
retrospective memory & prospective cognitions of positive vs negative experiences, patients with panic disorder vs depression, England, 38934
role of intentions & meta-awareness in cognitive therapy, 32130
role of self-esteem in affective & cognitive reactions to evaluative feedback in academic setting, college students, 40458
rumination vs distraction responses to depressive symptoms, onset & severity of depressive episode, college students, 18 mo prospective study, test & extension of response styles theory of depression, 30861
science vs philosophy & cognition vs action & role of consciousness & self-consciousness, implications for cognitivist vs behaviorist debate on causal efficacy of human thought, 17932

sex, structure of positive & negative automatic cognitions & validity of multidimensional models of Negative & Positive Automatic Thoughts Questionnaires, 17–23 yr old undergraduates, 33976
shame & guilt & self critical cognitions & perfectionism, males vs females, 22549
Skinner & behaviorism & role of cognitions in human behavior, 14191
social group membership as part of psychological self & influence on thoughts & feelings & behavior, college students, 7747
social success & self-protective social goals & negative emotional states & social perceptions, adults with generalized social phobia, 39099
specificity of state of mind model for disorder differentiation, male Vietnam War veterans with vs without PTSD, 31104
suicidal behavior & ideation, depression & anger & anxiety & hopelessness & self concept, 13–18 yr old psychiatric inpatients, 8149
suppression & accessibility of death-related thought in production of increased cultural worldview, terror management, adults, 35299
task vs ego involvement goals during actual vs imagined forearm movements & negative vs positive feedback, effort inferences & heart rate & EMG, adults, 21800
threat appraisal, affect & intrusive cognitions & cognitive test performance, female college freshmen, 30499
trait anxiety & social desirability, cognitive biases for future negative events & prediction of examination performance, college students, 30490
transformation of protoemotions into thought, female analysand with severe panic attacks, 12897
understanding of thought bubbles in pictures of characters engaged in action as depiction of thoughts, 3 vs 4 yr olds, 3389
within-situation safety seeking behaviors & panic related cognitions, adults with panic disorder, implications for cognitive therapy, 4857
world view & cognitions about adjustment problems & severe psychiatric illness related to etiology & treatment, Black vs White 19–41 yr olds, 1144

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Serials

ability profiles including overall differential ability & academic achievement & demographic prevalence trends representative of norms for Differential Ability Scales, 6–17 yr olds, 10399
abnormal auditory & visual EP P300 latencies, mild cognitive disturbances, 32–63 yr old closed head injury patients without neurological or psychiatric findings, 16372
abnormal local cerebral glucose metabolic rates, traumatically brain injured 12–59 yr olds with long term behavioral & cognitive deficits, 1–5 yr followup, 1575
academic performance & neuropsychological abilities & deficits, high functioning individuals with autism, 4410
accommodation of savant syndrome & general & specific cognitive abilities in theories of intelligence, 8352
accuracy & performance features of Neurobehavioral Cognitive Status Exam based on neuropsychological assessment, identification & assessment of cognitive impairments & abilities, outpatients, 37503
acetyl-L-carnitine hydrochloride, cognitive decline, elderly patients with probable Alzheimers disease, 1 yr followup, 27014
activities of daily living & cognitive ability, self sufficiency & impairments in memory & drug intake & diet, 80–104 yr olds in nursing homes & private homes & hospitals, conference presentation, 29994
activities of daily living & self care skills & cognitive ability, 80+ yr olds vs centenarians, Sicily, conference presentation, 29996
acute vs chronic tacrine, regional cerebral perfusion & cognitive functioning, middle aged & elderly with Alzheimers disease, 12 wk followup, application of single photon emission tomography, 9281
adaptive behavior & intellectual functioning, school age retarded children with vs without autism, 12384
administration of 1st 64 cards of Wisconsin Card Sorting Test, test performance, elderly with Alzheimer's disease or Parkinson's disease with vs without cognitive dysfunction, 21110
adolescents' level of legal & psychological cognitive competence associated with self-determination in mental health decisions, 43963
advances in pharmacotherapy, memory & cognitive deficits, patients with Alzheimer's disease, 13157
affect recognition as a function of global impairment vs specific cognitive deficit, adults with schizophrenia or schizoaffective disorder receiving psychiatric services, 42309
age & cognitive deficits, frequency of dissociative events, 35–55 vs 60 yr old & older psychiatric outpatients, 1225
age & education corrected standardized short form of Halstead Category Test, 19–82 yr old nonbrain-damaged hospitalized patients vs brain-damaged patients, 34038
age & education, Mini Mental State Examination scores, 75–102 yr old Catholic nuns, 1.6 yr followup, 11496
age & individual differences in cognitive speed & ability & depression & activity level & health, episodic memory performance, 70–96 yr old men vs women, 34997
age & nutritional parameters & self sufficiency & activities of daily living & cognitive functioning after tube feeding, malnourished elderly patients, conference presentation, 32724
age & post dexamethasone cortisol levels & MRI evidence of hippocampal atrophy & cognitive function & depressive symptoms, patients with depression vs Alzheimer's disease, 11855
age & residence & depression & premorbid intelligence, prediction of cognitive decline & development of dementia, male vs female 65–74 yr olds, 4.5 yr study, 12661
age & sex & cognitive status & hallucinations or delusions & mood & alcohol use & physical activity of daily living & health, aggressive behavior, elderly in rural outreach program, 11844
age, ability to hold 2 rules in mind & inhibit strong response tendency, 3.5–7 yr olds, implications for frontal cortex development & functioning, 737
age associated cognitive & functional declines, 20–79 yr olds with Down's syndrome, 16173
age at onset & subcortical hyperintensities on MRI & cognitive impairment, 60+ yr olds with major depression, 22792
age, behavioral outcomes & psychopathology & adaptive & cognitive functioning, 6–16 yr olds with mild vs moderate vs severe closed head injury assessed 3–60 mo postinjury, 16239
age, categorization of pretense as mental or physical activity, 3–8 yr olds, 11361
age differences, factorial structure & analysis of tests of cognitive abilities, 11–14 yr olds, Sweden, 5949
age differences in cognitive outcomes & relationship between learning disorders & brain dysfunction & hemispheric functioning & assessment, 6–18 yr olds with traumatic brain injury, 16346
age disorientation, 65–89 yr olds with chronic mood disorder, 12–18 mo followup, 11978
age, executive functioning & attention & impulsivity, 7–16 yr old females with Turner's syndrome, 23466
age related cognitive changes & general decline in processing speed, 55–86 yr olds, England, 18654
age, serum cholesterol level & auditory P300 latencies & cognitive function, 70–91 yr olds, letter, 35007
aging, early cognitive impairment on Mini-Mental State Examination, 60–84 yr olds with mild to moderate depression, conference presentation, 30906
agreement of cognitive-language assessment profiles in cognitive referencing model of service triage, 3–6 yr olds with delayed language ability, 28586
alcohol consumption & cognitive performance & daily functioning, 65 yr old & older Blacks, US, 22170
alcohol use disorders, neuropsychological functioning, college students, 1987–1988 study, 39216

alexithymia & age & sex & SES, ability to match verbal vs nonverbal emotional stimuli & responses, 18–80 yr olds, implications for psychosomatic medicine, 1063
alprazolam vs buspirone with vs without ethanol, self-rated cognitive performance, non-drug abusing 21–50 yr olds, 18334
amantadine vs pemoline, fatigue & cognitive function, ambulatory patients with multiple sclerosis, 20076
analysis of conversation content to illustrate semiotic cognitive function, 68 & 75 yr olds with Alzheimer's disease, commentaries included, 8640
anomalous lateralization of cognitive functions, 39–77 yr old left & right handed patients with unilateral brain damage & aphasia, implications for genetic model, 12574
anterior communicating artery aneurysm rupture & repair, recovery of memory & executive function, 27–66 yr old patients with anterograde &/vs retrograde amnesia, 1 mo followup, 12604
antidepressants, cognitive impairment, elderly, conference presentation, erratum, 5079
antiphospholipid antibody positivity, cognitive function, lupus anticoagulant positive vs negative female patients with systemic lupus erythematosus, Canada, 39439
anxiety & sensorimotor & cognitive responses during hydrogen-oxygen dive & long-term confinement in pressure chamber, 28–33 yr old male divers, France, 41002
Apo-E allele & performance on cognitive ability tests, elderly with Alzheimer's disease, 1617
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, commentary reply, 30869
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early- vs late-onset depression, commentary, 30853
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, 4119
apolipoprotein E genotype & cognitive decline & dementia, 75 yr olds & older, 6 yr study, implications for prediction of late onset Alzheimer's disease, 8574
apolipoprotein E genotype, rate of cognitive decline, patients with probable Alzheimer's disease, 5.5 yr longitudinal study, 19611
applicability of Physical Performance Test, healthy elderly vs patients with Alzheimer's disease, implications for use in epidemiological surveys, letter, 19669
artificial intelligence & mentality, 40716
assessment of capability to teach students critical & analytical thinking skills applicable in major courses of achievement, 19–42 yr old preservice teachers at midpoint of education, 13685
assessment of distinct areas of cognitive functioning vs item level of difficulty of Mini-Mental State Examination, 18 yr old & older community residents, 111
background characteristics & cognitive functioning, inner city 16–63 yr olds with severe reading difficulties seeking assistance from literacy programs, 16150
behavioral & cognitive features of fatal familial insomnia & their distinction from dementias, 35–61 yr olds, 8592
behavioral & developmental & cognitive functioning, 5–12 yr olds with clinic observed vs reported vs situational hyperactivity, 26775
behavioral relaxation therapy, short term memory & incidental learning task & general knowledge & self assessed anxiety, 28–53 yr olds with moderate intellectual disabilities, replication, 35921
beta-amyloid accumulation in entorhinal & frontal cortex & cerebellum, cognitive function & learning & neurofibrillary tangle formation, aged dogs, animal model of dementia, 18151
bifemelane, brain function, healthy 60–73 yr olds, 29613
biological & cognitive criteria for mild cognitive impairment, older adults at risk for developing dementia, 31883
blood perfusion deficits in brain, cognitive & behavioral performance, 60–79 yr olds with probable primary degenerative dementia, conference presentation, 31852
blood pressure & cognitive decline, 70–91 yr olds, Japan, 3 yr followup, letter, 41789
blood sugar metabolic changes & related cerebrovascular deficits, cognitive impairment & memory recall & depression, 70–86 yr olds with senile dementia &/vs diabetes mellitus, conference presentation, 31614
body mass index & atrophy of medial temporal cortex vs other brain regions & cognitive impairment, Alzheimer's disease patients, 23409
body weight & estrogen & cognitive functioning, males (mean age 72.6 yrs) vs females (mean age 73.2 yrs) with Alzheimer's disease, 31742
brain atrophy & severity of neurological impairment, HIV positive patients (mean age 38.4 yrs) vs HIV negative high risk controls, 31652
brain infarctions, cognitive function & dementia, 76–100 yr old females with vs without neuropathology for Alzheimers disease, 31888
brain size & age & sex & social class & race, cognitive ability, research review, 6338
calorie restriction, learning in cued & spatial tasks, 2–4 vs 19–23 mo old male mice, animal model of cognitive deficits in aging, 6438
cardio-pulmonary bypass surgery, attention & verbal & nonverbal memory & language & executive functions & motor & psychomotor speed, patients with asymptomatic carotid artery disease, 6 mo followup, 9290
carisoprodol, neuropsychological test performance as measure of cognitive function, 19–23 yr old males, 41540
cerebellar arachnoid cyst & cognitive impairment, female 52 yr old accused of arson, case report, 12290
cerebellar hypoplasia & frontal lobe cognitive deficits, 10–23 yr old autistic patients vs 10–16.7 yr old survivors of childhood acute lymphoblastic leukemia, 30659
cerebral lateralization & handedness & cognitive function, IQ & language ability, severely mentally retarded 32–50 yr olds with vs without Down's syndrome, 8395
change in cognitive functioning & association with dementia onset, 73–102 yr olds, Australia, 3.6 yr followup, 39518
characteristics of neurofibramatosis type 1& correlations with mental retardation & learning disability & other cognitive deficits, 36124
characteristics of voluntary participants vs nonparticipants & perceptions of benefits & least & most helpful aspects of dream interpretation, college students, implications for therapy, 19895
child perception & control feelings depicted by self drawings, life effects & cognitive ability & emotional state, 5–13 yr olds with sickle cell disease, 23290
cholinergic hypothesis of cognitive deficits & enhancers in Alzheimer's disease, literature review, 23462
cholinesterase inhibitor velnacrine, cognitive symptoms of Alzheimer's disease, 45–88 yr old patients, 19985
chronic nonsteroidal anti-inflammatory drugs, cognitive status, elderly inpatients, implications for prevention of cognitive decline, 9249
chronic valproate, reversible Parkinsonism & cognitive impairment, 22–74 yr olds in an epilepsy clinic, 27548
citalopram, neuropsychological function, female 73 yr old with pseudodementia, case report, conference presentation, 13159
citalopram vs dothiepin, cognitive & psychomotor function, adults (mean age 29.3 yrs), 34650
classification of cognitive dysfunction based on trait/state model, patients with schizoprhenia, 35628
classroom intervention strategies, management of behavioral disturbances & cognitive deficits, traumatic brain injured children & adolescents, 17233
clinical & animal neuropathological & biochemical studies of protein & genetic & neurofibrillary changes, cognitive change in normal aging & Alzheimer's disease, 1961–95, research review, 8629
clinical & demographic & iatrogenic factors & diagnostic reliability & neurological comorbidity, heterogeneity in cognitive function, schizophrenic patients, prospective vs retrospective study, 1282
clinical & instrumental & cognitive impairment & depression, 60 yr olds & older with congestive heart failure, conference presentation, 31713

clinical course of neuropsychological functioning, 33–60 yr old male workers with chronic occupational exposure to organic & inorganic lead, 12–28 mo followup, 31574
clinical features of reversible cognitive dysfunction, 65+ yr olds with delirium, 39061
clinical utility of Hooper Visual Organization Test, screening assessment of cognitive ability, 60–95 yr old cognitively intact vs mildly vs severely impaired geriatric rehabilitation patients, 28563
clock drawing test vs Pfeiffer Short Portable Mental Status Questionnaire scores, assessment of cognitive impairment & specificity for Alzheimer's disease, 54–88 yr old geropsychiatry patients, 34010
clozapine vs zotepine, cognitive function, 18–60 yr old schizophrenic patients, 36482
CNS prophylactic chemotherapy, intellectual & academic functioning, 2–15 yr old leukemia patients, 3 yr followup, 16740
cobalamin replacement, cognitive function, elderly demented patients with vitamin B12 deficiency, 3–24 mo followups, 20071
cogitive & motor neuropsychological deficits, 32–62 yr old neurofibromatosis type 1 patients with vs without affective disorder, Sweden, 42848
cognitive & academic functioning & social competence & externalizing problem behaviors & school history, 2nd–4th graders at high vs moderate vs low risk for behavior disorders, 13833
cognitive & behavioral deficits, children of alcoholic parents or exposed prenatally to alcohol, literature review, 42547
cognitive & behavioral deterioration & quality of life, 60–90 yr olds with chronic cerebrovascular disorders vs noninsulin dependent diabetes mellitus vs hypertension, 19502
cognitive & behavioral profiles, 14–51 yr olds with Smith-Magenis syndrome, 26806
cognitive & emotional & nutritional status & activities of daily living performance, 100–107 yr olds, Italy, conference presentation, 29988
cognitive & functional impairment, probable Alzheimers disease patients with vs without extrapyramidal signs, US & France, 39489
cognitive & language & physical development, children with fetal alcohol syndrome, followup study, 8234
cognitive & linguistic deficits in narrative production, 64–92 yr olds with vs without dementia of the Alzheimer's type, 26970
cognitive & memory deficits underlying confabulation, 48-yr-old male with anterior communicating artery aneurysm, 39516
cognitive & memory impairments & emotional well being & serum testosterone, male 19–37 yr olds with multiple pituitary vs isolated growth hormone deficiencies, 4511
cognitive & motor skills in driving performance, 65–83 yr old males vs females, 10226
cognitive & neuropsychological performance & functional status, 65–84 vs 85–99 yr olds, implications for increased risk for cognitive decline & dementia with age, 11499
cognitive & perceptual motor functioning & academic achievement & social skills & problem behaviors, 7–12 yr olds with learning disabilities vs low achievement vs mild mental retardation, 16151
cognitive & physical functioning & discharge destinations, 71–99 yr old hip fracture patients with or without cognitive impairment, 35974
cognitive & somatic & personality functioning, 17–47 yr old victims of mild traumatic brain injury, 12646
cognitive & somatic personality functioning, 17–47 yr old victims of mild traumatic brain injury, erratum, 27003
cognitive & syndromal profiles, older vs younger patients with schizophrenia, 22850
cognitive abilities & architectural knowledge & its relationship to design ability, novice vs expert architectural designers, 43783
cognitive abilities & computer experience & training, computer attitudes & word processing acquisition, male vs female 58–83 yr olds, 3524
cognitive abilities & home environment, achievement in mathematics vs reading vs general information, 1st graders, Japan vs Taiwan vs US, 10 yr followup, 13744
cognitive ability as assessed by CogScreen, US Air Force pilot candidates (mean age 23.5 yrs) vs commercial pilots, 24814
cognitive ability profiles on WAIS-R, 18–22 yr olds with adolescent onset anorexia nervosa with vs without autism spectrum disorders, Sweden, followup study, 1468
cognitive behavioral therapy, depressed frail elderly & patients with mild cognitive impairment, literature review, 32125
cognitive changes associated with preclinical dementia, elderly with Parkinson's disease, longitudinal study, commentary, letter, 31860
cognitive changes associated with preclinical dementia, elderly with Parkinson's disease, longitudinal study, commentary reply, letter, 31799
cognitive competency & motivation, 45–75 mo old economically disadvantaged vs advantaged preschool & kindergarten students, longitudinal study, 40432
cognitive complaints & functioning & symptoms shared with depression, patients with chronic fatigue syndrome, literature review, 23300
cognitive deficits & CA1 cell loss & fetal cell transplantation vs conditionally immortalized precursor cell grafting in animal models of global cerebral ischemia, literature review, 41329
cognitive deficits & reliable needs reporting, severely mentally ill adults, implications for client participation in rehabilitation planning, 7837
cognitive deficits in attention & memory & executive function, patients with schizophrenia, conference presentation, 26518
cognitive deficits measured by Mini-Mental State Examination & Trail Making Test, chronic psychiatric inpatients, 32991
cognitive dysfunction & emergence of tardive dyskinesia, 25–78 yr olds with chronic schizophrenia, Ireland, 10 yr study, 1306
cognitive dysfunction & temporal lobe abnormality & brain function lateralization, 5–17 yr olds with intractable temporal lobe epilepsy, 8591
cognitive factors & guided practice, prediction problem solving, 10th grade biology students, 20594
cognitive failure, job stress & personal strain, registered nurses vs college lecturers, 15704
cognitive flexibility & alcohol dependence, older vs younger males, 31350
cognitive function & positive & negative symptoms & diagnosis, schizophrenic vs bipolar adults (mean age 43.8 & 41.9 yrs), 19120
cognitive function & severity of depressive symptoms, elderly with dementia from community vs referred to psychiatric service, UK, 36049
cognitive function & subjective memory complaints & impairment, 65–84 yr olds, Netherlands, 3528
cognitive function, elderly with fall related fractures, letter, commentary, 39375
cognitive functioning & early problem severity & sex & expressive language ability & parent practices & stress, predicting externalizing behavior, preschoolers–1st graders & mothers & teachers, 16023
cognitive functioning & smoking & pulmonary functioning, 18–94 yr olds, England & Wales & Scotland, 30307
cognitive functioning & validity of & false negatives on Geriatric Depression Scale, nursing home patients, commentary, letter, 2622
cognitive functioning, depression & somatic symptoms, 75 yr olds & older, Italy, 11850
cognitive functioning, drug abusing adult schizophrenic outpatients, 26483
cognitive functioning, effectiveness of high vs low demand movement vs rhythm vs singing activities in music therapy, older adults with Alzheimer's disease & related disorders, 5147
cognitive functioning, 10–50 yr olds with Down's syndrome, Netherlands, 42646

cognitive impairment & confrontation with stressful life events, use of outpatient physician services, male vs female 65–75 yr olds & older, 13296
cognitive impairment & decline, risk of future stroke, elderly, followup study, 12559
cognitive impairment & decline, risk of future stroke, elderly, followup study, commentary reply, letter, 26973
cognitive impairment & decline, risk of future stroke, elderly, followup study, commentary, letter, 27002
cognitive impairment & depression & family history of dementia & Down's syndrome, 65–84 yr olds with vs without history of psychiatric illness, Netherlands, letter, commentary reply, 7875
cognitive impairment & depression & family history of dementia & Down's syndrome, 65–84 yr olds with vs without history of psychiatric illness, Netherlands, letter, commentary, 7851
cognitive impairment & functioning, 8 yr old male with Schwartz Jampel syndrome, case study, 19638
cognitive impairments, 33 yr old patient who experienced PTSD & minor head injury following traffic accident, case report, 38862
cognitive-neuropsychological abilities & related psychological disturbance, psychiatric inpatients, 4070
cognitive performance & evolution & subgroups of cognitive impairment & senile dementia, adults over 60 yrs old, France, longitudinal study, 4701
cognitive performance & respiratory symptoms of sleep disordered breathing & snoring & breathing stoppage during sleep, 60–70 yr olds, France, commentary, 26855
cognitive performance & respiratory symptoms of sleep disordered breathing & snoring & breathing stoppage during sleep, 60–70 yr olds, France, 26861
cognitive performance on common neuropsychological tests, 76–91 yr olds with varying levels of education, 21112
cognitive performance on verbal & memory & visuospatial tasks & subsequent mortality status, 75–95 yr olds, 35005
cognitive problem solving, antisocial & aggressive children, 8106
cognitive processes during acquisition of new context bound information in serial learning task, alcoholic males vs females, 12248
cognitive profile & expressive linguistic ability, 18–35 yr olds with Down's syndrome vs mental retardation of unknown etiology, 12387
cognitive readiness at kindergarten entry & parent involvement in preschool intervention program, academic achievement & grade retention, low income Black & Hispanic 6th graders, 5653
cognitive skills & skill demands of jobs & income, African American vs Mexican American vs European American 26–33 yr olds, 35050
cognitive status & need for surrogate consent through durable power of attorney for involement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 42797
cognitive status & presence of physical or verbal aggressiveness & agitation & other behavior problems, elderly nursing home residents, Australia, 13379
cognitive status, HIV positive asymptomatic iv drug users, 1 yr followup, 19534
cognitive strengths & weaknesses on Woodcock Johnson Psycho-Educational Battery & academic achievement, 1st–12th graders, 14373
common sources of variance in paper & pencil aptitude tests & cognitive components tests, college & technical school students, extension of P. C. Kyllonen's analyses, 10584
comorbidity of behavioral & emotional & cognitive problems, 12–17 yr olds, Netherlands, 38915
comparability of Wisconsin Card Sorting Test & Modified Card Sorting Test, older adults with dementia vs younger individuals with HIV-1 infection, 34031
computer anxiety & performance on computer-based cognitive tasks, 18–27 vs 55–82 yr olds, 40682
computer software, higher mental abilities, 13–16 yr old students, India, 33839
Computer Supported Intentional Learning Environment software, academic & general self concept & self regulation & critical thinking ability, 8th graders, 33426
conceptual & spatial & graphic process & drawing deficits on Clock Drawing Test & dementia ratings, 57–89 yr olds with Alzheimer's disease, 2 yr study, 36134
concurrent validity of Differential Ability Scales vs WISC-III, assessment of cognitive abilities, 6.2–14.8 yr olds with learning disabilities, 3 yr followup, 6026
concurrent validity of Neurobehavioral Cognitive Status Exam subtests, patients from neuropsychologic & geriatric units, 37506
confirmatory factor analysis of cognitive complexity as measured by Role Category Questionnaire compared to cognitive performance measures, college students, 26237
congestive heart failure & cerebrovascular events & brain tissue & cognitive impairment, elderly, conference presentation, 31709
consensus statement on assessment of cognitive status in relation to driving, individuals with dementing diseases, Sweden, 31828
construct validation approach to problems in competency evaluations, cognitively impaired elderly, 14321
construct validity & factor structure of McCarthy Scales, assessment of cognitive ability, 7 yr olds, Spain, 5961
controlled release physostigmine salicylate, cognitive ability & clinical global impressions & mental state & activities of daily living, patients with Alzheimers disease, 20105
correlation of short form of WISC-III & Kaufman Functional Academic Skills Test & Kaufman Short Neuropsychological Assessment Procedure, 12–17 yr olds with depression or substance abuse, 75
correlations among cognitive states & neuropathology, 69–97 yr olds with vs without cognitive impairment & Alzheimer's disease, 5 yr study, 12685
critique of assumptions about ability & biology & ecology in R. Herrnstein & C. Murray's "The Bell Curve" & ability assessments of IQ, Black vs White high school seniors, commentary, 3374
cross cultural research on symptoms & causes & nature of dementia & accompanying cognitive impairment, elderly Afro Caribbeans, UK, 12669
cross-sectional age gradients & structure & correlates of intellectual abilities, 70–103 yr olds in Berlin Aging Study, longitudinal study, Germany, 41783
cross-sequential analysis of genetic influences, cognitive ability, 41–84 yr old monozygotic vs dizygotic twins reared apart vs together, longitudinal study, Sweden, 25445
cultural influence on psychoanalytic aspects of Oedipal complex resolution & superego development, self-regarding functions in attitudes toward intellectual achievement, 15769
current clinical view of ADHD & model incorporating prefrontal lobe executive functions that explains associated cognitive & behavioral deficits, 42588
decision making capacity & informed consent, elderly patients, 10281
decreases over time in cerebral blood flow function in frontal lobe & other cortical regions, cognitive performance, 65–89 yr olds with confirmed or probable Alzheimer's disease, 12589
deliberate practice, cognitive motor skill maintenance, 19–31 vs 52–81 yr old accomplished pianists, 7247
delta-9-tetrahydrocannabinol, 3-dimensional inversion illusion perception, normal male 26–42 yr olds, test of endogenous cannabinoid dysregulation hypothesis of schizophrenic psychosis, 43129
dementia & left brain damage & performances on Spatial Location Test vs Mental Status Questionnaire, psychiatric patients (mean age 70 yrs) vs patients (mean age 63 yrs) with left brain lesions, 28558
demographic & clinical & cognitive variables, clock drawing ability, 60–76 yr olds with schizophrenia, Israel, implications for Alzheimer's disease screening, 39038
demographic & cognitive impairment & other health & illness factors related to excessive sleepiness & daytime napping, risk of mortality, 65 yr olds & older, 4 yr study, 12458
demographic & perinatal & developmental & acquired characteristics, neuropsychological performance, alcoholics with vs without antisocial personality disorder, 8288

demographics & psychological & cognitive factors, consistency between reports, inpatients (mean age 33.69 yrs) with alcohol use disorder with vs without mental disorder, 35821
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary, 8465
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary reply, 8470
depression & cognition, activities of daily living & ambulation recovery, 60–99 yr old medical rehabilitation inpatients, 32834
depression vs anxiety vs neuroticism vs cognitive deficits, prediction of ICD-10 mild cognitive disorder, elderly with dementia, 3.6 yr followup, Australia, 36068
design of Berlin Aging Study for systemic–wholistic approach to psychological functioning in old age & description of sample & sample selection analyses, 70–103 yr olds, Germany, 41768
development & cognitive correlates of planning skills, 3rd vs 5th vs 7th vs 9th vs 11th graders, 18502
development & reliability & validity of Severe Impairment Rating Scale, assessment of cognitive capacity, elderly with Alzheimer's or Huntington's disease or other dementia, 17663
development of brief measure of semantic priming, college students, application to cognitively impaired patients, 28559
dihydroergocristine, reversal of cognitive impairment by alcohol abuse induced organic cerebral psychosyndrome, 28–61 yr olds in alcohol rehabilitation, 20333
dimensionality & relationship among handedness & accidents & propensity for cognitive failures as measured by the Cognitive Failures Questionnaire, Navy personnel (mean age 21.5 yrs), errata, 33955
dimensionality & relationship among handedness & accidents & propensity for cognitive failures as measured by the Cognitive Failures Questionnaire, Navy personnel (mean age 21.5 yrs), 28406
discrepancy between non-verbal & verbal ability, cognitive ability, secondary school students, England, 20597
disease progression & antiretroviral medication use & education & practice, cognitive decline, 21–59 yr old HIV-infected injection drug users, 4.5 yr study, 31687
disruption in heteromodal association cortex network, higher cognitive functioning & guided behaivors, patients with schizophrenia, 7985
dissociative pattern in neuropsychological test performance & cognitive function, male crack cocaine abusers, 4336
divalproex sodium for behavioral management, cognitive status, 63–74 yr old patients with dementia, 32511
dose-dependent effects of abecarnil vs lorazepam, cognitive & psychomotor skills, 20–33 yr old males, 38107
dose effects of muscarinic cholinergic agonist arecoline, memory & verbal & visuospatial & attentional abilities, 50–81 yr olds with possible or probable dementia of Alzheimer's type, 9282
drinks with high vs low vs zero alcohol content, mood & cognitive performance, healthy adults, England, 41486
drug interactions & problems in use of cognitive enhancers & vitamin supplements & amino acids & herbal products as "smart drugs", psychiatric patients, 9050
DSM-III-R vs ICD-10 vs CAMDEX diagnoses of delirium as predictors of reversible cognitive dysfunction, 65+ yr old acute geriatric inpatients, 39062
duration of illness, prefrontal neuropsychological function & other cognitive performance, schizophrenic 16–65 yr olds, 22829
duration of rooflessness & cognitive function, male homeless hostel entrants with schizophrenia vs alcohol dependence plus current drinking vs other vs no diagnosis, 30739
D2 dopamine receptor A1 allele, general cognitive ability, 6–15 yr olds with high vs average vs low IQ, 29814
early home environment & cognitive status, 12 mo olds, 3 yr study, implications for model of early environment action, 752
early intervention of 3-yr Infant Health & Development Program for low-birthweight premature infants, cognitive functioning & academic achievement & behavior problems, 8-yr-olds, 24132
education & genetic variation for cognitive ability, Mini-Mental State Examination performance, 50–88 yr old identical twins, 6074
EEG & ERP & cognitive responses, 24–42 yr old females with late luteal phase dysphoric disorder, 15912
EEG neurofeedback, neurocognitive functioning & activity levels & quality of life, 31 yr old White female Naval officer with chronic fatigue syndrome, case report, 5132
EEG slow waves, cognitive performance on P300 ERP & memory scanning tasks, 17–21 yr old cadet pilots, Greece, 21750
effect of cognitive variables & item characteristics & task demands on difficulty of graph comprehension items of Psychometric Entrance Test, estimation of success, high school students, Israel, 2673
effectiveness of Strategies to Promote Independence in Dressing behavioral intervention, 60–100 yr old cognitively impaired nursing home residents, 36753
effects of preclinical dementia groups on estimates of normal cognitive function, elderly, implications for methods of selection of robust elderly samples, 10600
efficacy of speech & language intervention, individuals with cognitive communicative disorders resulting from traumatic brain injury, 24348
efficiency & accuracy of performance on Automated Neuropsychological Assessment Metrics battery & recovery, 18–64 yr olds with marginal vs mild vs moderate traumatic brain injury, 2–3 mo followup, 28550
egocentric vs allocentric orientation & feature vs configural analysis & categorical vs coordinate judgments in visuospatial perception & construction & memory, alcoholic adults, 4316
elders' cognitive impairment & perceived caregiving burden, perception of dependency in elder parent care with child care, 25–75 yr old caregiver-daughters of 62–101 yr old frail health parents, 5321
emotional disturbances & neuropsychological deficits, brain damaged Ss, literature review, 39546
emotional well being & cognitive functioning & motivation to change as causal determinants for AIDS risk behaviors vs resources for behavioral change, adult drug injectors & crack smokers, 27586
enrichment program package, cognitive ability & motor performance, 2 & 4 yr old Blacks in rural & urban day care centers, South Africa, 3370
epidemiology of cognitive change related to benzodiazepine or non-benzodiazepine psychotropic drug use, 65 yr olds & older, 36431
epileptic foci & lesions localization & sex & age at onset & handedness & cognitive ability & language dominance patterns, patients with focal left vs right hemisphere epilepsy, 23414
episodes of hospitalization & cognitive impairments, neuropsychological performance, euthymic patients with recurring mood disorder, 26478
equivalency of FAS vs CFL verbal letter fluency tasks, 17–87 yr olds with cognitive complaints related to psychiatric illness or CNS dysfunction, 113
estrogen replacement & estrogen related prevention of silent ischemic brain damage, cognitive performance, 45–75 yr old postmenopausal females, Austria, 27449
estrogen replacement therapy, neuropsychological performance & cognitive skills, female vs male patients with Alzheimer's disease, 16752
evaluation of claim in cognitive neuropsychology literature of existence of double dissociation between anomia for proper names & selective sparing of proper names, 36061
evaluation of new method for teaching English, language proficiency & cognitive skills & transfer of skills to other academic subjects, Black 5th graders, South Africa, 17147
event-related P300 potentials, early cognitive dysfunction detection, 19–74 yr olds with chronic liver disease vs 38–80 yr olds with cerebral arteriosclerosis, 29992

everyday cognitive competence in activities of daily living as measure of functional health, nondemented 60–95 yr olds, 7 yr study, 22186
evidence for neural substrate for depression & cognitive impairment as feature of illness, elderly, treatment implications, 11943
executive cognitive functioning & adverse consequences of alcohol use, 17–30 yr old nonalcoholic male social drinkers, 30309
executive dysfunction & impact on performance in other neuropsychological domains, patients with mild Alzheimer's disease, Italy, 23372
executive function & cognitive phenotype & development of prefrontal lobe functions, 8.8–12.2 yr old females with X0,45 vs mixed genotype of Turner's syndrome, 8497
executive function ability & frontostriatal dysfunction, response latency on neuropsychological tests & ventricular brain ratio, 60+ yr olds during & on recovery from depression, 11942
executive function impairment & serotonin sensitivity, adults with obsessive compulsive disorder, 4205
executive impairments in deductive reasoning & memory updating, adults with Parkinson's disease (mean age 66.0 yrs), 42790
executive performance, adults with schizophrenia vs brain injury, 35411
extremely low birthweight, intellectual ability & learning disabilities, 6–8 yr olds, 31459
E2020, cognitive performance & choice accuracy, young male rhesus monkeys, animal model of Alzheimer's disease, 38154
factor structure of Wisconsin Card Sorting Test, assessment of problem solving & other aspects of executive function, patients with focal or diffuse neurological impairment vs nonpatient adults, 2648
familiar vs unfamiliar tasks & perceived control, functional performance, 21–41 yr old vs 59–81 yr old healthy adults, 34792
family history of cognitive disabilities in first-degree relatives, autistic & mentally retarded children, Canada, 26745
family relationships, adolescent social competence & cognitive agency & externalizing behavior, nondivorced vs stepfather families with 9–13 yr old children, 38540
field dependence & cognitive ability & academic achievement, Anglo- vs Mexican-American 4th graders, 5645
figural problem solving of game-like tasks, children with mild intellectual disabilities vs regular class children with equal MA vs equal CA, Australia, 26804
finger tapping & motor vs cognitive task performance, patient with left intralaminar thalamic nuclei lesion, case report, 23439
fluid intelligence ability, performance on visual serial choice RT task with auditory feedback & error analysis, 60–81 yr olds, 10698
flumazenil, cognitive function, male 65 & 85 yr olds with probable Alzheimer's disease, 32711
fluvoxamine vs dothiepin, psychomotor & cognitive abilities, 21–50 yr old males, 6880
frontal lobe volume, frontal lobe functioning, adults (mean age 70.5 yrs) with age-associated memory impairment, 31791
frontal lobe vs posterior lesions & concurrent phenylalanine level, cognitive functioning, 17–39 yr olds with phenylketonuria, 8491
Frontal/Executive Program of neurocognitive rehabilitation, cognitive flexibility & working memory & planning ability, schizophrenic patients, 33018
Function-Oriented Guidance &/vs Function Training program, worries & knowledge about memory & depression & coping abilities, 50–75 yr olds with mild cognitive disturbances, 16473
Functional Assessment Measure ratings of comprehension & problem solving & orientation & attention vs results from standard neuropsychological tests, 16–73 yr olds with brain injury, 37509
general intellectual ability vs current mood, quality of life, young adult males, Norway, 7754
general intelligence & memory & frontal lobe functioning, response to reinforcement & extinction & time-out as psychosocial disturbance management, brain-injured patients, 31732
genetic & environmental etiology of low general cognitive ability, monozygotic vs same-sex dizygotic twin pairs at ages 14 vs 20 vs 24 vs 36 mo, longitudinal study, 31480
genetics, verbal & spatial & speed of processing & memory abilities, 80–95+ yr old same sex twin pairs, Sweden, 34501
geropsychiatric hospitalization, cognitive & behavioral symptoms, delirious patients (mean age 72.4 yrs) with vs without dementia, 31836
global performance & qualitative errors on Clock Drawing Test & cognitive decline & dementia & illness course & duration, schizophrenic inpatients, 14333
glutamate dysfunction & cognitive deterioration in shizophrenia pathogenesis, 42324
goal–subgoal conflict, planning ability in 3D Computerized Tower of Hanoi problems, patients with unilateral prefrontal cortical neurosurgical lesions vs temporal lobectomies, 42823
head circumference as measure of brain size, cognitive abilities & diagnosis of probable Alzheimer's disease, Japanese American 65 yr olds & older, 23406
hemiballismus & cognitive decline & epileptic seizures & normal pressure hydrocephalus following hemispherectomy, 48 yr old male with mild/moderate learning disability, case report, 42810
heredity vs cultural & environmental causes of individual differences in cognitive functioning, 21364
heritability of P3 wave & other components of visual ERP assessed during performance of cognitive task, 17–18 yr old male monozygotic vs dizygotic twin pairs, 18209
high intensity lesions & nonverbal cognitive deficits, 7–16 yr olds with neurofibromatosis type 1, 23368
hippocampal & amygdala atrophy & cognitive impairment, healthy 55–96 yr olds, 30000
hippocampal volume & cognitive ability & apolipoprotein E epsilon 4 allele presence, cognitively normal twins (mean age 62.5 yrs), 34506
idazoxan, executive function measured by SPECT & RT & verbal fluency & spatial working memory & category fluency & anxiety, adults (mean age 68 yrs) with probable Alzheimer-type dementia, 39809
impaired social cognition & intact neuropsychological performance, 38 yr old female with traumatic orbitofrontal brain injury, case report, 31749
impairments of executive functions & neuropsychological ability, forward planning & cognitive flexibility & working memory, schizophrenic patients, 1297
incidence & circumstances of delirium & cognitive performance & neuropsychological & functional status, Alzheimer's disease patients with delirium (mean age 75.9 yrs), 31820
inclusion of mild neurocognitive disorder & Age-Related Cognitive Decline in DSM-IV, older adults, 31865
increased overtime work, cognitive performance, automotive workers, 24794
increasing cognitive impairment, regression of geometric copying & handwriting skills, 75 yr olds & older with vs without dementia at different stages, Sweden, screening implications, 12610
information processing capacity & memory impairment, 17–50 yr old males with closed head injury, 31789
information processing speed, global vs local differences in mental ability, 6335
initial ratings of cognitive functioning, prediction of onset & progression of dementia & outcomes, 65 yr olds & older from general practice, Germany, followup, 23377
initial stages of acquiring single principle & collection of interacting pieces of knowledge & final stages of cognitive skill acquisition, literature review, 14616
inositol, cognitive effects of ECT, 27–72 yr old psychiatric patients, 5133
insulin induced hypoglycemia, cognitive function & symptoms & short term cerebral adaptation, healthy nondiabetic adults, erratum, 15035

intact neuropsychological functioning, 31 yr old female with hypothermia & anoxia after near drowning in cold water, case report, 8471
intellectual ability & rationality & intuitiveness, warranted & unwarranted optimism for future desirable & undesirable events, 17.8–21.2 yr olds with vs without high need for cognition, 18581
intellectual deterioration, patients with schizophrenia, 3–44 yr followup, 31035
intellectual impairment & dementia symptoms, 25–80 yr old stroke patients with vs without poststroke depression, Denmark, 1 yr study, 12557
intellectual potential & development of analytic intelligence, Inuit 4–6 yr olds, Canada, 3-yr study, 15261
intellectual resources, development of PTSD, PTSD-diagnosed vs psychopathology-free Persian Gulf War veterans (mean age 35.17 yrs), 39098
interaction between cognitive dysfunction & negative stress as variables in response to cognitive behavioral therapy, outpatients with depression, 39710
interaction between drinking history & alcohol dose & acute tolerance, cognitive & psychomotor performance, 29–46 yr old light vs moderate male alcohol consumers, 38637
interaction between education & age related cognitive decline, 40–85 yr olds, Italy, 3521
IQ measures, assessment of cognitive & neuropsychological & general abilities & daily functioning, personal injury claimants with brain damage due to head injury, 1560
issues concerning Age-Associated Memory Impairment & Age-Related Cognitive Decline, elderly, 31771
issues in assessment of competence, elderly with cognitive impairments, 31871
issues in genetic imprinting & behavioral sexual dimorphism resulting from study of cognitive function in Turner's syndrome, 39386
judgments of client's decision making capacity using "sliding scale" model, 22649
ketamine, psychotic symptoms & cognitive impairment, neuroleptic free 21–49 yr olds with schizophrenia, 41489
knowledge level & cognitive qualities & self efficacy & goal structure, decision making & problem solving, managers in accounting, 43769
lamotrigine, development of cognitive impairment, 69 yr old female with history of epilepsy & alcohol induced dementia, case report, letter, 36611
latent structure & neuroanatomical correlates of Competing Programs & Bimanual Coordination & 3-Step Sequences Tests, assessment of executive functioning, surgery candidates with partial epilepsy, 34048
lateralized inferior parietal perfusion, regional cerebral blood flow & neuropsychological deficits, patients with probable Alzheimer's disease (mean age 68.6 yrs), 16338
Leiter International Performance Scale–Revised scores, assessment of nonverbal intelligence & cognitive abilities, Hispanic vs non-Hispanic 11–21 yr olds & speech impaired 11–15 yr olds, 40864
lesion analyses & electrophysiological data on role of nucleus basalis magnocellularis cholinergic neurons in higher cognitive function, rodents & monkeys, literature review, 38005
level & performance variability of cognitive processing, bulimic 18–41 yr old females, 26819
level of education & biological aging, cognitive decline, 70 yr olds & older, Australia, 3 yr study, 29985
level of encoding & preattentive processing & working memory capacity, prediction of cognitive ability, 19–30 yr olds, 14612
level of reading proficiency, within-group correlations between Stroop Color & Word test & measures of response inhibition & executive functioning, parents of children with learning disabilities, 34204
lexical information processing time, older vs younger adults, meta analysis, 29786
limitations of S. M. McGlynn & A. W. Kaszniak's predicted performance experiment & proposed new measure of deficit unawareness, Alzheimer's disease patients, reanalysis, 31898
limits of history taking interviews, 62–82 yr olds with major depression & cognitive impairment, 30916
linopirdine, acquisition & retention of bar press response & water maze task, rats & mice, implications for use as cognition enhancer, 18288
lithium vs divalproex sodium replacement treatment, cognitive & functional impairment, 25–55 yr old bipolar patients, 5109
lofepramine with vs without rational-emotive therapy, unipolar depressed outpatients with cognitive dysfunction, 19694
long-term daily cannabis use, dependence & adolescent development & cognitive impairment & psychosis, 42526
long-term persistence of neurocognitive sequelae, 40–59 yr olds vs 60 yr olds & older with traumatic brain injury, Netherlands, 4680
longitudinal vs cross sectional research designs in study of cognitive decline with age, reanalysis, 15259
lorazepam, cognitive & psychomotor performance, 20–25 yr olds, 15008
lorazepam, psychomotor & cognitive function & ERP P300 wave latency & amplitude, healthy 21–36 yr olds, 11188
low fat-high carbohydrate vs medium fat-medium carbohydrate vs high fat-low carbohydrate vs no breakfast, appetite & mood & cognitive performance, habitual breakfast eating adults, England, 11700
maintenance ECT & cognitive function, 74 yr old female with bipolar disorder, case report, 36542
marital closeness & style & depressive symptoms, spousal depression, 65+ yr old married couples, 7 yr study, 12011
measurement of premorbid intellectual ability following brain injury, patients, 16361
medical & cognitive conditions associated with low blood pressure, elderly adults (mean age 85.0 yrs), Sweden, 34995
memory abilities compared with general & college educated population norms, college student research volunteers, 28667
memory complaints & cognitive performance, elderly, 1 yr followup, 30004
memory rehabilitation, age related declines in memory & cognitive ability, elderly, 5401
memory RTs for positive vs negative responses, brain damaged 19–54 yr olds with cognitive slowing, replication, 4670
memory vs competence vs psychomotor training intervention, cognitive ability & health & well being, 75–89 yr olds, conference presentation, 2054
mental deterioration & executive function& performance, memory & instrumental ability, adults with Sneddon's syndrome, 42817
mental imaging ability & control & creative thinking, 13–18 yr olds, 34797
metrifonate, cognitive performance, 57–85 yr olds with Alzheimers disease, 16614
Mini-Mental State Examination & neuropsychological testing as cognitive screening instruments, 28495
Mini-Mental State Examination vs Mental Status Questionnaire vs Abbreviated Mental Test, screening for cognitive ability, 75 yr olds & older, 21108
minimum of 1-yr clozapine, cognitive functioning, treatment-resistant schizophrenics mean age 31.9 yrs, 32415
moclobemide, 60–90 yr olds with dementia &/or major depression & cognitive decline, 5090
modified Wisconsin Card Sorting Test, employment of problem-solving strategies, elderly with vs without cognitive impairments (mean age 77 yrs), 28542
morning light therapy, mood & cognitive functioning, 20–56 yr olds with seasonal affective disorder, 30886
mother–infant interactive rhythms, toddler cognitions, mothers & their 3 mo olds, 2 yr study, Israel, 11344
mothers' elaborative vs repetitive responses in conversation about past, ability to reason about conflicting mental representations & knowledge understanding, 3.5–4.5 yr olds, conference presentation, 38345
motivation & cognitive deficits & insight, patients with schizophrenia (mean age 41 yrs), test of quadratic model of relationship between insight & cognitive deficits, 26514
motivation & ego vs task instructions, cognitive performance, college students, 1073

multi-infarct & Alzheimer's type dementia, Chinese vs Malay 65 yr olds & older, Singapore, 4682
multiple choice vs constructed response format of critical thinking measures, test performance, high school students, 2686
nasal continuous positive airway pressure treatment, alertness & neuropsychological functioning, patients with sleep apnea with vs without hypoxemia, 9289
natural course of cognitive performance & EEG changes & brain atrophy & morphology, elderly with vs without Alzheimer's disease, 2 yr study, 4664
need for ECT cognition assessment battery for use in clinic setting, commentary, 17692
need for ECT cognition assessment battery for use in clinic setting, 17691
neurocognitive & personality assessment, alcohol vs multiple substance abusing adolescent psychiatric inpatients, 4335
neurocognitive & psychological functioning, individuals with chronic fatigue syndrome, 12451
neurocognitive abilities, low vs normal birth weight infants from urban vs suburban environments, 6 yr followup, 29770
neurocognitive deficits & functioning, schizophrenic patients, literature review, commentary, 22849
neurocognitive deficits & positive or negative symptoms, quality of life, 21–54 yr olds with schizophrenia, Canada, 42323
neurocognitive function as seen in IQ & memory & reading levels, MMPI-2 validity, neuropsychology clinic patients, 2656
neurocognitive impairments in schizophrenia, implications for antipsychotic drug therapy, research review, 32358
neuroleptic treatment & cognitive function in schizophrenia, literature review, 43169
neurologic disability & cognitive impairment, 18–60 yr old injection drug users with human lymphotropic virus type II &/vs HIV, 23319
neuropsychological & cognitive ability, 17 yr olds & older with sickle cell disease without history of stroke, 4563
neuropsychological & cognitive function, 50+ yr olds with diabetes mellitus with good metabolic control without chronic complications, conference presentation, 31571
neuropsychological & cognitive impairment, elderly with schizophrenia vs Alzheimer's disease, 11835
neuropsychological aspects of lack of insight in bipolar disorder, inpatients with acute mania, 22761
neuropsychological assessment, Persian Gulf veterans with medical &/or cognitive complaints, 30671
neuropsychological assessment sensitive to frontal lobe dysfunction, assessment of cognitive deficits, 18–65 yr old patients with obsessive-compulsive disorder, 26578
neuropsychological composite assessment, prediction of independent functioning, geriatric medical patients, implications for rehabilitation needs measurement, 115
neuropsychological deficits & general cognitive functioning, 10–14 yr old sons of active vs recovering alcoholic vs nonalcoholic social drinking fathers, 31328
neuropsychological findings of progressive language disturbances without cognitive deterioration, 65 yr old female with primary progressive aphasia, 9 yr case report, 16354
neuropsychological functioning & academic achievement, 4–5 yr old males with ADHD, 23167
neuropsychological functioning & cognitive & academic ability, 6.4–18 yr old hemophiliacs with vs without HIV, 3-yr study, Canada, 23288
neuropsychological functioning, patients with probable Alzheimer's disease vs probable or possible ischaemic vascular dementia associated with periventricular & deep white matter alterations, 31821
neuropsychological functioning, schizophrenic patients with midline structural defects, 39034
neuropsychological functioning, 54 yr old female with paraneoplastic limbic encephalitis, case report, 16351
neuropsychological functioning, 6–17 yr old females with ADHD, commentary reply, letter, 42593
neuropsychological functioning, 6–17 yr old females with ADHD, commentary, letter, 42601
neuropsychological functioning, 6–17 yr old females with ADHD, 31438
neuropsychological performance & cognitive reserve & educational & occupational status & premorbid intelligence, 18–50 yr old asymptomatic HIV-1 seropositive homosexual or bisexual males, 19559
neuropsychological performance, adults with diffuse Lewy body disease & dementia vs Alzheimer's disease, 1621
neuropsychological performance, patients with Lewy body dementia vs Alzheimer's disease, 36161
neuropsychological performance, 36–56 yr olds with Parkinson's disease, 16392
neuropsychological profiles & cognitive functioning, males with schizotypal personality disorder, implications for hypotheses of left-temporal & prefrontal brain dysfunction in schizophrenia, 26592
neuropsychological rehabilitation, cognitive functioning, 18–60 yr olds with mild head injury, 27483
neuropsychological status & mood, patients treated surgically for pituitary tumor, UK, 23277
nonsteroidal anti-inflammatory drugs, cognitive performance, 52–96 yr olds with Alzheimer's disease, 9254
nootropics oxotremorine vs catopril vs odansetron vs tacrine, water-maze spatial deficits induced by combined pCPA & scopolamine, male rats, animal model of cognitive deficits in Alzheimer's disease, 41465
norfloxacin vs placebo, physical & mental & self care functioning, hospitalized elderly with asymptomatic bacteriuria, 9280
normal aging, basal forebrain cholinergic neuronal degeneration & cognitive impairment in Alzheimer's disease, humans & animals, literature review, 42824
normative data on Neuropsychological Screening Battery, assessment of cognition across culture, Hispanic 16–75 yr olds, 14347
number of apolipoprotein E epsilon 4 & rate of cognitive decline, patients with Alzheimer's disease, 31844
nutrition & herbal remedies & chelation therapy & other alternative therapies by caregivers complementary to medical treatment, cognitive problems, patients with dementia, Canada, 20079
object relational model of cognitive development & impairment & Rorschach scoring system, 10692
out of home vs family based day care, temperament & verbal & cognitive development, 16 mo olds, 8 yr study, 15206
overview of development of medications for memory & cognition deficits, patients with Alzheimer's disease, 36621
own vs caregiver's ratings of memory & activities of daily living & clinical rating of dementia awareness & functional & cognitive decline, patients with early Alzheimer's disease, 19637
oxazepam vs lorazepam, impairment of implicit vs explicit memory, healthy 18–32 yr olds, Canada, implications for involvement of time course, 15097
oxygen level & oxygen partial pressure, cognitive performance, 20–28 yr old males in hyperbaric chamber system, Sweden, 28865
parent child conversations about past event, memory performance, 3–4 yr olds, New Zealand, 743
pathological associations & dissociations of functional cognitive systems, patients with multiple sclerosis vs Huntington's disease, 23375
pathological vs normal range distribution of senile dementia scores, 70–79 vs 80–89 vs 90–103 yr olds, Germany, 1618
patterns & predictors of baseline Alzheimer's Disease Assessment Scale cognitive performance scores & other test scores & demographic & clinical variables, 42–88 yr old Alzheimer's disease patients, 37500
perception of parents' getting-ahead-getting-by orientation & intellectual ability & social status, educational & occupational aspirations, 21 yr olds & their parents, Australia, 5 yr followup, 22121
perceptions of predictive validity of NEO Five Factor Inventory & Wonderlic Personnel Test, Black vs White college students, US, 20993

performance in learning & memory & cognitive & noncognitive behavior tests, Wistar & Fischer 344 & Brown Norway rat strains &/vs hybrids, animal models of age-related cognitive deficits, 6592
performance on Clock Drawing Test independent of Mini-Mental State Examination score, prediction of cognitive deterioration, 72–90 yr old males, Italy, 4 yr followup, 26972
performance on cognitive tasks related to prefrontal lobe functioning, healthy elderly vs college students vs patients with neuropsychological impairment with vs without prefrontal impairment, 4704
performance on Wisconsin Card Sorting Test & psychomotor poverty & cognitive disorganization & reality distortion, 25–64 yr olds with schizophrenia, 35627
perinatal & developmental & environmental factors, cognitive abilites, preterm 5 yr olds observed since birth, Switzerland, 29708
permissible error approach to the threshold of capacity in property management, individuals judged capable (mean age 69.1 yrs) vs incapable (mean age 75.8 yrs), legal implications, Canada, 33871
personal theories & intellectual ability & everyday reasoning & biases in rating quality & truth in logically fallacious hypothetical arguments, 9th–12th graders, 22023
personality dimensions & cognitive variables & depressive subtype, antidepressant therapy, 18–60 yr olds with unipolar depressive disorder, England, 5096
phencyclidine, neurochemistry & function of prefrontal cortex & cognitive functioning, vervet monkeys, 41474
phenylalanine, cognitive & behavioral functioning, 10–16 yr olds with treated classical phenylketonuria, 39368
physical activities, functional capabilities & cognitive function, elderly males with dementia of Alzheimer's type, conference presentation, 31850
physical exertion, cognitive task performance, literature review, application to mathematical modeling of resources for manufacturing, 17458
plasma antioxidant vitamin levels, cognitive performance, healthy 65–94 yr olds, Switzerland, 35000
plasma insulin increases, memory & other cognitive improvements, patients with dementia of Alzheimer's type, 1928
practicality & test-retest reliability of Computerized Neuropsychological Test Battery, assessment of cognitive deficits during clinical drug trials, 19–45 yr old outpatients with schizophrenia, 14342
practice & perfomance, Matching Familiar Figures test, 18–75 yr olds, 25742
pragmatic language disorder & cognitive ability & perspective taking, autistic 13–24 yr olds, Canada, 42614
prediction of reading & spelling deficits with cognitive vs language vs behavioral assessments, 8–13 yr olds with psychiatric disorders at day treatment & school, 5367
predictors of cognitive decline, elderly with probable Alzheimer's disease, 7.5 yr study, 1616
predominant negative vs positive symptoms, cognitive functioning & perseverative errors, schizophrenic 24–53 yr olds, implications for frontal lobe dysfunction hypotheses, 19190
prefrontal activity during complex planning task, depressed patients, England, 38975
premature birth & birth weight & size & asphyxia, neuropsychological functioning & cognitive impairment, 5–9 yr olds followed from birth, Finland, 7246
premorbid intellectual functioning & cerebral metabolism, patients with Alzheimer's disease (mean age 67.8 yrs), implications for cognitive reserve hypothesis, 23362
presence of apolipoprotein E allele, rate of cognitive decline & deterioration, patients with Alzheimer's disease, 3 yr longitudinal study, 19621
presence of apolipoprotein e4 genotype, rate of cognitive or functional decline, patients with Alzheimer's disease, commentary, 19641
prevalence & quality & correlates of depression, cognitively impaired elderly in short vs long hospital care wards referred for neuropsychological assessment, Canada, 31918
prevalence & severity of major depression & cognitive impairment, elderly with Parkinson's disease, 19655
prevalence of cognitive impairment & diagnosis of dementia with Spanish translation of Mini-Mental State Examination, 65 yr olds & older, Argentina vs Chile vs Cuba, 1554
prevalence of dementia & cognitive impairment, elderly, China, 8610
problem solving skills & health comprising behaviors, male vs female college students, 39941
process approach in neuropsychological assessments of higher level cognitive functioning, research review, 108
process-oriented mental health consultation, teacher sense of professional competence & student sense of cognitive competence & academic achievement, elementary school teachers & students, 40501
processing of simple vs choice RT tasks, performance consistency, 18–45 vs 61–81 yr olds, 11345
profile of cognitive impairment & unipolar depression & frontostriatal dysfunction, 40–70 yr old patients with major unipolar depressive disorder, 22755
progressive cognitive decline & meningeal gliomatosis presenting as multiple cerebral infarcts, 70 yr old male, case report, 23442
psychiatric & cognitive & functional correlates, male 6–17 yr olds with ADHD with vs without comorbid bipolar disorder, 16123
psychological & cognitive status before vs after heart transplantation, 40–60 yr olds, 27555
psychological adjustment & intellectual ability & family functioning, 6–16 yr olds of African & Afro-Caribbean origin with sickle cell disease, England, meta analysis, 12471
psychological assessment of intellectual deterioration, 40–60 yr old male alcoholics, 31295
psychological research methods vs developmental psychology courses, methodological & statistical reasoning about real-life events, college students, 33479
psychometric findings of memory deficits & subjective complaints of cognitive symptoms & emotional states, patients with HIV type-1 infection at symptomatic or asymptomatic stages, 8525
psychometric intelligence & RT in elementary cognitive tasks of Hick vs Sternberg vs Posner, 16–39 yr olds, 33986
psychometrics of Mini-Mental State Examination, assessment of cognitive functioning vs dementia subtypes varying in cognitive impairment, 51–93 yr olds with Alzheimer's disease, 10486
psychopathology & cognitive & family functioning, 12.3–18 yr old suicidal African-American adolescents, 12 mo followup, 4294
psychotic symptoms & cognitive decline, patients with dementia, 1 yr study, letter, 42783
P300 amplitude & latency & cognitive dysfunction, 33–81 yr olds with cerebral vs peripheral arteriosclerotic disease, commentary reply, letter, 23354
quantitative magnitudes & information transmission of food location, ants, 21506
quantitative trait loci to understand contribution of genes to cognitive ability & IQ, 34496
race & face validity perceptions & test-taking motivation, performance on cognitive ability test, college students, 22512
rate of counting stimuli as indicator of analytic vs global level information processing, autistic vs moderately learning disabled children with verbal MA of 57–116 mo, 19443
reading & cognitive ability, 8–20 yr old twin pairs with vs without reading disabilities, 35903
recombinant human interleukin-1, agitation & interaction with social partner & cognitive performance, 1.3–2.5 yr old rhesus monkeys, 29542
reinforcement magnitude & psychophysiological mechanisms & solution capacity in transitive inference test, crows vs pigeons, 21515
relationship between apolipoprotein E alleles & rate of cognitive decline, patients with probable Alzheimer's disease, 3 yr longitudinal study, 19586
relationship between smoking & cognitive impairment, mortality rate, urban dwelling 74 yr olds & older, 4 yr longitudinal study, 18818

relatively intact retrograde memory with anterograde amnesia & cognitive deficits, 26 yr old male with head injuries, England, case report, 12677
reliability & validity of Clock Drawing Test as cognitive screening instrument, 50–89 yrs olds with Alzheimer's disease, 37427
reliability & validity of Neurobehavioral Cognitive Status Examination, assessment of neuropsychological impairment, adult substance abusers, 37501
reliability of home care version of Minimum Data Set derived from Resident Assessment Instrument, assessment of needs & strengths in determining functional potential, older home care clients, 40886
repeated cognitive measures, identification of cognitive decline following administration of diphenhydramine, healthy 69–90 yr olds, 32527
research approaches & data analytic strategies in examining individual differences in age-related cognitive decline & neurobiological changes, aged, commentaries with reply, 10921
response bias in self-reported problematic cognitive & emotional functioning, litigating vs nonlitigating patients, 17509
response choice & motor preparation stages of information processing assessed in ERP paradigm, depressed patients with retarded & blunted affect vs anxious-agitated & impulsive symptoms, France, 1251
retention of nondeclarative & declarative tasks & classical conditioning, 17–29 vs 63–80 yr olds, 29837
retest practice, memory & attention & general cognitive function, 20–40 vs 60–70 yr olds, 3536
right-hemisphere cognitive ability measured by use of tactile input in cross-modal matching, 60 yr old female patient with alien hand sign after corpus callosum ischemic infarction, 42785
right vs left nostril dominance during breathing, cardiovascular & psychological task performance, male college students, 18256
role of acetylcholine & other neurotransmitter systems in cognitive functions in dementia, literature review, 19589
role of cognitive ability g in personnel selection & success prediction, military pilots, 10162
role of hypothalamo-pituitary-adrenal axis in depression induced cognitive decline & impact on pharmacological strategies, 5072
role of lower limb strength & visual contrast sensitivity & RT in predicting cognitive function, 60–86 yr old females, Australia, 22160
rotating vs permanent night shifts, sleep diary & self ratings of mood & work load & personal disruption & cognitive performance, female nurses, 13633
safety & tolerability of OPC-14117, patients with HIV-associated cognitive impairment, 39894
sc nicotine, cognitive performance, abstinent vs never-smokers, England, 6890
schizotypy & cognitive failures & anxiety, negative priming, 18–41 yr old college students, 42096
scores on Halstead-Reitan Neuropsychological Battery & WAIS-R & Wechsler Memory Scale & assessment of social judgment, elderly with multi-infarct dementia vs dementia of Alzheimer's type, 4659
seizure control following hemispherectomy, social communication & language ability & glucose metabolism & pathology of cortical tissue, children with onset of Rasmussen encephalitis at 4–11.7 yrs, 13144
self-reported problem solving strategies & previous training in creative problem solving, performance on convergent & divergent thinking tasks, college students, 2819
self reported vs actual neuropsychological impairment, HIV positive males, 4595
sensitivity of Life Skills Profile, adult hospital- vs community-based clients, Australia, 21 mo study, 37459
sensorimotor & cognitive & personality & social resources, everyday functioning & negative age differences in everyday functioning, resource rich vs resource poor 70–103 yr olds, Germany, 41767
seriation & conservation & theory of mind abilities, autistic vs mentally retarded 13–35 yr olds, 19453
Seroquel, cognitive functioning, 31 yr old male with paranoid schizophrenia, case report, letter, 32552
serum lipid concentrations & intellectual performance, 25–60 yr olds with various total cholesterol concentrations, 41080
severity of cognitive & neurodegenerative diagnosis & extrapyramidal gait disorder, social functioning & performance of activities & personal care, community dwelling 70–97 yr olds, Australia, 1568
severity of motor symptoms, cognitive functioning, adults with Parkinson's disease, 1629
sex & prefrontal brain systems, contributions to olfactory identification & executive functions, 26–60 yr old chronic schizophrenic patients, 39056
sex, ethnicity & proximal family environment & cognitive performance, Anglo-Australian vs English vs Greek vs Southern Italian 6th graders, Australia, 15235
sex, factor structure of cognitive & psychomotor aptitude tests, adults, 20979
sex, social & social-cognitive & academic & cognitive competence & problem behavior, 10–13 yr olds, Norway, 24641
shift work & related sleep durations & quality, alertness & cognitive task performance & work load, nuclear power plant workers, 14023
Shipley Institute of Living Scale as screening device vs WAIS- R IQ scores, psychiatric inpatients with low intellectual functioning (mean age 39.7 yrs), 40785
simple & choice visual RT measures & neuropsychological test performance, assessment of cognitive function & treatment needs, traumatic brain injured patients with vs without cognitive impairment, 6069
social support networks & cognitive ability, elderly with cognitive impairment, England, letter, 25949
sodium phenylacetate, physical & cognitive outcomes, 1–17 yr old females with ornithine transcarbamylase deficiency, 11 yr study, 32704
special care unit in nursing home, functional status & cognitive performance & behavioral symptoms & use of psychotropic drugs & physical restraints, 65–91 yr olds with dementia, Italy, 6 mo followup, 32970
SPECT study of cerebral blood flow & cognitive performance, adult males with X linked bulbospinal neuronopathy, Denmark, 4714
spousal violence & cognitive functioning measured by brief neuropsychological test battery, married males recovering from multiple substance abuse, 26683
stability & change in cognitive levels, 3 yr olds with nonspecific developmental delays, 8 yr study, 35878
stability of daily wandering behavior, cognitively impaired long term care residents (mean age 84.6 yrs), 36752
stability of WAIS-R vs revised reading subtest or 3rd edition of Wide Range Achievement Test, estimation of premorbid intelligence, 18–75 yr olds with cognitive dysfunction, .3–6.3 mo followup, 28548
stability vs change in cognitive & behavioral characteristics, autistic children, 4 yr followup, 8338
standard reference memory vs cued platform vs straight swim versions of Morris water maze, identification of blindness, male rats dosed with atropine vs blind & enucleated rats, 37980
state anxiety & worry & motivation to avoid failure & cognitive ability, effects of stress inducing instructions on time based performance, 16–18 yr olds, China, 28997
stimulus intensity & right unilateral vs bilateral electrode placement, efficacy & cognitive effects of ECT, depressed patients, commentary, 5129
stimulus–response incompatibility & degradation, RT & P3 latency, 20–29 vs 68–80 yr old females, 11305
strength of self-efficacy beliefs & maintenance of cognitive performance, older males vs females, 3541
structural equation model of learning approaches & strategies & relationship to intellectual functioning, 10th–12th graders, 3343
structured multifaceted neurocognitive treatment vs providing enriched environment & supervision of school tasks & homework assistance, 6–11 yr olds with learning difficulties, Chile, 37105

subanesthetic doses of ketamine, cognitive & memory & perceptual & psychomotor performance & arousal & subjective mood, healthy adults, 6916
subcortical white matter hyperintensities & cognitive functioning, elderly patients with late vs early onset depression, 11976
substantive nature of g & interpretation of group differences in cognitive ability & personnel decision making & affirmative action, Blacks vs Whites, 13920
suicidal ideation & severity of depression & degree of cognitive impairment & gender, elderly with dementia, longitudinal study, 31863
suitability of questions used to assess cognitive orientation & dementia, 60–108 yr olds, Korea, 116
supervisory control on Stroop test under paced vs self paced single vs dual task condition, 16–42 yr olds with closed-head injury, 4644
suprasellar cistern size & rate of cognitive decline, 50.5–82.5 yr olds with Alzheimers disease, 16301
surgery & intensive orthopedic rehabilitation, pain & physical functioning & concomitant cognitive function, 47 yr old male with closed head injury, case report, 32691
sustained-release methylphenidate, neuropsychological measures, substance abusers (mean age 39 yrs) with HIV-1-related cognitive impairment, 19979
symptom severity & cognitive impairment, chronically hospitalized geriatric patients with major depression or bipolar disorder vs schizophrenia, 35474
symptom subtypes & life skills & olfactory identification & neuropsychological ability & relation to poor personal hygiene & orbitofrontal integrity, male 19–59 yr olds with schizophrenia, Australia, 12026
systemic vs intrahippocampal spironolactone, scopolamine-induced cognitive impairment vs enhanced reactivity to novel environment, male rats, 41522
tacrine, regional cerebral blood flow & correlations with cognitive performance deficits, 57–84 yr olds with Alzheimer's disease, 13164
theory of mind abilities, 5.4–40.2 yr olds with autism vs mental retardation of unknown etiology vs Down syndrome, 12341
therapeutic approach of gerontopsychiatric day care clinic, health status & cognitive abilities & competence, 44–98 yr olds, 43394
tiagabine blockade of GABA uptake, mood & quality of life & cognitive effects, 16–77 yr olds with focal epilepsy, 36614
training in client based neuropsychology & treatment, assessment of substance-abusing patients' level of cognitive impairment without prior neuropsychological data, counselors (mean age 34.3 yrs), 19364
training in statistics, general & statistical critical thinking ability, college students, 2827
translation of Chinese versions of International Version of Mental Status Questionnaire & Hypochondriasis Scale, normal vs demented old age home residents, Hong Kong, 6020
treatment with electromagnetic fields, improvements in alexia & cognitive symptoms, female patients with multiple sclerosis, case reports, 5212
tutoring, phonological & visual & semantic & syntactic skills, difficult-to-remediate vs readily remediated reading impaired 1st graders with cognitive vs experiential deficits, longitudinal study, 13862
underinclusive thinking styles & general intellectual & mnestic & frontal lobe functioning, adults with obsessive-compulsive disorder, implications for cognitive behavioral therapy, literature review, 22913
underlying cognitive functioning & environmental factors, IQ, adults with Down's Syndrome, 23197
undetected & self reported propensity to error making & individual differences in skilled cognitive performance, adults, 25247
validity & reliability & development of Chula Mental Test, assessment of cognitive impairment, elderly, Thailand, implications for neuropsychological screening in developing countries, 6072
validity generalization for cognitive & psychomotor & perceptual test for utility industry craft jobs, erratum, 6120
validity of AGARD Standardized Tests for Research with Environmental Stress Battery with Comprehensive Ability Battery, assessment of cognitive impact of environmental stressors, college students, 34
validity of Chinese version of International Version of Mental Status Questionnaire, normal vs demented 61–94 yr olds, Hong Kong, 6019
validity of cognitive ability testing protocol, monitoring of nutritional & health & home & educational intervention effects, 5–12 yr olds, Laos, 5956
validity of Memory in Reality & Coin Tests, ecological measurement of cognitive function & relationship to metamemory, female 75 yr olds & older, conference presentation, 17689
validity of preverbal communication skills in prediction of later cognitive & language competencies, low birth weight infants, 4 yr study, Norway, 22051
valproate monotherapy, neuropsychological & cognitive functioning, children with epilepsy, 16640
vigabatrin, cognitive function in reception & attention & memory & intellectual & psychomotor function, implications for enhanced GABA in CNS, 1966–95, research review, 13018
visual & auditory acuity & intelligence, 25–103 yr olds, implications for cognitive aging, 21995
visual & cognitive & object recognition skills, 8-yr-old male with congenital visual agnosia & prosopagnosia, Israel, 16298
visual attention & memory for location & ability to change response set in object discrimination reversal task, premature 2 yr olds with vs without subependymal & mild intraventricular hemorrhages, 12672
visuospatial & attention & verbal-associative learning processes & memory abilities, adults with cerebellar cortical atrophy or olivopontocerebellar vs spinocerebellar atrophy, 8584
whipworm infection, cognitive functioning, 4th–5th graders, Jamaica, 19522
white matter hyperintensities & cognitive deterioration, manifestations of hereditary cerebral hemorrhage with amyloidosis, presymptomatic carriers of codon 693 mutation, Netherlands, 4650
working memory & inhibitory efficiency & attentional flexibility, predicting planning task performance, 65–97 yr olds, Germany, 29995
working memory performance on executive vs capacity tasks, children with autism vs with moderate learning difficulties, 8353
zidovudine vs 2,3-dideoxyinosine, neurocognitive functioning, HIV-infected adults, Italy, 32388
10 vs 40 vs 60 mg/kg/ hr doses of ketamine, cognitive & motor function & psychiatric & physical symptoms, patients with Huntington's disease, 39535
2- & 3-sound auditory discrimination tasks, cognitive EPs in various brain regions & regional cerebral blood flow, elderly, 21733
24 hr tobacco smoking abstinence, mood state & performance on cognitive tasks, smokers, 29596
3-indole pyruvic acid, subjective & objective measures of sleep & early morning cognitive & psychomotor performance, 23–30 yr olds with previous complaints of insomnia, 13172
4-item Mini-Mental State Examination, screening for cognitive impairment, elderly medical patients, letter, 6073
5-HT1A antagonist WAY 100635, amelioration of visuospatial & other cognitive impairments, adult marmosets with fornix transections, implications for treatment of Alzheimer's disease & dementia, 18296

Cognitive Assessment—Serials

accuracy & performance features of Neurobehavioral Cognitive Status Exam based on neuropsychological assessment, identification & assessment of cognitive impairments & abilities, outpatients, 37503
agreement of cognitive-language assessment profiles in cognitive referencing model of service triage, 3–6 yr olds with delayed language ability, 28586

assessment of cognitive function in dementia, 1601
"broad & inclusive" vs "creativity as productivity & achievement" view in definitions & research & assessment of gifted children, 43713
caffeine dosage, alphanumeric cognitive performance, college students, Australia, test of inverted-U vs task difficulty hypothesis of Yerkes-Dodson Law, 38175
classification of cognitive dysfunction based on trait/state model, patients with schizoprhenia, 35628
clinical utility of Hooper Visual Organization Test, screening assessment of cognitive ability, 60–95 yr old cognitively intact vs mildly vs severely impaired geriatric rehabilitation patients, 28563
clinical validity of Informant Questionnaire on Cognitive Decline in Elderly vs Mini-Mental State Examination, screening for dementia, elderly ex-servicemen whose wives were informants, 10475
cognitive ability as assessed by CogScreen, US Air Force pilot candidates (mean age 23.5 yrs) vs commercial pilots, 24814
cognitive interview procedures, recall following exposure to misleading suggestions, 5–7 & 9–11 yr olds, 38321
common sources of variance in paper & pencil aptitude tests & cognitive components tests, college & technical school students, extension of P. C. Kyllonen's analyses, 10584
comparability of Wisconsin Card Sorting Test & Modified Card Sorting Test, older adults with dementia vs younger individuals with HIV-1 infection, 34031
concurrent validity of Spanish versions of Mini-Mental State Examination & Mental Status Questionnaire & memory concentration tests, Hispanics with vs without Alzheimers disease, 31896
consensus statement on assessment of cognitive status in relation to driving, individuals with dementing diseases, Sweden, 31828
construct validation approach to problems in competency evaluations, cognitively impaired elderly, 14321
cultural bias in assessment of metacognitive skills related to studying, college freshmen, Belgium, 41079
description of Mathematical Problem Solving Assessment Short Form, assessment of affective & cognitive factors associated with mathematical problem solving, middle school students, 17706
estimates of own & parents' intelligence, male vs female college students, 26200
estimation of premorbid intelligence & application to diagnosis of dementia, Word Accentuation Test, inpatients of geriatric ward (mean age 72.2 yrs), Spain, 28541
executive cognitive functioning & adverse consequences of alcohol use, 17–30 yr old nonalcoholic male social drinkers, 30309
factor structure of Neurobehavioral Cognitive Status Examination & usefulness as cognitive screening instrument, 16–80 yr olds with chronic liver disease, 21120
factorial structure of intelligence & Piagetian formal operations tests, 15 yr olds, Singapore, 14244
guidelines for assessment & management of concussion in athletics, 39517
guidelines for identification & management of sports concussion, 39476
increasing cognitive impairment, regression of geometric copying & handwriting skills, 75 yr olds & older with vs without dementia at different stages, Sweden, screening implications, 12610
Lund-Manchester research criteria, assessment of frontotemporal dementia, adults with Alzheimer's disease, 36116
measurement equivalence & dedifferentiation of factor structures of processing speed measures, 18–24 yr old college students vs 55–80 yr old community residents, 34082
methodological differences in perceptual vs conceptual tests, implicit memory task performance, 58–80 yr olds with Alzheimer's disease, 8621
Mini-Mental State Examination & neuropsychological testing as cognitive screening instruments, 28495
neurocognitive impairments in schizophrenia, implications for antipsychotic drug therapy, research review, 32358
norms for cognitive subscale of Alzheimer's Disease Assessment Scale, patients (mean age 72.1 yrs) with Alzheimer's disease, conference presentation, 28471
overexcitability assessment as method for identifying giftedness beyond traditional means, 10th & 11th graders identified vs nonidentified as gifted, Canada, 43708
perspectives on comprehension & implications for assessing & treating listening or reading comprehension problems, 31555
Piagetian task measurement of cognitive developmental constructs, 8th–10th graders, Australia, 10522
prospective vs retrospective assessment of posttraumatic amnesia, 16–58 yr olds with closed head injuries, 3.5–6.0 yr follow up, 19626
qualities & assessment of cognitive style & relation to behavior & physiological measures, 28880
receipt of American Psychological Foundation Gold Medal Award for Life Achievement in Psychological Science in personality & cognitive assessment, R. B. Cattell, 40237
reliability & validity of Cognition Checklist Anxiety & Depression scales, psychiatric outpatients (mean age 37 yrs) with panic disorder &/or major depression, 37457
reliability of expressed vs supplied methods using the Career Grid, assessment of the cognitive complexity of vocational value constructs, 18–48 yr old males vs females, 34078
review of evolution of diagnostic assessment of learning disabilities with focus on competence & use of Piagetian to cognitivist framework, 28069
validity of cognitive ability testing protocol, monitoring of nutritional & health & home & educational intervention effects, 5–12 yr olds, Laos, 5956
variability of IQ scores over time, 3–11 yr olds with specific language impairment, implications for use of cognitive referencing to determine impairment, 23222
varying-parameter averaging model of on-line brand evaluations, prior evaluations vs new information in brand information processing, low vs high ability college students, 43866
visual vs verbal & own vs other's belief ascription & content vs location tasks, assessment of false belief task performance, low income primarily Black 3–5 yr olds in Project Head Start, 13710
Working Model of Child Interview to assess maternal perceptions, 16–42 yr old mothers with 2 wk–67 mo olds with failure to thrive or sleep disorders or attending infant psychiatry clinic, 37384
1st name stimuli, P3 auditory EPs, normal 19–48 yr olds, 18207

Cognitive Behavior Therapy [See Cognitive Therapy]

Cognitive Complexity—Serials

conceptual level & supervision environment & anxiety, developmental level, counselor trainees, 24417
confirmatory factor analysis of cognitive complexity as measured by Role Category Questionnaire compared to cognitive performance measures, college students, 26237
connectionism & systematicity, 25255
coping & defense strategies & cognitive complexity, male vs female 15–19 vs 20–29 vs 30–45 vs 46–59 vs 60–69 vs 70 yr olds & older, 7319
differences in spatial memory & cognitive foraging on gathering-analog & mental rotation task, males (mean age 20.04 yrs) vs females (mean age 19.96 yrs), 41144
differential generic vs disease-specific cognitive complexities & attitudes toward disabilities & measurement issues, college students, 19510
dimensional complexity of own vs other illness representation, aged with diabetes mellitus vs osteoarthritis, 4527
integrative complexity as index of cognitive differentiation & information processing political responses, M. Gorbachev, 3665
knowledge transformational or recontextualizing operations in narrative-writing problem solving task, 12 yr olds, 25737
moral stage & integrative complexity of social reasoning & perspective taking, 35–54 yr olds vs 64–80 yr olds, 4 yr study, 7362
relation between conservatism & cognitive-complexity, 18–48 yr olds, 22533

similarity in cognitive complexity & interpersonal attraction to friends or dating partners, 17–36 yr old college students, 38655

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Serials

AB & nonreaching AB & Barrier Detour & Means-End/Perseveration task performance development, pre- vs full-term 28 wk olds, 32 wk study, implications for roles of brain development & environment, 25766

adult-like formation of perceptually based categorical representations & underlying organizational structure of animal pictures vs artifacts involving novel categories & exemplars, 4 mo olds, 7209

age & cognitive development & affect toward cigarettes & identification of adults as appropriate target market, recognition of cigarette brand symbols, 3–8 yr olds, 21980

age & education, semantic memory functioning, 35–80 yr olds, 3345

age & sex, gambling behavior, 4th vs 6th vs 8th graders, cognitive developmental perspective, 3357

age, categorization of pretense as mental or physical activity, 3–8 yr olds, 11361

age, false belief & representational change & appearance-reality distinction in understanding of mind, Junin Quechua 4–8 yr olds, Peru, implications for cultural differences in cognitive development, 11398

assessment of delayed science instruction practices based on assumptions about children's developmental constraints, application of Piagetian research, commentary, 36966

assessment of delayed science instruction practices based on assumptions about children's developmental constraints, application of Piagetian research, commentary reply, 36969

beliefs about shape & motions & relative location of earth & sun & moon & day–night cycle & influence of folk models, 5.7–8.4 yr olds, India, 18512

birth weight & SES & medical history, scores on McCarthy Scales of Children's Abilities, normal vs very low birth weight 3–7 yr olds, longitudinal & cross-sectional study, Israel, 22039

capacity to process auditory & visual & cross modal inputs, newborn & young infants, research review, reprint, 29792

cascade correlation generative connectionist algorithm as framework for modeling children's cognitive development in natural domains, 18491

chronic mild stress, later cognitive functioning & spatial learning on Morris water maze test & hippocampal nerve growth factor, neonatally handled vs nonhandled male rats, 34386

cognitive & psychosocial & sociocultural influence on decision making, pregnant & at-risk adolescent females, 3432

cognitive development & adaptive behaviors, 16–64 mo old males with fragile X syndrome, 4519

cognitive development & self-competency & teacher evaluations, own group attitudes & racial identity, White vs Native Indian kindergarten–2nd grade students, Canada, 33490

cognitive development, psychometric validity of lie scales, 3.9–11.9 yr olds, 2515

cognitive development, 15–45 mo olds with Down's syndrome, 10 mo study, 42644

cognitive moral development, ethical guidelines in psychology & counseling & social work & ethical decision making in practice, counselors, 5549

comprehensive educational & nutritional intervention program, cognitive & motor development, rural 4–6 yr olds, Zaire, 2169

concept of animacy, 9.5 vs 12 mo olds, Canada, 7269

confidence on inductive vs deductive reasoning tasks, kindergarteners vs 2nd vs 3rd vs 4th vs 5th vs 6th graders, 15218

configural & physical knowledge, segregation of 3-dimensional adjacent similar vs dissimilar objects, infants (mean age 8 mo), 29806

constraints on theories of cognitive aging, 18511

depression, memory & metamemory, male vs female 50–88 yr olds, 7900

development & aspects of consciousness, infants, 22057

development & assessment of narrative processes & attachment representations & cognitive development, children, literature review, 3328

development & content of conceptions of peace & war & strategies to attain peace, 6–8 yr olds, Netherlands, 3 yr study, 18486

development of cognitive apprenticeship model for statistics instruction in elementary & secondary education, 24572

development of counting & cardinality, 3.5–4.5 yr olds, England, 18480

development of literacy, 3 yr olds who participated in book gifting study since infancy, England, 22053

development of metacognitive concepts about thinking, gifted vs nongifted children, research review, 18459

development of object permanence, parent- vs hand-reared young New Zealand parakeets vs human infants, 6 mo study, 10767

development of proportional reasoning in fraction learning, 5–7 yr olds, 33475

development of reasoning about interaction of force & motion, 6–10 yr olds vs 19–37 yr olds, Germany, 25775

development of recognition of higher-order perceptual relational commonalities in patterns, 4 vs 6 vs 8 yr olds, test of relational shift & progressive alignment hypotheses, 25759

development of self-management & cognitive abilities, female teenager with Down's syndrome, case study, 12390

development of understanding of biological & psychological change & vitalistic attributions to biological & psychological & mechanical causes, 6.4–7.5 vs 8.4–9.7 yr olds vs college students, 15239

developmental biology as possible metatheory for cognitive development, 29766

developmental perspective on research, children with mathematics learning disabilities, 26789

developmental stages of cognitive development & resulting behavior & emotions, pastoral counseling implications, 1916

developmental suggestibility effects & reasoning about conflicting mental representations, 3–5 yr olds, 15258

discourse of modernity & progress & universality & regularity of Piaget & B. Inhelder's work on adolescent cognitive development, 14184

dissociation between knowing rules & using them to guide behavior, 3 vs 4 yr olds, Canada, 7290

drawing strategies as evidence of recovery of spatial integrative abilities, 7–15 yr olds with left vs right hemisphere brain injury, 23477

educational research programs in developing thinking skills, children, Northern Ireland, 33410

emotional responses to separation & reunion, sensorimotor coordination, 2–13 mo old infants & their mothers, 1 yr study, 15234

errors in isomorphic & nonisomorphic transfer in analogical problem solving, elementary school students, 22010

E's prior expression of desire for food, reasoning about E's future food preference, 14–18 mo olds, 15245

event-related P300 potentials, early cognitive dysfunction detection, 19–74 yr olds with chronic liver disease vs 38–80 yr olds with cerebral arteriosclerosis, 29992

evidence against claim of processing speed as mental resource & inhibitory control in cognitive development & age differences in processing capacity, children & adults, conference presentation, 29819

evolutionary adaptive role of immaturity, cognitive & social development, children, conference presentation, 41633

experimenter's instructions & basic vs superordinate hierarchical level & picture vs object stimulus medium, conceptual preference for thematic vs taxonomic relations, 2–5 yr olds, 29834

experimenting with self-regulated learning to bootstrap more effective approaches to learning, students, conference presentation, 43650

false belief understanding & awareness of personal taste in development of interpretive theory of mind,5–6 vs 6.8–8.7 &4.8–7.8 & 8–8.9 yr olds, 11337

false belief vs desire & perception training, conceptual coherence in theory of mind as intuitive theory, 3 yr olds, 25788

family structure & maternal social support, mother–child relations & child's cognitive/behavioral development, low income adolescent & adult Black mothers & their infants, longitudinal study, 7168
fostering development of metacognitive & self perception & problem solving & autonomous decision making aspects of self determination, elementary & middle school special education students, 13855
graphic media & pragmatic paradigm & attention & Cartesian dualism in cognitive development, 741
habituation & dishabituation to recognition of intact &/vs contour-deleted line figure exemplars & variants, 12 mo olds, 38334
health & neurobehavioral organization & cognitive development & maternal responsiveness & self perception & behavior & school achievement, 12 yr olds born premature, 12 yr study, 20586
heredity & environment & social experience in children's mental development, 41667
hierarchical & cross-age confirmatory factor analysis of WISC-III to determine whether same constructs are measured across age span & nature of constructs, 6–16 yr olds, commentary, 37386
hierarchical & cross-age confirmatory factor analysis of WISC-III to determine whether same constructs are measured across age span & nature of constructs, 6–16 yr olds, 37392
hierarchical representation of 2-dimensional space, 4–6 vs 6–7 vs 9–10 yr olds, 3381
horizontally vs vertically folded & cut rectangles, comparison of parts by figuring equivalent fractions vs making perceptual judgments, 5th–6th graders, application of Piagetian theory, 22019
implications of current neurocognitive & developmental psychology research for theories on nature & chronology of depressive position, children, 4126
implicit vs explicit relation between novel & known terms, acquisition of novel color names, 3 vs 4 vs 5 yr olds, 3359
individual differences in development of theory of mind, children, implications for metacognition, 18462
individual differences in theory of mind development & engagement in pretend play & fantasy, 3 & 4 yr olds, 41664
inductive reasoning & age & school achievement, 3rd vs 5th vs 7th vs 9th vs 11th graders, Hungary, 29774
intelligence & working memory capacity & information processing speed & efficiency in determination of what WISC-III measures, commentary, 37393
intensive early intervention program, gains in cognition & gross & fine motor & receptive & expressive language, 10–39 mo olds with disabilities, 13827
interpreting goal directed spatial behavior of rational agent, evidence for motor competence, 12 mo olds, Hungary, commentary, 38332
interpreting goal directed spatial behavior of rational agent, 12 mo olds, Hungary, commentary reply, 38318
interpretive ambiguity resolution & multiple interpretation generation in story outcome, 2nd vs 4th graders, 25740
intervention program, parental support & sense of competence & relationship quality & child's cognitive development, lower class Surinam-Dutch 13 mo olds & their mothers, Netherlands, 5 mo followup, 19870
intestinal worms, mental performance & development, human hosts, 1910s to 1990s, literature review, 19523
intraindividual development of ability to modify size of human figure drawing, 7 yr olds, Iceland, 5 yr study, 41649
intraindividual development of personal conceptions of intelligence & school marks & controllability, 12–21 yr olds in Grades 7 & 9 & 11, 2 yr study, Portugal, 20502
IQ scores, 3–18.7 yr old females with fragile X syndrome, longitudinal study, 4507
learning & academic performance & development of epistemological beliefs, high school students, 3 yr study, 22044
literacy development, male patients with sex chromosome abnormality originally observed at age 10 yrs, longitudinal study, Scotland, 35971
living in orphanage vs at home, cognitive & affective & personal development, 6.1–7.3 yr olds, Russia, 32854
location memory & attention behaviors, preterm vs full term 2.5–6.5 mo olds, longitudinal study, 11400
long-term effects of cognitive acceleration program on cognitive conflict & metacognition & bridging, academic achievement, male vs female students, 3 yr study, England, 13690
maternal attention & stimulation, cognitive & language & daily living skills, high vs low-risk preterm 6 mo olds & their mothers, 6 mo study, 11392
maternal child rearing attitudes & IQ & SES, child's verbal vs performance IQ, male vs female 4.8–5.7 yr olds & their mothers, Scandinavia, 3342
maternal glucose & lipid metabolism during 2nd & 3rd trimester, child's neuropsychological functioning, pregnant women with diabetes & those offspring at ages 7–11 yrs, 31623
maternal interactive didactic behavior, mastery motivation, 1–2 yr old children with typical cognitive development vs developmental delay vs motor impairment, 7794
maternal knowledge of child development & rearing, home environment quality & child cognitive & behavioral outcomes, 14–43 yr old mothers & their preterm infants observed at birth vs 12 vs 24 mo of age, 3323
maternal language during joint counting activities, development of comprehension of cardinality, mothers & their 2–3 yr olds, 18481
maternal postnatal depression & mother–child interaction & early experience, cognitive functioning, 2 mo olds, 5 yr study, England, 11375
memory dissociations & development of implicit & explicit memory in infancy, literature review, 34822
mental objects & symbols & meanings in formation of societal mental structure, assimilation & contributions to society, 15217
mental state term use & understanding of false belief in child–friend vs child–sibling vs child–mother dyads, 3.8 yr olds, 3350
misconceptions regarding stoichiometry & chemical equilibrium, college students, South Africa, cognitive developmental implications for teaching science concepts, 17132
name & appearance changes, individual identity judgments of animals, 4 & 5 yr olds & undergraduates, 15222
neural network connectional models of developmental changes, children, 28341
neurocognitive abilities, low vs normal birth weight infants from urban vs suburban environments, 6 yr followup, 29770
neurologic examination at 6 & 12 & 24 mo, cognitive & psychomotor development at 40 mo, very low birth weight infants with high vs low medical risk, 42716
object relational model of cognitive development & impairment & Rorschach scoring system, 10692
ontogenetic differences in retention of spatial learning tested with Morris water maze, preweanling vs juvenile vs adult rats, 29046
origins of problems & modern study of tasks & future directions of water-level task measuring spatial development, 25795
out of home vs family based day care, temperament & verbal & cognitive development, 16 mo olds, 8 yr study, 15206
parental occupational & family role social stressors, cognitive & behavioral outcomes, 10–14 yr olds of young mothers, longitudinal study, 29718
paternal vs maternal play style with child, 16 mo olds & their parents, implications for contribution to cognitive development, France, 7179
pattern type & age, block design performance, 4–8 yr olds, 15200
perceived psychological &/vs biological explanations for human movements, 3- & 4-yr-olds, 34827
performance on appearance–reality vs trick vs reduced information processing tasks, 3–4 yr olds, 15246
perinatal & demographic & 1-yr & 3-yr & 7–8 yr measures, development of learning disabilities, very low birth weight birth infants with normal IQ & neurological status, 8 yr study, 23187

Piagetian & neo-nativist accounts of development of object permanence & alternate view of failures of conservation & reversibility as representation of destructibility of objects, children, commentary, 7214
Piagetian task measurement of cognitive developmental constructs, 8th–10th graders, Australia, 10522
Piagetian vs modularity vs empirical generalizations vs theory theories in representation of cognitive science & dynamic features of constructivist theory change, 14187
Piaget's concepts of constructivism & essentialism & dynamism in childhood cognitive development theory, 14192
Piaget's contributions to cognitive development theory, 14186
Piaget's impact on American psychologists & psychological theory of cognitive development, 1950s & 1960s, 14188
preservation of scale & size in spatial configuration reconstructions, 4–5 vs 6–7 yr olds vs adults, 25791
prevalence of learning problems & cognitive & motor impairment, school attainment & IQ, 8 yr olds in special vs mainstreamed classrooms, Scotland, 24670
problem solving framework for early development of executive function, 34842
problems in Piagetian & neo-nativist accounts of development of object permanence & alternate view of failures of conservation & reversibility as representation of destructibility of objects, children, 7236
psychosocial & cognitive determinants, development of understanding of gender-role development, young children, literature review, 29869
psychosocial influence, physical & mental development, 4 yr olds in families with alcoholic &/or high-stress parents, Sweden, follow-up study, 26693
purpose of memory & how memory works, commentaries & reply included, 34271
quantitative reasoning & processing speed in analyses of WISC-III, commentary reply, 37391
receipt of APA Award for Distinguished Scientific Contributions in reading & cognitive & language development, J. L. McClelland & D. E. Rumelhart, 40236
recognition of biologically-based commonalities between animals & plants & inanimate objects, 4–6 yr olds, Japan, 25754
rehabilitation therapy, mental age, mildly vs moderately mentally retarded adolescents, Italy, 3.5 yr study, 5387
reliance on visual & verbal information in isolation & together across ontological kinds in induction & classification of animals & machines, 3–5 yr olds vs adults, 739
research on cognitive & social development, understanding of interaction between cognitive & social processes, children, 7171
role of nominal & cluster & natural causes in conceptions of illness, 4.3–5.4 yr olds vs adults, 11355
role of setting information in cued recall of categorically related words, 7–11 yr olds, 29760
SES & cognitive development & social responsiveness & initiation, high risk vs low risk children with low birth weights vs full term children, 3 yr study, 34807
sex & sociodemographic factors & maternal personological characteristics & behavior, pretense play as indicator of mental representation development, mothers & their 1st borns (mean age 21.1 mo), 25735
sex, psychomotor & mental development & development of psychopathology, 1 yr olds & their mothers with psychosocial stress, Sweden, 3 yr followup, 26411
social competence & emotional behavior & cognitive & academic development, 5.3–12.9 yr olds with left vs right hemisphere damage with vs without frontal lobe lesions after perinatal stroke, 4716
social emotional states & cognitive development, 4–7 yr old orphans vs refugees living in families following war & drought, Eritrea, reprint, 29836
social pretend play, peer-related social competence & language & cognitive development, children with mild to moderate disabilities, 19087
specific perceptual information storage, development of nonverbal implicit vs explicit memory, 4 vs 5 vs 10 yr olds, 7238
stability & change in cognitive levels, 3 yr olds with nonspecific developmental delays, 8 yr study, 35878
statistical methods for analyzing data on cognitive growth, children, implications for educational & psychological research, 155
stimulus duration & attention, responses to brief exposure of visual stimuli, 3–6 mo olds, 15247
stimulus type & experimental task, categorization decisions, 4.4–4.9 yr olds vs adults, 3356
strategies for early detection & monitoring, preschoolers with suspect delays in cognitive &/or motor &/or language &/or behavioral development, 16135
structure & development of quantitative-relational thought, 10–16 yr olds, India vs Greece, 736
subcortical motivational systems, response & attention regulatory processes & development of cognitive representations, children, 7224
test indicators of transition in analogical reasoning development, 6–8 yr olds, 140–161 day longitudinal study, 25753
Toxocara canis infection, risk factors & cognitive development, disadvantaged 6 mo olds, 4 yr study, 39387
trace integrity model of storage & retrieval processes in development of long term retention & applications to adult recall of childhood memories, 34801
understanding epistemic authority, 6–7 vs 11–12 yr olds, England, 7249
understanding of biological nature of kinship in parent–child relations, 4–7 yr olds, 25688
understanding of biologically causal role of birth, determination of animal properties & species identity, 4–7 yr olds & adults, 41644
understanding of distinction between physical & mental illness, 2.9–5.6 yr old preschoolers, 15228
understanding of thought bubbles in pictures of characters engaged in action as depiction of thoughts, 3 vs 4 yr olds, 3389
utility of desire-then-belief interpretation of children's belief reasoning successes & failures, 2.9–4.8 yr olds, 11328
vulnerability to alcohol-related birth defects & growth & cognitive development, infants of 30+ yr old alcohol drinking mothers, 13 mo study, 12232
Vygotsky-A. R. Luria neuropsychological approach to structure & development of higher mental executive functions, 5–8 yr olds with intellectual disability, conference presentation, 40150
WISC-R vs WISC-III scores, urban exceptional students (mean age 12.7 yrs), 3 yr study, 40801

Cognitive Discrimination—Serials

continuum between purely isolated & purely interrelated concepts in concept representation & learning, college students, 21413
effects of relatedness & number of distractors, attribute judgments in Alzheimer's disease, older adults, 36097
face only & body only & whole animal inverted stimulus figures, categorical representation of animal species, 3 & 4 mo olds, 11387
incidental instruction during encoding, attribute covariation knowledge, college students, 41150
learning & memory for hierarchical relationships in object discrimination task, young vs aged rhesus monkeys, implications for role of hippocampus, 10997
recognition of biologically-based commonalities between animals & plants & inanimate objects, 4–6 yr olds, Japan, 25754
semantic dependencies between attributions & relations, similarity judgments & structural-alignment, undergraduates, 28833
semantic distance between target & background classes, category search, college students, Finland, 25275
smoking abstinence & nicotine withdrawal, facilitation of processing of smoking related stimuli, heavy smokers, 6937
source discrimination & item detection & response biases in 1 vs 2 high vs low threshold source monitoring models of decision process, college students, 6290
stimulus-stimulus congruence & stimulus-response compatibility, adults, 25171

word reading & picture labeling vs reading comprehension methods, emergence of reading comprehension & oral picture labeling, 4–10 yr olds with intellectual disability, 2223
Cognitive Dissonance—Serials
behavior analytic perspective on attitude change attributed to cognitive dissonance & counterattitudinal advocacy in terms of environment-behavior relations & application to behavior therapy, 32173
culture typical of independent vs interdependent construal of self, levels of dissonance reduction in free choice paradigm, Japanese vs Canadian adults, 22530
environmental change, reduction of cognitive dissonance & alignment of logics of action across organizational levels, airline employees during deregulation, model of organizational transformation, 13966
hypocrisy, direct vs indirect dissonance reduction strategy behaviors as motive for self-integrity, college students, 15715
norm setting &/vs values clarification intervention, exaggerated perceptions of norms or expectations of peers & parents & other reference groups about appropriate drinking levels, college students, 26133
perceptions of health risk associated with smoking relapse & commitment to quitting & self concept, adults in smoking cessation clinic, implications for cognitive dissonance theory, 16965
perceptions of spouse & real-ideal discrepancies & subsequent marital well-being, African-American vs White newlywed couples, 2 yr study, 38543
positivity of self concept & positive vs negative results of inconsistent behavior, cognitive dissonance, college students, 7740
postdecisional dissonance in consumerism, commodified self-concept, 18–22 yr old students, US vs Finland, 18984
presence vs absence of ego-enhancing feedback & counter vs proattitudinal commitment, reduction of dissonance by engagement in prosocial behavior, female adults, 38760
stereotypicality of gender role identity & cognitive & affective characteristics, assumption of caregiving role for elderly relative, 21–69 yr old males, 20251
transcendence as reconciliation of dissonant religious cognitions, negative affect, Christian adults, 22221
Cognitive Functioning [See Cognitive Ability]
Cognitive Generalization—Serials
cognitive performances of differentiation-generalization & individual differences in cerebral alpha rhythm, 21–40 yr olds, 14594
continuum between purely isolated & purely interrelated concepts in concept representation & learning, college students, 21413
deduction & induction & abduction & specialization & generalization & personality traits & elementary memory association with focus on partially computerized reasoning, creative ideas, humans, 26282
hypothetical positive vs negative vs neutral events, actual generalizations, depressed vs nondepressed 17 yr old high school students, 26456
standard objection to concepts as prototypes, 10687
structure mapping process in analogy & similarity, 17908
Cognitive Hypothesis Testing—Serials
cognitive strategies to deal with system error in scientific reasoning task & hypotheses testing, college students, 21359
everyday situations with positive vs negative outcomes, use of confirmation vs disconfirmation hypothesis testing strategies, Ss with paranoid schizophrenia or delusional disorder vs major depression, 4033
field effects & fixed response vs nonfixed random rule use, water-level task performance, 7–15 yr olds, Germany, 7252
inference making during hypothesis formation about clients, psychotherapists, 9759
irrelevant information, probabilistic category learning using relevant information, adults, implications for hypothesis generation & connectionist & context & stimulus sampling models, 6374
minimized activation of preexisting schemata, rule detection performance, adults with frontal lobe lesions, UK, 16310
positive vs negative hypothesis testing by cooperative groups, generation of further evidence in rule induction problem solving, college students, 35209
rule training & transfer performance in reading vs nonreading (music) paradigm, reading disabled vs nondisabled 7–9 yr olds, 26784
transitions between use of depictive models & rule based reasoning in solving gear problems, graduate students & male 10th–11th graders, 21361
verbal rule vs feedback vs verbal rule & feedback conservation instruction, male vs female 4 yr olds, 33435
Cognitive Load [See Human Channel Capacity]
Cognitive Maps—Serials
absence of orientation mechanisms, cognitive mapping abilities & accurate navigation toward hidden goal, rats, 2950
accessibility of objects in spatial situation models, generality of impact on attention & narrative comprehension, college students, implications for cognitive modeling, 2826
action-effect encoding of irrelevant conditioned response-contingent auditory features, adults, 14599
attentional control & mental model in cockpit instrument visual scanning during simulated flight, 18–26 yr old novice vs expert pilots, 37693
cognitive mapping strategy, literal & inferential reading comprehension, 6th–8th graders with mild learning disabilities & educable mental retardation, 37091
computer based tool for enhanced cognitive mapping using symbol based formalism of semantic networks, implications for application to modeling belief changes & decision making, 2407
computer program for representing mental models & temporal reasoning in one- vs multiple-model problem solving, 17–19 yr olds & college students, 10704
do-it-yourself vs distance-to-goal problem solving methods, change in misconceptions of facts regarding Berlin Wall, college students, France, 2836
errors in isomorphic & nonisomorphic transfer in analogical problem solving, elementary school students, 22010
knowledge map vs text format presentation & presence of structural icon at recall, immediate vs delayed recall, college students, test of spatial–semantic display processing model, 37785
localized landmarks in large-scale virtual building, development of spatial knowledge & route finding ability, adults, 33837
multistability of hippocampal cognitive maps, old rats, letter, 37954
numerical simulation test of continuous attractor neural network model of path integration & cognitive mapping in hippocampus, 43941
ontogeny of spatial behavior, development of global map of large environment, infant rats, 6461
patterns of long term potentiation, model of hippocampal spatial navigational map of environment, rats, 21728
preview of familiar sites & access to olfactory cues, involvement of visual landmarks in familiar area map, homing pigeons, replication & extension, 37859
role of pragmatic factors in analogical mapping inferences, college students, 14613
scoring student concept maps by comparison to experts' maps, cognitive structure of history knowledge, 11th graders, 9865
sex & color coding & level of detail & label placement of maps, wayfinding ability, Ss under 10 to over 60 yrs old, 41638
spatial orientation & wayfinding problems in King Saud University built environment, high school students, Saudi Arabia, 24890
spatial vs location cues, performance on graphic vs partially graphic vs latent multidimensional vs recognition tests of configurational knowledge, 18–29 yr old students of geography, Wales, 14649
stimulus–response compatibility, perceptual motor responses with horizontally vs vertically oriented stimuli, 16–42 yr olds, test of movement-preference vs referential-coding hypotheses, 17810
strategies of spatial thought for cognitive mapping tasks, configurational knowledge, 18–29 yr olds, Wales, 17922

structure mapping process in analogy & similarity, 17908
study & test problem superficial similarity & embedded vs abstract principle explanation, direct vs near-miss analogical mapping in problem solving, college students, 21442
subjective orientation in visual cortex using optical imaging of intrinsic vs single-unit signals, contour perception, cats, 21705
target & frame position, interaction of cognitive & sensorimoor maps of visual space & Roelofs effect, adults, 28735
vantage point & plan vs oblique type, geometric & representational correspondence in understanding of maps, 4–5 yr olds vs adults (mean age 38 yrs), 25761
virtual worlds with assistance through organizational grid &/vs map principles, wayfinding & navigating in virtual environments, 20–45 yr olds, 10607
visual reasoning & systemic mapping between conceptual & spatial relations during graph interpretation, college students, 6308
within-domain vs cross-domain semantic self priming, facilitation of perceptual identity mapping, 24–40 yr olds, test of interactive activation & competition model, 17891

Cognitive Mediation—Serials
affective & cognitive & global attitudes about condom use & previous sexual behavior & prior & intended condom use, college students, 41938
cognitive-behavioral treatment of adolescent depression, literature review, 1980–94, 39705
cognitive mechanisms & motivation, optimistic bias in predictions of time of task completion, adults, Canada, 41181
control appraisals & intrusive thoughts & problem focused coping or behavioral disengagement during stressful negative events, 17–55 yr old college students, 6 wk study, 37723
forewarning & involvement & delay, persuasiveness of counterattitudinal message, college students, test of cognitive mediation hypothesis, 7675
nature of small group social interactions in mediation of science learning, 1st graders & their teacher, 17153

Cognitive Processes [See Also Associative Processes, Classification (Cognitive Process), Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Schema, Semantic Generalization, Social Cognition, Thinking]—Serials
ability to distinguish between moral vs conventional transgressions, autistic 8.3–17.6 yr olds with vs without ability to mentalize, 8335
ability to inhibit irrelevant information & negative priming effect, non-clinical high vs low schizotypal college students, 3897
abstract & episodic knowledge & performance on implicit learning tasks, commentary reply, 25308
abstract & episodic knowledge & performance on implicit learning tasks, 25309
access to identity specific semantic & name information in face recognition test, 18–35 vs 7–15 yr olds, Wales, 22043
accuracy & completeness of treatment of Skinner's approach to cognitive processes, introductory psychology textbooks, 28367
accurate vs inaccurate procedure & favorable vs unfavorable outcome & procedure information before vs after outcome, fairness judgments, college students, Netherlands, 14615
acquisition of concepts organized by arbitrary vs positive vs negative automatic vs controlled prototypes about simulated social group, 17–32 vs 60–79 yr olds, 7332
acquisition of voice onset time & final-syllable vowel lengthening, 12–20 mo old English-speaking females, 9 mo study, implications for motoric & representation hypothesis, 34831
action plans for writing vs drawing, 4–6 yr olds unschooled in writing & college students, 734
activation of temporal & prefrontal right hemisphere regions in processing of moral & grammatical & semantic aspects of fables, adults, 14865
activation vs inhibition of unconsciously processed information, cued recall, 17–30 vs 60–96 yr olds, replication, 3362
additional cognitive demands, postural stability, 53.9–59.9 vs 74.3–81.6 yr olds, 3531
age & education, neuropsychological test performance, cognitively intact vs impaired geriatric inpatients, 29821
age & IQ, stimulus & response timing on temporal generalization & bisection & differential threshold & interval production tasks, 60–79 yr olds, England, 38343
age & socioeconomic background & health status & cognitive function, prospective memory, 35–80 yr olds, Sweden, 41784
age, production of errors at intellectual vs sensorimotor vs flexible action pattern levels of regulation within computer-based work, 19–60 yr old office workers, Germany, 28177
age related deficits, performance on Wisconsin Card Sorting Test, 18–38 vs 60–86 yr olds, 34041
age, working memory & processing speed & fluid intelligence, 7–19 yr olds, 15216
agency vs cognitive Kantian accounts of schizophrenic symptom of thought insertion, commentary, 12069
agency vs cognitive Kantian accounts of schizophrenic symptom of thought insertion, 12027
aging & familiarity, credibility judgments & source memory, 17–33 vs 60–87 yr olds, 29805
aging, cognitive changes, 65–79 yr olds, 10-yr followup, 22180
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, commentary, letter, 39770
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, 19910
alcohol intoxication vs fatigue, cognitive psychomotor performance, adults, 38090
alternating intrahippocampal cognitive potentials in temporal lobe epilepsy, 13–48 yr old patients, erratum, 12621
anatomy & circuitry of & influence of priming on computations specific to given cognitive domain & computations general to many domains, conference presentation, 29348
anchoring effect & mechanisms of selective accessibility notion, college students, Germany, 41092
animate vs inanimate object motion & independent motion vs transport by person, immanent vs internal causal explanations, 3.1–5.5 yr olds & college students, 18483
anosognosia for cognitive & motor impairments, 49–81 yr olds with right brain damage & motor & neglect disorders, 16307
antecedent conditions of groupthink & information processing errors in group decision making, 1003
anti-emetic drugs granisetron vs ondansetron, cognitive & psychomotor performance, 19–31 yr old active military personnel, 34638
anticholinesterase drugs tacrine & E2020 & 5-HT-3 antagonist odansetron & H-3 antagonist thioperamide, models of cognition & cholinergic function, male rats, 21869
anxiety, task performance & response time in working memory articulatory loop & central executive using processing-efficiency theory, 18–31 yr olds, 37772
apparent width & distance of gates, RT & mental walking time in imaginary walk in 3-dimensional virtual environment, adults, support for Fitts's law, 228
applicability of appraisal theory to naturally occurring emotional responses, supporters of R. Perot upon his withdrawal from 1992 presidential race, 28999
application of cognitive science theory to question writing for self-report method of data collection, 40989
application of planning & attention & simultaneous & successive processing model to understand cognitive differences, 9.5–11 yr olds with vs without reading disabilities & high vs low IQ, Canada, 12366
artificial life & embodied artificial intelligence, autonomy of cognition, 40717
artificial vs natural language processing & human-human vs human-computer interaction, implications for psycholinguistics, 10188

asymmetrical development of information processes underlying visuo-manual aiming movements, 6–10 yr old males, Switzerland, 10701
attachment style, external information search & processing & cognitive closure, high school & college students, Israel, 30517
attentional biases toward self vs other-directed ego vs autonomy threat words, females with bulimic disorders, 8419
attentional set shifting & memory & conceptual thinking & motor function & verbal fluency, patients with striatonigral degeneration type multiple system atrophy vs Parkinson's disease, 19627
attentional speed & accuracy & controlled vs automatic information processing, male patients with schizophrenia, 4194
attitude-relevant knowledge, biased vs objective processing of new information about AIDS, college students, 8515
attitude structure & change & persuasion & behavioral consequences, literature review, 30526
attitudes & heuristic & systematic information processing, accuracy vs impression motivated college students, 3886
attitudinal ambivalence & processing information & confidence in attitudes, college students, 22534
auditory EPs during information processing with vs without pheniramine treatment, 11–20 yr olds with Down syndrome vs healthy 20–28 yr olds, Austria, 39301
autogenic training, development-related cognitions & emotions & psychosomatic complaints, 66–80 yr old healthy adults in two studies, 23744
automatic & strategic cognitive processes, attention to & perception & learning & retrieval of advertising stimuli & information use & brand evaluation, 14058
automatic retrieval of event & task performance & repetition effects in masked word identification, college students, Canada, 10697
automatic vs controlled processing, social problem solving, hyperactive-aggressive children (mean age 9 yrs), 35713
background variables & verbal knowledge & speed of information processing, verbal fluency, 70–98 yr olds, 41769
Bayesian approach, Occam's razor in modeling cognition, 25270
behavior in preferences for foraging with familiar vs unfamiliar conspecifics, bluegill, commentary reply, implications for pseudoreplication, 10896
behavioral & cognitive functions of coeruleo-cortical noradrenergic & mesolimbic and mesostriatal dopaminergic & cortical cholinergic & serotoninergic systems, conference presentation, 29352
behavioral RT variability & auditory P300 & contingent negative variation as measures of attention & information processing, moderate-to-severe traumatic brain injured 18–49 yr olds, 25495
benzodiazepine receptor agonist ZK-93426, effects of scopolamine on information processing & memory & psychomotor skills, adults, 6874
bias for spider-related information during card vs single-trial format of Stroop task, male vs female 8–12 yr olds with nonclinical spider-fear, 41645
bilateral fimbria transection, behavioral sequencing & executive functioning during dyadic social interactions, male rats, 37983
bilateral lesion of globus pallidus & dysfunction of frontal cortical area, amnesia & loss of psychic self activation, 52 yr old female, case report followed over 10 yrs, 23449
bilingualism & biliteracy, understanding of concepts of print & symbolic function of written language, 4–5 yr olds, 29764
biological & psychoanalytic & developmental & cognitive interpretations of visual functions, implications for psychovisual therapy, 16421
brief & less intensive cognitive behavioral treatment, maladaptive behavioral & cognitive patterns, 19–57 yr olds with antisocial or borderline personality disorders, 12831
bromocriptine, deficits in clinical motivation & reward responsivity & frontal cognitive function, 26–55 yr olds with brain injury due to trauma or subarachnoid hemorrhage, 20099
carbamazepine, overt aggression & psychiatric symptoms & cognitive effects, 5.3-11.7 yr olds with conduct disorder, 5002
career interventions, construct integration & differentiation in vocational cognitive complexity & number of occupations chosen, college students (mean age 18 yrs), 33593
Cartesian theater vs multiple drafts model of consciousness of subjective timing & redrafting process, commentary, 328
causal cognitions & judgments of food web changes in naive ecology, 18–21 yr olds, 34249
causal explanations & interpretive understanding as modes of knowledge & thought, 14587
centrally vs peripherally mediated visual backward vs forward masking performance deficits, patients (mean age 27 yrs) with schizophrenia, 19216
ceruletide, ERP indicators of cognitive processing, 19–28 yr olds vs 70–86 yr olds, 25568
choice of coping strategies & personality & situational appraisals & relation to life domains, 20–57 yr old police officers, Australia, 10329
choice or no choice & Langer effect as critical test of simulation vs theory theories of mental states, 18–53 yr olds, Austria, replication, 14601
choice or no choice & Langer effect as critical test of simulation vs theory theories of mental states, 18–53 yr olds, Austria, replication, commentary, 14606
coarse vs fine spatial information, visual face & object processing, 18–50 yr olds, Scotland, 6334
cognitions about breach of permission rules, 3–4 yr olds, UK, 11354
cognitive & affective components of empathy, male vs female 14–17 yr olds with conduct disorders, 8091
cognitive & behavioral strategies, prevention of relapse in weight control, commentary, 9297
cognitive & behavioral strategies, prevention of relapse in weight control, commentary reply, 5240
cognitive & communicative faculties of right cerebral hemisphere, 21716
cognitive & interpersonal aspects of depressive symptoms, 8–12 yr olds, 26472
cognitive & motivational factors in stereotype formation & maintenance & application & change, literature review, 15629
cognitive & motivational processes, task completion time prediction, high school & college students, 41058
cognitive & neurosciences & neural networks for theory testing, conference presentation, 28337
cognitive & physiological appraisal processes, elicitation of threat & challenge responses to potentially stressful situations, adults, 34629
cognitive & somatic anxiety in zones of optimal functioning, bowling performance, 22–72 yr olds, 37240
cognitive & strategic components of explanation effect in decision making, college students, 37710
cognitive & task control strategies to & attentional constraints on controlling perceived direction of rotation of transparent sphere, adults, 21288
cognitive activity of right hemisphere, theoretical & therapeutic implications for dynamic psychology, literature review, 1968–95, 21699
cognitive analysis & life cycles & competitive positioning & enactment & structures, industries & markets, literature review, 37209
cognitive appraisal & psychological vulnerability & life & work stress & life satisfaction & depression & anxiety & positive affect, psychiatric patients vs self help group members & workers, 22700
cognitive appraisals in claustrophobia, college students, implications for S. Reiss & R. McNally's expectancy model of fear behavior & A. Bandura's self-efficacy theory, 19244
cognitive aspects of & contributions of open-ended tasks in examination of mathematical performance, 6th graders, China vs US, 34061
cognitive assessment approach to evaluation of questionnaire, assessment of disease history, 18–43 yr old sexually transmitted disease clinic patients, 14358

cognitive bias & explicit & implicit memory for threat & nonthreat words, adult patients with primary insomnia, Sweden, 31607
cognitive capabilities associated with fantasy proneness & extreme hypnotic susceptibility & demand characteristics & indirect communication in therapy, patients with multiple personality disorder, 7833
cognitive constructs & cognitive diathesis–stress match in the Beck vs Hopelessness models of depression, adult outpatients with major depression, 39015
cognitive coping responses to recent crises & onset of depression, mothers, England, 30822
cognitive coping strategies & modes, patients with chronic pain disability, 26878
cognitive deficits & disability & depressive symptoms, 60 yr olds & older with depression with vs without risk factors for vascular depression, 30814
cognitive diagnoses for remedial instruction, computerized adaptive testing system using rule-space methodology, 34071
cognitive factors & conditioning variables, anticipatory nausea & vomiting symptoms, 6–18 yr old cancer patients with postchemotherapy nausea & vomiting, 24059
cognitive habituation & ERPs, 16 yr old & older headache patients, 31767
cognitive impairments associated with & neuropsychological features of neurocanthocytosis, patients, 4677
cognitive intervention for doxapram induced panic, epinephrine & norepinephrine & growth hormone & ACTH & cortisol, 19–39 yr olds with panic disorder vs healthy adults, 15977
cognitive knowledge of scripts reflected in discourse analysis, aphasic vs right-hemisphere damaged patients, 8620
cognitive mechanisms & motivation, optimistic bias in predictions of time of task completion, adults, Canada, 41181
cognitive mechanisms in consumer in-store navigational search strategies, 18–55 yr olds, 5824
cognitive mechanisms in nongenetic transmission of information & evolution of dual-inheritance & culture change, humans, 258
cognitive memory & processing speed, 11 yr olds born prematurely, 18510
cognitive model of self regulation, patterns of self regulation & concept of disinhibitory overrides & goal conflicts, commentary, 11772
cognitive model of self regulation, patterns of self regulation failure & approach to self change, commentary, 11789
cognitive model of self regulation, patterns of self regulation failure & implications of ironic process model, commentary, 11787
cognitive model of self regulation, patterns of self regulation failure & incorporation of psychodynamic issues, commentary, 11784
cognitive model of self regulation, patterns of self regulation failure & individual differences & social opinion of failure, commentary, 11773
cognitive model of self regulation, patterns of self regulation failure & perspective of ecologically oriented sociocognitive theory, commentary, 11768
cognitive model of self regulation, patterns of self regulation failure & perspective of personality systems interactions theory, commentary, 11780
cognitive model of self regulation, patterns of self regulation failure & principle of motivational resonance, commentary, 11778
cognitive model of self regulation, patterns of self regulation failure & role of goal conflicts & motivation, commentary, 11779
cognitive model of self regulation, patterns of self regulation failure & role of individual differences & transcendence skills, commentary, 11777
cognitive model of self regulation, patterns of self regulation failure from perspective of animal behavior & autoshaping, commentary, 11788
cognitive model of self regulation, patterns of self regulation failure, commentary, 11786
cognitive model of self regulation, patterns of self regulation failure, commentary, 11776
cognitive model of self regulation, patterns of self regulation failure, commentary, 11771
cognitive model of self regulation, patterns of self regulation failure, commentary, 11770
cognitive model of self regulation, patterns of self regulation failure, commentary reply, 11775
cognitive model of self regulation, patterns of self regulation failure, literature review, 11769
cognitive model of self regulation, use of hyperbolic discount curves in model, commentary, 11767
cognitive modeling of modularity of general intelligence vs input systems, implications for quantifier scoping, 10233
cognitive models of self regulation, patterns of self regulation failure & achievement of goals, commentary, 11785
cognitive multiplicity in polyrhythmic pattern performance, percussionists, application of structural equation modeling, 2824
cognitive neurobiological perspectives on declarative memory, literature review, 28951
cognitive neuroscience view of schizophrenic thought disorder, 19219
cognitive perceptual factors in causal model of health promoting behaviors, 20-64 yr old females, 1954
cognitive performance & evolution & subgroups of cognitive impairment & senile dementia, adults over 60 yrs old, France, longitudinal study, 4701
cognitive performances of differentiation-generalization & individual differences in cerebral alpha rhythm, 21–40 yr olds, 14594
cognitive perspective on concept of formal dominance & dominance hierarchies & aggressive/submissive behaviors, primates, 6508
cognitive predictors of incident Alzheimer's disease, older non-dementia adults vs adults with incident Alzheimer's disease, 3 yr study, Sweden, 36146
cognitive processes & information processing activities in prospective vs retrospective duration judgment paradigms, meta analysis, 37606
cognitive processes & magnetic source images of brain activity across cerebral cortex, conference presentation, 25525
cognitive processes in & models of propsective & retrospective time duration estimation, 34253
cognitive processes involved in explanation of events, 34217
cognitive processes underlying performance of multiplication vs division problems, 17–35 yr old college students, Canada, 41059
cognitive processing model linking alpha & beta & gamma change, assessment of individual attitude structure, 13907
cognitive processing of adverse experience & depression, 30827
cognitive psychology & human learning, implications for teaching, literature review, 28877
cognitive race strategy, 100 m sprint performance, elite sprinters (mean age 21.6 yrs), 24807
cognitive representation in spatial & temporal information processing, insects, 332
cognitive schema theory vs constructivism in educational psychology, implications for classroom learning, 24511
cognitive science analysis of interaction between psychosocial stress & neurobiology of major depressive disorder, kindling & sensitization effects in neural structure activation, 22794
cognitive science in study of figurative language, 11265
cognitive status & child-rearing attitudes, adolescent vs adult mothers, 3414
cognitive strategies to deal with system error in scientific reasoning task & hypotheses testing, college students, 21359
cognitive style & individual EEG alpha differences during information processing, 18–36 yr olds, 28881
cognitive tasks & psychology oriented to intentional vs normative interactions & somatic tools, 28854
cognitive variables, problem solving performance in chemistry, 16–17 yr old chemistry students, Singapore, replication, 28015
cognitive vs physiological model in etiology of chronic fatigue syndrome, literature review, 23254

cognitive vs self control models of self regulation, patterns of self regulation failure, commentary, 11782
common denominators across cognitive measures & correlates with outcome, inpatients with schizophrenia, Hong Kong, 35609
compensatory control in regulation of performance under stress & high workload, adults, conference presentation, 28856
complex scenes vs simple colors, associative & perceptual learning, adult male Rhesus monkeys, 29055
complexity theory & ecology & hermeneutics, enactivist model of cognition, implications for formal education & teaching & learning, 33390
computational theory for executive processes & interactive control architecture in multiple task performance, 14604
computer simulated model of text integration in bottom up processing of mathematics word problems, K–3rd graders, 15233
conceptual & technological developments in cognitive neuroscience & its application to the psychopathology of schizophrenia & depression, 30731
concrete vs abstract consumer purchase goals, stages of information processing, graduate students as consumers, 43875
congruence of meaning between facial expressions of emotion & selected emotion terms, college students, 6402
connectionist models of brain & psychological function relevant to psychiatry, 14114
consistent vs varied mapping semantic category memory search tasks, automatic process development, patients with closed head injuries, 23471
constraints on theories of cognitive aging, 18511
consumption vocabulary, development of stable & well defined preferences for quilt patterns, college students, 10177
contemporaneous development of cognitive self & autobiographical memory through early childhood, literature review, 34800
context & predictions of self & well known other & protoypic other, declarative knowledge & transformation rule hierarchy use, college students, 35273
context reinstatement & rapport in social techniques of cognitive interview, recall, 8–9 yr olds, 34813
contextual effects in similarity judgments, college students, 25259
contributions & critiques & disciplines of organizational learning, literature review, 43808
contributions of Dynamical Systems Theory & Autonomous Agents Research behavioral frameworks to cognitive science, 17920
control deprivation induced by insoluble problems, stereotype use in social judgments, high school students, France, application of cognitive theories of learned helplessness, 38713
cooperation processes in dynamic environment management, experienced pilots, 20864
correction effects & differentiation of effects of positive & negative feeling states, cognitive processing in content & style of judgment, undergraduates, Germany, 10691
correlation between auditory & visual perceptual asymmetries in language processing, right vs left handers, meta analysis, 34744
correlations among cognitive states & neuropathology, 69–97 yr olds with vs without cognitive impairment & Alzheimer's disease, 5 yr study, 12685
cross cultural implications of R. Feuerstein's construct theory of mediated learning experience & cognitive education approach, 37044
cultural effects on advertising creative process & models of strategy development, advertising professionals, France, 17443
current emotions & coping behavior & mental absorption & personality factors & well being & somatic complaints, male military recruits, Norway, 30552
decision augmentation theory of anomalous information integration, 29025
decision augmentation theory vs influence model of anomalous mental phenomenon, 29024
decline in executive control & capacity to process perceptual information as seen in SPECT scan & neurobehavioral tests, enduring psychotic behavior, 67 yr old female, case report, 19193
delay of gratification & impulsivity & information processing of social cues, 2nd vs 5th grade students, 34907
depressive information processing & somatic items on depression scale & affective distress, 18–75 yr old osteoarthritis patients, 39358
deprioritizing selection of old objects, optimizing selection of target objects during attentional tasks, 18–32 yr old undergraduates, England, implications for visual marking mechanism, 14546
description of spontaneous behavior as essential step in discovering psychological world of animals & problems inferring mental processes from descriptive accounts, 34379
design-based approach toward information processing account of emotional episodes, implications for interpretations of mental phenomena & artificial intelligence & therapeutic method, 18391
design-based approach toward information processing account of emotional episodes, implications for phenomenology & interpretations of mental phenomena, commentary, 18383
design-based approach toward information processing account of emotional episodes, implications for interpretations of mental phenomena & artificial intelligence, 18377
design-based approach toward information processing account of emotional episodes, implications for interpretations of mental phenomena, 18390
design-based approach toward s information processing account of emotional episodes, implications for interpretations of mental phenomena & artificial intelligence & therapeutic method, 18376
detecting high-level vs low-level properties in visual images vs percepts, college students, 37725
development & cognitive correlates of planning skills, 3rd vs 5th vs 7th vs 9th vs 11th graders, 18502
development & validity & reliability of instrument for measurement of cognitive domain of quality of life, college students, Canada, 14259
development of limited capacity metaphors to explain performance limits & multiple resources assumption & connectionist notions of confusion & interference, conference presentation, 28885
development of standardized & normed picture set with names in English & Dutch for use in cognitive processing & memory functioning research, college students, 6329
developmental changes in free recall & frequency judgement, Korean & American 6th grade vs 10th grade vs college students, 41656
dialogic approach to higher mental functions, 21338
dialogical analysis of planned social activities & situated actions, 18892
difficulty of target setting & continuity of feedback, performance improvement, college students, Nigeria, 21337
direct & indirect experience, affective & cognitive responses & attitude-behavior relation, undergraduates, 14605
dispositional information & cognitive effort, situational inferences regarding personality, male college students, 6316
dissociable behavioral & neuroanatomical subtypes of visuospatial neglect, 21–80 yr olds with unilateral right hemisphere infarcts, 16356
distinctive orthographic to phonological mapping, memory enhancement, college students, 21421
divided attention & speeded responding, controlled & automatic memory process dissociation, college students, Germany, application of multinomial processing tree model, 37700
dose insensitivity & categorical perception & monotonic mind & contagion, judgments of nutrition information, college students vs physical plant workers vs random sample of adults, 13203
drug craving, nonautomatic cognitive processing, adult smokers, 14973
dual representation cognitive theory of phenomenology & outcomes of emotional processing of trauma in PTSD, 4196

Dutch Restrained Eating Scale vs Cognitive Restraint Scale from 3-Factor Eating Questionnaire & criterion confounding of Restraint Scale, bulimic symptoms, 17–55 yr old females, 28523
dynamical alternative to classical symbolic processing paradigm in cognitive science, 17906
effect of connectives on online processing of continuity of events in narrative text, college students, 25269
effect of premise order in conditional reasoning & test of mental model theory, 18–19 yr olds, Italy, 34211
efficacy of monopoly for building mnemonic memory, psychology college students, 5614
elaboration likelihood model, prediction of interviewer's use of irrelevant variables in predicting job performance of applicants in selection interviews, 10051
elaborative processing & need for cognition & academic performance, college students, 9936
elated vs depressed mood elaborative processes, mood-congruent encoding & mood-congruent judgment of trait adjectives in reference to self vs best friend vs experimenter, female college students, 28871
electrical brain responses in syntactic processing in 2-stage model of parsing, 6712
element concreteness, discovery performance & imagery construction in mental synthesis tasks, college students, 21417
emotive & cognitive & volitional functions in I–It & I–Thou realms of existence & ontological importance of primary feelings, implications for therapeutic endeavors, 11730
emphasis on correlations & patterns in neurocognitive science in an analysis of current models of learning & instruction in science education including a "learner-centered" approach, 24603
empirical support for T. Kuhn's accounts of concepts in cognitive psychology, 17882
employee continuance vs affective commitment, organizational vs occupational commitment, lawyers, Canada, test of H. S. Becker's side-bet theory, 37148
epinephrine infusion vs placebo, panic rate, 25–50 yr olds with panic disorder, implications for role of cognitive factors, 12100
ERPs as signs of slowed brain processes & altered visual processing, 16–56 yr olds with partial seizures vs idiopathic generalized epilepsy, 31905
ERPs during cognitive tasks, brain injured patients affected by neuropsychological disorders, research review, 31906
ethanol effects on spatial cognitive processing, 29584
evaluating genetic models, cognitive evolution & behavior, 447
evaluation & combination of subjective probability estimates, uncertainty in categorical events, decision makers, conference presentation, 41095
event probability & attitude toward target S, belief in illegitimate action or suspicion of event, college students, experimental replication & implications for impression management, 41081
evidence for age-complexity effect as task dependent & process specific vs as reflection of reductions in general processing resources, older adults, conference presentation, 29979
evolution & energetic profiles of nature & hierarchical systems & functional architecture of simplest cognitive system & semantic filter, 28845
examination of shared psychotic disorder delusions from cognitive perspective, 6–62 yr old family members, case report, 30941
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, commentary reply, 39537
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, commentary, 39491
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, commentary, 39496
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, commentary, 39487
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, conference presentation, 39536
examination of subcortical aphasia & hypotheses of role of thalamus & basal ganglia in cortical function & language production, commentary, 39565
executive impairments in deductive reasoning & memory updating, adults with Parkinson's disease (mean age 66.0 yrs), 42790
existence of implicit theory of gravity as source of individual differences in performance on Piaget's Water Level Task, 11–14 yr old students, 29816
expert's eye movements during poetry reading & assessment, acquisition of implicit knowledge, poetry expert & college students, Belgium, 6206
external cognition & processing of graphical representations, 263
eye movement desensitization & reprocessing as therapy for trauma & psychospiritual potentials, 32167
eye tracking vs computerized process tracing tool method of information acquisition, choice behavior, college students, 14603
Facade theory of 3-dimensional vision & figure–ground perception of 2-dimensional pictures, 34153
factor analysis of lateralized mental processes, college students, 451
familiarity-based explicit recognition in conceptual processing vs word-identification priming & word-stem completion in implicit perceptual memory, college students, 21453
fast decay vs slow activation of syntactic & morphological information, 42–81 yr old non-fluent agrammatic vs fluent aphasic patients, 26842
functional anatomy of distributed semantic processing system shared by words & pictures, 22–69 yr old males, implications for visual agnosia, 23482
functional lateralization of regional cerebral blood flow during cognitive tasks sensitive to prefrontal cortex integrity, healthy 20–35 yr olds, 6686
functional modular organization of prefrontal cortex for representing working memory process, primates, 29359
G. Bateson's theory of logical types as conceptual framework for levels & types of organizational change, 37212
game theory perspective on cognitive abilities & strategic behavior in preferences for foraging with familiar vs unfamiliar conspecifics, bluegill, commentary, implications for pseudoreplication, 10860
genetic variations in brain size & neuronal features & neurogenetic bases & evolution of cognitive & behavioral processes, 442
global precedence & recognition of visual patterns with low vs high frequency sinusoids in divided & focused attention tasks & statistics of natural images, adults, 14524
global self esteem & specific self views, cognitive & emotional reactions to success or failure, adults, 35315
glucose regulation, cognitive processes & relation to Alzheimer's disease & diabetes, 1971–94, literature review, 8480
goal directed hand movement preparation & execution in response to central or peripheral visual cues, attention allocation, participants, conference presentation, 28847
GR 68755, d-amphetamine induced mood & cognitive performance & appetite & food preference & caloric & macronutrient intake, 18–45 yr old males, 603
H. Bergson's philosophy of memory & theory of dreaming as selectionist process, 29009
habitual susceptibility to post-event misinformation & individual differences in eyewitness memory, 17–43 yr olds, Canada, 37789
Hebbian cell assembly paradigm & neural networks, cognitive & neurophysiological predictions of internal representations in association cortex & local delay spike rate, commentaries & reply, 449
Hebbian theoretical model of neural cell assemblies in language & other cognitive functions, 18184
hemispatial neglect, overt & covert & unconscious processing of left-side information in whole or half or chimeric drawings, 43–85 yr olds with right brain damage, 31858
hidden covariation detection, college students, commentary & replication & extension, 17912

hierarchical elaboration in conceptual structures of life events before vs after war & negative combat events, male Vietnam combat veterans with vs without PTSD or other psychiatric disorders, 15989
high vs low linguistic competition, learning of gender appropriate adjectives to nouns, college students with vs without foreign language experience, test of connectionist network, 685
high vs low self focused attention & self referential material, Stroop color naming performance for threatening vs neutral words, 18–25 yr olds, 21343
higher-order cognitive processes positron emission tomography studies, brain activation patterns & processing regions, meta analysis & literature review, 25249
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, 17910
history of & current perspectives on transfer of training, educational applications, 27961
holistic vs analytic processing, sleep onset & REM sleep reports, adults, test of cognitive psycholinguistic model, 2910
holistic vs multiplicative or intersection vs independent-contributions mechanisms of cue integration, dual-cue recognition of items from newly learned triples of words, college students, 41128
homographs in context to measure central coherence & theory of mind, 8.9–28.2 yr olds with autism, 26755
human cognitive limitations pertinent to design of World-Wide Web browsers, college students, conference presentation, 34201
hypothesis generation, hypothesis testing performance, 18–46 yr old college students, 34196
I. Roseman et al model for integrating appraisals & emotions & its therapeutic application in individual & couple therapy, 36218
identification of important concepts in scientific document indexing, indexers, implications for conceptual & perceptual processing, 17886
imaginal vs actual ease of self-generated product-related information, product favorability & attitudes, male business students, Germany, 43879
immune system dysfunction, cognitive functioning, infected vs uninfected 1.3–9.3 yr olds born to HIV-1 seropositive mothers, 8520
impairment in word list generation task, older adults with ischemic vascular dementia vs Alzheimer's disease, 36067
implicit & explicit retrieval of learned material, cortical activations, college students, 34516
implicit learning of sequential structure vs explicit information, 20–27 yr olds, Belgium, 41125
implicit vs explicit structured sequence learning, ERPs, college students, 18199
importance of affiliation vs achievement & related stressful events, prediction of harm & threat & challenge appraisals, 17–29 yr olds, 7744
impulsivity, perceptual & response selection stages of information processing, 18–28 yr olds, 28844
individual differences & general vs specific processing systems, working memory & writing ability, 4th & 6th graders, 13760
information dilution & job characteristic bias theory, evaluation & recall of actor's performance of high vs low complexity task & self-awareness of reasoning processes, college students, 25263
information inhibitory processes in learning, language/learning disabled 4th graders, 13844
information processing & sustained & focused & divided attention & supervisory attentional control, 15–58 yr olds with severe closed head injuries, Netherlands, 31890
information processing demands reflected by firm's diversification strategy & approach to technology & top management team size, financial compensation, CEOs, 2279
information processing functions & mediating neural systems of comparator system hypothesis for generation of primary awareness & consciousness, commentaries & reply, 462
information processing model of similarity judgments on objects with multiple attributes, 22–30 yr olds, 14583
information processing performance as marker of vulnerability to schizophrenia, patients with schizotypal vs nonschizotypal personality disorders, 12115
information processing skills, course grades, 17–47 yr old college students, 5640
information processing speed & motor RTs & stimulus categorization, patients with vascular dementia vs Alzheimer's disease, 39530
information processing speed, global vs local differences in mental ability, 6335
information-processing theory as guiding metaphor in educational psychology, implications for classroom learning, 24516
information-processing theory of childhood anxiety, clinical implications for treatment, 35655
informative vs uninformative feedback, agent decision making & preference prediction, adults buying gift for others, 2371
inhibitory control during sentence comprehension, 70.9–72.9 yr olds with Alzheimer type dementia, 31768
initial & subsequent misinterpretation of bodily sensations caused by nonanxious states or innocuous events, patients with panic disorder with agoraphobia, test of cognitive model of panic disorder, 31090
initial stages of acquiring single principle & collection of interacting pieces of knowledge & final stages of cognitive skill acquisition, literature review, 14616
insight & cognitive unconscious & mechanist theories & artificial intelligence & Newell & Simon's theory of general problem solving, 14107
instructional design & short term memory in learning to use computer program, 1st yr trade apprentices, Australia, 2862
instructions to fall asleep quickly vs whenever under high vs low cognitive work load, sleep onset latency, college students, test of ironic process theory, 238
integration of ecological psychology & functional explanation as alternative to internalist theories on concept of mind, 34220
integration of ecological psychology & functional explanation as alternative to internalist theories on concept of mind, commentary, 34227
integration of ecological psychology & functional explanation as alternative to internalist theories on concept of mind, commentary reply, 34219
integration of information & analogical reasoning, 5–39 yr olds with autism vs mental retardation, 4407
integration of study of self & internal objects into unified model of mental structure & functioning & experience of combined & sustaining inner couple, conference presentation, 38826
integrative complexity as index of cognitive differentiation & information processing political responses, M. Gorbachev, 3665
integrative functions of frontal association cortex with magnetoencelphalography, 22–65 yr olds, 29358
intelligent tutoring system vs informal on-the-job training, task analysis of cognitive & behavioral components of troubleshooting skill, Air Force avionics technicians, 20739
interaction & structured social context, cognitive problem-solving computer-based task , 9–10 yr old males vs females, 40428
interdisciplinary approach to cognitive theories of language & brain ERPs during sentence comprehension, 28893
intermediate representations bound to lexico-syntactic structure of roman & verbal numerals, magnitude comparison & verification of simple equations & addition, college students, Belgium, 34228
intermodality change stimulus & habituation & training trials, electrodermal orienting & allocation of processing resources, 17–41 yr olds, 6798
internal modularity of grammar vs Big Modularity theories of language development, children with William's syndrome & individuals with mental retardation, 12326
interpreting information-processing & cognitive constructivist & social constructivist & sociocultural theoretical approaches in educational psychology, implications for classroom learning, 24515

interrelationship of cognitive processes & use as predictor of word recognition & reading comprehension, learning disabled 8–12 yr olds, Canada, 23191
intestinal worms, mental performance & development, human hosts, 1910s to 1990s, literature review, 19523
irrelevant information suppression in working memory, 2nd vs 6th graders vs young adults, 25762
issues in assessment of dysfunctional attitudes & role as vulnerability factors in cognitive model of depression, 4084
issues in distinguishing implicit vs explicit learning, commentary, 25319
issues in implicit learning & concept of consciousness, commentary, 25313
issues in implicit learning & possible criteria by which knowledge might be regarded as implicit or inaccessible, commentary reply, 25294
issues in implicit learning & possible criteria by which knowledge might be regarded as implicit or inaccessible, 25293
issues in implicit learning, commentary, 25323
issues in properties of implicit learning in natural settings vs those found in research, commentary, 25306
issues in work of executive controller in attention control, 28989
item family & content response–production factors in free-response format synonym tests & in multiple-choice format tests, students, Belgium, 28591
judgment of distance in home based on layout of space vs familiarity with routes between locations, visually impaired vs totally blind vs normally sighted 8–12 yr olds, longitudinal study, 19674
judgments of pairs of upright vs inverted human vs monkey faces vs scenes as same or different, monkeys vs human adolescents & adults, 14621
knowledge- & cognitive-behavioral skills-building prevention intervention, sexually transmitted disease & HIV knowledge & prevention of risky sexual & substance use behavior, 13–17 yr olds, 27957
knowledge transformational or recontextualizing operations in narrative-writing problem solving task, 12 yr olds, 25737
language modularity & linguistic representations of dependent structural relationships, language acquisition, Grammatical specific language impaired 10–13 yr olds, 34835
laterality in global &/or local processing of hierarchical visual stimuli, chimpanzees, 21660
lateralized brain activation during numbers vs shapes subtasks of identical pairs version of continuous performance test, 21–39 yr old males, 38018
lay cognitive models of national economy & integration of underlying issues, college students & general population adults, Australia, 272
leaping & flexibility problem solving strategies & insight & scholastic aptitude, 17–25 yr old university & 5th–7th grade students, 21993
Learning & Inference with Schemas & Analogies computational model of human analogical access & mapping, 34215
learning style, study strategies & outcomes in hypertext reading environments, college students, Netherlands, 5658
length of planned pauses & presence vs absence of trained facilitator & recorder, reduction of production blocking during brainstorming, interacting groups, 22433
level & performance variability of cognitive processing, bulimic 18–41 yr old females, 26819
level of cognitive effort expanded when processing equivalent alternative brands, negative affect & choice outcome, adults, 43864
level of knowledge, performance assessments of cognitive activities during science problem solving task, 5th graders, implications for learning & instruction, 33376
level of processing, awareness in recognition memory, young adults, UK, 10720
level of trait anxiety, interpretation of pictorial homophones, 7 & 9 yr olds, England, conference presentation, 38385
lexical semantic representation, patients with Alzheimer's disease, 1581
lexical vs nonlexical processing, age-related slowing, older adults (mean age 69.7 yrs) vs college students, 29987
localization of arithmetic fact retrieval resulting from cortical-stimulation induced transient disruption of brain activity, adolescent male with brain tumor & seizures, 39460
logical inference rules in construction of social mental cliques from learned sentiment relations & role of social context cues in activating such rules, college & high school students, Germany, 38719
long term cognitive & depression & other affective changes, 60 yr old & older patients undergoing cataract surgery, 1 yr study, 13141
major themes of J. T. Lanzetta's research program on facial expression & emotion, 14683
matching photo-credit card to customer, utility of photo-credit cards for possible prevention of fraudulent use, supermarket cashiers, England, 38706
mathematical complexity in generation & perception & encoding of randomness, students, US & Israel, 25253
mathematical model for distinction between distribution of cell activity & overall activity of population, encoding of attribute information & modeling of cognitive processing, 3073
measurement-produced stimuli & evocation of previously conditioned behaviors, situation response, 6305
medial temporal lobe, processing of novel auditory & tactile stimuli, patients with damage to posterior hippocampal region, 23425
memory problems vs inhibition of selection of correct response, resolution of multiplication problems, 13–14 yr olds with learning disabilities, France, 42628
memory type & emotional processing in cortical & subcortical dementia, 12579
menses vs preovulatory vs midluteal phases of menstrual cycle, reactions to stories of nonsexual vs sexual jealousy & cognitive coping & reactions to social frustration, females, 3160
mental baby care in form of worrying & processing information & managing division of labor, differentiation & marital tension, mothers vs fathers, 7515
mental coding in same & mixed stimulus-response sets in spatial precuing task, college students, 6301
mental depreciation & marginal decision making on fixed costs vs benefits of durable goods over time & use, adults, 17428
mental discounting & saving behavior, 20–75 yr olds with different financial strategies, Sweden, 24852
mental load & mental effort, performance on fault finding task, college students, Ireland, 28867
mental objects & symbols & meanings in formation of societal mental structure, assimilation & contributions to society, 15217
mental representation & processing of irregular & regular verbs, 41 & 50 & 60 yr old aphasic patients, 36109
mental simulation factors in judgment of likelihood of causal scenario, college students & university personnel, 37701
mental time travel through reconstruction of past & imagination of future, humans vs nonhuman animals, 34243
metaprocess & structure deficit & situatedness explanations & instructional models for "inert" knowledge problem, implications for learning & instruction research, 28878
methylphenidate, spatial working memory & planning & verbal fluency & attentional set-shifting & sustained attention, young healthy males, 38095
middle latency & late components of ERP as indices of activation of processing resources, literature review, conference presentation, 29424
Milwaukee Card Sorting Test scores, test performance & delineation of frontal lobe executive ability, 46–90 yr olds with vs without neurological disorder, 14346
mnemonic &/or arithmetic processing, transient heart rate, 18–30 yr old males, implications for psychophysiological inhibition hypothesis, 14983
mode of learning & skill level, performance of complex tasks, 19–30 yr old college students, Ireland, 28969
model for statistical map reading, cognitive subtasks of map orientation & legend comprehension & surface/legend integration & extraction of statistical information, 21345

model of behavioral inhibition deficit in ADHD & relation to working memory & self regulation of affect & internalization of speech & reconstitution & motor control & fluency & syntax, 16122
model of cognitive & motivational self regulated learning, 28944
model of short term memory, effects on production of random sequences & decision behavior by individuals & groups, 34233
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7218
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7217
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7212
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7215
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7287
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7280
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7248
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7257
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7264
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7235
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7241
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7231
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, 7233
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary reply, 7234
models of speech perception & phonological processing in reading, 8.0–10.8 yr olds, replication, 11365
moderating effects of physical fitness, vigilance & serial choice RTs, 18–30 vs 43–62 yr olds, 14028
modernist schema & information-processing theory vs postmodernist social constructivist theories in educational psychology, implications for classroom learning, 24520
monitoring & blunting coping styles, cognitive symptoms of dental fear, dental phobic 18–62 yr olds, 1973
monotonic syntactic processing & attachment & reanalysis in Japanese & English cross-linguistic study, application of parsing model based on principles of Description Theory, 25277
morphological priming & standard & masked fragment completion & memory, connectionist approach to cognitive modeling, undergraduates, 28882
motivation for cognitive closure, abstractness of linguistic communication in description of behaviors of ingroup vs outgroup members, college students, 30390
motor & cognitive inhibitory function, nonretarded children with autism, implications for distinguishing autism with other neurodevelopmental conditions, 19446
movement phenomena constraints in sentence processing, event-related potentials, 18–32 yr-olds, 25267
movement task constraints, online programing, college students, 2796
MRI scans of cerebral cortex activation during working memory task, 18–34 yr olds, 29259
MRI study of regional brain activity during verbal working memory task, indications of neurocognitive network involved in attention & executive function & mnemonic processes, males, 14857
multilevel modelling alternative to MANOVA, prediction of recovery of speed of information processing, 17–70 yr olds with closed-head injury, longitudinal study, Canada, 4721
multinomial modeling approach to mapping source-monitoring onto process-dissociation response categories in recognition judgment, 18–57 yr olds, Germany, test of memory processes hypothesis, 41124
multinomial vs dual process signal detection approach for treatment of response bias, commentary, 6353
multinomial vs dual process signal detection approach for treatment of response bias, commentary, erratum, 17956
mutability of counterfactual thinking, affective consequences & causal attribution in accident related judgments, 18–32 yr olds, implications for attribution theory, 17954
natural cognitive coping strategies, 27–45 yr olds with schizophrenia, 39049
nature vs nurture, brain structure & mental processes, literature review, implications for clinical practice, commentary, 10955
nature vs nurture, brain structure & mental processes, literature review, implications for clinical practice, commentary reply, 10945
need for scientific rigor & psychological research & literary sensitivity in guided imagery, implications for role of education, 17881
nefiracetam, cognitive task performance, normal & naturally aging rats & mice with vs without amnesia induced by drugs vs lesions vs hypoxia vs ischemia, 21856
negation & inference vs implication in predicative processing, college students, 10703
negative emotional stimuli, selective right hemisphere specialization during cognitive & perceptual processing & physiological & autonomic nervous system responses, college students, 14993
negative vs neutral mood, capacity vs processing strategy in priming task performance, college students, 6311
negative vs positive symptoms, repetition & semantic priming with attended vs ignored prime stimulus, schizophrenic 18–41 yr olds, Australia & England, 1307
neuroanatomy of number processing, 60 & 68 yr olds with acalculia, 39494
neuroimaging for cognitive models of working memory systems & memory load for spatial & object & verbal information, literature review, 37728
neuropsychologic functioning profile, 12–40 yr olds with autism & IQ greater than 80, implications for complex information processing, 39247
neuropsychological assessment of symptoms & altered information processing, children & adolescents & adults with obsessive compulsive disorder, literature review, 28538
neuropsychological constraints on cognitive theory of human communication, 41557
neutral vs combat-related visual stimuli, ERPs, Israeli combat veterans (mean age 34 yrs) with vs without PTSD, 31058
nicotine, hippocampal synaptic transmission & nicotinic acetylcholine receptor expression & cognition, rats, 25579
NMDA receptor blockade, spatial memory retrieval & reconsolidation following reactivation, rats, 25600
nonconceptual content & perceptual experience & subpersonal computational states, 14585
nonlinguistic & perceptual aspects of cognitive processing of metaphor & other figurative language, literature review, 11269
novel transformation of learner & transformation of novel knowledge in intellectual development, 15252
N200 EPs of response activation & inhibition & executive control in flanker task, adults, 3118
obsessive–compulsive vs hysteric personalities, selective attention & response interference & information integration in visual processing of local & global dimensions of stimuli, 18–36 yr olds, 8068

operationalization & practical applications of Planning Attention Simultaneous & Successive cognitive processing model for measure & study of intelligence, 1053
organization & cognitive functioning of basal forebrain & pontine cholinergic systems, literature review, 29275
organization of sexual information using Pathfinder, male vs female college students, 7559
overview of contributions of cognitive research on text comprehension & agenda for future research, 28866
overview of contributions of cognitive research on text comprehension & agenda for future research, commentary, 28875
overview of physical & cognitive age related declines that affect perception & language & memory & strategies for teaching older learners, 24584
paper & pencil vs visual forms basic information processing measures, fluid & crystallized intelligence, adults, 37414
parallel & serial exhaustive processing as mental architecture in perception & cognition & violation of race model inequality, 34245
parallel vs serial processing, response time for programming of direction of planar reaching arm movements, 25–40 yr olds, 10686
parietal cortical activation during number comparison &/vs multiplication measured by positron emission tomography & MRI of cerebral blood flow, male medical students, France, 6617
past & present & future perspectives of knowledge research on learning & instruction, 28941
past experience, memory &/or information processing, 12–27 mo old male rats, cross-sectional & longitudinal study, 37821
path angularity & direction on map, processing of spatial information while making distance estimates, 25–60 yr old consumers, 208
pathways & mechanisms of cerebral interrelationships of cognitive & emotional activity, research review, 29238
patterns in verb use, preschoolers with language impairment, 42681
perceived ability & learning vs performance goals & meaningful vs shallow cognitive engagement, academic achievement, college students, 9924
perceived competence & initial skill level at entry & practice in class & cognitive & learning strategies, achievement during motor skill instruction in volleyball, 6th graders, 9938
perceived understandability & willingness to comply & actual compliance with enhanced elevator service signs, college students, 37738
perceptibility of categorically vs noncategorically related pictures vs words, 18–40 yr old college students, implications for semantic memory access, 41089
perceptual & conceptual processing, memory for words & voice, young vs old adults, Canada, 17995
perceptual load, selective processing in flankers task, college students, Canada, 25273
performance on appearance–reality vs trick vs reduced information processing tasks, 3–4 yr olds, 15246
performance on 1st & 2nd order theory of mind tasks, nonretarded 6.3–15.5 yr olds with autism vs Asperger's syndrome, Denmark & Sweden, 8337
perseveration in prompted discourse & reversal tasks & insoluble guessing tasks, schizophrenia patients, application of information processing model of perseveration, 19195
personality & cognitive functions, hospitalized 22–74 yr old Roman Catholic priests who sexually abused minors, 31247
phenomenological implications of quantum mechanical model of consciousness & computational model of thinking processes, 14104
phentermine vs pentobarbital, information selection & signal probability in multisource monitoring, healthy 18–26 yr old males, 29630
positive vs negative item context & think aloud vs silent response, psychometric properties of & relations between constructs on organizational justice questionnaire, college students, 17719
positive vs negative social feedback, rate of learning & cognitive distortions on mental maze task, 17–26 yr old depressive females with vs without bulimia, 26817
positron emission tomography studies of phonological processing, meta analysis, commentary reply, 14871
positron emission tomography studies of phonological processing, meta analysis, 14872
positron emission tomography studies of phonological processing, meta analysis, commentary, 14829
practice & transfer effects, coordination processes of mental transformations of patterns in visual working memory, college students, Germany, 21415
precue interval duration & level of stimulus processing required & type of instructions, spatial precue effect, college students, 37619
prediction of early arrest & physical trauma, adolescents, test of parenting vs cognitive models, 8316
predictive validity of cognitive plasticity in structural equation model, diagnosis of mental status, elderly, implications for dementia of Alzheimer's type, Germany, 2 yr followup, 8567
preoccupation with body size & eating disorders & body dysphoria as form of cognitive bias, research review, 4484
preselective identification of irrelevant stimuli, negative priming, 18–24 yr olds, 6213
presence of infants, social interactions & interanimal distances among adult natal group members, infant & adult squirrel monkeys, 10797
prior encoding episode, integration of orthographic & conceptual information during incidental vs intentional retrieval, college students, 10738
prior planning & writing medium, content & quality of writing, undergraduates, 17940
proactive vs retroactive priming in serial target detection, college students, 6292
probability of presense of information on subsequent test, information processing in directed forgetting paradigm, college students, 2871
probe vs context word visual stimuli during attentional blink, perceptual processing of word meanings, adults, 25266
problem size effect in retrieval vs nonretrieval procedures in simple addition, 18.3–37.9 yr old college students, 6321
problem solving & use of strategic processing resources in fault diagnosis task, dysphoric vs nondysphoric college students, 7899
problem solving framework for early development of executive function, 34842
process dependence vs aggregation bias & functional independence of recollection & automatic influences in process-dissociation, adults, implications for recognition memory, commentary reply, 21420
process dependence vs aggregation bias & functional independence of recollection & automatic influences in process-dissociation, adults, implications for recognition memory, commentary reply, 21425
processing capacity, recall & recognition dual-task performances, 61–82 yr old adults vs 18–24 yr old undergraduate students, 35008
processing of English inflectional morphology measured by response latencies in lexical decision task, college students, 41578
processing of human faces measured by visual scan path, deluded vs nondeluded schizophrenics, 19213
processing of orientation vs direction of motion, 8-wk-old vs adult cats, 29364
processing of pain-related & body-related & mental words, EMG & heart rate & skin conductance level & visual event related potentials, adults (mean age 28.3 yrs) with prechronic pain, 41419
processing vs knowledge dependent measures of language proficiency, 11–14 yr old White vs African American vs Asian vs Native American males, implications for reducing language assessment bias, 37385
projection in case study analyses, researchers interpreting South Canyon Fire tragedy data, commentary, 5448
prospective memory performance, 23–62 yr old patients with acquired non-progressive brain damage, 8575

protocol analysis for access to cognitive processes during problem solving, application to clinical practice & research in rehabilitation, 27774
psychiatric symptomatology & selective processing & recall of positive vs negative personality information, college students, 7841
psychological skill patterns across rodeo event & gender & athletic skill level, collegiate rodeo athletes, 17414
psychological strength orientations in personality & cognitive & biological & occupational domains & psychopathology, 1226
psychosocial & cognitive-affective variables as barriers to early diagnosis & treatment of human papillomavirus infection & cervical cancer treatments, 31704
PTSD &œr depression &œr anxiety &œr substance abuse & cognitive functioning, 30 yr old & older Vietnam veterans, 11880
pulsed high-frequency electromagnetic fields, REM sleep, healthy 21–34 yr olds, implications for effects on mnestic functions & learning processes, 6717
P3 latency as mental chronometry index, literature review, 25529
quantitative techniques for assessment of planning & translating & revising skills in writing, male vs female 7th–9th graders, 6095
quantum mechanical model of consciousness & emergence of self vs computationalist model of mental processes, 14109
recognition & inhibition of partially activated information & picture/word interference, young (mean age 22.9 yrs) vs older (mean age 75.3 yrs) adults, 29777
recombining vs intact pictorial item pairings, representations underlying repetition priming effect, adults, 2864
reconciliation of theories of cognitive analytic therapy with theories of linguistics & semiotics & information processing, comment, 39660
regional cerebral glucose utilization, ability to monitor source of remembered information & related reflective cognitive processes, detoxified alcoholic patients, 4357
regression analyses of variables in ordered sequence, independent age-related effects on cognition, adults, 2829
regular intensive physical exercise, EEG activity, adults (mean age 31.89 yrs), implications for cognitive functioning, 14934
regulatory function of set assessed by cortical EPs during cognitive activity & responses to conscious stimuli, 3119
reinstatement & integration strategy for processing previous knowledge during current-context problem solving while reading, college students, 2817
relative timing of syntactic & pragmatic anomaly detection in sentence processing, college students, 6303
relaxation of practice session guidelines, validity of cognitive & psychomotor tests, 18–25 yr olds, data reanalysis, 14207
reliability & validity of Preference Test, assessment of hemispheric thinking styles, female 18–38 yr olds, 10476
reliance on examples vs abstract rules in learning process, high school & college students, 37762
remembering vs knowing in word recognition & recall, 16–39 yr olds, test of Tulving-Wiseman law, 41157
remembering vs knowing in word recognition, adults, England, 41138
repeated intrusive thoughts, neutralization or distraction responses & discomfort level, nonclinical 17–60 yr olds, implications for etiology of obsessive compulsive disorder, 22909
repeated presentations of public speaking & mental arithmetic task, cardiovascular & neuroendocrine & psychological adjustment, males, 34616
repeated stressor & level of importance & frustration & appraisal, approach vs avoidance coping behavior, 24–57 yr olds, 1 yr longitudinal study, 7717
repeating sequence, formation of explicit knowledge in sequential RT task, college students, France, 41149
repetition, conceptual implicit memory test of category instance generation & free recall, adults, 10727
representational analysis & task taxonomy & mapping of relational information displays, 6355
research on & theoretical base for cognitive strategy instruction in mathematics, students with learning disabilities, 33544
research on cognitive & social development, understanding of interaction between cognitive & social processes, children, 7171
residual declarative memory & task-specific cognitive ability, cognitive procedural learning, 22–64 yr olds with amnesia, 16373
resistance & impairment of cognitive processes underlying inertia toward & initiation of social change, 22204
resistance & impairment of cognitive processes underlying inertia toward & initiation of social change, commentary, 22191
response bias in extended process dissociation measurement model, college students, commentary, 14591
response bias in extended process dissociation measurement model, college students, commentary, 14617
responses to personality test items based on references to behavior/experience vs characteristics/traits, college students, 21000
right shift theory of handedness & genetic balanced polymorphism for cerebral specialization & cognitive processing, commentary reply, 6578
right shift theory of handedness & genetic balanced polymorphism for cerebral specialization & cognitive processing, commentary, 6581
right shift theory of handedness & genetic balanced polymorphism for cerebral specialization & cognitive processing, commentary, 6590
role of cognitive processes in flexibility & evolutionary advantages of behavior, 267
role of environmental & psychosocial & cognitive risk factors in onset of alcohol & tobacco & drug use, 12267
role of implicit learning in conscious precepts & representations, 25311
role of knowledge research in learning & instruction, implications for theoretical frameworks & knowledge measurement & cultural comparisons, 28869
role of prefrontal cortex in higher cognitive functions, 29283
role of thalamus & basal ganglia in cortical function & language production, 59 yr old female with nonfluent aphasia & agraphia, commentary, case report, 39556
role of thalamus & connections with frontal cortex & cerebellum, symptomatology in schizophrenia, 30926
RT, depressed &/or cognitively impaired outpatients (mean age 76.6 yrs), 30652
RTs & ERPs in & localization of brain activations & sequence of processing stages in number comparison task, 18–23 yr olds, 3113
schema & social perspective theories & behaviorism & connectionism & situated cognition approaches to knowledge acquisition & representation, application of experience- vs mind-centered continuum, 28879
script & sound cues, information processing & brand name attitudes, Chinese vs American college students, 28270
selected cognitive factors, changes in speech recognition, 18–40 vs 65–76 yr olds with vs without hearing loss, 31927
selecting & organizing & integrating strategy for expository text comprehension, teachers, 17170
selectionist theories & H. Bergson's concept of memory, 10728
selective attention in numerical perception & dimensional interaction between physical & numerical size of numerals, college students, implications for numerical cognition & Stroop phenomenon, 21322
self-reference & information processing & persuasive communication in advertisements, college students, 5827
self-related motives, individuating vs stereotypical information processing in perceiving outgroup target, undergraduates, 7677
semantic vs nonsemantic level of processing, recognition memory, college students, 10736
sensorimotor hand function, patients with parietal lesions, implications for parallel & serial processing of haptic information, 1590
serial order in planning speech production of successive word morphemes, college students, 14608

sex & amount & format of given information, detection of salary discrimination against hypothetical male vs female managers, social & business science students, Netherlands, 10083
sex, information processing & social skills & negative symptoms, patients with schizophrenia or schizoaffective disorder, 4177
SHAPE individual & group decision making & problem solving model, intuitive decision making in computer simulated stressful cognitively busy condition, 18–32 yr old males, 41069
short & long term specific facilitation & general practice effect in repeated trait judgments, adults, implications for cognitive representation of trait concepts, 22491
short-term food deprivation vs chronic dietary restraint, reaction time on the Stroop Color and Word Test, college students (mean age 21.8 yrs), Canada, 31532
short vs long cue-target interval vs foreperiod, RT & advance reconfiguration of task shifting & proactive processing, adults, 6331
similarity comparisons between & differentiation of pairs of basic-level categories, college students, 17935
similarity in processing for olfactory & visual verbal recency & primacy, 17–36 yr olds, 41165
simulated test of robustness & applicability of speed accuracy decomposition technique for information processing, 21367
simultaneous vs sequential processing of word letters in visual vs haptic modalities, implicit vs explicit memory within & between modalities, college students, 17974
single vs dual tasks, nonspecific slowing in information processing & capacity to generate information randomly, Parkinson's disease patients, test of A. D. Baddeley's depleted resources theory, 8639
single vs multiple format assumption in arithmetic retrieval, 20–41 yr old college students, Germany, 34265
situation model organizations for situation specific information involving abstract relations, college students, 41084
size of variance attached to parallel processes, magnitude of mean interaction contrast effect, 14453
skill acquisition & strategy shifting, college students, test of instance theory of automatization vs alternative component power laws, 41152
slow wave ERPs as measure of auditory processing of sentences with subject-object vs subject-subject relative clauses, 18–35 yr olds, 29432
small groups as information processors during cognitive tasks, literature review, 15581
social & cognitive factors, consistent condom use & safer sex intentions, heterosexual college students, implications for HIV educational interventions, 24082
social background information, memory for sentiment relations, undergraduates, 7615
social cognitive framework for analysis of cognitive process factors in propensity for sexual offending, 16102
social cognitive model of environmental & behavioral & personal components for self-regulation in writing, implications for writing instruction, commentary, 20544
social cognitive model of environmental & behavioral & personal components for self-regulation in writing, implications for writing instruction, commentary reply, 20577
social cognitive model of environmental & behavioral & personal components for self-regulation in writing, implications for writing instruction, 20578
social influences & theory, subjective transformations in time and space, persons recovering from eating disorders, implications for therapy, 26821
source-monitoring framework for research on closure processes involved in identification of occluded objects, college students, 25256
spatial & temporal conceptual representations & linguistic systems, language development, 2–6 yr old American vs Finnish vs Polish children, conference presentation, 34839
spatial ability, choice of spatial vs cancellation strategy in reasoning task, 1st yr undergraduates, England, 41085
spatial working memory & strategy formation, 19–69 yr olds with frontal lobe excisions, 16358
spectral overlap & variability in signals & age, integration of auditory information as seen in discrimination performance, 4.1–7.5 yr olds, 21992
spoken word &/vs sign &/vs print vs picture input modes, information processing, 6.9-yr-old male vs 6-yr-old female within autistic spectrum & with communication difficulties, 23162
stability-instability & contingency as orthogonal dimensions underlying individuals' implicit theory of perceived control, undergraduates, 22522
startle eyeblink facilitation & modification as measure of attentional & information processing, college students, 14984
states of mind model of cognitive affective balance & association with stress propensity & strain, implications for employee organizational behavior, 28223
stimulus similarity & choice processes in dimensional weighting judgments, young adults, test of coincidence effect, 41073
strategic vs automatic biased information processing, performance on Stroop color word test, adults with spider vs other phobias, 31123
strategy & information processing structure of sensemaking context & institutional identity & image, issue interpretation during strategic change, top managers in colleges & universities, 13974
stress reactivity & pain perception, hypochondriacal vs nonhypochondriacal females, implications for perceptual & cognitive abnormality model of hypochondriasis, 31595
style vs level of creativity & factor composition of M. J. Kirton's adaption-innovation theory, 7732
subjective cognitive & motor & affective complaints vs actual neuropsychological functioning, symptomatic HIV-1 seropositive adults (mean age 41 yrs), 19550
subjective duration ratings as index of processing resources in cognitive tasks, college students, 34200
substance use & cognitive escape model & HIV-risk sexual behaviors, gay & bisexual men, implications for behavioral interventions, 31680
subtherapeutic doses of dothiepin, psychomotor performance & cognitive function, healthy adults, England, implications for depression treatment, 43171
symbolically suggested rotations & reflections, coordination of control processes in visual working memory of matrix patterns of filled-in squares in grid vs between line drawings, college students, 28955
symmetrical cross-modal interference effects, processing of verbal & gestural information, adults, 6318
symptomatology & neuropsychological functioning & relationship with victim, severely vs less violent psychotic patients, 7983
syntactic processing in sentence comprehension under dual task conditions, aphasic patients, 26951
T. Kuhn vs K. Popper cognitive models of change in innovative organizations, 37214
target & stimulus related vs unrelated by multiplication facts, masking interference in number matching task performance, college students, 21371
task difficulty & threshold, vertex ERPs, 17–28 yr olds, 6708
task features & cognitive demands during set up vs implementation of enhanced reform oriented mathematical instruction, 13725
task-related negative emotion & task attributes & problem- vs emotion-focused coping goals, choice processing, college students, extension of effort–accuracy model of decision strategies, 21351
task specific vs task independent speed of information processing measures, free recall performance, 15–33 yr old college students vs 65–88 yr olds, 7216
teacher's described outcome of S. Milgram's obedience experiment, responsibility attribution, college students, implications for cognitive view of defensive attribution, replication, 26202
test of how cognitive neuropsychological observations may be related to theoretical framework of normal lexical processing, 28536

tests using pictures & words within- and cross-form conditions, ERPs & direct & indirect memory, 19–34 yr olds, 37713
theoretical framework for structured vs nonstructured debate & dialectical inquiry vs devil's advocate methods, 251
theoretical models on memory systems & attentional resources & role of benzodiazepines & scopolamine & other drugs in cognitive psychopharmacological research, commentary, 29533
theoretical models on memory systems & attentional resources & role of benzodiazepines & scopolamine & other drugs in cognitive psychopharmacological & neuropsychological research, commentary, 29566
theoretical models on memory systems & attentional resources & role of benzodiazepines & scopolamine & other drugs in cognitive psychopharmacological research, 29534
theories about how learning & memory take place & causes of forgetting & need for teacher awareness of encoding process, implications for school learning, 34291
theory of hypnotic involuntariness & social & cognitive theories on automaticity of intentional behavior, 41182
theory of social intelligence & point vs interval activity strategies for cognitive processing & goal setting & behavior & personality traits, 11763
thought listing vs self statement questionnaire, assessment of cognition, high vs moderate vs low test anxious 5th & 6th graders, Netherlands, 34069
thoughts & feelings & language used in writing about coming to college, health center visits & GPA, college freshmen & transfer students, 11274
threats to perceived organizational identity, cognitive responses to threats, members of business schools ranked in Business Week top 20, 1992, 13972
time- & intensity-based factors, information processing load, 20–26 yr olds, Canada, application of factor ratio model, 28635
time of day, cognitive task performance, 10–16 yr olds, India, 15244
time of day, recall of & processing strategies in comprehension of written text, 18–29 yr olds, 6325
timing & focus of verb models & verb acquisition, 2.3–3.6 yr olds, England, 34779
top- & bottom-down use of global vs local knowledge & interaction & organization of discourse, redressive strategies in conflict management, preservice teacher & supervisor, 21963
topical tropicamide with vs without influence of cognitive task, pupillary dilation reflective of capacity for cognitive activation, 31–60 yr olds with multiple sclerosis, 16245
topography & amplitude of slow event-related brain potentials & cognitive tasks with different amounts of load on functionally distinct processing modules, conference presentation, 29435
treatment with 3-nitropropionic acid, frontostriatal pathway integrity as assessed with object retrieval detour task, baboons, model of Huntington's disease, 6658
trimethyltin exposure, learning & memory, male rats, 38086
type of prior processing, correct word retrieval & tip of tongue state, 17–26 vs 64–82 yr olds, 303
types & qualities of knowledge used in problem solving, applications to learning & instruction research, 28838
typical contours, discrimination & recognition of unfamiliar solids, 4–5 yr olds, Scotland, 15212
understanding of pretense & deception in narratives, 3–5 yr olds, Canada, 11382
unilateral vs bilateral presentations of hierarchical stimuli & exposure duration, local vs global processing, adults, 10926
use of animal models in examining age-related changes in medial temporal lobe & frontal lobe systems & cognition, literature review, 29285
use of featural representations in computation of word meaning, college students, Canada, implications for semantic impairments in Alzheimer's disease, 28868
use of proportion score to control for constructional deficits in performance of visual reproduction subtest of Wechsler Memory Scale Revised, patients with Alzheimer's disease, 1580
use of propositions in folk psychology in characterization of propositional attitudes, 17553
utility of electrophysiological & behavioral time-course measures for exploring structural & contextual bases of knowledge representation in semantic memory, literature review, 17925
utility of P300 ERP latency as measurement of normative cognitive aging, meta analysis, 18212
values construction, values structure & motivational types content & values meaning, 10th–12th graders vs college students vs teachers, Portugal, 22551
verb tense & aspect, construction of mental models while reading, college students, Spain, 41560
verbal skills & continuous performance fine motor skills & cognitive tempo as 2nd order dimension of temporal information processing, male adolescents, 34832
verbal working memory load, regional brain activation, adults, 41333
vicarious traumatization as effect of treating rape victims, therapists, application of information processing theory, 36198
viewer- vs object-centered viewing position, mental representations of imagined clock, adults, 28831
visual display configuration & spatial proximity, object counting, 7 & 8 yr olds, England, 3387
visual field-hemisphere differences in error types, recognition of pronounceable vs unpronounceable letter & non-letter symbol trigams, adults, 10963
visual stimuli size & eccentricity, global precedence effect in speed of processing compound stimuli, college students, Australia, 6288
visual vs verbal & own vs other's belief ascription & content vs location tasks, assessment of false belief task performance, low income primarily Black 3–5 yr olds in Project Head Start, 13710
Vygotsky-A. R. Luria neuropsychological approach to structure & development of higher mental executive functions, 5–8 yr olds with intellectual disability, conference presentation, 40150
WAIS-R subtests & identification of cognitive descriptors of Harris-Lingoes psychopathic deviancy subscales of MMPI, male vs female normal adults, Australia, 37440
weaknesses in laboratory procedure for testing hidden covariation detection, college students, commentary reply, 17913
weaknesses in laboratory procedure for testing hidden covariation detection, college students, commentary reply, 17931
word frequency & valence, processing of positive & negative & neutral words, college students, 242
word–nonword anagram problem solving, RT & speed–accuracy decomposition during continuous vs discrete processing, adults, 6342
working memory impairment & phonological loop dysfunction & cognition, normal 18–39 vs 60–80 yr olds vs 52–82 yr olds with dementia of Alzheimer's type, 12583

Cognitive Processing Speed—Serials

age & individual differences in cognitive speed & ability & depression & activity level & health, episodic memory performance, 70–96 yr old men vs women, 34997
age, cognitive processing time & imagery skill & spatial memory span, 8–20 yr olds, 22016
age related cognitive changes & general decline in processing speed, 55–86 yr olds, England, 18654
age related improvement in verbal processing efficiency, performance on dichotic listening tasks, 7.5 yr olds, Israel, 29795
aging, information processing speed & working memory & declarative learning, 17–87 yr olds, 11357
attentional disturbance as seen in processing speed with dual task demands, patients with mild traumatic brain injury, 31748
auditory temporal processing, adults with developmental dyslexia, 31461
background texture gradient, visual search for size & speeded performance, 17–27 yr olds, 6220
clinical validity of Freedom From Distractibility & Processing Speed factors of WISC–III & relationship with other neuropsychological & behavioral measures, 6–16.5 yr olds with ADHD & other disorders, 37453

computer simulated model of neural auditory electrosensory processing in laminar nucleus, barn owls, 6714
construct & discriminant validity, Serial 7s & Alphabet Backwards test of information processing speed, neuropsychiatric (mean age 34.5 yrs) & cardiac transplant patients (mean age 27.9 yrs), 10485
continuous-processing-related ERPs, children with ADHD, 12335
development & normalization of pedicatric version of Consonant Trigrams Test, assessment of divided attention & information processing speed, 9–15 yr olds, Canada, 34045
environmental consequences, alcohol impaired information processing, 19–25 yr old male social drinkers, 38636
evidence against claim of processing speed as mental resource & inhibitory control in cognitive development & age differences in processing capacity, children & adults, conference presentation, 29819
information processing speed, global vs local differences in mental ability, 6335
intelligence & aging & depression & dementia & developmental aspects of models of molar vs latent models of cognitive slowing, 17902
lexical information processing time, older vs younger adults, meta analysis, 29786
mean RTs of cognitive processing, adults with closed head injury, meta analysis, 16323
measurement equivalence & dedifferentiation of factor structures of processing speed measures, 18–24 yr old college students vs 55–80 yr old community residents, 34082
motor & cognitive processing speed, 25–50 yr old patients with chronic fatigue syndrome vs patients with major depression or dysthymia, 38998
one night of sleep deprivation & time of day, performance on letter cancellation task, 20–30 yr old males who are regular, normal sleepers, 34310
processing capacity, recall & recognition dual-task performances, 61–82 yr old adults vs 18–24 yr old undergraduate students, 35008
processing speed & item identification & short term memory, arithmetical difficulties, 7 yr olds, Scotland, 29771
processing speed & working memory, long term memory for performed vs nonperformed activities, older (mean age 67.23 yrs) vs younger (mean age 20.34 yrs) adults, 11341
rate of counting stimuli as indicator of analytic vs global level information processing, autistic vs moderately learning disabled children with verbal MA of 57–116 mo, 19443
reaction time in speed of response selection & stimulus categorization in information processing, 7 vs 12 yr olds, 38303
relationship between mental speed & IQ, 18–53 yr olds, test of singularity vs specificity of mind views, 6333
reliability & validity of cognitive task based on Posner paradigm, assessment of speed & efficiency of nonverbal long term memory retrieval, college students, 21001
research practice issues & theoretical shortcomings in study of role of mental speed in intelligence, 22573
sentences with attitude-value concepts low vs moderate vs high in relatedness & with weak vs strong primes or targets, semantic memory & truth vs falsity judgment & response speed, college students, 17950
simulated test of robustness & applicability of speed accuracy decomposition technique for information processing, 21367
speed of cognitive processing & motor speed & ability to sustain attention & mood, patients with chronic fatigue syndrome, 1508
speed of information processing with nonverbal stimuli, 4–6 yr olds vs young adults, 29801
speed of naming, 4–9.5 yr olds with vs without specific language impairment, 23224
temporal processing impairment & speech production, learning impaired children, 31462
time course & specificity, interpretation of anaphoric noun phrases, college students, UK, 21340
utility of customized simulator with head- & eye-tracking capabilities for research on speeded decision making, college students, conference presentation, 34125
validity of Paced Auditory Serial Addition Task, measure of rate of information processing, 18–35 yr olds vs 45–65 yr olds who completed National Adult Reading Test, 28412
validity of Paced Auditory Serial Addition Test, neuropsychological assessment of attention & concentration & information processing speed, adults with possible closed head injury, 21116
visual stimuli size & eccentricity, global precedence effect in speed of processing compound stimuli, college students, Australia, 6288
word frequency, sequential naming speed & phonological awareness, kindergarten students vs 2nd graders, 22050
working memory capacity & functioning, young vs older Ss, 29769

Cognitive Psychology—Serials

applications of short term & working memory concepts in cognitive psychology, literature review, 10718
automaticity & constructivist & psycholinguistic views of reading acquisition & neurological & cognitive models of phonemic representations, 22034
behaviorism vs cognitivism vs humanism, historical success vs failure in influencing building design, architectural psychology, implications for change, 17473
changeability of life course narratives over time, hermeneutic implications for cognitive psychology & psychoanalysis, 3295
cognitive & psychodynamic conceptions of containment & mental space in psychoanalysis, 16579
cognitive behavioral perspective on irrational beliefs & depressive symptoms, 11–18 yr olds, 11983
cognitive engineering principles, design of computer interface features related to RT & work load & accuracy & preference, college students, 14074
cognitive neuroscience perspective of loose associations & disordered behavior in phenomenology of psychotic experience, adult male, 26512
cognitive psychology & human learning, implications for teaching, literature review, 28877
cognitive psychology in study of delusions, literature review, 19127
cognitive science explanations of hermeneutic psychoanalysis, 12896
cognitive vs environmental contextual causation & multiple causal pathways of behavior & cognitivist vs behaviorist world views & differing emphases in therapy, 17903
computer & cognitive psychology & feminist theory of embodiment & masculine morphology, 17554
contemporary cognitive & neural sciences & traditional pragmatism, 5922
contributions of Dynamical Systems Theory & Autonomous Agents Research behavioral frameworks to cognitive science, 17920
Darwinian view of material existence of mind, status of behaviorist critiques of cognitive theories, 17905
design vs intentional stances & differentiation of 2 theories of concepts in cognitive psychology, 14600
dynamical alternative to classical symbolic processing paradigm in cognitive science, 17906
empirical support for T. Kuhn's accounts of concepts in cognitive psychology, 17882
ethical & philosophical origins of term cognitive or cognitivism in psychology & differences from traditional mentalism, 2458
expertise & professional knowledge, commentary, 6384
extension & augmentation & reconception of models & methods within standard test theory to address a wider range of issues concerning student learning, students, 28594
factor structure & reliability & construct validity of Spatial Learning Ability Test vs Differential Aptitude Battery, college students, 2675
feature film activity in class, understanding & application of cognitive psychology, college students, 5587
implications of cognitive theory & research for ambulatory care education, 33190
implicit learning & tacit memory in cognitive psychology, implications for cognitive psychotherapy, 23723

influence of respective underlying paradigms on theoretical possibility of debate between cognitivists & behaviorists on causal efficacy of human thought, 17930
integration of cognitive & clinical & individual perspectives in autobiographical & recovered memory therapy, literature review, 4739
modern concepts of research in cognitive psychology, Czechoslovakia, 10707
nature of complexity in cognitive & behavioral science, commonsense usage vs information theorists' definition of complexity, 33915
nonconceptual content & perceptual experience & subpersonal computational states, 14585
olfactory memory & its characteristics & current cognitive models, 6363
ontology & epistemology of cognitive & self-efficacy vs operant behaviorist & epiphenomenal theories of human thought, 17884
parallels in historical succession in biological & cognitive theories of adaptation & evolution, 434
professional theory & practice & development of psychological theory of professional knowledge, 6369
proof of ability of computers to think based on human cognition as computer, implications for cognitive science, 14102
science vs philosophy & cognition vs action & role of consciousness & self-consciousness, implications for cognitivist vs behaviorist debate on causal efficacy of human thought, 17932
self-efficacy & social cognitive theory as framework for integration of social & counseling psychology, implications for practitioners, 27840
self-efficacy as valid cause of behavior & effects of debate between cognitivists & behaviorists on psychology teaching & clinical decision making, 17911
social & political context of professional knowledge & behavior, commentary, 6362
structure & assembly & maintenance of cogsci index of pointers to World Wide Web sites pertaining to cognitive & behavioral science, 10249
theories & methodology in cognitive neuropsychology, children with face recognition or language or arithmetical disorders, 26420

Cognitive Rehabilitation—Serials
cognitive rehabilitation, stability of unilateral suppression of REM, patients with right brain damage & left unilateral neglect, 9547
cognitive rehabilitation treatment, alcoholics, literature review, 40159
comprehensive rehabilitation of external cuing, procedural memory retraining, 24 yr old female with dense amnesia, case report, 2052
computer based training in psychiatric rehabilitation & available software, usefulness in group clinical settings, schizophrenic & other patients, Germany, 16951
development of Cognitive Remediation Program, 29–63 yr old inpatients suffering from schizophrenic spectrum disorders, 10-wk followup, conference presentation, 27766
external memory aids & learning strategies & rehabilitation methods for management of memory impairments, brain injured patients, 40156
externally vs internally focused vs compensatory interventions for management of attention & memory disorders, children with traumatic brain injury, 16948
fluoxetine vs nortriptyline, mood & neurological function & functional & cognitive ability & neuropsychological rehabilitation, elderly with poststroke depression, 32698
Frontal/Executive Program of neurocognitive rehabilitation, cognitive flexibility & working memory & planning ability, schizophrenic patients, 33018
game like computerized adaptive training programs, intensity & selectivity aspects of attention, 24–64 yr olds with left or right focal brain damage of vascular etiology, 36152
implementation of cognitive remediation intervention, caregiving reactions & interactions & process of discovering life quality, caregivers & spouses with Alzheimer's disease, 9550
integration of cognitive rehabilitation & psychotherapy, 24–33 yr olds with neuropsychological impairments, 5393
memory rehabilitation, age related declines in memory & cognitive ability, elderly, 5401
neuropsychological & cognitive treatment, reading performance, 6–15 yr olds with dyslexia, .5–2.5 yr followup, Netherlands, 27769
neuropsychological rehabilitation, cognitive functioning, 18–60 yr olds with mild head injury, 27483
protocol analysis for access to cognitive processes during problem solving, application to clinical practice & research in rehabilitation, 27774
psychosocial & sociobiological rehabilitation & cognitive methodology training, research & administrative reform, chronically mentally ill, Spain, 16932
rehabilitation, reacquisition & organization of arithmetical facts in memory, 22 yr old female & 46 yr old male acalculic & aphasic patients, Italy, 13414
strategies for short term memory retraining therapy, 13418
teaching comprehension of mental states of emotion & belief & pretense, generalization to other task domains & effect of unfamiliar materials & progression of spontaneous play, autistic 4–13 yr olds, 32126
treatment duration & pretreatment neurocognitive & behavioral characteristics, learning difficulties, 6–11 yr olds, Chile, 2 yr study, 40153

Cognitive Restructuring—Serials
absorption & cognitive style & paranormal experiences & prediction of hypnotic susceptibility, college students, 18023
cognitive behavioral vs support group, assertion & problem solving & cognitive restructuring vs information giving & social exchanges, 46–83 yr old caregivers of spouse with dementia, 13356
cognitive restructuring interventions for irrational beliefs, 16–18 yr olds with low to moderate self-esteem, 32131
cognitive restructuring vs traditional memory training techniques in development of memory enhancement program, encouragement of positive beliefs about memory function in later life, 65–76 yr olds, 15369
cognitive theory of maladaptive & abusive transactions in family systems & societal & psychotherapist biases & cognitive restructuring, disadvantaged mothers, 32002
computer based cognitive restructuring vs relaxation, rationally mediated self-esteem, 11th & 12th graders with below average self esteem, 18487
delayed vs immediate neutralization of unacceptable thoughts as overt compulsion, anxiety, college students with cognitive bias associated with obsessional complaints, 19822
diagnostic reliability & assessment & design in study of effectiveness of cognitive restructuring, hallucinations & delusions, schizophrenic patients, literature review, 4848
interoceptive vs breathing retraining in cognitive-behavioral treatments, 22–48 yr olds with panic disorder with agoraphobia, 23737
pathological & problem gambling, treatment using imaginal desensitization & cognitive restructuring & adjunctive hypnosis, Australia, 32011
Self-Regulatory Executive Function model of cognitive change for beliefs on emotional distress & affective disorder & stress & attentional bias, 19176
short term 1 hr sessions in cognitive restructuring & coping skills training vs progressive relaxation, female 15–45 yr old rape victims with PTSD, 1–12 mo followups, Spain, 12775

Cognitive Style [See Also Cognitive Complexity, Field Dependence, Impulsiveness, Reflectiveness]—Serials
absorption & cognitive style & paranormal experiences & prediction of hypnotic susceptibility, college students, 18023
academic achievement & sex & field dependence-independence cognitive style, 13–16 yr olds, 37047
acquiescent responding as a cognitive style vs social concern, college students, 35333
age & cognitive style & attitude toward technology, learning performance in vocational training environment, 22–65 yr old train operators, England, 33613

age differences & field dependent vs field independent cognitive styles & social play behavior, 3–5 yr olds, 29933
alexithymia & externally oriented thinking, obese vs nonobese 30–69 yr olds, 26820
architecture of emotion-related memories & repressive coping style, 19–32 yr olds, 17997
attributional style, expression of depressive symptoms, females with bulimia (mean age 22.27 yrs) vs adults with depression (mean age 42.77 yrs), 19482
beliefs about causes of rape & cognitive style & attitudinal correlates of Perceived Causes of Rape Scale, community college students, 35718
biographical accounts of significant life events & changes in integrative complexity, historical figures, commentary, 3935
biographical accounts of significant life events & changes in integrative complexity, historical figures, commentary reply, 3947
case-based instruction, learning responses & approaches, veterinary doctoral students with high vs low levels of self regulation, 17031
categorization & models of cognitive & learning styles, 28876
child abuse & affective variables of anger & empathy & cognitive styles of problem solving & rigidity & dichotomous thinking, White 21–41 yr old physically abusive parents & stepparents, 31253
classification stability & construct validity of revised Learning Style Inventory, college students, 10 wk followup, 10405
classroom behavioral problems arising from misunderstandings of cognitive styles, students of cultural background different from norm of school, 13785
cognitive rigidity, relationship of depression & hopelessness & locus of control & psychoticism & extraversion & suicidal ideation, 30–35 yr old females, India, 1362
cognitive spontaneity & computer anxiety & attitudes toward computer use, 22–53 yr old managers & professionals, 33833
cognitive style & individual EEG alpha differences during information processing, 18–36 yr olds, 28881
cognitive style & information management program & sex & academic performance, college students, 43640
cognitive style & personality traits, 16–18 yr old females vs males, 42085
cognitive style & theoretical orientation, preference for task vs relationship oriented supervision, 25–54 yr old psychology graduate students in predoctoral internship programs, 24438
cognitive style & work context, job performance & turnover, engineers in research & development vs staff functions, 20734
cognitive style vs intelligence, achievement, 11–12 yr old students, 24602
cognitive styles as potentially integrative variables of noncognitive & cognitive domains & role in performance & development, students, 18982
cognitive styles as predictor of school & other kinds of performance, 34240
comorbidity of anxiety & depression, college students with low depression & anxiety & low vs high-risk attributional style, test of helplessness–hopelessness theory, 19135
concepts of heuristic & epistemic competence & heuristic vs algorithmic orientation vs catergory width, college students, 37727
concurrent validity & classification capability of the Perceptual Memory Task, 17–59 yr old former vocational evaluation clients with vs without drivers license, 28484
concurrent validity of Five Factor Personality Model & FIRO-B & Learning Style Questionnaire, managers & employees, 10394
confirmatory factor analysis of cognitive complexity as measured by Role Category Questionnaire compared to cognitive performance measures, college students, 26237
construct validity of cognitive-experiential self theory & development of Rational Experiential Inventory, assessment of intuitive-experiential & analytical-rational thinking styles, college students, 2535
correlation between Kirton Adaption Innovation Inventory, assessment of cognitive style & interpersonal needs professional adults, UK, 40850
cultural bias in assessment of metacognitive skills related to studying, college freshmen, Belgium, 41079
deep & surface learning, production of open learning instructional materials on intercultural communication, business education students, 33451
deep vs elaborative processing vs fact retention learning styles, problem solution based on analogies vs background knowledge, college students, 2840
discrimination of cognitive-social flexibility & crystallized social knowledge/types of intelligence from academic problem solving, 16–19 yr old 12th-graders, 43634
explicit vs implicit teaching & learning styles, word meaning negotiation in picture categorization game, 2.7–5.2 yr olds & their 5.8–7.6 yr old siblings & their mothers, 15242
factor analyses of & determination of overlap between Eysenck Personality Questionnaire & Learning Styles Questionnaire, unpaid volunteers & college students, 5984
family processes & parental behaviors in family discussions, cognitive & problem solving style, anxious vs aggressive vs nonclinic 7–14 yr olds, 22093
framework for addressing emotional needs & cognitive themes & behavioral strategies via rehabilitation counseling, consumers with Cluster B personality disorders, 40151
God-centered & abstract vs concrete cognitive style, workplace attitudes, college students, 2301
heuristic vs algorithmic orientation cognitive styles & optimism & sleeping habits & coping strategies, college students, 11753
impact of having gifted sibling, self perception & learning style, same vs opposite sex gifted 14–18 yr olds & their nongifted 11–21 yr old siblings, 7250
individual differences in cognitive preferences & self-talk & imagery training, psychological skills & golf performance, 29–59 yr old amateur golfers, Australia, 24811
individual differences in learning style & cognitive style & studying approaches & learning preferences, 18–58 yr old business studies students, 33468
individual differences in metacognitive domain knowledge & strategy knowledge & performance & regulation, self-regulated learning, 17955
individual differences in need for cognition, influence of humor in advertising, college students, 3959
instructional strategies using temperament based learning styles, academic achievement, 7th graders, 27966
integrating vs dominating vs obliging vs avoiding conflict styles, effectiveness & fairness & efficiency in role play negotiation with win-win potential, college students, 17525
Interactive Working Groups process-oriented instructional program, learning style & examination performance, medicine & dentistry & biomedical university students, 33427
interpersonal problem-solving &/vs creativity training, self-perceived & interpersonal problem-solving & creative performance & style, 17–55 yr old undergraduates, 21328
interpersonal relationships & perceived empathy & task orientation, business school students matched to supervisors according to cognitive style, 33485
Jungian cognitive style decision making dimensions & values formation, 25–70 yr olds, 11713
k-test strategy type & switching flexibility, prisoners with vs without schizophrenia vs arrested individuals vs brain lesion vs schizophrenia patients vs dyslexics vs students, Norway vs Sweden, 40215
knowledge vs no knowledge of happy outcome & blunter vs monitor coping style, emotional responses to frightening film sequence & its happy ending, 9.6–12.1 yr olds, 41618
learning style & achievement in research methods course, college students, 33464
learning style & orientation of & training & development in learning & work environments, learning outcomes in personnel training & development, 33608
learning style preferences, secondary school teachers & managers, 3 yr study, 33355
learning style, study strategies & outcomes in hypertext reading environments, college students, Netherlands, 5658

learning style, 15–17 yr old school refusers vs 12–16 yr olds in regular attendance, 17176
locus of control & approach to learning & GPA & SAT score, college students, 5656
locus of control & approaches to learning, college students, commentary, 43622
locus of control & approaches to learning, college students, commentary response, 43629
methodological problems in test–retest examination of stability of learning style scores derived from Kolb's Learning Style Inventory, college students, 10 wk followup, 33460
mode of learning & skill level, performance of complex tasks, 19–30 yr old college students, Ireland, 28969
notation variants & performance-specific variables & cultural & cognitive norms as sources of performance expression in analysis of expert performance of Mozart's Piano Sonata K. 282, 15119
objective vs self- vs parent reports of current vs expected vs desired activity levels, 11–16 yr olds with vs without chronic fatigue syndrome & their parents, implications for cognitive distortion, 23255
personal need for vs negative reactions to cognitive structure, vulnerability to occupational stress, female physicians & nurses & other hospital employees, Finland, 20466
personality factors & world view & learning styles & moral orientation, ethical reasoning, male vs female 21–50 yr old law students, 30445
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of subsequent disciplinary adjustment, prison inmates, 2 yr follow up, 17621
psychological distress & intrusive vs avoidant cognitive styles, females with breast cancer, Israel, 36033
qualities & assessment of cognitive style & relation to behavior & physiological measures, 28880
relationship between unconscious defensive process & conscious cognitive style, 21–44 yr old male prison inmates with antisocial personality disorder vs 19–34 yr old male college students, 31157
relationships among critical reasoning & personal goals & general intellectual ability & information-processing style, college students, 43635
role of instructional discourse & cultural schemata in learning, case study of 3rd grade Mexican American male, implications for teacher–student partnership, 33486
scores on Hemispheric Mode Indicator & Myers Briggs Type Indicator, medical students & undergraduates, 30497
secure vs preoccupied vs dismissing vs fearful attachment style & personal cognitive organization, females with anorexia or bulimia, 23205
self-enhancement & self- vs group-serving biases in evaluation of family or university vs others, Japanese vs European Canadian vs Asian Canadian college students, Japan vs Canada, 35272
self-enhancement vs self-criticism & gender & psychological processes in construction of the self, American & Japanese undergraduates, US vs Japan, application of collective constructionist theory, 35274
self esteem & coping style & emotion control & cognitive style, physical & psychological well being, 1st yr college students, 15709

constructivism & social sources of meaning & cognitive integrative perspective for clinical social work practice, 16835
efficacy of cognitive strategy-based instruction vs traditional instruction, 4th graders classified as learning disabled vs gifted vs average, 3 yr study, Canada, 20669
faith experience in patriarchal religion, perception of inequalities & cognitive strategies for empowerment, 18–71 yr old females, 15413
features of time limited cognitive analytic therapy model of psychotherapy, 38-yr-old female with personality problems & mood swings & thoughts of self harm, England, case report, 32304
inductive social skills training vs cognitive-relaxation coping skills, general anger reduction, college students, 19818
intersubjectivity & social microcosm & here & now in support group, nurses, 27904
intervention aiding purported difficulties with closure &/vs construction of complete mental models, recognition of indeterminacy in reasoning with illogical syllogisms, 10 vs 12 yr olds, Australia, 38315
mental imagery in athletics, performance enhancement & arousal regulation & affective & cognitive modification & rehabilitation, research review, 28258
muscle vs cognitive relaxation procedures, patients with borderline hypertension, 24004
psychodynamic approach to case formulation & treatment planning with emphasis on role of conflict & integration of cognitive & behavioral strategies, 24 yr old male, case report, commentary, 32080
running intensity, associative vs dissociative coping strategies, elite middle & long distance runners, 14029
thought self leadership method, job related cognition & behavior & emotion, 22–65 yr old employees, 33664

Cognitive Therapy—Serials
acceptance & change in cognitive behavior therapy, individuals with eating disorders &/or obesity, 19823
addition of cognitive therapy to usual counseling or pharmacological treatment, symptoms, 18–65 yr olds with major depression, England, 12 mo followup, 43000

antipanic medication taper, panic relapse & anger & effect of adding cognitive behavioral therapy, 23–46 yr olds with panic disorder, implications for need for long term drug therapy, 5017
application of cognitive behavior therapy to functional somatic complaints, individuals with chronic fatigue syndrome, 39709
application of cognitive therapy using Islamic & psychological principles in prison reform project, Iran, 24370
assessment & therapy & closure phases of cognitive behavioral treatment of negative reactions to infertility, couples, 9225
attitudes toward cognitive behavioral therapy & antipsychotic medications as sound mental health treatments & endorsement of multiple techniques, psychologists, 20478
behavior & cognitive therapy model for treatment of obsessive compulsive disorder, 32048
behavioral vs cognitive-behavioral interventions & etiology & assessment of excessive nighttime fears, children, 36212
benzodiazepines & exposure-based cognitive behavior therapies as combined therapies for panic disorder, 42895
brief & less intensive cognitive behavioral treatment, maladaptive behavioral & cognitive patterns, 19–57 yr olds with antisocial or borderline personality disorders, 12831
brief cognitive behavioral Primary & Secondary Control Enhancement Training program, elementary school children with mild to moderate depression, 39711
causes of & cognitive & behavioral interventions for treating & preventing violence, youth offenders & victims & witnesses, 26728
characteristics & treatment strategies, cybersex addicts in outpatient community based treatment program for sex offenders, 4735
clinical perspective of prevalence & etiology & explanatory models & cognitive–behavioral treatment & case management issues of chronic fatigue syndrome, literature review, 16728
cognitive & behavioral therapies, child molesters, 13510
cognitive analytic therapy, affective functioning & relationship of dissociative states to violent acts against partners, sexually abused females, 4855
cognitive behavior therapy & weight loss treatment, binge eating & weight gain, obese females with binge eating disorder, 1 yr followup, 23719
cognitive behavior therapy, children with internalized disorders, 16524
cognitive behavior therapy, danger cognitions, adults with agoraphobia vs social phobia, 4856
cognitive behavior therapy, dissociative symptoms & identity disorder, 12836
cognitive behavior therapy, treatment outcome, 22–53 yr olds with obsessive compulsive disorder, 2 yr followup, 36287
cognitive behavior therapy vs progressive relaxation, functional impairment & fatigue & psychological stress outcomes, adults with chronic fatigue syndrome, 23998
cognitive behavior treatment, 70 yr old male & 69 yr old female with panic disorder, case report, 32132
cognitive behavior vs nondirective supportive therapy, sexually abused preschool age children & their non-offending parents, 1 yr followup, 42919
cognitive behavioral approach in therapy, self esteem, depressed clients, 4854
cognitive behavioral approach to group work project, rearrest & protection of physical safety, 16–20 yr old African American & Latino males on probabtion, 23775
cognitive behavioral intervention vs relaxation therapy, symptom reduction, 9–17 yr old depressed outpatients, 8847
cognitive behavioral perspective on multisystems approach to group & family & residential treatment in institutions, juvenile offenders, 24368
cognitive behavioral psychopathological approach to treatment of morbid jealousy, 12829
cognitive-behavioral relapse prevention program, interpersonal problem solving & negative affect regulation, 18–56 yr old males convicted of driving while disqualified, Australia, 36284
cognitive behavioral self help educational program, physical & psychosocial disability & psychological symptoms, 58–83 yr olds with chronic obstructive pulmonary disease, 27531
cognitive-behavioral smoking treatment, smoker vs abstainer self-concepts, smokers, longitudinal study, 5421
cognitive behavioral strategies for enhancing ability to cope with stressful life events, clients suffering from depression, 27203
cognitive behavioral therapy, anxiety & physiological arousal, adults with panic disorder, 8844
cognitive behavioral therapy, depressed frail elderly & patients with mild cognitive impairment, literature review, 32125
cognitive behavioral therapy, development of insight & changes in deviant sexual fantasies & communication & social skills, 34 yr old incarcerated exhibitionist, case report, 24367
cognitive behavioral therapy for panic disorder with or without agoraphobia, 27197
cognitive behavioral therapy, hypochondriasis, 20–53 yr old patients, 23731
cognitive behavioral therapy, salivary & cardiovascular reactivity to high risk binge food, female 18–40 yr olds with bulimia, 12830
cognitive behavioral therapy, treatment outcome & maintenance, 9–13 yr olds with anxiety disorders, 1 yr followup, 36289
cognitive behavioral therapy vs interpersonal psychotherapy vs imipramine vs placebo clinical management, adults with early-onset chronic depression, 39601
cognitive behavioral therapy vs social support group, psychological distress & coping style, newly diagnosed cancer patients (mean age 53.4 yrs), 31946
cognitive behavioral therapy vs supportive psychotherapy, 55 yr olds & older with generalized anxiety disorder, 6 mo followup, 27155
cognitive-behavioral therapy with vs without computer assistance, 25–62 yr olds with panic disorder, US & Australia, 19737
cognitive behavioral treatment model, adult patients with body dysmorphic disorder, 8846
cognitive behavioral treatment, 66-yr-old female with tinnitus, case study, 39888
cognitive behavioral vs brief counseling, reduction in sexually transmitted disease risk behaviors, 18–35 yr old heterosexual public health clinic patients, 3 mo followup, 32119
cognitive behavioral vs nondirective supportive therapy, sexually abused 3–6 yr olds & their parents, erratum, 8754
cognitive behavioral vs nonfocussed intervention, symptoms & outcome, 8–17 yr olds with depression, 32138
cognitive behavioral vs psychodynamic vs systemic therapy approach to case formulation & treatment approach & relevance for psychotherapy integration, 24 yr old male, case report, commentary, 32017
cognitive-behavioral vs spouse-aided therapy, mood & behavioral activity & dysfunctional thoughts & communication, non-maritally distressed depressed adults (mean age 42.2 yrs), Netherlands, 16477
cognitive behavioral vs support group, assertion & problem solving & cognitive restructuring vs information giving & social exchanges, 46–83 yr old caregivers of spouse with dementia, 13356
cognitive-behavioral weight control program, body image before vs during vs after treatment, obese females, 32745
cognitive-behavorial treatment, panic attacks, 28–49 yr olds with schizophrenia & panic disorder, 23720
cognitive bibliotherapy, depressed adults (mean age 71.8 yrs) with a disability, 6 mo followup, 32129
cognitive intervention for delusions in schizophrenia, 27201
cognitive intervention techniques, correction of faulty appraisals of obsessional thoughts, clients with obsessive compulsive disorder, 4851
cognitive or guided mastery therapy, interpersonal problems, adults with panic disorder & agoraphobia, 1 yr followup, 39648
cognitive processing therapy, female with PTSD & history of childhood sexual abuse, case report, 19820

cognitive restructuring interventions for irrational beliefs, 16–18 yr olds with low to moderate self-esteem, 32131
cognitive therapy & HIV-related issues, 34 yr old HIV-positive gay male, case study, 39702
cognitive therapy based on realistic assessment of risks & strategy to minimize them, danger related cognitions about illness, 42–64 yr olds with agoraphobia following physical illness, 1730
cognitive therapy, dysphoria & insight & low level psychotic thinking & recovery time, 19–55 yr old inpatients with acute psychosis, 32122
cognitive therapy, dysphoria & insight & low level psychotic thinking & recovery time, 19–55 yr old inpatients with acute psychosis, commentary, 32128
cognitive therapy, newly diagnosed HIV-positive clients, 20047
cognitive therapy outcome & relapse prevention effectiveness & response prediction in treatment of affective disorders, 1967–95, research review, 8845
cognitive therapy, punishment paranoia, 31 yr old male with schizophrenia, case report, 1731
cognitive therapy targeting inflated responsibility, patients with obsessive compulsive disorder, 23729
cognitive therapy vs relaxation training, changes in panic frequency & anxiety & associated fears, adults with panic disorder, 8804
cognitive vs behavior analytic approaches to cognition in behavior therapy, 32183
cognitive vs interpersonal therapy, treatment outcome, depressed outpatients with avoidant vs obsessive personality, 8748
cognitive–behavioral stress management intervention, dysphoric mood & herpes simplex virus-Type 2 antibody titers, 20–49 yr old symptomatic HIV-seropositive gay males, 10-wk followup, 20051
cognitive–behavioral theory & application to understanding & treating anxiety in youths, implications for application to community-based clinics, 23727
cognitively based approaches & treatment of psychophysiologic disorders & depression & anxiety & work strain, implications for use in managed care environment, 8842
computerized cognitive therapy, 57 yr old male with major depression, 23730
construct validity of cognitive behavioral treatment interventions, intimate & social loneliness, 18–38 yr olds, 12838
constructivist psychotherapy vs traditional cognitive therapy, 16480
continuation of cognitive behavioral therapy, relapse of major depression, 11–17 yr olds in remission, 8840
Coping with Depression course as part of aftercare, relapse & maintenance, clinically depressed psychiatric inpatients or outpatients, 8841
correspondence cognitive behavior therapy vs minimal intervention regarding alcohol misuse & instructions to record drinking, problem drinkers, 6 & 12 mo followups, 24326
delayed vs immediate cognitive behavioral therapy, schema & emotional aspects of jealousy, morbidly jealous patients, England, 8839
development of 8-session group cognitive-behavioral & social support enhancement intervention to reduce HIV/AIDS risk, female prisoners, 33124
dialectical behavior therapy, inpatient hospital days & suicide attempts & treatment attrition, adults with borderline personality disorder & suicidality, 32127
differential diagnosis & cognitive behavioral & pharmacological treatment, individuals with body dysmorphic disorder, 39613
disease course & pharmacologic & cognitive-behavioral therapy, individuals with panic disorder, literature review, 26575
disorder related predictors of success of alprazolam taper to discontinuation with vs without cognitive behavior therapy, patients with panic disorder, 3 & 6 mo followups, commentary, 1813
disorder related predictors of success of alprazolam taper to discontinuation with vs without cognitive behavior therapy, patients with panic disorder, 3 & 6 mo followups, commentary reply, 1804
disorder severity & treatment duration & psychodynamic-interpersonal vs cognitive-behavioral therapy, treatment outcome, depressed patients, replication & extension, 8750
doxapram, induction of panic attacks & hyperventilation partially attenuated by cognitive intervention, 19–39 yr olds with panic disorder, replication, 12925
dream phenomenon & A. T. Beck's cognitive therapy tradition & recent constructivist approaches, critical review, 39707
eating & psychological & family characteristics, females with bulimic disorders who completed vs failed to engage in vs dropped out of individual outpatient cognitive behavior therapy, 32139
effective treatments for late life depression & benefits of cognitive & behavioral therapies, 42961
effectiveness of cognitive behavior therapy with vs without medication, 7–19 yr olds with obsessive compulsive disorder, Australia, 31993
effectiveness of cognitive behavioral marital enrichment program, married couples in church vs nonchurch groups, 12839
effectiveness of inpatient vs outpatient disease & recovery vs cognitive-behavioral group therapy, 27–52 yr olds with personality & substance abuse disorder, 27778
effectiveness of school-based cognitive-behavioral & family centered group intervention, prevention of onset & development of anxiety problems, 7–14 yr olds, Australia, 39644
efficacy of cognitive-behavioral therapy, 55–80 yr olds with panic disorder, 3 mo followup, 12840
efficacy of cognitive therapy approach, 50 yr old female with nonpsychotic morbid jealousy, 12832
emotional stages in grief reaction to death of teammate & cognitive & behavioral strategies available to sport psychology professionals, surviving team members, 36293
evaluation of cognitive-behavioral & community based Psychosexual Treatment Program, sex offenders (mean age 35.9 yrs), 1 yr followup, Australia, 20376
Evaluation of Vermont Department of Corrections' Cognitive Self-Change Program, incarcerated adult male offenders, 20374
extension of cognitive-behavioral therapy past 12 wks, binge eating, adults (mean age 45.2 yrs) with binge eating disorder, 32124
failure to control for concurrent psychotropic therapy, evaluation of effect of cognitive behavior therapy on panic disorder, commentary, 8843
family-based cognitive-behavioral therapy, 9–13 yr olds with anxiety disorders, 4 mo followup, 12866
fluvoxamine &/vs cognitive behavior therapy, patients with panic disorder with vs without agoraphobia, 6 mo followup, 12728
focus of attention in cognitive behavioral treatment, anxiety & self awareness & social performance, social phobics (mean age 34 yrs), 32184
focused vs standard cognitive therapy, 18–65 yr olds with panic disorder, 39701
general principles of cognitive therapy & cognitive therapy units, inpatients, 32134
graded exposure with vs without cognitive therapy vs relaxation training, 18–63 yr olds with panic disorder with agoraphobia, 8781
group cognitive behavioral therapy, poor & minority females with depression, 32118
hand-held computer program adjunct to cognitive behavior therapy, 35 yr old female with panic disorder, 4853
high vs low depression, fluvoxamine or cognitive therapy outcomes, patients with panic disorder, 8 wk followup, 8700
high vs low expectancy of positive outcome of cognitive behavioral group treatment, patients with social phobia, 39708
homework compliance & perceptions of control, posttreatment anxiety, cognitive behavioral therapy clients with social phobia, 4852
imipramine with vs without cognitive therapy, levels of MHPG, patients (mean age 35 yrs) with depressive spectrum disorder, 12 wk study, 23884

implicit learning & tacit memory in cognitive psychology, implications for cognitive psychotherapy, 23723
in vivo cognitive treatment of panic attacks, 39 yr old female inpatient with panic attacks with agoraphobia, Norway, 31083
inclusion of pill-placebo controls, comparative efficacy of cognitive behavior therapy vs pharmacotherapy in treatment of depression & panic disorder, commentary reply, 19691
inclusion of pill-placebo controls, comparative efficacy of cognitive behavior therapy vs pharmacotherapy in treatment of depression and panic disorder, commentary reply, 19692
inclusion of pill-placebo controls, comparative eficacy of cognitive behaviior therapy vs pharmacotherapy in treatment of depression & panic disorder, commentary, 19697
individual & group cognitive therapy, recovery & residual & positive symptoms, 19–55 yr old psychiatric inpatients with acute psychosis, 9 mo follow-up, 32123
individual cognitive behavioral therapy, compliance with medication, adults with schizophrenia, 16525
individual vs group cognitive behavioral therapy &/vs exposure in vivo, patients with generalized social phobia, 3 & 18 mo followups, 4858
integration of behavioral & cognitive & symbolic approaches to foster griefwork, 24 yr old bereaved female with recurrent death related nightmares, 23550
integration of cognitive-behavioral therapy & antidepressants, patients with depression, literature review, 23547
integration of psychodynamic & cognitive behavior & systemic therapeutic modalities for case formulation & treatment planning, 24 yr old male, case report, commentary reply, 32054
integration of psychodynamic & cognitive behavior & systemic therapeutic modalities for case formulation & treatment planning, 24 yr old male, case report, commentary, 32044
integrative theoretical framework for cognitive behavior therapy, patients with anxiety disorders & depression, 16523
interaction between cognitive dysfunction & negative stress as variables in response to cognitive behavioral therapy, outpatients with depression, 39710
internal cohabitation theory & resistance & conflict in patient–therapist collaborative relationship, therapeutic tasks, patients in cognitive behavioral therapy, conference presentation, 39704
interpersonal vs cognitive behavior therapy vs imipramine vs pill placebo & clinical management, specific & common aspects of helpful treatment, 21–60 yr olds with major depressive disorder, 23612
interpersonal vs cognitive behavior therapy vs imipramine vs pill placebo & clinical management, specific & common aspects of problem treatment, 21–60 yr olds with major depressive disorder, 23631
interpersonal vs cognitive behavior therapy vs imipramine vs pill placebo & clinical management, specific & common aspects of helpful & problem treatments, depressed 21–60 yr olds, commentary reply, 23589
interpersonal vs cognitive behavior therapy vs imipramine vs pill placebo & clinical management, specific & common aspects of helpful & problem treatment, depressed 21–60 yr olds, commentary, 23648
lack of access to & services for rural & indigenous & minority groups & attention to empirically validated cognitive behavioral treatment for children with behavioral & emotional problems, Australia, 36291
left-hemisphere advantage for verbal processing & favorable outcome of cognitive therapy, 18–60 yr olds with depression, 19817
long term outcome of cognitive behavior therapy with vs without medication, patients in remission from panic disorder, 19821
Maimonides & the roots of cognitive-behavioral therapy, 39706
manual-based treatment & clinical research application in cognitive behavioral therapy, 1733
medical comorbidity & perceived health, treatment outcomes, patients with panic disorder in cognitive behavior therapy, 22911
medication with vs without supportive psychotherapy vs cognitive therapy, 18–39 yr old females with bulimia, 31545
model for cognitive behavioral therapy, bisexual couples, 32121
model of group cognitive behavioral therapy, coexisting PTSD & substance use disorder, females, 8787
model working with denial as component of cognitive behavioral treatment, acceptance of therapy, sexual offenders, 17011
mood management vs health education in smoking cessation intervention with vs without nicotine gum, mood & withdrawal symptoms, 22–65 yr olds with vs without history of major depressive disorder, 9580
multidimensional cognitive behavioral treatment with vs without hypnosis, public speaking anxiety, 18–56 yr olds, 43226
multimodal cognitive behavior therapy, 40 & 27 yr old female inpatients with borderline personality disorder & self injurious behavior, case report, 42999
multiple self states model & developmental damage classification for borderline personality disorder, 37 yr old female patient, extension of cognitive analytic therapy, 36290
negative bias & factors affecting positive findings in randomized controlled trial of psychotherapy, effectiveness of cognitive behavioral therapy, patients with medically unexplained symptoms, 1923
object relations & social cognitive theory & imagery in self-control program, aggressive adolescents, 12793
optimism training techniques for increasing positive cognitions & self-statements to foster optimism and motivate adaptive behavior, 32133
outcome data for cognitive & cognitive-behavioral therapies, depressed elderly, research review, 12837
patient characteristics, effectiveness of supervised cognitive behavioral self help manual, females with bulimia nervosa, Great Britain, 4849
personality disorder traits & cognitive or guided mastery therapy, symptoms, 20–65 yr olds with panic disorder with moderate or severe agoraphobia, 1-yr follow-up, 32035
pharmacological & cognitive behavioral treatment for treatment resistant panic disorder patients, 27092
pharmacotherapy & education based on cognitive behavior therapy, psychopathic male 38–50 yr old criminals with borderline & antisocial personality disorders, case reports, 5441
predictors associated with treatment response to cognitive-behavioral group therapy, adults with specific or generalized social phobia, 39722
pretreatment reasons for depression, homework compliance & perceived helpfulness & outcome of cognitive therapy vs behavioral activation treatment, depressed clients, 16466
problem solving therapy in cognitive behavior treatment, adaptation to life stress & goal setting & decision making to reduce intensity or prevent onset of depressive symptoms, 4118
psycho-oncology & cognitive behavior therapy & the relationship between psychosocial factors & the etiology or progress of cancer, women with metastatic breast cancer, 39650
psychodynamic vs cognitive behavioral therapy outcomes, literature review, 39638
psychological vs pharmacological treatments for obsessive-compulsive disorder, meta analysis, 19682
psychopathological features & assessment & cognitive behavioral treatment of anxiety disorders, older adults, literature review, 42358
psychosocial effects of outpatient cognitive-behavioral treatment, behavioral outcomes, 18 yr old & older crack cocaine users, 9 mo followup, 5403
quality of psychodynamic–interpersonal vs cognitive–behavioral therapeutic alliance, patients with major depression, 39655

reattribution techniques in cognitive behavioral marital therapy, attributions at episode & behavior & global relationship level, couples, case report, 23766
reconciliation of multimodal & rational emotive behavior therapy, 39703
reconciliation of theories of cognitive analytic therapy with theories of linguistics & semiotics & information processing, comment, 39660
relapse in cognitive behavior therapy, patient with panic disorder arising from preexisting vasovagal reactions to blood injury stimuli, case study, 19225
ritanserin with cognitive behavior therapy, efficacy & safety in reduction of alcohol craving & consumption, alcohol dependent 18–65 yr olds, 16969
role of intentions & meta-awareness in cognitive therapy, 32130
routine clinical care vs cognitive-behavioral treatment for extreme anger, male Vietnam veterans with combat-related PTSD, 18 mo follow-up, 19713
salivary reactivity to high-risk binge food before vs after cognitive-behavioral therapy, females with bulimia (mean age 26 yrs), 31491
school based cognitive behavioral treatment program focusing on cognitive & social skills, aggressive children, Canada, 37137
self-esteem enhancement training, indirect reduction of deviant sexual arousal, male nonfamilial sexual offenders (mean age 36.17 yrs), Canada, 16536
self psychology vs cognitive therapy as models of social work practice, 36231
self vs therapist directed cognitive behavioral therapy with workbook, 25–53 yr olds with panic disorder, 12834
semantics of language & therapeutic elements & structure & techniques of linguistic therapy of evaluation as type of cognitive therapy, 32120
severity of impairment & outcome of cognitive behavioral treatment, adults with social phobia with vs without avoidant personality disorder, erratum, 42996
sexual dysfunction & behavioral & cognitive behavioral interventions, 65 yr olds & older, literature review, 43247
short & long term efficacy of cognitive behavioral group treatment, abdominal complaints & coping strategies & avoidance behavior, irritable bowel syndrome patients, 6 mo to 4 yr followup, 32666
short term cognitive behavioral therapy, hypoactive sexual desire, 28 yr old female with history of sexual molestation, case report, 23721
significance of syndrome & symptom comorbidity approach to assessment & treatment in cognitive behavior therapy, patients with anxiety disorders, 36292
sociocultutal adaptions in cognitive therapy treatment, Malaysia, 32137
structure & construct validity of Therapist Session Intentions, therapist's intentions of cognitive behavioral or psychodynamic interpersonal therapy, 22–61 yr old therapists, 17672
symposium on bridging the barriers between cognitive & behavior analytic approaches in behavior therapy, 32151
symptoms & lying & standing plasma & norepinephrine & heart rate & BP before vs after drug therapy &/vs cognitive behavioral treatment, patients with panic disorder, replication, 12713
theoretical underpinnings of cognitive behavioral therapy & approach to case formulation & treatment planning, 24 yr old male, case report, commentary, 32136
therapeutic orientation, knowledge & attitudes & use of cognitive-behavioral psychotherapy, 23–49 yr old graduate students enrolled in cognitive-behavioral practicum, 36864
therapist competence, improvement with cognitive behavior therapy, patients with dysthymic vs panic vs generalized anxiety disorder, 23728
trauma based treatment for survival of sexual abuse, supportive group therapy & cognitive reframing & social skills training, dually diagnosed mentally ill & substance abusing females, 23724
use of antidepressant therapy & brief cognitive behavior therapy & self help manuals with vs without supervision from nonspecialist therapist, treatment of binge eating problems in primary care, 9350
use of cognitive behavioral techniques vs psychodynamic techniques, borderline outpatients, 12835
use of games & workbooks in cognitive behavioral therapy with elementary school children reluctant to undergo counseling, implications for school counselors, 33571
use of object relations model of cognitive analytic therapy, examination of dysfunctional patterns of work group interaction, hospital managers & surgical unit staff, England, 5542
use of validated & manualized cognitive-behavioral treatments for adult disorders, 36288
verbal interventions in significant psychodynamic-interpersonal vs cognitive-behavioral sessions, therapists & their adult clients, 23559
videotaping as adjunct to cognitive-behavioral therapy, 24–56 yr old methadone-maintained cocaine dependent users, 16981
within-situation safety seeking behaviors & panic related cognitions, adults with panic disorder, implications for cognitive therapy, 4857
1-session cognitive behavioral treatment or comparable waiting period, attentional bias & spider relevant threat beliefs, spider phobics, 32135
12 step vs cognitive behavioral therapy, abstinence & psychosocial functioning, males legally mandated to receive substance abuse treatment, 24321

Cohabitation—Serials

age & assortative mating for similarity of relative body weight prior to marriage & cohabitation, prediction of survival of marriage, engaged couples, followup study, 3022
availability of males & male employment characteristics, age of 1st cohabitation &/vs marriage, Black vs White females, 18860
marital status & number of partnerships, division of housework, adults, England, longitudinal study, 38544
number of cohabiting relationships & sexual interest level & personality characteristics & hormone levels, heterosexual male alcoholic detoxification patients, 4317
relationship between premarital cohabitation & divorce, model of divorce specifying attitudes of pure relationship, 18–49 yr old females, Canada, 11567
role of cohabitation in preparation for marriage & effects on marriage stability, couples, 41876
severity of violent experiences & observations in family of origin, anticipation of violence in familial vs nonfamilial relationships, cohabiting vs married couples, 8123
stability & problems & conflicts & violence, cohabitating lesbian & gay couples, 22381

Cohesion (Group) [See Group Cohesion]

Cohort Analysis—Serials

age-period-cohort analysis of trends in suicide mortality, 20–40 yr old males, 1952–1992, Sweden, 31168
attitudes toward media constructions of Generation X category label, 19–23 yr olds, implications for generational & self identity, 42033
cohort analysis & intervention to reduce HIV transmission, trends in sexual behavior, urban male factory workers & their spouses, Tanzania, longitudinal study, 27603
cohort model theoretical predictions, recognition of gated words, 18–30 vs 59–84 yr olds with vs without Alzheimer's disease, 1598
cross-sectional & cohort & age group formats of suicide rates, 1951–88, US, 8151
diagnosis & short-term course & outcome of illness, patients with affective or nonaffective acute psychosis, 12 mo study, India, 26521
life course & demographic perspective, differentiation of life course experiences & conceptualization of aging for cohorts born in different time periods, conference presentation, 3547

main trends of thought & behavior among the reform generation of young intellectuals in 1980s China, 19–31 yr olds, application of K. Mannheim's generational perspective, 41824
memory & health & aging, 35–80 yr old cohorts, prospective study, 29807
personal attributes & social & physical environments, future aging cohorts of baby boomers born between 1946–65, implications for social work practice, 11516
significant psychiatric disorder & sex & birth cohort & sociodemographic characteristics, probability & timing of 1st marriage, 15–54 yr olds, 11837
specific major mental disorders & criminality, adults born in 1966, 26-yr prospective study, Finland, 42582
trends & issues in aging, baby boom cohorts, 11500
Coitus [See Sexual Intercourse (Human)]
Coitus (Animal) [See Animal Mating Behavior]
Cold Effects—Serials
classically conditioned behavioral treatment, cold elicited peripheral vasospasm, 19–54 yr olds with Raynaud's disease, 12 mo followup, 9223
cold shock before vs after conditioning, associative learning & memory processes, worms, 34381
cold water calorics, EEG changes & eye gaze deviation, 83 yr old female with massive hemisphere CVA exhibiting severe hemispatial neglect, case report, test of arousal hypothesis of neglect, 39562
enzymatic activity of peripheral blood elements & skin vascular temperature response to cold, progress in learning, 6 yr olds, 11377
isolation & adult male presence under cold conditions, potentiation & inhibition of ultrasonic vocalization, 8- & 11–12-day old rat pups, 38043
low vs high distraction & immediate vs delayed rating, memory of cold-pressor pain intensity, undergraduates (mean age 19 yrs), 38057
moderate to extreme cold exposure, thermogenic & respiratory & ultrasonic responses, male rat pups, 38045
psychological & physiological changes in coping with cold, healthy males, 18253
water temperature, acquisition & retention in visible platform task, S100 beta transgenic mice, implications for hippocampal long-term potentiation & depression, 6588
winter pasture use, cattle 3 vs 7–8 yrs old, 18095
Colitis [See Also Ulcerative Colitis]—Serials
clozapine & benztropine induced necrotizing colitis, 36-yr-old male with paranoid schizophrenia & history of upper gastrointestinal complaints, 36507
Coll Ent Exam Bd Scholastic Apt Test—Serials
interstate variation in SAT & ACT scores & positive relation between public expenditures & states student achievement, 9933
local dependence & reliability & quality of original & new SAT scores, 6110
relationship of decline in SAT verbal scores to decline in difficulty of school textbooks, 1919–91, 13747
scores on Scholastic Aptitude Test & screening tests for algebra & calculus & personality traits, prediction of success in calculus, college students, 5657
sex, goals of & performance trends on revised SAT mathematical section, young adults, 28584
spatial skill & math anxiety & math self-confidence as mediators of gender difference in the Mathematics Scholastic Aptitude Test, 13.3–14.8 yr old college-bound students, 37531
Collaboration [See Cooperation]
Collective Behavior [See Also Riots]—Serials
Afrocentric approach to social & psychological services & principles of spirituality & collectivity, African American adolescent males at risk for delinquency, 43473
argument for similarities of motives & goals of A. N. Leontiev & L. S. Vygotsky & Leontiev's use of Vygotsky's ideas to explore human consciousness & collective activity, commentary, 17544
argument for similarity of motives & goals of A. N. Leontiev & L. S. Vygotsky & Leontiev's use of Vygotsky's ideas to explore human consciousness & collective activity, 17540
avoidance & safe wandering basis behavior set following aggregation & dispersion & homing observed in nature, synthesis of group behavior in multiagent systems in simulations & physical mobile robots, 5864
chemical & physical components of sawfly defenses, individual & collective behavior patterns & foraging dynamics, western thatching ants, 14758
collaborative collective bargaining in labor negotiations, manufacturing company, longitudinal study, 10058
collective self-esteem & involvement in religious & ethnic organizations, prejudice toward other groups, 18–24 yr old Arab vs Jewish college students, 7468
collective self-esteem, allocentrism & subjective well-being & life satisfaction, university students, 42008
collectivism, occupational planning & work values, 18–56 yr old Anglo college students, 10037
collectivistic nature of Asian cultures & socialization & acculturation in Asian-American ethnic identity development, Asian-American college students, 3601
cultural individualism/collectivism, physical attractiveness stereotyping, college students, South Korea, comparison with North American data, 41864
descriptive & persuasive & explanatory or creative functions of metaphor, crowd behavior & orientation of early social psychology & interpersonal influence, 19th century, France, 11651
diffusion of competency in collective learning, 10127
dimensionality of individualism & collectivism & authoritarianism, college students, 7608
effectiveness & types & implementation of work teams in organizations, literature review, 17373
establishment of community & government institutions & intergroup competition & cooperation & collective action, evolution of hotel populations around Niagara Falls, 20793
existentialism & social philosophy & psychoanalytic phenomenology of pathogenesis & development of collective egos & relations within & between groups, 15125
expectations of support received from vs given by persons by social categories, adults, Hong Kong vs Turkey vs Greece vs Netherlands vs US, analysis of individualism-collectivism dichotomy, 15434
experiences & emotions & meanings associated with phases of process of self help building, evolution of social relations from individual to collective action, 30394
factor analysis of models of collectivism & individualism varied by ingroup & culture, college students, South Korea vs US, 11547
formation & expression of collective interest in moral & physical well-being of children, 35283
G. Le Bon's crowd psychology & mass manipulation through construction of social categories, 18861
goal specificity & communication & incentives for goal attainment & high vs low cultural collectivism, group performance loss, managers living in city vs on kibbutz, Israel, 22420
group cohesiveness, social loafing & social compensation, secretarial students, 38668
individual vs collective structure of achievement, motive strength, 21–49 yr old employees & students, US vs Netherlands vs Israel vs Hungary vs Japan, 29001
individual vs cultural-level collectivism vs individualism, preferred conversational style, college students, Korea vs Japan vs Hawaii vs mainland US, 7142
individualism vs collectivism in relationships with parents or spouses or kin or friends or coworkers or classmates or neighbors, college students, US vs Mexico, 1027
individualism vs collectivism, self concept, Kenyan vs American college students vs employed Kenyan adults vs Maasai vs Samburu tribe members, Kenya, 35276
intercultural strategic competence, mediation of cultural-based interactive constraints, college student dyads with individualist vs collectivist orientations, 30373
intergroup collective induction, college students, 15585
language priming & retrieval of private & collective self-cognitions, adults with English as 2nd language, Hong Kong, 21966
measurement & development & use of intellectual capital in public sector & non-profit organizations, 40560

neighborhood collective efficacy, violence, neighborhood residents, 41989
organizational mediation of collective identity, New York Lesbian & Gay Film Festival, 3744
pathway vs agentic goal-directed thinking, definitions & self-reports of hope, children & adults, application of developmental model to social & group contexts, instruments appended, 38681
pathway vs agentic goal-directed thinking, definitions & self-reports of hope, children & adults, application of developmental vs other models to social & group contexts, commentary, 38658
perceptions of costs & social benefits of high vs low active groups, functioning & stages of coalition development, community volunteers, 3566
prediction of others' behavior, tacit coordination of actions in collective recall vs group decision making tasks, college students, 7640
prey size, behavior & communication & collective foraging patterns, ants, scavenging decision making model, 29107
procedural constraints, collective decisions in constitutional negotiation, first ministers, Canada, 1981, 7523
productivity & reciprocal influence & generalizability of memory principles in collaborative vs individual recall, college students, 41164
redefinition of collective action frame, Citizens within Ten Mile Radius nuclear opposition group, 3725
relationship between individual difference characteristics & self-reported collectivism & team collectivistic composition & team cooperation & effectiveness, work team members, 43810
self categorization theory of social psychology of determination of collective behavior & social movement mobilization, anti-abortion argumentation, England, 26085
self-enhancement & self- vs group-serving biases in evaluation of family or university vs others, Japanese vs European Canadian vs Asian Canadian college students, Japan vs Canada, 35272
self-enhancement vs self-criticism & gender & psychological processes in construction of the self, American & Japanese undergraduates, US vs Japan, application of collective constructionist theory, 35274
sex & racial/ethnic identity, individualism & collectivism & familism as distinct cultural values, individuals & pairs, 35318
social identity approach to crowd behavior & collective conflict, 7629
spatial contagion in lynchings of & mob violence toward African Americans, 1895–99 & 1905–9 & 1915–19, 31392
structural organization of small group interactions during collective activity in science class, 4th & 5th graders & their teacher, Canada, 43667
validity of ESTCOL Scale, assessment of collectivism structure & relationship to personality, 15–87 yr olds from Estonian cultural subgroups, Estonia & Sweden, 20964
vertical vs horizontal dimensions of individualism-collectivism, preference for reward allocation reform, adults, China, 22236

Collective Unconscious [See Archetypes]

College Academic Achievement—Serials

academic achievement, matriculated vs mature non-matriculated undergraduate admission students, Canada, 5641
academic performance & prevalence of Axis I diagnoses, college students with borderline personality disorder features, 2 yr followup, 31166
academic self-concept & expectations & major & sex & family encouragement, prediction of college GPA & progress, 17–24 yr old Mexican American vs White college students, conference presentation, 28019
achievement in basic science coursework, performance on US Medical Licensing Examination Step 1, medical students, conference presentation, 9731
active learning exercises vs weekly quizzes, performance & knowledge of materials & text, college students in introductory psychology earning grade C or below, 20572
autonomy in classroom, task value & self efficacy & anxiety & intrinsic motivation & performance, college students, 13746
brief solution-focused counseling, college students on academic probation, 10021
classification by combined Verbal & Quantitative GRE scores, prediction of completion of PhD in psychology, graduates of master's level psychology program, 14370
cluster course interdisciplinary teaching method, academic achievement & self-esteem & psychosocial factors, college freshmen, 33437
cognitive style & information management program & sex & academic performance, college students, 43640
conceptual frameworks of at risk & academic invulnerability, 19–22 yr old highly successful Latino undergraduates with parents with differing educational attainment levels, 28008
concurrent validity of the Kaufman Functional Academic Skills Test & the Woodcock-McGrew-Werder Mini-Battery of Achievement & the Wide Range Achievement Test-3, 19–45 yr olds, 40929
coping resources & strategies & test anxiety, exam performance, 18–57 yr old college students, 20603
early college entrance, academic performance & social adjustment, gifted college students, 10001
educational gains & involvement in various college activities, Black college students attending historically Black vs predominantly White institutions, 24646
flexibility as assessed by interpersonal capabilities & dogmatism scales, achievement, college freshmen, 5 yr study, 20592
general well being & academic performance, 17–34 yr olds, 33481
goals & assessment procedures & features & program evaluation methods of college academic assistance program models, 24582
group hypnosis, college midterm & final examination grades, college students, 33471
language proficiency & learning & study strategies, academic achievement measured by GPA & credits earned & withdrawals, freshman international students, 24625
learning style & achievement in research methods course, college students, 33464
perceptions of self-concept & personal motivation & aspiration & academic quality & faculty relations & sociocultural environment, academic performance, Black students at predominantly White college, 13774
performance in clinical clerkships, subsequent performance on Step 2 of US Medical Licensing Examination, medical students, conference presentation, 9690
seating in front vs back of classroom, achievement motivation at semester beginning vs end, college freshmen, 20582
sex, math achievement, 1st yr university math majors, South Africa, 20585
student characteristics & computer attitudes & experience & academic performance, students in psychology course with computer exposure, 9942
subscales of Learning & Study Strategies Inventory, identification of academic success & students with learning & study risks, freshmen in early college entrance program, 10003
thoughts & feelings & language used in writing about coming to college, health center visits & GPA, college freshmen & transfer students, 11274
tutor experience & curriculum structure & prior knowledge, student performance, college students & tutors, Netherlands, 33392
validity of Academic Performance Scale, prediction of college GPA & enrollment status after 2 yrs, college students, 2680
vocational personality & identity & academic achievement & educational satisfaction, music therapy majors, application of J. L. Holland's vocational theory, 5471

College Athletes—Serials

appraisal & coping processes in academically vs athletically stressful situations, college football players, 20625

behavioral & psychological indices of eating disorders including drive for thinness & body satisfaction, male vs female college student nonathletes vs athletes in lean vs nonlean sport, 12417
coaching effectiveness & player perception of feedback, self-fulfilling prophecy, high vs low expectancy 18–23 yr old college basketball players & their 23–41 yr old coaches, 14035
development of questionnaire, measurement of attitudes toward seek sport psychology consultation, 17–23 yr old NCAA division student athletes, 37235
feedback & flexibility of expectancies of players & feedback patterns early vs late in season, coaches of female collegiate basketball team, 17416
identity foreclosure & athletic identity, career maturity, male vs female college level student athletes, 10154
mentoring & athletic participation, occupational plans & psychosocial developmental at termination of college career, male college athletes vs nonathletes, 13790
participative vs assigned vs self set goal setting methods in team's training plans, goal attributes, university track & field athletes, 24803
precompetition anxiety & ability to recall anxiety state before personal best performance in track & field, college track & field athletes, 3 vs 7 mo postseason followup, 40643
precompetitive cognition & affect & resulting performances in wrestling matches, collegiate wrestlers, 5800
psychological variables, 36 yr old female college student athlete, case report, 14032
psychosocial predictors of eating disorders, 14–23 yr old female high school vs college cheerleaders, 4468
seasonal changes in training load, mood disturbance & neuromuscular function as measured with H reflex & anaerobic swimming power, female collegiate swimmers, 21796
state & recalled & precompetition anxiety, sport performance, collegiate track & field athletes, implications for inverted U hypothesis & Zone of Optimal Function theory, 24812

College Degrees [See Educational Degrees]

College Dropouts—Serials

adjustment to new academic & social demands of university environment, decision to withdraw from university, college students, 13793

College Education [See Undergraduate Education]

College Environment—Serials

acute & subjective stress & strain in university vs home activities, 19–29 yr old chronically stressed vs non-stressed female college students, 13788
alcohol policy change & enforcement, campus climate, college students, 37061
attitudes toward lesbian or gay or bisexual employees or students, 21–71 yr old university employees, 7555
characteristics of universities as work environment, occurrence & psychological consequences of & responses to sexual harassment on campus, 8177
construction of Psychological Sense of Community scale & living arrangements & fraternity/sorority membership & school size & extraversion, psychological sense of community on campus, college students, 17702
development & reliability & factor structure of Multicultural Assessment of Campus Programming questionnaire, college students & faculty & administrative staff, 123
development & validation of Cultural Congruity Scale & University Environment Scale, assessment of environment & cultural fit & academic persistence decisions, 17–50 yr old Chicano & Chicana undergraduates, 25105
educational environment preference & Myers Briggs Type Indicator psychological types, 25 yr old & older adult vs 20 yr old & under traditional college students, 28054
educational gains & involvement in various college activities, Black college students attending historically Black vs predominantly White institutions, 24646
high vs low use campus environment, levels of drug & alcohol use & vulnerability to substance misuse, college students, 17209
model for campus-based child care programs & historical factors & campus politics & policies & needs & expectations & physical setting, case study, 35104
perceptions of self-concept & personal motivation & aspiration & academic quality & faculty relations & sociocultural environment, academic performance, Black students at predominantly White college, 13774
personal & demographic characteristics & GPA & level of commitment to university, match of African American students to predominantly White university, 18–25 yr old African American college students, 43669
prior thoughts about campus life & amount & level of satisfaction with campus information, psychological sequelae & transition to university life, level 100 vs level 200 17–48 yr olds, Ghana, 33483
psychoeducational groups for emotional education, college students, 10017
sex & school type, perceived closeness to male vs female professors, college students, 26102
social & interpersonal & educational context, attitudes toward American Indian students, college students, 5670

College Graduates—Serials

assessment of monetary & nonmonetary contributions, university alumni, application of prosocial behavior models, 38698
experienced vs college recruiting hiring practices, staffing professionals, 37168
length of unemployment, effect of social support on self esteem & life satisfaction, unemployed college graduates, Croatia, 3922
preferred environment of private vs large vs other computer vendor industry, potential job satisfaction & motivation & achievement, college students selecting 1st computer information systems job, 9960
trends in advertised employment opportunities, psychology graduates, Australia, 1984–1990, 20430

College Major [See Academic Specialization]

College Students [See Also College Athletes, Education Students, Nursing Students]—Serials

adjustment to new academic & social demands of university environment, decision to withdraw from university, college students, 13793
age & US vs non-US citizenship, M. Weber's Protestant Work Ethic, 17–40 yr old undergraduate & graduate students, 38525
alcohol & other drug use, African American college students at predominantly White university, counseling implications, 5678
alcohol consumption, disinhibition of high risk sexual behavior, college students, implications for HIV prevention, 24064
alcohol drinking patterns & problems & student characteristics & demographics, college students, 30308
alcohol use, college students, Scotland vs US, 18815
argumentativeness, self reports of use of power in classroom, teaching assistants, 20623
attitudes about & desirability of sources of influence in development of moral values, 7th–12th graders & college students, 15 yr study, 22150
attitudes toward helmet use, undergraduate bicyclists, 20832
attitudes toward new ANC-dominated government in South Africa, students in English-medium vs Afrikaans-medium universities, South Africa, 35132
attributional retraining, career beliefs & career exploration behavior, 18–43 yr old college students, 20693
average weekly alcohol consumption, students in 2 yr vs 4 yr colleges, 41960
awareness of & experiences with & responses to sexual harassment from peers vs faculty & expectations of institutional intervention, male vs female college students, Hong Kong, 4295
beliefs about & attitudes toward advertising, undergraduate students (mean age 23.4 yrs), Chile vs US data, 33746
beliefs about exam preparation, 17–45 yr old college students, 33515
brief solution-focused counseling, college students on academic probation, 10021

Brief Symptom Inventory, measurement of current adjustment, female college students vs sexual abuse survivors, 1191
career interventions, construct integration & differentiation in vocational cognitive complexity & number of occupations chosen, college students (mean age 18 yrs), 33593
career related educational concerns, college students with disabilities, implications for career counselors, 22653
changes in sociopolitical orientation, social science vs commerce students, 3 yr followup, Canada, 13775
choice of psychology as career, 18–60 yr old 1st yr college students, Australia, 20619
circumstance & history of past attempts & contemplation of suicide for self or other & religious affiliation, acceptability of suicide, college students, 19293
classroom activity for promotion of knowledge of effects of situational factors on client's communicative success, college students, implications for teaching materials, 24561
control mastery theory & idiographic plan formulation method for assessing plans for college & conscious & unconscious goals & obstructions & attitudes, female college students, 24659
coping & self esteem & academic integration & identification & experiences of disrespect, intention to remain in college, ethnic minority vs nonminority college students, 33517
coping resources & strategies & test anxiety, exam performance, 18–57 yr old college students, 20603
cues affecting intentions & decisions about engaging in sexual intercourse, college students, 22365
cultural bias in assessment of metacognitive skills related to studying, college freshmen, Belgium, 41079
death personifications, college & nursing students, replication, 26256
demographic characteristics & response validity & habitual thinking, college students volunteering for in-class vs after-class experimental data collection, 17782
development & validity & reliability of instrument for measurement of cognitive domain of quality of life, college students, Canada, 14259
development of epistemological beliefs & theories, college students, implications for learning, 37069
development of supportive & educational networking group, college students with mental disorders, 5718
development of taxonomy for problems seen at university counseling centers, staff counselors, 20684
educational & personal & vocational concerns & utilization of university vs nonexpert guidance services, male vs female college students, Nigeria, 24690
ethnicity & sex & previous & intended condom use & attitudes toward condoms vs oral contraceptives, 18–48 yr old college students, 18779
extent & nature of surge of undergraduate psychology majors since early 1980s & strategies & requirements in issue of increased enrollment in major psychology departments, 24517
eyewitness account accuracy examined from signal detection theory framework, male police cadets vs civilian college students, South Korea, 14151
factor structure & structural robustness of College Student Reasons for Living Inventory, college students, 17616
factors in effective literacy tutoring, 1st graders with poor reading ability with college students with poor reading ability serving as tutors, 5643
frequency & nature of mental illness, 17–39 yr old patients of university psychology clinic, Nigeria, 22716
frequency of alcohol use & alcohol related problems & friends' drinking, 16–20 yr old college freshmen, 3 yr study, implications for screening measure use, 23095
gender, attitudes toward animal research, college students, 33289
helmet use, university bicyclists, 20836
high levels of drinking, health enhancing vs health compromising behaviors, college freshmen, 42531
high vs low use campus environment, levels of drug & alcohol use & vulnerability to substance misuse, college students, 17209
impact of student households on physical & social & economic factors of residential communities, incomer & local students & local residents, England, 42020
impact of support group intervention, adjustment & social support, 17–20 yr olds entering their 1st yr at university, Canada, 17264
intergenerational program to promote fitness & caring, college student volunteers & mature adults, 16774
interpersonal characteristics, 18–52 yr old rehabilitation counseling students vs college students with vs without congenital vs acquired disabilities, 15813
involvement in long distance vs geographically proximal romantic relationships, psychological distress & separation related symptoms, college students (mean age 19 yrs), 24649
irrational thinking, academic procrastination, college students, 37060
lecture rate, comprehension & perceived topic importance, college students, 33424
misconceptions regarding stoichiometry & chemical equilibrium, college students, South Africa, cognitive developmental implications for teaching science concepts, 17132
negotiating identities & environments in university life, disabled students, Canada, 4544
perceptions of parents' union attitudes & participation, identification with parents, college students, 26208
perceptions of psychotherapy & psychotherapists, college students, 23594
persistence stories & survival strategies of Cambodian refugee or immigrant college students, US, 33499
personality factors & academic attribution & consumption of alcohol & caffeine & nicotine substance use, academic achievement, college students, 40430
persuasively presented health psychology course, changes in health behavior, college students, 8 mo followup, 20566
physical education values of physical self efficacy & physical fitness & aesthetic & social benefits, male vs female Blacks at historically Black colleges & universities, 9958
preferences & dislikes for various teaching styles, college students, 37058
prior thoughts about campus life & amount & level of satisfaction with campus information, psychological sequelae & transition to university life, level 100 vs level 200 17–48 yr olds, Ghana, 33483
psychometric data & validity of College Student Reasons for Living Inventory, prediction of suicidal risk, male vs female college students, 21076
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary reply, 33504
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33488
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33495
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge & role of relationship between container & contained, 33505
psychotherapy sessions received in university-based counseling, student retention, 20–59 yr old college students, 2 yr study, 37140
role of attitudes vs subjective norms, prediction of sobriety vs moderate vs heavy alcohol use, undergraduates, 18826
scientific knowledge & understanding of personality dimensions, estimation of own extraversion & neuroticism & psychoticism, final yr psychology vs non-psychology students, England, 18939
scores on Adjective Checklist describing engineers vs self, entering engineering freshmen, 20615
self descriptions assessed with Revised Personal Attribute Inventory, college students vs professors, implications for communication, 13789
self-efficacy & safe sexual behavior, female college students, 18797
self esteem, risk behavior & perceived vulnerability to unplanned pregnancy, female college students, 22383

severity & gender & status at university & duration of harassment as predictors of responses to unwanted sexual attention, male & female college students & faculty & staff, 35717
sex & school type, perceived closeness to male vs female professors, college students, 26102
sex & sex-role identification & clarity of purpose & type of major chosen, college seniors, 24645
shyness & academic self-esteem & dysphoria & inhibited career development during late adolescence, 17–25 yr old college students, 37067
transition stress factors & coping strategies over time, 18–19 vs 20–24 vs 25 yr old & older post-secondary students, Canada, 13768
trends in sexually transmitted diseases, university health service patients, 1989–1994, 19493
uncertainty about career decision & involvement in career development activities, declared vs undeclared college students, 5687
undergraduate courses & instruction-related services, graduating senior psychology majors, 33330
wilderness survival skills training during freshman orientation, adjustment to college & college career, college freshmen, longitudinal study, 24559

College Teachers—Serials

caring & service of academics & university rewards & cultural prescriptions & perceptions, female university teachers, Canada, 33343
concerns about being accused by students of inappropriate sexual behavior, university faculty members, 2161
cultural consensus analysis of knowledge & power & experience, perceptions & discussions of breast cancer risk factors, university based vs private practice physicians, 13626
explaining citation counts of professors & associate professors in developmental psychology, US & Canada, 24384
faculty rank & institutional type & attitudes toward teaching & promotion, biology faculty members from institutions of higher learning, 36948
issues relating to intercultural communication, Russian vs American students vs faculty vs administration in Siberian American Department of Management, 17204
model of productivity & rank & yrs in rank & longevity with college as remedy for salary compression, business professors, 17109
number of cites in 1994 Social Sciences Citation Index, social work vs psychology full professors, implications for contribution to academic discourse, 43488
perceived job security, college professors vs white collar vs blue collar workers, 13960
perceptions of occupational stress & involvement in research, full time polytechnic academic staff members, Scotland, 33360
positive video portrayals of disabled persons & disability characteristics of professor, attitudes toward & integration of disabled students in regular classrooms, 18–60 yr old prospective educators, 33487
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33495
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary reply, 33504
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge, commentary, 33488
psychosexual boundary disasters in academic institutions, application of W. R. Bion's theory of psychoanalysis as culturally specific knowledge & role of relationship between container & contained, 33505
rating factors in teacher effectiveness evaluations predictive of teaching effectiveness, private college students, 40931
self descriptions assessed with Revised Personal Attribute Inventory, college students vs professors, implications for communication, 13789
self reported health risks & predictors of health status, university faculty & staff vs general population, implications for employee health promotion programs, 13675
sex & school type, perceived closeness to male vs female professors, college students, 26102
sex, participation in & satisfaction with professional association activities, educational administration faculty, 24544
sex, sense of ability to effect change in students, university teachers, 20511
teaching assessment course using portfolios & authentic performances, preservice college teachers, 36891
university administrative personnel evaluation by subordinate faculty & students, 24542
work vs family related stress & problem vs emotion focused coping styles, male vs female college teachers, India, 2164

Colleges—Serials

Children Youth & Family Consortium, cross disciplinary collaboration between state university & community, 11315
collaboration between medical community hospital & academic institution, development of effective health education strategies & social marketing for effective disease prevention programs, 9308
collaboration between US Air Force & Dept of Veterans Affairs & university psychiatry department regarding inpatient unit, 36763
court opinions & statutes & regulations addressing prosecution & remedy of sexual harassment & institutional liability on historically Black college & university campuses, 14157
degree options & specification in undergraduate psychology program curricula of North Carolina colleges, conference presentation, 33411
ethical themes & guidelines of Ethics Committee of Royal Australian & New Zealand College of Psychiatrists, Australia, 33301
ethical themes & guidelines of Ethics Committee of Royal Australian & New Zealand College of Psychiatrists, Australia, commentary, 33297
models of relationship between research & university teaching, meta analysis, 33325
number of psychology research scholarly journal pages & mentoring & teaching effectiveness measured by number of psychology PhD degrees, liberal arts colleges, 17036
organizational learning perspective for creating effective university–industry alliances, 28126
process of change at Smith College School for Social Work toward becoming anti-racist institution, case report, 1994–1997, 43802
psychoanalytic interpretation of psychodynamics of political correctness & its effect on the university, commentary, 38817
psychoanalytic interpretation of psychodynamics of political correctness & its effect on the university, 38824
psychoanalytic interpretation of psychodynamics of political correctness & its effect on the university, commentary reply, 38825
reactions to university–agency collaboration to study impact of services on clients with severe mental illness & substance use disorders in community mental health center, staff members & clinicians, 32790
strategy & information processing structure of sensemaking context & institutional identity & image, issue interpretation during strategic change, top managers in colleges & universities, 13974
university community collaboration activities regarding policy & research & intervention in field of adolescent development, 11311
university counseling service response to earthquake, 33576

Colombia—Serials

construct of instrument measuring attitudes toward violence, adults, Colombia, 40906
HIV/AIDS training project for prevention education, medical school teachers, Colombia, letter, 36016

Colon Disorders [See Also Colitis, Constipation, Diarrhea, Fecal Incontinence, Irritable Bowel Syndrome]—Serials

assessment of movement behavior, 15–45 yr old females with anorexia nervosa vs bulimia nervosa vs inflammatory bowel disease, Germany, 30680
conceptualization & behavioral treatment of bowel obsessions, 25 yr old male & 69 yr old male, case reports, 23742

experience of predictive genetic testing for familial adenomatous polyposis & level of risk for disease development, desire for continuation of bowel screenings, patients, 4550
factors associated with dissociation, patients with irritable bowel syndrome & inflammatory bowel disease, 8461
premorbid personality correlates & stage of presentation of cancer, male veterans with colon cancer, longitudinal study, 1548
presence of & paroxetine treatment for psychiatric disorder, gastrointestinal symptoms & functional disability, patients with inflammatory bowel disease, 4575
self efficacy, psychosocial adaptation to intestinal stoma surgery, patients with colon cancer vs benign bowel disorders, 5174
use of unconventional therapies & disease related concerns, adults with inflammatory bowel disease, Austria, 12722

Color [See Also Achromatic Color, Hue]—Serials
age & sex, preferences for white & other colors, 15–59 yr olds, Japan vs South Korea vs Taiwan, 15442
axiomatic formulation of cross-context matching & color discrimination & empirical testing of predictability of color discriminant across contexts, Ss, conference presentation, 34098
background color, generalized relational matching of face to faces & names to faces, 4.4–5 yr olds, erratum, 7255
color naming of body vs food related words, female dieters, 10689
color vs lexical relevance, attention related ERP components & processing of irrelevant stimuli in discrimination task, students, 29408
colored vs noncolored versions of absurdities subtest of Stanford-Binet Intelligence Scale & Picture Completion subtest of WISC-III, K–1st & 5th–6th graders, 10373
contribution of color to motion detection, adults, 193
contributions of color & luminance to motion perception, commentary, 191
cross modal correspondence between color & odor, 18–40 yr olds, 2 yr followup, 21232
distance & luminance polarity & contrast of nearby luminance defined flanking boundary, shift in apparent position of color defined target boundary, adults, 6230
environmental affective color cues, processing strategy, college students, Canada, 28888
guidelines for simulation of scenes with color appearance systems on self luminous displays, 17826
healing effects of & color choice in art therapy, Armenian 5–11 yr old earthquake survivors, 36574
impression formation of aggression for target offenders & suspects wearing black vs light colored clothing, college students, 22497
incidental recall of colors, 4.1–4.9 vs 6.3–6.9 vs 8.7–9.3 vs 19–25 yr olds, 3372
innate color preferences & color learning ability in choice of flowers for nectar, pipevine swallowtail butterflies, 34344
linguistic universality in color naming & existence of basic color terms in language, 25654
naming of digits & colors projected to left vs right visual field, adult male with forebrain commissurotomy, 26960
novel color & pyrazine vs other odors of treated food & water, neophobic responses, naive chicks, implications for evolution of warning coloration, 406
partial color vs shape information, ERPs & lateralized readiness potentials during stimulus identification, right handed adults with normal vision, 18214
RTs to brake signals when appearing with red vs yellow turn signals, 20–25 vs 61–73 yr olds, 33802
sex & color coding & level of detail & label placement of maps, wayfinding ability, Ss under 10 to over 60 yrs old, 41638
simultaneous temporal encoding of color & pattern information, monkey striate & prestriate cortical neurons, 21266
stimulus color, spatial dispersion of visual EPs over occipital & inferiotemporal & parietal areas, 34 yr old, 14935
surface vs apparent color match, color constancy, adult males, 21259
temporal codes for color & pattern information in striate & prestriate cortical neurons, monkeys, 21267
test-retest reliability of colored filter testing procedures in treatment of dyslexia, 15–17 yr olds with reading problems, 31463
verbal synesthesia between anger vs envy vs fear vs jealousy & concepts of color, college students, Germany vs Mexico vs Poland vs Russia vs US, conference presentation, 35328
visual threshold response to light intensity & color balance with eyelids open vs closed, attenuation of light transmitted for evaluation of light treatments during sleep, 22–43 yr olds, 188

Color Blindness—Serials
color discrimination & stereoacuity & contrast sensitivity, 24–56 yr old outpatients with Down's syndrome, 39300
molecular genetics of normal & abnormal color vision & molecular biology of visual pigments & regulation of genes at long & mid wave sensitive pigment gene locus, 3027
performance on equiluminous color discrimination clinical computer test, 19–59 yr olds with vs without congenital red-green vision defect, 4722
Standard Pseudoisochromatic Plates-Part 2 vs Part 1, screening for congenital red-green color vision deficiencies, 4–74 yr olds, Canada, 2513
3-dimensional color space reconstruction from color naming task & red-green discrimination measures, protanope vs deuteranope vs normal trichromats, 4728

Color Constancy—Serials
complex vs gray surround, long term memory of color, adults, 25194
computational method for solving of 3 color channels, von Kries type scaling as vehicle for color constancy relative to new coefficient channels, conference presentation, 21246
surface vs apparent color match, color constancy, adult males, 21259

Color Contrast—Serials
figure &/vs ground color incongruity, image combination in short- vs long-term visual memory, 18–33 yr olds, England, 41162
luminance & OSA color contrast, visual acuity, 19–26 yr olds, 14503

Color Perception [See Also Color Constancy, Color Contrast]—Serials
access to semantic information during form & color matching tasks, college students, France, 14525
Aguilar & Stiles scotopic threshold vs illuminance curves in detection & side by side adjustment tasks, rod sensitivity & color matching, adults, 21286
almond vs vanilla odor cues &/vs color cues, taste-avoidance learning of quinine flavored water, male domestic chicks, 37843
attention & sensory modality & speeded detection & intensity & color discrimination & spatial discrimination for auditory & visual targets, 18–46 yr olds, 28725
background color, reversal in sign of monocular chromatic diplopia & binocular chromostereopsis, adults, 6253
biases favoring color white vs color black & favoring light-skinned vs dark-skinned human figures, 5 vs 8 yr old students, Portugal, 34938
block & figure color & display combinations & differing delays, memory of individual features vs feature relations, 3 mo old infants, 7211
boundary information, perception of color & chromatic detection & integration & S-cone discrimination, observers, 34158
color & object naming & discrimination of correct vs incorrect characteristic object color, 3–4 yr olds, England, 7259
color & semantic context in picture vs word stimuli, forward vs backward word reading & translation, bilingual college students, Netherlands, 17929
color & shape of object, RT & selection negativity in ERPs, adults, 41011
color &/vs orientation processing in visual cortical neurons, macaque monkeys, 6696
color matching data & spectral distributions in color vision adaptation to spectral environment, 28734
color perception & imagery, 63 yr old male with achromatopsia secondary to bilateral cerebral infarcts, 12676

color perception vs imagery, 74-yr-old female with achromatopsia following bilateral strokes, case report, 39479
color rejection on MMPI Goldberg Index, indication of explicit rejection of emotionality & global psychopathology, psychiatric patients, 11838
color retrieval cues, verbal overshadowing of visual stimuli, college students, Italy, 37608
color stimulus location, selective processing of visual information, college students, Netherlands, replication & extension, 10645
complex vs gray surround, long term memory of color, adults, 25194
cross modal associations between odor intensity & color lightness, 19–40 yr olds, 25173
culture & language, color sorting, 18–82 yr old speakers of English or Russian or Setswana, 41060
degree of perceptual correlation between form & color during early stages of perceptual analysis, adults, 28741
detection & temporal identification thresholds of red-green vs achromatic stimuli, adults, 25196
discrimination of intensities of black & white & red stimuli, carp, translated article, 29030
flickering vs color-changing unattended surround stimuli, serial recall of color vs location of central stimulus presentation, college students, 28956
illuminants & luminance level, memory vs binocular vs haploscopic methods of viewing CRT vs printed images, adults, implications for study of cross media image comparison, 14500
instrumental responses in discrimination of colors, structure of perceptual color space, male macaques vs carp, implications for comparative neurobiology of humans & animals, 41336
linear separability vs distractor heterogeneity, color visual search, adult males, 28731
luminance & 2-channel chromatic shifts in cone weightings & spectral shape, threshold detection of spectral sensitivity in photopic white background across parafoveal retina, Os, 215
method for segmentation of color geographic map images based on color opponency, conference presentation, 21264
molecular genetics of normal & abnormal color vision & molecular biology of visual pigments & regulation of genes at long & mid wave sensitive pigment gene locus, 3027
motion & color stimuli presented ipsilaterally & contraterally to extrastriate visual cortical area V5 hemifields, EPs measured by magnetoencephalography, 38 yr old male without left primary area V1, 42807
neuronal mechanisms of color categorization responses in visual cortical cells, macaque monkeys, 6697
occupational styrene exposure, peripheral sensorimotor neuropathy & color vision deficits, industrial workers, case reports, implications for biological monitoring, 24791
pattern & color, prediction of contrast threshold sensitivity, Os, 10639
performance on equiluminous color discrimination clinical computer test, 19–59 yr olds with vs without congenital red-green vision defect, 4722
physiology of trichromatic color vision vs polymorphic color vision resulting from pigment gene arrangements on X chromosome, Old vs New World monkeys, letter, 18131
physostigmine vs hyoscine, McCollough pattern contingent color aftereffect as indicator of central neurotransmitter activity, extroverts vs introverts, 29252
prefrontal cortex inferior convexity lesion size, visual pattern association & color matching task performance, monkeys, 34573
recognition of discrepancies in item color in visual field, 16–29 wk olds, 7219
red &/vs green lights in left &/vs right visual field vs retinal midline, apparent motion perception, 43 yr old male with forebrain commissurotomy vs 27 yr old male with posterior callosotomy, 8632
red-green & achromatic flickering stimuli with 2-filter model, detection threshold & temporal-frequency identification performance & prediction of contrast-speed dependency, Os, 34157
remote light adaptation to illumination, perceived subjective color, Ss, 37631
response bias, priming effects in color perception, 25–32 yr olds, 41018
responses of cells of parvocellular & magnocellular systems, dichromatic vs trichromatic marmosets, 25507
retinal anatomy & multistage model of color processing, conceptualization of stages & problem of color/luminance confounding, commentary, 21249
retinal anatomy & multistage model of color processing, conceptualization of stages & problem of color/luminance confounding, commentary reply, 21244
role of color & shape in perceived location of illusory conjuctions prior to location of visual objects, college students, 14520
sensitivity to moving red/green vs luminance-modulated stimuli, 4 vs 9 wk olds vs adults, application of motion nulling model, 3385
simultaneous temporal encoding of color & pattern information, monkey striate & prestriate cortical neurons, 21266
single bar vs geometric form vs same color grid induction, contingent color aftereffects, college students, Canada, implications for associative interpretations, 21240
spatial frequencies, color discrimination & neural pathway function, patients with melanoma associated retinopathy (mean age 61 yrs) vs 30–40 yr olds with night blindness, 14548
spectral lights, visual responses for identification of stimulus determinants of sensitization, 4 mo olds, 29765
Standard Pseudoisochromatic Plates-Part 2 vs Part 1, screening for congenital red-green color vision deficiencies, 4–74 yr olds, Canada, 2513
Stroop interference effects & RT & P3 latencies & amplitudes in color of word identification, adults with vs without PTSD, 31102
temporal codes for color & pattern information in striate & prestriate cortical neurons, monkeys, 21267
test & adapting field in same vs different depth plane, chromatic adapting effect in perception, adults, 2780
transient & sustained form & color nonspatial visual attention, ERP effects, 21–37 yr olds with normal vision, 29410
ultraviolet wavebands, mate choice & hue perception, zebra finches, letter, 6413
unsupervised systems that extract features from databases of reflectance spectra that sample color space modeling properties of human color perception, 21263
use of functional MRI to assess cortical color tuning in areas V1 & V2 of visual cortex, relationship between cortical activity & perceptual color pathways, Ss, 37965
validation of color dependent air traffic control tasks, air traffic control specialists with normal vs abnormal color vision, 14392
valproic acid & phenytoin & carbamazepine, color vision deficiencies, patients with epilepsy taking antiepileptic drugs vs not on antiepileptic drug therapy, 36415
visual search & level at which color detection mechanisms operate, adults, 28746
visual search tasks with color & orientation & motion targets, N2pc component of ERP waveform, neurologically normal 18–30 yr olds, 28711
3-dimensional color space reconstruction from color naming task & red-green discrimination measures, protanope vs deuteranope vs normal trichromats, 4728

Color Pyramid Test [See Projective Personality Measures]

Colostomy—Serials

overirrigation in colonic lavage, sudden onset of acute confusional state secondary to hyponatremia, female 88 yr old, case report, letter, 13173

Coma—Serials

administration of psychotropic dosages, traumatic brain injury patients with negative vs positive blood alcohol level & Glasgow Coma Scores, 16742
sensory stimulation treatment, changes in vegetative state indicative of arousal profile, traumatic brain injury patients, 33026
temporomandibular joint compression as pain stimulus to elicit motor response, comatose patients, 23488

verbal stimuli with emotional content in odd-ball conditioning & extinction, P300 recordings from Pz & Cz & C3 & C4, early-phase traumatic coma patients (mean age 35 yrs), 31879
Combat Experience—Serials
alcohol consumption & dependency, 20–51 yr old combat veterans, Croatia, 31341
background noise, sustained attention through information processing for neutral stimuli, male Vietnam combat veterans with PTSD, 31077
caffeine, combat-stress reaction, soldiers, 26562
cerebral metabolism in neocortex & caudate nucleus & anxiety & panic & PTSD symptoms after yohimbine vs placebo, male Vietnam combat veterans with PTSD, 35650
consequences of Abkhazian war, defensive & affective reactions, male nonwounded vs wounded soldiers vs civilians, Georgia, 20842
consistency of memory for combat-related traumatic events, National Guard veterans of Operation Desert Storm (mean age 29.9 yrs), prospective study, 21449
elevated levels of serum interleukin-1β & changes in immune function, male veterans with combat-related PTSD (mean age 25.6 yrs), 42389
family history of personality or other psychopathology, prediction of combat exposure & predisposition to PTSD, male military veteran with PTSD vs anxiety &/vs depressive disorder, 22908
fluvoxamine, symptoms, 45–57 yr old Vietnam combat veterans with PTSD, 27435
heart rate during group trauma re-exposure therapy & vicarious flooding & substantial physiological arousal, extinction, Vietnam combat-related PTSD inpatients, 32257
hierarchical elaboration in conceptual structures of life events before vs after war & negative combat events, male Vietnam combat veterans with vs without PTSD or other psychiatric disorders, 15989
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary reply, letter, 19228
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary, letter, 19245
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary, letter, 19246
inhibited vs sensitive personality styles, combat & aging & other PTSD stressor intensity, male 60–70 yr old & older combat veterans, 15983
interference for supraliminal vs subliminal trauma material on card vs single item computerized version of Stroop color naming task, combat veterans with PTSD, 12091
Mississippi Scale for Combat-Related PTSD vs MMPI-2 Pk PTSD scale vs Impact of Event Scale, prediction of PTSD, WWII prisoners of war & combat veterans (mean age 71 yrs), 14301
model of severe & chronic combat-related PTSD, Vietnam veterans, 22917
MRI hippocampal volume in combat-related PTSD, male Vietnam Veterans with vs without PTSD, 22893
neutral vs combat-related visual stimuli, ERPs, Israeli combat veterans (mean age 34 yrs) with vs without PTSD, 31058
neutral vs combat-relevant sentences, implicit memory bias for threat during noise judgment task, Vietnam War combat veterans with PTSD (mean age 47.3 yrs), 19223
object relations, inpatient psychiatric treatment outcome, 28–67 yr old males with war trauma & posttraumatic stress disorder, 40137
prewar characteristics & combat exposure & rank & theatre of engagement, postwar mental & physical health, male WWII veterans from Stanford-Terman data archives, 69 yr study, 22652
professional & personal experiences in war zone & after Vietnam War, military nurses, 24486
psychiatric morbidity & combat exposure & premilitary psychiatric history, Somalian veterans, Australia, 38946
psychoanalytic perspective on spirit of brothers in arms & total institution, psychosexual development, adolescent males in Israeli combat unit, 26329
PTSD symptoms & depression & anxiety & clinical assessment, Black vs White male outpatient veterans mean age 46.78 yrs, experimental replication, 35658
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, commentary, 36309
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, commentary reply, 36297
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, 1737
regional cerebral blood flow in limbic & paralimbic regions during perception vs visual imagery of neutral vs negative vs combat related stimuli, male Vietnam combat veterans with vs without PTSD, 35679
reported past air tactical decision making & experience, attentional distribution & tactical decision making, 32–52 yr old military fighter pilots, 2345
serum triiodothyronine & other indicators of thyroid hormone function, combat veterans with PTSD, Israel, 8033
subclinical stress responses, 43 & 62 yr old noncombat veterans, Australia, implications for PTSD, 1313
symptom overreporting, combat veterans seeking compensation for PTSD from VA Medical Center, 26557
traumatic combat related experience & development of PTSD, disease severity, 27 yr old male with Tourette's syndrome, Israel, case report, 27021
type of military service, physical & emotional health, Persian Gulf war deployed women (mean ages 30–34 yrs), 2 yr followup, conference presentation, 26359
war experiences & mental health problems in elderly & involvement of health professionals in administration of war pensions, Britain, letter, 42187
Comfort (Physical) [See Physical Comfort]
Commerce [See Business]
Commercials [See Television Advertising]
Commissioned Officers—Serials
incidence & social correlates of general psychopathology & depression, commissioned vs noncommissioned army officers (mean age 35.6 yrs), Nigeria, 30728
Commissurotomy—Serials
ability of left hemisphere to process spatial information in haptic modality, female split-brain patient, 42782
hemispheric interaction measured by asymmetrical vs symmetrical monocular learning in visual pattern discrimination, split-brain cats, 34559
memory encoding & information retrieval, 42–52 yr olds with callosotomy vs 43–78 yr olds with hippocampal lesions from stroke vs nonbrain damaged 40–70 & 18–25 yr olds, 26991
naming of digits & colors projected to left vs right visual field, adult male with forebrain commissurotomy, 26960
phonologic & syntactic & morphologic language ability & processing following right brain hemispherectomy vs callosotomy, 21617
red &/vs green lights in left &/vs right visual field vs retinal midline, apparent motion perception, 43 yr old male with forebrain commissurotomy vs 27 yr old male with posterior callosotomy, 8632
RT & attentional bias & hemisphere dominance in cue–target light detection task presented in right vs left visual field, 21 yr old male callosotomy patient, 39898
unilateral & bilateral temperature comparisons, 16 yr old split brain patients & 26 yr old acallosal & 18–30 yr olds callosotomized patients, 42815
unilateral vs bilateral stimulus presentation of global vs local letters, hierarchical perception, patients with complete commissurotomy, 19665
Commitment [See Also Organizational Commitment]—Serials
attraction & moral norm & constraining components in conceptual structure of marital commitment, 18–79 yr old married vs divorced vs dating adults, 30126
balancing conflicting family & forensic commitments, forensic experts, 28346
commitment to risky project & size of project & reinvestments, resulting entrapment, venture capitalists, Netherlands, 13965

compensation & public vs private disclosure about allocation decision, escalation of commitment & search for prospective vs retrospective information, college students, 35260
construct validity of Organizational Commitment Questionnaire & Professional Commitment Questionnaire, chartered accountants, UK, 6113
decision strategies designed to reduce escalation of commitment to losing course of action when new products fail, senior-level managers, 20745
dimensionality of J. R. Hollenbeck et al self report measure of goal commitment on computer tasks, college students, 38757
emotional & relational commitment & steady partner relationship, sexual experience, male vs female adolescents, 30287
employee commitment, organizational performance, bank employees, 37206
employee continuance vs affective commitment, organizational vs occupational commitment, lawyers, Canada, test of H. S. Becker's side-bet theory, 37148
extrarelationship intimate involvement & intrarelationship reciprocity & relationship commitment, perceived betrayal in mateships & friendships & coalitions, college students, 11661
factor analysis of passion vs commitment vs intimacy as dimensions of prototypical love & cross correlation with love & attachment styles, adults, 3871

treatment retention, drug abuse patients in outpatient mobile vs fixed-site methadone treatment programs, 24308
tribal characteristics & intervention of tobacco control policies, policy change & collaboration with research institutions, Northwestern Indian tribes, replication, 32910
type of community setting & other patient related factors, risk of readmission, 19–99 yr old psychiatric long stay patients after discharge, 1 yr followup, England, 13393
United Way of Eastern Fairfield County Regional Council for the homeless, homeless delivery services, case report, 30045
use of community support services, quality of life & social integration & global functioning & use of services, seriously mentally ill adults, Canada, 7 yr study, 43396

Community Welfare Services—Serials

attainment & advantages of higher education, females receiving Aid to Families with Dependent Children, 11532
characteristics & goals & of holistically-designed Job Link welfare-to-work program, 27681
client characteristics & diagnosis & drug or alcohol abuse, housing stability, homeless 18–50 yr olds with mental illness in independent housing with rent subsidy vs receiving flexible case management, 2009
Cultural Competence Attainment Model for provision of culturally relevant & effective medical & psychosocial services, child welfare practitioners, 43390
demographic & psychosocial & clinical correlates, continuous vs episodic use & length of stay on Aid to Families with Dependent Children, homeless & poor females, 13319
nature of & problems faced by minsei i'in voluntary community social workers, Japan, 43395
psychiatric risk factors & behavioral problems & treatment strategies, school age inpatients receiving publicly vs privately funded psychiatric care, 32990
research project on development of welfare rights checks for home care clients in social services departments, England, 43365
welfare benefit entitlements, adults with mental health problems, England, 20186

Commuting (Travel)—Serials
carpool priority lane, judgment & preferences to commute alone or carpool, solo drivers vs carpoolers, Netherlands, test of structural solution to social dilemma, 22495
conflict between self-interest vs long term collective interest & judgments regarding decision to commute by car vs public transportation, adults, Netherlands, 10229
personal concerns vs social value orientations vs trust, commuting decisions, adults, Netherlands, interdependence analysis of given vs effective matrixes, 41975
research problems in identifying variables in & model for measuring relationship between commuting stress & moderators, applications for organizational behavior, 33825
Comorbidity—Serials
ADHD & psychiatric comorbidity & family history & adversity, risk for psychoactive substance use disorders, 6–17 yr olds, 4 yr study, 31294
ADHD comorbid with tic disorder, frontocortical activity measured by postimperative negative variation amplitudes, 11 yr olds, 26366
age & sex & comorbidity & drinking history, age of onset of problem drinking & rate of its development, adults, 8262
age & sex distribution & prevalence of comorbid language disorders, 0–17 yr olds in psychiatric center, Denmark, 5 yr study, 35409
age at onset of psychoactive substance use disorder & comorbidy with psychiatric disorders, adults with childhood onset of ADHD, 42615
age of onset & comorbidity, 18 yr olds & older with psychiatric disorders, 15814
alcohol & substance abuse, patients with panic disorder, 26356
alcoholism & comorbid psychiatric disorders, general hospital inpatients, Germany, 4499
anxiety & threat of nuclear war, adolescents in treatment for conduct disorder & depression & learning disabilities, letter, 7798
anxiety &/or depression & treatment dropout rates, inpatients in substance abuse detoxification program, 9566
anxiolytic efficacy of buspirone, patients with generalized anxiety disorder & coexisting mild depressive symptoms, 13052
assessment & design issues in study of variability of comorbidity of psychiatric disorders, 11871
Axis I or Axis II personality disorders, 12–18 yr old inpatients with major depression &/or substance use disorders, 22661
biases in self-description & information processing & schema-consistent illness behavior, depressed & nondepressed persons with rheumatoid arthritis, 35970
bulimia nervosa & obesity, eating disorder symptomatology &/or general psychopathology, White vs Minority adult females, 35945
C. R. Cloninger's temperament dimensions of harm avoidance & novelty seeking & reward dependence, comorbidity of Axis I & Axis II personality disorders, 15–72 yr old outpatients, Italy, 11828
changes in comorbid personality disorders & outcome of time limited behavior therapy for obsessive compulsive disorder, 19–63 yr olds, 27223
childhood & adolescent history of early-onset anxiety disorders or comorbid anxiety & depressive disorders, psychosocial functioning, 18–26 yr olds, prospective study, 35480
childhood physical & sexual abuse, DSM Axis I and II comorbidity, inpatients with dissociative identity disorder, 26383
childhood sexual or physical abuse & neglect & adult adversity & other psychosocial factors, incidence of anxiety &/vs depression, mothers living in inner city, England, 11830
childhood trauma & other developmental adversity & Axis II comorbidity of personality disorder, outpatients with bulimic disorders, Canada, 8424
clinical & demographic & iatrogenic factors & diagnostic reliability & neurological comorbidity, heterogeneity in cognitive function, schizophrenic patients, prospective vs retrospective study, 1282
clinical differences in nature & severity of comorbid psychiatric disorders, 13–19 yr old psychiatrically referred outpatients with vs without substance use disorder, 39219
clinical features & correlates, children & adolescents with panic disorder with vs without agoraphobia, 31064
clinical issues, patients with comorbid panic disorder & drug addiction, conference presentation, 30665
co-occurrence of HIV-spectrum illness & schizophrenia or other psychotic illnesses, 30701
co-occurring vs not co-occurring internalizing & externalizing behavior problems, parental reasoning for clinical referral, 12–16 yr old psychiatric inpatients, 35438
coexistence of Capgras syndrome with erotomania, female 60 yr old, case report, letter, 4064
coexisting cortical basal ganglionic degeneration and Alzheimer's disease, 72-yr-old female with early dementia, case report, letter, 23391
coexisting learning disability & visual disability & definitions & educational eligibility & assessment & intervention issues, students, 35410
comorbid & family psychopathology & early home environment, early onset dysthymic 18–60 yr olds subtyped with H.S. Akiskal's subaffective dysthymia vs character spectrum disorder criteria, 11937
comorbid alcohol & drug abuse, rates of major depressive disorder, relatives of probands, 22773
comorbid alcoholism, course of major depression, patients with both major depression & alcoholism, 5 yr study, 26348
comorbid behavioral & psychiatric disorders, 6–12 yr olds with combined vs inattentive subtype ADHD, 26748
comorbid bulimia & anorexia nervosa & Munchausen's syndrome, female patient, 3992
comorbid conditions, previous treatment with antidepressants or psychotherapy, patients with early onset primary dysthymia without concurrent major depression, 31982
comorbid medical disorders & somatization & depression, self perceptions of health, patients with panic disorder, 12097
comorbid panic & anxiety & eating disorders, 17–40 yr old females, case reports, 42141
comorbid pathological gambling measured by South Oaks Gambling Screen, substance abuse rehabilitation inpatients, treatment implications, 31257
comorbid personality disorder & multimodal treatment outcome, inpatients with major depression, 5359
comorbid personality disorders & symptoms, outcome of behavioral counseling, adult outpatients with cocaine dependence, 42533
comorbid psychiatric symptoms & neurologic abnormalities & use of MRI findings for differentiation, 48-yr-old female with multiple sclerosis & bipolar disorder, case report, letter, 30713
comorbid psychopathology & psychological distress & self esteem & social problems in obesity with vs without binge eating disorder, literature review, 8420
comorbidities & adaptive impairments, clinic referred adults with vs without ADHD diagnosis, 31431
comorbidity & assessment of personality & Axis I disorders, implications for cognitive & behavior therapy, 8073
comorbidity & life stress & duration & severity, social functioning, 18–60 yr olds with episodic depression vs dysthymia with vs without concurrent major depression, 4105
comorbidity & neurologic links & treatment outcomes, patients with panic disorder & depression, 26390
comorbidity & severity at presentation & duration of current episode, disorder persistence, 8–16 yr olds with major depression, England, 30848
comorbidity & treatment resistance & severity of illness, seriously emotionally disturbed 5–19 yr olds with vs without history of combined pharmacotherapy, 32381
comorbidity among anxiety disorders & between anxiety & other mental disorders, male vs female high school students, 42210
comorbidity between sleep disturbance & psychopathology, adults with primary sleep complaint vs psychiatric problems vs community sample, 19096

comorbidity, children & adolescents & adults & elderly with Down's syndrome, literature review, 8402
comorbidity in ADHD & subclassifications of ADHD, literature review, 42604
comorbidity of ADHD & associated psychopathology, 6–12 yr olds with tic disorder, 31618
comorbidity of alcohol & substance abuse with anxiety & mood disorders & borderline personality & schizophrenia & other psychiatric disorders, 4348
comorbidity of behavioral & emotional & cognitive problems, 12–17 yr olds, Netherlands, 38915
comorbidity of dementia & psychiatric disorders, 65 yr olds & older, 38874
comorbidity of depression, Chinese 65 yr olds & older, Singapore, 7914
comorbidity of depressive symptoms & conduct problems & alcohol & drug abuse, 12–21 yr old junior & senior high school students, implications for attempted suicide, 23006
comorbidity of DSM-III-R Axis I & Axis II disorders, 12–18 yr old inpatients with ADHD or conduct disorders or substance use disorders, 35413
comorbidity of DSM-III-R Axis I & II diagnoses, 13–31 yr old female psychiatric inpatients with vs without eating disorders, 12408
comorbidity of major depression & conduct disorder, child & adolescent psychiatric inpatients, 11906
comorbidity of narcissistic personality disorder & pathological narcissism & Axis I disorders & major depression & dysthymia, 1985–95, literature review, 22720
comorbidity of panic attacks & major depression, age of onset, patients with lifetime comorbidity of major depressive disorder & panic attacks, 22692
comorbidity of panic attacks & suicidal ideation & psychopathology, nonclinical undergraduates (mean age 20.1 yrs), 31281
comorbidity of personality disorder, 18–65 yr olds with early vs late onset major depression, 11962
comorbidity of psychiatric disorders, adults seeking treatment for pathological gambling, 4016
comorbidity of schizophrenia & bulimia nervosa, 26- & 30- & 41-yr-old females, case reports, 30662
comorbidity of seasonal depression & dissociative disorders, 31–45 yr old female patients, 1198
comorbidity of substance misuse & mental illness & pharmacological & psychosocial factors in modification of intoxicated or aggressive behavior, psychiatric patients, 42150
comorbidity patterns of panic & other disorders, members of families ascertained for genetic linkage study of bipolar disorder, 38933
comorbidity with conduct disorder or ADHD, patients with bipolar illness, 26473
comorbidity with major depression & health care treatment & cost considerations, generalized anxiety disorder in primary health care, literature review, conference presentation, 35678
comorbidity with other anxiety disorders & depression & remission & relapse & psychotherapy & somatic treatments, male vs female 19–75 yr olds with generalized anxiety disorder, prospective study, 4216
comorbidity with personality disorders, females with bulimia nervosa with vs without depression, Australia, 4436
comorbidity with phobias & other mental disorders & drug abuse, young adults with major vs recurrent brief depressive disorder, 10 yr study, Switzerland, 11938
comorbidity with psychiatric symptoms & disruptive behavior disorders, juveniles (mean age 12.6 yrs) with obsessive-compulsive disorder, 31075
compulsive buying & impulsivity & sensation seeking, depressed inpatients with vs without compulsive buying behavior, 35669
conceptual & applied issues in possible relationship between mental retardation & learning disabilities, implications for educational curricula & instruction & adult services & support, 35888
conceptual framework & methodology for investigation & identification of comorbid depression & medical illness, elderly psychiatric vs medical inpatients vs outpatients vs long term care residents, 7803
conceptual model for understanding comorbid learning & emotional/behavioral disorders & related identification & assessment & intervention issues, students, 35434
concern with appearance of others in variant of body dysmorphic disorder & comorbid obsessive compulsive disorder, 32 yr old female & 39 yr old male, case reports, letter, 31088
concurrent & lifetime psychiatric comorbidity & drug use patterns, 22–58 yr olds in detoxification for benzodiazepine dependence, Canada, 8229
conference recommendations on epidemiology of HIV infection & sexual & drug use risk behavior & risk reduction & transmission prevention & treatment, patients with HIV & severe mental illness, 30686
construct validity of Structured Clinical Interview for DSM-III-R, diagnosis of substance abuse & comorbid psychiatric disorders, substance abusers, 17650
consultation-liaison intervention services, costs & adverse drug reactions & hospitalizations, patients with medical illness & psychiatric comorbidity, research review, 13241
convergence of Child Behavior Checklist scales with DSM-III-R structured interview derived diagnoses, assessment of comorbidity, children & adolescents with major depression &/vs ADHD, 7786
correlation of serotonin dysfunction to persistent eating related psychopathology & comorbid illness, long term weight restored female anorexics, 23211
costs of psychiatric treatment, seriously mentally ill 18–64 yr olds with vs without comorbid substance abuse, 31949
course of eating disorder symptoms & psychopathology & family climate & psychiatric comorbidity & clinical outcome, 16–20 yr old females with bulimia vs anorexia, 2 yr followup, 12406
death due to alcoholic complications, 25 yr old female with anorexia nervosa, case report, 35934
definition & assessment of & intervention for coexisting communication disorders & learning disabilities, children, 35435
demographic & clinical features & medical comorbidities & frequency of Alzheimer's disease, 58–93 yr old African Americans diagnosed with probable or possible or no Alzheimer's disease, 31737
depression & Axis I comorbidity & family psychopathology & autonomy, prediction of self-generated episodic life stress, female 16–19 yr olds, 2 yr study, 30833
depression & bilateral hearing loss, 20–74 yr old Cuban Americans vs Mexican Americans vs Puerto Ricans, 42153
depression course in diabetes, 18–65 yr old diabetic patients, 5 yr followup, 35988
depressive vs conduct vs comorbid disorders, social competence & self-esteem, 8–13 yr old psychiatrically referred youths, 5 yr study, 38870
description & incidence of pseudoseizure status & coincidence with epileptic disorders & occurrence of psychiatric disorders, 17–29 yr old patients, Germany, 35432
diagnosis & comorbidity with Briquet's syndrome & somatization & antisocial personality & substance abuse & other disorders, 18–63 yr olds with borderline personality disorder, US & Italy, 19261
diagnosis & treatment of depression, chronic pain patients, 19516
diagnosis of irritable bowel syndrome, patients with dysthymia, 22780
diagnostic & intervention issues, 8–11 yr old males with comorbid autism & Down's syndrome, reprint, 31421
differential diagnosis of chronic unipolar depresssive disorders, treatment implications with comorbidity of dysthymia & major depression, 22781
differentiating correlates of comorbid psychiatric symptoms, 18–54 yr olds with schizophrenia or schizoaffective disorder & history of substance abuse, 19189
dimensional model of correlation of single occurrence vs comorbidity of depression & anxiety & somatic symptoms, 11840

disorder course, patients with major depression & co-occurring panic or phobia or generalized anxiety disorder, 2 yr study, 39014
dissociative symptoms, female patients with affective psychoses, case report, 30974
dissociative symptoms, 12–45 yr old females with eating or dissociative or comorbid disorders, 30770
distinction between comorbidity of disorders & consanguinity, 11867
diurnal rhythms of basal cortisol & dehydroepiandrosterone, pattern of comorbid diagnoses, 8–16 yr olds with major depression, 22767
DSM-III-R diagnosis of psychiatric disorders, 18–64 yr olds with systemic lupus erythematosus, 16247
dual diagnosis & concurrent treatment of alcoholism & obsessive compulsive disorder, 26 yr old female & 27 yr old male, 19100
dysfunctional cognitions & personality disorders, major depression relapse, inhouse patients postdischarge, 5 yr followup, 35531
eating & psychiatric & personality & autism spectrum disorders & treatment & neurodevelopment & psychology & physical & general outcome, 21 yr olds with anorexia, 6 yr prospective followup, Sweden, 12420
eating disorder diagnoses & predictors of clinical outcome & psychosocial functioning & psychiatric comorbidity, 17.7–28.6 yr olds with anorexia nervosa, 7 yr prospective followup, 12411
ECT, concurrent affective symptoms, patients with primary chronic pain, 13142
ECT, 37 yr old female with schizophrenia & comorbid obsessive compulsive symptoms, letter, 19996
EEG & neuroimaging & psychodiagnostic features, patients with epileptic &/vs nonepileptic seizures, 23248
epidemiology & characteristics & differential diagnosis & diagnostic evaluation & pharmacologic treatment of generalized anxiety disorder & comorbidity with depression, elderly, 8041
epidemiology & comorbidity & etiology & outcome of mania, elderly, literature review, 22798
epidemiology & comorbidity & treatment & symptoms of social phobia, 12093
epidemiology & psychopharmacologic treatment of comorbid anxiety, medical patients, 8494
epidemiology of & comorbidity between affective & anxiety & substance use disorders, 17–65 yr olds, Germany & Switzerland & Puerto Rico & US, 11852
evolution & comorbidity of childhood-onset psychosis, 14 yr old male followed from age 12 with history of problems in behavior & mood & reality testing, case report, 22837
excess comorbidity between affective disorders & alcoholism, families of 17–65 yr old probands hospitalized with nonpsychotic bipolar vs unipolar depression vs alcoholism, Germany, 11851
excess mortality & underrecognition & undertreatment of comorbid medical conditions, psychiatric patients, 1912 & 1934–96, literature review, 27634
familial aggregation of alcoholism, 1st vs 2nd degree relatives of adults with major depression &/or alcohol use disorder, 35468
features of comorbid Tourette's syndrome & autism & bipolar disorder, 15–38 yr olds, case reports, 7800
fluoxetine vs tricyclic antidepressant efficacy & predisposition to side effects, depressed patients with vs without comorbid anxiety, meta analysis, reprint, 5112
form & frequency & course & outcome of common psychological problems & role of comorbidity in disorder recognition & likelihood of receiving treatment, adult primary care patients, 13264
frequency of depression & psychosis, patients with Alzheimer's disease, 12663
frequency of pure culture diagnosis, patients (mean age 40.4 yrs) with anxiety disorder, 31076
frequency of substance abuse & depression & anxiety & phobic & panic & somatization & psychotic & personality disorders comorbid with non-combat PTSD, literature review, 31070
frequency of symptoms & incidence of comorbid major depression & suicide attempt & suicidal ideation, 15–75 yr olds with panic disorder, 13 yr study, Japan, 12098
gender & upper extremity joint impairment & grip strength & comorbidity & psychological status, decline in manual performance, over 60 yr olds, 6-yr study, implications for long-term care needs, 41777
genetic vs environmental factors, comorbid hyperactivity & oppositional & conduct disturbance, same vs mixed sex 8–16 yr old twin pairs-590 06, 11862
guidelines specifying benefit-risk ratios for patients & families, use vs discontinuation of tacrine, elderly with Alzheimer's disease & medical & psychiatric comorbidities, 12 mo study, 5203
health status perception & pain & role functioning due to physical & emotional & social problems, outpatients at clinical liaison psychiatry clinic vs mood disorder clinic, 3996
hereditary spastic paraplegia with comorbid dementia, siblings, Fiji, 12660
history & prevalence & comorbidity & diagnosis of broad bipolar spectrum & DSM-IV biases, 4076
history of conduct disorder & associated psychopathology & family psychiatric history, symptomatology & comorbidity & response to tricyclic antidepressants, patients with major depression, 7931
history of trauma, features & persistance of major depression, adults with agoraphobia or panic disorder with or without agoraphobia or generalized anxiety disorder or social phobia, 5 yr followup, 22920
HIV related risk behavior, adults with severe & persistent mental illness, literature review, 30740
HIV seroprevalence, patients with severe mental illness, US, literature review, 30744
hypothalamic-pituitary-thyroid & hypothalamic-pituitary-adrenal axis association with primary vs secondary depression, 11854
identification & definition of comorbid giftedness & learning disabilities & related educational & intervention issues, students, 35905
imipramine & relapse prevention therapy, depression & amount of drinking, alcoholic 18–65 yr olds with primary depression, 12 wk followup, 9600
impulsivity & anger & suicidality & fear of abandonment symptoms & comorbid anorexia or mania or psychotic symptoms, prediction of multiple hospitalizations, females with borderline personality, 9526
initial laboratory findings, long term physical outcome, 15–36 yr olds with anorexia nervosa, Germany, 12 yr prospective study, 35941
injection drug use & psychiatric comorbidity & needle sharing & sexual high HIV risk behaviors as assessed by relatives, alcoholic probands, 42520
integrated vs conventional services for treatment of co- occurring mental health & substance abuse disorders & provision of housing, dually diagnosed homeless, 36544
internalizing symptoms & severity of hyperactivity, comorbidity, male vs female hyperactive 6–11 yr olds evaluated at attention deficit disorder vs general child psychiatry outpatient clinic, 16128
interpretations of concept of comorbidity & its valid application in psychiatric research, 11868
lack of remorse & antisocial personality disorder, drug abuse patients in residential addictions treatment, 19368
liaison psychiatry service referral for coping problems or depression or noncompliance & complex psychiatric & physical comorbidity issues, 15–64 yr old & older renal medicine inpatients, Australia, 5374
life chart method using semi-structure interview to document lifetime course of disorders, assessment of depressive & other psychiatric comorbidities, patients with anxiety disorders, 4206
lifetime patterns of co-occurrence of alcohol abuse & dependence with psychiatric disorders, 15–54 yr olds, 35422
lifetime prevalence of criminal behavior, 18–78 yr old male psychiatric inpatients with alcoholism, Switzerland, 1397

likelihood of comorbidity of anxiety or depressive or other mental disorder & role of genetic factors associated with personality traits in cause & variation of comorbidity, 11879
limited half life & side effect profile of fluoxetine in treatment of comorbid anxiety & depression, 5094
lithium & carbamazepine, 16 yr old female with comorbid mania & photoconvulsive epilepsy, case report, 32521
measures for screening & diagnosing depression & other psychiatric comorbidity, rural female 20–52 yr olds with substance abuse, implications for psychiatric nursing, 28462
medical & neuropsychiatric manifestations & severe mental illness prior to & as result of HIV infection, patients, 30684
medical comorbidity & perceived health, treatment outcomes, patients with panic disorder in cognitive behavior therapy, 22911
medical comorbidity & schizophrenia, 30679
medical comorbidity in schizophrenia, literature review, 30677
mental disorder diagnosis & symptoms, 14–18 yr old males vs females with alcohol dependence, 42516
methylphenidate, bulimia nervosa comorbid with ADHD, 25 yr old female outpatient, case report, 36504
methylphenidate, glaucoma comorbid with ADHD, 55 yr old male, case report, letter, 36413
mixed anxiety & depression & social & occupational disability & health care utilization, patients with generalized anxiety disorder, 8039
model of group cognitive behavioral therapy, coexisting PTSD & substance use disorder, females, 8787
models of comorbidity & family factors, first degree relatives (mean age 42.2 yrs) of 18–60 yr olds with dysthymic disorder &/vs major depressive disorder, 35522
motivational factors & severity & suicidal & depressive history, 12–54 yr old females with trichotillomania with vs without comorbid self injurious behavior, 23001
need for conceptual & operational definitions of learning disability & possible coexistence of learning disability with other disability & exceptional conditions, 35913
nefazodone, panic attack severity & phobic avoidance & depression & anxiety, panic disorder patients with high degree vs minor depressive comorbidity or generalized anxiety disorder comorbidity, 1809
nefazodone, relief of comorbid anxiety or panic disorder symptoms, depressed 21–75 yr olds, 13082
neurological soft signs & psychosocial factors & comorbid dysfunction, functioning & sensory integration difficulties, children with attention deficit disorder, letter, 8342
neuropsychological test performance & comorbid psychiatric disorders, patients with sudden vs gradual onset chronic fatigue syndrome, 39363
nutritional & biochemical & metabolic abnormalities & psychiatric comorbidity following small intestine transplantation, 27557
observation & weighings & fluoxetine & fluphenazine decanoate & other treatments, vomiting & weight loss, 52 yr old female with chronic schizophrenia & late-onset anorexia nervosa, case report, 39612
obsessive compulsive disorder with vs without tics, male vs female adolescents, 22921
occurrence & effects of personality disorders, depressed inpatients younger vs older than 65 yrs, Canada, 15901
occurrence & type & causes & management of psychiatric manifestations, patients with multiple sclerosis, literature review, 27005
oppositional defiant disorder & conduct disorder & attention deficit disorder, 6–17 yr olds, 4 yr followup, 7785
panic disorder with vs without comorbid disorders, suicide attempt, reanalysis of Epidemiologic Catchment Area Study data, commentary reply, letter, 8054
pathogenesis & medical comorbidity of depression, older patients, 11970
patient & clinician obstacles, diagnosis of anxiety disorders & comorbidity in primary care, conference presentation, 35683
persistence, comorbid phobic disorders, males with moderate to severe alcohol dependence, New Zealand, 4354
pharmacological treatment of comorbid mania & ADHD in children, 9168
phenomenology & comorbidity & traumatic antecedents & treatment history, 18–56 yr old patients with depersonalization disorder, 42425
phenomenology of current symptoms & diagnosis of psychiatric comorbidity, 12–18 yr olds hospitalized for treatment of acute manic episode of bipolar disorder, 7941
plasma tryptophan levels & tryptophan/large neutral amino acid ratios, obsessive-compulsive disorder patients (mean ages 36.42 & 40.67 yrs) with vs without major depression, Italy, 42192
predictors of response to mood stabilizers & alcohol & drug abuse comorbidity, patients with bipolar disorders, 4999
presence of borderline or other personality disorder, outcome of comorbid vs eating symptoms following cognitive behavioral outpatient therapy, patients with bulimia, 3 vs 12 mo followups, 4859
presence of comorbid DSM-III-R Axis I disorder, suicidal ideation & behavior, 15–57 yr olds with panic disorder, Turkey, 39073
presence of dementia or other indications of psychiatric comorbidity, HIV positive asymptomatic patients, 16273
presence of neurosyphilis, 53 yr old female with chronic paranoid schizophrenia, case report, implications for clinical diagnosis, 22855
prevalence & comorbidity & clinical characteristics of panic disorder, completed suicide victims, Finland, 12148
prevalence & cormorbidity of mental disorders, 17–74 yr old male vs female suicide attempters, Finland, 12171
prevalence & correlates of comorbidity between major depressive & other psychiatric disorders, 15–54 yr olds, 11971
prevalence & management & outcome of common psychological disorders, primary care patients, 22712
prevalence & overlap between social phobia &/or avoidant personality disorder & major depression, 18–65 yr old outpatients, conference presentation, 35446
prevalence & pattern of anxiety disorder comorbidity, adult patients with bipolar vs unipolar depression vs dysthymic disorder, 35556
prevalence & risk factors & diagnosis & drug therapy & psychotherapy for comorbid anxiety & depression, 19693
prevalence of ADHD & comorbid conduct disorders, 1st–4th graders with disruptive behavior, implications for intervention research, 19082
prevalence of association of major depression & personality disorders, meta analysis, 1980s to present, 4039
prevalence of comorbid antisocial or borderline or paranoid personality disorders, adult alcohol abusers, 19379
prevalence of comorbid antisocial personality disorder & mood disorders, substance abusing patients, 1 yr followup, 8239
prevalence of comorbid depression, patients with dementia, literature review, 1979–94, 12580
prevalence of DSM-III-R anxiety & affective disorders, opioid addicts receiving methadone maintenance, 24320
prevalence of irritable bowel syndrome, patients with panic disorder, 22899
prevalence of lifetime patterns of comorbidity of obsessive compulsive & other anxiety disorders or depressive disorders, 16–69 yr olds, 26381
prevalence of mental & personality disorders, 14+ yr old suicide victims, Northern Ireland, 39142
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, 39136
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, erratum, 42438
prevalence of personality disorders, patients with obsessive compulsive disorder vs social phobia vs panic disorder & agoraphobia, 12083
prevalence of personality disorders, 18–49 yr olds with neurotic disorders, Egypt, 1318

prevalence of psychiatric comorbidity & outcome & cross over to other eating disorders & changes in clinical features, 10.3–20.9 yr olds with anorexia nervosa, 3 & 7 yr follow up, Germany, 12410
prevalence of psychiatric disorder in hospital wards, 18–82 yr old medical & general surgical & gynecological patients, South Africa, 36771
prevalence of psychiatric disorders, veterans with vs without spinal cord injuries, 1615
prevalence of psychiatric morbidity & psychopathology, 18–60 yr old remanded prisoners who were vs were not in solitary confinement, Denmark, 8298
profile of demographic & clinical variables & comorbid psychopathology, adults with attention deficit & hyperactivity disorder, 19437
proposal to improve ability of treatment staff in specialist mental health & addiction services to recognize comorbid mental & substance misuse disorders, clients, 39988
psychiatric & medical comorbidities & prior & current inpatient vs outpatient treatment, middle aged vs elderly patients with affective disorder in mental health vs medical units, 13258
psychiatric & substance use comorbidity, 20–58 yr old male vs female opioid abusers seeking methadone maintenance treatment, 35797
psychiatric comorbidity & pharmacological properties of hypnotic drugs, insomnia management, conference presentation, 5202
psychiatric comorbidity hypothesis of social skills deficits, learning disabled children, implications for treatment & special education, 12372
psychiatric comorbidity in PTSD, severely maltreated 6–12 yr olds, 16015
psychiatric complications & comorbidities recorded on attestation sheet, medical inpatients, implications for psychiatrists in general hospitals, 4523
psychiatric morbidity & age & sex, suicide risk, adults who made serious suicide attempts, 1344
psychiatric presentation & comorbidity, 32 yr old mother with postpartum depression & bereavement, case report, implications for treatment, 22804
psychiatric symptoms & comorbidity & personality & violent & criminal backgrounds, psychiatric patients in maximum security psychiatric unit, Norway, 8320
psychoactive drug use & psychiatric comorbidity & inclusion of nicotine dependence, adults with ADHD, commentary, letter, 23161
psychopathology & depression, 16 yr old & older females meeting DSM-III-R vs DSM-IV criteria for anorexia &/vs bulimia with vs without history of anorexia, 31496
psychosocial & neurodevelopmental & cognitive correlates & comorbidity of hyperactivity & conduct disturbances, male school children, Hong Kong, 11849
psychotherapy, adjustment disorder & depression & anxiety & other psychiatric disorders & course of cancer & survival time, cancer patients, 13138
PTSD & depression, 23–45 yr old male veterans seeking psychiatric treatment 4–6 yrs after war trauma exposure, Israel, 39076
PTSD & prevalence of previous & subsequent depression & other psychiatric disorders, mothers (mean age 33.1 yrs) of children from study of cognitive & psychiatric outcomes by birth weight level, 35651
quantification & characterization of medical comorbidity, 50–103 yr old Black & White psychiatric inpatients, 38881
recent life events & comorbid axis I disorders, 15–65 yr old suicide victims with vs without personality disorder, 35724
recurrent chest pain syndrome with normal coronary arteries & panic & anxiety disorders & major depression, neuropsychiatric model of diagnosis & treatment, literature review, conference presentation, 35967
referrals by clinical staff to consulting psychiatrist for comorbid psychopathology, diagnosis of DSM-III-R comorbid Axis I or Axis II disorders, substance abusing Ss admitted to detoxification unit, 1390
refractoriness to treatment & adverse effects & noncompliance & comorbid conditions & maintenance issues, antipsychotic treatment of schizophrenia, 27427
relation between anxiety & depression, 11–18 yr olds, Australia, implications for construct of negative affectivity, 35455
relations between depression & drinking behavior, adult male vs female problem drinkers, 3 yr followup, 35820
relationship between depression & anxiety in childhood, 9–11 yr old male vs female elementary school students, 35488
relationship between infantile autism & celiac disease, 2.6–16 yr olds with autism or celiac disease, Italy, 35430
reliability & validity & utility of Addiction Severity Index, 18–55 yr olds with severe & persistent mental illness & concurrent substance abuse disorders, 37463
reliability of MMPI, differentiation of comorbid symptoms, depressed 14–17 yr old inpatients with vs without conduct disorder, 11968
residence & ethnicity & age & sex, comorbid patterns of psychopathology & aggression, urban poor 1st–6th graders, 7873
review of 13 Community Support Program demonstration projects, young adults with severe mental illness & substance abuse disorder, 1987–1991, 27698
risk factors & diagnosis & treatment considerations for depression, patients with serious medical illness, 19696
safety & efficacy of ECT, 85–96 yr olds with concurrent medical & psychiatric disorders, 32626
schizophrenia, clients with learning disabilities, commentary, letter, 30682
schizophrenia, clients with learning disabilities, 26351
sensation seeking, 18–80 yr old probands & relatives with substance abuse &/or anxiety disorders, 30699
sertraline, 17 yr old male with dysmorphophobia & comorbid depression, case report, commentary, implications for relation to obsessive compulsive disorder, letter, 9093
sertraline, 6 & 13 yr old males with Asperger's disorder & anxiety & depression & compulsive behavior, case reports, letter, implications for treatment of pervasive developmental disorders, 31433
severity of detected vs undetected depression & level of functioning & psychiatric comorbidity, depressed primary care vs psychiatric patients, 19170
severity of impairment & outcome of cognitive behavioral treatment, adults with social phobia with vs without avoidant personality disorder, erratum, 42996
sex & demographic & family & developmental factors & psychopathological features & comorbidity & course of illness, patients with obsessive compulsive disorder, 22900
sex, co-occurrence of personality disorders & substance use disorders, 19–37 yr old inpatients, 35417
sex, comorbid obsessive-compulsive symptoms, 6.9–15.8 yr olds with anorexia nervosa or other eating disorders, England, 16185
sex differences in quality of peer relations vs comorbidity vs degree of cross-sex-typed behavior in relation to sex disparity in referral rates for gender identity disorder, males vs females, 35501
sexual assault victimization &/or PTSD, bulimia nervosa, adult females, 35935
sexual problems & PTSD, female crime victims with vs without mental problems, 19092
significance of syndrome & symptom comorbidity approach to assessment & treatment in cognitive behavior therapy, patients with anxiety disorders, 36292
single effects vs comorbidity, 60+ yr old combat veterans with vs without PTSD & major depression, 42206
sociodemographic features & phenomenology & psychiatric comorbidity, 18–58 yr olds reporting compulsive sexual behavior, 22884
somatic symptoms, 12–18 yr old school refusers with comorbid anxiety & depressive disorders, 35451
standardized interpersonal psychotherapy & nortriptyline, treatment outcomes, depressed primary care patients with vs without lifetime anxiety disorders, 12712
stressful life events & pathogenesis of psychological & motor symptoms & psychiatric comorbidity, 33–68 yr olds with stiff man syndrome, 12625

structural equation modeling for assessment of comorbidity of conduct & affective disorders, 15-16 yr olds studied from birth, New Zealand, longitudinal study, 3999
structured psychiatric interview vs polysomnography, diagnosis of psychophysiological insomnia & comorbid psychiatric disorders, 20–40 yr old insomniacs, Italy, conference presentation, 4581
suicidality & psychosocial adjustment predictors of comorbid alcohol & substance abuse, identification of at risk cases, male vs female adolescents with major depression, 7912
susceptibility to dysphoric physical & psychological symptoms, epidemiology of pain & depression comorbidity, 11870
symptom profile & Axis II comorbidity & suicidal behavior, 18–29 yr old males with depressive illnesses, Italy, implications for DSM-III-R nosology, 12004
symptom variables & comorbidity & social impairment, imipramine vs doxepin & supportive psychotherapy outcomes, patients with panic disorder &/or depression, 5 yr prospective follow-up study, 27093
symptomatology & prevalence of intestinal & gastrointestinal complaints, comorbidity with depressive & anxiety & phobic disorders, 20 yr olds, 10 yr study, Switzerland, 7845
symptoms & drug treatment strategies, premenstrual dysphoric disorder & anxiety disorders, literature review, conference presentation, 36000
symptoms & treatment for Irritable Bowel Syndrome & comorbidity & posttraumatic stress & mood & panic & anxiety disorders & brain-gut treatment model, literature review, conference presentation, 36476
thyroid dysfunction & symptom aggravation, 15 yr old male with ADHD, 31427
violent behavior & type & severity & symptoms of psychopathology & substance abuse comorbidity & mental health treatment utilization, mentally ill adults in community vs hospital settings, 30805
1-yr prevalence & comorbidity & genetic correlation of major depression & generalized anxiety disorders, female twins, followup study, 11896

titration method, analysis of learning about brief significant visual cues, male rats, 18083
understandings of visual perception, young chimpanzees vs preschool age children, application of mentalistic vs developmental theories, commentary reply, 18034
understandings of visual perception, young chimpanzees vs preschool age children, application of mentalistic vs developmental theories, commentary, 18033
understandings of visual perception, young chimpanzees vs preschool age children, application of mentalistic vs developmental theories, 18035
understandings of visual perception, young chimpanzees vs preschool age children, application of mentalistic vs developmental theories, commentary, 18037

Compatibility (Interpersonal) [See Interpersonal Compatibility]

Compensatory Education—Serials

integration of special education & compensatory education systems into school reform process & state & national standards development, implications for school psychologists, 20677

Competence [See Also Professional Competence]—Serials

ability, quality & effectiveness of mathematical explanations, high vs medium achieving tutors of learning disabled 2nd–4th graders, 17227
adolescents' level of legal & psychological cognitive competence associated with self-determination in mental health decisions, 43963
attention & information processing impairments & assessment of fitness to drive & driving competence training protocols, patients with traumatic brain injury, 39485
attitudes toward & perceptions of occupational competence of physicians who stutter, nurses, 24488
child maltreatment & age & income, perceptions of competence & motivation & school functioning, 6–11 yr olds, 16004
Chinese vs Malay race &/vs Malaysian vs Singaporean nationality, adding vs averaging cross categorization effects in competence & attractiveness ratings, 15–16 yr old Chinese students, Singapore, 34951
cognitive reactions & active & passive behavioral responses to violence, female adults in verbally aggressive & violent relationships, implications for a competency vs deficit based model, 42458
collaboration & enhancement of professional growth & school intervention approaches in consortium for social competence promotion, school researchers, 5572
competence & adaptive behavior modes of intervention in learning disability services, 27659
competency based career guidance strategies & student career plans, 20694
competency evaluations, patients with dementia &/vs delirium, 27018
concepts of heuristic & epistemic competence & heuristic vs algorithmic orientation vs catergory width, college students, 37727
construct validation approach to problems in competency evaluations, cognitively impaired elderly, 14321
criterion related validity of personality variables & job competence assessed by Occupational Personality Questionnaire, employees, commentary with reply included, 21147
definitions & profiles of competent & well adjusted 8–11 yr olds, 24–58 yr old teachers, Greece, 11456
demographic & disease characteristics & autonomy & lifestyle & past admissions & discharges, legal competency status, 20–91 yr old psychiatric inpatients, Spain, 33003
depressive vs conduct vs comorbid disorders, social competence & self-esteem, 8–13 yr old psychiatrically referred youths, 5 yr study, 38870
developmental changes in competency beliefs & occupational role behavior & control related beliefs, performance, adolescents, literature review, 25875
developmental stage & social environment & psychiatrist & family relationship & information & mental state in psychiatric treatment consent, children & adolescents, commentaries included, 33282
diffusion of competency in collective learning, 10127
ethical difficulties in the assessment of competence of graduate student counselors in training, trainers, Great Britain, 24453
ethical issues of competence & voluntariness in nontherapeutic research, mentally disordered individuals, 38902
everyday cognitive competence in activities of daily living as measure of functional health, nondemented 60–95 yr olds, 7 yr study, 22186

family racial socialization & adoption stressors, ecological competence for Eurocentric vs Africentric group orientation & psychological adjustment, 4 yr old Blacks adopted by Whites, 10 yr study, 18551
gender, double standards reflected in perceived task competence by self & partner, adults in opposite-sex dyads, 15574
guardianship reform & legal issues in assessing mental competency & capacity, Canada, 37341
high vs low incentives for accuracy in more vs less difficult task, social influence of inaccurate confederates, college students, 11680
infant facial attractiveness & age appearance & knowledge of infant's actual age, perceptions of infants' competence & developmental skills, female care providers, 18950
integration of rational emotive behavior therapy's view of self worth & self acceptance with competency model, implications for parents & children & adolescents, 27198
internal working model of self & maternal attachment, competence & social acceptance & adjustment & self esteem, 4.5–6.2 yr olds, Belgium, 18628
intraindividual variability in self-reported locus of control & perceived competence, elderly adults, 41773
issues in assessment of competence, elderly with cognitive impairments, 31871
language comprehension & functional school related competency, 3–10 yr olds with Down's syndrome, New Zealand, 2221
legal issues in & assessment instruments & models of & determination of mental competence, 37334
Mini-Mental State Exam & Brief Psychiatric Rating Scale & Weschler Adult Intelligence Scale, validation of questionnaire to evaluate competency to consent to psychiatric hospitalization, 24979
motivation to perform task well & affective reactions & attributions to failure & self perception & event familiarity as resources for coping with academic failure event, 4th & 5th graders, 37037
nonverbal processing ability & feelings of depression & competence, male vs female 7–11 yr olds, 41620
perceived competence & initial skill level at entry & practice in class & cognitive & learning strategies, achievement during motor skill instruction in volleyball, 6th graders, 9938
perceived scholastic competence & low vs middle vs high academic self concept, 5th–8th graders with learning disabilities, 37100
perceived training adequacy, newly qualified Bachelor of Education vs Postgraduate Certificate of Education trained teachers, England, 20 wk study, 9830
perceptions of competence & subjective task value in the domains of math & reading & instrumental music & sports, male vs female 1st- vs 2nd- vs 4th-graders, 3 yr study, 43675
perceptions of social & cognitive competence & achievement goals & attitudes & help-seeking behavior in math class, 7th & 8th graders, 33510
permissible error approach to the threshold of capacity in property management, individuals judged capable (mean age 69.1 yrs) vs incapable (mean age 75.8 yrs), legal implications, Canada, 33871
physicians' judgment vs Competency Interview Schedule based assessment of competency to make treatment decisions, adults referred for ECT, 2580
physicians judgment vs Competency Interview Schedule based assessment of competency to make treatment decisions, adults referred for ECT, commentary, letter, 25071
predictive validity of Occupational Personality Questionnaire, job competence & performance above & beyond ability measures, managers, UK, 58
predictors of change in sense of competence & continuity in home care, adult caregivers of elderly dementia patients, Netherlands, 40120
preinstructions & notetaking, juror competence, 19–57 yr old jurors, 43946
presence of equally vs less vs more competent partner & feedback, benefits of collaborative problem solving, 6–9 yr olds, 25790
preterm birth & serious neonatal complications, subsequent competence & prevalence of behavior problems, nonhandicapped children assessed at 5–7 vs 7–9 vs 10–12 yrs old, 8489
process of resolving value differences in psychosocial rehabilitation & perspectives on goal setting & rehabilitation process & autonomy & competence, rehabilitation workers & their clients, 33020
purpose of supervision & importance of the supervisory relationship & the development of competence in the process of supervision, 43511
relationship between age & perceived physical competence & self esteem & competitive trait anxiety & competence information sources in sport domain, 8–13 yr olds, 22148
review of evolution of diagnostic assessment of learning disabilities with focus on competence & use of Piagetian to cognitivist framework, 28069
romantic attachment style & global self-esteem & domain-specific self-evaluations of competence, 17–49 yr olds, 22416
satisfaction with competency assessment process & decision making & violation of rights, 17–102 yr old psychiatric clients & significant others, 20911
screening instruments & Mini Mental State Examination vs multidisciplinary panel & team of geriatricians, assessment of capacity to complete advance directives, elderly nursing home residents, 10477
sex, social & social-cognitive & academic & cognitive competence & problem behavior, 10–13 yr olds, Norway, 24641
standardized assessment & evaluation of legal competence & capacity to consent to voluntary hospital admission & ability to understand disclosed information, mental health clinicians & patients, 28349
stereotyped setting of low vs high minimum competency vs ability standards for simulated Black vs White & male vs female job applicant, college students, 22233
strategies for culturally competent application & administration & interpretation of MMPI-2, Chicano or Mexican American clients, case report of female 24 yr old, 34032
supervisee racial identity & supervisor multicultural focus, supervisee multicultural case conceptualization ability & self-reported multicultural competence, 21–58 yr old counselor trainees, 36873
therapeutic approach of gerontopsychiatric day care clinic, health status & cognitive abilities & competence, 44–98 yr olds, 43394
traditional masculinity, hockey violence & its impact on perception of competence by teammates & coaches, 14–16 vs 16–20 yr old hockey players, 7388
validity & internal consistency of observational scale, assessment of child competence & mother–child interaction, low income urban African American 2–30 mo olds & 14.0–42.5 yr old mothers, 10371
validity & reliability of Structured Interview for Competency Incompetency Assessment Testing & Ranking Inventory, 21–80 yr old psychiatric & medical inpatients, 37523
validity & use of tool for identification of learning potential & executive competencies, lower & middle & senior level international executives, 24746

Competence (Social) [See Social Skills]

Competency to Stand Trial—Serials

awareness of mental illness & current symptoms, competency to stand trial & willingness to use the insanity defense, inpatients with psychotic disorders (mean age 35.47), 28360
correlation of S. A. Smith & R. L. Hudson's legal terms vs Competency Screening Test, prediction of competency to stand trial, defendants with mental retardation, 17669
criminal code changes, remands & assessments of fitness to stand trial & criminal responsibility, defendants remanded for evaluation over 2 yr period, Canada, 40747
demographic vs clinical variables, variance in fitness to stand trial assessments, adults, Canada, 33870
disorderly conduct & incompetency to stand trial, mental health treatment & criminal punishment, defendants charged with disorderly conduct, 2 yr study, 31269
incompetency & restoration to competency, comprehension of legally relevant information, criminal defendants, 12291

institution-based evaluations vs the Fitness Interview Test-Revised, ability to stand trial, male defendants (mean age 33.49 yrs), Canada, 40910
issues of mental health law in juvenile trial competence, male 10 yr old with ADHD charged with grand larceny, case report, 24937
opinions on Oklahoma's referral & criminal competency issues & quality of mental health professionals' evaluations, attorneys & judges, 10299
past & future trends in pretrial clinical evaluations for competence to stand trial & criminal responsibility, 14146
reliability & interscorer agreement & validity of MacArther Structured Assessment of the Competencies of Criminal Defendants, 18–65 yr old competent vs incompetent male criminal defendants, 28482
stability of factor structure of Georgia Court Competency Test, mentally disordered offenders (mean age 33.02 yrs), 28514
statutory & common law criteria, assessment of reasoned evaluation & communication of case in fitness to stand trial evaluations, accused persons, 10293
Supreme Court decision on competence to stand trial & plead guilty & waive counsel, mentally disabled criminal defendants, 5890
validity of symptom validity testing as neuropsychological assessment of remote memory, 25 & 31 & 47 yr old males evaluated for competency to stand trial, 6070

Competition—Serials

age & body mass & androgen & corticosteroid levels, reproductive competition, territorial vs subordinate male alpine marmots, 21525
aggressive competition for reproduction in queenright & queenless colonies & formation of dominance hierarchies, slave-making ant workers, 37880
attitudes regarding work ethic & achievement motivation & competitiveness & money & savings & correlation with national wealth, students from developed vs underdeveloped nations, 7460
brood size, subsequent competition for food or mate, zebra finch adult offspring, 29105
circumscribed vs global dyadic accuracy of perceptions of competitiveness & extraversion & rivalry, male fraternity members, 3815
classification system for anxiety inducing competitive game situations, university & regional basketball vs field vs ice hockey vs soccer athletes, 17411
cognitive & somatic anxiety & self confidence & physiological arousal, competitive performance, male college golfers, test of catastrophe vs multidimensional anxiety models, 33721
cognitive analysis & life cycles & competitive positioning & enactment & structures, industries & markets, literature review, 37209
commercial duration & serial position & level of advertising competition in TV advertising blocks, brand name recall, adult consumers, 33773
competition & costs of female social & locational transfer, group living Old & New World anthropoid primates, 394
competitiveness & competitive orientation & trait sport confidence, outcome self efficacy & goal vs win importance, male 19–54 yr old marathon runners, Philippines, 40645
conceptual framework of competitive marketing strategy that focuses on consumer decision rules & strategies, 14063
confidence before vs during putting in medal vs match play, putting performance, golfers, 17415
cooperation & competition & individualism, 25 peaceful societies, 18945
cooperation in intergroup vs 2- vs 4-person games of chicken, male undergraduates, Israel, 35198
cooperative vs competitive learning, 20588
displacement strategies used in food competition with red deer, fallow deer, 6474
dominance hierarchy & intramale competition &/vs female mate choice, mount series interruptions, male rhesus macaques, 405
dyadic negotiation or competition in potential conflict situations, friendship continuation, 8-yr-olds, 41707
ego & task orientation goals & perceived ability, cognitive & somatic anxiety & confidence, 10–18 yr old athletes prior to fencing tournament, 24804
embeddedness & competition & structure of organizational networks & economic action, CEOs & other staff of apparel organizations, 33691
establishment of community & government institutions & intergroup competition & cooperation & collective action, evolution of hotel populations around Niagara Falls, 20793
experimental stream channel with differing food availability & unequal competitors ideal free distribution model, foraging site selection, juvenile coho salmon, 21553
foraging competition & preferred vs less preferred resource availability, food choice & foraging rate, pigeons, implications for learning, 29170
genotypic & gender influences, cooperation & competition with unfamiliar partners, 8–11.7 yr old monozygotic vs dizygotic twins, 7369
group size of unattached satellite males clustered around nesting sites, competition for fertilizations with females, horseshoe crabs, 375
intensity & direction of cognitive & somatic dimensions of competitive state anxiety, performance, male college basketball players, 33724
internal formal competition, quality control in sorting & loading of packages, package delivery company employees, 5752
interspecific dominance rank, novel food source locating, subordinate fork-tailed emerald vs dominant steely vented hummingbirds, 424
issues of integration & inclusion in disability sport & Paralympic movement, 30708
mate-guarding & frequent copulation, pied flycatcher, Norway, 37861
memory for & experience of differential competitive behavior in interindividual vs intergroup relations, college students, 11654
motives related to competition & affiliation & achievement, prediction of degree of sports involvement, male vs female 9th graders participating in team sports, 40647
naturally occurring infanticide of unrelated pups, mother ground squirrels, application of resource exploitation hypothesis of infanticide as way to gain nutritional benefit for own offspring, 6539
number of intruding zebrafish, competitive tactics in defense of food source with adjustments for benefits & costs, giant danio fish, 2953
outcome-based incentive compensation & moderating effects of competition & customer profile & supervisory monitoring, sales & customer satisfaction & profit, retail department stores, 24763
outcomes framed as loss vs gain, cooperation in 2-person social dilemma, college students with cooperative vs individualistic vs competitive motive, Netherlands, 30423
own vs partner's cooperation vs competition vs individualism social value orientations & negotiator strategies & outcomes, college students, 3761
patterns of competitive vs territorial fighting, rats, 369
pay-off structure & partner's frame & instruction set & no-settlement, frame-outcome relationship, college students, 35212
perceptions of achievement motivation & informal social & formal competition, college students, implications for definition of competition & future research, 30542
power to reward or punish in cooperative vs competitive vs independent context, college students, Canada, 2284
precompetition anxiety & ability to recall anxiety state before personal best performance in track & field, college track & field athletes, 3 vs 7 mo postseason followup, 40643
precompetitive state anxiety & self confidence, competitive performance, top vs lower level junior female gymnasts, Hungary, 33717
predation & sperm competition, duration of post-copulatory association, blue crabs, 29132
predation risk & male–male competition, male courtship behavior & attractiveness to females, threespine sticklebacks, 41217

presence of salient strategic vision, involvement in strategic planning & perceptions of organization's environment & competitive strengths, 31–63 yr old upper level managers, 43773
psychosocial factors & models, perceptions of competition & threat from other racial groups, Whites vs Blacks vs Latinos vs Asians, 18876
reliability of Competitive State Anxiety Inventory-2, assessment of accuracy of recalled anxiety 48 hrs postcompetition, 9–17 yr old female gymnastic & field hockey athletes, 20991
role of vocalizations in competition for males & effect of increased female competition on female vocalizations, female dunnocks, England, 34441
selection criteria for APA accredited internships stratified by type of site & competitiveness, training directors, 33201
sex & cooperativeness vs competitiveness, individual & group problem solving, college students, 11737
sex & presence of competitors & food quantity, food-calling behavior & frequency upon discovery, bonobos, 14794
sex ratios & intramale competition & female mating status, mate preference, male parasitic copepod, 15 mo study, 10842
sexual competition & mate selection, female & male macaques, 29141
size & ownership status, host contest competition outcomes, female parasitoid wasps, implications for clutch size, 413
social value orientation, cooperative vs competitive response in 6-choice Prisoner's Dilemma game, college students, 18865
sources of & self presentational mechanisms underlying competitive stress, 17–31 yr old athletes, 24805
temporal clumping of food resources, equality of food sharing among competitors, dominant vs subordinate clone amagos, 29125
top management team heterogeneity, airline firms' competitive behaviors, 20791
vocal repertoire & communicative significance of trill &/vs courtship calls measured by call duration & timing & frequency & response to rival calls, male frogs, 41264
8-OH-DPAT, social competition, rat triads, implications for use as animal model of anxiety, 15107
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]
Compliance [See Also Treatment Compliance]—Serials
compliance conflict with bids of mother vs caregiver, 35–38-mo-old kibbutz children, 29867
compliance techniques, effectiveness of direct-mail requests for charitable contributions, research review, 10185
conventional economic vs social psychology vs economic psychology approaches to tax compliance, 35014
dominance & inducement & steadiness & compliance, performance appraisal, supervisors & subordinates in city government, 17321
efficiency & durability & generality of treatment effects in group errorless compliance training, parents & their 4–5 yr olds with developmental disabilities & severe oppositional behavior, 19830
imposition of deliberately high advance levies & introduction of overall standard deduction as proposals for increasing tax compliance & decreasing evasion, 35015
improvement of co-parenting relationship of custodial & noncustodial parents, voluntary compliance with child support orders, adults, 3616
initiation & completion latencies of compliance with parental commands, 2–10 yr olds with behavior problems, 32175
interpersonal touch & degree of justification & sex, compliance with a request, adult consumers, 42009
lack of compliance with 1934 law prescribing hospitals & psychiatrists to inform court of jurisdiction of involuntary hospitalization of mentally ill patients, human rights implications, Croatia, 32982
maternal disciplinary dysfunction & interpretation of child noncompliance, judgment of severity & attributions of defiance, mothers of aggressive vs average boys (mean age 4.5 yrs), 35745
maternal noncompliance in child maltreatment cases, child custody decisions & court clinic custody recommendations, Canada, 5874
mood arousal via interesting vs uninteresting tasks, compliance with subsequent request, 18–43 yr olds, 21469
motivators vs barriers to adherence to mammography screening, middle & upper middle class female 55–85+ yr olds, implications for health education needs across SES levels, 13190
parent training, compliance, 7 & 9 yr old males with behavior problems & their mothers, 39720
perceived understandability & willingness to comply & actual compliance with enhanced elevator service signs, college students, 37738
public explanations vs private attributions for target persons, noncompliance in providing assistance or accepting advice, adults, 7655
reinforcer quality, resistance to change, male 14 & 16 yr olds with mental retardation & mice, 32159
signs with seat belt use reminders & enforcement & increased use information, observed rates of seat belt use, drivers, 20878
similarity of interactional synchrony & context dependent reinforcement in children's dispositions to comply with or oppose parental instructions, 38579
subjective authority of voices & acceptability of action, compliance with command auditory hallucinations, adult schizophrenics, England, 22824
time-in & time-out as treatment for noncompliance & elopement & aggression & object tossing, 4 yr old male with severe language disabilities & 8 yr old female with mental disability & cerebral palsy, 16538
time pressure & politeness of request, mitigating responses & compliance, male college students, Japan, 3760
treatment adherence process procedures & observational based research with family therapy models, 8896
verbal contingency specific rules with function altering vs evocative effects, behavioral compliance, 4–5 yr old males, replication & extension, 8875
Comprehension [See Also Number Comprehension, Verbal Comprehension]—Serials
access to & understanding of concepts & semantic relations, patients with Alzheimer's disease (mean age 68.4 yrs), Finland, 26995
acquisition & comprehension of tool use with vs without model of successful performance, 2–4 yr old chimpanzees, 2925
age & academic achievement level, perceptions of indebtedness, 2nd vs 4th vs 6th graders, 29863
Age & working memory capacity, predictions of calibration of comprehension based on processing ease heuristics vs direct assessments of comprehension, 18–82 yr olds, 41657
age, false belief & representational change & appearance-reality distinction in understanding of mind, Junin Quechua 4–8 yr olds, Peru, implications for cultural differences in cognitive development, 11398
appreciation of the mental impact of own communicative signals, 2.5 yr olds, 38336
assumptions behind & comprehension of & directions of research for think-aloud method, 6351
attitudes toward & perceptions & understanding of cooperative learning, preservice teachers in senior yr, 36945
audio/visual production techniques & guided participation with adult co-viewer, attention to & comprehension & learning of video-based sexual abuse prevention programs, 42–60-mo-old preschoolers, 33397
bilingualism & biliteracy, understanding of concepts of print & symbolic function of written language, 4–5 yr olds, 29764
causal explanations & interpretive understanding as modes of knowledge & thought, 14587
clinician-facilitated intervention vs lecture discussion group, family understanding of parental affective disorder & prevention of depression, parents experiencing affective disorder & their 8–15 yr olds, 30818
computationalism & explanatory vs experiential forms of understanding, 14100

computer tool for modeling inference generation processes in text comprehension, college students, conference presentation, 34236
conceptual metaphor correspondences vs categorical attributes, interpretation of & perceived similarity between & encoded nature of representation of understanding metaphors, college students, 254
conscious understanding during verbal protocols, college students, 6348
developmental differences in understanding of & reaction to others' inhibition of emotional expression, 5–21 yr olds, Canada, 29930
epistemological role of caring in teaching & model of teacher knowledge as relational & knowing as result of caring & relationships with students, teachers, Canada & Australia, 20574
extent of understanding of pathoanatomical & pathophysiological medical explanations of illness, general practice patients, Denmark, 42154
false belief understanding & awareness of personal taste in development of interpretive theory of mind,5–6 vs 6.8–8.7 &4.8–7.8 & 8–8.9 yr olds, 11337
given vs constructed analogy used in physical science learning, knowledge restructuring, 5th graders, Italy, 9929
implicit causality, focus on events in sentence comprehension, college students, 248
incompetency & restoration to competency, comprehension of legally relevant information, criminal defendants, 12291
interpretation of cues in eponymous noun phrases & relations between vocabulary & working memory capacity & listening span & intended interpretations, younger vs older adults, 18523
interpretive ambiguity resolution & multiple interpretation generation in story outcome, 2nd vs 4th graders, 25740
language complexity & comprehensibility & strength of argument & status of speaker, attitudes toward counterattitudinal appeal, college students, Canada, 22424
language comprehension, patient with progressive aphasia, 4 yr study, case report, 23480
language proficiency & comprehension skill, situation model construction during narrative comprehension, native English speakers in 2nd yr French class, 6356
levels of interest, comprehension monitoring, 8 & 9 yr olds with good vs poor comprehension, England, 18477
listening & conversation in free narrative approach to studying everyday understanding of specific events & situations, college students, implications for behavioral economics & social psychology, 2354
narrative-assisted instruction, enhancement of motivation & comprehension & memory in learning, 13703
neurobiological & psychological studies & use of MRI in understanding of working memory, 28953
openness arrangement by adoptive parents, understanding of adoption & self-esteem & curiosity about birthparents & satisfaction with level of openness, 4.72–12.98 yr olds, 18632
oral reading & maze & vocabulary general outcome measures, prediction of comprehension & acquisition & retention performance on content area tasks, 6th–8th graders, 2182
perceived clarity & understanding of DSM-III-R personality disorder vs major depressive disorder criteria sets, 21–58 yr olds vs mental health professionals, 7832
perspectives on comprehension & implications for assessing & treating listening or reading comprehension problems, 31555
presentation of history information via textbook vs separate source & task of writing history vs narrative vs argument, learning & understanding of material, college students, 24585
product knowledge & means-end chain associations, comprehension of & attitudes toward advertised product attributes & consequences, adult consumers, 24840
property attribution view of metaphor comprehension, information meaningfulness & informativeness, college students, 21412
psychosocial & cognitive determinants, development of understanding of gender-role development, young children, literature review, 29869
representations & problem solutions & justifications & explanations in conceptual understanding of fractions, 5th graders, 5651
selection & use of vocabulary & comprehension teaching strategies, preservice teachers of secondary education content areas, 33377
Sense of Coherence scale scores & major depression & age, 17–69 yr olds, South Africa, 42253
simple verbal label with vs without detailed explanatory statement, comprehension & retention of safety pictorials, college students, 28897
social influences of knowledge of colearner questioning, metacognition of judged levels of comprehension, undergraduates, 11684
subjective vs objective definition of entrapment defense & defendant's prior record, comprehension of judicial instructions on entrapment defense, undergraduates, 14150
teaching of standard textbook physics, changes in qualitative understanding, college students, 37041
transcripts of testimony of 3 vs 6 yr olds with vs without summary of event, adult comprehension of events, college students, New Zealand, 14126
understanding in family therapy & aspects of postmodernism & psychoanalysis, 43041
understanding of biological nature of kinship in parent–child relations, 4–7 yr olds, 25688
understanding of biologically causal role of birth, determination of animal properties & species identity, 4–7 yr olds & adults, 41644
understanding of constitutional reform, adults, Argentina, 7524
understanding of distinction between physical & mental illness, 2.9–5.6 yr old preschoolers, 15228
understanding of pretense & deception in narratives, 3–5 yr olds, Canada, 11382
utility of automatic latent semantic analysis in text based research, adults, 7135
validity of Perceived Understanding Instrument, 21–54 yr old married couples, 40826
verbal protocols in study of inferential processes & individual differences in comprehension & conversational discourse, 6324
vocabulary & comprehension & pragmatics, 5–15 yr old males with deficits in attention & motor control & perception vs speech or language disorder vs Asperger syndrome vs high-functioning autism, 22675

Comprehension Tests—Serials

mild head injury, Symbol Digit Modalities & Digit Symbol Substitution Test & Speed of Comprehension Test, male rugby players (mean age 22.1 yrs), 36094

Compressed Speech—Serials

single-band syllabic amplitude compression, temporal information in nonsense syllables & sentences, 21–36 yr olds, 21315
single-channel syllabic compression, use of temporal speech information, 34–76 yr olds with mild or severe hearing loss vs normal hearing, 23513
talker & rate changes in highly compressed speech, perceptual adjustment, young adults, 28789

Compulsions [See Also Compulsive Repetition]—Serials

abnormal & normal rituals, 18–55 yr old normal adults vs 19–65 yr old outpatients with obsessive compulsive disorder, 22942
classic & atypical bipolar disorder & dystonia & checking compulsion, 47-yr-old female & 30-yr-old female & 29-yr-old male patients with focal cerebellar circuit lesions, case reports, 31814
clomipramine, adverse effects & movement disorders & compulsions, 6 & 9 yr old males with autistic disorder & mental retardation, letter, 43119
communication apprehension & argumentativeness & innovativeness & self monitoring, compulsive communication assessed by Talkaholic Scale, college students, 18841

compulsion & addiction, male & female analysands suffering from alcoholism, implications for psychoanalytic treatment, 19886
compulsive buying & impulsivity & sensation seeking, depressed inpatients with vs without compulsive buying behavior, 35669
compulsive computer use, male college student, case report, 22695
compulsive targeted self-injurious behavior, male 32 & 52 & 58 yr olds & female 73 yr old with central or peripheral neuropathic pain, case reports, 31609
compulsive–dependent & perfectionist & achievement oriented workaholism types model, life & job satisfaction & performance & turnover, 28208
delayed vs immediate neutralization of unacceptable thoughts as overt compulsion, anxiety, college students with cognitive bias associated with obsessional complaints, 19822
demographic & psychological characteristics & sexual behavior & compulsivity & sensation seeking, HIV positive men in substance abuse support groups & HIV prevention programs, 42741
distribution & severity & lifetime presence of obsessions & compulsions, subsequent absence vs presence of clinical vs subclinical obsessive compulsive disorder, 16–17 yr olds, Israel, 8011
family structure & resources & stressors & SES, materialism & compulsive consumption, 20–32 yr olds from disrupted vs intact families, 33751
fluoxetine vs imipramine vs parachlorophenylalanine, food intake & hyperactivity on running wheel & weight loss, female rats, model of obsessive compulsive disorder, 3187
fluvoxamine, preoccuation with & time & money spent shopping, 30–55 yr olds with compulsive buying, 13 wk study, 36420
history & epidemiology & family & etiology & clinical symptoms & treatment, individuals with compulsive buying problems, literature review, 26551
impulsiveness & excitement seeking & dependence & denial & materialism, compulsive buyers & general population Ss, application of clusterwise regression analysis, 28267
long standing compulsions that develop characteristics of command hallucinations, 45-yr-old female with obsessive compulsive disorder, case report, 4209
maternal vs paternal transmission, age at onset & diagnosis & chronic motor tics & obsessive compulsive behavior & phenotypic expression, 1st degree relatives of patients with Tourette's syndrome, 35656
neuropsychological performance, 6–18 yr olds with Tourette's syndrome with vs without obsessive compulsive and/or attention deficit symptoms, 31755
nonfood obsessive-compulsive symptoms, 5–17 vs 18–47 yr olds with Prader-Willi syndrome vs 18–47 yr olds with obsessive-compulsive disorder, 11836
parentification, masochistic/self defeating & overt narcissistic & compulsive characteristics, college students, 7722
performance on putative tests of frontal vs temporal lobe memory functions, subclinical compulsive checkers vs noncheckers, clinical implications, 1321
relationship between impulse control & bipolar disorders, 11905
sex, comorbid obsessive-compulsive symptoms, 6.9–15.8 yr olds with anorexia nervosa or other eating disorders, England, 16185
Southwest Sexual Compulsivity Program, sex offenders & sexual compulsives, 24371
Compulsive Gambling [See Pathological Gambling]
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Compulsive Personality Disorder [See Obsessive Compulsive Personality]
Compulsive Repetition—Serials
age & reliability & development of Childhood Routines Inventory, assessment of prevalence of ritualistic compulsive-like activity, normal 8–72 mo olds, 29707
body dysmorphic disorder manifested by compulsive weightlifting, 23 yr old White male, case report, 42382
cognitions & autonomic anxiety & sensory phenomena associated with repetitive behaviors, outpatients with obsessive-compulsive disorder &/vs Gilles de la Tourette's syndrome, 35673
Freud's & J. Lacan's psychoanalytic interpretations of repetition compulsion & death instinct, 15771
Freud's concept of death drive & repetition & interpretation by J. Lacan, 15772
mapping patterns of regional brain activation, rats receiving nicotine vs cocaine, animal model of neural substrates underlying compulsive self-administration, 21690
role of right hemisphere in repetition avoidance in random number generation vs letter vs design fluency, 21–59 yr olds, 6607
separation & exile from parental figures, reactivated feelings of guilt & repetition compulsion, adults who experienced trauma in childhood, Sweden, 18921
Compulsivity (Sexual) [See Sexual Addiction]
Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Hypermedia, Hypertext]—Serials
adaptation to physiological monitoring computer system in anesthesia procedures for cardiothoracic surgery, physicians, 24882
advantages of computer mediated communication networks in study of verbal interaction, 10232
advertised brand on Internet Web banner, attitudes & behavior, viewers, conference presentation, 33759
age, production of errors at intellectual vs sensorimotor vs flexible action pattern levels of regulation within computer-based work, 19–60 yr old office workers, Germany, 28177
algorithms for creating random-element stereograms on Macintosh, 14460
alternatives to static menus for interface with information systems, 10202
ambulatory monitoring device, assessment of physiological & behavioral & psychological effects of viewing different types of TV programs, 10–13 yr old males with high vs low TV consumption, Germany, 15184
application of GPSYCH electronic medical record system & searchable database to evaluation of efficacy of trazodone for behavioral problems, elderly with Alzheimer's disease, 5173
applications & implications of tele-embodiment as method of remote human interactions in cyberspace, 37305
assessments for psychodynamic psychotherapy, psychotherapist, test of validity of computerized model of human classification, 27107
automated 3-D tracking of video-captured movement using computer program, aquatic snails, applicability to animal locomotion experiments, 41222
automatic information personalization vs explicit preference specification using personalized newspaper on world wide web, system users, 37298
Basic Support for Cooperative Work Shared Workspace system application as cross-platform tool for active information sharing & user cooperation on World Wide Web, 37290
bilingual computerized speech-recognition cellular telephone vs face-to-face prototype of Center for Epidemiological Studies Depression Scale, 18–67 yr old Spanish vs English speakers, 6032
bit plane layering in computer graphics for enhancement of visual displays in behavioral research, 10231
Broad Range of Community Based Telecommunications Applications in Rural Areas Project, assessment of service needs & perceptions of prototype technology, rural communities residents, 4 countries, 7126
Butterfly system of programing routines to create & edit adaptive psychological experiments & collect & handle & transfer data, 14473
characteristics & treatment strategies, cybersex addicts in outpatient community based treatment program for sex offenders, 4735
characteristics of online community LambdaMO & other multiuser domains, case study, conference presentation, 37299

cognitive-behavioral therapy with vs without computer assistance, 25–62 yr olds with panic disorder, US & Australia, 19737
combination of visual & lexical & oculomotor information in Mr. Chips ideal-observer model of reading, implications for reading with low vision, 34155
computational ability of A. M. Turing's universal machine vs notional machines vs human beings, 33838
computer application of multiple code theory to subsymbolic & symbolic nonverbal & symbolic verbal patterns of discourse in psychoanalysis, female patient, 32273
computer assisted text analysis of brief psychotherapy transcripts, 4791
computer-based behavioral self control training, change in drinking behavior, nonalcoholic heavy drinkers, 40165
computer based cognitive restructuring vs relaxation, rationally mediated self-esteem, 11th & 12th graders with below average self esteem, 18487
computer based laser safety decision support system, laser assessors, 10138
computer based self help & mutual aid groups, people with addictions, 16677
computer-based self-help groups as adjunct to support groups, 9202
computer based tool for enhanced cognitive mapping using symbol based formalism of semantic networks, implications for application to modeling belief changes & decision making, 2407
computer based training in psychiatric rehabilitation & available software, usefulness in group clinical settings, schizophrenic & other patients, Germany, 16951
computer bulletin board support group, 38–54 yr old females with breast cancer, 1912
computer-controlled display procedures for research on reading, college students, conference presentation, 34121
computer-mediated communication for group projects in psychology course, 9844
computer-monitored mouse running wheel with adjustable drag, measurement of direction & speed of running, mice, 34342
computer program for selection & organization & summary of tabular data, conference presentation, 34106
computer reading software treatment vs computer stimulation, language performance, 48–83 yr olds with chronic aphasia, 6 mo study, 39862
computer sorting task as data collection method in auditory perception research, 18–42 yr olds, 6154
computer tabulation of sampling distribution of d-prime discriminative sensitivity, 6145
computer word search program for word length, number of syllables or phonemes & frequency of use & imageability & concreteness & meaning, 37296
computerized apparatus to test strength of equilibrium point hypotheses of brain control of voluntary movements of arms & other limbs, 3091
computerized facial composite production system, recognition of composites, college students, implications for police use of composite systems, 24942
computerized graphical representation methods as substitute for traditional hypothesis testing, commentary, 14416
computerized interview instrument, assessment of perceptions of general practice care, patients & general practitioners, Australia, 6082
computerized multiresolution flattening & surface based coordinate system for generating 2-dimensional maps of cerebral cortex, 3059
computerized psycholinguistic analysis of conceptual & thematic categories in psychodiagnostic interviews, patients with lung cancer vs tuberculosis, 16249
computerized systems as computer based field methodology for assessing physical demands of repetitive phases or most physically demanding phases of work cycle, 36–48 yr olds, 40633
computerized visual communication system single sentence production training, multisentence production, nonfluent aphasic adult males, 36823
computers for entertainment & socialization & improved productivity & enhancement of daily functioning & education & learning & assistance for disabled, aged adults, 22172
conflict level, effects of interactive negotiation support system on issues resolution & satisfaction, manufacturing bargaining dyads, 22422
conflicts & resources in user participation in computer application design, 28291
congruence of computerized interface of graphical case record with practitioner work style, 5841
construction of high dimensional semantic spaces in automated fashion from text bodies & modeling of concept similarity, 10248
construction of intelligent help system for information processing system based on designer's description, 5855
content & quantity & custom publishing & computer technologies for psychology textbooks, college publishing editors, conference presentation, 33322
content of & cooperation required in computer mediated communication, small group development, male &/vs female college students, 28332
current competition to build broadband pipelines & scenarios for near- & long-term future of ad-supported websites & obstacles to advertising's role in economic viability of Web, 33770
daily practice with physical & functional vs functional interface designs, control task performance & skill acquisition, 23–32 yr old power plant operators, 28292
description & characteristics of computer-controlled electrogustometer for use in measuring evoked taste thresholds, 41009
description & development of RunScript platform for running real-time psychological experiments, 40974
description & expandability of EXPE script language for design & running of psychological experiments, 40988
description of PsycWord Windows-based program for preparation of clinical documentation, mental health clients, 36692
design & data collection issues in computerized school surveys arising from Minnesota Student Survey Mode Effects Experiment, adolescents in alternative schools & learning centers, 37577
design methodology for embedding decision guidance into group decision support systems, 20897
development & application of conjoint analysis-based methodology to evaluate design & effectiveness of promotional content on Web site, 28664
development & field test & evaluation of interactive therapeutic CD-ROM, patients & therapists, 1–3 mo followup, 43347
development of computer aided system, identification of emotion–abstraction patterns & insight & key moments in psychoanalytic sessions, 17492
development of Questionnaire Design Tool as authoring language for psychiatric interviews, 28275
development of Student Counseling Virtual Pamphlet Collection on World-Wide Web, college student counselees, conference presentation, 37134
developments & future directions in computer-assisted treatment of phobia, 8712
device deficiencies & potential for error in interaction with computer-based infusion treatment device, nurses, 24887
effectiveness of computer vs therapist administered psychiatric treatments, 1966–95, research review, 5265
efficacy of auto-adjusting VI schedule of food presentation, time & effort & vigilance in establishing consistent responding, rats, 6457
efficacy of computer version of pursuit tracking task, college students, 10258
electronic performance monitoring while working on computers in simulated office setting, personal control & task satisfaction & performance, undergraduates, 13935
equal distribution of information within group, information sharing & participation in computer mediated vs face to face problem solving tasks, college students, 3767
ethical issues & responsibility in study of home computer Internet use, low income families, 9780

exposure to global networking software to enhance effectiveness of searching on World Wide Web & Internet, liberal arts students, 10251
eye tracking vs computerized process tracing tool method of information acquisition, choice behavior, college students, 14603
factors in the successful use of computer applications, children with disabilities, 27642
FORTRAN subroutine, measurement of joint agreement between multiple raters & correct set of responses, 28399
functioning & efficacy of electronic support group on Internet, individuals with eating disorders, 39869
game like computerized adaptive training programs, intensity & selectivity aspects of attention, 24–64 yr olds with left or right focal brain damage of vascular etiology, 36152
group support software tool for electronic brainstorming research, 20895
hand-held computer program adjunct to cognitive behavior therapy, 35 yr old female with panic disorder, 4853
high-level language program to obtain bootstrap-corrected asymptotic distribution-free test statistic, 34096
high-performance computing & visual perception & mathematical modeling & neural networks & data analysis, commentary, conference presentation, 28334
human cognitive limitations pertinent to design of World-Wide Web browsers, college students, conference presentation, 34201
human computer interactions & design in psychology, literature review, 33835
human computer interactions & design in psychology, literature review, reprint, 33834
hybrid training approach composed of computer mediated communication & face to face meetings & linchpin expert, team problem solving, school teachers & principals & superintendent, 10246
impersonal & interpersonal aspects of computer mediated communication, implications for intentional depersonalization of media & Group Decision Support System effects, 18410
implications of interactive electronic home shopping for consumers & retailers & manufacturers, 40652
improving & combining software tools, creating learning laboratories for complex problem solving, 43936
integration of marketing problem-solving modes & marketing management support systems, marketing managers, 40671
interactive reconstructive modeling of procedural skills based on observed student performance, application in context of symbolic integration tutoring system, 10263
interactivity in learning environments & developer's classification of interaction types for multimedia settings, 37259
issues in counseling & Internet, 23651
issues in 5th generation of psychology research technology tools, 6157
laboratory activities for teaching auditory sensation & perception using computer applications, 5596
laboratory course of On-Line Computers in Psychology, advanced psychology majors, 9890
legal & ethical issues in online psychotherapeutic services, 9802
legal & ethical issues in online psychotherapeutic services, 9793
legal & ethical issues in online psychotherapeutic services, 9804
legal & ethical issues in psychotherapy conducted over electronic mail, 9803
marketing & consumer behavior in hypermedia computer-mediated environments, 2350
medical application of modular neural networks for survival prediction, patients with AIDS, 36023
Minnesota Contextual Content Analysis, computer based measure of social structure & organizational climate, administrators & staff & residents in residential settings for older people, 37584
model for study of communication support systems, organizational computer based communication technologies & human & computer based knowledge workers within organizations, 20792
model of social contexts as framework for human computer interaction & computer supported cooperative work & computer mediated communication, 5833
modeling & recognizing human simple actions based on hidden Markov model representation, application to human intent recognition & skill learning, 20901
motivating effect of computerized vs manipulative vision therapy techniques, training in stereopsis & spatial visualization, 8.3–12.5 yr olds with visual disabilities, 5390
multimedia method for computerized investigation of chromesthetic associations of auditory & visual stimuli, conference presentation, 34148
multimedia primer in auditory perception & psychoacoustical demonstrations & experiments over World Wide Web, 10256
multimodel program for teaching ANOVA designs, college students, 5613
multiple theories & methods & perspectives in evaluation of computer supported collaborative work, 6169
nature of negotiation processes, computer characterization & graphic visualization of interactive processes & development of database, 24903
no display vs continuous vs limited display of group members' ideas, social matching & social loafing, college business students in computer-supported nominal vs electronic brainstorming groups, 22437
number of follow-ups needed to obtain maximal response rate to e-mail surveys, adults, 37582
oral vs computer-animated display presentation of distance testimony, judgment accuracy for physical & behavioral events, college students acting as mock jurors, 37336
paper vs computer vs computer linked to larger database survey conditions, impression management in responding, male Navy recruits, 11658
perception of problem solving advice from human vs computer, college students, Sweden, 5836
perceptions & uses of electronic mail as function of rhetorical style, college academic & administrative personnel, 40711
photographic method & computerized visualization scheme & posture complexity, human posture perception & specification, college students, 40692
potential advantages & implementation problems of using telemedicine for psychiatric consultations in underserved populations, 43348
problems with computer technology in psychiatric consultation, commentary reply, letter, 4821
problems with computer technology in psychiatric consultation, commentary, letter, 4801
process monitoring, computer mediated decision making performance, college & graduate students, 2831
programing tools for creation of World-Wide Web home pages, psychology students & professional organizations, conference presentation, 36838
proposal for updating Advertising Research Foundation's Model for Evaluating Media & its use in Internet advertising, 33764
psychotropic drug use & clinically relevant concurrent non-psychotropic use, 65–109 yr old residents of board & care homes, commentary & implications for computer assisted therapy, 23895
reliability & validity of computer adaptive testing for computer programmer trainee selection, adults, 25121
resources for creation of psychology department home page on World Wide Web, 10252
results of magnitude estimation procedure conducted with laboratory samples vs World-Wide Web samples, conference presentation, 34128
same vs mixed sex group composition, satisfaction with group process & language & opinion change during asynchronous computer mediated communication, college students, 11659
SAS program, computation of many–one comparisons among sample variances, application to self concept assessment among ethnic groups, 28636
self-reported use of computer virus detectors, college seniors, 14067

semiotic analysis of symbol making in classroom computer center, kindergartners enrolled in whole-day program, 13714
Sequential Multi-Attribute Choice computer interface for decision making research, 10253
sex & attitudes & influences in use of computer based group support systems, college students, 30360
sex & parental status & work–family environment, dual-career adopters vs nonadopters of computer-supported supplemental work-at-home, 10140
sex, interactions & structure of online vs face to face mutual help groups, individuals with depression, 23978
social comparison vs verbalization, idea generation & performance perception in group computer brainstorming, college students, 3763
SpeechLab digital speech signal processing program, 37295
spelling checkers, spelling performance, 5th–8th graders with learning disabilities, 13845
spoken vs keyed input in simulated command & control application, performance on primary vs secondary data entry tasks, 20–46 yr olds, commentary, 5838
structure & assembly & maintenance of cogsci index of pointers to World Wide Web sites pertaining to cognitive & behavioral science, 10249
test of S. Milgram's lost-letter technique of assessing incongruence between measured attitude & behavior using electronic mail, college teachers & electronic mail subscribers, conference presentation, 34134
theoretical basis for enhancing research to improve behaviorally based biometric computer security systems & effect of state anxiety on physiological & performance responses, computer users, 10189
treatment with computerized visual communication system, verb retrieval & tense morphology production, 44 & 48 & 63 yr olds with severe expressive aphasia, 36824
types of errors & procedures for their prevention & correction in computer assisted research, 6156
uninformed learning computerized strategies for managing type-2 complexity problem spaces, commentaries & reply included, 37307
usability & extension of hypertext navigation facilities provided by World Wide Web client applications, 10199
use of computer programs in demonstration of visual perception phenomena, college students, 5611
use of computerized tutor BasicBayes to teach Bayesian inference in statistics, adults, 43610
use of Datalogger software tool for study of human-computer interaction, 14480
use of high-performance computing & MRI in behavioral sciences, commentary, conference presentation, 28329
use of HTML document forms in complex user interfaces for server-side applications & web-based educational material, 1st year computer science students, 36963
use of Internet in collecting data from questionnaires & software instruments in psychological & sociological experimentation, 10239
use of multimedia computer technologies to create individualized computer-based instructional materials, students with autism, 28070
use of musical instrument digital interface to measure motor timing, college students, experimental replication, 41045
use of stand alone executable computer program for determination of statistical differences between clinical sample & specified population proportions, 40964
use of World-Wide Web for facilitation of international academic exchange, psychologists, conference presentation, 36843
use of World Wide Web for survey data collection, conference presentation, 34131
use of World Wide Web to support psychology education through information dissemination & teaching resources & communication facilities, 10254
user-centered design approach to increase operability & user acceptance of new technologies & working practices in computer-based process information systems, 24885
utility of customized simulator with head- & eye-tracking capabilities for research on speeded decision making, college students, conference presentation, 34125
validating neural network model of financial diagnosis, business personnel, Norway, 43939
value of advertising on World Wide Web, office workers, 17434
varying-parameter averaging model of on-line brand evaluations, prior evaluations vs new information in brand information processing, low vs high ability college students, 43866
video compression technology & image processing software for tracking eye movements, implications for visual perception research, conference presentation, 25199
visualization of scientific data from Mars & tracking eye movements through high-performance computing, commentary, conference presentation, 28294
Web addresses, perceptions of traditional mass media advertising, 16+ yr old users & nonusers of Internet, 33768
work-oriented design project & cooperative development of prototype applications, 28290
World Wide Web computer sites, marketing perceptions & entertainment & informational value & ease of use & credibility & interactivity, adults, 43863
World-Wide Web software features & review of steps required to set up Web server on microcomputer & use in conducting research, conference presentation, 34132
World-Wide Web Survey Assistant utility for computerized test presentation & survay data collection, 37300

Computer Assisted Design—Serials

abstraction aids software, model design completeness & development of higher level concepts & design organization, non domain experts, 24878
computer-monitored mouse running wheel with adjustable drag, measurement of direction & speed of running, mice, 34342
conflict in cooperative problem solving knowledge-based systems for building design, 20900
network vs hierarchy vs mixed information structures, browsing & searching behavior in design process, architecture students, 24874
role of Social Problem Solving Lab in increasing application of Social Problem Solving knowledge obtained in classroom to bolster effective social problem solving, at-risk 3rd graders, 40446
use of paper drawing vs computer animation methods of visualizing shop floor vs workplace views, company managers & supervisors & machine operators & occupational health & safety officials, 33795

Computer Assisted Diagnosis—Serials

application of computerized content analysis of speech to neuropsychiatric diagnosis, psychiatric outpatients, 37502
attitudes toward computers & computerized version of Composite International Diagnostic Interview, clinical utility & patient acceptance, psychiatrists & acute psychiatric inpatients, Australia, 34024
brain SPECT findings & physical aggression, 13–65 yr old psychiatric patients with vs without aggressive behavior, 28535
computational model of visual perception & selective attention as tool in characterization of specific nature of brain damaged patient's deficit, 33849
concurrent validity of OPCRIT diagnostic system, patients recruited for study on functional psychosis, 22830
CT vs SPECT vs clinical assessment in evaluation of dementia, 47–95 yr olds with Alzheimer's type or vascular dementia or other psychiatric diagnoses, 8607
development & reliability & acceptability of computerized adaptation of Present State Examination, psychiatric patients, England, 34007
DYSLEXPERT knowledge-based system in diagnosis of dyslexia, comparison with experienced human diagnosticians, 28336
goals & structure & content of European computerized assessment procedure for evaluation & rehabilitation, patients with brain damage, 39495
inter-rater reliability of OPCRIT computer assisted diagnostic system, diagnosis of psychiatric disorders, clinicians, US vs Europe, 104

reliability & validity & equivalence of computer vs clinician administered symptom rating scales, assessment of depression & anxiety & social phobia & obsessive compulsive disorder, literature review, 17649
reliability & validity of Spanish version of Geriatric Mental State-Automated Geriatric Examination for Computer Assisted Taxonomy, assessment of dementia & cognitive disturbances, elderly, Spain, 6077
sensitivity & specificity & diagnostic agreement of short computerized version of Diagnostic Interview Schedule, discharged psychiatric inpatients, 10436
sensitivity & specificity & positive predictive value of technetium 99-HMPAO SPECT, elderly with Alzheimer's disease vs other dementias, 31830
structured computer assisted diagnostic interview, assessment of psychiatric symptoms & diagnosis of Axis I DSM-III disorders, male 15–50 yr olds undergoing forensic psychiatric evaluation, Sweden, 1187
test construction for computer-assisted measurement of depression, medical & surgical inpatients, 25051
tomographic imaging methods & dementia diagnosis, elderly, 31794
use of artificial neural network for assistance in psychiatric diagnosis with Compostie International Diagnostic Interview, mental inpatients, China, 22731
use of expert system based computer assisted training program, teaching clinical diagnosis of eating disorders, college students, implications for practitioners, 10266
use of self administered computerized assessment of common mental disorders, clinical improvement in patients, general practitioners, England, 13251
validity & utility, desktop computer vs interactive telephone administered mental health screening interviews, 23–66 yr old community mental health clinic outpatients, 42151

Computer Assisted Instruction—Serials

acceptability & usefulness of interactive computerized patient education, implications for family practice, literature review, 39947
application of computer algebra system to teaching of bivariate relationships in statistics courses, college students, conference presentation, 36961
artificial intelligence & other issues in design & implementation of computer modeled opponents for use in entertainment & educational software, 37292
attitudes toward Internet-based instruction of principles of base rate & prediction, college students, conference presentation, 36980
attitudes toward use of Internet resources in research methods course, college students, followup study, conference presentation, 36974
cognitive & affective conversational elements of discourse patterns in computerized journaling in advanced physics class, high school students & their instructor, 17116
computer assisted instruction & constructivist education, preschool & elementary school students, literature review, 20535
computer-assisted instruction program, mathematical word problem solving ability on-line & on paper-and-pencil tests, 8–11 yr old students with mild mental retardation, 37108
computer based instruction, mathematics word problem solving, 18–30 yr olds, 28335
computer based presentation of spoken commands with vs without text & story, listening comprehension & motivation, male vs female 5th graders, 33398
computer based study strategies & intelligence & reading skill differences associated with strategy adoption level, 12–16 yr old secondary students with learning disabilities, 20647
computer demonstration of incidental learning paradigm, experience with psychological concepts & experimental procedures, college students, 13695
computer generation of explanations in simulation-based learning environment to support knowledge negotiation between system & medical student, 20887
computer simulation of failure to thrive case, training in child protective services work, trainees vs experienced workers, 9722
Computer Supported Intentional Learning Environment software, academic & general self concept & self regulation & critical thinking ability, 8th graders, 33426
computer technology in education & teacher personal & professional adaptation & role of collaborative autobiography, 24536
computerized study guide, exam performance, psychology students, 5592
cooperative learning based computer program with verbal interaction cues & mixed ability grouping, summarizing & explaining during science task, dyads of 8th graders, 33429
course management & delivery software for teaching introductory psychology course, 9866
current state & future role of computer based multimedia in psychology instruction, 9870
data-logging methods in science laboratories, school education & learning, 12–15 yr old students, UK, 17150
development of on-line psychological tutorials & other interactive teaching resources with integrated multimedia through World Wide Web, 10244
development of World Wide Web courseware for children, college students, 9904
DISCOVER computer-assisted career guidance system, career maturity, 7th & 8th graders, 17265
dyadic verbal interaction & metacognitive components in computer-based language tasks, primary school students, Australia, 9903
educational principles & case-based computer-aided learning systems, 17137
efficacy of learning probability from computer based instructional system vs traditional lecture, 17–27 yr old undergraduates, 27975
episodic learner model & acquisition of problem solving skills by intelligent tutoring system, novices learning computer programming language, 5861
experience with word processing & perception of classroom environment, male vs female high school students in computer supported writing class, 33406
experiences & issues in use of multimedia materials in courses on sensory processes, 9891
flexible cognition theory & teacher training programs for vocational special education & development of hypertext computer program, 5579
framework for understanding perceptions of learning from computer-based management simulation, business students, 43613
human vs traditional computer based vs neural network based tutors, mastery learning, college students, 5608
hypermedia environment using constructivist principles, discovery of preconceptions about fundamental electrical principles, teacher trainees, 43586
impact of computer use on classroom structure & functioning, literature review, 24521
implementation of motivational tactics in MORE intelligent tutoring system for planning & modeling of motivation, students, 5588
imprecise pattern-matching algorithm & informal fuzzy reasoning, local student modeling in arithmetic problem solving tutor, 14091
instructional challenges & opportunities for using various formats of multimedia technology in different learning environments, students with learning disabilities, 20676
intelligent computer aided instruction system for emergency procedures, plant operators, 10267
interactive videodisc instructional program, acquisition of speechreading skills, graduates & undergraduates with normal hearing, 24583
interactivity in learning environments & developer's classification of interaction types for multimedia settings, 37259
interdisciplinary & computer-assisted course to promote participation & critical thinking & enhanced decision making, college students, 13717
Internet course for clinical training in substance abuse & addiction treatment, psychiatrists completing the course, 43497
issues in multimedia classroom presentations for psychology education, 9858

issues in multimedia instruction & learning, 27969
lecture & computer-assisted vs lecture only instruction, learning outcomes, undergraduate psychology students, 13731
Markov matrix method for deciding when instructional intervention should occur during computer assisted industrial training, learners, 20723
multimedia laboratory vs recitation style or video lecture, learning & retention of factual knowledge & skills, college students, 9875
no feedback vs immediate vs delayed feedback, computer assisted learning of how to tell time, 7–10 yr olds, 9880
none vs static vs animated computer graphics with vs without metaphors, learning of biotechnology concepts, college students, 20537
principles of computer based instruction design & learner control & feedback & screen design & use of group methods & computer anxiety, adults, applicability to workplace, 33794
rationale & development & evaluation of PsyCLE multimedia computer based learning project for psychology education, UK, 9863
role of Bayesian inference networks for updating of student models in intelligent tutoring systems, 17754
role of technology & materials & participants, designing & enhancing learning environments, 43933
school information technology culture & curriculum, computer application skills & attitudes, pre-clinical medical students, England, 9700
simultaneous optimization of quota-restricted selection decisions with mastery scores, implications for computer assisted instruction, 34108
social relationships & writing media & microgenetic development, verbalizations & computer-supported vs paper & pencil written narratives, 1st graders, 17165
software design features, learning, 3–4 yr olds with disabilities, 28072
spelling checkers, spelling performance, 5th–8th graders with learning disabilities, 13845
stress inoculation training in group counseling vs computer guidance programs, anger control, male military veterans with maladaptive anger, 27227
structured & unstructured computer simulations & tutorials, inductive vs deductive learning, adult computer education students, 33423
SUCCESS interactional program & computer use, perceptions of locus of control & empowerment, incoming freshmen, 43609
system dynamics perspective of relationships between structure & behavior in complex systems for constructing highly engaging learning environments, commentaries appended, 37260
Task-Action Learner cognitive model for deepening menu driven computer learning, users, implications for computer interface design, 17457
teacher support with vs without hypermedia framework, reflective writing achievement & reasoning, 14–15 yr olds, 43625
techniques for creation of feature based modeling & applications in educational contexts, modeling elementary subtraction skills, 9–10 yr olds, 20573
type of assistance material, identification of sublevels in effective use of database management package, 24–52 yr old novice users, implications for computer training, 24872
use & implementation of computers & computer-based learning materials in social work education, 9736
use of computerized tutor BasicBayes to teach Bayesian inference in statistics, adults, 43610
use of examples, analogical problem solving & reasoning & transfer & generalization, students, application of computer-based learning environment, 28974
use of multimedia computer technologies to create individualized computer-based instructional materials, students with autism, 28070
use of multimedia in academic instruction, 9857
usefulness & ease of use of computer-based Intelligent Collaborative Learning System & Group Leader for monitoring group problem solving, college students, 5606
validity assessment of computer-delivered categorization task grounded in cognitive research for graduate admissions, college students, 34060
Virtual Academy educational software using Internet based role playing games in multiuser domains, computer human interface & design of technology mediated constructivist learning, 13718
World-Wide Web interface for teaching & learning of statistics, college students, conference presentation, 36949

Computer Assisted Testing—Serials

applicability of computerized adaptive testing strategies vs counterparts, retesting & rescoring of flawed items, 33963
attitudes toward & experience of computerized vs physician administered Present State Examination, assessment of current symptoms, 17–58 yr old psychiatric patients, 10440
automated approach to scoring computer simulation test of patient management skills, physicians, 37372
BASICA computer program facilitated construction & scoring of various types of ratings scales & checklists, 10358
cognitive diagnoses for remedial instruction, computerized adaptive testing system using rule-space methodology, 34071
computer-assisted vs pencil-and-paper questionnaire administration, subjective & objective measures of computer training, adults (mean age 38.1 yrs), 14234
computer program designed to administer questionnaires & improvement in estimation of moderating effects, 10357
computerized long menu vs open ended vs multiple choice questions, test scores, medical students, 28614
computerized vs printed questionnaire administration, recall of health-risky behaviors assessed at 2 vs 4 wks, undergraduates, 25157
design & activities of integrated computerized testing service systems & role in educational & psychological assessment, 24981
development & reliability & validity of computerized adaptive form of Speech Sound Pattern Discrimination Test, 17–49 yr olds with sensorineural hearing loss, 37377
efficiency & precision & concurrent validity of computer adaptive & fixed memory item music listening tests, normal hearing adults, 33964
equivalence of computerized vs pencil & paper administration of German versions of Eysenck Personality Questionnaire & Carroll Rating Scale for Depression, 18–55 yr olds, Germany, 5993
experiences with & perceptions of computer based testing in social work research course, college students, 17064
global information approach to item selection in computerized adaptive testing, 20957
interactive World-Wide Web page for psychology practice exams, college students, conference presentation, 36960
internal consistency of computer vs traditional administration of Rotter Incomplete Sentences Blank, measure of projective personality, college students, 25030
issues in computerized assessment of arithmetic computation skills with MicroCog neuropsychological test battery, commentary, 25083
issues in computerized assessment of arithmetic computation skills with MicroCog neuropsychological test battery, 25077
item feedback in self-adapted vs computerized adaptive testing, test performance & anxiety, college students, application of item response theory, replication, 17710
judgments of clinician written vs computer based text interpretations of WISC, 23–62 yr old experienced clinicians, 2562
Minnesota Computerized Adapted Testing Language (MCATL) program code, assessment of computerized adaptive test software, 14093
multidimensional item response theory computerized adaptive testing, application to medical licensure exam, 28639
performance on standard vs computerized version of Wisconsin Card Sorting Test, 15–59 yr olds, Spain, 21099
practicality & test-retest reliability of Computerized Neuropsychological Test Battery, assessment of cognitive deficits during clinical drug trials, 19–45 yr old outpatients with schizophrenia, 14342

precision & order of presentation of response options & feedback about inconsistencies, self-reports by microcomputer of frequency of alcohol use, 17–71 yr olds in drinking driver treatment programs, 35808
predictive validity of perceptual & psychomotor & cognitive tasks in computer aided aptitude test, flight training success, 22–24 yr old male senior air force cadets, Korea, commentary, 28604
probabilistic user expertise modeling approach, inference of individual's knowledge state, 17739
psychometric equivalence of paper & pencil vs computer versions of personality tests, 19–53 yr old inmates, Canada, 2597
reinforcement history, attention to compound visual cues assessed using computer technique, 4.5– 5.5 yr olds of normal development vs 14 & 15 & 17 yr olds with severe mental retardation, 31473
reliability & validity of clinical interview vs computer-assisted telephone interview as measures of adequacy of paraprofessional home care quality, 65 yr olds & older, 4 mo followup, 37516
response distortion in computer vs paper & pencil administered noncognitive selection tests, college students, 21012
self adapted &/vs computerized adaptive vs conventional version of English vocabulary test, estimated ability & posttest anxiety & correct responses & testing time, high school students, Spain, 25108
sequential probability ratio test vs sequential Bayes procedures, accuracy of classification of examinees into 2 categories using computerized tests, 17760
touch screen computer-based vs paper & pencil test administration, 21–58 yr old patients, application of computerized psychometric testing in hospital settings, Sweden, 21068
use & perceived effectiveness of paper & pencil vs computerized career assessment tools, high school counselors, 2678
validity & reliability & stability of computer assisted vs paper & pencil administration of MMPI-2, 22–60 yr olds, 10413
validity assessment of computer-delivered categorization task grounded in cognitive research for graduate admissions, college students, 34060
validity of computerized tests of pattern recognition & memory & spatial orientation without extensive baseline testing, 19–27 yr old male army personnel, Norway, 14285

Computer Attitudes—Serials

attitudes & intentions to use computers & actual use, senior managers, 5755
attitudes toward & current vs desired levels of computer knowledge, occupational therapy students, 13585
attitudes toward & satisfaction with current system, desire for participation in computer information system redesign, computer using personnel, 28194
attitudes toward computers & computerized version of Composite International Diagnostic Interview, clinical utility & patient acceptance, psychiatrists & acute psychiatric inpatients, Australia, 34024
average time per week spent using Internet & opinions on need for censoring of Internet-accessed materials, students & faculty & visitors of university, 41555
cognitive abilities & computer experience & training, computer attitudes & word processing acquisition, male vs female 58–83 yr olds, 3524
cognitive spontaneity & computer anxiety & attitudes toward computer use, 22–53 yr old managers & professionals, 33833
computer anxiety & performance on computer-based cognitive tasks, 18–27 vs 55–82 yr olds, 40682
computer anxiety & state anxiety & computer experience, performance of computer based tasks, college students, 30513
computer experience & attitudes, 11–12 & 15–16 yr old male vs female secondary school pupils, 40422
computer interaction style & prior experience, perceptions of software packages, college students, 37262
computer tutoring based on adult learning, attitudes toward & amount of time for computer use & perception of skills learned, female human service program managers, 13565
computer usage & attitude toward computers, Scottish vs Romanian college students vs their parents, 34901
computer use & attitudes, visually impaired secondary school students & teachers, Japan, 9978
computerized vs paper-&-pencil mood measurement, mood change, 16–25 yr old college students, England, 40683
experience & other personal attributes, perceptions of computer programing & word processing ability, college students, England, 22514
experience with & knowledge of microcomputers & software & programming, computer anxiety & performance, males vs females, Australia, 5830
judgments on moral acceptability of copying computer programs & accessing private computer files, 15.7–18.5 yr old high school students, 38765
methods for assessing & coping with computer anxiety, undergraduate political science students, 33380
minimalist design principles vs commercially available instructional unit in word processing skills, computer anxiety, adults, 14069
perception of problem solving advice from human vs computer, college students, Sweden, 5836
perceptions & uses of electronic mail as function of rhetorical style, college academic & administrative personnel, 40711
prevalence of computer anxiety, 23–53 yr old managers & professionals, Great Britain, 2290
psychometric properties of Computer Attitude Scale, graduate students, 2485
reliability & construct validity of End User Computing Satisfaction Instrument, adults, 2479
responses to sincere praise vs flattery vs generic feedback from computer, undergraduates, 37255
school information technology culture & curriculum, computer application skills & attitudes, pre-clinical medical students, England, 9700
sex & Jungian psychological types & computer attitudes & aptitude & behavior, 18–24 yr old users, implications for human computer interaction, 22583
sex, computer anxiety & positive vs negative beliefs about social impact of computers & computer related behavior, college students, 14070
sex, computer related attitudes, adult vs college vs high school vs middle vs elementary school students, US vs Canada, meta-analysis, 25911
sex, Computer Self-efficacy Scale ratings, junior & senior business administration students, 15702
sex, computer usage & attribution for success or failure with & attitude toward computers, 5th graders, 37075
student characteristics & computer attitudes & experience & academic performance, students in psychology course with computer exposure, 9942

Computer Conferencing [See Teleconferencing]

Computer Games—Serials

alternating task modules vs massed protocol in isochronal distributed training, learning & retention in computer games & algebra word problems, 18–30 yr olds, 298
gaming vs test vs text presentation, knowledge acquisition & retention, military trainees, 14660
group discussion of advice vs social comparison vs motivation, performance on Space Fortress computer game, 17–30 yr olds, 26179
incidence & patterns of normal vs addictive home video game playing, male vs female 11–16 yr olds, 3466
interaction & structured social context, cognitive problem-solving computer-based task , 9–10 yr old males vs females, 40428
sex & computer experience, mental rotation ability on computer game, college students, 21334
time spent playing videogames & leisure activities & aggression & social integration & school performance, 11–14 yr old 7th & 8th graders, Netherlands, 38414
use of divorce adjustment computer game, knowledge needed for divorce adjustment & communication & conflict, 12–17 yr olds & parent, followup, 15467
videotapes vs videogames, interest & behavior & habituation, socially vs individually housed & female vs male monkeys, 34457

Computer Literacy—Serials
computer experience & attitudes, 11–12 & 15–16 yr old male vs female secondary school pupils, 40422
computer technology in education & teacher personal & professional adaptation & role of collaborative autobiography, 24536
computer training through behavior modeling vs self paced study vs lecturing, performance & skill demonstration, novice computer users enlisted in Navy, 13924
school information technology culture & curriculum, computer application skills & attitudes, pre-clinical medical students, England, 9700
Computer Peripheral Devices [See Also Video Display Units]—Serials
angle–angle vs displacement–angle control display gains, performance with mouse vs head controlled input device, 19–36 yr olds, 28300
computer security user verification via individual differences in movement behavior using indirect input devices, adults, 6280
descriptive vs text guided vs pictorial guided vs online tutorial instruction, ability to perform automatic teller machine transactions, 61–81 yr olds, 28299
group decision support systems, effective facilitation in workstation vs keypad meeting environments & behavior & choice of technology, meeting facilitators, 15579
target distance & size & sensory modality, movement characteristics of multimodal mouse with tactile &/vs force feedback, 29–44 yr olds, 10230
Computer Programing—Serials
alternatives to static menus for interface with information systems, 10202
Butterfly system of programing routines to create & edit adaptive psychological experiments & collect & handle & transfer data, 14473
conventional vs graphical &/or tree-based vs informative textual Prolog trace outputs, computer program debugging, undergraduate programmers, England, 43937
experience & other personal attributes, perceptions of computer programing & word processing ability, college students, England, 22514
multivariate nonparametric tests in flexible programming environment for data analysis & graphics, 6148
program design strategies & problem solving, experts in object oriented programming, 20894
user input & software development, public service organization administrators & supervisors, England, 43934
Computer Programing Languages [See Also Virtual Reality]—Serials
algorithm & associated FORTRAN program for computation of exact probabilities for first & second order interactions in 2 x 2 x 2 contingency tables, 10578
computer model of shared & unshared information in group discussion, 43931
FORTRAN program implementing multivariate normality test for use in structural equation modeling with latent variables, 25131
FORTRAN program to calculate probability of observed difference between agreement measures from 2 independent sets of raters, 25125
FORTRAN 77 program for computing exact probabilities for general matching problem, 10580
implications of research in brain imaging & computer language & paleolinguistics for psychodynamic therapy, 27335
learning of 1st programing language & basic concepts, transfer of procedural knowledge to 2nd language & declarative transfer, adults, 5832
Minnesota Computerized Adapted Testing Language (MCATL) program code, assessment of computerized adaptive test software, 14093
Task-Action Learner cognitive model for deepening menu driven computer learning, users, implications for computer interface design, 17457
use of Mathematica language for development of novel neural network architectures, conference presentation, 37308
web-based ontolingua server as tool for meaningful interaction & communication & exchange of information among professional groups through consensus-based development of common vocabulary & language, 37302
Computer Programs [See Computer Software]
Computer Searching—Serials
addictive Internet abuse & impaired family life, 43 yr old female, case study, 15129
addictive use of the Internet, commentary, 26617
articles with randomized controlled trials, manual search vs electronic search of MEDLINE & PsycLIT, Journal of Disability Research, 1957–95, 37347
average time per week spent using Internet & opinions on need for censoring of Internet-accessed materials, students & faculty & visitors of university, 41555
computer word search program for word length, number of syllables or phonemes & frequency of use & imageability & concreteness & meaning, 37296
decision making & information search patterns & abstraction in information retrieval interface, high school & MBA students, 18397
discrete knowledge forms & development in & influence of instruction & activities on use of interactive information systems, novice upper primary level students, 9881
exposure to global networking software to enhance effectiveness of searching on World Wide Web & Internet, liberal arts students, 10251
gerontology-related information using World Wide Web, 11503
information retrieval through lattice based hybrid navigation of text databases, graduate students, 20857
Internet use & addiction, adult users, 41554
issues in gender and sexuality in cyberspace, 33836
knowledge acquisition & modelling & inference through World Wide Web client–server model, 37297
learning vs location of information using reference book vs hypertext reference system with links based on author's original index vs computer generated key words, graduate students, 7128
MEDLINE vs PsycLIT database searches of personality disorder literature in 9 psychiatric or psychological journals, 12110
multi level dynamic queries & pruning in hierarchical data, browsing performance & user satisfaction, adults, 24879
navigational study strategies & extent of lesson coverage & attitudes about learning, novice hypermedia users, implications for instructional design, 33842
network vs hierarchy vs mixed information structures, browsing & searching behavior in design process, architecture students, 24874
social navigation strategies for information seeking on world wide web, 37294
usability & extension of hypertext navigation facilities provided by World Wide Web client applications, 10199
Computer Simulation [See Also Neural Networks, Virtual Reality]—Serials
adaption of reaching model to computer simulation of handwriting model for motor control, 6282
application of formal dynamic multilevel identity model to computer simulation of network exchange & structure & power, 25991
Artificial Life approach to connectionism to address different aspects of language, 41576
causal network analysis of human trained vs nontrained vs synthetic text proposition order recall, college students, conference presentation, 25129
computer generation of explanations in simulation-based learning environment to support knowledge negotiation between system & medical student, 20887
computer simulated motor circuits in & treatment effects on Parkinson's disease, conference presentation, 36089
computer simulation of failure to thrive case, training in child protective services work, trainees vs experienced workers, 9722
computer simulation on direct perception, basic theories of perception, commentary, 17551

computer simulations of syntactic categorization in early language acquisition & the role of distributional analysis in grammatical category acquisition, 38309
computer tool for modeling inference generation processes in text comprehension, college students, conference presentation, 34236
design & evaluation of simulation training to improve identification & diagnosis of faults in hot strip steel mill systems, novice vs expert fault finders, 14092
evaluation & integration of & judgments about facial affect features of computer generated face, 18–40 yr olds, application of fuzzy logical model of perception, 14513
Evergreen microsimulation computer program for strategic planning of welfare & health services, elderly, Finland, 9390
familiar vs unfamiliar settings & 71% vs 43% accurate route guidance simulator information, automobile driver performance & subjective opinion, 18–35 yr olds, 43896
framework for understanding perceptions of learning from computer-based management simulation, business students, 43613
graphical simulations of behavior of virtual Ss in laboratory or field microworlds, understanding of psychological research process, college students, 9847
guidelines for simulation of scenes with color appearance systems on self luminous displays, 17826
high-performance computation in mathematical & computer simulation model & theory development within psychology, commentary, conference presentation, 28331
high-performance computation in mathematical & computer simulation model development & testing, conference presentation, 28333
human spatial perception, design of virtual reality 3 dimensional computer environments, erratum, 5842
impact of exit instructions & number of exits in fire emergencies, computer simulation of social behavior in response to alarm, 43905
imprecise pattern-matching algorithm & informal fuzzy reasoning, local student modeling in arithmetic problem solving tutor, 14091
individual cognitive & behavioral assumptions, social fragmentation & loss, computer simulated society, 18897
interaction of virtual reality with computer simulated environments through multimodal sensory feedback & human factors systems with input-output devices, 14072
internal & external validation of sales forecasts & simulated human interaction produced by & field applications of information acceleration, adults, 20855
issues in design of studies of effectiveness of stereo imaging, 14523
method for segmentation of color geographic map images based on color opponency, conference presentation, 21264
multimedia environmental simulation program to collect data for decision making in social dilemmas, 14449
navigating in computer simulated space vs map viewing, spatial knowledge, 18–41 yr old college students, England, 266
paper map vs head-down vs head-up turn-by-turn display vs head-down electronic route map vs audio guidance system, reaction time, 19–35 yr old automobile drivers, 43900
performance of satisficing vs rational cognitive algorithms in inference making in real world environment, 5852
principles underlying wayfinding behavior of animals & spatial representation for animat navigation systems & simulated wayfinding system, 5858
prototype of distributed system for multiuser negotiation simulation, 20892
recommendations on testing & use of pseudo-random number sequences from linear congruential generators in Monte Carlo analysis for risk assessment, 6133
residual gradient vs Q-learning vs advantage updating algorithms for simulated reinforcement learning systems, optimal control in missile-aircraft differential game, 5853
simulated Garbage Can Model of organizational decision making & degree of anarchy & decision ambiguity & flight, white collar workers, Japan, 24748
statistical simulation package & customized power & sample size tables in research, 6155
stereo & shape from shading & structured light reconstruction algorithms in integrated computational model of 3-dimensional human spatial vision, 10644
structured & unstructured computer simulations & tutorials, inductive vs deductive learning, adult computer education students, 33423
use & implementation of computers & computer-based learning materials in social work education, 9736
use of paper drawing vs computer animation methods of visualizing shop floor vs workplace views, company managers & supervisors & machine operators & occupational health & safety officials, 33795
Visual Basic based Bivariate Agreement Program computer software for analysis of psychological assessment & simulation of normal distribution at various correlations & univariate scores, 10237
visual perception & 3-D computer graphic models of visual images, conference presentation, 28330
visual perception of environmental layout & 3-D computer graphics & virtual reality, commentary, conference presentation, 28303
visualization of digital terrain data from Mars & computer systems design based on human visual perception, conference presentation, 28296
visualization of scientific data from Mars & tracking eye movements through high-performance computing, commentary, conference presentation, 28294

Computer Software [See Also Decision Support Systems, Word Processing]—Serials

abstraction aids software, model design completeness & development of higher level concepts & design organization, non domain experts, 24878
abstraction hierarchy for performance evaluation of operators using ecological interfaces, professional criticism, 28298
active distributed frameworks for open hypermedia systems, 37293
algorithm & associated FORTRAN program for computation of exact probabilities for first & second order interactions in 2 x 2 x 2 contingency tables, 10578
artificial intelligence & other issues in design & implementation of computer modeled opponents for use in entertainment & educational software, 37292
assessments for psychodynamic psychotherapy, psychotherapist, test of validity of computerized model of human classification, 27107
automated 3-D tracking of video-captured movement using computer program, aquatic snails, applicability to animal locomotion experiments, 41222
BASICA computer program facilitated construction & scoring of various types of ratings scales & checklists, 10358
CHIDIM computer program, assessment of chi-square statistic & dimensionality of binary item responses in simulated data, 17738
cognitive & organizational factors, software development, management & technical project personnel, UK, 24778
computer based training in psychiatric rehabilitation & available software, usefulness in group clinical settings, schizophrenic & other patients, Germany, 16951
computer generated imaging in flight simulation & visual motion perception & virtual environments, 10242
computer interaction style & prior experience, perceptions of software packages, college students, 37262
computer program designed to administer questionnaires & improvement in estimation of moderating effects, 10357
computer program for collection of solution protocols & written explanations, problem solving performance & transfer of effects to novel tasks, adults, 10245
computer program for representing mental models & temporal reasoning in one- vs multiple-model problem solving, 17–19 yr olds & college students, 10704
computer reading software treatment vs computer stimulation, language performance, 48–83 yr olds with chronic aphasia, 6 mo study, 39862
computer software, higher mental abilities, 13–16 yr old students, India, 33839
computerized cognitive therapy, 57 yr old male with major depression, 23730

context specific evaluation for educational software, 17156
cooperative training & ability grouping, computer learning, 5th & 6th graders, Canada, 40383
course management & delivery software for teaching introductory psychology course, 9866
description & development of RunScript platform for running real-time psychological experiments, 40974
description & expandability of EXPE script language for design & running of psychological experiments, 40988
design of GENIUS software & supporting tool environment for task appropriate user interface management systems based on extended data models of software ergonomics, 14071
development of World Wide Web courseware for children, college students, 9904
discriminant analysis of Type A/Type B behavior with SAS statistical computer software, employed Black females, 21024
discussion of software design issues in task delegation of intelligent-agent–user interfaces, 33840
emphasis on & definition of usability of organizational software, management information systems managers vs end-users, 2392
Evergreen microsimulation computer program for strategic planning of welfare & health services, elderly, Finland, 9390
Experimental RunTime System software for writing & running RT experiments, 10235
exposure to global networking software to enhance effectiveness of searching on World Wide Web & Internet, liberal arts students, 10251
FACOM library for comparing orthogonal or oblique factorial solutions from exploratory analysis, 14438
FORTRAN program implementing multivariate normality test for use in structural equation modeling with latent variables, 25131
FORTRAN program to calculate probability of observed difference between agreement measures from 2 independent sets of raters, 25125
FORTRAN 77 program for computing exact probabilities for general matching problem, 10580
graphics visualization computer software for empirical research in graph interpretation, 10240
group support software tool for electronic brainstorming research, 20895
hand-held computer program adjunct to cognitive behavior therapy, 35 yr old female with panic disorder, 4853
Hypercard program based on structural approach, assessment of decision strategies, adults, 10238
INFOBITS computer macro program for calculating information theoretic statistics from behavioral sequence matrices, 14467
interactive computer-based program of everyday tasks, patients with mild to moderate Alzheimer's disease, 26987
interactive computer erotica, attitudes toward women & affective disposition toward sexuality, male college students, 38591
iterative system development cycle for creation of knowledge based tools to support evaluation in design, professional designers, 20893
lattice & GLAD computer program analysis of associations among psychological & somatic handicaps, multiply handicapped children excluded from school, health service implications, 15808
linguistic coding system with direct coding & punching onto cards of actual answers, implications for marketing surveys & depth interviews, reprint, 15128
logged data & questionnaires & interviews & verbal protocol analyses used alone & in combination, evaluation of spreadsheet & word processor & database software types, college students, 10203
Minnesota Computerized Adapted Testing Language (MCATL) program code, assessment of computerized adaptive test software, 14093
multimedia software for aesthethics research, conference presentation, 34123
number & overlapping vs nonoverlapping layout or peripheral windows in multiwindow systems, interference with foveal vision during current task performance, adults, 10192
package design & assistance features of computer software, support for learning dimensions & ease of use, experienced computer users, 14077
post hoc & planned comparison regression based procedures, interpretation of standardized residuals & variance of factors in chi-square contingency tables & use in statistical packages, 28623
problems associated with use of packaged computer programs in analysis of multivariate survey data in market research, 17437
program design strategies & problem solving, experts in object oriented programming, 20894
RANDALL computer program, randomization test of hypothesized order relations in correlations, application of model of vocational interest types, 17764
reading narratives of varying difficulty & length from computer screen vs printed page, reading comprehension, 4th graders, 18485
recommendations on testing & use of pseudo-random number sequences from linear congruential generators in Monte Carlo analysis for risk assessment, 6133
reliability & accuracy of computer software-driven digitizer tablet for scoring and entering visual analog scale data, implications for pain measurement, 20976
reliability & correlation of composite standard score computer program for mental health practitioners, 10236
rota-risk criteria for Rota-Risk-Profile-Analysis computer program, working-time schedule theory encompassing physical & social risks of rota & comparison of schedules, 14010
SAS algorithm for simple & complex multiple comparisons among correlation coefficients & applications in psychometrics & mental test theory, 17765
SAS/IML computer program, assessment of statistical significance of mediating variables, 17751
self-reported use of computer virus detectors, college seniors, 14067
software & hardware modifications of Micro Experimental Laboratory response box expansion to accommodate up to 16 external buttons, 10247
software design features, learning, 3–4 yr olds with disabilities, 28072
software packages for computer CRT presentation for backward masking, Mandarin Chinese native speakers, replication, 10255
software program for K means clustering with influence detection, 10566
SpeechLab digital speech signal processing program, 37295
stimulus duration & response latency issues in use of Micro Experimental Laboratory for tachistoscopic presentations, 10250
structural hypothesis of temporal patterns in human interaction, application of pattern detection & analysis software, 22431
training in computer networks & software, social work students, Romania, 9729
usability of adaptive menu & command vs static hybrid vs menu vs command interface, task completion & efficiency & ratio of menu vs command interface use, college students with varied skills, 10201
use & implementation of computers & computer-based learning materials in social work education, 9736
use of computer programs in demonstration of visual perception phenomena, college students, 5611
use of Datalogger software tool for study of human-computer interaction, 14480
use of Gabor wavelet decomposition in computer software to generate complementary gray-scale images for study of spatial localization & orientation sensitivity of visual perception, 10243
use of multidimensional signal detection analyses computer program to test perceptual & decisional separability & independence, 10241

use of musical instrument digital interface to measure motor timing, college students, experimental replication, 41045
user input & software development, public service organization administrators & supervisors, England, 43934
video compression technology & image processing software for tracking eye movements, implications for visual perception research, conference presentation, 25199
Virtual Academy educational software using Internet based role playing games in multiuser domains, computer human interface & design of technology mediated constructivist learning, 13718
Visual Basic based Bivariate Agreement Program computer software for analysis of psychological assessment & simulation of normal distribution at various correlations & univariate scores, 10237
Windows-based Compu-Grid repertory grid analysis software program, 10562
World-Wide Web software features & review of steps required to set up Web server on microcomputer & use in conducting research, conference presentation, 34132
Computer Training—Serials
cognitive abilities & computer experience & training, computer attitudes & word processing acquisition, male vs female 58–83 yr olds, 3524
computer training through behavior modeling vs self paced study vs lecturing, performance & skill demonstration, novice computer users enlisted in Navy, 13924
computer tutoring based on adult learning, attitudes toward & amount of time for computer use & perception of skills learned, female human service program managers, 13565
descriptive vs text guided vs pictorial guided vs online tutorial instruction, ability to perform automatic teller machine transactions, 61–81 yr olds, 28299
instructional design & short term memory in learning to use computer program, 1st yr trade apprentices, Australia, 2862
Myers-Briggs Type Indicator types & reasons for working motivation profiles & career path choices, software developers in high-tech software companies (mean age 28 yrs), UK, 37156
pretraining computer self efficacy, learning outcomes & self concept changes in computer skills, 18–40 yr olds with physical disabilities, 2090
role of critical thinking in integration of human service practice & information technology within social work education, 9711
school information technology culture & curriculum, computer application skills & attitudes, pre-clinical medical students, England, 9700
training in computer networks & software, social work students, Romania, 9729
use of representation categories of action & icons & symbols for effective computer learning & instruction, 36973
Computerized Databases [See Databases]
Computers [See Also Analog Computers, Computer Games, Digital Computers, Microcomputers]—Serials
addictive use of the Internet, commentary, 26617
attitudes toward & satisfaction with current system, desire for participation in computer information system redesign, computer using personnel, 28194
cognitive spontaneity & computer anxiety & attitudes toward computer use, 22–53 yr old managers & professionals, 33833
compulsive computer use, male college student, case report, 22695
computer & cognitive psychology & feminist theory of embodiment & masculine morphology, 17554
computer interface design & access, elderly & other people with special needs, 10207
computer use & attitudes, visually impaired secondary school students & teachers, Japan, 9978
computerization, job content & performance & perception of effectiveness of change & training & computer related stress, employees in municipal planning & decision making occupations, 10124
feasibility & capacities of collecting data by Internet direct mailing, adult Internet users, 41589
goal of workmanship & mastery of computational capabilities during computer involvement & diffusion of identity, excessive computer users, 10193
interdependence vs separate identity, team affiliation with computer, college students, 14068
mouse & trackball position, electromyography assessed muscle tension levels, college students, 40688
PC activity, TV usage, child & adolescent & adult members of households, 29699
proof of ability of computers to think based on human cognition as computer, implications for cognitive science, 14102
quiet wakefulness vs concentrated attention in performance of monotonous work with display, temporal course of visual EPs in frontal area of left hemisphere, 18–25 yr olds with high vs low amplitudes, 11071
sex & computer experience, mental rotation ability on computer game, college students, 21334
sex, computer usage & attribution for success or failure with & attitude toward computers, 5th graders, 37075
use of computer networking in human services, 9422
Concentration—Serials
concentration problems, classroom based preventive intervention for aggressive & shy behavior, urban 1st graders, 9959
demographic & neuropsychological & medical & affective & personality variables, memory & concentration, hemodialysis patients, 5175
imitation vs concentration on faces, facial recognition & memory, college students, 10721
item analysis & internal consistency reliability of Seashore Rhythm Test, assessment of nonverbal auditory perception & attention concentration deficits, adults with vs without brain damage, 34039
quiet wakefulness vs concentrated attention in performance of monotonous work with display, temporal course of visual EPs in frontal area of left hemisphere, 18–25 yr olds with high vs low amplitudes, 11071
relationship between absorption & social desirability & global distress & psychological & somatic symptoms, patients with psychological & medical conditions at a behavioral medicine clinic, 42144
snoezelen & hand massage/aromoatherapy & relaxation & active therapy, concentration & responsiveness, 23–62 yr olds with profound learning disabilities, 39864
Concentration Camps—Serials
biographical account of & analysis of social & psychological climate of Nazi concentration camps by Bruno Bettleheim, 28370
patient's concentration camp survival, demanding & belligerent & irritating behavior & staff reactions, depressed inpatients & staff, 16912
psychoanalytic interpretations of experience in & outside concentration camps during Holocaust, child Holocaust survivors, 3717
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Serials
abstract reasoning task performance on Halstead Category Test, schizophrenic vs brain damaged patients, implications for conceptual learning, 30976
acquisition of concepts organized by arbitrary vs positive vs negative automatic vs controlled prototypes about simulated social group, 17–32 vs 60–79 yr olds, 7332
adult-like formation of perceptually based categorical representations & underlying organizational structure of animal pictures vs artifacts involving novel categories & exemplars, 4 mo olds, 7209
age, comprehension of prior knowledge vs intention vs failure to recall vs desire components of forget in 4–5 vs 6–8 yr olds, England, 34799
age, understanding of historical time as assessed with placement of historical pictures, K–6th graders, 11327
anthropomorphism in God concepts as representation of conceptualization of nonnatural entity, college students, 14582
attitudinal favorability & attribute-level complementarity of modifier brand, concept formation for composite brand extension, college students, 14051

changes in knowledge about chemistry, 15–18 yr old 10–12 grade students, Spain, 37029
changes in thinking about nature of scientific investigation during elementary science methods preservice course, student teacher, implications for science teaching, 2165
collaborative consultation intervention, acquisition of basic concepts, kindergarten students, 13702
community based literacy instruction, language & conceptual development, Head Start parents & 1–3 yr olds, 1760
comparison & construction & nominal metaphor interpretation in algorithm-level computational account of concept combination processes, 37737
comprehension of conceptual change learning & teaching, teachers, implications for science teaching, 9897
concept learning & learning strategies in matching to sample task, pigeons, 29077
concept learning paradigm & adaptive network learning model, use & acquisition of abstract intervening concepts, college students, 17968
concept-mapping & 7-theme conceptualization of expectations of elementary school counselor role, parents, Canada, 27951
concept of animacy, 9.5 vs 12 mo olds, Canada, 7269
conceptions of transition to & characteristics of adulthood, 18–23 & 21–28 yr olds, 41613
concepts of heat energy & temperature & conceptual changes resulting from intuition based curriculum, middle school students & scientists & other adults, commentary reply, 17142
concepts of heat energy & temperature & conceptual changes resulting from intuition based curriculum, middle school students & scientists & other adults, commentary, 17148
conceptual distinctions between mass & count superordinate categories & member co-occurrence & temporal proximity & spatial & functional contiguity & interactions & individuation, college students, 10712
conceptualization of trust as situationally specific & negotiated & purposeful in relation to sexual risk taking & condom use within context of AIDS & HIV, heterosexual 22–56 yr olds, 35166
conceptualizations of & coping strategies for uncertainty in decision making in naturalistic settings, army officers, Israel, 25264
connectionism & prototype & exemplar theories & conceptual structure, 28896
consistency of explanations about combustion & processes of conceptual change, 14–15 yr old students, Spain & England, 37048
construction & unification of plurality of ideas on concept of volume, 11 yr olds, Greece, 9932
constructivist & conceptual change theories in consultee-centered consultation & collaboration, consultants & school teachers, 5580
constructivist perspective on validity & reliability of research evidence regarding ideation in chemistry education, children, 2173
continuum between purely isolated & purely interrelated concepts in concept representation & learning, college students, 21413
creation of personal examples vs contrasting vs expanding on effects of target concepts as elaborative activities, concept learning from text, college students, 40425
curriculum & instruction & student–teacher interaction & transformation of knowledge into conceptual understanding of subject matter in mathematics, 4th graders & their teacher, 17157
development & content of conceptions of peace & war & strategies to attain peace, 6–8 yr olds, Netherlands, 3 yr study, 18486
development of concept of word in writing & relationship to developing spelling ability, 1st graders, 5654
development of epistemological beliefs & theories, college students, implications for learning, 37069
development of understanding of biological & psychological change & vitalistic attributions to biological & psychological & mechanical causes, 6.4–7.5 vs 8.4–9.7 yr olds vs college students, 15239
discrimination between multiple & related vs unrelated stimulus components displayed together, concept learning, 4.5 yr olds, comparison of overselection vs concept learning designs, 18521
ERP components in concept formation, prediction of relapse, 19–42 yr olds with schizophrenia, 1.5 yr followup, 7982
establishment of conceptual pact about lexical choice during repeated reference to object in conversation, pairs, 7597
experimenter's instructions & basic vs superordinate hierarchical level & picture vs object stimulus medium, conceptual preference for thematic vs taxonomic relations, 2–5 yr olds, 29834
fallacious argument in science education & social constructivist conceptual change model, 36988
false belief vs desire & perception training, conceptual coherence in theory of mind as intuitive theory, 3 yr olds, 25788
feedback frequency, immediate vs delayed transfer tasks in concept identification, college students, 25317
formal language systems as a framework for constructing theoretically meaningful nominal definitions of marketing concepts, 28265
given vs constructed analogy used in physical science learning, knowledge restructuring, 5th graders, Italy, 9929
identification of important concepts in scientific document indexing, indexers, implications for conceptual & perceptual processing, 17886
intentional-historical theory of nature of concepts & relationship between intuition & art & other artifact concepts, 10683
interpreting goal directed spatial behavior of rational agent, evidence for motor competence, 12 mo olds, Hungary, commentary, 38332
interpreting goal directed spatial behavior of rational agent, 12 mo olds, Hungary, commentary reply, 38318
investigated changes in conceptions about projectile motion using demonstration & text & an appeal to usefulness, preservice elementary school teachers with nonscientific conceptions, 24569
learning conception & problem solving approach & change in novice students' conceptions following teacher training, educational psychology laypeople & novices & teachers & experts & students, Canada, 5647
lexical & conceptual representation in bilingual memory, novice vs expert bilingual college students, 29669
melodic & rhythmic discrimination & classification & development of representations of tonality & meter, 7 vs 9 yr olds, 22056
mental models of atoms & molecules, 8th–10th graders, Australia, implications for chemistry teaching, 2171
misconceptions regarding stoichiometry & chemical equilibrium, college students, South Africa, cognitive developmental implications for teaching science concepts, 17132
multidimensional framework for the interpretation of conceptual change in events in classrooms & epistemological & ontological & social affective perspectives of student knowledge structure & change, 36929
nondifferential reinforcement, judgment of relations between relations, symbolic language-naive vs -trained chimpanzees, 18085
ontological judgments of collections of objects vs numbers & numerals vs number words, 5 vs 19–40 yr olds, 749
operational knowledge of weight concept after introductory vs advanced physics courses, high school & college students, 5593
organization & elaborations of story plots & language skills, conceptual structures of narratives, verbally gifted 6 yr olds, Canada, 7268
overuse of hints & algorithms beyond students' abilities, hindering development of proper referents in mathematical problem solving, 2nd–3rd graders, 24554
patterns & relationships in development of science process skills regarding design of experiments, 7th graders, 17163
perception of control process & device knowledge for opening/closing mechanisms, 6th graders, application of conceptual model of simple control systems, Israel, 22030
performance on California Card Sorting Test, dissociation of verbal & nonverbal concept formation abilities, 46 yr old male with right temporal lobectomy, case report, 12602

performance on conceptual vs perceptual implicit memory tasks, patients with Alzheimer's disease, 4675
prepsychoanalytic narrative in Dante's "The Inferno" as paradigm toward agreed conceptualization of therapeutic alliance, 15779
readiness to change conceptions of motion & force, 6th vs 10th graders, Australia, 37076
role of nominal & cluster & natural causes in conceptions of illness, 4.3–5.4 yr olds vs adults, 11355
scoring student concept maps by comparison to experts' maps, cognitive structure of history knowledge, 11th graders, 9865
semantic & concept & lexical strategy formation, 61 yr old adynamic aphasic patient, 31782
semantic processing, implicit & explicit conceptual memory test performance, 61–77 yr olds with frontal lobe lesions, 26977
similarities in order of development of understanding of conservation concept, blind vs partially sighted vs sighted 4.4–17.1 yr olds, 16415
sociocultural context, development of concept of own vs others' intelligence, 4th–12th graders, India, 18518
standard objection to concepts as prototypes, 10687
successive & progressive conceptual changes in structural complexity of knowledge, male vs female science & nonscience college students, longitudinal study, 40431
types & frequency of alternative conceptions of causes of seasons, preservice elementary teachers, 20510
understanding of nature of science, 12–13 yr olds vs 14–15 yr olds vs 16–18 yr olds, England, implications for science education, 2175
understanding of offspring resemblance to biological vs adoptive parent, adults vs preschool vs 6 vs 7 yr old children, 7279
use of patterns in children's actions to make inferences about development of mathematical understanding, veteran teachers, 20525
Vygotskian perspective on interdependence of thought & language & relationship between school instruction & mental development & application to development of scientific concepts in childhood, 3363
worldview theory & conceptual change model in science education, 2170

Concept Learning [See Concept Formation]

Concept Validity [See Construct Validity]

Concepts—Serials

access to & understanding of concepts & semantic relations, patients with Alzheimer's disease (mean age 68.4 yrs), Finland, 26995
bilingualism & biliteracy, understanding of concepts of print & symbolic function of written language, 4–5 yr olds, 29764
comparison & construction & nominal metaphor interpretation in algorithm-level computational account of concept combination processes, 37737
concept of application as technological vs social process in adult education, 20504
continuum between purely isolated & purely interrelated concepts in concept representation & learning, college students, 21413
critiques of & social science perspectives on World Health Organization's definition of health, 30477
definition of & theoretical issues relating to hope in context of psychiatry, 19738
design vs intentional stances & differentiation of 2 theories of concepts in cognitive psychology, 14600
developmental psychopathological concept of mental disorders, 38879
empirical support for T. Kuhn's accounts of concepts in cognitive psychology, 17882
heuristic framework for concept of cognition & its application to & commentary on concept of experiential avoidance, 34224
implicit & explicit conceptual memory processes, patients with amnesia, 23424
intentional-historical theory of nature of concepts & relationship between intuition & art & other artifact concepts, 10683
metalinguistic knowledge of word, 4–5 yr olds, 11356
nonconceptual content & perceptual experience & subpersonal computational states, 14585
object relations view of sexual arousal & psychodynamics of nonorganic coital pain, females, 319
obsolescence of concept of object in psychoanalytic theory & replacement with persons or subjects as terms that reflect adjustment to postmodern emphasis on ineffability of Other, 22613
prior encoding episode, integration of orthographic & conceptual information during incidental vs intentional retrieval, college students, 10738
problems with definition of concept of primate consortship, male/estrous female rhesus macaque dyads, commentaries & reply appended, 34445
sentences with attitude-value concepts low vs moderate vs high in relatedness & with weak vs strong primes or targets, semantic memory & truth vs falsity judgment & response speed, college students, 17950
structural similarity between domains & metaphorical representations of conceptual structures, 7148
teaching of concepts about argument components & strategy to organize application of components, evaluation of written arguments & improvement of critical thinking, 5th graders, 36965
underlying themes in conceptualization of natural environments, adults, 24880
validity of concept of good life encompassing hedonistic & humanist & dialectical & formalist dimensions, 22–70 yr old husbands & wives, Hong Kong, 34893

Conceptual Imagery—Serials

attachment style, violent imagery in imaginative stories about social situations, male vs female 18–27 yr olds, 3957
conceptual interpretations & memory & motor processes in music performance, literature review, 28821
conceptual vs perceptual false recognition, adult amnesic patients, 36136
connectionist model analysis of factors responsible for emergence of global & basic level category representations in young infants, 43940
interactive demonstration to explain propositional & analogical representation & use in mental imagery, college students, 13713
point light stimuli in which object features must be construed, evocation of conceptual functions, 8 & 11 yr olds & adults, England, 18507
ritualization of vision & openness to expressions of numinosity in life of Ralph Waldo Emerson, implications for appearance of Transcendentalism in US, 18366
sex & sociodemographic factors & maternal personological characteristics & behavior, pretense play as indicator of mental representation development, mothers & their 1st borns (mean age 21.1 mo), 25735
written composition of definitions for concrete vs abstract words, college students, 43643

Conceptualization [See Concept Formation]

Concurrent Reinforcement Schedules—Serials

choice of variable vs fixed ratio reinforcement schedules, pigeons, 14727
concurrent schedule control of observation during auditory vigilance tasks, college students, Japan, 34166
concurrent schedules with different reinforcer components, within-session changes in response rates & time spent responding, rats & pigeons, 14730
concurrent variable-interval reinforcement schedules in operant conditioning, sensitivity to reinforcement in allocation of behavior across alternatives, humans vs nonhuman species, reanalysis, 37716
concurrent VI schedules of reinforcement, response rate, rats vs pigeons, 2933
concurrent VI VI food delivery schedules, undermatching of response & time allocation ratios to reinforcement ratios, domestic goats, 37824
conditioned reinforcement & terminal link stimuli in cued vs uncued conditions, preference in concurrent chains, pigeons, 21488

contingent reinforcer magnitude vs alternative reinforcement, resistance to change in responding, pigeons, replication, 29069
iv cocaine self administration under concurrent VI schedules of reinforcement, rhesus monkeys, test of matching theory, 18353
positive vs negative reinforcement sensitivity, escape-maintained destructive behavior, 7–9 yr old inpatients, 39165
reinforcer quality, resistance to change, male 14 & 16 yr olds with mental retardation & mice, 32159
stimuli-reinforcers interaction model of behavior allocation in 3-alternative concurrent VI reinforcement schedule choice, pigeons, 18052
value transfer in concurrent-schedule discriminations, White Carneaux pigeons, 10792
VI terminal links & modified concurrent chain schedules, preference, pigeons, 2937
3 link concurrent chain reinforcement schedules with additional vs differential stimuli presentations at middle vs end of chain with vs without food, male rats, 18087

Concurrent Validity—Serials

agreement between DSM-IV & DSM-III-R & ICD-10 diagnoses of alcohol & drug abuse & harmful use & dependence, adult respondents of national survey, 25059
agreement of telephone interview & home visit self-reports in assessing activities of daily living difficulty & dependence, 60–75+ yr olds, conference presentation, 40920
anxiety & Type A behavior & concurrent validity of Work Addiction Risk Test, assessment of workaholism, 17–53 yr olds, 17732
cognitions about withdrawal & discriminant validity of Organizational Commitment Questionnaire, air traffic controllers, 28603
concurrent & construct validity of MMPI Immaturity scale, measurement of ego development or maturation, adolescent psychiatric inpatients, 34011
concurrent & construct validity of Outcome Questionnaire, assessment of psychotherapy outcomes, community vs counseling center vs outpatient clinic vs inpatient unit samples with varying diagnoses, 37460
concurrent & criterion validity of Personal Adjustment & Role Skills Scale vs Child Behavior Checklist vs impairment scales of emotional & behavioral problems, chronically ill 9–18 yr olds, 14362
concurrent & predictive validity of MacArthur Communicative Development Inventories Short Form & direct observational measure of lexical production & WPPSI-R, 1.5 vs 2 vs 4 yr olds, 2.5 yr study, 25001
concurrent validity & classification capability of the Perceptual Memory Task, 17–59 yr old former vocational evaluation clients with vs without drivers license, 28484
concurrent validity & reliability of Schedule for Affective Disorders & Schizophrenia for School-Age Children-Present & Lifetime Version, 7–17 yr old psychiatric outpatients, 37442
concurrent validity & reliability of St. Hans Rating Scale vs Abnormal Involuntary Movement Scale, assessment of tardive dyskinesia, male schizophrenic patients, letter, 6053
concurrent validity in screening ability of Slosson Intelligence Test Revised & Stanford Binet Intelligence Scale 4th Ed, mentally retarded 5–69 yr olds, 14315
concurrent validity of Beck Depression Inventory & correlation with generalized anxiety & locus of control & self-concept, college students, 14329
concurrent validity of Beck Depression Inventory vs MMPI Depression Scale vs Rorschach Depression Index, depressed vs nondepressed hospitalized 12–17 yr olds, 2583
concurrent validity of Differential Ability Scales vs WISC-III, assessment of cognitive abilities, 6.2–14.8 yr olds with learning disabilities, 3 yr followup, 6026
concurrent validity of Five Factor Personality Model & FIRO-B & Learning Style Questionnaire, managers & employees, 10394
concurrent validity of information provided by parents vs adolescents vs both on Diagnostic Interview Schedule for Children, assessment of depression & suicidality, 12–18 yr old inpatients & parent, 34013
concurrent validity of Mini Mental State Examination & Mattis Dementia Rating Scale & effects of sociodemographic factors on test result variance, 50–80 yr olds, Austria, 25057
concurrent validity of Minnesota Multiphasic Personality Inventory-2 & Personality Assessment Inventory Spanish versions, Hispanics with behavior or mental disorders (mean age 41.99 yrs), 37434
concurrent validity of MMPI & MMPI-2, prediction of DSM-III-R psychopathology, college students, 99
concurrent validity of MMPI-2, 19–24 yr old Black females, conference presentation, 2618
concurrent validity of Neurobehavioral Cognitive Status Exam subtests, patients from neuropsychologic & geriatric units, 37506
concurrent validity of original & revised versions of Social Problem Solving Inventory, differentiation of high vs low suicidality, depressed 18–24 yr olds, 6022
concurrent validity of PATHOS, measurement of suicidal intent, 13–18 yr olds presenting with overdose, England, 6037
concurrent validity of Pictures of Facial Affect & schematic drawings of facial emotional expressions in label based vs context based administration, accuracy of interpretation, 3–6 yr olds, 14245
concurrent validity of revised Global Assessment of Functioning vs nurses' quality of life ratings, measurement of clinical symptoms vs functioning, 18–65 yr old psychiatric patients, 17666
concurrent validity of self-defeating personality scale & personality disorders inventory, adult male vs female (mean age 19 yrs), 40845
concurrent validity of Shape & Weight Based Self-Esteem Inventory & eating disorder symptomatology & cognitive schemata, female 18–45 yr olds, 17698
concurrent validity of Spanish versions of Mini-Mental State Examination & Mental Status Questionnaire & memory concentration tests, Hispanics with vs without Alzheimers disease, 31896
concurrent validity of Stroke Inpatient Depression Inventory, elderly stroke patients, 2624
concurrent validity of target complaints measure & ability to elicit complaints & sensitivity to client change while in therapy, 18–73 yr psychotherapy clients & therapists, followup, 34006
concurrent validity of the Kaufman Functional Academic Skills Test & the Woodcock-McGrew-Werder Mini-Battery of Achievement & the Wide Range Achievement Test-3, 19–45 yr olds, 40929
concurrent validity of the WISC-III & K-ABC, 6–12 yr olds, 25004
concurrent validity of WAIS-R 7 item subtest short form, patients with closed head injury or dementia, 2651
concurrent validity of WISC-III & Stanford Binet Intelligence Scale-IV, 6–16 yr olds, 5964
concurrent validity of WISC-III vs Stanford-Binet IV, assessment of IQ, 6–17 yr olds, 10375
concurrent validity of 15-item version of Geriatric Depression Scale-Short Form, 17–30 yr olds, 2595
concurrent validity of 5-point clinician rating scales of levels of alcohol and other drug abuse, 23–63 yr old psychiatric outpatients, 17629
content & concurrent validity & factor structure of teacher rating scale, assessment of reactive & proactive aggression & covert antisocial behavior, male 3rd–5th graders, 6017
convergent & discriminant validities of Italian version of Gottschalk-Gleser Content Analysis Scales, measurement state vs trait anxiety & hostility, 19–39 yr olds, Italy, 62
convergent validity of French version of Parenting Stress Index, assessment of maternal depression & marital adjustment & parenting stress & child adjustment, mothers & their 2.7–6.2 yr olds, Canada, 31
convergent validity of Internalizing Symptoms Scale for Children & 3 self-report measures of internalizing problems, 8–12 yr old public school students, 37394
convergent validity of MMPI clinical scales & conceptually similar Youth Self-Report & Profile subscales, 14–18 yr old psychiatric inpatients, 17625

correlation of management capability dimensions & Big Five personality factors & concurrent validity of NEO Personality Inventory & assessor's ratings, managers, 28434
correlations between scales of Eysenck Personality Questionnaire-Revised & Personality Questionnaire & Temperament & Character Inventory, college students, 2567
criterion validity of NIMH Diagnostic Interview Schedule for Children Version 2.3 vs clinician ratings of Epidemiology of Child & Adolescent Mental Disorders Study, 9–17 yr olds & their parents, 6058
development & internal consistency & test-retest reliability & factor analysis & concurrent validity of Multidimensional Hope Scale, 18–89 yr olds with chronic illnesses, 14365
dimensionality & convergent & discriminant validity of Need for Closure Scale & relationship to other similar instruments, student samples & female shoppers, US & Canada, 33987
factor analysis & concurrent & predictive validity of Missouri Addressing Resistance Scale, 21–46 yr olds with relationship difficulties, 21057
floor effect & convergent & discriminant & known-group validities of Bedford Alzheimer Nursing Severity scale, 55–100 yr olds with severe dementia, Italy, 37425
Geriatric Mental State Schedule vs Brief Assessment Schedule Depression Cards vs 5-item Symptom Check List vs geriatrician's diagnosis, screening for depression, nondemented patients, Australia, 89
internal consistency & reliability & concurrent validity of Kansas Marital Satisfaction Scale & Quality Marriage Index, couples, 25015
internal scores per item ratio in subclass independence & concurrent validity tests of 3 paired classroom belief items in Rotter's Internal External Locus of Control Scale, college students, 14251
methodological & conceptual issues in evaluation of Rorschach & MMPI interrelationships, clinical implications, 10443
methodological considerations in MMPI–Rorschach comparison studies, 10455
NEO-Personality Inventory 5 factor model vs Myers-Briggs Type Indicator, measurement of personality, adults, 2536
parent & staff assessment of behavior during medical procedures, 4–7 yr olds, test of concurrent validity of Child Adult Medical Procedure Interaction Scale Revised, 17696
parsimony & heuristic value approaches to evaluation of explanatory models of MMPI–Rorschach interrelationships, 10430
predictive & concurrent validity of Learning Efficiency Test-II, assessment of memory processing, 8.0–10.9 yr olds, 5962
predictive & concurrent validity of Suicidal Ideation Questionnaire Junior High School Version, 13–20 yr old American Indians, 21056
reliability & concurrent & predictive validity of self report measures of health & well being & number of prescription medications & medical symptoms, females aged 70 yrs & older, 40922
reliability & concurrent & predictive validity of Child Behavior Scale, assessment of aggressive & withdrawn & prosocial behaviors among peers in school environments, kindergarten teachers, 5963
reliability & content & concurrent & construct validity of the Social Change Attitude Scale, adults, India, 14223
reliability & content & concurrent & construct validity of American Cultural Literacy Test, assessment of common knowledge of national culture, high school vs college students, 17562
reliability & sensitivity to change & concurrent & construct validity of McMaster Quality of Life Scale, 29–95 yr old palliative care patients, 14282
reliability & validity of Kaufman Brief Intelligence Test vs short form WAIS—R, 19–77 yr old males referred to neuropsychology clinic, 17688
revised Rorschach Depression Index correlations with self report measures of affect & related personality constructs, nonpatient college students, 40872
screening & descriptive & educational value of Slosson Oral Reading Test-R vs Woodcock Reading Mastery Test-R vs Wide Range Achievement Test-R, 19–64 yr old substance abusers, 28486
screening instruments & Mini Mental State Examination vs multidisciplinary panel & team of geriatricians, assessment of capacity to complete advance directives, elderly nursing home residents, 10477
sensitivity & specificity of 5-item Rapid Alcohol Problems Screen, identification of need for intervention or referral for problem drinking, emergency room patients, 20271
stability & concurrent validity of Wide Range Achievement-Revised & Woodcock Reading Mastery Tests-Revised, drug abusers, 2601
test retest reliability & concurrent validity of Spanish version of Mannheim Interview on Social Support, 15–55 yr old psychiatric outpatients, Spain, 37461
validity & reliability of Sense of Coherence Scale vs Defense Style Questionnaire, 19–62 yr old psychiatric outpatients, Finland, 96
validity of Diagnostic Assessment for the Severely Handicapped & correlation with the Aberrant Behavior Checklist, 4–86 yr old severely & profoundly mentally retarded residential patients, 40790
validity of General Health Questionnaire & Beck Depression Inventory vs Schedules for Assessment of Neuropsychiatry, screening for psychiatric morbidity, patients with chronic fatigue syndrome, 2593

Concussion (Brain) [See Brain Concussion]

Conditioned Emotional Responses—Serials

chromosomal loci involved in regulation of contextual & auditory cued fear conditioning, BXD recombinant inbred strains of mice, 29222
d-amphetamine with vs without UCS & preexposure, latent inhibition in conditioned emotional response paradigm, male rats, 29591
facial expression CS sex & age, electrodermal conditioning, male vs female 18–35 yr olds, 18020
glutamatergic input in nucleus accumbens during conditioned emotional response, NMDA receptor blockade & synaptic release of dopamine, male rats, translated article, 11004
hippocampal lesions, Morris water maze acquisition & defensive freezing in conditioned-fear task, C57BL/6J vs DBA/2J vs B6D2F1 male mice, 21673
hippocampal vs cortical lesions, contextual fear conditioning, C57BL/6J vs BALB/c mouse strains, 10934
kainic acid vs carbachol in periaqueductal gray & antero-medial hypothalamus, emotional defensive response & neurotoxic & EEG effects & epileptiform activity & cell loss in limbic cortex, cats, 586
location of basolateral amygdala lesions as major input to nucleus accumbens, latent inhibition assessed in conditioned emotional response & spontaneous vs amphetamine induced activity, male rats, 500
offset of feature trained in serial feature negative discrimination, detection of inhibition of fear potentiated startle, male rats, 18054
remoxipride, latent inhibition in conditioned emotional response paradigm, male rats, animal model of novel antipsychotic drug testing, 41534
white noise vs shock unconditioned stimulus modalities & unilateral vs bilateral pretraining amygdala lesions, conditioned fear, male rats, implications for unilateral temporal lobectomy in humans, 10969
5-HT reuptake inhibitors & agonists & antagonists & diazepam, anxiolytic effects & changes in freezing behavior induced by conditioned fear stress, male rats, 6934
5-HT-1A receptor agonists & partial agonists & silent antagonist vs benzodiazepine receptor agonists, conditioned fear & anxiety, food-deprived male rats pretreated with scopolamine, 18342

Conditioned Inhibition [See Conditioned Suppression]

Conditioned Place Preference [See Place Conditioning]

Conditioned Reflex [See Conditioned Responses]

Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Serials

ability to form elemental & configural stimulus representations through operant discrimination, pigeons, 29079

age & conditioned reflex to complex signal before vs after lesion of sensorimotor region of cortex, 1.5–10 mo old kittens, 29383
AMPA lesions in Broca's band, performance on RT task & acquisition of conditional visual discrimination task, rats, 21679
AMPA receptor-facilitating drug BDP-12, fear learning & level of conditioned fear acquired, male rats, 41515
amphetamine, responding reinforced by the opportunity to run, male rats, application of matching law equation, 38077
antiglucocorticoid properties of dehydroepiandrosterone sulfate, memory of contextual vs auditory fear conditioning, rat pups, 34653
avoidance vs classical contingency training with varied shock CS & tone UCS intervals, learning of leg flexion response, dogs, 344
backward sensory preconditioning, female rats, 367
black vs clear contextual fear conditioning comparison, defensive freezing response, 18 vs 23 day old rats, 14734
body weight, lever press response acquisition in delayed reinforcement procedure, female rats, 18067
c-fos & c-jun gene expression in conditioned defensive reflex, edible snail, 34497
cannabinoid CB1 receptor antagonist & agonist, impairment/improvement in FR scheduled responding & acoustic startle response, male pigeons & rats, 3247
carbacholine in cholinergic system of neostriatum, learned extension of forelimb & conditioned reflex flexion of hind limb & active avoidance in T-maze, dogs vs rats, translated article, 11006
central cholinergic blockade effect of scopolamine, classical conditioning of eyeblink & nictating membrane responses in trace & delay paradigms, male rabbits, 38117
cholecystokinin-A &/vs cholecystokinin-B antagonists, development of conditioned activity, male rats, 21864
cocaine, autoshaped lever touch response acquisition & retention, rats, 29563
cocaine, classical conditioning & behavioral sensitization of motor activity in unbiased conditioned place preference procedure, male rats, 6986
concentration of ethanol concurrently available under FR reinforcement schedules, responding, male rhesus monkeys, 641
conditional delayed response vs delayed CR & retention interval location, proactive interference & short term spatial discrimination accuracy, pigeons, 34399
conditioned defensive reflex vs random unconditioned defensive response, electrical characteristics of defensive behavior command neurons, edible snails, 41391
conditioned reflex switching model, food acquisition & electric shock avoidance, rabbits, translated article, 29074
conditioned reinforcement & terminal link stimuli in cued vs uncued conditions, preference in concurrent chains, pigeons, 21488
conditioning context return after other context extinction, renewal of conditioned taste aversion, rats, 34395
correct motoric CR to tone, delayed food reinforcement & changes in neuron activity in frontal cortex, dogs, translated article, 10968
corticosterone exposure, contextual & auditory fear conditioning, adrenalectomized rats, 34695
creation & intensification of hunger motivational dominant state, formation of motoric alimentary conditioned reflexes, dogs, 6452
d-amphetamine vs SCH 29930 vs sulpiride vs clonidine, unconditioned & food-conditioned locomotor activity, maternally separated rats, 6987
d-fenfluramine & metergoline following amphetamine injection into nucleus accumbens, responding for CR, rats, implications for role of serotonin in incentive motivation, 6888
daily probes of instructive feedback stimuli, response acquisition, healthy or emotionally disabled or learning disabled 10–11 yr old males, 37085
delta opioid antagonist naltrindole, attention-related heart rate orienting & CRs during habituation & conditioned bradycardia, rabbits, 38109
developmental timetable for long term memory for sensitization in gill & siphon withdrawal reflex, juvenile & adult Aplysia, 2942
diazepam cue with yohimbine as UCS in forward vs backward conditioning paradigm, muscular & plus-maze activity & CRs to diazepam, male rats, 3283
diazepam, habituation of fear conditioned acoustic startle & freezing behavior responses, young & adult rats, 15077
differential-reinforcement-of-high- vs low-rate schedule history, variable-interval responding, pigeons, 34383
dynamics of extinction in instrumental alimentary CR, long-trained cats, 29071
emotional consequences of surprising reward omissions, literature review, 34384
environment habituation & amphetamine-induced conditioned activity, male rats, 6813
ethanol, conditioned freezing, rats, 38161
ethanol vs sucrose concentration in sucrose/ethanol vs sucrose solutions, reinforced response behavior, male rats, 29072
excitatory simultaneous & backward fear conditioning, lick suppression & freezing & rearing to CS compounds, rats, 34347
excitotoxic lesions of the insular cortex, acquisition of conditioned immunosuppression, male rats, 10996
extinction in appetitive conditioning, reacquisition of conditioned responding, rats, 10788
feeding & aversive social experiences in presence of humans, approach-avoidance responses to known vs unknown humans, pigs, 10775
functional exclusion of orbital cortex, neuronal activity of tegmentum of midbrain during feeding reflex, cats, translated article, 29271
haloperidol, conditioned eyeblink & hippocampal responses, rabbits, implications for schizophrenia etiology & treatment model, 29612
I. P. Pavlov's transition from study of digestive physiology to psychological study of conditional reflexes, 40766
impulse activity of motor cortex neurons during stages of formation of conditioned reflex food procuring reaction, spatial distribution & other changes of micro & macrostructures, cats, 6603
increasing dose vs chronic naltrexone, ethanol drinking acquisition, established alcohol-drinking C57BL/6J mice vs alcohol-naive mice, 38149
individual differences in conditioned taste avoidance, prediction of place conditioning strength, male rats conditioned with morphine or amphetamine or lithium or fenfluramine, 11218
intragastric maltodextrin Polycose & abdominal vagotomy with intact hepatic branch, carbohydrate-conditioned flavor preferences, female rats, 6671
key peck vs treadle press response type, sensitivity to variation in reinforcer amount & delay, pigeons, application of self control paradigm, 14725
learning trial order, conditional learning task performance, septo-hippocampal lesioned marmoset monkeys, 25489
left vs right frontal vs temporal brain excisions, visuo-motor conditional associative learning, 13–57 yr old patients with epilepsy, 39916
low vs high ethanol dosages, conditioned place preferences, male rats pre-exposed to ethanol vs saline, 21484
measurement-produced stimuli & evocation of previously conditioned behaviors, situation response, 6305
midazolam &/vs flumazenil in nucleus accumbens & striatum & reticular zone, acquisition of conditioned hypoalgesia in hot plate paradigm, male rats, 11150
naltrexone dose, acquisition of voluntary ethanol drinking, male rats, 38089
neuron activity in neostriatum during parallel performance in complex conditioned behavior program, monkeys, 34584
NMDA antagonist MK-801, extinction of nictitating membrane CR performance, rabbits, 605
observation of food reward following demonstrators' treadle depression by beak vs foot, method of observers' response, pigeons, 18091
P-insertion mutagenesis & cloning & learning ability in conditioned defensive response, Drosophila, 34505

pentapeptide YFRKD, 2 step food procuring conditioned reflex during ontogenesis, infant rats, 34702
pretreatment with p-chloroamphetamine, effects of 1-(m-chlorophenyl)-biguanide & ondansetron & tropisetron on CR, male rats,implications for role of 5-HT3 receptors in learning, 6926
prior experience with target &/vs distractor, visual search RT, college students, 14530
provocation frequency & point subtraction in FR reinforcement task, free-operant aggressive responding, male 22–33 yr olds, 37798
psychomotor stimulant response & behavioral sensitization & conditioned locomotion & cocaine habituation and induced seizures, C57BL/6J vs C57BL/6ByJ, mice, 41466
punishment contingency & subsequent unreinforced probes, resurgence of previously established derived stimulus relations, college students, 14619
pyramidal tract responses to CS & UCS, temporospatial organization of membrane-synaptic modifications & topograms of slow oscillations in cortical potentials during learning, rabbits, translation, 29426
quinolinic acid lesions of anterior or posterior cingulate cortex, acquisition & performance of conditional visual discrimination task in early vs late stages of learning, rats, 21621
regular brief exposure to humans vs novel objects vs no exposure, generalization of behavioral responses to human &/vs novel object stimuli, pigs vs beef cattle, 10774
relative stimulus validity, long retention interval between training & testing & conditioned responses & cue competition, rats, 21487
resistance to change in multiple schedules & preference within conditions & subjects in concurrent chains, pigeons, 18059
response to cues & freezing in aversive conditioning context, male rats receiving signaled vs unsignaled footshocks, 18070
revealed operant technique as research tool to study effects of independent variables on internal structure & properties of operant responses, college students, 21211
role of amygdala in expression & acquisition of conditioned & unconditioned fear responses, 41313
scopolamine injection to neostriatum, food conditioned reflex, rats with different levels of operant habit fixation, 34718
serotonin agonists vs antagonists, modulation of discriminative-stimulus responding effects of cocaine, male squirrel monkeys, 41519
sexual arousal paired with nonsense syllables & other relational & equivalence conditioned responding, transformation of stimulus function measured by skin resistance, male 18–23 yr olds, 34626
stimulus & response factors & behavioral sensitization related to apomorphine injection, male rats, 29585
stimulus response in behavior analysis & neural network models of conditioning, commentary reply, erratum, 41196
stimulus response issues in behavior analysis & neural network models of conditioning, erratum, 41197
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25370
stimulus response issues in behavior analysis & neural network models of conditioning, 25363
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25368
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25371
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25362
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25366
stimulus response issues in behavior analysis & neural network models of conditioning & behavioral neuroscience, commentary, 25380
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25390
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25385
stimulus response issues in behavior analysis & neural network models of conditioning, commentary reply, 25364
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25378
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25372
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25384
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25387
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25377
stimulus response issues in behavior analysis & neural network models of conditioning, commentary, 25375
striato-nigro-thalamic mechanisms, organization of motor-feeding & motor-defensive conditioned reflexes, cats & dogs, translated article, 29371
subchronic clozapine vs haloperidol, forelimb force & press-while-licking task duration, male rats, 29621
sucrose & toy reinforcement, lever pressing behavior, rats, test of R. J. Herrnstein's response-strength equation, 29067
synthetic predator TMT vs butyric acid odor, conditioned fear & analgesia responses, male rats injected with benzodiazepine reverse agonist FG-7142, 29561
timing of interfood interval duration, wait time responses, rats, 34367
uncontrollable response contingent vs independent vs no water deliveries, finickiness of quinine vs water ingestive behavior, male Wistar rats, 18055
use of configural theories in prediction of conditioned response to summation of auditory & visual stimuli, rats, 34390
use of connectionist network model in predictive timing in cerebellum for learning & performance of conditioned eyeblink responses, 40723
variable-interval reinforcement & reinforcer duration & opportunity to run, running & response rates, male rats, 34349
within-session patterns of polydipsia & wheel running during operant conditioning, male rats, 18074
3 link concurrent chain reinforcement schedules with additional vs differential stimuli presentations at middle vs end of chain with vs without food, male rats, 18087
5-HT & metergoline injection into nucleus accumbens, response potentiating effect of d-amphetamine or response for conditioned reward, male rats, 6887
8-OH-DPAT vs ipsapirone vs buspirone vs indorenate, ontogeny of conditioned defensive burying behavior at different ages of development, 2–21 wk old male rats, 15055

Conditioned Stimulus—Serials

antagonism of discriminative stimulus effects of benzodiazepine ligands assessed from in vivo animal studies, literature review, 15088
audiovisual CS paired with injections of sodium phenobarbital or water, leverpressing for food pellets, rats, 37822
changes in CS-evoked discharge of single cells in mediodorsal nucleus of thalamus during differential heart rate conditioning, albino rabbits, 37959
chlordiazepoxide vs oxazepam vs flesinoxan vs fluvoxamine, predictive validity & inter-laboratory reliability of fear vs strychnine-potentiated startle response, male rats, 604
clozapine vs fluphenazine, stimulus effects of serotonin agonist m-chlorophenylpiperazine in vivo vs in vitro, rats, animal model for subjective effects of psychotropic agents, 15030
conditioned & unconditioned stimuli, appetitive motivation & cardiac response, adult male rats, 34372
conditioned vs unconditioned stimulus, long-term retention, rats, 21491
contextual change & retention interval, temporal discrimination & suppression to CS duration, male rats, 29070
contextual CS vs opportunity to copulate as appetitive UCS, sexual behavior toward taxidermic model female, male Japanese quail, 37827
CS as invariant feature/element in complex stimulus configuration & exposure to indirect CS-UCS co-occurrences, observational evaluative conditioning, adults, 6365
CS summation in autoshaping, pigeons, 18076

direct stimulation of mossy fibers to cerebellum as CS, latency of conditioned eye-blink response, decerebrate ferrets, 37847
dopamine ligands, stimulus effects of amphetamine, animal models vs human laboratory data, literature review, 25561
excitatory simultaneous & backward fear conditioning, lick suppression & freezing & rearing to CS compounds, rats, 34347
extinction treatments in appetitive conditioning, integrity of Pavlovian stimulus outcome associations, male rats, 10765
facial expression CS sex & age, electrodermal conditioning, male vs female 18–35 yr olds, 18020
follicular vs luteal phase of menstrual cycle, discriminative stimulus effects of ethanol vs neurosteroid allopregnanalone, cynomolgus monkeys, 25578
genetics & sensitization & conditioned stimuli & etiology of PTSD based on findings of sensitivity to loud sounds, 31071
inhibitory properties of conditioned stimulus-alone extinction, male rats, 18046
nicotine antagonist dihydro-beta-erythroidine, locomotor activity & discriminative stimulus & operant response rate effects produced by & dose response curve for nicotine, male rats, 25618
NMDA antagonists, conditioned lever-press retention, male BALB/c vs C57BL/6 mice, 41492
observation of food reward following demonstrators' treadle depression by beak vs foot, method of observers' response, pigeons, 18091
olfactory CS & acoustic startle UCS with vs without electric shock UCS, conditioned heart rate response, 10 vs 12 vs 16 vs 75 day old rats, 29059
opioids with mu & kappa opioid receptor activity, discriminative stimulus & subjective effects, laboratory animal models &/vs human data, literature review, 25569
paired vs unpaired conditioned stimulus & aversive unconditional stimulus, fear-potentiated startle reflex, college students, 41414
pairing of novel sucrose CS & Ketaset-Rompun anesthesia US, development of conditioned taste aversion, male adult rats, 37839
positive & negative valenced CS & CO2-enriched air UCS, respiratory behavior & somatic complaints, 20–57 yr old psychosomatic patients, experimental replication, 39400
role of images of CS & UCS in human classical conditioning, literature review, 34267
serotonergic mechanisms, discriminative stimulus & reinforcing & subjective effects of cocaine, animals vs humans, literature review, 25624
serotonin agonists vs antagonists, modulation of discriminative-stimulus responding effects of cocaine, male squirrel monkeys, 41519
serotonin 1A receptors, discriminative stimulus effects of chlordiazepoxide or bretazenil, rats, 6851
simultaneous or serial feature-negative discriminations, effects of context switch on inhibition conditioning, male rats, 21502
spatial contiguity between Pavlovian CS & UCS, ring doves, 18047
stimulus competition between antecedent conditioned & simultaneously subsequent unconditioned events, rats, implications for Pavlovian conditioning, 25367
temporal order in training or biological significance, differences in processing representations of CSs & UCSs, adult rats, 18060

Conditioned Suppression—Serials

attention vs emotion, time course of prepulse inhibition of startle eyeblink reflex EMG, college students, 6803
behavioral inhibition & anxiety sensitivity, high vs low test-anxious college students, reanalysis, 3903
chlordiazepoxide & buspirone & cocaine, lever pressing suppressed by timeout from response-dependent pellet presentation, male rats, 41537
common vs unique elements of contextual stimuli acquisition of inhibitory properties in differential context reinforcement, rats, 10778
context place cues, blocking contextual conditioning, rats, 34397
electrolyte lesions of medial prefrontal cortex, conditioned inhibition & extinction of freezing & fear potentiated startle, male rats, 37966
excitatory simultaneous & backward fear conditioning, lick suppression & freezing & rearing to CS compounds, rats, 34347
inhibitory properties of conditioned stimulus-alone extinction, male rats, 18046
length of retention interval, blocking in stimulus selection, rats, implications for selective memory vs selective associations, 360
Pavlov's use of R. Heidenhain's explanation of hypnosis in development of concept of inhibition & theory of higher nervous activity, 18263
proboscis-extension conditioning & UCS intensity, odorant mixture blocking & unblocking, honey bees, 21509
qualitative UCS change, conditioned barpress suppression, rats, 34352
rebound effects in impression formation & assimilation & contrast effects following intentional suppression, adults, 22484
simultaneous or serial feature-negative discriminations, effects of context switch on inhibition conditioning, male rats, 21502
stress induced by footshock in chamber with metallic grid floor, conditioned suppression of motility & striatal dopamine release, male rats, 468
visual UCS with vs without CS, operant task response suppression, college students, Spain, 34301

Conditioning [See Also Autoshaping, Aversion Conditioning, Classical Conditioning, Conditioned Stimulus, Operant Conditioning, Place Conditioning, Preconditioning, Unconditioned Stimulus]—Serials

abrupt aversive systemic bodily responses in fear acquisition & extinction, college students, 18245
AMPA receptor-facilitating drug BDP-12, fear learning & level of conditioned fear acquired, male rats, 41515
application of psychobiological animal conditioning model to amnesic category learning, test of hippocampal-region function theory, implications for human amnesia & learning, 21495
between-group vs within-subject vs intermodal vs intramodal procedures, blocking & UCR diminution of skin conductance response, adults, 6205
bimodal compound vs cross-modal transfer of learning, postoperative visual & auditory relearning, rats with visual decortication, 6682
biological model of acute & chronic drug administration tolerance based on learning, implications for drug sensitivity & vulnerability to addiction, 16088
circling training & resulting motor performance, expression of muscarinic acetylcholine receptors in developing striatum, rats trained at 20–60 days of age, 29304
cognitive factors & conditioning variables, anticipatory nausea & vomiting symptoms, 6–18 yr old cancer patients with postchemotherapy nausea & vomiting, 24059
cold shock before vs after conditioning, associative learning & memory processes, worms, 34381
complex visual pattern learning ability, rats, 18058
conditioned blocking & relationship to personality & monoamine metabolism, 8–12 vs 12–16 vs 16–19 vs 18–26 yr olds, 3327
CS as invariant feature/element in complex stimulus configuration & exposure to indirect CS-UCS co-occurrences, observational evaluative conditioning, adults, 6365
deprenyl vs amphetamine enantiomer dose, nonactivity periods & locomotion & stereotyped head movements & active avoidance & place preference conditioning, rats, 7096
direct traumatic conditioning & systemic alarms in etiology of phobias, 19232
electrolyte lesions of medial prefrontal cortex, conditioned inhibition & extinction of freezing & fear potentiated startle, male rats, 37966
environmental conditioning, induction of nicotine sensitization of locomotor activity & stereotypy & nucleus accumbens dopamine release, male rats, 11191

flavor preference conditioning, postlunch caffeine-paired target drink consumption & mood dip alleviation, 18–23 yr old caffeine users vs nonusers, 7046
functional inactivation of lateral & basal nuclei of amygdala by muscimol infusion during fear conditioning, learning, male rats, 38139
glutamate receptor subtype-specific vs NMDA receptor-specific agonists, context-conditioned behavioral sensitization to glutamate transmission in nucleus accumbens, cocaine pretreated male rats, 18270
hyperbolic-decay model in prediction of choices & fixed delays & conditioned reinforcement, animals, 34380
in vitro conditioning, new learning & excitability of B cell & distribution of protein kinase C, Hermissenda, 38063
injections of phencyclidine vs MK-801 vs 3-((+)2carboxypiperazin-4yl)propyl-1-phosphate into various sites of nucleus accumbens & frontal cortex, lever press behavior, rats, 6846
intermodality change stimulus & habituation & training trials, electrodermal orienting & allocation of processing resources, 17–41 yr olds, 6798
lysine deficient diet & activin vs follistatin vs inhibin infusion into lateral hypothalamic area, motivation to barpress for diet completion, male rats, 29298
midazolam, acquisition of conditioned analgesia & enduring naloxone reversible analgesia & reversal with flumazenil, male rats, 15043
olfactory bulbectomy & shock stress, acoustic startle reflex sensitization, male rats, animal model of depression, 21675
percent reinforcement as predictor of anticipatory nausea, 30–59 yr old breast cancer patients, 16762
pilocarpine with methylscopolamine, retention of leverpressing response & acquisition & reversal of visual discrimination task, rats with lesions of nucleus basalis magnocellularis, 29392
potentiated phototactic suppression from compound conditioning & neurophysiological excitability changes in Type B & A photoreceptors, nudibranch mollusk Hermissenda, 29413
potentiation of phototactic suppression from chemosensory stimulus during compound conditioning, nudibranch mollusk Hermissenda, 29414
psychostimulant effects of diethylpropion, behavioral sensitization in conditioned locomotion & rearing & defecation & catecholamine levels, rats, 18330
reward vs punishment, academic achievement, extraverted vs neurotic 14 yr old males, 37032
same physical stimuli in different learning & conditioning situations, neuronal activity in limbic areas, rabbits, implications for use of context cues in mnemonic retrieval, 18155
sc vs olfactory bulb injection of ritanserin or sc 2,5-dimethoxy-4-iodophenyl-2-aminoproprane hydrochloride, 5-HT-2 receptor mediation of conditioned olfactory learning & preference, rat pups, 15059
scout recruitment & conditioning during foraging, acceptability of unfamiliar food, leaf cutter ant workers, Costa Rica, 10845
session length, spatial associative memory task for food reward, pigeons, 14741
Skinner's discussion of Pavlov's theories of conditioned reflexes as learned behavior, conference presentation, 20940
stimulus-response vs constructivist learning, priorities of global environmental issues, college students, Taiwan, implications for education & policy & management, 17476
temporal relationship between visual vs auditory imprinting stimuli, acquisition of visual preference, chicks, 37829
tone-dependent fear conditioning, heart rate & behavior, male mice, 38066
training in discrimination of bilaterally symmetrical vs nonsymmetrical patterns, learning & generalization of symmetry or asymmetry, bees, 10770
Type II glucocorticoid antagonists, contextual fear conditioning, rats, 34694
verbal stimuli with emotional content in odd-ball conditioning & extinction, P300 recordings from Pz & Cz & C3 & C4, early-phase traumatic coma patients (mean age 35 yrs), 31879

Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Condoms—Serials
acceptance of sexuality & encounter control & perceived susceptibility to sexually transmitted diseases & self-efficacy, condom use, female undergraduates, psychosocial model of condom use intentions, 41935
actor vs observer attitudes toward carrying and using condoms, male vs female 14–20 yr olds, Australia, 18589
affective & cognitive & global attitudes about condom use & previous sexual behavior & prior & intended condom use, college students, 41938
AIDS & condom related knowledge & beliefs & behaviors, Mexican migrant laborers, Mexico & US, 26917
AIDS-related information & condom eroticization & normalization & communication skills vs information only, AIDS-related knowledge & condom attitudes & use, heterosexual female 18–32 yr olds, followup, 27605
AIDS-related knowledge & condom use & risky sexual behavior & commercial sex patronage, young males, Thailand, 30290
background characteristics & sexual relationships & condom use & risk perception, 18–30 yr old female bar workers, Tanzania, 41947
belief in responsibility for condoms & susceptibility to HIV infection & skills in condom use, sexually active African American & Hispanic 15-24 yr old males, intervention implications, 4594
changes in multiple &/or risky sexual partners & condom use & HIV testing, heterosexual 18–49 yr olds, 2 yr study, 18786
community level HIV prevention program, use of bleach for needle cleaning & condom use, iv drug users, 16790
conceptualization of trust as situationally specific & negotiated & purposeful in relation to sexual risk taking & condom use within context of AIDS & HIV, heterosexual 22–56 yr olds, 35166
concern about HIV & AIDS & predictors of condom use, Dominican vs Puerto Rican females who knew or suspected that their partners had other partners, 4591
condom-present vs condom-absent narrative scripts, sexual arousal, college students, 15530
condom use & distribution for prevention of HIV infection, respondents, Uganda, letter, 36024
condom use attitudes & HIV-related risk behaviors, 16–70 yr old heterosexual African American males, 18789
consistent vs intermittent condom use & sexual activity, incidence of sexually transmitted disease, pregnant HIV seropositive vs seronegative urban females, 1989 vs 1993, Malawi, prospective study, 8530
counterbiasing information on condom use, reduction of social desirability bias in self reported condom use, adults, implications for health-care marketing, 11630
cultural factors of traditional gender-role beliefs & sexual coercion & sexual comfort & condom social norms & self-efficacy, condom use, 18–49 yr old Latino men, 41944
demographic & AIDS risk & lifestyle variables, engagement in anal sex & use of condoms, 18-84 yr old heterosexuals, implications for AIDS prevention, 5225
demographic & psychological & behavioral factors related to HIV risk & sexual behavior, need for intervention focused on condom & risk sensitization & safe sex norms, gay & bisexual males, 5229
demographic variables & sexual orientation & condom use & sexual act preference, epidemiology of HIV & syphilis, male commercial sex workers, Thailand, commentary reply, letter, 4503
development of Sex & AIDS Thought Scale, relationship of condom use & perceived partner HIV serostatus during insertive & receptive intercourse, gay males, 2662
effectiveness of HIV sexual risk reduction interventions in increasing condom usage, females, literature review, 20142

ethnicity & sex & previous & intended condom use & attitudes toward condoms vs oral contraceptives, 18–48 yr old college students, 18779
evaluation of community HIV prevention program & correlates of change in condom use with main vs nonmain partners, adult females at risk for HIV infection, 3 yr study, 27589
expected consequences & social support & self efficacy, intentions to use condoms, college students, application of health belief vs reasoned action vs social cognitive theory, 18798
fertility status & demographic & sexual partner & health variables, condom use for contraception &/or sexually transmitted disease prevention, divorced or separated female 20–49 yr olds, 9318
frequency of protected vs unprotected heterosexual behavior during pregnancy, incidence of perinatal transmission of HIV-1, HIV-1-infected females & their infants, 31678
heterosexual behavior & condom usage & awareness about STDs & AIDS, 15–60 yr olds from lower class, India, 38610
HIV risk behavior & stages of change for condom & needle behavior, adult injecting drug users, 27584
information provided by peers vs schools & committment level of relationship, intention to use condoms, sexually inactive male 12–19 yr olds, 15312
intentions to use condoms for birth control vs AIDS prevention, 14–25 yr olds, Germany, hierarchical model application of theory of planned behavior, 35165
multicomponent intervention, condom use & prevention of sexually transmitted diseases, sexually active unmarried female college students, 1955
outcomes of sex education programs & effectiveness of "just say no" approach & condoms, adolescents, literature review, 24575
perceptions of prevalence of condom use & sexually transmitted disease acquisition, 12–15 yr old females with vs without sexual experience, 38404
practice & pleasure & danger perceptions of protected vs unprotected anal sex, 30 yr olds & younger vs over 30 yr old gay males, Belgium, 30291
psychometrics of National Institute of Mental Health multisite condom use self-efficacy & outcome expectancy scales, 18–58 yr olds from geographically diverse sexually transmitted disease clinics, 34052
psychosocial & behavioral factors, condom use, 18–63 yr old foreign tourist males & 18–44 yr old female prostitutes, Indonesia, 30288
reading erotic condom use vs no condom use vs nonerotic condom use stories, attitudes & intentions toward condom use, college students, 7571
reasons for abstinence & safer sex & unprotected sexual intercourse, 16–18 yr olds, 22112
recent sexual activity & condom use, HIV seropositive patients, letter, 8528
relationship status & technical vs communication skills training, HIV-preventive condom use self efficacy & intentions & behaviors, college students, 3 mo followup, 20140
safety of negotiated sexual agreements regarding condom use with regular vs casual partners, 17–69 yr old gay males in HIV– concordant regular relationships, Australia, 30266
school-based early intervention sex education program, use of condoms & other contraceptive methods, high school & college students, Norway, 5602
self approval & partner reaction outcome expectancies, condom use, predominantly African American 18–44 yr old patients of sexually transmitted disease clinic, 7568
sexual behavior & condom use & attitudes toward HIV/AIDS & homosexuality, gay vs bisexual males, 41949
sexual risk & other risk behavior & condom use vs unprotected sex & exposure to street outreach services, HIV risk, 12–23 yr old injection drug users & high risk youth, 12507
skill based intervention, condom use, high risk heterosexually active 14–19 yr olds in detention vs health clinic, 32746
sober vs alcohol vs placebo condition, HIV behavioral skills & condom attitudes, unmarried heterosexual men (mean age 24.9 yrs), 41958
social & cognitive factors, consistent condom use & safer sex intentions, heterosexual college students, implications for HIV educational interventions, 24082
stage of change & cognitive & demographic variables & intervention group & chance of HIV infection & number of sex partners, change in condom use, crack smokers & drug injectors, 6 mo followup, 27587
use of condoms at sexual activity onset, later safe vs risky sexual behavior, Black 14–18 yr olds, implications for condom distribution & prevention of HIV & sexually transmitted diseases, 11474
use of Transtheoretical Model of Change as alternate behavior change paradigm for understanding condom use behavior, 43282
vaginal dryness during sex, condom use & breakage, female HIV/AIDS peer educators who were commercial sex workers, Zimbabwe, 23316
validity of measures assessing decisional balance & self efficacy for condom use, females at high risk for HIV infection vs college students, 23985
100% Condom Program with advertising, condom use & reduction of HIV transmission, commercial sex workers, Thailand, 5239

Conduct Disorder—Serials

ADHD & conduct disorder, juvenile delinquency, 31379
adult mental health & illegal behavior & relationship & family formation, 14 yr old females with depression vs conduct disorder, 7 yr study, 26337
aggression & conduct disorder prevalence & background characteristics, runaway & homeless 12–19 yr olds, 8081
alcohol or drug or tobacco use during pregnancy, diagnosis of conduct disorder or substance abuse after pregnancy, 13–17 yr old mothers, 19316
carbamazepine, overt aggression & psychiatric symptoms & cognitive effects, 5.3-11.7 yr olds with conduct disorder, 5002
childhood vs adolescent onset of antisocial behavior & conduct problems, temperament & violent crime & school leaving & other antisocial behaviors, males studied from 3 to 18 yrs old, 31241
cognitive & affective components of empathy, male vs female 14–17 yr olds with conduct disorders, 8091
comorbidity of DSM-III-R Axis I & Axis II disorders, 12–18 yr old inpatients with ADHD or conduct disorders or substance use disorders, 35413
comorbidity of major depression & conduct disorder, child & adolescent psychiatric inpatients, 11906
comorbidity with conduct disorder or ADHD, patients with bipolar illness, 26473
conduct disorder & antisocial personality disorder & substance abuse & depression & demographic characteristics, 18–85 yr old primary care patients, 42417
conduct disorder & depression & separation anxiety & suicidal behavior, urban minority 13–14 yr old psychiatric inpatients, 31195
conduct disorders & acting out behaviors in coping with negative affect, male children & adolescents, commentary, implications for diagnostic & therapeutic focus, letter, 8085
demographics & behavioral & social contextual variables & individual or family therapy outcomes, children with conduct &/vs emotional disorders, 19084
depressive vs conduct vs comorbid disorders, social competence & self-esteem, 8–13 yr old psychiatrically referred youths, 5 yr study, 38870
distinguishing dysphoric vs nondysphoric conduct disorder based on familial psychopathology & psychosocial functioning & comorbidity, ADHD 6–17 yr olds witn vs without bipolar disorder, 4 yr followup, 42592
divalproex sodium, marijuana use, 15–18 yr olds with conduct disorders, letter, 24304
DSM-IV criteria for & developmental pathways to & individual factors influencing development & continuity of conduct disorder, 35716
DSM-IV vs DSM-III-R criteria for conduct disorder & oppositional defiant disorder, implications for school mental health teams, 4232

early antisocial behavior, use of DSM-III-R & DSM-III criteria for identification of conduct disorder, 10 yr old females followed since kindergarten, Canada, longitudinal study, 4304
efficacy of adolescent version of Substance Abuse Subtle Screening Inventory, assessment of unacknowledged substance abuse, adolescent criminal offenders (mean age 15.35 yrs) with conduct disorder, 31388
environmental factors & parent & child characteristics that contribute to development of conduct disorder & an early intervention prevention model, 39152
frequency of sexual assaults & unwanted sexual contact, occurrence of conduct & somatic & emotional disorders & suicidal gestures & attempts, 7th–12th graders, Canada, 31171
genetic & environmental influences, etiology of & risk for conduct disorder, 27–90 yr old male vs female vs unlike-sex twin pairs, Australia, 31265
genetic vs environmental factors, comorbid hyperactivity & oppositional & conduct disturbance, same vs mixed sex 8–16 yr old twin pairs-590 06, 11862
history of conduct disorder & associated psychopathology & family psychiatric history, symptomatology & comorbidity & response to tricyclic antidepressants, patients with major depression, 7931
hospitalization & placebo treatment, aggressiveness, 9.8–17.4 yr olds with conduct disorder & chronic & severe aggression, 31969
hyperactivity & aggression & chaotic social & communicative interaction, children with ADHD &/vs conduct disorder, 26365
issues in identifying thresholds for classification of childhood conduct disorder & ADHD, 6–16 yr olds, 26340
issues in identifying thresholds for classification of childhood conduct disorder and ADHD, 6–16 yr olds, commentary, letter, 35406
level of urbanization, prevalence of conduct problems, 13-19 yr olds, Norway, 4302
lithium carbonate, 12–17 yr old inpatients with conduct disorder, 31252
methylphenidate &/vs desipramine, behavioral symptoms & mood, hospitalized 7–12 yr olds with ADHD &/vs mood disorder & conduct or oppositional defiant disorder, 12951
multimodal day treatment program, self-perception & peer relations & academic performance & behavior, 5–12 yr olds with ADHD or conduct or oppositional defiant disorder, 5 yr prospective study, 40138
oligoantigenic diet vs methylphenidate, behavior, 6–12 yr olds with hyperactive-disruptive behavior disorder, 42892
oppositional defiant disorder & conduct disorder & attention deficit disorder, 6–17 yr olds, 4 yr followup, 7785
parent management & problem solving skills training & functional family & multisystemic therapy, children & adolescents with conduct disorder, 27131
parent vs child vs parent & child training treatment interventions, 4–8 yr olds with conduct disorder & oppositional defiant disorder & their parents, longitudinal study, 19761
parental alcoholism & abusive parenting practices, codependent feminine vs conduct disorder masculine coping style, 16–18 yr olds, 26680
patterns of familial association between ADHD & conduct disorder & oppositional defiant disorder & adult antisocial personality disorder, 6–17 yr old males with ADHD, 4 yr study, 35412
pemoline, ADHD symptoms, male adolescents with conduct & substance use disorders in residential substance use program, 16978
personality dimensions, prediction of adolescent substance misuse, 13–19 yr old males with conduct disorder & their mothers, 39143
preadolescent conduct disorder behavior, prediction of relapse & progession of adolescent drug & alcohol addiction, 13–18 yr olds, 2 yr followup, 8272
prevalence of ADHD & comorbid conduct disorders, 1st–4th graders with disruptive behavior, implications for intervention research, 19082
psychosocial & neurodevelopmental & cognitive correlates & comorbidity of hyperactivity & conduct disturbances, male school children, Hong Kong, 11849
reliability of MMPI, differentiation of comorbid symptoms, depressed 14–17 yr old inpatients with vs without conduct disorder, 11968
risk & development & characteristics, children with conduct disorder & their parents & families, literature review, 19287
risk factors & treatment intervention histories for antisocial behavior, incarcerated vs conduct disordered male adolescents in treatment, 16042
Rorschach variables, 13–17 yr old males with conduct disorder with vs without psychopathy, 35741
sex, stress & coping, 14–17 yr olds with vs without conduct disorder, 16022
socialization mechanisms of negative reinforcement & affect dysregulation in family interaction, child antisocial behavior, 6–13 yr old males with conduct disorder & their families, 2 yr followup, 26630
sociodemographics & psychosocial adversity & conduct disorder & alcohol or substance dependence & depression, interactions with their 2–24 mo old infants, 15–20 yr old mothers, 15805
structural equation modeling for assessment of comorbidity of conduct & affective disorders, 15-16 yr olds studied from birth, New Zealand, longitudinal study, 3999
structure of & interventions in group therapy with large groups of disturbed/conduct disordered adolescents, 23765
theory of mind & social impairment, 6–12 yr olds with conduct disorder, England, 16020
token economy vs cognitive modification, learning problems & conduct disorder, 8–12 yr olds, 32164
unemployment after school leaving, rates of major depression & anxiety & conduct disorder & nicotine & alcohol & other substance dependence & suicide attempts, 18 yr study, New Zealand, 35414
use of combined informants for measurement of conduct & oppositional disorders, 6–16 yr olds, 16035
validity of antisocial personality disorder & childhood conduct disorder subtypes, adults with schizophrenia or schizoaffective disorder & a substance abuse disorder, 39053

Cones (Eye)—Serials
blue cone photoreceptor responses to light flashes on full-field electroretinograms, recently withdrawn cocaine-dependent patients (mean age 34.6 yrs), 35819
cocaine craving, blue cone b wave electroretinogram responses, patients with cocaine dependency, 4352
persistence of blue cone retinal function, cocaine-withdrawn male adults, 8 wk study, 31335
2-stage model of cone & post-receptoral sampling of motion reversal effect in peripheral vision, adults, 14515

Confabulation—Serials
cognitive & memory deficits underlying confabulation, 48-yr-old male with anterior communicating artery aneurysm, 39516
confabulation & frontal lobe function & impaired perfusion of medial diencephalic & orbital & medial frontal cortex, female 32 yr old with alcohol induced Korsakoff's amnesia, case report, 12585
confabulation in recall narratives, schizophrenic patients, 22854
premorbid personality, symbolic aspects of confabulation, brain injured patients, 12691
strategic retrieval from semantic vs episodic memory on cue-word test, 37–76 yr old confabulating vs nonconfabulating amnesic patients, 39534

Confidence (Self) [See Self Confidence]

Confidence Limits (Statistics)—Serials
binomial distribution method & use of F tables, derivation of confidence intervals for proportion of domain mastery in criterion referenced mastery measurement contexts, students, 2714
combined Brunswikian & Thurstonian stochastic components of judgment, conference presentation, 40958
confidence intervals in estimation of population parameters, 34101

development & psychometric characteristics of Somatoform Dissociation Questionnaire, 20–57 yr olds with dissociative disorder vs 16–79 yr olds with other psychiatric diagnoses, 14330
method for handling non-constant variance & computing confidence intervals for biweight midregression lines with heteroscedastic error term, 162
methods of testing empirical size & coverage & power of confidence intervals of Spearman's rho, 37551
null hypothesis significance testing vs interval-based estimation, social science data analysis, 28629
options for determining confidence intervals & conducting significance tests for intraclass correlation coefficients, erratum, 10576
over- & underconfidence & random error, probability judgment methodology, adults, conference presentation, 40953
overconfidence in empirical data as systematic bias in judgment or artifact due to presence of error, college students, conference presentation, 40954
statistical population parameters, Kendall's tau confidence intervals, 34099
Confidentiality of Information [See Privileged Communication]
Confirmatory Factor Analysis [See Factor Analysis]
Conflict [See Also Arguments, Riots, Violence, War]—Serials
adolescent—parent conflict, male vs female 7th vs 9th vs 12 graders, Hong Kong, 3495
age, levels & determinants of perceived family support & conflict, noninstitutionalized physically disabled 18–91 yr olds, Canada, 8500
agreement between ratings of maternal support & restrictive control & parent–adolescent conflict, African American mothers vs adolescent daughters & African American vs non-African American Os, 11576
analysis of origins of conflict in former Yugoslavia, G. H. Hofstede's theory on differences between national cultures, 22250
anthropology & intergroup conflict based theoretical model of top management team culture clash in mergers & acquisitions, 13990
assessment of & change in personal conflict & attitudes & values & beliefs, psychotherapy, pre-treatment vs post-treatment vs long-term abstinent alcoholics, 14270
assessment of degree & structure of interpersonal conflicts before vs after psychotherapy, 42 yr old female with tension headaches, 23628
attribution based model of conflict escalation as consequence of nonverbal status displays, 17526
avoidant vs ambivalent attachment orientation, perceptions of dating partners & relationships following discussion of major vs minor problem, 17–23 yr old males vs females, 11662
cardiovascular & behavioral & cognitive & affective response to interpersonal conflict, 18–25 yr old males from families from different levels of cohesion & adaptability, 15584
characteristics of conflict & autonomy & self-regulation, mothers & their 10–12 & 13–15 & 16–17 yr olds, 41696
choice alternative comparison vs independent evaluation & effects on approach-approach & avoidance-avoidance choice conflicts, 21346
clinical & systemic & interpersonal dynamics of conflict & wish for consensus in treatment teams, therapists treating severely mentally disturbed patients, 42887
closeness & rivalry & power in sibling relationship, loneliness in late adolescence, college students, 25898
conflict & cooperation in decision making, managers, US vs Japan vs China, 10076
conflict between working press & academic psychologists & suggestions for effective collaboration, conference presentation, 24470
conflict emotions during peer disputes, 4–5 yr olds, 11421
conflict in cooperative problem solving knowledge-based systems for building design, 20900
conflict interpretation & conflict management objectives & resolution expectations & contextual features of dispute, undergraduates & their disputants, 7628
conflicts & related outcomes & family expectations for performance & personal advantages, family vs nonfamily members in small family-owned vs non-family-owned businesses, 43804
continuity of conflict and compromise formation from infancy to adulthood, 25 yr old female assessed since 1.5 yrs of age, case report, 29898
coping with military vs family conflict, career military servicemen & their families, Israel, 24816
cost/demand analysis in international dispute challenges & reciprocation, 35216
cross situational patterns in coping with observed interpersonal conflict, 4th & 5th & 7th & 8th graders, 3470
cultural paradigm to explain primal violence & conflicts from ethnic & cultural differences, 35016
custodial arrangements & parental conflict following divorce, children's adjustment, literature review, 29939
defense & conflict & regression in structural model, Anna Freud's psychoanalytic theory of normal vs pathological childhood development, 22615
density, inter-sexual conflict over mating, male vs female water striders, 10857
developmental suggestibility effects & reasoning about conflicting mental representations, 3–5 yr olds, 15258
distinctiveness of prejudice-related conflict with Blacks, White college students, 3596
dyadic negotiation or competition in potential conflict situations, friendship continuation, 8-yr-olds, 41707
dynamic response paths over time to workplace conflict, professionals, 24772
emotional moderation, physiological responses during interpersonal conflict, Chinese American vs European American dating couples, 41995
emotional responses to adult–adult & mother–girl & mother–boy arguments, 7–9 yr olds from low vs high conflict homes, implications for role of marital conflict & distress, 35072
errors in perceptions of construal, reactions to hypothetical trade union/management conflict over contract, union representatives vs MBA students, 33612
E's conflicting & nonconflicting angry & happy emotion communications about novel toy, reactions to toy, 10 mo olds, 11423
ethnic conflict approach to understanding relevance of culture for political psychology, 35131
external events in Belfast & paramilitary symbolism & identification with paramilitary groups, fantasy content, children with emotional problems, Ireland, 19117
factor analysis of Conflicts and Problem-Solving Scales, assessment of interparental conflict, effect on child adjustment, couples & their children, 14269
factors influencing perpetrator use of mitigating & aggravating account strategies in face threatening predicaments, male vs female college students, 3811
faculty's collective influence over school policy & autonomy of individual teachers in classroom, conflict among teachers & students & administrators, high school teachers, 13678
family size & age spacing, sibling relationships & conflict, children, 3459
goal orientation & place dependence & interference attribution, setting vs activity based goal interferences, helicopter skiers vs winter backcountry users, 15576
goal–subgoal conflict, planning ability in 3D Computerized Tower of Hanoi problems, patients with unilateral prefrontal cortical neurosurgical lesions vs temporal lobectomies, 42823
grooming during anticipation of conflict related to feeding, prefeed association/grooming patterns & spatial proximity, chimpanzees, 21563
hostile conflict within family, efforts to establish autonomy and relatedness in parental interactions, psychiatrically impaired vs healthy adolescents studied at 14 vs 16 yrs old, 30649
ideological assumptions on truth & adversarial confrontation & rhetoric in meaning of naturally occurring social arguments, males vs females, 993

imagined vs knowledge of real ideological differences with partner, conflict escalation & resolution in negotiations, adults, 7618
importance of intersubjective dyssynchrony & conflict & resolution during 1st yr of life to parent–child relations & infant development, research review, 18421
incidence & order of occurrence & correlates of strategies used in ordinary interpersonal conflict, college students, 14165
income level, expressed conflict & attitudes towards mother vs father, 15–18 yr old males vs females, India, 15315
integrating vs dominating vs obliging vs avoiding conflict styles, effectiveness & fairness & efficiency in role play negotiation with win-win potential, college students, 17525
integrative & distributive & avoidance conflict management styles & problem source vs problem analysis approach for characterizing conflict, college students in small task-oriented groups, 22426
interethnic conflict in way of life approach to pluralism in educational curriculum, 33439
intergroup conflict & evolution of mutual cooperation & defection vs partial cooperation in iterated prisoner's dilemma simulation of election of representative, 38660
internal cohabitation theory & resistance & conflict in patient–therapist collaborative relationship, therapeutic tasks, patients in cognitive behavioral therapy, conference presentation, 39704
interparental conflict & internalizing & externalizing problems, 5–18 yr olds, meta analysis, 38846
interpersonal & marital conflict & work stress & other psychosocial factors, prediction of work disability, 24–64 yr old employees, 6 yr followup, Finland, 13950
interpersonal conflict & press, perspective-taking, college students, 1028
intrahippocampal vs ip NMDA antagonist CGP 37849 vs strychnine-insensitive glycine receptor partial agonist 1-aminocyclopropanecarboxylic acid, performance in conflict drinking Vogel test, rats, 15081
intrapersonal & interpersonal family & therapist dynamics of therapist-client conflict & strategies to assist in conflict analysis & resolution, 12868
issues in social conflict & partisans' judgments of opponents' attitudes & positions, 30431
kernel images & rhetorical visions & understanding intercultural conflict, Native & White Americans, 7461
marital conflict & mother–son aggression, level of aggression & depression & dislike by peers, mothers & their male 7–9 yr olds, 15303
model for visitor responses to outdoor recreation conflict, implications for planning & visitor information strategies, 15598
national & local & cable network & independent superstation TV news broadcasts, content analysis of amount & type of violence & conflict & suffering portrayed on TV, 21971
nonstandard measures for social field concept, fundamental interpersonal own vs other judgment processes in face to face bargaining & conflicts & power, male vs female group members, 15592
norms for cultural conflict communication, US American vs Mexican personnel in maquiladoras, Mexico, 5786
outgroup evaluation & leisure activity identification & amount of experience & participation, sensitivity & attributions regarding conflict with other group, 18–80 yr old mountain bikers vs hikers, 15595
perceptions of conflicts & problems resulting from llama use & attitudes toward social acceptability, llama packers vs backcountry visitors to national park & forest, 15569
post-conflict vocal reconciliation, female baboons, Botswana, 10881
prior victory or defeat & size & prior residency, conflict outcome, unacquainted male green swordtail fishes, 10803
psychodynamic approach to case formulation & treatment planning with emphasis on role of conflict & integration of cognitive & behavioral strategies, 24 yr old male, case report, commentary, 32080
psychological understanding of political conflict in Northern Ireland, implications for related impact on mental health of citizens, 18747
psychology curricula in peace & conflict education, application of accommodation vs assimilation model, 20560
recent interpersonal conflict at work, psychiatric morbidity, 24–64 yr old employees, 4–6 yr followups, Finland, 11857
relationship between interpersonal conflict & differences in social values, hunters vs nonhunting visitors to public mountain area, 15603
relationship between taking conflict personally & conflict style, college students & employees, 33649
relaxation vs hyperventilation, anxiety sensitivity & physiological arousal & interpersonal functioning in conflict situations, low vs high anxiety sensitive female 17–43 yr olds, 11647
reliability & validity of Children's Action Tendency Scale, assessment of behavior in conflict situations, Latino 11–15 yr olds, use in social work practice with Latino 6th–7th graders, 10381
reliability & validity of Children's Perceptions of Interparental Conflict Scale in late adolescence, perceptions of interparental conflict & adjustment, 17–21 yr olds, 33975
reliability of automated information coding for mapping contentiousness & coerciveness & change goals & other aspects of mass political conflict & civil society, 4 countries, 1984–1994, 38473
responses to peer conflicts involving rights infraction, well vs low accepted 4th & 5th graders, 34915
risk propensities of partners, level of conflict in negotiation, adults, 7610
role of conflict & aggression in development of small group, 30365
scenario analysis as tool for evalutaion of culturally related conflict, exposure of hidden assumptions & misattributions, professionals & graduate students, US vs Japan, 30391
serotonin receptor antagonist, suppressed & unsuppressed responding in rat Geller Seifter & marmoset conflict test, rats, conflict models of anxiety, 6945
sex & persistent annoyance, level of escalation in responses of & toward groups vs individuals, college students, 15588
social identity approach to crowd behavior & collective conflict, 7629
social psychological dimensions of political conflict resolution, Philippines, 18753
sport aggression & competition & moral reasoning & masculinity in study of conflict & peace, 24800
stability & problems & conflicts & violence, cohabitating lesbian & gay couples, 22381
superordinate group vs subgroup identification, evaluation of justice & instrumental vs relational issues in conflicts with authority, Asian vs Hispanic vs European vs African American workers, 18848
teacher-child relationship dimensions of closeness & dependency & conflict, early school adjustment, full-day kindergartners & teachers, 43654
third party sensemaking in interpersonal conflicts in workplace, 13989
time pressure & politeness of request, mitigating responses & compliance, male college students, Japan, 3760
top- & bottom-down use of global vs local knowledge & interaction & organization of discourse, redressive strategies in conflict management, preservice teacher & supervisor, 21963
total student body approach to peer mediation training, constructive conflict resolution, 3rd–5th graders, 2172
trade-off size & reference dependence, decision difficulty in multiattribute settings, college students, 2806
use of "who would find you" question to identify interpersonal conflict & support in assessment of suicidal children & adolescents, 39149
validity of Flinders Decision Making Questionnaire, assessment of coping with decisional conflict, college students, Hong Kong vs US vs New Zealand vs Taiwan vs Australia vs Japan, 33984
willingness to accommodate & belief in just world & age of couple, marital satisfaction & perceived conflict, 20–81 yr old married couples, 3622

women's perceptions of social support vs conflict with mothers & close friend & partner, postabortion adjustment, 14–40 yr old females who had 1st trimester elective abortions, 35277
work related cultural assumptions & resultant conceptualizations of job behaviors & conflict, Chinese vs American personnel in Chinese restaurant, US, 33674
Conflict Resolution [See Also Mediation]—Serials
age & gender, aggressive vs prosocial vs withdrawal reactions to conflict situations, 11 vs 14 vs 17 yr old students, Finland, 40450
arbitration condition & risk taking propensity, bargaining behavior, college students, 7596
bridge-burning tactics of & bridge-building dialogue suggestions for Christian psychologists & biblical counselors, 36567
case characteristics, perceptions of & preferences for adjudication vs arbitration vs mediation in dispute resolution, college students, 17512
coalitions & group influence approach to conflict management in organizational buying, 17385
collaboration behavior & ideological reconciliation models in resolving disputes through dialogue in abortion issues, 37343
conflict handling behaviors toward spouses vs supervisors, married male vs female subordinates, Turkey, 10106
conflict interpretation & conflict management objectives & resolution expectations & contextual features of dispute, undergraduates & their disputants, 7628
conflict level, effects of interactive negotiation support system on issues resolution & satisfaction, manufacturing bargaining dyads, 22422
conflict management style with supervisors vs subordinates vs peers, intrapersonal vs intragroup vs intergroup experience of conflict & job satisfaction & individual outcomes, managers, 2285
conflict resolution & peer mediation in schools, literature review, 33497
conflict resolution & peer mediation training, integrative vs distributive negotiations & attitudes toward conflict, 6th–9th graders, 13699
conflict resolution training integrated with English literature study, academic achievement & negotiation mastery & retention & application, 9th graders, Canada, 40400
contribution of psychodynamic insights & theory & therapeutic processes to nonviolent conflict resolution & other political processes, 11600
couples vs gender specific group intervention, spouse abuse & conflict resolution & relationship, 19–46 yr old probationers with vs without alcohol abuse & their partners, 6 mo follow up, 16545
cross cultural differences in conflict management, identification of emic & etic styles, literature review, 30119
cross cultural model of organizational development & change, transferability of Hawaiian "ho'oponopono" for conflict management, 20794
cultural & sociopolitical influences & sources & management of ethnic conflict, Somalia vs Fiji, 3595
cultural differences in power distance & individualism & masculinity & uncertainty avoidance in managerial intervention in conflicts between subordinates, Japan vs US, 33681
dependence power & legitimate authority, tactics choice in subordinate vs superior conflict, adults, 988
episodic model for planning use of power reserves, application to conflict management, 30376
Euro-American assumptions about psychological services to simplify intercultural conflict management vs chaos & complexity theory with goal of tolerance of ambiguity, migrants, 13260
evolution of problem-solving & psychosocial approach to conflict resolution, 18854
exchangeability hypothesis vs arbitration theory to explain arbitrators' selection of similar awards in final offer arbitration process for major league baseball, 14166
exposure to unresolved vs resolved interadult arguments, distress responses, male vs female 4–5 yr olds, 18557
face maintenance dimensions & conflict styles, college students, US vs Japan vs China vs South Korea vs Taiwan, application of S. Ting-Toomey's conflict face negotiation theory, 3772
failed attempts to influence outcomes of children's conflicts, parents & 2–5 yr olds, Canada, 38574
family strengths relative to coping & health & adaptability & conflict management, family members with seriously or persistently mentally ill relatives, 15865
government agencies as mediators in public policy conflicts, 14167
imagined vs knowledge of real ideological differences with partner, conflict escalation & resolution in negotiations, adults, 7618
impact of power asymmetry on dynamics of conflict, goals of unofficial 3rd party intervention in protracted intergroup conflict, Arab & Jewish educators, 20928
implementation of peer mediation program, conflict resolution, middle school students, 33580
importance of intersubjective dyssynchrony & conflict & resolution during 1st yr of life to parent–child relations & infant development, research review, 18421
incidence & order of occurrence & correlates of strategies used in ordinary interpersonal conflict, college students, 14165
individual interpersonal negotiator skill level & dyadic negotiator relationship, outcome of simulated international conflict negotiation, adults, Australia, 15605
influence strategy mix in resolving preference discrepancies in home purchase, husband-wife dyads, 3620
integrating vs dominating vs obliging vs avoiding conflict styles, effectiveness & fairness & efficiency in role play negotiation with win-win potential, college students, 17525
intentionality vs expected future interaction vs consequences vs power differences, dispute resolution procedure preferences, college students, 30349
internal consistency reliability & rater bias & method variance & convergent & discriminant validity of peer vs self ratings for MODE vs ROCI-II conflict management instruments, college seniors, 5938
interpositions & potential role in conflict resolution, mountain gorillas in bimale groups, 21586
intervenors in disputes & criteria for intervention, parents vs friends, 7617
intrapersonal & interpersonal family & therapist dynamics of therapist-client conflict & strategies to assist in conflict analysis & resolution, 12868
issues in diversionary conflicts & externalization of domestic unrest, initiation of force at international level, 25971
issues in group processes in resolution of international conflicts & Israeli–Palestinian case, 22427
issues in Japanese community & organizational mediation, 26163
issues in measuring operationalization of enduring international rivalries & issue settlement & measurement of rivalry termination & model of rivalry duration, 25965
legislation permitting or mandating use of parent education of reduction of conflicts & court rules & voluntary programs for nonadversarial environment, divorcing & separating parents in state courts, 10323
national policy & local power imbalances, conflict management in federal forest management, Forest Service personnel vs timber industry representatives vs environmentalists, 33815
nondirective process in deescalative intervention, management of conflict between health care teams, mental health facility personnel, Netherlands, 33273
open classroom meetings, promotion of values conducive to peace & conflict resolution, 2nd–5th graders, 33493
peer mediation training program, academic achievement & conflict management, 1st–9th graders, application to nonschool settings, 24570
people's conciliation & its structure & process & connection to the party & ideology & state & community & social consciousness, China, 17528
perceptions of power & political behavior & conflict resolution processes & policy goals addressing forest conflict, 1992–94, Canada, 33819

personality predispositions, priorities of human value types, 16–49 yr olds predisposed to violent vs nonviolent methods of conflict resolution, 22550
phenomenological analysis of relationship between forgiveness & reconciliation & methodology of N. Fow, 19028
preferences for & choice of dispute resolution procedure, complainants vs respondents, college students, 7626
presence vs absence of integration of conflict resolution training in academic literature unit & cooperative vs individualistic learning, conflict resolution & performance, 7th–8th graders, Canada, 17208
prosocial instruction, leadership & conflict resolution, students in 1st vs 3rd vs 6th grade physical education classes, 27974
psychoticism, effect of prolonged exposure to gratuitous film violence on acceptance of violence in conflict resolution, male vs female college students, 30555
rationale & methodology for & evaluation of teaching problem solving approach to international conflict resolution, college students, application to intergroup & interpersonal conflict, 22206
research & teaching & social action, establishing culture of peace, psychologists & UNESCO, 18670
resource availability, conflict & resolution strategies vs prosocial task related behavior & attainment, same sex dyads of African American 3.2–5.2 yr olds in preschool centers, 778
role of voice in conflict resolution & judgment of procedural fairness, college students, 3743
social acceptance, aggressive problem-solving & behavior, male vs female 14 yr olds, Finland, 11461
social psychological dimensions of political conflict resolution, Philippines, 18753
social-psychological model for redefinition of "ripeness" in conflict resolution theory & practice, 20927
sociopsychological processes in local government project & establishment of Peace Zone, war refugees in citizen based peacemaking during protracted war, Philippines, conference presensation, 35019
test of model of international communication factors to promote closer ties between US & Brazil, college business students, Brazil, implications for conflict management, 14164
training in negotiating integrative agreements to own conflict & mediating classmates' conflicts, 2nd–5th graders, 11443
use of coercive & negotiating strategies in conflict resolution & child's use of similar strategies with peers, mothers vs fathers & their 6 yr olds, 15456
validity of Conflict Resolution Model, agreements in implementation of integrative conflict resolution process, adults in trained-trained vs trained-untrained vs untrained-untrained dyads, 22421
violence prevention curriculum with trained peer leaders, aggressive behaviors & knowledge about violence & conflict resolution skills & self efficacy & attitudes, 6th graders, 20562
war & peace & conflict resolution attitudes before vs after ceasefire, 14–15 yr olds, Northern Ireland, 29899

Conformity (Personality)—Serials

age, social conformity behavior in perceptually unambiguous tasks, 3–17 yr olds, Australia, 25908
authoritarianism & conformity & value orthodoxy, self reported misconduct, law enforcement officers, 38770
collectivistic attitudes & moral reasoning, Asian vs European-American 23–57 yr olds, 42071
dependency leader & disciplinarian & conciliator & nonconformer role scripts, college students in self analytic groups, test of theory of stages & central roles & social realities in group development, 3752
extraversion & neuroticism & psychoticism & reactive vs proactive rebelliousness, appreciation of soft nonrebellious vs hard rebellious rock music videotapes, male vs female adults, 18994
family environment & social conformity, internalization of sociocultural standard of thinness as related to bulimia nervosa, college women, 19481
high vs low incentives for accuracy in more vs less difficult task, social influence of inaccurate confederates, college students, 11680
individualistic vs collectivistic orientation & parents' socialization orientation, 21 yr olds from Greek vs Italian vs Anglo families, Australia, 41721
peer pressure & creativity, conformity & prosocial/antisocial tendencies, 17 yr olds, 18584
relationship between creativity & prosocial behavior & conformity & motivation, 17 yr old male & female students, 25885
sacrifice behavior & group cohesion & conformity to group norms, 16–43 yr old male team cricket players, New Zealand, 43850

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism, Microcephaly, Prader Willi Syndrome, Spina Bifida]—Serials

constructions of choice in aftermath of positive prenatal diagnosis of fetal anomalies, pregnant females & their partners, 20193
corrective surgery, coping & psychosocial functioning, 9–38 yr old males with hypospadias vs inguinal hernia, Netherlands, 36623
demographic & clinical & CT scan variables & positive family history, minor physical anomalies, 16–70 yr olds with functional psychoses, England, 1294
development of formal aspects of Hebrew morphology & syntax, infants with congenital brain pathologies, 4 yr follow up, Israel, 16344
genetic counseling & screening for cystic fibrosis, health concerns & plans for sperm aspiration from epididymis or in vitro fertilization, male 28–46 yr olds with congenital absence of vas deferens, 13188
genital perception following surgery, male 9–38 yr olds treated for hypospadias, 20096
grief severity 6 mo after child's death, mothers vs fathers whose infants were admitted to pediatric surgery intensive care unit with congenital anomalies, 31597
health care & school/development & social & other events, sorrow & intensity of mood states, 20–47 yr old mothers vs fathers of 7–75 mo olds with neural tube defect, 8606
laterality of dermatoglyphics on hands as genetic sign of right hemisphere dominance, 3–10 yr olds with Williams syndrome, Russia, 35966
minor physical anomalies in schizophrenia & other psychiatric disorders, implications for neurodevelopmental model of schizophrenia, 4172
misdiagnosis of Gaucher's disease as major depression, 20 yr old White female, case report, 23243
retinoid excesses or deficiencies, frequency & type of congenital anomalies, Ashkenazi probands with schizophrenia & their relatives, implications for neurodevelopmental disorders, 7960
Standard Pseudoisochromatic Plates-Part 2 vs Part 1, screening for congenital red-green color vision deficiencies, 4–74 yr olds, Canada, 2513
vulnerability to environmental risk factors for psychopathology, 17 yr old males with minor physical anomalies, 30693

Congenitally Disabled—Serials

haptic exploration of gradient textures, congenitally blind 8–24 mo olds, 31933

Congenitally Handicapped [See Congenitally Disabled]

Conjoint Measurement—Serials

conjoint models of tourist portfolio choice, tourists, Netherlands, 43861
self explicated preference structure measures vs customized conjoint analysis, job choice prediction, college students who have not chosen a job, 33754

Conjoint Therapy—Serials

configurational analysis of conjoint family therapy session, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother, 43027
couples vs gender specific group intervention, spouse abuse & conflict resolution & relationship, 19–46 yr old probationers with vs without alcohol abuse & their partners, 6 mo follow up, 16545
transition from anger & blame to empathy in conjoint family therapy session, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother, 43052

use of Temperament & Character Inventory, psychiatric assessment & case formulation, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother in conjoint family therapy, 40819

Connectionism—Serials

Artificial Life approach to connectionism to address different aspects of language, 41576
capability of connectionist models of learning default categories & generalization of inflectional morphology, 3304
connectionism & prototype & exemplar theories & conceptual structure, 28896
connectionism & systematicity, 25255
connectionist artificial intelligence model in psychoanalysis, 15776
connectionist framework & weight adaptation in multilayer perceptron incremental information structure of supervised learning network, 17497
connectionist model analysis of factors responsible for emergence of global & basic level category representations in young infants, 43940
connectionist model of acquistion of English past tense, children, commentary, 17502
connectionist model of conscious & unconscious mental activity in Freudian case study of hysteria, commentary, 14115
connectionist model of conscious & unconscious mental activity in Freudian case study of hysteria, 14111
connectionist model simulating alexic case mixing & covert lexical recognition, implications for alexic patients, 14113
connectionist modeling of emotional distress & attentional bias in Stroop test, 14112
connectionist models of brain & psychological function relevant to psychiatry, 14114
connectionist vs convolution approaches to modeling human memory, 2434
current research & types & future directions of connectionist neural network transfer processes, 33853
development of limited capacity metaphors to explain performance limits & multiple resources assumption & connectionist notions of confusion & interference, conference presentation, 28885
high vs low linguistic competition, learning of gender appropriate adjectives to nouns, college students with vs without foreign language experience, test of connectionist network, 685
learning compound classification, performance on reversal & single & double previously relevant & irrelevant dimension shifts, college students, application of AMBRY connectionist model, 28960
morphological priming & standard & masked fragment completion & memory, connectionist approach to cognitive modeling, undergraduates, 28882
neural network connectional models of developmental changes, children, 28341
role of covert semantic classes, overgeneralization of reversive prefixes in neural network, children, 24912
symbol systems vs situativity theoretic approaches in cognition studies, 10257
Target Event Cue Object connectionist theory, explanation of recognition failure & free recall & cued recognition exceptions, 18003
visual recognition & segmentation of handwritten words & digits & processing by connectionist network governed by procedural controller, 17504

Connective Tissues [See Bones]

Connotations—Serials

importance of emotional connotation dimensions of evaluation & activity & potency in speech perception & access of words from general lexicon, college students, 37731

Conscience—Serials

development of moral valuation in authority & self & peer derived social reference, conceptualization of conscience, 5–17 yr olds, 7374
linking remembered & current attachment experiences to moral belief system & identification of stages of conscience conceptualization, 5–17 yr olds, 41738
philosophical perspective of naturalized ought & "God given conscience" for human morality & sense of fairness & self interests, 29656
temperamental inhibitory or effortful control, conscience development, toddlers (mean age 32.9 mo), 4 yr study, 34922

Conscientiousness—Serials

conscientiousness & psychiatric symptomatology, patients with depression, Canada, 6 mo followup, 30816
conscientiousness dimension of five-factor personality model & driving accident involvement, drivers, 3872
extraversion & conscientiousness personality traits & small group composition & process & performance & outcome, graduate students, 22414
MMPI-2 measurement of conscientiousness factor of NEO Personality Inventory, college students, 5979
neuroticism & conscientiousness, renal deterioration time as influenced by quality of self care, 24.5–59.3 yr olds with insulin dependent diabetes & end stage renal disease, 16739

Conscious (Personality Factor)—Serials

contribution to evolving concept of conscious & unconscious self, C. Jung, 11793
influence of F. Brentano's thoughts on unity of consciousness on C. von Ehrenfel's theory of higher order & cross modal perceptual gestalt, 2459
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary reply, 18987
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary, 18988
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary, 18972
intuition as form of esoteric knowing vs phenomenological interpretation of intuition as accessible to conscious understanding, counselors, 23663
issues in forgetting & disregarding & other selective activities of body & brain & consciousness according to W. James, 42115
issues of countertransference as inspired by T. J. Jacobs's "The Use of the Self", 22627
personal narrative account of language development & cognitive & sensory experience of consciousness, H. Keller, implications for cognitive psychology, 25166

Consciousness Disturbances [See Also Delirium, Hypnosis, Place Disorientation, Sleep Disorders, Suggestibility, Time Disorientation]—Serials

construct validity of Comprehensive Level of Consciousness Scale, patients with impaired consciousness (mean age 40.6 yrs), 10474
gravity-induced loss of consciousness, instrument flying performance, Canadian Forces pilots, 10161
life review program & status as program veteran, disorientation & social interaction & self esteem, nursing home residents, 20265
transient sensations of impending loss of consciousness, 33–75 yr old patients & doctors, 19508

Consciousness States [See Also Awareness, Wakefulness]—Serials

activity in deep midtemporal cortex & 1st & 2nd visual cortex regions, implications for neural correlates for consciousness, 6616
age norms & perception of appropriate ages for filling major social roles, implications for social structure & consciousness, conference presentation, 3569
age vs loss of consciousness vs time after injury, impaired attention in executive processes, 14–61 yr olds with mild closed head injury, 16380
analysis of blindsight & role in understanding consciousness, 25175
argument for similarities of motives & goals of A. N. Leontiev & L. S. Vygotsky & Leontiev's use of Vygotsky's ideas to explore human consciousness & collective activity, commentary, 17544
argument for similarity of motives & goals of A. N. Leontiev & L. S. Vygotsky & Leontiev's use of Vygotsky's ideas to explore human consciousness & collective activity, 17540

assessment of human machine interactions, theoretical model representing consciousness/environment interactions with quantum wave mechanics, application to human health, 29007
breath reductions & skin conductance responses & heart rate deceleration as markers of Transcendental consciousness vs other meditation experiences, adults practiced in Transcendental Meditation, 18262
Cartesian theater vs multiple drafts model of consciousness of subjective timing & redrafting process, commentary, 328
childhood & adolecent abuse & neglect & dissociative episodes & absorption & mysticism, 22–51 yr old female outpatients, 19090
chronic fluvoxamine treatment, hormonal & psychological responses to buspirone, 22–41 yr old males, 15000
conditions of & conscious & unconscious memory processes leading to gender biases in fame judgments, college students, commentary reply, 14588
conditions of & conscious & unconscious memory processes leading to gender biases in fame judgments, college students, 14589
conditions of & conscious & unconscious memory processes leading to gender biases in fame judgments, college students, commentary, 14593
conscious & preconscious processing of threatening words in masked modified Stroop paradigm, 17–60 yr olds with vs without motor vehicle accident experiences with vs without PTSD, 19234
demand features of interview vs questionnaire assessed subjective psychological states, 18–56 yr olds, 170
development & aspects of consciousness, infants, 22057
developmental theories vs microgenetic framework, subjective timing of cognition & consciousness in brain, commentary, 326
dialogical approach to consciousness as awareness of other's uniqueness & partnership of existence, 18884
DSM–IV postconcussional disorder vs American Congress of Rehabilitation Medicine mild traumatic brain injury criteria, implications for loss of consciousness diagnosis, 26852
dualistic philosophy of interdependent & simultaneously existing realities of consciousness & matter, aspects of temperament, 22–28 yr olds, India, 19001
evolutionary & phylogenic basis & neuroanatomical brain changes & consciousness states & near death experiences, 29020
explanation of subjective timing by Cartesian theater vs multiple drafts model of consciousness in brain, commentary reply, 325
frontal lobe & autonoetic consciousness, episodic memory, adults, 25322
general anesthesia, memory for pre- vs intraoperative presented words, 18–66 yr old surgical patients, Netherlands, 14634
gravity induced loss of consciousness, total & regional cerebral blood flow during recovery, male baboons, 551
heart rate & hypnotic susceptibility & prior experience, flowlike states during exercise, circuit trainers (mean age 25.5 yrs), 17413
immediate awareness & consciousness hypothesis of mental occurrence in W. James' "The Principles of Psychology", 18026
information processing functions & mediating neural systems of comparator system hypothesis for generation of primary awareness & consciousness, commentaries & reply, 462
Jungian theory of psychological types & application to Kantian transcendental subjectivism & theory of archetypes & introverted communication, 11820
long-term potentiation & spatial learning, awake mice lacking cell-adhesion molecule Thy-1, 38016
nature of & confusion between phenomenal & access consciousness & neuronal mechanisms of states of being conscious, commentary, 34319
nature of & confusion between phenomenal & access consciousness, commentary reply, 34305
nature of & confusion between phenomenal & access consciousness, commentary, 34315
nature of & confusion between phenomenal & access consciousness, commentary, 34313
nature of & confusion between phenomenal & access consciousness, commentary, 34306
nature of & confusion between phenomenal & access consciousness, commentary, 34311
nature of & confusion between phenomenal & access consciousness, commentary, 34309
nature of & confusion between phenomenal & access consciousness, commentary, 34308
nature of & confusion between phenomenal & access consciousness, commentary, 34317
nature of & confusion between phenomenal & access consciousness, commentary, 34314
nature of & confusion between phenomenal & access consciousness, commentary, 34318
nature of & confusion between phenomenal & access consciousness, commentary, 34321
nature of & confusion between phenomenal & access consciousness, commentary, 34320
neurobiology of consciousness, 29006
neuropsychic & psychobiological levels & recurrent self organization of human endo-systems, involvement & commitment in communication & interactive consciousness, 7637
nondual principle of self organization underlying information flow between inner & outer world of endo-systems & recurrent vectors of causality, implications for interactive consciousness, 7123
object perception & recognition model for scientific study of consciousness, 34312
presence of "ejective consciousness" & nonconscious mental occurrences in theory of W. James, 30580
psychoanalytic aspects of relation of hierarchical brain function & development of human behavior regulation in altered consciousness states of regression, conference presentation, 26310
reflexivity & unconsciousness & qualitative research, 25156
right vs left hemisphere intracarotid amobarbital procedure, level of consciousness & memory, patients with epilepsy, 21891
temporal lobe complex partial epileptic signs & paranormal beliefs & peak experiences, healthy 18–38 yr olds, 29431
the Buddhist 6-worlds model of consciousness and reality & the 12-fold chain of interdependent origination, 30068
trait factors & phenomenological state effects & hypnotizability, college students, 18025
tripartite model from application of B. J. Lonergan's analysis of human consciousness, spirituality as specialty within psychology, 22224
tripartite model from application of B. J. Lonergan's analysis of human consciousness, spirituality as specialty within psychology, commentary reply, 22225
tripartite model from application of B. J. Lonergan's analysis of human consciousness, spirituality as specialty within psychology, commentary, 22227
tripartite model from application of B. J. Lonergan's analysis of human consciousness, spirituality as specialty within psychology, commentary, 22222
use of body to forge inner world of hope in integrated mind/body selves & role of organized & executive part of consciousness, implications for Pesso Boyden System Psychomotor psychotherapy, 8794
use of Korsakoff's syndrome case in E. Claparede's early report on consciousness & memory & modes of recognition including remembering & inferring & knowing, 10722

Conservation (Concept)—Serials

age & perceptually minimal difference examples, liquid quantity equality-inequality relationship understanding, K–4th graders, 15201
conservation of liquid quantities, 6–8 yr olds vs orangutans, 2927
origins of problems & modern study of tasks & future directions of water-level task measuring spatial development, 25795
perceptual vs explit conditions of conservation task, 5–8 yr olds from working vs middle class, Brazil, 29820

Piagetian & neo-nativist accounts of development of object permanence & alternate view of failures of conservation & reversibility as representation of destructibility of objects, children, commentary, 7214
problems in Piagetian & neo-nativist accounts of development of object permanence & alternate view of failures of conservation & reversibility as representation of destructibility of objects, children, 7236
seriation & conservation & theory of mind abilities, autistic vs mentally retarded 13–35 yr olds, 19453
similarities in order of development of understanding of conservation concept, blind vs partially sighted vs sighted 4.4–17.1 yr olds, 16415
verbal rule vs feedback vs verbal rule & feedback conservation instruction, male vs female 4 yr olds, 33435
Conservation (Ecological Behavior)—Serials
attitudes & characteristics predictive of responsible environmental behavior, adults, Canada, 2399
austerity & materialistic & conservation beliefs, consumption & refuse practices, housewives, Mexico, 33818
characteristics & background & motives for working with animals, 16–73 yr old wildlife rehabilitation center volunteers, 5846
comparative feedback on energy saving, energy consumption behavior & beliefs, metallurgic plant employees, Netherlands, 17481
decision-making ability on issues of environmental waste, 13–14 yr old students, Netherlands, 28014
dispositional & situational & demographic predictors of reuse & recycling, housewives, Mexico, 2397
dispositional factors as predictors of conservation behavior & self-reports of re-use/recycling vs observation of conserved objects, housewives, Mexico, 43907
environmental attitudes & behavior, 11–16 yr olds from rural vs urban communities, Germany, 41688
environmental attitudes & interventions, solid waste recycling behavior, household residents participating in recycling programs, 2403
gender & environmental concern & beliefs, consumer behavior, middle class community residents, 33745
high vs low effort, environmental concern & proenvironmental behaviors, undergraduates, 24896
impact of human animal interaction activities in zoos on conservation missions of zoos & animal welfare & attitudes toward animals, 17480
influence of SES & demographics on environmentally responsible behaviors & examination of extent to which influence is mediated by social contextual factors, Canada, 40699
model of environmental attitudes & behavior, farmers, Austria, 2404
models of waste management behavior & factors that influence composting behavior, adults, 33820
nature as a cultural construct & templates of human–environmental interaction & an ethnography of mushroom collecting, 33816
perception of common fate between humans & animals, environmental attitudes & conservation, residents (mean age 52 yrs) living near wildlife refuge, application of dynamical systems theory of groups, 20872
pro-environmental habits & attitudes & beliefs about & choice criteria for purchasing products, change in purchasing habits, 20–70 yr olds, 33814
psychological & cultural & informational barriers to environmental sustainability, 2401
restraint in material consumption as evolutionary & culturally significant behavior, 24895
role of psychologists & social psychology in promoting pro-environmental behavior, 2402
table littering behavior, adults, implications for contextual research strategy, 37271
Conservatism—Serials
affiliation with conservative Protestant denominations, corporal punishment for children, parents, 22293
age related changes, conservatism, twins aged 9–75 yrs old & older, 30489
choice of books for introductory literature course & perceptions of liberal vs conservative ideology, college instructors with traditional vs revisionist views, implications for social conflict, 18862
cognitive structure of religious & moral opposition to pornography, conservative Protestants, 35046
conservative orientation & hopelessness & self esteem, college students, Hong Kong, 26145
Conservative Protestantism & corporal punishment & physical abuse of children by parents, 15409
content analysis of basal readers for androgynous vs traditional gender role orientation, educational implications, 33440
relation between conservatism & cognitive-complexity, 18–48 yr olds, 22533
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, 43726
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, commentary, 43728
Conservatism (Political) [See Political Conservatism]
Conservatorship [See Guardianship]
Consistency (Measurement)—Serials
ability of career maturity indicatory to predict interest score differentition & consistency & elevation, 17–28 yr old males vs females, 34079
factor structure & internal consistency of achievement motivation measure, adult employees, 40851
factor structure & internal consistency reliability of sleep & weight items, Seasonality Score Index of Seasonal Pattern Assessment Questionnaire, 17–67 yr olds, Iceland, 34017
feedforward & feedback consistency of spelling & phonology in French monosyllabic words, 15149
internal consistency & convergent validity & discriminant validity of DSM-IV Personality Disorder criteria, mental health professionals rating patients known to them, 35695
internal consistency of computer vs traditional administration of Rotter Incomplete Sentences Blank, measure of projective personality, college students, 25030
internal consistency of conventional vs computerized administration of German version of Eysenck Personality Questionnaire-Revised & Carroll Rating Scale for Depression, 18–54 yr olds, 20963
reliability & consistency of Children's Affective Lability Scale, normative vs hospitalized 6–16 yr olds, 28477
test-retest & interobserver reliability & internal consistency & concurrent validity & specificity & sensitivity of revised Ages & Stages Questionnaires, parents & caregivers of 4–48 mo olds, 33971
Consonants—Serials
acquisition of voice onset time & final-syllable vowel lengthening, 12–20 mo old English-speaking females, 9 mo study, implications for motoric & representation hypothesis, 34831
amplitude envelope expansion & simple attenuation, patterns of consonant confusions & recognition, college students with normal hearing, 14558
articulatory characteristics of lingual consonants involving tongue-tip gesture, native speaker of Castilian Spanish, 3311
consonant-vowel intensity ratio & suprathreshold VCVs, recognition of spectrally degraded speech, college students, 25211
correct consonant production experience, audiovisual speech perception task performance, 3–5 vs 21–29 yr olds, 38313
evaluation of sets of acoustic cues for perception of prevocalic stop consonants, college students, Netherlands, 17869
formant transition duration, ability to identify place of articulation of stop consonants, normal vs hearing impaired adults, 39597
fricative consonants produced in syllable initial position followed by vowel vs embedded in utterance with preceding voiced vs voiceless stop consonant, voicing characteristics, adults, 38238
fundamental frequency & perceptual space & category goodness, perception of /r/ & /l/, adults, 10665

hearing with vs without lip-reading, vowel & consonant intelligibility, French-speaking adults, 6266
initial vs medial vs final positions in utterance vs intonational vs intermediate phrases vs phonological word, articulation of consonants & vowels, adults, conference presentation, 38227
intuitive syllabification of Dutch disyllabic words relative to length of preceding vowel & lexical stress pattern & type of intervocalic consonant, 5 & 6 & 8 yr olds, Belgium, 25749
lexical familiarity, identification of word initial tokens of /r/ & /l/ in words vs minimal pairs, native English speakers vs Japanese with vs without English experience, 11261
linear predictive coding parameter manipulation & synthesis of misarticulated /r/, judgments of utterance correctness, 7.1–13.9 yr olds with phonological disorders & speech student & pathologist, 1477
locus equations as phonetic descriptors of consonantal place of articulation for consonants, 19–55 yr old males, replication, 7149
perception & imitation & identification & serial ordering of stop consonants, 6–10 yr olds with vs without expressive &/or receptive language impairment, 1479
perceptual weighting of acoustic properties relevant to fricative & vowel judgments in speech perception, 3 vs 4 vs 5 vs 7 yr olds vs adults, 38329
presence of internally structured perceptual categories in consonantal contrast, 3–4 mo olds, 11371
rationale & validity data for extensions of Percentage of Consonants Correct metric, 40795
rime & coda structure of final consonant clusters in English syllables, 6.3–10.1 yr olds, Australia, 22015
spectral smearing, phoneme & word recognition for CVC words, 25–40 yr olds, implications for speech perception difficulties of hearing impaired persons, 14553
speech samples with consonant & vowel & diphthong production, normal 2.6–3.4 yr olds vs 15.4–28.3 yr olds with Down's syndrome, 23201
voice onset time of word-initial stop consonants, 30–71 yr olds with ataxic syndromes due to cerebellar atrophy, 23359
vowel context & acoustic parameters, perceptual relationship & similarities between Korean vs English consonants in consonant-vowel syllables, 21–38 yr old Korean listeners, replication & extension, 25658
vowel vs consonant lexical processing in English spoken word recognition task, 18–35 yr olds, England, 21372

Constant Time Delay—Serials

auditory stream biasing through sequence of repeated tones & silent interval & short segregated tones, time delay & perception of coherent vs segregated tone streams, 19–30 yr olds, 21299
hyperbolic-decay model in prediction of choices & fixed delays & conditioned reinforcement, animals, 34380

Constipation—Serials

diagnosis of & treatment strategies for constipation in anorexic or bulimic patients, 31513
side effects of clozapine, constipation, 49 yr old patient with schizophrenia, case report, letter, 32396

Construct Validity—Serials

approaches to construct validation of scales from Rorschach method & development of Rorschach Rating Scale as criterion tool, adult raters, 10408
assessments for psychodynamic psychotherapy, psychotherapist, test of validity of computerized model of human classification, 27107
classification stability & construct validity of revised Learning Style Inventory, college students, 10 wk followup, 10405
clinical & polysomnographic validity of dysthymic & intermittent & subsyndromal depressions, 42246
conceptual similarity of general self-efficacy & self-esteem & ability of general self-efficacy measures to predict performance, 17–43 yr olds, 26277
concurrent & construct validity of MMPI Immaturity scale, measurement of ego development or maturation, adolescent psychiatric inpatients, 34011
concurrent & construct validity of Outcome Questionnaire, assessment of psychotherapy outcomes, community vs counseling center vs outpatient clinic vs inpatient unit samples with varying diagnoses, 37460
confounding effects of disgust vs construct validity of fear, high fear self-reports on Snake Anxiety Questionnaire vs discordant behavioral ratings & approach measures, female college students, 35668
construct & convergent & discriminative validity of Social Phobia & Anxiety Inventory for Children, 3rd–7th graders with social phobia, 2581
construct & discriminant validity of Attitudes Toward Women Scale vs Modern Sexism Scale, measurement of overt & covert & subtle sexism, male vs female European American college students, 20969
construct & factorial validity of Mattis Dementia Rating Scale, 38.7–93.8 yr olds with vs without probable Alzheimers disease vs mixed dementia, 2650
construct & factorial validity of Spatial Learning Ability Test scores, assessment of complex spatial processing, college students, 17567
construct validation approach to problems in competency evaluations, cognitively impaired elderly, 14321
construct validity & clinical utility of early memory dependency probe, psychiatric patients, 6029
construct validity & developmental appropriateness of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, urban African-American 4.0–5.3 yr olds in Head Start, 2516
construct validity & factor analysis of taxonomy of biographical & personality items, assessment of dependability & demeanor & ambition, job applicants, 2707
construct validity & factor stability of Motivated Strategies for Learning Questionnaire, course grade prediction & cognition & motivation & use of learning strategies, preservice teachers, 17704
construct validity & factor structure of K-ABC for Mental Processing & Achievement subtests, 6–12 yr olds vs standardization sample, Egypt, 17584
construct validity & factor structure of McCarthy Scales, assessment of cognitive ability, 7 yr olds, Spain, 5961
construct validity & factor structure of 9-word version of California Verbal Learning Test, patients with Alzheimer's disease vs ischemic vascular dementia, 114
construct validity & internal consistency of Japanese translated Beck Hopelessness Scale, 18–91 yr old community residents, Japan, 10428
construct validity & psychological & physiological symptomatology, negative symptom construct, implications for schizophrenia research, 30965
construct validity & reliability of Arabic translation of Self Description Questionnaire, assessment of self concept, 5th & 6th & 8th grade males vs females, U Arab Emirates, 40811
construct validity & reliability of brand personality scale, assessment of consumer attitudes toward brands, 18–24 yr olds, 40810
construct validity & reliability of the Multidimensional Diabetes Questionnaire, assessment of diabetes related cognitive & social factors, non-insulin-dependent diabetes mellitus patients, Canada, 34057
construct validity for language use measure as index of acculturation, Hispanic adolescents vs their parents, 14222
construct validity of Affective Continuance & Normative Commitment Scales, assessment of organizational commitment, adults, literature review, 14389
construct validity of Anger Expression Scale, female 18–22 yr olds, 40833
construct validity of assessment of coping dispositions, recently divorced mothers, 3958
construct validity of Beck Depression Inventory-II with regard to self reported depression & anxiety, 18+ yr old psychiatric patients, 28520
construct validity of Behavior Rating Scale of Bayley Scales of Infant Development-II, 1–5 vs 6–12 vs 13–42 mo olds with vs without disabilities, 10463

construct validity of Category Test as measure of reasoning vs intelligence, adults with heterogeneous cognitive dysfunction, 17646
construct validity of cognitive behavioral treatment interventions, intimate & social loneliness, 18–38 yr olds, 12838
construct validity of cognitive-experiential self theory & development of Rational Experiential Inventory, assessment of intuitive-experiential & analytical-rational thinking styles, college students, 2535
construct validity of Comprehensive Level of Consciousness Scale, patients with impaired consciousness (mean age 40.6 yrs), 10474
construct validity of cross-cultural adjustment questionnaire, international students & expatriates, Belgium & Taiwan & US, 10418
construct validity of Customer Service Questionnaire & predictors of good customer service as measured by NEO Personality Inventory, applicants for customer service jobs, 10548
construct validity of Defining Issues Test as Kohlberg moral judgement development stage preference approach vs Moral Judgment Test as stage consistency approach, 21015
construct validity of developmental assessment center dimension ratings based on job analysis, relationship to job performance ratings & personality correlates, public sector managers, 5756
construct validity of Ethical Issues Rating Scale, undergraduate business students, 28429
construct validity of Filial Anxiety Scale, measure of anxiety over becoming parental caretaker, adults, 10410
construct validity of Inventory of Interpersonal Problems, typology of interpersonal problems & perceptions of psychodynamic psychotherapy sessions, clients & therapists, 2598
construct validity of measure of ingratiatory behavior in organizational settings, supervisors & their superiors, 13943
construct validity of measures of differential deficit in concrete vs abstract social cue perception vs situational feature recognition, schizophrenic adults, 14295
construct validity of MMPI-2 Antisocial Practices Content Scale & comparison with Psychopathic Deviant Scale, college students, 2607
construct validity of Multidimensional Perfectionism Scale, assessment of obsessive compulsive tendencies, male college students, 43
construct validity of Organizational Commitment Questionnaire & Professional Commitment Questionnaire, chartered accountants, UK, 6113
construct validity of personal initiative measure, 18–65 yr old employees, East vs West Germany, longitudinal study, implications for organizational behavior, 34076
construct validity of Rahim Leader Power Inventory, assessment of bases of leader power, employees & college students, US vs South Korea vs Bangladesh, 21013
construct validity of root-mean-square error method, assessment of smooth pursuit eye tracking abnormalities, schizophrenic patients & their relatives, reanalysis, 7951
construct validity of Rorschach Oral Dependency Scale scores & level of intelligence, 16–69 yr old psychiatric inpatients, 25048
construct validity of Rosenberg Self Esteem Scale, 5th–8th graders, 49
construct validity of Structure of Giftedness Model, categories of intellectual ability vs original & creative thinking vs reactive talent, 7th–9th vs 10th–12th graders, 13887
construct validity of Structured Clinical Interview for DSM-III-R, diagnosis of substance abuse & comorbid psychiatric disorders, substance abusers, 17650
construct validity of Student Styles Questionnaire, assessment of temperament constructs, Hispanic- vs African- vs Anglo-American 8–10 vs 11–13 vs 14–17 yr old students, 125
construct validity of subscales of Structured Interview for Disorders of Extreme Stress, survivors of childhood sexual abuse with PTSD, 40912
construct validity of Survey of Recent Life Experiences & associations with social support & somatic complaints, assessment of daily hassles, 18–68 yr olds, Netherlands, 14260
construct validity of Trauma Symptom Checklist-40 in relation to childhood sexual abuse, female psychiatric inpatients, 6068
construction & validity & reliability of expectancy questionnaire to assess positive & negative outcome expectancies of risk-taking behavior, college students, 40825
content & construct validity & factor analysis of Quality of Life—Cancer Survivors Instrument, cancer survivors, 14360
content validity of revised DSM-IV criteria sets, narcissistic & borderline personality disorder diagnoses, patients (mean age 28 yrs) with axis-II disorder, 40859
convergent & discriminant construct validity of Dimensions of Interpersonal Orientation assessment kit, adolescents (mean age 13.5 yrs) & adults (mean age 27 yrs), Spain, 28454
convergent validity of Francis Scale of Attitudes toward Christianity with intrinsic & extrinsic religiosity, 17–39 yr olds, 28440
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25479
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience research, 25464
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25468
criterion validity of factor index scores of WISC-III, children (median age 11.6 yrs) with mild to severe traumatic head injury, experimental replication, 37433
cross cultural reliability & factorial validity of emotional social support measures, retail sales personnel, US vs Colombia vs Japan, 2709
cross cultural validity of Assessment of Motor & Process Skills, assessment of activities of daily living, 16–98 yr olds, US vs Sweden, 120
D. A. Kolb's experiential learning theory examined through psychometric analysis of Learning Style Questionnaire, managers, UK & Ireland, 10386
definition validity of partial eating disorders using the Eating Attitudes Test &/vs relevant criteria of the DSM-III-R, 11th- & 12th-grade female students, Israel, 40902
detection of dysphoria & postpartum-related affects, Beck Depression Inventory vs Edinburgh Postnatal Depression Scale, adult mothers at 2 & 6 mo postpartum, 26460
development & construct & test validity & internal consistency of Maternal Attachment Inventory, assessment of mother–infant attachment at 1 & 4 & 8 mo, mothers, 14273
development & construct validity & reliability & item refinement of Exercise Benefits/Barriers Scale, 18–88 yr olds, 5945
development & construct validity & reliability of Fear of Rape Scale, 16–59 yr old females, 14233
development & construct validity of Kuder Task Self-Efficacy Scale, assessment of career task self-efficacy, male vs female undergraduates, 34077
development & construct validity of models measuring children's purchase influence, 12–19 yr olds & their parents, Canada, 40805
development & construct validity of victim & society blaming scales, college students, 17610
development & factor analysis & construct validity & internal consistency of Childbirth Schema Scale, assessment of schema formation & revision with childbirth, childbearing females, 14277
development & reliability & construct validity & sensitivity of Amyotrophic Lateral Sclerosis Functional Rating Scale, assessment of activities of daily living, amyotrophic lateral sclerosis patients, 17685

development & reliability & validity of Enright Forgiveness Inventory, assessment & construct validity of interpersonal forgiveness, college students vs their same-sex parents, 2520
development & validation of Hostile Automatic Thoughts Scale measuring physical aggression & derogation & revenge, college students, 40848
development & validity & relevance of DSM-IV, school psychologists, 4008
development of instrument to measure social work practice skills, MSW interns (mean age 30.7 yrs), 37546
dimensionality & convergent & discriminant validity of Need for Closure Scale & relationship to other similar instruments, student samples & female shoppers, US & Canada, 33987
dimensions of sociotropy & autonomy & symptoms of psychopathology & construct validity of Personal Style Inventory, patients with depression, Canada, 35561
dimensions of stability & globality & internality for negative events for reliability & validity of measure of attributional style, 22–53 yr old sales associates, England, 30446
discriminant & construct validity of evaluative &/vs affective dimensions of academic self concept, 17–45 yr olds, Northern Ireland, 20595
discriminant validity of Inventory to Diagnose Depression, major depression &/vs anxiety disorder patients, 40905
discriminatory power & reliability & construct & convergent validity of mental health dimension of SF-36 vs 12-item General Health Questionnaire, 16–64 yr olds, England, 28575
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary, 29918
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, 29817
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary reply, 29923
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary, 29901
DST validation of descriptive affective disorder subclassifications & contributions of symptom severity to test status, patients with depression & bipolar disorder, 22791
factor analysis & cross cultural construct validation of Learning Process Questionnaire & learning models, 8–15 yr olds, 6 countries, 6111
factor analysis & discriminant validity between scores on distributive justice scale vs Pay Satisfaction Questionnaire, banking & engineering & management personnel, 10546
factor analysis of dimensions of Counselor Rating Form vs Counseling Evaluation Inventory, 19–48 yr old students, Canada, 24985
factor structure & construct validity of scores on short vs long form of Bem Sex Role Inventory, college students, 17598
factor structure & construct validity of Multidimensional Self Concept Scale, White vs Hispanic 5th & 8th & 12th grade students, 37537
factor structure & construct validity of MGQ multidimensional questionnaire, assessment of experience of & satisfaction with mammography, patients, Norway, 28574
factor structure & construct validity of Scale for Assessment of Negative Symptoms, patients with schizophrenia or schizoaffective or schizophreniform disorder, 2627
factor structure & validity of negative affectivity scale, management students & managers, 10398
factorial structure & construct validity of the Work Autonomy Scale, Australian manufacture employees, 37547
factors affecting validity of self report data on visual fatigue from VDT use, 5839
feasibility & value of empirical technique for assessing content & construct validity of self-assessment instrument of foreign language skills, educational placement, college students, 6100
five-factor approach to construct validity of Team Role Self-Perception Inventory & Observer's Assessment, assessment of types of team members & use as parallel forms, managers, 21142
Functional Assessment Measure ratings of comprehension & problem solving & orientation & attention vs results from standard neuropsychological tests, 16–73 yr olds with brain injury, 37509
GPAs & construct validity of Western process models of time management, Shona student teachers, Zimbabwe, 15437
improvement of consistency of usage of human reliability assessment techniques THERP & HEART & JHEDI, adults, 17558
internal & external construct validity of Sternberg Triangular Love Scale, intimacy & passion & decision-commitment components of love, 18–71 yr olds, 33994
internal consistency & construct validity & factor structure & revision of Life Skills Development Scale—Adolescent Form & subscales, assessment of general life skills, 17–19 yr olds, 14242
internal consistency & construct validity & test-retest reliability of York Enviousness Scale, assessment of envious personality & relationship to psychopathology, male vs female 18–53 yr olds, 5978
internal consistency & construct validity of Professional Self-Esteem of Physicians Scale & associations with job & life satisfaction & burnout, physicians, Israel, 28602
internal consistency & discriminant validity of Bem Sex Role Inventory, assessment of sex role orientation, 18–65 yr old heterosexual vs gay males, 14258
internal consistency reliability & construct validity of Dimensions of Self Concept Scale Form W, nurses, 28457
internal reliability & construct validity of Internalized Shame Scale, healthy adults & drug dependent clients, 6057
interrater reliability & structure & construct validity of McGill Object Relations Scale, maturity of object relations, adult patients (mean age 33 yrs) seeking psychoanalytic psychotherapy, Canada, 21047
issues in validity of static intelligence tests vs alternative measures of learning ability in determination of "zone of proximal development", 35
item response theory appropriateness measurement, detection of faking on personality instrument, respondents, 164
multitrait-multimethod construct validity of measures of team process, military air crewmen, 14390
null vs 1 vs 2 vs 4 factor model of Beck Anxiety Inventory & other psychometric properties, college students, 17613
number of distinguishable dimension categories, assessment center construct validity of promotion decisions, psychologists vs senior managers, 28182
operationalization & assessment of patient's psychological mindedness, implications for process & outcome of psychotherapy & psychoanalytically oriented therapy, 10453
prevalence of pathological & problem gambling & construct validity of South Oaks Gambling Screen, 18 yr olds & older, 1991 survey, New Zealand, 4226
psychometric properties & construct validity of Criminal Sentiments Scale-Modified & Pride in Delinquency scale, measurement of criminal attitudes, 19–59 yr old incarcerated male offenders, Canada, 28455
psychometric properties & construct validity of Quality of Relationships Inventory, interpersonal context of social support, college students & parents, 33962
psychometric properties & discriminant validity of Automatic Thoughts Questionnaire—Positive, assessment of anxiety & depression, 11–18 yr old depressed vs nondepressed inpatients, 10446
psychometric properties of Computer Attitude Scale, graduate students, 2485
psychometric quality of the Interpersonal Relationship Inventory, research review, 24991
qualitative analysis of school attachment construct & interaction with & perceived support from peers & teachers, 9th–11th graders with low school attachment scores, 9955
Rasch model of measurement, construct validity of Sensory Integration & Praxis Test of developmental dyspraxia, 4–20 yr olds, US & Canada, 10447

relation between anxiety & depression, 11–18 yr olds, Australia, implications for construct of negative affectivity, 35455
reliability & construct validity of AIDS victim blaming scales, college students, 2666
reliability & construct validity of Codependency Assessment Questionnaire, young adult children of alcoholics, 14304
reliability & construct validity of Counselor Self Efficacy Scale, assessment of counselor development, graduate students & counseling psychologists, 2706
reliability & construct validity of End User Computing Satisfaction Instrument, adults, 2479
reliability & construct validity of Learned Helplessness Scale, learned helplessness in relation to drug abuse treatment retention & outcome, cocaine addicts, 2631
reliability & content & concurrent & construct validity of the Social Change Attitude Scale, adults, India, 14223
reliability & content & concurrent & construct validity of American Cultural Literacy Test, assessment of common knowledge of national culture, high school vs college students, 17562
reliability & face & construct & factorial validity of Index of Attitudes Toward Homosexuality, 17+ yr old university students, Australia, 14275
reliability & factor structure & construct validity of Multidimensional Perfectionism Scale, college students in mixed sex vs all female groups from academically typical vs elite universities, 2557
reliability & validity & value of psychological testing, assessment of aptitude, airline pilots, Europe, 6118
reliability & validity of Occupational Crisis Scale, identification of dead end job/career crisis situations, employees & college students & ex-vocational counseling clients, Finland, 1 yr follow-up, 2705
reliability & validity of 3-Dimensional Personality Test vs Eysenck Personality Questionnaire Psychoticism scale, 20–59 yr olds, Netherlands, commentary reply, 64
reliability of endogenous concept based on TSH & DST responses & percentage of time awake during night, patients with endogenous vs nonendogenous major depression, 15917
scores on sense of coherence & neuroticism measures, 18–65 yr olds, Scotland, 2540
sex & age & construct validity of Rosenberg Self-Esteem Scale, 12–19 yr old high school students, Canada, implications for utility of self-esteem measures in school counseling, 28110
sex, structure of positive & negative automatic cognitions & validity of multidimensional models of Negative & Positive Automatic Thoughts Questionnaires, 17–23 yr old undergraduates, 33976
skewed latent variable & manifest indicators, robustness of MAMBAC taxometric analysis procedure, 2712
stress reactions & perception of social support, psychological & physical well-being & absenteeism, 33–60 yr old bank directors, Netherlands, test of organizational stress model, 17267
structure & construct validity of Therapist Session Intentions, therapist's intentions of cognitive behavioral or psychodynamic interpersonal therapy, 22–61 yr old therapists, 17672
symptom positive & negative item modes, construct validity of Self-Rating Depression Scale, inpatients with unipolar depression (mean age 46.2 yrs), Belgium, 25069
taxometric analysis of dimensional & typological constructs of Dissociative Experiences Scale, adults with multiple personality disorder, 103
test reliability & construct validity of Black Racial Identity Attitude Scale & White Racial Identity Attitude Scale, racial/ethnic identity & global self concept & esteem, college students, 50
the P vs N2 index of the Defining Issues Test as a measure of the relative importance testtakers' give to principled moral considerations in making a moral decision, 40843
unidimensional construct of cocaine dependence as measured by DSM-IV, Black vs Mexican American vs White males in substance abuse treatment, 4353
use of valence or arousal content of self-referent statements, development & validation Velten-like serenity & anxiety mood inductions, adults, 35354
validation of structure of hierarchical model of social self concept, preadolscents vs early vs late adolescents, 3413
validation of THERP & HEART & JHEDI human reliability assessment techniques, adults, 17559
validation process for THERP & HEART & JHEDI human reliability assessment techniques, 14205
validity & variability of results of pharmacological experiments using elevated plus maze, animals, implications for animal model of anxiety, 15045
validity of & correlation between scores on job satisfaction & organizational commitment questionnaires, 26–35 yr old employees, United Arab Emirates, 2700
validity of animal models of addiction & drug self-administration, 42548
validity of cerebellar motor learning hypothesis & view of long term Purkinje cell activity depression as mechanism behind cerebellar motor learning, 37981
validity of cognitive constructs from Cattell-Horn's Gf-Gc Model, prediction of achievement based on comprehension-knowledge & fluid reasoning & processing speed, 1st–8th & 10th graders, 2688
validity of Conflict Resolution Model, agreements in implementation of integrative conflict resolution process, adults in trained-trained vs trained-untrained vs untrained-untrained dyads, 22421
validity of construct of managerial self-awareness, high-performing vs average-performing managers, 24742
validity of DSM-III-R category & hospital process variables, patients (mean age 49.1 yrs) with dementias vs substance induced vs Axis III related & mixed organic mental disorders, 39558
validity of DSM personality disorder clusters by clinicians' ratings, 18–80 yr old patients with Axis II diagnosis, 35694
validity of job insecurity scale construct & its effect on work attitudes, unionized vs personal contract teachers vs unionized kibbutz members vs hirees, Israel, 10553
validity of locus of control construct, research & clinical implications, 10390
validity of masculine gender role stress construct & negative psychological adjustment, male vs female college students, 3677
validity of model of user satisfaction with buildings & their environment as workplaces, 18–58 yr olds, Spain, 37264
validity of need saliency model for work & family satisfaction & involvement, adults, India, 2310
validity of Paced Auditory Serial Addition Test, neuropsychological assessment of attention & concentration & information processing speed, adults with possible closed head injury, 21116
validity of R. A. Embree's personal beliefs scale model for hypothesis testing, commentary, 2470
validity of RIASEC model of vocational personalities & Five Factor model, assessment of individual differences & prediction of educational achievement, college students (mean age 23.4 yrs), 17603
validity of self-reported exposure to traffic, 3–14 yr olds, Australia, 10425
validity of the definitions of alcohol dependence & abuse of the DSM-IV, adults (aged 20–65 yrs) at higher than average risk for alcohol problems & alcohol use disorders, 31310

Constructionism [See Constructivism]

Constructivism—Serials

application of social constructionist theory to family medicine, 32662
case formulation & treatment planning using constructivist & systemic therapies & brief therapy, 24 yr old male, case report, commentary, 32063
